3. It does not describe how parents are informed of *their due process rights in regards to suspension and expulsion.*
4. It fails to *demonstrate an understanding of the rights of pupils with disabilities in...regard to suspension and expulsion.* The petition references the Individuals with Disabilities Act (IDEA) and Section 504 but does not differentiate between them regarding the procedures to be used for suspension and expulsion. The petition discusses Manifestation Determination; however, there is no mention of how WAYS deals with pupils when the behavior is associated with the disability, or ensure the pupil is in the appropriate program/services. There is no mention of how WAYS deals with a student with disabilities who begins displaying negative behaviors, of calling an IEP Team meeting and writing a Behavior Support Plan, or deals with suspensions (cumulative) of over 10 days.

Element 11: STRS, PERS, and Social Security. *Reasonably comprehensive with specific omission*

The petition does not state *the staff who will be responsible for ensuring that appropriate arrangements for coverage have been made* as required under *CCR, Title 5, § 11967.5.1(f)(11).*

Element 12: Public School Attendance Alternatives. *Not reasonably comprehensive*

The petition fails to meet the requirements of *CCR, Title 5, § 11967.5.1(f)(12)* as it does not *specify that the parent/guardian of each pupil enrolled in the charter shall be informed that the pupil has no right to admission in a particular school of any local education agency as a consequence of enrollment in the charter school, except to the extent that such a right is extended by the local education agency.*

Element 13: Post-Employment Rights of Employees. *Reasonably comprehensive*

Element 14: Dispute Resolution Procedures. *Not reasonably comprehensive*

The petition fails to meet the minimum requirements of *CCR, Title 5, § 11967.5.1(f)(14)* as follows:

Report on the Wisdom Academy for Young Scientists Charter

1. Provides an unacceptable description of how the costs of the dispute resolution process would be funded. LACOE cannot agree to the provision, "Any party who fails or refuses to submit to arbitration shall bear all costs and expenses incurred by such other party in compelling arbitration of any controversy, claim or dispute."
2. It fails to recognize that if the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with EC § 47607, the matter will be addressed at the County Board's discretion in accordance with that provision of law and any regulations pertaining thereto.
 - A. While the petition states that "any controversy or claim... except [one] that is in any way related to revocation of this Charter must be put in writing," the language does not unequivocally exempt any issue related to revocation from first having to go through Element 14 (Dispute Resolution).
 - B. The Dispute Resolution element provides for unreasonable timelines. For instance, mediation must occur within 120 days to four (4) months after the Issues Conference and there is no timeline within which arbitration, the final step, must occur.

Element 15: Exclusive Public Employer. Reasonably comprehensive

Element 16: Closure Procedures. Reasonably comprehensive with specific deficiencies

The petition fails to meet the requirements as defined by CCR, Title 5, § 11962 as follows:

1. It does not comply with the requirement for transfer and maintenance of personnel records in accordance with applicable law or state how the school will return any donated materials and property if closed.
2. Closure procedures reflect the LAUSD Board of Education as the authorizer; the petitioner did not submit necessary changes to reflect the County Board as the potential authorizer. This is of particular importance with regard to special education as WAYS currently operates as a school of the district for special education services and would be a Local Education Agency (LEA) if authorized by the County Board.

Finding 6: The petition does not satisfy all of the Required Assurances of Education Code section 47605(c), (e) through (j), (l), and (m) as follows:

Standards, Assessments and Parent Consultation. Does not meet the condition

The petition does not provide evidence required by EC § 47605(c) that charter schools:

1. Meet all statewide standards and conduct the pupil assessments required pursuant to EC § 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools. It fails to meet this condition due to its stated use of outdated tests and failure to specify correct procedures for students with special needs.
2. The school shall, on a regular basis, consult with their parents and teachers regarding the school's educational programs. It fails to meet the condition as there is no indication that WAYS provides a method for parents of English learners to provide input on programs specific to English learners and there is no mention of how parents of students with disabilities will be informed about the school's educational program.

Effect on the Authorizer and Financial Projections. Does not provide the necessary evidence

Report on the Wisdom Academy for Young Scientists Charter

EC § 47605(g) requires the petition to provide information regarding the proposed operation and potential effects of the school on the authorizer. Requirements regarding the budget and facilities currently under lease were met. Concerns are as follows:

1. The petition does not provide evidence that there are no potential civil liability effects. Due to the Conflict of Interest issues raised by LAUSD and WAYS' failure to resolve those conflicts, there are concerns with the potential liability effects that authorizing the charter may bring to the County Board if the charter is authorized and the conflicts continue or recur.
2. While the current budget and projections for the next two years seem reasonable, the cost of facilities is unknown as the current lease expires in June 2011. The budget reflects an increase to lease expenses for expansion, based on current expenditures; however, if the school were to remain at the current site, it is unknown whether the holding company might raise the rate for the current sites, which would impact the out-year budgets.

Teacher Credentialing Requirement. Does not meet the condition

EC § 47605(i) requires that *teachers in charter schools shall be required to hold a CCTC certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold...It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, non-college preparatory courses.* The petition fails to meet the condition because there is no mention of the type of credential a teacher would need to teach students with disabilities and teacher qualifications limited to *SB 2042* credentials as reported under Element 5.

Item VI. Reports / Study Topics

Report on the *Wisdom Academy for Young Scientists Charter School* status of the June 7, 2011 conditions of renewal established by the County Board

On June 7, 2011, the County Board took action to grant renewal for Wisdom Academy for Young Scientists (WAYS) subject to specified conditions. The conditions of the County Board and WAYS' status on fulfilling those conditions are summarized below.

Make changes to the petition to reflect the County Board as the authorizer by June 30, 2011. (Required by <i>California Code of Regulations</i> , Title 5 § 11967)	Not met
WAYS' Board to approve and sign LACOE Monitoring and Oversight Memorandum of Understanding (MOU) by June 30, 2011.	WAYS' Board approved and signed MOU; however, the school has not complied with specific monitoring and oversight requirements.
Make an application to a Special Education Local Plan Area (SELPA) by June 30, 2011.	Met
WAYS' former Executive Director was not to be "employed by or at the charter school until such time, if any, that the allegations of conflict of interest be resolved fully in her favor."	WAYS' former Executive Director has not been employed by the charter. However, she has been involved in the school's day-to-day operations and governing board activities, and she attended a conference after her employment ended for which expenses were charged to WAYS. Allegations of Conflict of Interest that existed June 7, 2011, have not been resolved.
WAYS was to comply with all California Conflict of Interest Laws.	Unclear if the condition was met. WAYS did not provide requested information needed to determine if condition was met.
WAYS was to contract with Michael Cureton as its Executive Director for two (2) years.	WAYS contracted with Mr. Cureton for two (2) years; however, he abruptly resigned effective October 1, 2011, citing interference from the former Executive Director and

	Director of Operations as reason.
If any changes to Governance or Conflict of Interest were not permanent, it would be grounds for revocation.	Unclear if the condition was met. WAYS did not provide requested information needed to determine if condition was met.

Additional Concerns

- (1) WAYS failed to meet or pursue student outcomes identified in the charter (*EC 47607(c)(2)*); its 2011 Growth Academic Performance Index (API) score declined 143 points over the preceding year.
- (2) WAYS failed to respond to reasonable requests from authorizer for fiscal information pertaining to the school's internal controls and fiscal operations (*EC 47604.3*).
- (3) LACOE received complaints against WAYS, its governing board, and the former Executive Director by a parent, school employees, and former members of the WAYS' Board. Based on allegations identified in the complaints, the County Superintendent of Schools opened an investigation pursuant to *EC 47604.4*. The complaints allege WAYS engaged in fiscal mismanagement, the board did not fulfill its fiduciary responsibility or duty of care, conflicts of interest exist, and the school failed to implement the academic program stated in the charter. WAYS failed to cooperate with the County Superintendent of Schools investigation.

Background

WAYS is a K-5 school comprised of three (3) sites located within the geographic boundaries of the Los Angeles Unified School District (LAUSD). Current enrollment is 488 students.

The County Board received the renewal petition as an appeal after denial by the LAUSD Board of Education. LAUSD had denied the petition based on the following findings:

- (1) *EC 47605(b)(2)* The petitioners were demonstrably unlikely to successfully implement the program. Specific concerns regarding the WAYS Board included:

Board Meeting – May 1, 2012
Report on the *Wisdom Academy for Young Scientists Charter School*
- 3 -

- Allowing self-dealing transactions to transpire, even though the charter agreed to comply with LAUSD's charter school policies and regulations regarding Conflict of Interest;
 - Failing to resolve Conflict of Interest issues and only minimally attempting to do so;
 - Being minimally responsive to staff communications and acting in a manner inconsistent with its fiduciary responsibility, calling into question its capacity to govern and successfully implement the program; and
 - Unfamiliarity with the content of the petition and/or requirements of law including the *Brown Act*.
- (2) EC 47605(b)(5) The petition failed to provide a reasonably comprehensive description of 12 of the 16 required elements.

Report on the *Wisdom Academy for Young Scientists Charter School Status*
of the June 7, 2011 Conditions of Renewal Established by the County Board

Background

Wisdom Academy for Young Scientists Charter School (WAYS) is located within the geographic boundaries of the Los Angeles Unified School District (LAUSD). The school has three (3) sites; one was approved by the Los Angeles County Board of Education (County Board) as a Material Revision to the Charter on August 9, 2011. WAYS currently has an enrollment of 488 students (CALPADS Spring 1 Certification, April 2, 2011).

The County Board took action to renew WAYS subject to specific conditions. The renewal petition was received by the County Board on appeal after it was denied by the LAUSD Board of Education based on the following findings:

EC 47605(b)(2) The petitioners are demonstrably unlikely to successfully implement the program:

Conflict of interest concerns exist pertaining to members of the WAYS Board of Directors and the WAYS Executive Director and Principal.... the WAYS Board... was minimally responsive to staff communications.... LAUSD considered the governing board's lack of independent and effective response to the Notice of Concern to be inconsistent with its fiduciary responsibility...which called into question the Board's capacity to govern the Charter School and successfully implement the program set forth in the petition. The WAYS Board failed to resolve the Conflict of Interest issues and only minimally attempted to do so....

The WAYS governing board is unfamiliar with the content of the petition and/or requirements of law... [including] whether the Board is familiar with and complies with the requirements of the Brown Act. Additionally, the Board allowed self-dealing transactions to transpire, even though the Board in the charter agreed to comply with LAUSD's charter school policies and regulations regarding Conflict of Interest.

EC 47605(b)(5) The petition fails to provide a reasonably comprehensive description of 12 of the 16 required elements: The Educational Program, Method for Measuring Pupil Progress, Governance Structure, Health and Safety Procedures, Means for Achieving a Racial and Ethnic Balance, Admission Requirements, Submission of Independent Audit, Suspension and Expulsion Procedures, Identification of Retirement Systems, Public School Alternatives, Dispute Resolution, Closure Procedures.

Action to Grant Renewal by the County Board was Subject to Conditions

The June 7, 2011 action to grant renewal was subject to the following conditions:

1. WAYS was to make changes to the petition to reflect County Board as the authorizer as required by the *California Code of Regulations*, Title 5 section 11967 by June 30, 2011;

2. WAYS' Board was to approve and sign the LACOE Monitoring and Oversight Memorandum of Understanding (MOU) by June 30, 2011;
3. WAYS was to make application to a Special Education Local Plan Area (SELPA) by June 30, 2011;
4. WAYS' former Executive Director was not to be "employed by or at the charter school until such time, if any, that the allegations of conflict of interest be resolved fully in her favor;"
5. WAYS was to comply with all California Conflict of Interest Laws;
6. WAYS was to contract with Michael Cureton as its Executive Director for two (2) years; and
7. If any changes to Governance or Conflict of Interest were not permanent, it would be grounds for revocation.

Status of Compliance with County Board Conditions of Renewal

To date, the school's status on fulfilling the conditions of renewal is as follows:

1. WAYS did not make changes to the petition to reflect County Board as the authorizer. Events relevant to the school's failure to comply with the conditions of renewal are as follows:
 - a. June 2011, WAYS began the revision process under the direction of Executive Director Michael Cureton; LACOE received a draft of proposed changes on August 21, 2011.
 - b. September 15, 2011, Mr. Cureton tendered his resignation effective October 1, 2011. He notified LACOE that Ms. Watson, school principal, would continue to lead the revision process until a new Executive Director is named.
 - c. October 14, 2011, WAYS Board Member, Edward Cabil resigned from the WAYS Board and is appointed interim Executive Director.
 - d. October 21, 2011, WAYS submitted a second revision of proposed charter changes to LACOE.
 - e. November 17, 2011, WAYS' attorney notified LACOE that the charter agreement is "fully authorized" and there "can be no other terms or conditions imposed by staff." The school rescinded previously submitted changes and invoked Dispute Resolution on the requirement to make changes. (November 11, 2011, WAYS Board named Mr. Cabil permanent Executive Director.)
 - f. December 21, 2011, LACOE responded to WAYS stating (1) the County Board has the authority to impose conditions of authorization; (2) WAYS' Board agreed to the changes reflecting the County Board as authorizer by signing the MOU (necessary changes were specified in the MOU as Attachment F); and (3) invoking Dispute Resolution regarding WAYS' unauthorized changes to the petition.
 - g. January 26, 2012, LACOE received a letter from WAYS dated *December 11, 2012*, which (1) disputed LACOE's ability to impose conditions for authorization; and (2) failed to respond to LACOE's request for an Issues Conference.
 - h. February 2, 2012, LACOE invited WAYS to an Issues Conference to discuss "whether the County Board may, as a condition of authorization, require changes to the charter necessary to reflect the County Board as the authorizer."

- i. February 6, 2012, WAYS sent LACOE a letter stating the purpose of the Issues Conference had not been identified. The letter states, "It is our position (as should be yours) that the WAYS charter document speaks for itself, as does the County Board's action approving the charter."
2. WAYS' Board approved and signed the LACOE MOU; however, the school has not complied with specific monitoring and oversight requirements of the MOU including:
 - a. Monthly attendance reports are not adequately reviewed by WAYS prior to submission, resulting in LACOE staff spending more than 131 hours through March overseeing WAYS attendance reports as compared to the average 29 hours spent for other charter schools authorized by the County Board. Additionally, reports were submitted as late as three (3) weeks past the due date and/or without required student exit reports.
 - b. School contact and student information lists are not submitted timely or accurately resulting in LACOE's inability to (1) determine resident schools, which is necessary for comparing the school's academic performance; and (2) contact families in the event of an emergency. Late and inaccurate submission results in a disproportionate amount of LACOE staff time being needed for monitoring and oversight as compared to other charters authorized by the County Board.
 - c. WAYS' Board agendas, minutes, meeting schedules, membership updates, and recordings are not submitted timely and complete. LACOE has conferenced with the school and provided written notice of *Brown Act* violations.
3. WAYS made application to and was accepted by the LACOE Charter SELPA.
4. WAYS' former Executive Director has not been employed by the charter as the Executive Director; however, she has been at the school, involved in its day-to-day operations and governing board activities, and attended a conference after her employment ended for which expenses were charged to WAYS. Allegations of Conflict of Interest that existed June 7, 2011, have not been resolved. See *Additional Concerns*, below.
5. It is unclear whether WAYS has complied with all California Conflict of Interest Laws. See *Additional Concerns*, below.
6. WAYS contracted with Mr. Cureton as its Executive Director for two (2) years; however, Mr. Cureton precipitously resigned after less than three (3) months, citing interference by the former Executive Director and her son. See *Additional Concerns*, below.
7. It is unclear whether changes to the governance structure or Conflict of Interest required by the County Board have been permanent. See *Additional Concerns*, below.

Additional Concerns

1. WAYS failed to meet or pursue student outcomes identified in the charter (*EC 47607(c)(2)*):
 - a. The California Department of Education (CDE) reported that in 2010-11, WAYS' Growth Annual Performance Index (API) declined 143 points from 2009-10.
2. WAYS has not been responsive to reasonable requests from the authorizer for fiscal information

pertaining to the school's internal controls and fiscal operations (*EC 47604.3*).

- a. Based on a review of credit card statements (supporting documents not available for review), and inquiries to WAYS' management and back-office services provider, WAYS exhibits a lack of internal control and oversight over credit card usage. For example, WAYS made credit card payments prior to obtaining receipts and verifying the validity of the charges, which is contrary to its fiscal policies and procedures.
 - b. Controller's Office staff was scheduled to visit WAYS' back-office services provider on November 18, 2011, to make further inquiries and review documentation, but the visit was objected to and cancelled by WAYS. Subsequently, on January 10, 2012, staff met with WAYS Executive Director and Director of Operations to discuss LACOE's concerns regarding WAYS' internal controls. WAYS' Executive Director acknowledged weaknesses exist.
3. LACOE received verbal and written complaints against WAYS, its governing board, and the former Executive Director by a parent, staff, and former members of WAYS' Board. Based on allegations identified in the complaints, the County Superintendent of Schools opened an investigation pursuant to *EC 47604.4*¹. The complaints allege WAYS engaged in fiscal mismanagement, the Board did not fulfill its fiduciary responsibility or duty of care, there were ongoing conflicts of interest, and the school failed to implement the academic program stated in the charter. Evidence supporting the various allegations includes but is not limited to the following:
- a. The former Executive Director interfered with governing board's ability to fulfill its responsibility to oversee the governance of the school.
 - i. Five (5) of WAYS' nine (9) Board members, in office at the time of County Board action, resigned between September 19 and October 20, 2011. The letters of resignation indicate concerns regarding conflict of interest, on-going Board resignations, dissention, the former Executive Director's verbal abuse of Board members, and the precipitous resignation of Mr. Cureton.
 - ii. The former Executive Director failed to comply with the WAYS Board request to remove herself as a signatory on school accounts until after October 28, 2011.
 - iii. Multiple complaints that the former Executive Director was present at and refused to be unseated from the board table at the September 16, 2011 board meeting. The agenda for this meeting included discussion of moving the school to facilities not owned by the former Executive Director. The meeting was disbanded due to unruly behavior by individuals supporting continued use of the former Executive Director's facilities.
 - iv. At the September 22, 2011 special Board meeting, LACOE staff observed that the former Executive Director was seated at the Board table, held private conversations with one Board member during the course of the meeting, and called an absent Board

¹47604.4(a) In addition to the authority granted by Sections 1241.5 and 47604.3, a county superintendent of schools may, based upon written complaints by parents or other information that justifies the investigation, monitor the operations of a charter school located within that county and conduct an investigation into the operations of that charter school.

member to ask if they were coming to the meeting. The meeting was disbanded due to lack of a quorum.

- b. The former Executive Director interfered with the day to day operations of the school.
- i. In July 2011, the former Executive Director represented WAYS in a Department of Labor Relations Division of Labor Standard Enforcement Hearing as reported by the filing party.
 - ii. On August 30, 2011, LACOE staff observed the presence of the former Executive Director at a WAYS' professional development day including her access to confidential student level data. LACOE also obtained written evidence, corroborated by Mr. Cureton, that she had addressed the staff using materials identifying her as the "Chief Executive Officer of Wisdom Academy."
 - iii. On September 30, 2011, Mr. Cureton sent an email stating, "I will resign my position as Executive Director at Wisdom Academy for Young Scientists Charter School on October 1, 2011, because I am being constantly harass[ed] by the founder/former executive director and her son."
- c. WAYS has not implemented the academic program described in the charter.
- i. WAYS has not provided the science-centered curriculum stated in Element 1 of the charter. The petition states WAYS' mission as follows:

The mission consists of three main concepts: Empowering students to be leaders, through high quality education that is anchored in the California State Standards, enabling them to become true scientists who are global citizens as evidenced by their participation in a rigorous content rich science program and expecting them to be leaders who will act as change agents in their local community. (Emphasis added)

As part of WAYS' renewal application to LAUSD, the district asked the question, "What innovative elements of your charter could be considered best practices and replicated by other schools?" WAYS' response, in part, was its "Science Centered curriculum."

- A. The 2010-11 California Standards Test (CST) for science (administered at fifth grade) indicates only 33% of students scored proficient or above in science. In the previous year, 81% of students scored proficient or above.
- B. Observation by LACOE staff during October 19, 2011, and February 22, 2012, site visits is that the science kits named in the charter are not being utilized and are not present in classrooms. WAYS staff verbally confirmed this observation.
- C. The complaint that textbooks are out of date is corroborated by statements made by WAYS staff that the school is in need of textbooks.
- D. At a December 2011 Board meeting, the WAYS principal reported to the WAYS Board that the school was meeting with a contractor to "bring back"

a science program the school previously utilized. There was no evidence of that program during a February 22, 2012 site visit. During that visit, the principal stated the school has deferred the science focus until the school's performance in math and language arts improves.

E. April 2012, LACOE received a complaint against WAYS alleging the school did not provide adequate instructional materials, including textbooks, to implement the educational program.

d. The WAYS Board failed to fulfill its duty of care and fiduciary responsibility by:

i. Permitting the former Executive Director access to school financial accounts past her date of employment:

A. She remained as a signatory on school bank accounts for more than four (4) months past her date of employment.

B. She made charges to a credit card in the school's name between June 13 and June 30, 2011, for travel, accommodations, meals, and gasoline in the amount of \$2,155.00.

ii. Providing insufficient oversight to ensure adherence to its fiscal policies, including

A. The Director of Operations, son of the former Executive Director, approved the check request for the school's credit card payment including charges he initiated.

e. The following allegations are still pending due to WAYS' failure to cooperate with LACOE's request for information pursuant to EC 47604.4:

- *Fiscal mismanagement*
- *Breach of fiduciary responsibility*
- *Conflict of interest*
- *Breach of duty of care*

f. Over the course of the past six (6) months, LACOE issued repeated invitations to WAYS Board and Executive Director to participate in the investigation, only to be met by resistance and later refusal. WAYS even improperly invoked the Dispute Resolution Process to as to what it claims were "false" allegations prompting the investigation. In its last correspondence WAYS maintained its position that it refuses to participate in the investigation.

Notice of Audit Pursuant to *Education Code* Section 1241.5(c)

This letter notifies the Wisdom Academy for Young Scientists (WAYS) that my office has approved the initiation of an audit under *Education Code* section 1241.5(c) to investigate possible fraud. We have contracted with the Fiscal Crisis and Management Assistance Team (FCMAT) to perform the audit. We have requested that FCMAT begin this audit as quickly as they can assign available staff.

We consider this to be an extraordinary request and we are approving the audit based on information contained in the school's 2011-12 Independent Audit as well as information provided by my staff. We will apprise you of the audit findings once the work has been completed.

My staff will be in contact with you regarding details as to the scope of the work and other contract issues. Should you have any questions regarding this audit, please contact Dr. Alex Cherniss at (562) 922-6124, or Ms. Marlene Dunn at (562) 922-6131.

Dear Mr. Cabil and Members of the Wisdom Academy for Young Scientists Board:

Confirmation of Receipt of Responses to Superintendent's Notice of Concern

On December 20, 2013, Superintendent Dr. Arturo Delgado issued a *Notice of Concern* to Wisdom Academy for Young Scientists (WAYS). The letter requested an action plan, responsive to the issues stated in the letter, be submitted to the Charter School Office by January 20, 2014.

On January 21, 2014, the Los Angeles County Office of Education received two (2) responses: one from the WAYS Board President and one from the WAYS Executive Director. The responses contain contradictory information and request different timelines for submitting the action plan.

By Friday, January 31, 2014, please submit the school's response to the Superintendent's *Notice of Concern* to the Charter School Office.

Re: Response to your letter dated December 20, 2013 and letter from Judy Higelin dated
January 24, 2014

Dear Dr. Delgado:

Thank you for stating your concern to us about WAYS' Board governance. We recognize that we have had recent issues with inappropriate actions and communication coming from a specific Board Member. We, too, have been very concerned and our Board has taken steps to correct this matter, and we will continue to do so. At the January 30, 2014 Special Board Meeting, the Board voted to remove Carol Lee Tolbert from the WAYS Board. Thus, Carol Lee Tolbert is no longer a member of the WAYS Board and is no longer associated with WAYS in any capacity whatsoever. We believe this action is a major step in correcting our recent governance issues. Attachment 1 of this letter is our updated school contact list and attachment 2 of this letter is our List of current board members. WAYS intends to appoint additional members to its Board as soon as practicable.

I am further responding to your letter dated December 20, 2013, which you incorrectly mailed solely to the former WAYS Board Chair's residence in Oakland and her personal email address. As a result, WAYS did not receive your letter until January 14, 2014. Thus, it is unreasonable that you requested a response by January 20, 2014, which date is also a Federal recognized holiday. Going forward, please comply with the LACOE MOU with regard to such notices. The MOU specifically provides that LACOE send any and all notices and correspondence concerning WAYS to the Executive Director at the school's address. By incorrectly sending your notice to a single board member but addressing all of them, you could have inadvertently triggered a serial board communication (transmittal of your letter) in violation of the Brown Act. We expect you to comply with the MOU in this regard.

