Summary of Previous State Board of Education Discussion and Action:

Waivers of this type normally go to the State Board of Education Consent Calendar, as there is statutory basis for the approval recommendation.

Summary of Key Issue(s):

The California Education Code (EC) Section 49550 states that each needy child that attends a public school be provided a nutritionally adequate free or reduced-price meal every school day. The following districts have requested a waiver of EC Section 49550 for Summer 2003. EC Section 49548 allows a waiver of EC Section 49550 during summer school if the district seeking the waiver has met at least two of the following four criteria:

- a) The summer school session is less than four hours duration and is completed by noon;
- b) Less than ten percent of needy pupils attending the summer session are at the school site for more than three hours per day;
- c) A Summer Food Service Program site is available within the school attendance area;
- d) Serving meals during the summer school session would result in a financial loss to the school district in an amount equal to one-third of the food service net cash resources or, if those cash resources are nonexistent, an amount equivalent to one month's operating cost.
