SUMMARY OF PREVIOUS STATE BOARD OF EDUCATION DISCUSSION AND ACTION

Waivers of this type normally go to the State Board of Education Action Calendar, as there is a statutory basis for the denial recommendation.

SUMMARY OF KEY ISSUES

Education Code (EC) Section 49550 states that each needy child who attends a public school must be provided a nutritionally adequate free or reduced-price meal every school day. This district has requested a waiver of EC Section 49550 for the summer of 2004, and has certified their compliance with all required conditions necessary to obtain a waiver.

EC Section 49548 allows a waiver of EC Section 49550 during summer school if the district seeking the waiver has met at least two of the following four criteria:

Criteria One:

The summer school session is of less than four hours duration and is completed by noon, allowing pupils to go home during the lunch period.

Criteria Two:

Less than 10 percent of needy pupils attending the summer school session are at the schoolsite for more than three hours per day.

Criteria Three:

A Summer Food Service Program for Children site is available within the school attendance area.

Criteria Four:

Serving meals during the summer school session would result in a financial loss to the school district, documented by the district, in an amount equal to one-third of the food service net cash resources or, if those cash resources are nonexistent, an amount equivalent to one month's operating costs.

In order for a district to be approved, it must meet two of the four required criteria at each site requesting a waiver. This district **does not meet any of the four criteria** at its requested site:

- Although this district's summer school session is over by noon, it is not less than four hours long.
- All children remain on-site for more than three hours;
- There is no Summer Food Service Program for children within the attendance area of the school sites; and
- Although the district indicates it will suffer a financial loss of one-third of the cafeteria fund balance, it did not provide supporting documentation.

On March 17, 2004, San Lorenzo Valley School District's waiver was received and reviewed by the California Department of Education (CDE). During the review process, it was noted that the district met none of the criteria. CDE staff contacted Ms. Vera Chesnut, Child Nutrition Services Manager for the San Lorenzo Valley School District and explained the waiver process and how each criteria was not being met. CDE staff followed up on several occasions with e-mail messages requesting a corrected waiver and the supporting documentation for each criteria the district believed it met. Ms. Chesnut was given a final deadline of March 24, 2004 to file a corrected waiver. NSD has not received any additional information from the district.

Authority for the Waiver: *Education Code (EC) Section 49548.*

FISCAL ANALYSIS (AS APPROPRIATE)

For programs operating a summer school program in previous years, denial of the waiver will not impact the draw on Proposition 98 funds or local finances.