At the time your letter was sent, WAYS had in fact submitted the following required reports. It is unclear why you were under the impression that they had not been sent by that date. One report (the December financial statement) did not exist yet at the time of your letter. In any event, here is a summary of when each report was submitted.

October Financials were submitted November 15, 2013

November Financials were submitted December 13th 2013

December Financials were not due by the time LACOE wrote the letter, it was subsequently submitted January 15, 2014

First Interim was submitted December 12, 2013

Unaudited Actuals was submitted before the due date but LACOE asked for adjustments and final submission was October 9th

The on a number of instances, the former WAYS Board Chair and one other Board Member incorrectly included a member of your office as a recipient in WAYS internal confidential communication, which was explicitly intended for me, which you quote in your letter. Her email dated November 20, 2013, was not a "notice of an altercation" to LACOE. Furthermore, a majority of the statements made in the former Board Chair's email dated November 20 were inaccurate and unfounded. That is being sorted out as an internal matter.

The former WAYS Board Chair was new to the organization, and had not been appointed, authorized, or delegated an authorized point of contact between LACOE and WAYS. As you know, any information provided by a single member of the WAYS Board, without prior authorization from the WAYS Board, is not and cannot be an official communication concerning the business and operations of WAYS. The former Board Chair, took an oath with the understanding that the authority rests with the Board as a whole and not with individuals. A single board member does not speak for the board or the organization. Many of your December 20, 2013 statements are based on what appears to be your misinterpretation of that internal communication.

Furthermore, your assertion that the CSO requested an explanation as to why the WAYS November 21, 2013 Board meeting was "postponed" is not correct. We did not receive any such request. In any event, the WAYS November 21, 2013 Board Meeting was postponed because I determined that the agenda was not posted in accordance with the Brown Act. We did not wish to proceed with an improperly noticed meeting, so we cured any potential violation by postponing the meeting until proper notice was provided. The improper notice was a result of the former Board Chair's learning curve on these issues.

Since the charter renewal period in May 2011, your office has made habitual misstatements and unfounded claims. We have been trying to resolve that problem with you, and will continue to do so. Most recently, your December 20, 2013 letter refers to "[my] history of overstepping [my] authority." That is false and misleading. You misquote my October 10, 2011, email insinuating that I overstepped my authority by calling a Board Meeting. However on October 10, 2011, I was still a member of the

WAYS Board; consequently my statement that "four of the remaining board members all agreed that we needed a called meeting because of the desperate and crucial situation surrounding WAYS" is in fact evidence that the Board called a meeting as required by the Bylaws, and in no way supports your suggestion that I have a "history" of "overstepping" my authority.

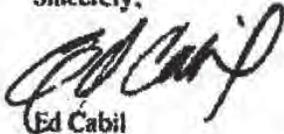

Also for the record, as my letter dated November 12, 2013 implied, the October 24, 2013 Board Meeting was ended abruptly at 8:40pm at the conclusion of the closed session with an unofficial Board consensus due to an unanticipated interruption. There was no threat to the health and safety of anyone in attendance at the October 24, 2013 meeting. Furthermore, my statements in my November 12, 2013 do not support any allegations or claims made by any board or staff member. WAYS maintains a safe and secure environment for its students, staff, administration, school volunteers, and visitors.

WAYS reviews its policies regularly. There were no changes made to the board approved policies including the Admissions/Enrollment/Lottery Policy, and Suspension & Expulsion Policy, which were initially submitted to LACOE in during the WAYS Charter Renewal in May 2011. On November 7, 2013, an email from Neha Patel indicates that the LACOE CSO was unable to locate these policies, and additionally requesting the newly required Student Fees Policy. These policies were resubmitted to LACOE on November 8, 2013, along with a draft version of the newly required Student Fees Policy Draft which was expected to be reviewed by the WAYS Board at the November 24, 2013 Board Meeting. We anticipate approval of the Student Fees Policy at our next board meeting.

We will continue to provide you information and document as we move forward. We agree that WAYS has experienced some difficulties with board governance; many volunteer boards do. We have several new board members, and the board is quickly working through some growing pains. We expect board meetings to operate much more smoothly going forward. Similarly, we expect the Board to meet regularly.

Concerning your comments about arbitration over "conditions of authorization", we hope to resolve that with you within the schedule set by the arbitrator, Mr. Mainland. Our attorney has asked LACOE for your proposed award language so we could consider agreeing to it without any objection or further waste of public dollars. We understand that LACOE's attorney agreed to provide that. We believe that will entirely resolve those issues.

Sincerely,

Ed Cabil

**RESOLUTION OF SCHOOL SITE COUNCIL
OF WISDOM ACADEMY FOR YOUNG SCIENTISTS**

At a meeting of the School Site Council of WISDOM ACADEMY for YOUNG SCIENTISTS

706 EAST MANCHESTER AVE
LOS ANGELES, CALIFORNIA 90001

Duly called and held on the 23rd day of January, 2014, the following resolution was offered, seconded, and adopted:

Summary: The School Site Council of Wisdom Academy for Young Scientists considered the Board of Director's membership of Board Members Carol Lee Tolbert and Samantha Davis. The said board members were elected to serve on the Board of Wisdom Academy on July 26, 2013. The said board members took an oath to consistently strive to promote the best interests of the school as a whole and follow ethical standards. However, since that time, their actions have proven to serve their own interests only and not the interests of the students or the school. The said board members have made gross violations of the Brown Act and their fiduciary responsibility to the organization and children, which has only been a distraction from the growth of the school and the enhancement of the educational program to which they originally took an oath to uphold. After thorough consideration, the School Site Council Members resolved that the aforementioned board member's actions are not in the best interests of said organization and they are demonstrably unlikely to serve as effective members of the Wisdom Academy for Young Scientists Board of Directors.

Be it resolved, that the School Site Council of Wisdom Academy for Young Scientists be and is hereby authorized, empowered, and directed to recommend the removal of Board Member and President Carol Lee Tolbert and Board Member Samantha Davis from the Wisdom Academy for Young Scientists Board of Directors on behalf of the parents, students, staff, and friends of the said organization.

Furthermore, all actions taken regarding this matter are in accordance with applicable provisions of laws of the State of California. "

I hereby certify that the foregoing is a true and correct copy of a resolution passed by a majority of the School Site Council Members of this organization on the date specified.

(Signature of School Site Council Secretary)

Clem Payne, Jr.
CERTIFIED PUBLIC ACCOUNTANT

Board of Directors of
Wisdom Academy for Young Scientists
Los Angeles, California

INDEPENDENT AUDITOR'S REPORT

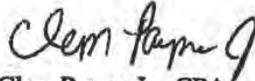

I have audited the accompanying statement of financial position of **Wisdom Academy for Young Scientists (WAYS)** (a California not-for-profit organization), as of June 30, 2011, and the related statements of activities and changes in net assets, and cash flows for the twelve months period then ended. These financial statements are the responsibility of **Wisdom Academy for Young Scientists'** management. My responsibility is to express an opinion on these financial statements based on my audit. The prior year summarized comparative information has been derived from the organization's 2010 financial statements and, in my report dated November 9, 2010, I expressed an unqualified opinion on those financial statements.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the Education Audit Appeals Panel's Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that our audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Wisdom Academy for Young Scientists** as of June 30, 2011, and the changes in its net assets and cash flows for the twelve months period then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated December 14, 2011 on my consideration of **Wisdom Academy for Young Scientists'** internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

My audit was conducted for the purpose of forming an opinion on the financial statements of **Wisdom Academy for Young Scientists**. The accompanying schedule of federal awards required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations and the additional supplementary information section is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2011

NOTE 1 - ORGANIZATION

NATURE OF BUSINESS

Merle Williamson Foundation doing business as Wisdom Academy for Young Scientists (WAYS) is a public charter school of approximately 270 students located in South Los Angeles, serving kindergarten through fifth grade education. Opened in 2006, WAYS serve a population of students traditionally labeled as underperforming or high-risk students. As a charter school, WAYS was created under the approval of the Los Angeles Unified School District and the California State Board of Education, and receives public per-pupil funding to help support its operations. WAYS was granted the Accreditation of Commission for Schools of the Western Association of Schools and Colleges. The term of the accreditation will run through June 30, 2013. WAYS is economically dependent on federal and state funding provided through the Los Angeles Unified School District.

WAYS' vision is to create a transformational learning climate in which students become empowered to be leaders, self-responsible learners, agents of change, and true scientists. Teachers at WAYS are trained to incorporate a variety of assessment strategies including the regular use of authentic assessments, standardized tests, diagnostic tests, portfolios, and parent reports.

WAYS primary emphasis of its instructional program is to produce "leaders of science." Through a rigorous inquiry-based curriculum, rich in science, math, technology, social science and language development. The schools objective is for its students to experience learning in its most powerful, meaningful, and effective environment.

In 2010-2011, WAYS scored 736 on the Academic Performance Index (API).

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2011

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - continued

The summary of Significant Accounting Policies of WAYS is presented to assist in understanding the organization's financial statements. The financial statements and notes are representations of WAYS' management, who are responsible for their integrity and objectivity.

WAYS accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual". WAYS conforms to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Financial Statements Presentation

The accompanying financial statements have been prepared in conformity with the disclosure and display requirements of FASB ASC 958-205, (prior authoritative literature: SFAS No. 117, *Financial Statements of Not-for-Profit Organizations*). Accordingly, WAYS' financial statements are present on the following three classes of net assets: (a) unrestricted net assets, (b) temporarily restricted net assets, and (c) permanently restricted net assets.

Temporarily restricted and permanently restricted net assets are created only by donor-imposed restrictions on their use. All other net assets, including board-designated or appropriated amounts, are legally unrestricted and are reported as part of the unrestricted class.

Revenue Recognition

Amounts received from the California Department of Education are recognized as revenue by WAYS based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in unrestricted net assets, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in temporarily restricted net assets.

Cash and Cash Equivalents

For purposes of the statement of cash flow, WAYS considered all liquid investments with a maturity three months or less to be cash equivalents.

The notes are an integral part of the preceding financial statements.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2011

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Basis of Accounting

The financial statements of WAYS have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounts Receivable

WAYS accounts receivable consists of amounts due from government sources only. No allowance for doubtful accounts has been established as WAYS deems all amounts to be fully collectible.

Contributions and Contributed Services

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor as required by SFAS No. 116, "Accounting for Contributions Received and Contributions Made." Amounts received that are designated for specific use in future periods are reported as temporarily restricted. When the restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets for expenditure.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of financial statements and the reported revenues and expenses during the year. Accordingly, actual results could differ from those estimates.

The notes are an integral part of the preceding financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Equipment and Improvements

Equipment and improvements are recorded at cost. All property, equipment and improvements with a value of \$1,000 or greater and a useful life of 1 year or more are capitalized. Improvements are depreciated under a straight-line method over their estimated useful lives of 20 years. Equipment is depreciated under straight-line method over the estimated useful life of five to seven years. The depreciation expense for the year ended June 30, 2011 is \$19,081.

Income Taxes

WAYS is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code, and exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. Accordingly, no provision has been made for income taxes.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Comparative Financial Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with WAYS' financial statements for the twelve months period ended June 30, 2010, from which summarized information was derived.

NOTE 7 - COMMITMENTS

WAYS entered into a four-year lease agreement for its main facility with Kendra Okonkwo, Executive Director that commenced in July 2006. Monthly lease payments began at \$10,120. The agreement requires annual rent rate to increase approximately 3.0% each year. The lease was terminated in January 31, 2011, due to LAUSD concerns regarding a conflict of interest. Payments made on this facility lease totaled \$72,652 for the seven months period ended January 31, 2011 (Refer to Note 9 – Related Parties Transactions).

In addition, WAYS entered into a one-year lease on 8778 Central Avenue. The monthly lease payments are \$4,000. The agreement requires annual rent rate to increase approximately 3.0% each year. The lease was terminated in January 31, 2011. Payments made on this facility lease totaled \$28,720 for the five months period ended January 31, 2011 (Refer to Note 9 – Related Parties Transactions).

The owner of the real property changed in February 2011.

As such, WAYS entered into a five-month agreement for its main facility located on 706 East Manchester Avenue, L.A., CA with OCI Development Corporation. Monthly lease payments began at \$10,728. The agreement requires annual rent rate to increase by 3.0% each year. The lease will expire in June 2011. Payments made on this facility lease totaled \$53,640 for the seven months period ended June 30, 2011.

At the same time, WAYS entered into a five-month agreement with OCI Development Corporation for the property located at 8778 Central Avenue, L.A., CA. Monthly lease payments began at \$4,240. The agreement requires annual rent rate to increase by 3.0% each year. The lease will expire in June 2011. Payments made on this facility lease totaled \$21,200 for the seven months period ended June 30, 2011.

WAYS entered into a five-year lease agreement for a facility for additional occupancy and parking near its main facility. The lease commenced in December 2007. Monthly lease payments are \$1,450 for the duration of the lease. The lease will expire in December 2012. Payments made on the facility lease totaled \$17,400 for the twelve months ended June 30, 2011.

The future minimum lease payments due for the next 2 years are as follows:

<u>Year Ending June 30.</u>	<u>Amount</u>
2012	\$ 197,016
2013	202,926

NOTE 8 - EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS). WAYS is not eligible to participate in Public Employees' Retirement System (PERS).

State Teachers' Retirement System (STRS)

Plan Description

WAYS contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 8.0% of their salary and WAYS is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2009-10 is 8.25% of annual payroll. The contribution requirements of the plan members are established and may be amended by State statute.

Contributions to STRS

WAYS' contributions to STRS and PERS for this fiscal year are as follows:

<u>Year Ended June 30</u>	<u>STRS Required Contribution</u>	<u>STRS Percent Contributed</u>
2011	\$71,650	100%

NOTE 9 - RELATED PARTIES TRANSACTIONS

A related party is one which controls, exercises significant influences over, or is significantly influenced by a group or member in making financial, and operating decisions, along with any group member, is subject to common control or significant influence.

In 2006 WAYS entered into a rental services agreement with its executive director Kendra Okonkwo, a related party, to pay monthly rental installments for the locations of 702-706 East Manchester Street, Los Angeles, California and 8778 S. Central Avenue, Los Angeles, California. It appears that the executive director held title to those real properties until February 3, 2011. At which time the rental arrangement was terminated. During the fiscal year, WAYS made approximately \$108,212 in rental payments to this vendor. (Refer to Note 7 - Commitments).

NOTE 10 - SUBSEQUENT EVENTS

WAYS has evaluated subsequent events through December 14, 2011, the date which the financial statements were available to be issued.

WAYS entered into several one-year lease agreements for educational facility located on 706 East Manchester Avenue and 8778 Central Avenue. The lease will commence on July 2011, and ending on the 30th day of June 2012. Monthly lease payments for each property are \$10,738 and \$4,367.

In addition, WAYS entered into a one-year lease with the Salvation Army on 7651 Central Avenue. The monthly lease payments are \$13,492. The lease will commence on August 2011, and ending on July 2012.

On June 30, 2011, Wisdom Academy for Young Scientists' charter expired and was not renewed with the Los Angeles Unified School District. Effective July 1, 2011, Wisdom Academy for Young Scientists was chartered under the authority of the Los Angeles County Board of Education (LACOE).

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

Board of Directors
Wisdom Academy for Young Scientists
Los Angeles, California

I have audited the financial statements of **Wisdom Academy for Young Scientists (WAYS)** as of and for the twelve months period ended June 30, 2011, and have issued my report thereon dated December 14, 2011. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered WAYS' internal control over financial reporting as basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of WAYS' internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of WAYS' internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

(Continued)

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompany schedule of findings and questioned costs to be significant deficiencies. List of findings, please refer to schedule of findings and questions costs.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether WAYS' financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of WAYS in a separate letter dated December 14, 2011.

WAYS' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit WAYS' response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Directors, management, the Los Angeles Unified School District, the California Department of Education, the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON STATE COMPLIANCE

Board of Directors
 Wisdom Academy for Young Scientists
 Los Angeles, California

I audited the financial statements of Wisdom Academy for Young Scientists (WAYS), a California non-profit corporation, as of and for the twelve months period June 30, 2011, and have issued our report thereon dated December 14, 2011, which was unqualified. My audit was made in accordance with auditing standards generally accepted in the United States of America, the standards for financial and compliance audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the Education Audit Appeals Panels Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for our opinion.

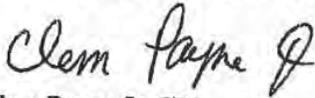

WAYS' management is responsible for the Academy's compliance with laws and regulations. In connection with the audit referred to above, I selected and tested transactions and records to determine WAYS' compliance with the laws and regulations applicable to the following items:

<u>State Compliance Procedures for Charter Schools:</u>	<u>Procedures In Audit Guide</u>	<u>Procedures Performed</u>
Class Size Reduction Program		
General Requirements	7	Not Applicable
Option One Classes	3	Not Applicable
Option Two Classes	4	Not Applicable
Only One School Serving Grades L-3		
After School Education and Safety Program:		
General Requirements	4	Yes
After School	4	Yes
Before School	5	Not Applicable
Contemporaneous Records of Attendance	1	Yes
Mode of Instruction	1	Yes
Non-classroom – Based Instructions/ Independent Study	15	Not Applicable
Determination of Funding for Non-class Based Instructions	3	Not Applicable
Annual Instructional Minutes – Classroom Based	3	Yes

The term "Not Applicable" is used above to mean either that WAYS did not offer the program during the current fiscal year or that the program applies only to a different type of local education agency.

Based on my audit, I found that, for the items tested, **Wisdom Academy for Young Scientists** complied with the laws and regulations of the state programs referred to above. Further, based on my examination, for items not tested, nothing came to our attention to indicate that **WAYS** had not complied with the laws and regulations of state programs and requirements.

This report is intended solely for the information and use of the **Wisdom Academy for Young Scientists'** Board of Directors, management, the Los Angeles Unified School District, the Los Angeles County Office of Education, the California Department of Education, and the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

I have audited the accompanying statement of financial position of Wisdom Academy for Young Scientists (WAYS) (a California not-for-profit organization), as of June 30, 2012, and the related statements of activities and changes in net assets, and cash flows for the twelve months period then ended. These financial statements are the responsibility of Wisdom Academy for Young Scientists' management. My responsibility is to express an opinion on these financial statements based on my audit. The prior year summarized comparative information has been derived from the organization's 2011 financial statements and, in my report dated December 14, 2011, I expressed an unqualified opinion on those financial statements.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the Education Audit Appeals Panel's Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that our audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wisdom Academy for Young Scientists as of June 30, 2012, and the changes in its net assets and cash flows for the twelve months period then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated December 31, 2012 on my consideration of Wisdom Academy for Young Scientists' internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

My audit was conducted for the purpose of forming an opinion on the financial statements of Wisdom Academy for Young Scientists. The accompanying schedule of federal awards required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations and the additional supplementary information section is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 - ORGANIZATION

NATURE OF BUSINESS

Merle Williamson Foundation doing business as Wisdom Academy for Young Scientists (WAYS) is a public charter school of approximately 520 students located in South Los Angeles, serving kindergarten through fifth grade education. Opened in 2006, WAYS serve a population of students traditionally labeled as underperforming or high-risk students. As a charter school, WAYS was created under the approval of the Los Angeles Unified School District and the California State Board of Education, and receives public per-pupil funding to help support its operations. On June 30, 2011, Wisdom Academy for Young Scientists' charter expired and was not renewed with the Los Angeles Unified School District.

Effective July 1, 2011, Wisdom Academy for Young Scientists was chartered under the authority of the Los Angeles County Board of Education (LACOE).

WAYS was granted the Accreditation of Commission for Schools of the Western Association of Schools and Colleges. The term of the accreditation will run through June 30, 2013. WAYS is economically dependent on federal and state funding provided through the Los Angeles County Board of Education.

In 2011-2012, WAYS scored 716 on the Academic Performance Index (API).

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES - continued

The summary of Significant Accounting Policies of WAYS is presented to assist in understanding the organization's financial statements. The financial statements and notes are representations of WAYS' management, who are responsible for their integrity and objectivity.

WAYS accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual". WAYS conforms to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Financial Statements Presentation

The accompanying financial statements have been prepared in conformity with the disclosure and display requirements of FASB ASC 958-205, (prior authoritative literature: SFAS No. 117, *Financial Statements of Not-for-Profit Organizations*). Accordingly, WAYS' financial statements are presented on the following three classes of net assets: (a) unrestricted net assets, (b) temporarily restricted net assets, and (c) permanently restricted net assets.

Temporarily restricted and permanently restricted net assets are created only by donor-imposed restrictions on their use. All other net assets, including board-designated or appropriated amounts, are legally unrestricted and are reported as part of the unrestricted class.

Revenue Recognition

Amounts received from the California Department of Education are recognized as revenue by WAYS based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in unrestricted net assets, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in temporarily restricted net assets.

Cash and Cash Equivalents

For purposes of the statement of cash flow, WAYS considered all liquid investments with a maturity three months or less to be cash equivalents.

The notes are an integral part of the preceding financial statements.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2012

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Basis of Accounting

The financial statements of WAYS have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounts Receivable

WAYS accounts receivable consists of amounts due from government sources only. No allowance for doubtful accounts has been established as WAYS deems all amounts to be fully collectible.

Contributions and Contributed Services

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor as required by SFAS No. 116, "Accounting for Contributions Received and Contributions Made." Amounts received that are designated for specific use in future periods are reported as temporarily restricted. When the restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets for expenditure.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of financial statements and the reported revenues and expenses during the year. Accordingly, actual results could differ from those estimates.

The notes are an integral part of the preceding financial statements.

Equipment and Improvements

Equipment and improvements are recorded at cost. All property, equipment and improvements with a value of \$1,000 or greater and a useful life of 1 year or more are capitalized. Improvements are depreciated under a straight-line method over their estimated useful lives of 20 years. Equipment is depreciated under straight-line method over the estimated useful life of five to seven years. The depreciation expense for the year ended June 30, 2012 is \$31,402.

Income Taxes

WAYS is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code, and exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. Accordingly, no provision has been made for income taxes.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Comparative Financial Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with WAYS' financial statements for the twelve months period ended June 30, 2011, from which summarized information was derived.

NOTE 8 - EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS). WAYS is not eligible to participate in Public Employees' Retirement System (PERS).

State Teachers' Retirement System (STRS)

Plan Description

WAYS contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 8.0% of their salary and WAYS is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2011-12 is 8.25% of annual payroll. The contribution requirements of the plan members are established and may be amended by State statute.

Contributions to STRS

WAYS' contributions to STRS and PERS for this fiscal year are as follows:

<u>Year Ended</u> <u>June 30</u>	<u>STRS</u> <u>Required</u> <u>Contribution</u>	<u>STRS</u> <u>Percent</u> <u>Contributed</u>
2012	\$96,379	100%

NOTE 9 – LINE OF CREDIT – WELLS FARGO

WAYS obtained a revolving line of credit with Wells Fargo Bank that allows WAYS to borrow up to a maximum of \$250,000. As of June 30, 2012, WAYS had \$250,000 outstanding on the line of credit. The line of credit matures on February 15, 2013. The interest rate on the line of credit is 5%.

Total interest charge to expense for the year ended June 30, 2012 was \$1,319.

As December 31, 2012, WAYS outstanding line of credit balance was paid in full.

NOTE 10 - RELATED PARTIES TRANSACTIONS.

A related party is one which controls, exercises significant influences over, or is significantly influenced by a group or member in making financial, and operating decisions, along with any group member, is subject to common control or significant influence.

DeDe Dance Studio, a non-profit organization, provided after school program service to WAYS. WAYS' assistant principal is the executive director of the DeDe Dance Studio and is related to the WAYS' Director of Operations. During the year ended June 30, 2012, DeDe Dance Studio received payments of \$36,000 from WAYS.

As of December 31, 2012, DeDe Dance Studio corporate status is suspended with the California Secretary of State.

NOTE 11 – SETTLEMENT WITH FORMER EXECUTIVE DIRECTOR

On October 26, 2012, WAYS and the former executive director entered into a settlement agreement and mutual release of claims. WAYS paid the former executive director a sum of \$228,665.38 to settle all claims arising or any way relating to the dispute. In consideration, the former executive director release and discharge WAYS from all cause of action relating to the dispute.

Because the proposed settlement was initiated by letters dated January and May 2012 and as such was related to the June 30, 2012 year end. The amount of \$228,665.38 is recognized on the June 30, 2012 statement of financial position as a liability and the statement of activities as a payroll related transaction.

The notes are an integral part of the preceding financial statements.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
(A California Non-Profit Organization)

NOTE 12 – PENDING CLAIMS AND LITIGATION

On April 12, 2011, WAYS has been named in a wrongful employment termination by Plaintiff, who was a former teacher at WAYS. The stated cause of action for wrongful termination is violation of the Labor Code section 1102.5.

A trial was recently held and on December 4, 2012, the jury found in favor of the Plaintiff. A judgment was entered in the amount of \$566,803 against the school.

December 31, 2012, management has brought post-trial motion and is contesting the verdict on the grounds that the Plaintiff did not present sufficient evidence to overcome the substantial evidence establishing she was terminated for legitimate, non-retaliatory reasons. The motion is scheduled to be heard in Los Angeles County Superior Court on January 17, 2013. Pending the hearing on this motion, the process to satisfy the existing monetary judgment has not been initiated.

NOTE 13 – DUE FROM FORMER EXECUTIVE DIRECTOR

Prepaid rent in the amount of \$10,120 was paid in the fiscal year 2009-10 to the former executive director. The executive director was also the organization landlord. The prepaid amount was not subsequently earned through the period ending of 6/30/12 and therefore due back to WAYS.

NOTE 14 – SUBSEQUENT EVENTS

WAYS has evaluated subsequent events through December 31, 2012, the date which the financial statements were available to be issued.

WAYS entered into two one-year lease agreements for educational facility located on 706 East Manchester Avenue and 8778 Central Avenue. The lease will commence on July 2012, and ending on the 30th day of June 2013. Monthly lease payments for each property are \$13,559 and \$4,467.

In addition, WAYS entered into a one-year lease with the Salvation Army on 7651 Central Avenue. The monthly lease payments are \$12,548. The lease will commence on August 2012, and ending on July 2013.

NOTE 15 - Prior Period Adjustments

Miscellaneous adjustments to the prior period resulted primarily from correction to petty cash, payable and prepaid expenses.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With Government Auditing Standards**

Board of Directors
Merle Williamson Foundation, dba.
Wisdom Academy for Young Scientists (WAYS)
Los Angeles, California

I have audited the financial statements of Wisdom Academy for Young Scientists (WAYS) as of and for the year ended June 30, 2012, and have issued our report thereon dated December 31, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting:

Management of Wisdom Academy for Young Scientists (WAYS) is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing my audit, I considered Wisdom Academy for Young Scientists' internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wisdom Academy for Young Scientists' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Wisdom Academy for Young Scientists' internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

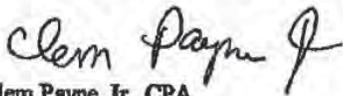

**Independent Auditor's Report on Internal Control Over Financial Reporting and
on Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards* -
*continued***

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. I consider the deficiencies described in the accompany schedule of findings and questioned costs to be significant deficiencies that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Finding and Questioned Costs as Finding 11-01/30000 and 11-02/30000. Wisdom Academy for Young Scientists' response to the findings identified in my audit is described in the accompanying Schedule of Findings and Questioned Costs. I did not audit Wisdom for Young Scientists' response and, accordingly, I express no opinion on it.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wisdom Academy for Young Scientists' financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, the Los Angeles County of Education, the California Department of Education, the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Directors
 Wisdom Academy for Young Scientists
 Los Angeles, California

I have audited the financial statements of the Wisdom Academy for Young Scientists (WAYS) as of and for the year ended June 30, 2012 and have issued my report thereon dated December 31, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. I have also audited the WAYS' compliance with the requirements specified in the State's audit guide, *Standards and Procedures for Audits of California K-12 Local Education Agencies 2011-12*, published by the Education Audit Appraisal Panel, applicable to the WAYS' statutory requirements identified below for the year ended June 30, 2012. Compliance with the requirements referred to above is the responsibility of the WAYS' management. My responsibility is to express an opinion on the WAYS' compliance based on our audit.

The auditing standards referred to above require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the state laws and regulations applicable to the items in the schedule below occurred. An audit includes examining, on a test basis, evidence about the WAYS' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. I believe that my audit provides a reasonable basis for our opinion. My audit does not provide a legal determination of the WAYS' compliance with those requirements.

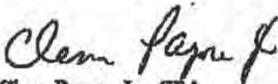

In connection with the audit referred to above, I selected and tested transactions and records to determine the WAYS' compliance with the state laws and regulations applicable to the following items:

State Compliance Procedures for Charter Schools:	Procedures in Audit Guide	Procedures Performed
Class Size Reduction Program	7	Not Applicable
General Requirements	3	Not Applicable
Option One Classes	4	Not Applicable
Option Two Classes	4	Not Applicable
Only One School Serving Grades 1-3	4	Not Applicable
After School Education and Safety Program:		
General Requirements	4	Yes
After School	5	Yes
Before School	6	Not Applicable
Comprehensive Records of Attendance	3	Yes
Mode of Instruction	1	Yes
Non-classroom - Based Instruction/ Independent Study	15	Not Applicable
Determination of Funding for Non-class Based Instruction	3	Not Applicable
Annual Instructional Minutes - Classroom Based	4	Yes

The term "Not Applicable" is used above to mean either that WAYS did not offer the program during the current fiscal year or that the program applies only to a different type of local education agency.

In my opinion, Wisdom Academy for Young Scientists complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its state programs for the fiscal year ended June 30, 2012.

This report is intended solely for the information and use of the Wisdom Academy for Young Scientists' Board of Directors, management, the Los Angeles County Office of Education, the California Department of Education, and the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

All material cash transactions were properly reconciled and recorded in the general ledger.

Effect

If the cash reconciliation process does not ensure that all reconciling items are properly identified and recorded, a transaction material to the cash account might not be recorded properly, resulting in a material misstated financial statements.

Cause

The Organization has not established adequate procedures to ensure that bank reconciliations were reviewed monthly by a supervisor who should compare the reconciled cash balance to the general ledger cash account balance, review and research all reconciling items and authorize any correcting entries needed.

Recommendation

The Organization should establish procedures to ensure that an officer or a supervisor reviews the monthly bank reconciliation and authorize any correcting entries as applicable.

Organization's Response

Wisdom for Young Scientists will continue the audit recommendation. WAYS will implement policies and procedures that will require an explanation for any difference between the reconciled cash balance and the related general account balance. An employee or officer who does not have custody or access to cash and who does not record cash related transaction will review monthly bank reconciliation and authorize any correcting entries as applicable.

Deficiency in Internal Control Condition – Payroll Expense Reconciliation

Criteria

A good internal control system uses reconciliation for significant general ledger accounts as a mechanism to verify accuracy, determine validity of purpose and allowableness of recorded transactions.

Condition

Payroll expenses were not consistently reconciled to the general ledger.

Questioned Costs

None

Context

The payroll expense reconciling items were not material for the current year financial statements.

Effect

If payroll expenses are not properly reconciled and adjusted in a timely manner, unresolved discrepancies could result in materially misstated financial statements.

Cause

The Organization has not adequately established written policies and procedures to ensure the timely reconciliation of payroll expenses.

Recommendation

The Organization should establish clear policies and procedures to reconcile payroll expenses monthly and an independent person should perform the reconciliation. The reconciliation should be in writing and approved by management.

Organization's Response

Wisdom Academy For Young Scientists will develop policies and procedures to reconcile payroll expenses on a regular basis. Management will review and monitor the payroll expense reconciliation.

Deficiency in Internal Control Condition – Untimely Deposit of Cash Receipts

Criteria

Effective internal control over cash receipts ensures that all funds are timely deposited in the bank and are properly recorded in the appropriate general account.

Condition

An examination of cash receipts disclosed an incident where a check received was not deposited or recorded timely.

Questioned Costs

None

Context

There were no effect on the current financial statement because the funds were deposited in the proper period.

Effect

Untimely deposit of cash receipts risk the mismanagement of funds (either fraud or loss), misstatement of revenue, receivable or cash, and possible noncompliance with contracts, or laws & regulations.

Cause

A customer's check that was placed in a desk draw was inadvertently overlooked and not deposited timely.

Recommendation

The Organization should ensure that all funds are deposited timely. Mail should be open by an employee that restrict endorses all checks, prepares deposited slip and forward a copy of deposit slips and check received to accounting for recording. Monthly bank reconciliation should always compare deposit reported per bank to recorded deposit.

Organization's Response

Wisdom Academy For Young Scientists will establish procedures and over site that will ensure that all cash receipts are deposited and recorded timely.

Current Status

Cash receipts appears to be deposited timely.

Condition

Bank reconciliations were not properly reviewed resulting in inconsistent bank to book balances and lack of over site over the bank reconciliation process.

Questioned Costs

None

Context

All material cash transactions were properly reconciled and recorded in the general ledger.

Effect

If the cash reconciliation process does not ensure that all reconciling items are properly identified and recorded, a transaction material to the cash account might not be recorded properly, resulting in a material misstated financial statements.

Deficiency in Internal Control Condition – Account Receivable Reconciliation

Criteria

Effective internal control over financial reporting necessitate that accounts receivable subsidiary ledger balances should be reconciled to the general ledger account balance and reconciling items should be investigated and cleared in a timely manner.

Condition

The accounts receivable general ledger balance was not reconciled to the accounts receivable subsidiary ledger balances.

Questioned Costs

None

Context

The differences noted were not material to the current year financial statements.

Effect

Not reconciling accounts receivable general ledger account balance to the accounts receivable subsidiary ledger balances could result in materially errors or possible fraudulent activities going undetected resulting in materially misstated financial statements.

Cause

The Organization has not adequately established written policies and procedures to ensure that the general ledger accounts receivable balance is properly reconciled to subsidiary ledger balances and that difference are investigated and cleared in a timely manner.

Recommendation

The Organization should establish clear policy and procedures to ensure that general ledger control account balances are properly reconciled to subsidiary ledger balances and that any differences be investigated and cleared in a timely manner.

Organization's Response

Wisdom Academy For Young Scientists will develop policies and procedures regarding reconciling general ledger control accounts balances to subsidiary ledger balances. Such procedures will include proper review and supervision.

Criteria

Effective internal controls over cash disbursements requires that adequate supporting documentation be attached or otherwise matched to all check requests processed for payment and that such supporting documentation be the basis for recording in financial records.

Condition

During the examination it was noted that supporting documentation for several disbursements were not complete.

Questioned Costs

None

Context

Once notified about the missing documents, the Organization located the proper supporting documentations which were either misfiled or unfiled at that time. As such, there were no effect on the current year financial statements

Effect

Lack of complete supporting documentation could result in payments made for goods or services not received, duplicate payments or payments that are incorrect or fraudulent. In addition records could be lost destroyed, misused or altered to the detriment of the Organization. The results could be material misstated financial statements

Cause

The Organization has not adequately established written policies and procedures and over site to ensure that all check requests are accompanying by proper and complete supporting documentation.

Recommendation

The Organization should establish clear policies and procedures for the approval of all check request and all check requests should be supported by proper and complete documentation.

Deficiency in Internal Control Condition – Written Asset Capitalization Policy

Criteria

Written capitalization policies and procedures for property and equipment are essential in order to systematically and accurately record, classify and document costs incurred from acquiring property, equipment and other long lived assets

Condition

The Organization has no written asset capitalization policies or procedures. As such, costs were expensed in the in the financial records that should have been capitalized and depreciated over lives in excess on one year.

Questioned Costs

None

Context

In reviewing cost related to leasehold improvement, it was determined that leasehold improvement expenditures were classified as repairs and maintenance expense. The examination indicated that the classification was incorrect because the improvement was deemed to be of benefit to the Organization for more than one year and the amount was sufficient enough to warrant capitalization. The amount was not considered material to the current financial statements.

Effect

Lack of written policies and procedures that consistently define and set asset capitalization threshold and valuation, systematically classify and accurately recorded asset acquisition could result in unreliable financial reporting and compliance with applicable laws and regulations.

Cause

The Organization has not adequately established policies and procedures to ensure that fixed assets are properly capitalized and classified in the financial records.

Recommendation

The Organization should establish policies and procedures that ensure that fixed assets are properly capitalized and classified in the financial records.

Independent Auditor's Report

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

Report on Financial Statements

We have audited the accompanying financial statements of Wisdom Academy for Young Scientists, which comprise the statement of financial position as of June 30, 2013, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

Wisdom Academy for Young Scientists did not maintain a detail of capital assets or depreciation. As a result we are unable to obtain sufficient appropriate audit evidence about the balances recorded in capital assets. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Wisdom Academy for Young Scientists as of June 30, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by *Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying additional supplementary information, as required by the *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13*, published by the Education Audit Appeals Panel is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2014 on our consideration of Wisdom Academy for Young Scientists' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wisdom Academy for Young Scientists' internal control over financial reporting and compliance.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Notes to the Financial Statements

A. Organization and Summary of Significant Accounting Policies

Organization

Merle Williamson Foundation doing business as Wisdom Academy for Young Scientists (the Academy) was organized on September 12, 2006 as a charter school pursuant to California Education Code §47600 under a charter agreement with Los Angeles Unified School District in July, 2006. Effective July 1, 2011, the Academy was chartered under the authority of the Los Angeles County Office of Education (LACOE). The Academy operates under a locally elected Board form of government and provides educational services to grades K-5 as mandated by the State and/or Federal agencies.

The Academy is a California public charter academy organized for the purpose of providing rigorous academic environment to a population of students traditionally labeled as underperforming or high-risk students. The Academy's vision is to create a transformational learning climate in which students become empowered to be leaders, self-responsible learners, agents of change, and true scientists.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) No. 958, Financial Statements of Not-for-Profit Organizations. Under ASC No. 958, the Academy is required to report information regarding its financial position and activities according to three classes of net assets:

- Unrestricted net assets represent expendable funds available for operations, which are not otherwise limited by donor or grant restrictions.
- Temporarily restricted net assets consist of contributed funds or grants subject to donor or grant imposed restrictions contingent upon specific performance of a future event or a specific passage of time before the Academy may spend the funds.
- Permanently restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity usually for the purpose of generating investment income to fund current operations.

The Academy had no permanently restricted net assets during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Academy considers all highly liquid debt equity instruments purchased with an original maturity of three months or less to be cash equivalents.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Notes to the Financial Statements, Continued
Year Ended June 30, 2013

Investments

The Academy's method of accounting for investments, in accordance with generally accepted accounting principles, is the fair value method. Fair value is determined by published quotes. Changes in fair value of investments results in increases or decreases in unrealized fair values of equity investments. Adjustments to fair values are reflected as unrealized gain/loss on investments in the accompanying statement of activities.

Accounts Receivable

Accounts receivable arise in the normal course of operations. It is the policy of management to review the outstanding accounts receivable at year end, as well as bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts. No allowance was considered necessary as management believes that all amounts are collectible.

Capital Assets

Property and equipment are recorded at cost, or estimated fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets. The cost of assets sold or retired and related amounts of accumulated depreciation are eliminated from the accounts in the year of disposal, and any resulting gain or loss is included in the Academy's earnings. Management has elected to capitalize and depreciate all assets costing \$1,000 or greater and a useful life of 1 year or more. All other assets are charged to expense in the year incurred. The Academy's policy is to evaluate the remaining lives and recoverability in light of the current conditions. It is reasonably possible that the Academy's estimate to recover the carrying amount of the property and equipment will change. Estimated useful lives range from one to fifty years depending on the asset.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition or when resources are received by the Academy prior to the Academy meeting the requirements for legal claim to the resources.

In subsequent periods, when both revenue recognition criteria are met or when the Academy has legal claim to the resources, the liability for unearned revenue is removed from the statement of financial position and revenue is recognized.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any restrictions.

All donor or grant restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Notes to the Financial Statements, Continued
Year Ended June 30, 2013

Contributed Materials and Services

Contributed materials are recorded at their fair market value where an objective basis is available to measure their value. Such items are capitalized or charged to operations as appropriate. The Academy receives services donated by volunteers in carrying out the Academy's operations. The services do not meet the criteria as contributions and are, therefore, not recognized in the financial statements.

Donated Property and Equipment

Donations of property and equipment are recorded as contributions at their estimated fair value at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contribution of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Academy reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Academy reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Block Grant Revenues and Payments in Lieu of Property Taxes

The Academy's primary funding source is a combination of local property taxes and state revenues. The California Department of Education computes two block grants based on statewide charter school rates multiplied by the Academy's average daily attendance (ADA) as reported at the Second Principal apportionment period (P2). The result is then reduced by property tax revenues transferred from the District to the Academy, which is funding in lieu of property taxes. The balance is paid from the state General Fund, in the form of the General Purpose Block Grant and the Categorical Block Grant.

Advertising

Advertising costs are expensed when incurred.

Income Taxes

The Academy is a 509(a)(1) publicly supported non-profit organization that is exempt from income taxes under Sections 501(a) and 501(c)(3) of the Internal Revenue Code. The Academy is also exempt from California franchise or income tax under Section 23701d of the California Revenue and Taxation Code. The Academy may be subject to tax on income which is not related to its exempt purpose. For the year ended June 30, 2013, no such unrelated business income was reported and, therefore, no provision for income taxes has been made.

The Academy follows provisions of uncertain tax positions as addressed in ASC 958. The Academy recognizes accrued interest and penalties associated with uncertain tax positions as part of the income tax provision, when applicable. There are no amounts accrued in the financial statements related to uncertain tax positions for the year ended June 30, 2013.

The Academy files informational and income tax returns in the United States and in the state of California. The federal income tax and informational returns are subject to examination by the Internal Revenue Service for three years after the returns are filed. State and local jurisdictions have statutes of limitation that generally range from three to five years.

Year Ended June 30, 2013

Subsequent Events

In preparing these financial statements, the Academy has evaluated events and transactions for potential recognition or disclosure through January 15, 2014, the date the financial statements were available to be issued.

B. Cash and Cash Equivalents

Cash in Bank

The Academy's cash (\$185,082 as of June 30, 2013) is held in financial institutions which are either insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000 per depositor or certain non-interest bearing accounts that are fully insured by the FDIC. As of June 30, 2013, the Academy did not have any cash that was exposed to uninsured deposit risk.

C. Accounts Receivable

As of June 30, 2013 accounts receivable consisted of:

H. Operating Leases

On December 1, 2012 the School entered into a lease agreement with Elder T. Turner for use of facilities. The agreement does not contain a purchase option and does not meet the requirements for capitalization. As such, the lease has not been recorded on the statement of financial position. The agreement provides for monthly payments of \$1,750 for a period of 60 months. The agreement contains a termination clause providing for cancellation after a specified number of days written notice to the lessor, but it is unlikely that the School will cancel the agreement prior to the expiration date. Future minimum lease payments under the agreement are as follows:

Year Ended June 30,	Lease Payments

J. Commitments and Contingencies

State and Federal Allowances, Awards, and Grants

The Academy has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement will not be material. As a result, no liability has been accrued.

Sick Leave

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulate sick leave. Employees, therefore, are never paid for any sick leave balance at termination of employment or any other time. Therefore, it is not appropriate to accrue the value of the accumulated sick leave.

K. Employee Retirement System

Qualified employees are covered under multiple-employer defined benefit pension plan by an agency of the State of California. Certificated employees are members of the State Teachers' Retirement System (CalSTRS). The risks of participating in this multi-employer plan are different from single-employer plan in the following aspects:

1. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of the other participating employers.
2. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
3. If the School chooses to stop participating in some of its multi-employer plans, the School may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Academy's participation in this plan for the fiscal year ended June 30, 2013, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2013 and 2012 is for the plan's year-end at June 30, 2012 and June 30, 2011, respectively. The zone status is based on information that the School received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

Pension Fund	Plan Number	Year Ended June 30		Pending/Implemented	Year Ended June 30			Employees Participating	Surcharge Imposed
		2012	2011		2013	2012	2011

CalSTRS:

The Academy contributes to the State Teachers' Retirement System (CalSTRS), a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. Required contribution rates are set by the California Legislature and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level of percentage of payroll using the entry age normal actuarial cost method. CalSTRS also uses the level percentage of payroll method to calculate the amortization of any unfunded liability. Copies of the STRS annual report may be obtained from the STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

For the fiscal year ended June 30, 2013 active plan members were required to contribute 8% of their salary and the employer contribution rate was 8.25% of annual payroll. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. The Academy made contributions as noted above. For the year ended June 30, 2013 the State contributed \$55,094 on behalf of the Academy.

L. Adjustment to Beginning Net Assets

Deficit in beginning temporarily restricted net assets was the result of program expenditures in excess of restricted revenue sources. These expenditures were covered by unrestricted sources and as such the beginning balance is being adjusted to reflect those expenditures from unrestricted sources rather than temporarily restricted sources.

M. Subsequent Event

In July 2013 the Academy entered into operating lease agreements for facilities with OCI Development Corporation. The lease terms provide for use of three facilities for one year in exchange for rents of \$18,657 per month.

In August 2013 the Academy entered into an operating lease for facilities with Salvation Army. The lease terms provide for use of facilities for one year in exchange for rents of \$13,388 per month through May of 2014 with an increase in rent of \$1,513 for June and July 2014.

In December 2013 the Academy sold a vehicle for \$26,000.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With Government Auditing Standards**

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Wisdom Academy for Young Scientists (a nonprofit organization), which comprise the statement of financial position as of June 30, 2013, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 15, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wisdom Academy for Young Scientists' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wisdom Academy for Young Scientists' internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and/or significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2013-1, 2013-2, 2013-3, 2013-5, 2013-6 and 2013-9 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2013-4, 2013-7 and 2013-8 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wisdom Academy for Young Scientists' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as items 2013-9, 2013-10 and 2013-11.

The Academy's Response to Findings

The Academy's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The School's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each
Major Program and on Internal Control Over Compliance
Required by OMB Circular A-133**

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

Report on Compliance for Each Major Federal Program

We have audited Wisdom Academy for Young Scientists' compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Wisdom Academy for Young Scientists' major federal programs for the year ended June 30, 2013. Wisdom Academy for Young Scientists' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Wisdom Academy for Young Scientists' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about ABC Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Wisdom Academy for Young Scientists' compliance.

Opinion on Each Major Federal Program

In our opinion, Wisdom Academy for Young Scientists complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of Wisdom Academy for Young Scientists are responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wisdom Academy for Young Scientists' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of ABC Academy's internal control over compliance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2013-9 to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies which we considered to be significant deficiencies in internal control over compliance.

The Academy's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Academy's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on State Compliance

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

Report on State Compliance

We have audited the Academy's compliance with the types of compliance requirements described in the *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13*, published by the Education Audit Appeals Panel, that could have a direct and material effect on each of the Academy's state programs identified below for the fiscal year ended June 30, 2013.

Management's Responsibility for State Compliance

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each applicable program as identified in the State's audit Guide *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13* published by the Education Audit Appeals Panel. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the comptroller General of the United States; and the State's audit guide *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13* published by the Education Audit Appeals Panel. Those standards and audit guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the district's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine the district's compliance with the state laws and regulations applicable to the following items:

The term N/A is used above to mean either the Academy did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

Basis for Qualified Opinion on State Compliance

As described in items 2013-10 and 2013-11 in the accompanying schedule of findings and questioned costs, the Academy did not comply with some requirements associated with the class size reduction program and the after school education and safety program. Compliance with such requirements is necessary, in our opinion, for the Academy to comply with the requirements applicable to the programs.

Qualified Opinion on State Compliance

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Wisdom Academy for Young Scientists complied, in all material respects, with the compliance requirements referred to above that are applicable to the statutory requirements listed in the schedule above for the year ended June 30, 2013.

The Academy's Response to Findings of State Compliance

The Academy's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Academy's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13*, published by the Education Audit Appeals Panel. Accordingly, this communication is not suitable for any other purpose.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

A. Financial Statement Findings

Finding 2013-1 (30000)
Bank Reconciliations

Criteria or Specific Requirement

Determine that the Academy has sufficient internal controls to ensure proper recording of transactions and safeguarding of assets.

Condition

Upon completion of bank reconciliations, each month an adjustment is made to the financial statements for any amounts that are unknown as to the nature of the transaction. These amounts are being posted into suspense accounts with the intent of subsequently posting a journal entry to record the transactions into the correct expenditure or revenue account. At year end these items were not reconciled and posted into the proper accounts. In addition, these items are not supported by any documentation that verifies the amounts are appropriate or approved.

Questioned Costs

\$13,735 recorded in suspense account

Context

Some items recorded in the bank reconciliations are not supported by invoices or approval documentation.

Effect

The Academy is at risk of recording errors and misappropriation of assets.

Cause

The Academy has not established adequate procedures to ensure that supporting documentation is provided for all transactions associated with the bank accounts. As a result, the individual charged with responsibility for reconciling bank accounts does not have sufficient information to adequately report information. Management officials from the school site are not providing information necessary to post correcting journal entries. In addition, these items are not being reviewed subsequent to completion of bank reconciliations.

Recommendation

Establish procedures to ensure supporting documentation is provided for all transactions. Ensure that the procedures include documentation of approval for expenditures and for subsequent review by management of the Academy.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure supporting documentation is maintained for all transactions.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Finding 2013-2 (30000)
Payroll Expense Reconciliations

Criteria or Specific Requirement

Determine that amounts for payroll are accurately reported and reconcile to supporting documentation.

Condition

Payroll expenses were not consistently reconciled to the general ledger.

Questioned Costs

None

Context

Adjusting journal entries were posted to the financial statements to correct the payroll liability and payroll expense.

Effect

The financial statements were misstated by a material amount.

Cause

The Academy has not adequately established written policies and procedures to ensure the timely reconciliation of payroll expenses and liabilities.

Recommendation

Establish clear policies and procedures to reconcile payroll liabilities and expense accounts monthly. The reconciliation should be reviewed and approved by management.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure appropriate controls over payroll reporting.

Finding 2013-3 (30000)
Year End Accruals and Closing Process

Criteria or Specific Requirement

Determine that the financial statements are accurately reported.

Condition

The Academy did not record closing transactions for accounts receivable, accounts payable, prepaid expenses, and capital assets. In addition, journal entries were posted to the financial statements resulting in recording differences between the trial balance provided for audit purposes and the amounts reported to the Los Angeles County Office of Education for inclusion in their unaudited actuals submitted to the California Department of Education.

Questioned Costs

None

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Context

Adjusting journal entries were posted to the financial statements to correct accounts receivable, accounts payable, prepaid expenses, and capital assets.

Effect

The financial statements were misstated by a material amount.

Cause

The Academy has not adequately established written policies and procedures for year-end closing and recording of accruals.

Recommendation

Establish clear written policies and procedures for year-end closing which includes reconciliation of revenue and expense items sufficient to record accruals for accounts receivable, accounts payable, prepaid expenses and capital assets. Review year-end financial statements to ensure accuracy of reporting. Establish a timeline for closing to ensure no changes are made after submission of financial statements to oversight agencies.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate reporting of financial statements.

Finding 2013-4 (30000)

Payroll Documentation

Criteria or Specific Requirement

Ensure that individuals charged to payroll are employees of the Academy and that there are adequate controls over payroll to safeguard the assets of the organization.

Condition

Personnel Action Forms which document employee's position and approved pay rates are not complete. In 100% of Personnel Action Forms reviewed there were missing approval signatures on the forms. In addition, in 9 out of 10 I-9's reviewed the forms are not being completed correctly. The I-9 forms were either missing the documentation of what items were reviewed to verify eligibility for employment, missing employer signature of verification, or both.

Questioned Costs

None

Effect

The Academy is exposed to risk of noncompliance with I-9 requirements. In addition, the Academy is exposed to risk of paying individuals who are not approved by management.

Cause

The Academy has not established adequate procedures which require hiring documentation be completed and reviewed prior to filing away in the employee file.

Recommendation

Establish policies and procedures to ensure that hiring documentation is being completed, including approval signatures, and reviewed by management.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure appropriate controls over payroll.

Finding 2013-5 (30000)

Capital Assets

Criteria or Specific Requirement

Verify that amounts reported for Capital Assets are correctly stated and that estimates of useful lives are reasonable.

Condition

The Academy is unable to provide a detail of Capital Assets or a depreciation schedule to support amounts recorded in the financial statements. In addition, purchases of capital assets were inappropriately recorded as expenses rather than increases to capital assets. The Academy did not calculate and record depreciation. We attempted to contact the previous auditor to obtain information regarding balances in capital assets but received no response.

Context

Adjusting journal entries were posted to the financial statements to record current year additions and an estimate of depreciation.

Effect

There is not sufficient audit evidence to determine if amounts recorded in capital assets are correct or if there is a material misstatement in the financial statements associated with capital assets. In addition, the Academy is exposed to risk associated with disappearance of capital assets as there is not a tracking system for such items.

Cause

The Academy has not adequately established policies for tracking capital assets and ensuring that they are appropriately recorded in the financial statements. The Academy has relied on previous auditors to post adjusting journal entries for additions and depreciation. The Academy has not established procedures for disposal of capital assets.

Recommendation

Obtain an appraisal of all capital assets owned by the Academy to ensure that all assets of the Academy are tracked and recorded. Establish inventory procedures to ensure that all items are still in custody of the Academy at year end. Establish procedures to ensure recording of additions and depreciation are done as a part of year end closing procedures.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate reporting of capital assets.

Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Finding 2013-6 (30000)
Credit Card Supporting Documentation

Criteria or Specific Requirement

Ensure that the Academy has procedures in place to ensure allowable expenditures and safeguard assets.

Condition

The school is using credit cards to purchase some items and subsequently repaying the credit cards with a check. The credit card statements are being used as supporting documentation for the check written; however, the credit card statements do not include receipts for all expenditures for which they were used.

Questioned Costs

\$5,858 known credit card expenses from sample selected.

Context

Credit card statements are being used as the only supporting documentation for some expenditure items.

Effect

Expense items paid with credit cards are not adequately supported by itemized receipts and approval documentation. The Academy is exposed to risk of misappropriation of assets.

Cause

The Academy has not established adequate written procedures requiring attachment of supporting invoices or receipts for credit card transactions.

Recommendation

Establish written procedures requiring the attachment of supporting invoices or receipts for all credit card transactions.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure supporting documentation is maintained for all transactions inclusive of credit card transactions.

Finding 2013-7 (30000)
Beginning Net Assets

Criteria or Specific Requirement

Ensure that amounts reported in the financial statements are materially correct.

Condition

Beginning net assets were not in agreement with prior year audited ending net assets. The Academy was unable to provide reconciling items that supported adjustments to beginning net assets. We attempted to contact the previous auditor to obtain a reconciliation and prior year audit adjusting journal entries but received no response.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Schedule of Findings and Questioned Costs

Year Ended June 30, 2013

Questioned Costs

None

Context

Amounts reported by the Academy as beginning net assets varied from the prior year audit report by \$9,727. An adjustment was posted to bring the beginning balance in agreement with prior year audit report.

Effect

Beginning net assets were not in agreement with prior year audited ending net assets.

Cause

The Academy did not have procedures to reconcile beginning net assets with prior year audit report and did not have procedures in place to track prior year adjustments.

Recommendation

Establish written procedures to reconcile beginning net assets with audited ending net assets from the previous year.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure beginning net assets reconciles to audited ending net assets.

Finding 2013-8 (30000)

Inconsistent Reporting

Criteria or Specific Requirement

Verify that the Academy has reported accurate financial statements to oversight agencies.

Condition

The Academy is reporting to the Internal Revenue Service that they are operating on a calendar year but reporting to the Los Angeles County Office of Education and California Department of Education that they are operating on a fiscal year beginning July 1 and ending June 30. The financial reporting to the different oversight agencies is not consistent based upon different reporting of fiscal years.

Questioned Costs

None

Context

Established in California statute local education agencies report under a fiscal year beginning July 1 and ending on June 30. Internal Revenue Code requires that tax returns be prepared based upon the fiscal year of operation.

Effect

There is inconsistent reporting between the Academy and government agencies.

Cause

The Academy has not established a fiscal year with the Internal Revenue Service.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Recommendation

File necessary reports with the Internal Revenue Service to align tax reporting years with the Academy's fiscal year.

LEA's Response

The Academy will review this recommendation and subsequently take action to ensure consistent reporting between government agencies.

B. Federal Award Findings

Finding 2013-9 (50000)

Schedule of Expenditures of Federal Awards

Federal Major Program Identification

<u>Award Year</u>	<u>Program</u>	<u>CFDA #</u>	<u>Federal Grantor</u>	<u>Pass-Through Agency</u>
2012-13	National School Lunch Program	10.555	U.S. Department of Agriculture	California Department of Education
2012-13	Special Education Cluster	84.027	U.S. Department of Education	California Department of Education

Criteria or Specific Requirement

Determine that amounts reported in the Schedule of Expenditures of Federal Awards are accurately reported.

Condition

The Academy did not separately track expenditures for federal programs in their financial software.

Questioned Costs

Amounts expended under federal major programs audited were:

2012-13 National School Lunch Program (10.555) - \$212,061
2012-13 Special Education Cluster (84.027) - \$99,925

Context

OMB Circular A-133 requires the presentation of a schedule of expenditures of federal awards for any agency expending greater than \$500,000 of federal awards.

Effect

The Academy had to go through every expenditure item to identify which items were expended under federal awards. It took a significant amount of time to complete the schedule of expenditures of federal awards and delayed the timing of audit procedures associated with the Single Audit requirements under OMB Circular A-133. In addition, failure to track expenditures separately exposes the Academy to risk of understating federal expenditures or potentially using the funds in unallowable manners such as supplanting required services.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Schedule of Findings and Questioned Costs

Year Ended June 30, 2013

Cause

The Academy has not established policies and procedures requiring separate tracking of federal expenditures. There are not adequate internal controls in place to evaluate federal expenditures to ensure that they are accurately reported, meet program requirements, and are not used to supplant existing services.

Recommendation

Establish written policies and procedures requiring separate tracking of federal expenditures. Review expenditures to ensure they meet program requirements.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate reporting of federal expenditures.

C. State Award Findings

Finding 2013-10 (40000)

Class Size Reduction Program

Criteria or Specific Requirement

Verify that amounts reported on the form J-7CSR were accurate and were based on average daily enrollment taken from the first day of school through April 15 of the school year being reviewed.

Condition

In our review of the form J-7CSR the data was prepared using average monthly enrollment based upon the last day of the school month rather than average daily enrollment from the first day of classes through April 15.

Questioned Costs

None, See recommendation below

Context

Education Code Section 52124.5 states that school districts and charter schools should compute the average daily enrollment for each class by adding the active enrollment for each class for each instructional day starting from the first day of school through April 15, and dividing that total by the count of instructional days.

Effect

The eligible students reported for grade 1 was understated by 1 student.

Recommendation

Establish procedures to accurately calculate average daily enrollment for classes included in the class size reduction program. Revise the form J-7CSR to accurately report eligible students for grade 1. Revisions should be as follows:

Grade	Class Size	Eligible Students Original	Eligible Students Revised	Change in Funding
1 st Grade	21.45 – 22.44	18	36	\$ 19,278
1 st Grade	22.45 – 22.94	17	0	\$(18,207)
Net Change in Funding				\$ 1,071

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate calculations for the form J-7CSR. The Academy will amend the form J-7CSR to accurately reflect class sizes for the 2012-13 fiscal year.

Finding 2013-11 (40000)
After School Education and Safety Program

Criteria or Specific Requirement

- A. Verify that elementary students being reported for attendance are participating in the full day of the program except as consistent with the LEA's established early release policy.
- B. Verify that Indirect Costs are not in excess of 5% or the LEA's established indirect cost rate, whichever is lower.

Condition

- A. Sign out sheets for the after school education and safety program did not include time student was released for 827 out of 896 days tested. It could not be determined if these students participated in the full day of the program or if they met early release policy of the LEA.
- B. The Academy used an indirect cost rate of 5.26% which exceeds the allowable 5% for the program.

Questioned Costs

Program revenues were \$112,500. Amounts in excess of allowable indirect costs were \$2,660.

Context

- A. Education Code 8483(a)(2) states that it is the intent of legislature that elementary school students attend the full day of the program every day in which students participate, except as consistent with the LEA's early release policy.
- B. Education Code 8483.9(a) limits indirect costs to the lesser of the LEA's approved indirect cost rate or 5%.

Effect

- A. It cannot be determined if the students participated for the entire day of the program.
- B. The Academy exceeded allowable indirect costs.

Cause

- A. The Academy has not established adequate policies and procedures to document time students were released from the program to ensure that only students who participated in the full day or met an early release exception based on the LEA's policies were counted towards attendance reported.
- B. The Academy has not established adequate policies and procedures to ensure that indirect costs are not charged at amounts greater than allowable amounts for the program.

Recommendation

Establish procedures to document time students are released from the program and ensure that they meet requirements of the program to be counted for attendance purposes. Establish procedures to ensure correct indirect cost rates are being utilized.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

The Academy will review this recommendation and subsequently establish necessary procedures to ensure compliance with the after school education and safety program.

Wisdom Academy for Young Scientists
Capital Expense Analysis

Purchase

Item: SUV or Sedan (Vehicle)

Use: Executive Business Transportation

Reason: Merle Williamson Foundation (MWF) may provide the Administrative Personnel an automobile vehicle and operating expenses for the use of conducting MWF business and reasonable personal use. Provided that MWF Administrative Personnel chose to utilize the Executive Business Transportation, this will reduce the automobile use reimbursement costs and wear and tear for individual Personnel property.

Impact: +/- 10,000 annual Personnel transportation expenses

Date: July 2012

Sale

Item: SUV or Sedan (Vehicle)

Use: Executive Business Transportation

Reason: In best interest of the stakeholders of the Merle Williamson Foundation (MWF), selling the Executive Business automobile vehicle should provide the funds to better serve the school. In which those funds may be used to purchase a vehicle for pupil transportation.

Impact: \$28,000 - \$32,000 one-time payment; +/- \$10,000 annual Personnel transportation reimbursements.

Date: August 2013

Purchase

Item: School Bus/Van (Vehicle)

Use: Pupil Transportation, Utility Vehicle

Reason: Subsidize expenses for rentals and chartered school buses for short-distance fieldtrips and destinations. Provide a van for Pupil transportation and select utility use.

Impact: +/- 10,000 annual Pupil transportation expenses

Date: TBD

Board Member Resolution for Action

ADOPTED BY CONSENT VOTE

20. Ms. Garcia, Ms. Galatzan and Dr. Vladovic – Resolution to Support Placing a Revenue Extension Measure on the Ballot (Waiver of Board Rule 72)

Whereas, Governor Brown's 2011-12 budget proposal attempts a more balanced approach to solving the state's budget deficit, employing both revenues and reductions and providing for an extension of temporary revenues to support programs our students need and deserve;

Whereas, Over the last several years, K-12 education funding has been deeply impacted by a disproportionate share of state budget cuts;

Whereas, State and local funding for schools have been cut by more than \$18 billion, or about \$1,900 per student in the last three years;

Whereas, The District has lost \$1.5 billion in state funding over the past three years;

Whereas, The loss of \$7 billion in one-time federal funding means additional cuts to school budgets statewide;

Whereas, To begin to reverse this downward spiral, Californians must retain the revenues that enable us to invest in our schools and students;

Whereas, The governor's budget proposal to limit further cuts to schools in 2011-12 is dependent on voter approval of an extension of existing temporary tax increases;

Whereas, A ballot measure to extend temporary revenues will help prevent further cuts to schools, and without this extension the California Legislative Analyst Office reports that funding for schools would fall by as much as \$5 billion;

Whereas, The District expects our local legislators to work with the governor to protect schools from further cuts and to ensure the continued investment our students deserve; and

Whereas, The District opposes a cuts-only budget and supports a budget that is balanced with a combination of reductions and revenues; now therefore, be it

Resolved, That the Governing Board of the Los Angeles Unified School District supports placing a measure on the June 2011 ballot calling for a five-year revenue extension to protect our schools and students by making education a priority in our state.

Subject: LAUSD Final Offers
From: Anne Lee (ALee@calcharters.org)
To: Legal@calcharters.org
Date: Thursday, April 7, 2011 5:05 PM

CONFIDENTIAL; ATTORNEY-CLIENT PRIVILEGED; ATTORNEY WORK PRODUCT

Greetings, LAUSD Prop. 39 Applicants!

As you all know, LAUSD was required to provide all eligible Prop. 39 applicants with final notifications of facilities, or final offers, for the 2011-12 school year by April 1, 2011. We are aware that 71 schools received final offers. Charter schools must notify LAUSD whether or not they intend to occupy the offered space no later than May 1, 2011. To that end, CCSA's Legal Advocacy Team would like to provide you with some assistance as you review your final offers. As part of our advocacy efforts directed at increasing the number of Prop. 39 seats available to charter schools, we request that you take the following actions as soon as possible:

Charter School Prop. 39 Applicant Action Plan:

1. Review the Offer Criteria Checklist to Understand What You are Entitled to Receive.

Review the attached memo to guide you as you review your final offer. We also circulated this memo after preliminary offers were issued. In addition, please review the Initial Thoughts on Final Offers section outlined below in this message. Please do not circulate these documents or this e-mail outside of your organization, as they may be privileged and confidential.

2. Discuss Your Final Offer with One of Our Attorneys.

Please make yourselves available for a member of our legal team to call you in the next

week or two to discuss with you the details of your offer. It would be helpful if you have reviewed the attached memo in advance of this call. We anticipate that the call will take around 20 minutes, but may take more or less time depending on the number of requests you have made, offers you have received, and questions that you may have in regards to your offers. **There is no charge to you for this service.**

3. Accept or Reject your Facilities Offer by May 1, 2011.

Prepare your response to LAUSD no later than May 1, 2011 (if legal counsel is not already drafting this for you). We suggest using one of CCSA's May 1 LAUSD template response letters, attached. One template is for rejection of space and the other is for acceptance of space, so please make sure you use the correct template! We have modified our statewide templates to address particular issues we have identified in LAUSD's final offers, including those set forth below. We encourage you to carefully review the templates and tailor them as appropriate. There is another attached template response letter to use in the event that you did not receive a final offer and you believe that you remain eligible for a Prop. 39 facilities allocation.

4. Send In Your May 1 Responses to the Legal Advocacy Team. Please send copies of any correspondence you send to the District to CCSA's Legal Advocacy Team at legal@calcharters.org.

Initial Thoughts on Final Offers for You To Consider:

The Legal Advocacy Team has had the opportunity to review some of LAUSD's final offers and notes the following points for your to consider.

1. Pro rata share calculations: The District's facilities cost calculation continues to include line items not allowed under Prop. 39, including but not limited to District-imposed custodial/maintenance (RRGM). These are ongoing maintenance items which are the responsibility of the school under the Prop. 39 regulations. Our template letters discuss how to respond to these extraneous line items.

2. Site Visits: Many of the final offers state that LAUSD will not allow site visits of the

Print

<https://us-mg6.mail.yahoo.com/neo/launch?.rand=3gjejn5fmru...>

offered campuses, citing staffing and budgetary constraints. CCSA's Legal Advocacy Team is working to obtain schools' access to inspect their offered campuses. As you all know, charter schools must have the ability to tour their offered campuses in order to meaningfully assess their offers, determine if the spaces offered are suitable for their needs, and negotiate a cost reduction resulting from declined, unused square footage.

3. Shared space: LAUSD is offering shared specialized classroom and non-classroom space, but then states that access to such space "to the extent available." Districts are required under Prop. 39 to *make available* such spaces to charter schools, not simply provide them with leftover, unused space. Please review each of these allocations of specialized classroom and non-classroom space to determine which of these allocations you will use based on your education program and unique programmatic needs, and to reiterate your entitlement to such space. There is also still time to request an increased proportionate share of certain space, or to indicate which spaces, if any, you will likely not be using. Further refining your shared space allocation should result in a more accurate pro rata share charge. Hopefully, if charter schools have access to tour the offered campuses, they will be more informed when making these decisions.

4. Disclosures in Exhibit C: The offers still attach disclosures which contradict terms of LAUSD's existing facilities use agreement ("FUA"), which could potentially severely restrict charter schools' use of their campuses. Specifically, the Civic Center disclosure does not allow for prior consent by the charter school before a Civic Center Act permit is issued for use of the campus. The current version of LAUSD's FUA specifically gives charter schools this right. Additionally, the disclosures state that the use of the campus is subject to the "Beyond the Bell program" and take priority over charter school activities in shared spaces, and that charter schools' use of the campus is subject to any third party leases or licenses given for use of the campus. Charter schools' right to their offered campuses under Prop. 39 cannot be restricted or undermined in this fashion. We recommend that you strongly object to these restrictions. It appears that LAUSD has attempted to modify these disclosures since the preliminary offers were issued, but they are still problematic.

5. Calculation of Square Footage; Allocation of Space: There is no documentation in the preliminary proposals or final offers to support the square footage in LAUSD's calculations. We recommend that schools request the exact square footage at their campuses, as well as a description of the non-classroom space and specialized classroom space to which they will have access. If schools are able to visit their offered facilities, they should consider taping the actual square footage of classrooms and other space allocated to them to ensure that the square footage is accurate.

6. Distant and Non-Contiguous Offers: We note that several offers still allocate facilities in multiple sites and/or are distant from where charter schools requested space. We do not believe that LAUSD is justified in making such offers, and we believe that these offers do not comply with Prop. 39. Our templates provide guidance on how to respond to non-contiguous and distant offers.

We appreciate your continued cooperation and communication with us throughout this Prop. 39 cycle, especially as we continue to seek enforcement of LAUSD's compliance with Prop. 39. Please do not hesitate to contact the Legal Advocacy Team if you have any questions.

TO: CCSA Members in Los Angeles
FROM: CCSA Legal Advocacy Team; James L. Arnone, Esq.
DATE: January 27, 2011
SUBJECT: PROP. 39 PRELIMINARY PROPOSAL AND FINAL NOTIFICATION CRITERIA

CCSA has developed the follow checklist to assist you in analyzing wither your preliminary facilities proposal and your final notification of space from your school district comply with Prop. 39 and its regulations. The first and second parts recite the minimum components required in a preliminary proposal and a final notification under the Prop. 39 regulations, respectively. The third part enumerates additional requirements for Prop. 39 facilities offers generally. If the answers to all questions below are "Yes," then the preliminary proposal and final notification of space comply with Prop. 39. Please do not hesitate to contact a member of CCSA's Legal Advocacy Team if you have questions about these criteria.

1. **Minimum Components of a Preliminary Proposal** (set forth in Prop. 39 Implementing Regulations at 5 Cal. Code Regs. Section 11969.9(f)):
 - a. Prepared in writing on or before February 1? (11969.9(f))
 - b. Includes projections of in-district classroom ADA on which the proposal is based? (11969.9(f)(1))
 - c. Includes the specific location or locations of the space? (11969.9(f)(2))
 - d. Includes all conditions pertaining to the space, including a draft of any proposed agreement pertaining to the charter school's use of the space? (11969.9(f)(3))
 - e. Includes the projected pro rata share amount and a description of the methodology used to determine that amount? (11969.9(f)(4))
 - f. Includes a list and description of the comparison group schools used in developing its preliminary proposal? (11969.9(f))
 - g. Includes a description of the differences between the preliminary proposal and the charter school's facilities request? (11969.9(f))

2. **Minimum Components of a Final Notification of Space** (set forth in Prop. 39 Implementing Regulations at 5 Cal. Code Regs. Section 11969.9(h)):
 - a. Prepared in writing on or before April 1? (11969.9(h))
 - b. Includes a response to the school's concerns and/or counter-proposals, if any? (11969.9(h))
 - c. Identifies teaching stations, both exclusive and shared? (11969.9(h)(1))
 - d. Identifies specialized classroom space, both exclusive and shared? (11969.9(h)(1))
 - e. Identifies non-teaching space, both exclusive and shared? (11969.9(h)(1))
 - f. For shared space, identifies arrangements for sharing space? (11969.9(h)(2))
 - g. Includes assumptions of in-district classroom ADA on which allocation is based? (11969.9(h)(3))
 - h. Includes an explanation of reasons for difference, if any, between charter school's and district's ADA projections? (11969.9(h)(3))
 - i. Includes the specific location or locations of the space? (11969.9(h)(4))
 - j. Includes all conditions pertaining to the space? (11969.9(h)(5))
 - k. Includes the projected pro rata share amount? (11969.9(h)(6))

1. Includes a payment schedule for the pro rata share amount, which must take into account the timing of revenues from the state and local property taxes? (11969.9(h)((7))

3. General Compliance of Preliminary and Final Proposals with Prop. 39:

a. **Sufficient Classroom Space:** Does the proposal make available facilities sufficient for the charter school to accommodate all of the charter school's in-district students? (Ed. Code Section 47614(b))

b. **Conditions:** Are the conditions of the proposal facility reasonably equivalent to those in which the students would be accommodated if they were attending other public schools of the district? (Ed. Code Section 47614(b))

c. **Location:** Has the district made reasonable efforts to provide the charter school with facilities near to where the charter school wishes to locate? (Ed. Code Section 47614(b))

d. **Move Unnecessarily:** If the proposal would require that the charter school move, does the district adequately demonstrate that such a move is necessary? (Ed. Code Section 47614(b))

i. **Conversion Site—SBE waiver obtained for move?**

e. **Contiguity:** Are the offered facilities contiguous (contained on the school site or immediately adjacent to the school site) (Ed. Code Section 47614(b))?

i. If the proposal does not accommodate a charter school at a single school site, has the district's governing board made a finding that the charter school could not be accommodated at a single site and adopted a written statement of reasons explaining the finding? (11969.2(d))

f. **Furnished:** Are the offered facilities furnished and equipped? (Ed. Code Section 47614(b))

g. **Capacity:** Are the facilities being made available in the same ratio of teaching stations (classrooms) to ADA as those provided to students in the school district attending comparison group schools? (11969.3(b)(1))

h. **Specialized Classroom Space:** Does the space allocation include a share of the specialized classroom space and/or a provision for access to reasonably equivalent specialized classroom space (as described in the regulations)? (11969.3(b)(2))

i. **Non-Classroom Space:** Does the space allocation include a share of the non-classroom space and/or a provision for access to reasonably equivalent non-classroom space (as described in the regulations)? (11969.3(b)(3))

j. **Maintenance/Operations:** Will the school be allowed to conduct its own ongoing operations and maintenance of facilities and furnishings and equipment? (11969.4)

k. **Pro Rata Share:** Does the pro rata share include only those facilities costs allowed under the regulations? (See Section 11969.7 of the Implementing Regulations for description of allowed costs.)

l. **Oversight Fee:** If the district is charging a pro rata share, is the oversight cost limited to the district's actual costs of supervisory oversight of the charter school not exceeding 1% of the school's revenue? (11969.7(f))

m. **Reasonable ADA Projections:** Is the proposal based on reasonable ADA projections (either the school's reasonable projections, or the district's modified reasonable projections)? (11969.9(b))

n. Facilities Use Agreement ("FUA"):

i. Is the district allowing the parties to negotiate the FUA? (11969.9(k))

ii. Will the school district maintain first party property insurance for the facilities allocated to the charter school? (11969.9(k)(1))

iii. Does the FUA include a reciprocal hold harmless/indemnification provision? (11969.9(k)(3))

iv. Will the school district be responsible for any modifications necessary to maintain the facility in accordance with Education Code section 47610(d) or 47610.5. (Building Code, Field Act)? (11969.9(k)(4))

JUN 07 2011

Board Meeting – June 7, 2011

BY: JRG: mbr
Ex Officio Secretary

Item VI. Recommendations

- C. Action on the *Wisdom Academy for Young Scientists Charter School* on appeal of non-renewed Petition by the Los Angeles Unified School District Board of Education

The Interim Superintendent recommends that the Los Angeles County Board of Education (County Board) adopt the revised June 7, 2011 Findings of Fact and the May 10th Report in Support of Denial (Attachments 1 and 2), and take action to deny the charter petition for *Wisdom Academy for Young Scientists Charter School*, received on appeal following denial by the Los Angeles Unified School District Board of Education.

California Education Code Section 47605(b) requires that the County Board evaluate the petition according to the criteria and procedures established in law and may only deny a petition if it provides written findings addressing the reasons for the denial. Denial of a petition is limited to the following reasons, as stipulated by Education Code:

- (1) The charter school presents an unsound educational program
- (2) The petitioners are demonstrably unlikely to successfully implement the program
- (3) The petition does not contain the required number of signatures
- (4) The petition does not contain an affirmation of specified assurances
- (5) The petition does not contain reasonably comprehensive descriptions of the 16 required elements of a charter

A summary of the Finding of Fact supporting the denial of the *Wisdom Academy for Young Scientists Charter School* petition is as follows:

Finding 1: Under EC section 47605(b)(1), the charter school presents an unsound educational program

The educational program is unsound for specific subgroups of students as described under required Element 1: Description of the Educational Program; Element 2: Measurable Student Outcomes; and Element 3:

**ACTION ON THE BUILDING BRIDGES INTERNATIONAL CHARTER SCHOOL
APPEAL OF A PETITION PREVIOUSLY DENIED BY CULVER CITY UNIFIED
SCHOOL DISTRICT BOARD OF EDUCATION**

The Interim Superintendent recommended that the Los Angeles County Board of Education adopt the findings of fact in the report as revised and take action to deny the charter petition for Building Bridges International Charter School received on appeal following denial by Culver City Unified School District Board of Education.

It was **MOVED** by Dr. Turrentine and **SECONDED** by Mrs. Holt to deny the charter petition for Building Bridges International Charter School received on appeal following denial by Culver City Unified School District Board of Education. Discussion followed.

Speaking in support of Building Bridges International Charter School were Dr. Powell, Dr. Hocevar, Dr. Hasan, and Ms. Janelle Ruley.

Mr. Boyd requested definitive information in writing on whether the County Board is allowed to accept and approve a charter petition with material changes or not.

A roll call vote to deny the charter petition for Building Bridges International Charter School received on appeal following denial by Culver City Unified School District Board of Education was taken. Voting yes were Ms. Braude, Mrs. Holt, Mr. Saenz, and Dr. Turrentine. Voting no were Mr. Boyd and Ms. Yepes.

The motion **CARRIED** to deny the charter petition for Building Bridges International Charter School received on appeal following denial by Culver City Unified School District Board of Education.

**ACTION ON THE WISDOM ACADEMY FOR YOUNG SCIENTISTS CHARTER
SCHOOL ON APPEAL OF A NON-RENEWED PETITION BY THE LOS ANGELES
UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION**

The Interim Superintendent recommended that the Los Angeles County Board of Education adopt the revised June 7, 2011 findings of fact and the May 10, 2011 report in support of denial, and take action to deny the charter petition for Wisdom Academy for Young Scientists Charter School, received on appeal following denial by the Los Angeles Unified School District Board of Education.

Speaking in support of Wisdom Academy for Young Scientists Charter School was Mr. Mickey L. Cureton.

It was **MOVED** by Mr. Boyd and **SECONDED** by Mrs. Holt to reject the Interim Superintendent's recommendation to deny the charter petition, and to grant renewal of the charter for Wisdom Academy for Young Scientists Charter School. Discussion followed.

Mr. Saenz is concerned about the conflicts of interest and whether the changes that have been made are permanent. He would like to make sure that LACOE has in writing a clear indication that those changes need to be permanent and if there is any departure from the permanence of those changes it would be grounds for revocation for this charter. He also requested that there be

a condition not to employ the previous Executive Director until any and all allegations of conflict of interest have been resolved in her favor.

Mrs. Holt requested that the following also be included in the motion: that Wisdom Academy for Young Scientists will comply with California's conflict-of-interest laws.

Mr. Boyd accepted the amendments to the motion from Mr. Saenz and Mrs. Holt.

Mr. Saenz stated that the motion is to approve the charter school renewal subject to the condition that the current Executive Director be contracted for two years, that the former Executive Director not be employed by or at the charter school until such time, if any, that the allegations of conflict of interest have been resolved fully in her favor, and that the school comply with all California conflict-of-interest laws.

Mr. Boyd and Mrs. Holt agreed to the amended motion.

Ms. Jan Isenberg, Project Director III, Charter School Office, stated that if the County Board moves to approve the charter, the Interim Superintendent recommended that the County Board incorporate the following provisions in its approval action. If authorized, recommended conditions for approval are: Term of the charter begins July 1, 2011 and runs through June 30, 2016 contingent upon the following conditions:

By June 30, 2011, Wisdom Academy shall submit to the Charter School Office the signed LACOE Monitoring and Oversight Memorandum of Understanding following the approval by the Wisdom governing board; shall submit changes to reflect the County Board as the authorizer; and complete and submit an application to a Special Education Local Plan Area (SELPA). The petitioner will notify LACOE Charter School Office in writing to which SELPA the application was made.

A roll call vote to approve the petition for renewal subject to the conditions presented was taken. Voting no were Ms. Braude and Dr. Turrentine. Voting yes were Mr. Boyd, Ms. Yepes, Mrs. Holt, and Mr. Saenz. The motion CARRIED.

HEARINGS

3:15 P.M. PUBLIC HEARING ON 2008-2011 LACEA COLLECTIVE BARGAINING TENTATIVE AGREEMENT FOR THE PERIODS 2008-2009, 2009-2010, AND 2010-2011
In compliance with the collective bargaining agreement public disclosure requirements set forth in Government Code section 3547.5 (a), the Office entered into a 2008-2011 Tentative Agreement with Los Angeles County Education Association (LACEA).

The purpose of the public hearing was to receive comments from the public, if any, to the 2008-2011 Tentative Agreement with LACEA.

Further talks, dialogue pending charter appeal decision.

Corrective Action Plan President McDonald reported Purpose of the Corrective Action Plan is to Cure the Conflict of Interest (COI) in reference to government code 1090 as it pertains to the Executive Director owning property on which Wisdom Academy for Young Scientists (WAYS) is located. The complete document can be reviewed by contacting the secretary or main office.

Parent/Teacher Student Report

Parent Council Report The PC met on June 2 to discuss the LACOE hearings and meetings. Parents were encouraged to show up to support the WAYS Charter renewal. The parents of WAYS have concerns and ideas they would like to see embraced by the administration. Some of the activities the Council is involved in consist of:

- Book Fair
- Volunteer

000396

• **Drill Team**

PC needs more support from parents in the school village and is asking for assistance in outreach. The PC asked questions re: the funds raised as a result of the Book Fair, (\$1,874 – goal \$1,500) Raffle Tickets (\$95.00), Sodas sale (\$67.00). Total funds in PC account \$8,000. PC wanted to know is there a (checking account) for the Parent Council? If there is not an account one is being requested. The class that raised the most money received a class reward of an Ice Cream Party. Parents additionally express concern re: communication from school in a timely manner and the possibility of summer school.

Executive Director's Report

The school is gearing up for STAR testing. Teachers, students, parents are concerned and anxiously awaiting the word from the county re: the WAYS charter appeal. Students are prepared to testify before the board and many have written statements, paragraphs addressing "why" WAYS should be approved. Students and teachers are supportive of the school remaining a viable source of quality education in the So Los Angeles community. LACOE hearing report (see document written by Michael Cureton) housed in secretary documents binder. Prop #39 (where will the students be housed?) 520 is the number in the charter. Question—can we get students at another site? Need a marketing campaign to attract students, families and teachers.

Principal's Report State of the school is solid—teachers received profession staff development training from Dr. Kennedy in areas of Assessment, Instruction (teaching), Curriculum, CA Standards, Classroom Environment, Student Behavior. PSD was timely, interactive and meaningful. LACOE's hearing status pending board requests, meeting June 7, 2011.

Business & Finance Bali Business Management gave financials re cash flow, income statement, balance, budget vs. actual and other financial matters. Total current assets: \$1,088,819 –the school is financially sound. Full report can be reviewed upon request.

Review of Documents for Submittal to LACOE—packet/book compiled by President McDonald, Secretary, Adell Walker, Principal Alake Watson, and Executive director, Michael Cureton. Board reviewed the submissions and approved for submission.

Action Items

- Approval of Prop #39—Not Approved
- Approval of Corrective Action Plan –Approved

Installation of New Board Officers/Members: board officers were given the Oath of Office and each officer, President-Alex Love; Vice President-Kandee Lewis; Secretary-Dorothy Valenti; Treasurer-Cathy Roby each accepted duties and responsibilities of the office held by raising right hand and swearing to abide.

Transition of leadership will take place July 1, 2011.

RE: PROPOSITION 39 FACILITIES BACK OUT NOTIFICATION

On July 1, 2011, the Los Angeles Unified School District ("District") received from Wisdom Academy for Young Scientists ("Charter School") unilateral notification that it will not occupy the District-offered space at 122nd Street ES or Figueroa EL School ("Facilities") as it previously accepted on April 1, 2011, pursuant to Proposition 39 for the 2011-12 school year.

Based on Charter School's recent representation it will not occupy the Facilities, the District will not incur any additional costs (including, but not limited to, acquiring furniture and equipment, reorganizing the campus, and making improvements and modifications to the Facilities) to accommodate Charter School. The Facilities will be used for District programs, and Charter School will not be entitled to any use of the Facilities for the 2011-12 school year.

Notwithstanding the foregoing, the District reserves all of its rights pursuant to 5 C.C.R. section 11969.9(i), and otherwise, based on Charter School's prior acceptance of the District-offered space at the Facilities.

Sincerely,

A handwritten signature in black ink, appearing to read "Jose", with a long horizontal stroke extending to the right.

1 **Los Angeles County Office of Education**
2 **Monitoring and Oversight Memorandum of Understanding¹**

3 **Wisdom Academy for Young Scientists Charter School**
4 **Charter Authorization Period: July 1, 2011 – June 30, 2016**

5 **INTRODUCTION**

6 The Los Angeles County Board of Education (hereinafter "County Board") is guided by the intent of
7 the legislature, that quality charter schools are and should be an integral part of the California
8 educational system. The County Board believes that charter schools provide an opportunity to
9 implement accountability-based school-level reform, support innovation which improves student
10 learning, and provide choice for parents. Charter schools operate under the provisions of the charter,
11 applicable state and federal laws, and the general oversight of the County Board.

12 The County Board supports this effort by establishing a defined accountability system for
13 determining the effectiveness of the charter schools it authorizes. Charter schools are public
14 schools; as such, their performance is subject to review and comparison with any other publicly
15 funded school. A charter school's demographic composition should reflect the community it serves
16 and in which it is located.

17 **PURPOSE OF AGREEMENT**

18 The State of California enacted the Charter Schools Act of 1992 authorizing the creation of charter
19 schools with the intent that the schools improve student learning through a variety of means,
20 including increased learning opportunities, innovative teaching methods, expanded choice for
21 parents, and performance-based accountability.

22 Education Code Section 47805 requires a charter petition need to provide a "reasonably
23 comprehensive description" of the manner in which the school will operate; it is not a comprehensive
24 document. An agreement is a useful tool for clarifying the expectations, operations, and
25 responsibilities of both parties beyond that which is required in the charter but is required for
26 successful operation and monitoring of a charter school.

27 County Board has established this Monitoring and Oversight Memorandum of Understanding
28 ("Agreement") to address matters not covered in the charter in order to clarify the monitoring and
29 oversight expectations and responsibilities. The Charter School Act allows the County Board to
30 authorize charter schools under specified circumstances and by doing so, becomes the authorizing
31 agency of the charter schools. The County Board has delegated to the County Superintendent of
32 Schools, its obligations to oversee its authorized charter schools under the terms of this Agreement,
33 the provisions of the school's charter, applicable laws, regulations, and County Board Policy and
34 Regulation.

35 The fundamental interest of the Los Angeles County Office of Education (hereinafter "LACOE") is —
36 on a continuing basis — to be reasonably assured that charter schools authorized by the County
37 Board are:

- 38 • Implementing the provisions of the charter as approved
39 • Adhering to all requirements of federal, state, and local law that apply to charter schools
40 • Being operated reasonably in all respects

¹ Adapted from the Memorandum of Understanding (MOU) utilized by the State Board of Education. This agreement reflects changes made for the Los Angeles County Board of Education as the authorizer.

- 1 • Providing a sound education for all their students

2 LACOE will report periodically to the County Board regarding its delegated oversight of the Wisdom
3 Academy for Young Scientists Charter School (hereinafter, "Charter School").

4 The County Board recognizes that there are matters related to the operation of the Charter School
5 and to the effective oversight of the Charter School by LACOE that go beyond the provisions
6 included in the school's charter. The County Board also acknowledges that the day-to-day operation
7 of the Charter School is appropriately carried out by the school's leadership, faculty, and staff. This
8 Agreement is intended to address those matters that have not been covered in the charter and to
9 provide guidance on the oversight policies and procedures of the County Board, as carried out by
10 LACOE. Further, this Agreement is intended to outline the parties' agreement governing their
11 respective fiscal and administrative responsibilities and their legal relationships.

12 The Charter School petition and this signed Agreement, which includes

- 13 • Attachment A: Student Achievement Plan Guidelines (if applicable);
14 • Attachment B: Fiscal Oversight Requirements and Financial Reporting;
15 • Attachment C: Reporting Timeline (as revised yearly);
16 • Attachment D: LACOE Closure Procedures;
17 • Attachment E: Action of the County Board to authorize the Charter School, including
18 conditions (To follow after approval of Minutes);
19 • Attachment F: Revisions to the charter petition necessary to reflect the County Board as the
20 authorizer; and
21 • Attachment G: Revisions to the charter petition necessary to comply with Education Code
22 Section 47607(a)(2)

23 constitute the conditions and terms under which the charter shall be monitored. To the extent that the
24 terms in the charter vary from the provisions of this Agreement, the Agreement (Initials) shall
25 take precedence unless both parties agree to other terms.

26 **TERM OF AGREEMENT**

27 This Agreement shall commence on the date upon which it is fully executed by all parties and shall
28 cover the term of the charter. This Agreement between LACOE and the Charter School is inclusive
29 of Attachments A through G.

30 Any modification of this Agreement must be in writing and executed by duly authorized
31 representatives of the parties.

- 32 1. The duly authorized representatives of the Charter School are the governing board president
33 or CEO/Director of the Charter School or designee.
34 2. The duly authorized representative of the County Board is the County Superintendent of
35 Schools or designee. For purposes of material amendments to the charter, such
36 amendments may only be made upon the approval of the Charter School's governing board,
37 and will take effect only if approved by the County Board.

38 This Agreement shall be reviewed at least annually, and may be amended or augmented by
39 addendum at any time with mutual agreement. In the case of mid-year changes in laws or policies,
40 the County Board and the Charter School reserve the right to request modifications to this
41 Agreement. Such modifications, if agreed upon, shall be included as Addenda to this Agreement.
42 Failure to reach agreement on required changes in the Agreement may result in termination of the

1 Agreement and the charter. (Initial *aw*) The approved Agreement (including any subsequent
2 Addenda) shall continue unless modified in writing. This Agreement shall automatically expire upon
3 the expiration or revocation of the charter. The approved Agreement (including any Addendums)
4 continues in existence as long as the Charter School is operational, but automatically expires if the
5 Charter School becomes non-operational, typically because of non-renewal, revocation, or voluntary
6 closure.

7 TERM OF THE CHARTER

8 The Charter School is a public school that is or shall be operating pursuant to a charter (hereinafter
9 the "charter"). On June 7, 2011, the County Board authorized the charter contingent upon the
10 petitioner making any necessary non-material changes to the petition, the signing of the LACOE
11 Monitoring and Oversight Memorandum of Understanding, and upon inspection and approval of
12 facilities.

13 The Charter School shall operate as a classroom based charter school within the boundaries of Los
14 Angeles Unified School District in the county of Los Angeles. The Charter School shall serve grades
15 K-5 and shall have an approximate enrollment of five hundred twenty (520) students per year for the
16 term of the charter.

17 The Charter School shall be responsible for all the functions of a charter school subject to applicable
18 statutes, the charter, the terms and conditions set forth in the charter, and this Agreement.

19 If applicable, the Charter School will commence its first year of operation between July 1 and
20 September 30, 2011, subject to any conditions that were specified by the County Board in the action
21 it took to approve the Charter. Any condition that was not met through revision of the Charter may be
22 addressed in this Agreement.

23 The Charter School's charter shall have a five (5) year term to expire on June 30, 2016. The
24 provisions of the charter and the Agreement shall be aligned.

25 The County Board reserves the right to approve material revisions to the charter and/or revoke the
26 charter as specified in Education Code Section 47607. *The school may only seek renewal of its*
27 *charter after successfully operating the school as specified in Section 4.4 of this Agreement.* (Initial
28 *aw*)

29

SECTION 1: GOVERNANCE AND ORGANIZATIONAL MANAGEMENT

30 The Charter School is operated by a nonprofit public benefit corporation, formed and organized
31 pursuant to the Nonprofit Public Benefit Corporation Law (Corporations Code § 5110 et seq.). The
32 Charter School is a separate legal entity and neither the County Board nor LACOE is liable for the
33 debts and obligations of the Charter School. The Charter School shall use all revenue received from
34 state and federal sources only for the educational services specified in the charter and this
35 Agreement for the benefit of the students enrolled in and attending the Charter School. Other
36 sources of funding must be used in accordance with applicable state and federal statutes, and the
37 terms or conditions of any grant or donation.

38 1.1 Organization

39 The Charter School shall provide to LACOE annually in accordance with Attachment C, Reporting
40 Timeline, and as updated:

- 41 • Contact information, including phone numbers, official addresses and e-mail addresses for
42 the principal contacts for the Charter School
- 43 • Organization chart displaying relationship between governing board and the Charter School

- 1 leadership
- 2 • Written notice of any change in the directors, officers, and administrators
- 3 • Prior written notice of any proposed service/employment contract and/or agreement with the
- 4 former executive director whose contract was terminated by the WAYS board in June 2011,
- 5 and a copy of the contract/agreement prior to execution (to monitor fulfillment of the
- 6 conditions of authorization attached hereto as Attachment E.)
- 7 • A copy of any proposed contract with any person or entity that pertains to facilities prior to the
- 8 Charter School's execution of that agreement
- 9 • **1.2 Governing Board Establishment**
- 10 The Charter School shall provide to LACOE annually in accordance with Attachment C, Reporting
- 11 Timelines, and as updated:
- 12 • Articles of Incorporation
- 13 • Bylaws approved by the governing board
- 14 • Conflict of Interest Policy
- 15 • Roster and resumes of current governing board members
- 16 • Statement of Economic Interests, Form 700 for all filers
- 17 **1.3 Governing Board Activities**
- 18 A. Calendar: The Charter School shall provide an annual calendar of governing board regular
- 19 meetings, including a description of how parents and community members shall be notified of
- 20 meetings.
- 21 B. Governing Board Meetings: The governing board of the Charter School shall conduct public
- 22 meetings at such intervals as are necessary to ensure that the board is providing sufficient direction
- 23 to the Charter School through implementation of effective board policies and procedures. Governing
- 24 board meetings shall be conducted in keeping with the requirements of the Ralph M. Brown Act
- 25 (Government Code § 54950 - 54962). Governing board adopted policies, meeting agendas and
- 26 minutes shall be maintained and available for public inspection and during site visits. For all regular
- 27 and special meetings of the governing board, the Charter School shall provide LACOE with written
- 28 notification of the meeting, including a copy of the posted agenda, no less than 72 hours prior to a
- 29 regular meeting and no less than 24 hours prior to a special meeting. The posted agenda shall
- 30 contain a description of where the agenda was posted and that the meeting is held in compliance
- 31 with the Americans with Disabilities Act. Within ten (10) working days of the board meeting, the
- 32 Charter School shall provide LACOE with an audio recording of the meeting, and any changes,
- 33 additions and/or materials provided to the governing board. Once approved by the Charter School's
- 34 governing board, the Charter School shall provide LACOE with a copy of the minutes of the meeting
- 35 within five (5) calendar days.
- 36 C. Brown Act Training: The Charter School should provide Brown Act training to its governing board
- 37 members and administrative staff prior to the execution of any duties.
- 38 D. Governing Board Policies: Prior to opening, the governing board shall develop and adopt policies
- 39 and procedures to guide the operation of the Charter School, including but not limited to, policies in
- 40 the following areas. A copy of these policies and procedures shall be submitted to LACOE prior to
- 41 opening and upon revision.
- 42 • Conflicts of Interest: If it has not already done so for the current year, at the first meeting of
- 43 the Charter School's governing board, following July 1, 2011, and annually thereafter, the
- 44 Charter School's governing board shall: (1) adopt a conflict of interest policy, including

1 provisions related to nepotism, for itself and the Charter School's employees and contractors
2 to ensure that no action taken by an individual or organization covered by the policy results in
3 actual or apparent conflicts of interest; (2) provide verification that all board members and
4 Charter School management employees (i.e., Form 700 filers) have participated in conflict of
5 interest training; and (3) take action to comply with the Political Reform Act, including
6 adoption of a conflict of interest policy compliant with the Act and its implementing
7 regulations. The Charter School shall follow the Political Reform Act, the California
8 Corporation Code, and IRS regulations.

- 9 • Internal Fiscal Controls: The Charter School shall develop and maintain internal fiscal control
10 policies governing all financial activities. Such policies and procedures are subject to review
11 during site visits to see that they are being implemented.
- 12 • Campus Supervision: The Charter School shall implement the governing board policy relative
13 to the supervision of students before and after school, while on campus, student pick-up, as
14 well as a procedure for visitors to enter and leave campus.
- 15 • Discipline Policies: The Charter School shall implement the governing board policies relative
16 to student discipline, including a list of the offenses for which students may (and must) be
17 suspended or expelled, the procedures for suspension or expulsion, procedures by which
18 parents and students shall be informed about reasons for suspension or expulsion, and of
19 their due process rights in regard to either disciplinary action.
- 20 • Parent/Student Handbook: The Charter School shall distribute a hard copy of the
21 parent/student handbook to families each year or make the handbook available online and
22 provide a hard copy upon request. At a minimum, the handbook shall include detailed
23 expectations for student attendance, behavior, and discipline, including policies and
24 consequences for bullying and harassment, due process rights related to discipline (including
25 suspension, expulsion, and special education), and a description of both informal and formal
26 complaint procedures that parents may pursue in the event of disagreements.
- 27 • Adherence to County Board of Education Policy and Regulation: At the first governing board
28 meeting of the Charter School following July 1, 2011, and annually thereafter, the governing
29 board of the Charter School shall review and acknowledge in its board minutes that it shall
30 adhere to all policies and regulations pertaining to charter schools that have been adopted by
31 the Los Angeles County Board of Education, as long as the policies do not conflict with
32 Education Code. LACOE shall provide the Charter School with a copy of these policies and
33 regulations annually and upon revision.

34 1.4 Administration

35 A. Enrollment and Admissions Documentation: The Charter School shall maintain on file and provide
36 to LACOE upon request the following information:

- 37 • Descriptions of outreach and recruitment activities that have been conducted to reach target
38 populations as described in the charter
- 39 • Procedures for application, enrollment, admission, wait listing and lotteries for placement
40 (enrollment preferences) as described in the charter
- 41 • Evidence of enrollment preferences consistent with the charter and with LACOE conditions of
42 operation
- 43 • Copy of enrollment forms and information provided to prospective families
- 44 • Documentation, while pertinent, that start-up enrollment is consistent with enrollment
45 numbers described in the charter

May 2011 Revised for WAYS June 23, 2011 as discussed July 8, 2011

- 1 • Evidence that each student is a resident of California in accordance with EC § 47612
- 2 • For students over 18, evidence that each student has been continuously enrolled (no break in
- 3 enrollment greater than 20 school days) in an educational program and is making satisfactory
- 4 progress toward completion of a high school diploma
- 5 **B. Health and Safety Plan:** Prior to opening, annually, and upon revision, the Charter School shall
- 6 provide to LACOE:
- 7 • A copy of the health, safety, and emergency plan for students and employees
- 8 • Evidence that staff has been trained in health, safety, and emergency procedures
- 9 • A calendar of emergency drills for students
- 10 The health and safety plan shall address at a minimum, fire emergencies, earthquakes and other
- 11 natural disasters, civil disorder, accidents, injuries, and other threats to the health and safety of
- 12 students and staff. The Charter School shall provide training for staff in responding to emergencies
- 13 and conduct emergency response drills for its students. Amendments to the plan may be made by
- 14 the Charter School throughout the year. The Charter School shall provide LACOE with a copy of the
- 15 amended plan.
- 16 **C. Notice to Parents/Guardians:** Annually, the Charter School shall provide to LACOE a copy of the
- 17 annual notice sent to all parents/guardians regarding their rights under the Family Educational Rights
- 18 and Privacy Acts (FERPA). If the Charter School receives Title I funding, parent notice shall provide
- 19 information regarding the federal No Child Left Behind (NCLB) Act, including the right to request and
- 20 receive essential information about the professional and educational background of the teacher(s)
- 21 instructing their child and notification when their child is taught for four or more weeks by a teacher
- 22 who is not "highly qualified."
- 23 **D. Family Educational Rights and Privacy Act (FERPA):** Employees of the Charter School who have
- 24 a legitimate educational interest are entitled to access students education records under 20 U.S.C.A.
- 25 § 1232g, the Family Educational Rights and Privacy Act (FERPA) and EC § 49076(b)(6). The Charter
- 26 School, its officers and employees shall comply with FERPA at all times. In addition, it is agreed that
- 27 LACOE has an educational interest in the educational records of the Charter School such that
- 28 LACOE shall have access to those records for reasons that include, but are not limited to, records
- 29 requests, complaints, and school closure. Records at a minimum, shall include emergency contact
- 30 information, health and immunization data, attendance summaries, and academic performance data
- 31 from the statewide student assessments required pursuant to EC §§ 80605 and 60851.
- 32 **E. Criminal Records Summaries:** All employees of the Charter School, parent and non-parent
- 33 volunteers who will be performing services that are not under the direct supervision of a certificated
- 34 teacher, and onsite vendors having unsupervised contact with students shall submit to background
- 35 checks and fingerprinting in accordance with EC § 45125.1. The Charter School shall maintain
- 36 documentation, and provide to LACOE upon request, that all employees, volunteers, and vendors
- 37 (as applicable) have clear criminal records summaries prior to their having any unsupervised contact
- 38 with students. The Charter School shall maintain on file and have available for inspection during site
- 39 visits, evidence that the Charter School has performed criminal background checks for all employees
- 40 and volunteers (as applicable) and documentation that vendors have conducted required criminal
- 41 background checks for their employees prior to any unsupervised contact with students.
- 42 **F. Data Reporting:** The Charter School shall directly report data to the California School Information
- 43 Service (CSIS), California Longitudinal Pupil Achievement Data System (CALPADS), and/or any
- 44 other state-mandated data collection system required by the California Department of Education
- 45 (CDE).
- 46 **G. The School Accountability Report Card (SARC):** On or before the date determined by the CDE

1 each year, the Charter School shall post its SARC on the Charter School's website. The Charter
2 School may, but is not required to, use the template developed by the CDE and available at
3 <http://www.cde.ca.gov/talac/sa> as a guide. The Charter School shall include all elements as
4 determined by the CDE. If the Charter School does not maintain a school website, it shall print and
5 make copies of the SARC available to parents and other members of the community. If the Charter
6 School posts the SARC on its website, and receives a request for a copy, it shall provide the copy at
7 no charge.

8 **H. Insurance and Risk Management:** The Charter School shall procure from an insurance carrier
9 licensed to do business in the State of California, or shall otherwise participate in a Joint Powers
10 Authority (JPA) or other self-insurance pool consistent with Government Code § 6528 and keep in
11 full force during the term of the charter, no less than the following insurance coverage:

- 12 • Workers' Compensation insurance in accordance with provisions of the California Labor
13 Code, adequate to protect the charter school from claims under Workers' Compensation that
14 may arise from its operations
- 15 • Comprehensive Bodily Injury and Property Damage Liability Insurance with a limit of no less
16 than \$1,000,000 per occurrence, providing coverage for negligence, errors and
17 omissions/educators' legal liability, abuse and molestation, employment practices liability and
18 employee benefits liability
- 19 • Property Damage/Boiler and Machinery/Electronic Data Processing Insurance coverage with
20 replacement value limits sufficient to protect the Charter School's assets (buildings,
21 classroom space improvements, instructional materials, computers, furnishings)
- 22 • Fidelity Bond coverage with a limit of no less than \$50,000 per occurrence, with no self-
23 insured retention, to cover all employees who handle, process, or otherwise have
24 responsibility for the Charter School's funds, supplies, equipment, or other assets

25 The Charter School shall provide evidence of insurance coverage to LACOE annually and upon
26 renewal and shall instruct the insurance carrier(s) to inform LACOE immediately if the coverage
27 becomes inoperative for any reason. LACOE may request to see evidence of insurance coverage
28 during site visits.

29 In addition, the Charter School shall institute risk management policies and practices to address
30 reasonably foreseeable occurrences and provide LACOE with evidence of such policies and
31 practices on an annual basis.

32 The Charter School shall hold harmless, defend, indemnify, and name on the Certificate of insurance
33 as additional insureds the County Board, LACOE, its officers and employees, from every liability,
34 claim, or demand which may be made by reason of (1) any injury to volunteers; and (2) any injury to
35 person or property sustained by any person, firm, or corporation caused by any act, neglect, default,
36 or omission of the Charter School, its officers, employees or agents. In cases of such liabilities,
37 claims, or demands, the Charter School at its own expense and risk shall defend all legal
38 proceedings which may be brought against it and/or the County Board, LACOE, its officers and
39 employees, and satisfy any resulting judgments up to the required amounts that may be rendered
40 against any of them. Certificates of insurance and policies shall name the County Board, LACOE, its
41 officers and employees, as additional insureds with respect to any potential tort liability irrespective of
42 whether such potential liability might be predicted on theories of negligence, strict liability, or
43 products liability.

44 **I. Exclusive Employer:** The Charter School is deemed the exclusive employer of the employees of
45 the Charter School for the purposes of the Educational Employee Relations Act (EERA) under
46 Government Code § 3540, et seq. The Charter School shall have sole responsibility for employment,
47 management, dismissal, and discipline of its employees.

1 J. Employee Handbook: Prior to opening, annually and upon revision, the Charter School shall
2 provide to LACOE a copy of the employee handbook that shall be distributed to employees each
3 year. At a minimum, the handbook shall include detailed expectations for employee performance and
4 behavior, due process rights of employees related to disciplinary actions (including termination),
5 compensation, and benefit information for each type of employee, and a description of both informal
6 and formal complaint procedures that employees may pursue in the event of disagreements.

7 Amendments to the employee handbook may be made and distributed to employees by the Charter
8 School during the year. A copy of the handbook may be reviewed during site visits.

9 K. Employee Contracts or Agreements: Annually and upon revision, the Charter School shall provide
10 to LACOE a sample copy of the employee contract that, at a minimum, states that the Charter
11 School is the exclusive employer of employees and has sole responsibility for employment,
12 management, dismissal, and discipline of its employees. Employee contracts, for each type of
13 employee, shall be available for review by LACOE upon request.

14 L. Teacher Credentials, Highly Qualified Teacher Requirements, and Non-Certificated Personnel:
15 Annually in September and February, in accordance with Attachment C, Reporting Timeline, the
16 Charter School shall provide to LACOE an all Staff Information List (certificated and non-certificated
17 personnel) and documentation that all teachers hold a Commission on Teacher Credentialing
18 certificate, permit, or other document equivalent to that which teachers in other public schools are
19 required to hold, except as otherwise exempted by The Charter Schools Act. The Charter School
20 shall also comply with NCLB highly qualified teacher requirements. The Charter School shall provide
21 documentation that the teachers of any NCLB and/or charter defined core subject meet the highly
22 qualified teacher requirements on an annual basis and when teachers and courses may be
23 reassigned.

24 The Charter School shall adhere to all provisions of employment laws applicable to charter schools
25 including, but not limited to, EC § 47612.5(e)(1) which states: "Notwithstanding any other provision of
26 law, and as a condition of apportionment, "classroom-based instruction" in a charter school, for the
27 purposes of this part, occurs only when charter school pupils are engaged in educational activities
28 required of those pupils and are under the immediate supervision and control of an employee of the
29 school who possesses a valid teaching certification in accordance with subdivision (1) of Section
30 47605."

31 M. Management Contracts: Prior to entering into a new or revised contract with an education or
32 charter management organization (EMO/CMO), the Charter School shall provide the following
33 information:

- 34 • A draft of the proposed management contract
- 35 • A recent corporate annual report and audited financial statements for the EMO/CMO
- 36 • A description of the EMO/CMO's roles and responsibilities for the management of the Charter
37 School and the internal controls that shall be put in place to guide the relationship
- 38 • A list of other charter schools managed by the EMO/CMO and the academic and operational
39 results of such management
- 40 • A list of and background on the EMO/CMO's leaders and board of directors
- 41 • A letter of assurance from the EMO/CMO that it has conflict of interest policies in place and
42 that none of the principals of either the EMO/CMO or the Charter School have conflicts of
43 interests

44 The County Board considers entering into a contract with an EMO/CMO not identified in the charter
45 to be a material revision to that charter. The County Board shall review and approve any charter
46 school management contracts prior to the Charter School entering into the contract. (See Section 4.1

1 Material Revision to Charter)

2 N. Facilities: No later than 60 days prior to the opening of school or the occupying or re-occupying
3 of a facility or site, including learning centers, satellite facilities, administrative offices, and/or other
4 facilities used by the Charter School, the Charter School shall provide evidence that the facility is/will
5 be adequate for the Charter School's needs.

6 The Charter School will provide a written signed Agreement (lease or other similar document)
7 indicating the Charter School's right to use the principal school site and any ancillary facilities
8 identified by the Charter School for the first year of the School's operation and upon any change.
9 The Charter School shall also provide evidence that the facility will be adequate for the Charter
10 School's needs. A pre-opening site visit will be conducted prior to opening regardless of whether the
11 Charter School is locating in a facility provided by a district under Proposition 39 or in a privately-
12 leased facility.

13 Once open, the Charter School may change facilities only with prior approval of the County Board.
14 Under ordinary circumstances, the School shall provide LACOE not less than 30 days notification of
15 any change in facilities in order for LACOE to conduct a site visit prior to students attending the new
16 facilities. Under extraordinary circumstances, (e.g., a change of facilities necessitated by fire or
17 natural disaster), LACOE may waive the pre-opening site visit.

18 O. Zoning and Occupancy: At all times it is operational, the Charter School shall maintain on file a
19 certification that its facility or facilities is/are located at a site or sites zoned and/or permitted for
20 operation of a charter school (grades operated by Charter School) and has been cleared for use as a
21 charter school by all appropriate local authorities. The facility shall meet all applicable health and fire
22 code requirements and zoning laws.

23 The Charter School shall maintain on file, post as required, and upon request furnish LACOE with
24 documentation of all local approvals (EC § 47610(d)) including applicable fire marshal clearances,
25 certificates of occupancy, signed building permit inspections, and approved zoning variances. The
26 Charter School cannot exempt itself from applicable/local zoning or building code ordinances.

27 Prior to opening a new site or before an existing school may occupy a new or different facility,
28 LACOE may conduct a site review to determine that the facilities are clean, safe, Americans with
29 Disabilities Act (ADA) compliant, and have the necessary local approvals to operate. The Charter
30 School may not operate in the facility until the County Board has granted approval to do so.

31 A LACOE site review of the Charter School's facilities will determine whether they are clean, safe,
32 American Disabilities Act (ADA) compliant, and have the necessary local approvals to operate.
33 Section 1.4 N of this Agreement describes the pre-opening site visit process and requirements.

34 If the Charter School seeks facilities from the district in which it intends to locate, or is located, under
35 EC Section 47614 (Proposition 39), it will follow applicable statute and regulations regarding
36 submission of such a request to the district. LACOE will conduct a pre-opening site review to
37 approve any facilities allocated to the school by the district.
38

SECTION 2: EDUCATIONAL PERFORMANCE

39 2.1 Educational Program

40 At all times it is operational the Charter School shall have available the information listed below. The
41 information shall be submitted to LACOE prior to opening, whenever updated, and upon request:

- 42 • Scope and sequence for all subjects to be offered by the Charter School during the school
43 year and during any supplemental instruction offering
- 44 • The complete educational program for students to be served including, but not limited to:

May 2011 Revised for WAYS June 23, 2011 as discussed July 8, 2011
Page 9 of 31

000416

- 1 (1) A description of the curriculum and identification of the basic instructional materials to be
2 used
- 3 (2) Plans for professional development, including agendas, topics to be covered, and
4 speakers
- 5 (3) Results of interim assessments used to evaluate student specific progress during the
6 school year in addition to the results of the Standardized Testing and Reporting (STAR)
7 program in evaluation of student progress
- 8 (4) If a high school, the University of California course descriptions submitted to UC Doorway
9 (<http://www.ucop.edu/doorway/>)
- 10 (5) The Charter School's annual calendar for the school year that includes the number of
11 instructional days (minimum 175 days), minimum or early release days, holidays, board
12 recess days, and professional development days
- 13 (6) Daily bell schedule for site-based programs that includes any passing time, breaks or
14 recess, lunch breaks, before and after school activities
- 15 (7) Designation of any non-classroom based instructional days
- 16 (8) Sample student contracts, description of frequency of contact with teachers, pupil/teacher
17 ratios, and description of how student work will be evaluated for time value for
18 nonclassroom-based programs (if applicable)
- 19 (9) Initial and mid-term (as appropriate) Western Association of Schools and Colleges
20 (WASC) accreditation self-study and visiting committee reports (if the school seeks such
21 accreditation)

22 2.2 Student Achievement Plan

23 The Charter School shall not be required to submit a Student Achievement Plan if it has met its API
24 growth targets and AYP, both school wide and by significant subgroups, each year.

25 If the Charter School fails to meet API and/or AYP targets school-wide or by numerically significant
26 subgroups, it shall be required to submit a Student Achievement Plan to LACOE according to the
27 following dates:

- 28 • October 1 - Draft Student Achievement Plan
- 29 • December 1 - Final Student Achievement Plan

30 If the Charter School is seeking renewal of a charter and has not met API and/or AYP in the prior
31 year, it shall submit a draft Student Achievement Plan for the future concurrent with the charter
32 renewal request.

33 The Charter School shall implement its final Student Achievement Plan that sets forth school specific
34 goals, how progress towards and achievement of each goal shall be measured, and plans for
35 addressing areas identified as needing improvement. The Student Achievement Plan shall build
36 upon the assessment measures, educational goals, and student outcomes described in the charter
37 petition, and shall provide for more stringent assessment measures, educational goals, and student
38 outcomes than those described in the charter petition. If the final Student Achievement Plan is less
39 stringent than the charter, this shall be considered a material revision to the charter and shall be
40 subject to County Board of Education review and approval. The specific requirements of the Student
41 Achievement Plan are described in Attachment A, Student Achievement Plan Guidelines.

42 2.3 Annual Report

43 By December 1 each year, the Charter School shall submit to LACOE a written Annual
44 Report/School Accountability Report Card (SARC) to the County Board of Education for the prior

- 1 year that examines and describes the following:
- 2 • STAR results both in aggregate and disaggregated by numerically significant subgroups
 - 3 • If a high school, California High School Exit Exam (CAHSEE) results both in aggregate and
 - 4 disaggregated by subgroups
 - 5 • Progress made toward meeting API and AYP targets
 - 6 • Progress made toward each of the educational goals and student outcomes identified in the
 - 7 charter
 - 8 • Evidence that the Charter School is systematically examining student data and using it to
 - 9 drive decisions regarding curriculum and instruction
 - 10 • Names of any additional internal assessments used by the Charter School not identified in
 - 11 the charter
 - 12 • Plans to address areas identified as needing improvement by the Charter School
 - 13 • Evidence that the Charter School is financially sound based on certain criteria as indicated in
 - 14 Attachment B, Fiscal Oversight Requirements and Financial Reporting.
 - 15 • Other relevant information as determined by LACOE or the County Board

16 LACOE shall provide the Charter School with a template for completing the Annual Report/ SARC
17 each year. The Charter School shall also be provided with comparison schools.

18 If the Charter School has been required to submit a Student Achievement Plan, it shall address the
19 following elements in the Annual Report/SARC:

- 20 • Progress made in areas identified where progress falls short of meeting outcomes identified
21 in the Student Achievement Plan
- 22 • Professional development provided to further progress on goals described in the Student
23 Achievement Plan
- 24 • Progress made on the implementation of changes to curriculum and instructional strategies
25 identified in the Student Achievement Plan
- 26 • Identification of targeted funds to support elements of Student Achievement Plan
- 27 • Specific evidence that the results, as shown in the Annual Report, are targeting improvement
28 in student achievement, and that the Charter School is financially sound according to the
29 criteria as set forth in Attachment B, Fiscal Oversight Requirements and Financial Reporting.

30 **2.4 Oral Report to the Los Angeles County Board of Education**

31 The Charter School shall also participate in presenting an oral report to the County Board each year.
32 ~~The Charter School shall be informed of the presentation date by LACOE. The presentation shall be~~
33 ~~on or after December 1 as agendaized by the County Board, typically between January and April.~~
34 LACOE shall inform the Charter School of the date when it is scheduled.

35 At the discretion of the County Board, the Charter School may be requested to present additional
36 updates and or reports during the year.

37 **2.5 Services for Students with Disabilities**

38 The Charter School shall submit documentation that it is a Local Education Agency (LEA) with a
39 Special Education Local Plan Area (SELPA) prior to commencing operations and provide a copy of
40 its SELPA Agreement to LACOE annually.

1 **2.6 Annual Assessment of Students**

2 The Charter School shall comply with all state and federal student assessment requirements. The
3 Charter School shall test independent of LACOE, comply with all requirements of the Educational
4 Testing Service (ETS), and provide LACOE with an electronic copy of all Student Level Data
5 provided by ETS within ten (10) days of receipt of the data from ETS.

6

SECTION 3: FISCAL OPERATIONS

7 **3.1 Funding**

8 The Charter School shall be funded in accordance with EC § 47630 et seq. The Charter School's
9 general purpose entitlement shall be calculated in accordance with EC § 47633 et seq. The parties
10 recognize the authority of the Charter School to pursue additional sources of funding. The County
11 Board of Education must receive prior written notification of any source of additional funding that may
12 result in incurring additional debt (i.e., loans) to the Charter School.

13 LACOE shall not be responsible for resolving fiscal deficiencies for the Charter School.

14 **3.2 Fiscal Agent**

15 The Charter School shall contract with LACOE for the Charter School's participation in the State
16 Teachers' Retirement System (STRS) and/or the Public Employees Retirement System (PERS) if
17 applicable. See section 3.7 for further discussion of the STRS/PERS responsibilities.

18 **3.3 Student Attendance Accounting and Reporting**

19 The Charter School shall use commercially available and state approved attendance accounting
20 software. Annually and as updated, the Charter School shall provide a copy of the software user
21 manual as well as the Charter School's procedures for attendance accounting, with evidence of
22 internal controls. Charter School created spreadsheets on Excel or other database programs shall
23 not be accepted.

24 The Charter School shall submit a calendar of attendance months to LACOE no later than two (2)
25 weeks prior to the start of the school year. The structure of attendance months shall adhere to EC §
26 37201.

27 NOTE: It is critical that the above attendance reporting deadlines are met in an accurate and timely
28 manner. If the School misses a reporting deadline it risks being excluded from that apportionment's
29 certification and funding period. For example, if P-1 attendance data is not received in time for
30 inclusion in the P-1.

31 The Charter School shall submit monthly enrollment and attendance data as required to receive
32 apportionment of funding within five (5) business days after the end of the attendance month to
33 LACOE.

34 In addition, the Charter School shall prepare and submit to LACOE/Controller's Office/Pupil
35 Attendance Accounting and Compliance Unit, the certified data file and original signature state
36 attendance reports according to the following schedule:

- 37 • First Principal Apportionment (P-1) (attendance for all full attendance months between July 1
38 and December 31) by January 4 or if it falls on a Saturday or Sunday, the first business day
39 following January 4
- 40 • Second Principal Apportionment (P-2) (attendance for all full attendance months between
41 July 1 and April 15) by April 20 or if it falls on a Saturday or Sunday, the first business day
42 following April 20

- 1 • Annual Apportionment (attendance for The Charter School year) by July 5 or if it falls on a
2 Saturday or Sunday, the first business day following July 5
- 3 • Corrections to the second principal apportionment and annual principal apportionment reports
4 shall be received by LACOE not later than September 15 or if it falls on a Saturday or Sunday,
5 the first business day following September 15

6 Submit with the Monthly Attendance Report, an Exit Report for each student who leaves the school
7 (except when matriculating to sixth grade). The Exit Report shall be completed by the
8 parent/guardian and minimally include: (1) reason for withdrawal; (2) date of withdrawal; (3) school to
9 which student is transferring; (4) parent/guardian signature and date; and (5) administrative signature
10 and date. The Exit Reports shall coincide with the inclusive dates of the Monthly Attendance Report.

11 Supplemental Instruction: A schedule of Summer Supplemental hourly instructional days and hours
12 shall be provided to LACOE no less than two (2) weeks prior to the start of the instruction. Enrollment
13 and attendance data shall be submitted on a weekly basis, and is due within five (5) business days
14 after the end of each week. The Charter School's governing board policy shall clearly identify goals,
15 and how students will be identified for supplemental instruction programs and progress evaluated
16 requisite of funding. Students shall be individually identified for each class, and the hours shall be
17 calculated separately due to different reporting requirements and funding levels.

18 **3.4 Revenue and Expenditure Reporting**

19 The Charter School is required by EC § 47604.33 to submit periodic reports of revenues,
20 expenditures, and reserves. The Charter School shall submit to LACOE monthly statement of cash
21 flows, copies of bank statements, General Ledger, Revenue and Expenditure Summary, Statement
22 of Financial Position, Statement of Fund Balance, Year-to-date Budget to Actual Statement and
23 notes to financial statements in accordance with Attachment B, Fiscal Oversight Requirements and
24 Financial Reporting. As part of the continuous oversight, LACOE shall make a periodic assessment
25 of the charter's fiscal condition.

26 In order to meet statutory timelines for revenue and expenditure reporting, The Charter School shall
27 submit reports to LACOE for review using the state software (SACS20 ALL), according to the
28 following schedule:

- 29 • Preliminary budget on or before July 1
- 30 • First Interim Report (expenditures through 10/31) on or before December 15
- 31 • Second Interim Report (expenditures through 1/31) on or before March 15
- 32 • Unaudited Actuals Report for the prior fiscal year on or before September 15

33 Any changes in the budget or interim reports from one reporting period to the next period shall be
34 explained in writing. Explanations and budget assumptions shall accompany the reports. The Charter
35 School is expected to maintain reserves of no less than three (3) percent of the Charter School's
36 Adopted Budget for the fiscal year. An explanation of any projected drop in reserves below the three
37 (3) percent level shall be included in the assumptions.

38 **3.5 Annual Audit**

39 In accordance with EC § 41020(h), by December 15 of each year, the Charter School shall submit
40 an annual independent financial audit to the State Controller's Office, LACOE, and the CDE. The
41 audit shall be conducted by an auditor from the list approved by the State Controller's Office and
42 mutually agreeable to LACOE and the Charter School. If any findings or exceptions are identified in
43 the annual audit, the charter school shall implement corrective action plans in a timely manner.
44 Continuing or unresolved prior year findings or deficiencies shall have negative impact on the charter
45 school's renewal request.

1 In addition to the Charter School's financial statements, the audit shall include, as applicable, but not
2 be limited to:

- 3 • Contemporaneous records of attendance
- 4 • Annual instructional minutes
- 5 • Additional nonclassroom-based instruction
- 6 • Determination of funding for nonclassroom-based instruction as per EC § 47634.2

7 **3.6 Oversight Fees**

8 The Charter School shall be charged an oversight fee not to exceed one (1) percent of the general
9 purpose and categorical block grant revenue received by the Charter School in accordance with EC
10 § 47613 and used to offset consultant and administrative costs required for comprehensive oversight,
11 which includes but is not limited to the following categories:

- 12 • Curriculum and instruction
- 13 • Assessment and accountability
- 14 • School fiscal review
- 15 • Site visitations
- 16 • Renewal evaluations
- 17 • Attendance accounting processing, analysis and certification

18 The oversight fee shall be based on the general purpose entitlement and categorical block grant
19 funding provided to the Charter School at the Second Principal Apportionment (P-2).

20 **3.7 State Teachers Retirement System (STRS)/Public Employees Retirement System (PERS)**
21 **Reporting**

22 If the Charter School offers its employees the opportunity to participate in STRS or PERS, the
23 Charter School shall be responsible for contracting with LACOE for reporting purposes. Such
24 arrangements shall be made prior to the hiring of any employee. The Charter School shall notify
25 LACOE of the staff person who will make the arrangements and provide written notification that
26 arrangements have been made prior to the hiring of employees.

27

SECTION 4: FULFILLING CHARTER TERMS

28 **4.1 Material Revision to Charter**

29 Changes to the charter deemed to be material revisions may not be made without prior approval by
30 the County Board of Education. Revisions to the charter considered to be material changes include,
31 but are not limited to, the following:

- 32 • Substantial changes to the educational program (including the addition or deletion of an
33 educational program), mission, or vision
- 34 • Adding a nonclassroom-based program
- 35 • Proposed changes in enrollment that increases or decreases by more than 20 percent +/- of
36 the enrollment originally projected in the charter petition in any given year
- 37 • Addition or deletion of grades or grade levels to be served
- 38 • Changes to location of facilities or lease agreements for the Charter School sites, resource

1 centers, meeting space, or other satellite facility including the opening of a new facility;
2 temporary locations rented for annual student testing purposes shall be exempted from this
3 provision

- 4 • Admissions requirements and procedures
- 5 • Governance structure, including but not limited to: changes in number of board members,
6 method by which new board members are selected, and/or changes in majority/quorum or
7 other provisions relating to resolution approval
- 8 • Entering into or revising a contract with an EMO/CMO

9 **4.2 State Assessments**

10 The Charter School agrees to comply with and adhere to the state requirements for participation and
11 administration of all state mandated tests. The state tests required to be administered include, but
12 may not be limited to:

- 13 • California Standards Tests
- 14 • California High School Exit Examination
- 15 • Physical Fitness Test
- 16 • California English Language Development Test
- 17 • California Alternate Performance Assessment
- 18 • Aprenda

19 **4.3 Site Visits**

20 LACOE shall conduct at least two (2) visits during the school year. The site visits shall consist of the
21 following:

- 22 • At least one (1) site visit shall be conducted in order to assess the Charter School's progress
23 in governance and organizational management, educational performance, fiscal operations,
24 and fulfillment of the terms of the charter. The primary focus of the visit shall be on teaching
25 and learning and, if applicable, the Student Achievement Plan (described under Section 2:
26 Educational Performance). The site visit may include review of the facility, review of records
27 maintained by the Charter School, interviews with administrators, staff, students, and parents,
28 and observation of instruction in the classroom. The evaluations for each year shall constitute
29 one (1) of the basis upon which a renewal decision shall be made at the end of the term of
30 the charter in accordance with the Education Code. Any deficiencies shall be reviewed with
31 the Charter School administration. The Charter School administration shall be given an
32 opportunity to address the deficiencies.
- 33 • At least one (1) site visit shall be conducted to examine and reconcile attendance
34 documentation and review the Charter School's compliance with applicable codes and
35 regulations concerning instructional minutes, ADA, and apportionment.

36 LACOE reserves the right to make unannounced visits to the Charter School. EC § 47604.32(b)
37 requires LACOE to conduct a site visit annually. The purpose of the visits shall be to monitor the
38 instructional program and operations in accordance with County Board of Education Policy 6650.

39 **4.4 Renewals**

40 The Charter School may seek renewal of its charter prior to expiration of the term of the charter in
41 accordance with EC § 47607(a) and (b). The Charter School shall submit its renewal petition for the
42 next charter term along with a copy of the most recent Annual Report and Student Achievement Plan
43 (if applicable) to LACOE, no later than the second Monday in January (County Board Policy 6670) of

1 the school year in which the Charter School term expires.

2 LACOE shall review the charter petition, academic and financial performance, audit reports, annual
3 visitation reports, and conduct a renewal site visit prior to scheduling the renewal request for
4 consideration by LACOE. To the extent required, the charter petition shall be revised in accordance
5 with current statutes and regulations. LACOE shall abide by Education Code, California Code of
6 Regulations, and County Board Policy and Regulation when considering charter renewal.

7 **4.5 Notice of Violation, Opportunity to Remedy, and Revocation**

8 The County Board may provide notice of violation, opportunity to remedy, and revoke the charter as
9 set forth in EC § 47607 and County Board Policy and Regulation.

10 **4.6 Closure Procedures**

11 At all times it is operational the Charter School shall have closure procedures in place and available
12 for review. Closure procedures shall be submitted to LACOE prior to opening, whenever updated,
13 and upon request. Procedures shall be compliant with requirements contained in County Board
14 Policies and Procedures as operationalized in Attachment D, LACOE Closure Procedures, and shall
15 contain at a minimum:

- 16 • Identification of a responsible person(s) (e.g., Executive Director, Financial Officer, president
17 of the Charter School governing board) to oversee and conduct the closure process; this
18 provision shall include a process to ensure that it is updated no less than annually or when
19 any change is made
- 20 • Notification of students and families of the Charter School closure
- 21 • Security of student and business records
- 22 • Processing of final employee payroll and benefits
- 23 • Identification of all assets and liabilities and plan for transfer as detailed in the charter
- 24 • Final close-out audit to be paid for by the Charter School
- 25 • Identification of a source of funding to be used for closeout expenses including the final audit
- 26 • Dissolution of the Charter School and/or nonprofit corporation

27 Further descriptions of each category and a closure procedures checklist are included as Attachment
28 D, LACOE Closure Procedures. The Charter School's procedures shall also satisfy the definition of
29 "closure procedures" in Title 5, California Code of Regulations § 11962, to the extent that Section
30 imposes, or is amended to impose, additional requirements.

31 Closure procedures will not begin until appeal rights (if applicable) have been exhausted. If the
32 Charter School is to close permanently for any reason (i.e., voluntary surrender, non-renewal, or
33 revocation), LACOE shall serve written notice on the Charter School that the closure procedures
34 described in Attachment D, LACOE Closure Procedures have been invoked. The Charter School
35 shall immediately identify the specific individual who is responsible for coordinating the Charter
36 School's close out activities and shall notify LACOE. LACOE shall identify a staff person who shall
37 work with the Charter School to accomplish all close out activities.

38 *The Charter School expressly acknowledges the right of LACOE, on behalf of the County
39 Superintendent of Schools (pursuant to EC § 47604.3), to take immediate and direct control of all of
40 the Charter School's student and business records at any time after LACOE gives written notice that
41 it is invoking the closure procedures.* (Initial *[Signature]*)

42

SECTION 5: NONDISCRIMINATION

1 The parties recognize and agree that the Charter School shall not charge tuition, shall be
2 nonsectarian, and shall be open to all students regardless of race, ethnicity, national origin, gender,
3 sexual orientation (whether perceived or actual), religion, socioeconomic status, or disability. These
4 non-discrimination provisions shall apply to employment as well.

SECTION 6: SEVERABILITY

6 If any provision or any part of this Agreement is for any reason held to be invalid and or
7 unenforceable or contrary to public policy, or statute, the remainder of this Agreement shall not be
8 affected thereby and shall remain valid and fully enforceable.

SECTION 7: NON-ASSIGNMENT

10 No portion of this Agreement or the charter petition approved by the LACOE may be assigned to
11 another entity without the prior written approval of the County Board of Education.

SECTION 8: WAIVER

13 A waiver of any provision or term of this Agreement shall be in writing and signed by both parties.
14 Any such waiver shall not constitute a waiver of any other provision of this Agreement. All parties
15 agree that neither party to this Agreement waives any of the rights, responsibilities, and privileges
16 established by the Charter Schools Act of 1992.

SECTION 9: NOTIFICATION

18 All notices, requests, and other communications under this Agreement shall be in writing and mailed
19 to the proper addresses as follows:

Attachment A: Student Achievement Plan Guidelines

I. Overview

A Student Achievement Plan is required to be submitted to the Los Angeles County Office of Education (LACOE) if the Charter School fails to meet API growth targets and/or AYP in any year. The Achievement Plan requires the Charter School to establish specific goals and actions the Charter School will take to improve student academic achievement in those areas identified through the API and/or AYP as not meeting performance criteria. The Charter School shall be expected to present an annual update to the County Board of Education on the progress made in meeting goals identified in the Student Achievement Plan. These guidelines make explicit the elements that shall be addressed in the Student Achievement Plan for any subject area or criteria in which the Charter School falls short of targets. Data compiled from this Student Achievement Plan and the annual update, plus confirming evidence gathered during periodic site visits will provide LACOE with evidence of whether the Charter School is on track to its charter being renewed.

In addition to API and AYP, the Charter School may incorporate a variety of additional outcome measures to further demonstrate academic achievement and organizational effectiveness. While these various supplemental measures will not carry as much weight as the required measures in making renewal decisions, they may be important in helping the Charter School achieve its academic goals and distinctive qualities in the Charter School's mission as well as highlight those goals.

II. Required Components of the Student Achievement Plan

For each area in which the Charter School did not meet API and/or AYP targets, the Charter School shall submit a plan to the LACOE describing specific and concrete actions the Charter School will take in order to improve student achievement over the course of the current school year. The Student Achievement Plan shall address, at a minimum, the following elements:

- Methods or system the Charter School uses to examine student achievement data on a regular basis across grade levels, by subject matter, by significant subgroups, and across the Charter School as a whole
- Analysis of the STAR and AYP results that identifies the specific problem in the area(s) not meeting targets and/or criteria
- Specific actions, which follow from the examination of student data, which the Charter School will take to improve student achievement in the area(s) identified as needing improvement, including changes to curriculum, instruction, assessment, governance, and organization
- Professional development plan for teachers and/or other staff that supports the activities the Charter School will implement to improve performance in targeted areas
- Diagnostic assessments that will be used to enable the Charter School to monitor the effects of proposed changes on student performance

The Charter School shall submit a draft Student Achievement Plan to LACOE by October 1 if the Charter School did not meet API targets or AYP in the prior year. LACOE will review the draft plan and either approve it as submitted or request changes to it. If changes are required, the final Plan shall be due to LACOE by December 1.

Further information regarding API may be found at www.cde.ca.gov/ital/aciap/index.asp on the LACOE website. Information on AYP, including targets and criteria may be found at www.cde.ca.gov/iteac/av/index.asp.

Attachment B: Fiscal Oversight Requirements and Financial Reporting

LACOE shall determine fiscal soundness of the Charter School by reviewing and analyzing the financial reports and documents provided by the Charter School. This determination shall be made each month and LACOE shall notify the Charter School in writing of any concerns it may have regarding the financial stability of the Charter School.

By the fifteen of each month the Charter School shall provide the following reports and documents with full disclosure of transactions to the Controller's Office, LACOE for the prior month:

1. Monthly bank statements
2. Monthly bank reconcillations
3. Monthly general ledger
4. Statement of revenue and expenditures
5. Statement of financial position
6. Year to date budget to actual statement
7. Notes to financial statements

LACOE may require additional financial related documents and shall request them of the Charter School as needed.

Necessary Changes to the Charter Petition to Reflect the County Board as the Authorizer

To be submitted to the Los Angeles County Office of Education by August 15, 2011. The Charter Office has requested to meet with the Charter School to provide support in making the necessary changes.

Element 1 – Educational Program: Describe the manner in which the school shall comply with the requirement to serve students with disabilities in the same manner as students are served in other public schools (EC 47646 and 56145). The Charter School shall:

1. Inform LACOE whether it intends to remain a "school of the district" or will be an LEA for the purpose of special education services and which LEA the school will join.

If the school shall become an LEA, the petition must specify the charter school's special education plan, including the process to be used to identify students who qualify for special education programs and services, how the school will provide or access special education programs and services, the school's understanding of its responsibilities under law for special education pupils, and how the school intends to meet those responsibilities. Including, description of the accommodations and/or modifications that may be used during standardized assessments and how the Charter School is responsible for students with disabilities when the IEP Team exempts them from standardized testing; how parents of students with disabilities are informed about the school's educational program; how the school shall provide special education services to students who are English learners. Specify services to be provided by employees of the school and those to be provided by contract with the SELPA or another agency.

Describe the target population to be served, how the educational program for students with disabilities reflects the mission of the school and ensures that this student population will achieve content standards. Specifically, respond to Findings of Fact contained in the Report and Recommendation to the County Board with regard to students with disabilities.

2. Provide a five-year build-out plan that describes the number of students and grade levels to be served each year including the location (facility) in which the students will be housed.
3. Describe how the school identifies and responds to the needs of students who are not achieving at or above expected levels.

Element 2 – Measurable Student Outcomes:

1. Revised Section 2.3 (Extent to which all pupils demonstrate that they have attained skills #1 and #2) of the Charter School's petition shall be revised to reflect the County Board as the authorizer.
2. Describe the measurable outcomes the school uses to determine whether students in grade K and 1 are making progress toward meeting the content standards.
3. Describe the measurable outcomes the school uses to determine whether English learners are making progress toward meeting the content standards in all content areas.

Element 3 – Means for Measuring Pupil Progress:

1. Describe the assessment instruments the school uses to measure ongoing student progress in all academic areas, grade levels, and student populations.

Element 5 – Employee Qualifications:

1. Submit copies of all current job descriptions including any new job descriptions for special education positions.

Element 7 – Means to Achieve a Racial and Ethnic Balance:

1. Submit recruitment plan used for 2011-12 enrollment. Describe the racial and ethnic balance the school is attempting to achieve and show how that balance is reflective of LAUSD.

Element 8 – Admissions Requirements:

1. Describe the process for conducting the lottery.

Element 12 – Public School Attendance Alternatives:

1. Describe how the school notifies the parent/guardian of each enrolled pupil has no right to admission in a particular school of any local education agency as a consequence of enrollment in the charter school, except to the extent that such a right is extended by the local education agency.

Element 14 – Dispute Resolution Procedures: Minimally, this section shall be revised to come into compliance with County Board Policies and Regulations and the terms of the petition shall not place LACOE or the County Board in the position of being adversely impacted.

1. *As written, the charter petition provides an unacceptable description of how the costs of the dispute resolution process would be funded. LACOE cannot agree to the provision, "Any party who fails or refuses to submit to arbitration shall bear all costs and expenses incurred by such other party in compelling arbitration of any controversy, claim or dispute."*
2. *The charter petition fails to recognize that if the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with EC § 47607, the matter will be addressed at the County Board's discretion in accordance with that provision of law and any regulations pertaining thereto. The charter petition does not unequivocally exempt any issue related to revocation from first having to go through Element 14 (Dispute Resolution).*
3. *The Dispute Resolution element provides for unreasonable timelries. For instance, mediation must occur within 120 days to four (4) months after the Issue Conference and there is no timeline within which arbitration, the final step, must occur.*

The Charter School agrees to submit changes to the petition that adhere to the concerns identified above, no later than August 15, 2011. (Initial: [initials])

Element 16 – Closure Procedures:

1. Closure procedures in the charter petition reflect the LAUSD Board of Education as the authorizer; the petitioner did not submit necessary changes to reflect the County Board as the potential authorizer. This is of particular importance with regard to special education as WAYS currently operates as a school of the district for special education services and would be a Local Education Agency (LEA) if authorized by the County Board.

The Charter School shall make the necessary technical amendments to the complete charter petition to reflect the County Board as the authorizer.

ATTACHMENT G

Changes to the Charter Petition Necessary to Comply with Education Code Section 47607(a)(2)

To be submitted to the Los Angeles County Office of Education by August 15, 2011. The Charter Office has requested to meet with the Charter School to provide support in making the necessary changes.

The Charter School's renewal petition fails to comply with EC § 47607(a)(2) which requires that *Renewals...of charters are governed by the standards and criteria in 47605, and shall include...a reasonably comprehensive description of any new requirement of charter schools enacted into law after the charter was originally granted or last renewed....*

The sections that shall be brought current include, but may not be limited to: Element 2: Measurable Student Outcomes; Element 3: Method of Measuring Student Progress; Element 4: Governance; and Element 8: Admission Procedures.

Subject: Written Notice Prior To Settlement With Former Director

LACOE's MOU and conditions of approval for the charter state that WAYS should provide LACOE with written notice before the school enters into a contract with the former director. The former director presented a claim for damages against WAYS, which we have tendered to our insurer. It is hopeful that the former director will agree to settle that claim rather than litigate. That settlement, if reached, will of course be in the form of a contractual agreement. Although we do not believe that this is the sort of "contract" described in the MOU, we are providing this communication to you as written notice in an abundance of caution and in continuance of our good faith efforts to work cooperatively with LACOE. The details of the settlement negotiations are, of course, attorney-client privileged at this time. When and if a settlement agreement is reached, the document will be public.

Blessings,
Ed Cabil

January 9, 2013

Dear Mr. Ammermon,

Greetings and salutations of the new year!

I am writing in response to your emails dated November 29, 2013, December 11, and
December 13, 2013.

As you could imagine, all of your emails were sent during our busiest time of the year. We
were inundated with school activities and business, and as you know we are undergoing our
regular annual audit. I apologize for the delay in my response.

Regarding American Express:

Thank you for confirming receipt of the American Express statements and supporting
documentation.

There are two additional AMEX accounts since 2010 Yetunde Watson -62021 and Larry
Moore -32013.

Regarding Van Rental Agreement:

I was able to locate the Van Lease Agreement from 2011-12. However I was unable to locate a signed copy of the agreement. During
this year WAYS experienced significant turn-over in the Board of Directors and administration. Many official school documents were
kept by those individuals who are no longer associated with WAYS, and have yet to be returned after several requests to do so. I
suspect that the signed van lease and Board documentation, if any, may be within those lost documents.

Regarding Avatar Technology:

I was unable to locate any Board documentation regarding the purchase of the Avatar
Computers. However, I can attest that the Board was fully aware of the purchase before it
was executed and after they were purchased. I've attached the news letter showing our
students using the computers.

I believe that this matter may need to be ratified by our current Board. I will discuss this with
our CEO.

Regarding Ed Cabil Reimbursement:

I was able to resolve this matter. Check #11731 was issued in error, voided, and not paid to
Mr. Cabil.

Regarding the Lexus:

Please see the following documents attached:

1. Original Lexus purchase/lease documents
2. Original Board approval documentation
3. Analysis for Purchase and Sale
4. Payoff documentation
5. Proposed sale documentation

Regarding OSE Business Services:

I will do all that I can to help you resolve your connection issue. However, because I am in no way
directly related to the parties at OSE Business Services I have limited knowledge of the specifics
pertaining their Business Filings, social security number, and fictitious business or doing business as
license. Therefore, on December 12, 2013, I forwarded your email concerning their business to OSE,

000444

and on December 16, 2013, OSE replied in the email attached and suggested that you reach them for more information at (323) 377-0972 or orangecounty.osebs@gmail.com.

Furthermore, I cannot confirm the accuracy of what you claim Deara stated in the interview with her on November 15th, including the allegation that Kendra Okonkwo is the only person with a key and the only one who has access to 6709 La Tijera Blvd Ste 274, for I was not present in the interview nor am I involved in the business of Innovative Ways Academy.

I'm unsure of how you drew your conclusion, however considering the information provided, it does not appear that Mrs. Okonkwo may be controlling or managing in some manner the OSE Business. Obviously, I am not a professional investigator or Auditor however I believe that the first step in any investigation is to ask questions. I believe that the most accurate answers about Mrs. Okonkwo business and relationships would come from Mrs. Okonkwo herself. I also encourage you to get in touch with OSE so that you can receive the most accurate information regarding their business. I hope that this helps you confirm the authenticity and who the controlling parties of OSE are.

Mr. Annmeron, it is true that I am not aware of any related party business relationships. As you know, I've been employed with WAYS for nearly 7 years now. Prior to my employment at WAYS I was employed by a District Public School. All to say that I have no expectations for the framework of OSE Business Services and Infrastructure. Unfortunately, I have no information or opinion on the type of business footprint you would expect for OSE.

Additionally, to further assist you in establishing the authenticity of OSE Business Service, On during the week of December 16-20, 2013, I requested the 1099 for OSE from Bali Business Management. I have not received it yet, and I will follow-up with them on Monday, January 13, 2014. On December 18, 2013, I requested copies of the OSE Business Services Checks and Cashiers Checks, both the front and back of each check. Our bank, Wells Fargo, said that it would take ten business days to deliver, and considering the recent holidays I expected 14 days. However, as of today I have not received the copies from our bank and I will follow-up with them on Monday, January 13, 2014. Also, please note that the bank considered my request extraordinary and unusual, so the process was a quite long and difficult. Nonetheless, during the week of November 11-15, I believe that you scanned copies of all our bank canceled check images and payable cashiers checks. OSE information will be provided within those documents.

I hope that the information I provided will help you resolve all matters quickly and efficiently. And as always, I am open to any recommendation that you may have.

Sincerely,

Jason

Dear Jason,

Last week we were able to meet with Bali Business Management. The information that Bali was able to provide was helpful and did provide coverage for many items that were not available during our visit at WAYS. I've send Halilu an Email today requesting him to find some information we would like him to follow up on.

AMERICAN EXPRESS:

During our visit with Bali, Bali was not able to locate and therefore we were unable to review American Express Card statements and supporting receipts or documentation for the following:

- Calendar year 2010; Months April through December
- Calendar year 2011; Months January through December
- Calendar year 2012; Months January through October, and the month of December
- Calendar year 2013; Months September and October

There appears to be at least three credit card numbers ending in 62005 - Kendra, 32005 - Jason, and 33003-Jason. Of the missing American Express statements and documents identified above, Bali was unable to find in their records any of the three credit card statements and supporting documentation I have just described and we cannot determine based on what is missing if there are any other additional credit card accounts.

When you have some time when you return to work next week, please provide us a listing of all credit card accounts for the 2010-2013 calendar years and let us know if you can find any of the missing credit card statements and supporting documentation.

VAN LEASE/RENTAL AGREEMENT:

Attached is a PDF titled "Emeka Enwezor Van Lease." When we reviewed the documentation for the sampled vendor, Emeka Enwezor, Bali could not find any lease agreement documentation. There was however a note attached to check number 9513 that states, "Q? Jason will send back-up on Monday 12/12/2011." Please search your records and send us a copy of the Emeka Enwezor Van lease/rental agreement and associated Board approval and Board approval documentation.

AVATAR TECHNOLOGY:

We also sampled Avatar Technology and came across a large purchase dated January 23, 2012 in the amount of \$37,986.51 for 85 "Legerro 13.3" items at \$410 per unit plus tax. Please send us the Board Approval and any Board Agenda or other documentation supporting the Boards approval of the purchase.

ED CABIL REIMBURSEMENT:

Attached as a PDF titled "Ed Cabil Duplicate Reimbursements check numbers 11731 and 11600" is the documentation identifying two checks to Mr. Cabil for the identical amounts of \$319.25. Both checks, check numbers 11600 and 11731 are for the same amount of \$319.25, are dated one month apart; however, both reimbursements submitted are using what appears to me as exactly the same backup supporting documentation. It may be that Mr. Cabil inadvertently submitted and was

000452

approved for the same reimbursement twice or there is some other reason for the duplicate. Please follow up with Ed and let us know how these two transactions should be accounted for and if there is other documentation this is in the same amount of \$319.25 but with different supporting documentation.

LEXUS PURCHASE, PAYOFF, & PROPOSED SALE:

Based on the discussion you and I had, I did remember that you stated that the Lexus RX-350 that you drive was going to be sold and that the goal was to purchase another school van with the profits from the sale. When we discussed the sale of the Lexus with Bali, they indicated that they understood the Lexus payments of \$891.94 per month over the past 12 months to be lease payments. Bali did not have any lease or purchase documents for the Lexus in order for us to determine if the Lexus was a lease or financed capital purchase or some other lease/option to buy type transaction that should have been capitalized. We were able to identify in the October 2013 WAYS Wells Fargo bank statement the payoff of the Lexus as check number 12397, clearing the bank on October 21, 2013, in the amount of \$30,379.02. Please provide us with the following regarding the Lexus:

- Original Lexus purchase / lease documents
- The original Board approval documentation and minutes authorizing the purchase of the Lexus
- The Board approval documentation and minutes authorizing the sale of the Lexus
- The analysis that you or Mr. Cabil would have provided the WAYS Board establishing the financial profitability, viability, or reasoning for the purchase and subsequent sale of the Lexus
- Copies of any Lexus payoff documentation
- Copies of any Lexus proposed sale documentation

Thank you for your help. If you have any questions, please feel free to contact us.

Best regards,

Mike

Missing Information follow up and OSE Business Services issues

Dear Jason,

Hope your schedule has opened up and the holidays are treating you well. I'm following up regarding a few things. I would like to come out one more day to review the information that I followed up with you last Thursday, December 5th which was based on my Friday, November 29th E-mail to you discussing the American Express Statements, Van/Lease Rental Agreement, Avatar Technology, Ed Cabll Reimbursement, Lexus Purchase, Payoff, & Proposed Sale.

Thank you for responding to Nafisa at Bali Business Management, day before yesterday, December 9th, by providing the OSE Business Services ("OSE") IRS Form W-9. Based on the W-9 for OSE we received from Bali Business Management, we have a slight connection issue that we need your assistance. As far as we can research, we cannot make a connection between OSE as a business and the Social Security Number (SSN) used by Obiesie Enwezor in completing his W-9 as owner of OSE Business Services. In other words, according to our business search for the WAYS vendor OSE, we cannot find a business known as OSE Business Services. Usually, when a business files for a Fictitious Business Name or Doing Business As (DBA) license, we can identify the business using our business search tools.

OSE also shares the identical address as Innovative Ways Academy, a Non-Profit Corporation. Both OSE and Innovative Ways Academy have the mailing address of 6709 La Tijera Blvd., Ste. 274, Los Angeles, CA 90045. Innovative Ways Academy is Deara Okonkwo's Non-Profit organization and the Innovative Ways Academy and Web Site identifies the Innovative Ways Academy's address as 6709 La Tijera Blvd., Ste. 274, Los Angeles, CA 90045.

When we interviewed Deara Okonkwo, your sister, on November 15th, Deara clearly explained that Kendra Okonkwo, your mother, is the only person who checks the mail at the 6709 La Tijera Blvd., Ste. 274 and is the only person with keys and access to 6709 La Tijera Blvd., Ste. 274.

We visited the 6709 La Tijera Blvd., Ste. 274, Los Angeles, CA 90045 mailing address which is the mailing address of both OSE and Innovative Ways Academy and found the 6709 La Tijera Blvd., Ste. 274 address to be only a post office box rental and business services type center. Considering the volume of boxes of paper alone that WAYS purchases from OSE, we would have expected the OSE location to be a warehouse facility with the ability to service numerous customers complete with shipping documents, bills of lading, packing slips, and other documentation.

Since Kendra Okonkwo is alleged to be the only person with a key and the only one who has access to 6709 La Tijera Blvd., Ste. 274's mail box, it appears that Kendra Okonkwo may be controlling or managing in some manner the OSE business. We would like you to help us understand and now confirm the authenticity of OSE and who the controlling owners and parties of OSE are.

I believe you when you explained to us when we first met that there were no other related party businesses that you knew of. Jason, because even you were not aware of any other

000455

potential related party business relationships, this is why we need to carefully confirm OSE's business. At this point in our audit, based on the invoice only documentation from OSE, OSE does not appear to be exhibiting the type of business footprint we normally would expect to find for a business doing the type of sales volume that OSE does with WAYS.

Considering the amount of sales OSE has with WAYS, I would believe that OSE will be more than happy to help you and in turn help us. In order to authenticate OSE and support the questions we have, we are requesting the following:

1. Please obtain from OSE the documents OSE filed with their bank for opening their bank account as a business and any other documents which may help us identify OSE as a legitimate business (Example documents that OSE should have are DBA documents, State Board of Equalization sales and resale documents, business license, and business property tax documents).
2. Provide to us the IRS Form 1099's that were issued to OSE for calendar years 2011 and 2012.
3. Since OSE had not provided any Packing Slips or other Shipping documents for the supplies sold to WAYS, please provide us with OSE's actual physical business/warehouse address and phone number. This way you can let OSE know we will telephone Mr. Enwezor and set up a meeting with Mr. Enwezor.
4. Please inform Mr. Enwezor that we will need to review his supplier purchases to support that the product OSE obtained or consolidated from his suppliers and subsequently sold to WAYS did in fact occur.

Hopefully we can resolve the OSE matter and move on to completing the other remaining items we described in the first paragraph of this E-mail. If you have any questions, please feel free to call or write anytime. We are looking forward to meeting Mr. Enwezor.

Sincerely,

Mike

Dear Jason,

We received from WAYS a Priority USPS envelope late today with a CD containing 17 files which appear to be American Express statements. Thank you so much for scanning the American Express statements that were un-available during our last visit to WAYS and sending the American Express Statements to us. We have not had a chance to go through the files on the CD we received from you today and believe that the CD contents are American Express statements; however, I'll let you know as soon as possible if we can check off from the list the missing American Express statements identified in our Friday, November 29, 2013, 1:57 PM E-mail.

This still leaves as outstanding from the Friday, November 29, 2013, 1:57 PM E-mail, the Van/Lease Rental Agreement, Avatar Technology, Ed Cabil Reimbursement, Lexus Purchase, Payoff, & Proposed Sale and the OSE Business Services matter. By now I'm sure Executive Director, Ed Cabil is reviewing his reimbursements and you and Mr. Cabil are gathering the requested board minutes and authorizations, etc., as described in the Friday, November 29, 2013, 1:57 PM E-mail.

Regarding the OSE Business Services matter described in our E-mail sent to you and Mr. Cabil the day before yesterday, Wednesday, December 11, 2013 at 5:39 PM, we are adding one additional requested item. One additional area that may further help us with establishing the authenticity of OSE Business Services would be for you and Mr. Cabil to request from your bank and provide to us the **OSE Business Services Checks and Cashier's Checks, both the front and back of each check**. Regarding Cashier's Checks, if you request inside of your bank branch, the branch where you obtained the cashier's checks can provide you front and back copies of the cashier's checks that were issued to OSE Business Services.

To keep track of the remaining requested items we have included in this E-mail, both the Friday, November 29, 2013 1:57 PM E-mail and Wednesday, December 11, 2013 5:39 PM E-mail for reference. We have added the OSE Business Services Check and Cashier's Check copies request for both front and back copies of the OSE Business Services checks to the Wednesday, December 11, 2013 at 5:39 PM E-mail below as item number 4 which now identifies five items.

To assist you and Mr. Cabil in obtaining front and back copies of the OSE Business Services checks and cashiers checks, we have attached a copy of the OSE Business Services QuickBooks transaction report which identifies each transaction with OSE Business Services. OSE Business Services checks are identified as bill payment checks shown in the report as "Bill Pmt-check", although two Bill Pmt-Checks are cashier's checks and are identified as such. Using the OSE Business Services check number, check date, and amount shown in the QuickBooks Transaction Report, your bank should have no difficulty in providing front and back copies of the OSE Business Services checks. Cashier's checks are identified in the attached OSE Business Services QuickBooks transaction report typically as General Journal entries; however, I have written in blue ink a small "cc", signifying cashier's check by each amount that is considered to be a cashier's check. Also attached are two additional PDF files which are copies of the front of the cashier's checks that we obtained which should assist your bank in quickly identifying the cashier's checks

000458

we are requesting front and back copies.

Thank you and Mr. Cabil again for sending us the American Express statements. If we do not hear from you by sometime next week we will follow up with another E-mail to see where you are in the process.

Thank you again.

Sincerely,

Mike

**MERLE WILLIAMSON FOUNDATION
DOING BUSINESS AS
WISDOM ACADEMY FOR YOUNG SCIENTISTS (WAYS)**

CONFLICT OF INTEREST CODE

I. ADOPTION

In compliance with the Political Reform Act of 1974, California Government Code Section 87100, *et seq.*, the Merle Williamson Foundation, a California nonprofit public benefit corporation doing business as the Wisdom Academy for Young Scientists, a California public charter school, hereby adopts this Conflict of Interest Code ("Code"), which shall apply to all governing board members and all other designated employees of Wisdom Academy for Young Scientists ("Charter School"), as consistent with California Government Code Section 87300. As the Charter School has also agreed in its charter to comply with Government Code Section 1090, in addition to the Political Reform Act, this Code intends to conform to the requirements of that Section.

II. DEFINITION OF TERMS

The definitions contained in the Political Reform Act of 1974, the regulations of the Fair Political Practices Commission, specifically California Code of Regulations Section 18730, and any amendments or modifications to the Act and regulations are incorporated by reference to this Code.

III. DESIGNATED EMPLOYEES

Employees of this Charter School, including governing board members, who hold positions that involve the making or participation in the making of decisions that may foreseeably have a material effect on any financial interest shall be "designated employees." The designated positions are listed in "Exhibit A" attached to this policy and incorporated by reference herein.

IV. STATEMENT OF ECONOMIC INTERESTS: FILING

Each designated employee, including governing board members, shall file a Form 700 Statement of Economic Interests ("Statement") at the time and manner prescribed below, disclosing reportable investments, interests in real property, business positions, and income required to be reported under the category or categories to which the designated employee's position is assigned in "Exhibit A."

An investment, interest in real property or income shall be reportable, if the business entity in which the investment is held, the interest in real property, the business position, or source of income may foreseeably be affected materially by a decision made or participated in by the designated employee by virtue of his or her position. The specific disclosure responsibilities assigned to each position are set forth in "Exhibit B."

Filing of Annual Statements. All Statements shall be supplied by the Charter School. All Statements shall be filed with the Charter School and the Charter School's filing officer shall make and retain a copy of the Statement and forward the original to the County Board of Supervisors.

V. DISQUALIFICATION

No designated employee shall make, participate in making, or try to use his/her official position to influence any Charter School decision which he/she knows or has reason to know will have a reasonably foreseeable material financial effect, distinguishable from its effect on the public generally, on the official or a member of his or her immediate family.

VI. MANNER OF DISQUALIFICATION

A. Non-Governing Board Member Designated Employees

When a non-Governing Board member designated employee determines that he/she should not make a decision because of a disqualifying interest, he/she should submit a written disclosure of the disqualifying interest to his/her immediate supervisor. The supervisor shall immediately reassign the matter to another employee and shall forward the disclosure notice to the Charter School Principal, who shall record the employee's disqualification. In the case of a designated employee who is head of an agency, this determination and disclosure shall be made in writing to his/her appointing authority.

B. Governing Board Member Designated Employees

Financial interest in a contract: Where a Governing Board member has a personal, material financial interest in a contract, the financial interest will be reviewed under Government Code Section 1090 to determine whether the remote or non-interest exceptions apply. Should the Board determine that no applicable remote or noninterest exceptions apply, the Board must either: (1) not enter into the contract, as Government Code Section 1090 prevents the entire board from voting on the contract; or (2) prior to the Board of Director's discussion of and/or taking any action on the contract at issue, the Board member must resign from the Board of Directors. The resignation shall be made part of the Board's official record.

All other financial interests: Governing Board members shall disclose a disqualifying interest at the meeting during which consideration of the decision takes place. This disclosure shall be made part of the Board's official record. The Board member shall refrain from participating in the decision in any way (i.e., the Board member with the disqualifying interest shall refrain from voting on the matter and shall leave the room during Board discussion and when the final vote is taken) and comply with any applicable provisions of the Charter School bylaws.

EXHIBIT A

Designated Positions

- I. Persons occupying the following positions are designated employees and must disclose financial interests in all categories defined in "Exhibit B" (i.e., categories 1, 2, and 3).
- A. Members of the Board of Directors
 - B. Executive Director of Charter School
 - C. Principal of Charter School
 - D. Director of Operations
 - E. Director of Instruction
 - F. Consultants¹

¹ The Executive Director may determine, in writing, that a particular consultant, although a "designated position," is hired to perform a range of duties that is limited in scope and thus not required to fully comply with the disclosure requirements in this section. Such written determination shall include a description of the consultant's duties and, based upon that description, a statement of the extent of disclosure requirements. The Executive Director's determination is a public record and shall be retained for public inspection in the same manner and location of interest code.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
FISCAL POLICY

POLICY NUMBER ONE: BUDGET PREPARATION AND IMPLEMENTATION

ANNUAL BUDGET

The school shall annually adopt a budget as a planning tool to implement its strategic plan. The budget will be approved by the Board, and implemented by the management staff. The staff will also update the board on the status of the budget through the Finance Committee and make necessary adjustments as needed.

BACKGROUND:

In order to manage the resources of the school, a budget has to be prepared to reflect the priorities of the school, and also help achieve its goals and objectives.

PROCEDURES:

Executive Consultant:

- Informs the Executive Director of the guidelines and procedures for the year's budget process. Provide the management staff with the formats and timelines for preparing the school budget.
- Review the budget and check the calculations and the basis for the calculations.
- Make revenues estimates in coordination with the Executive Director, taking into consideration the state funding, fundraising, investment activities and other income sources.
- Prepare a draft budget based on the requests by the Executive Director taking into account other operating expenses of the school, and all other contractual obligations of the school. This budget will include both capital and operating budgets for the fiscal year.
- Meet with the Executive Director and review the budgets, their assumptions and computations related to both revenue projections and expenditure estimates. In reviewing the budgets for recommendation to the finance committee the priorities of the school, revenue availability and fiscal responsibility must be considered.
- Prepare the final recommended budget based on agreements reached from the meeting with the Executive Director for presentation to the Finance Committee and Board of for approval.
- Provide the approved budgets to the Director of Operations and other Administrative Staff so they know the budgets they have to work with during the year.
- Responsible for making sure the budgets are being implemented correctly. This includes working with the Consultant Accounting Staff to input the budgets into the accounting system to help monitor budgets to actual comparison. Also working with the Director of Operations and Staff Consultant to answer budget related questions and reporting any problems and proposed solutions to the Executive Director and Finance Committee.
- Review budget to actual report prepared by Staff Consultant and make necessary adjustments and narratives or comments before presenting to Executive Director, Finance Committee and Board.
- Revise the budget for board consideration when there is a material change in the approved budget.

Executive Director:

- Review the draft budget with the Executive Consultant, making sure that the priorities of the school are reflected in the final budget recommended to the Finance Committee and the Board.
- Review the monthly budgets to actual comparisons prepared by the Executive Consultant and take any recommended actions as necessary.
- Recommend any budget adjustments as necessary to the Finance Committee and the Board.
- Help the Executive Consultant in preparing annual budgets.

Consultant Bookkeeper:

Revised. 07262012
Approved. 01312013

- Inform the Executive Consultant of any unbudgeted expenditures seen while reviewing purchase orders.
- Input the approved budgets in the Accounting system so we can generate budget to actual reports.
- Approve purchase orders before they are issued to vendors, after checking to make sure there are funds in the budget for cover the order.
- Prepare monthly budget to actual report for Executive Consultant to review.

POLICY NUMBER TWO: TIME SHEET AND PAYROLL POLICIES AND PROCEDURES

PAYROLL

All employees on payroll must be hired by the Executive Director and must have worked for the hours being paid, those hours having been properly documented and approved by the Executive Director. The expense must be properly recorded in the accounting records to the correct account to facilitate availability of accurate and timely financial information for management's use in making decisions.

BACKGROUND:

The school hires employees to work on its operations, in order to achieve its objectives. The employees in turn get paid on a timely basis and the information on these costs is made available to school management for decision making.

PROCEDURES:

Responsibility of the employee:

- Punch in time card on a daily basis when you come in for work, when you take lunch or any other absence, when you return back to work on the same day and when you leave for the day. Any specific arrangements outside normal hours should be discussed and approved by the Executive Director prior to beginning of the assignment.
- No overtime can be worked before obtaining approval from the Executive Director.
- Salaried employees are required to sign a sign-in log on a daily basis.
- At the end of each pay period each hourly employee is required to finish completing their time sheet that was generated by the computer system and give them to Administrative Assistant for approval. The employee should make sure they complete the total regular hours, overtime hours, vacation, sick, and other hours worked each day and for the pay period. If you work on more than one job on a regular basis you should complete a time sheet for each job. Just state what hours you worked for each job on the same time sheet if you work more than one job on an irregular basis.
- The properly completed and approved time sheet is put in the box of the Administrative Assistant no later than the date it is due for processing. Delay in submitting the time sheet can affect employee pay date.
- If you are a new employee, make sure that you complete a personnel information package, including a W-4 form that gives us information on your tax status. We cannot give you all the money due you without knowing your tax information. Any information related to direct deposit, tax sheltered annuity or any other voluntary deductions should be given to the Financial Consultant no later than the deadline given to you by the business office. If you are hired after the start of a pay period, you will not be paid until the pay period following the period you started working.

Responsibility of the Administrative Assistant:

- Provide all staff with time sheet, sign-in sheet, time card, due date for time sheet, due date for voluntary deductions set up, time clock and other employee package items necessary to accurately complete information for payroll and benefit accrual.
- Collect all the time sheets in your box and any others around the time clock area.
- Verify that the time recorded on the time sheet corresponds with the time clock records. Any unexplained discrepancies should be reported to the Executive Director for correction or explanation. Any incomplete or unapproved time sheet should be referred to the Executive Director for completion and approval immediately in time to promptly prepare payroll.

Revised. 07262012
Approved. 01312013

- Verify the time sheet to make sure the computations are accurate and that the information and approvals are made by the appropriate persons and write the account numbers where the salaries will be charged on the time sheets.
- After verifying that everything is correct and that you have every employee's time sheet, sort out using the previous period time report and give to the Executive Director for approval and transmittal to the Executive Consultant. Also process the Salaried payroll for the pay period, ESA for the 15th and regular monthly payroll for the 30th.
- Print the input information for the School Director to approve for transmission to Executive Consultant.
- Send new hire and any other employee change information to the Executive Consultant as you get the information from the employee.
- After the checks come back from BBM, verify all the checks to make sure that everything is correct and that the checks appear accurate. Additionally check the payroll reports sent to you to make sure everything balances both to the time reported and other relevant deductions. If there is anything that appears unusual, inform the Financial Consultant or a Executive Director. Put the checks in envelopes ready to be distributed to employees and leave with the receptionist together with a sign-in list. Instruct the receptionist that nobody should pick-up another persons check without written authority to do so. Before the receptionist gives a check to an employee that employee must sign the list provided as evidence that they have received their check.

Responsibility of Executive Director:

- Make sure that the new employee package is completed and accurately filled out prior to starting work, especially the I-9, Immigration and Naturalization Form and W-4, Employee Tax Information. The employee should also be given a copy of the employee handbook so they can be aware of the school policies and procedures that affect them.
- Negotiations regarding pay and other benefits should take into consideration the budgetary constraints to make sure that we do not commit to what we cannot pay.
- A personnel action form (PAF) must be completed and given to the Financial Consultant stating how much the employee will be paid, what the effective date is, and what account will be charged for this expense. The PAF and the completed package must be given to the Financial Consultant so that payroll arrangements can be made and personnel file opened for the new employee.
- The Executive Director must make sure the employee follow the school policies and procedures that relate to them. Any infraction should be cured according to school policies and procedures related to employee discipline.
- Make sure that all employees complete a time sheet and give it to them for their approval on a timely basis.
- Ensure that the time sheet as completed by employees reflect their attendance, including breaks and lunch time, before approving the time sheet.
- Make sure that employees are allowed to take breaks in the mornings and in the afternoons and a lunch break for those who work full-time. Generally, rest periods (breaks) are taken every four hours of work and meal periods (lunch) when someone works six or more hours a day.
- Ensure that overtime worked by the employee is approved in advance and that there is enough funding available to cover the overtime and other related costs.

POLICY NUMBER THREE: PURCHASE AND OTHER PROCUREMENT POLICIES AND PROCEDURES

PURCHASES:

The school will purchase the materials needed to implement the plans and strategies set out by the board and the charter in order to achieve its objectives. In making these purchases the school must ensure that the materials being purchased are necessary for running the school. The school will also ensure that economy of resources is exercised in judging whether there is a need to purchase a certain item, as the school has limited resources for many competing

Revised. 07262012
Approved. 01312013

priorities. The purchase must give the school the best deal (price, quality and other criteria considered), and also ensure that there are funds available to pay for the materials. All purchases must be approved by the Executive Director. The purchase must be documented and recorded in the accounting books.

PROCEDURES:

- All purchases must be initiated by completing a purchase order. Exceptions may be granted by the Executive Director or Executive Consultant for purchase of certain small items that are less than \$100 or in emergency situations.
- Before completing the purchase order the purchaser must assure that there are unencumbered funds budgeted for this purpose and the purchase is being charged to the correct budget category. If there is any question regarding the availability of funds, the Staff Consultant can be contacted for an answer.
- The purchaser must demonstrate, by providing copies of three bids or estimates that the vendor picked provides us with the best deal for the service or product being purchased. (The lowest price may not always be the best deal for the school.)
- For the purpose of getting bids, purchases of \$2,999 or less can be done by phone bids, purchases of between \$3,000 and \$9,999 can be done by written bids on vendor's letterhead. Purchases of \$10,000 or more need to be advertised in a more formal competitive bidding process.
- In cases where a particular vendor is known to give us the best deal, once a year research of prices and services is enough to satisfy this criterion. In such a case copies of the result of the research should be kept on file to be referred to when needed.
- There may also be cases where a vendor is a sole source vendor, which means that the vendor is the only vendor that can supply this product or service. In such an instance it will be impossible to provide bids, but it must be demonstrated that the vendor is the sole source.
- Purchase orders will be issued by Administrative Assistant. The form must be originally filled out, including who to deliver the order to and the account number to which the expenditure is to be charged. The original is given to the Administrative Assistant to fax to the vendor with a return confirmation from the vendor after being approved by the Director of Operations, a copy for the Director of Operations's file, Staff Consultant's file and a copy to the Office Assistant (receiving). All originals and copies of purchase orders must have the signatures of the Director of Operations.
- All purchase orders must be approved by the Director of Operations.
- When the purchaser gets the order they will keep the items in a safe place for use, after making sure that the order received agrees with the purchase order. In certain instances the order might be tracked as to who is using them, so we can allocate them to various programs.

Procedures for Receipt of Order (Office Assistant)

- When the order arrives the Office Assistant compares the quantity on the packing slip, the purchase order and the order received to make sure they agree. If they agree the packing slip will be initialed and sent to the Staff Consultant with a copy to the Director of Operations.

Administrative Assistant:

- When the original purchase order is received from the Director of Operations, it is immediately faxed to the vendor. This will be done after checking to make sure the order is charged to the correct account, and funds are available signified by the approval of the Director of Operations, evidenced by the his signatures.
- A copy of the purchase order is kept in an open purchase order file pending the time the order is filled. It is discarded when the invoice for the purchase is processed. The purchase order is encumbered in the Accounting system to set aside the funds so it will be available to pay for the bill. The purchase order is unencumbered when we pay the bill.
- The Administrative Assistant will check incoming orders to make sure they are consistent with the packing slip and the purchase order. The orders will then be stamped or tagged as property of the Wisdom Academy depending on what kind of item it is. Books will be

Revised. 07262012
Approved. 01312013

stamped and equipment will be tagged, while supplies will be inventoried issued as necessary.

- The Administrative Assistant will check all the documentation and make sure they are complete, accurate, and consistent with one another. The Administrative Assistant will also make sure that the correct budget category is being charged and the amount of the bill is computed accurately.
- As part of checking the documentation, the Administrative Assistant will ensure that the invoice being paid is an original invoice, not a copy, and that we are not paying from a statement of account. Please refer to commercial warrant processing for more details on bills processing.

POLICY NUMBER FOUR: CONTRACTING POLICIES AND PROCEDURES

1. All contracts must be approved by the School Director and Staff Consultant. Contracts of up to \$4,999 may require at least three phone bids, between \$5,000 and \$9,999 may require three written bids on contractor's letterhead. Contracts of \$10,000 and above require formal competitive bidding process. For more information, please see purchase procedures.
2. Before approving a contract, it must be determined that funds are available for this purpose and the payment terms clearly and satisfactorily stated in the contract, considering cash flow needs of the school.
3. In the case of a construction contract, the contractor must be licensed by the state board and have the financial capability to execute the contract, except in cases where an exception is allowed by a Principal.
4. The contractor must have workers compensation and other general liability insurance that will name the school as additionally insured, except in cases where the school agrees to cover the contractor as part of terms of the contract.
5. The contractor must submit a bill based on the original approved contract for the Principal to approve for payment. In the event of change orders, they must be pre-approved by a Executive Director or designee.
6. The contractor must provide the school with a completed form W-9, taxpayer identification number, at the time of signing the contract.
7. Before the payment is made for construction contracts, the contractor must provide the school with a lien release as to labor and materials to exempt the school from any legal action including mechanics lien related to non payment of labor and material.
8. Before approving payment, the Executive Director will be certain that the construction was executed satisfactorily (in some cases an expert opinion might be sought to determine this).
9. It is customary to withhold 10% of the contract price until final determination is made on the successful completion of the contract. This will therefore be the practice of the school.
10. A copy of the contract should be filed in the business services office as soon as the contract is signed, to ensure that all documentation is complete and accurate.
11. All independent contractors must be persons that are in business for themselves, set their hours, and are responsible for results and not persons that are normally considered as employees. All other part-time or one-time persons employed by the school should be put on the payroll system, as they are actually employees and not independent contractors. All independent contractors must have a written contract following the procedures outlined above.

POLICY NUMBER FIVE: CHECK REQUESTS POLICIES AND PROCEDURES

CHECK REQUESTS:

All disbursements, except for those made through the Revolving Cash Fund, Payroll System and Petty Cash, must be made through the Check Request.

BACKGROUND:

Revised. 07262012
Approved. 01312013

The school has a responsibility to process all payments in accordance with generally accepted accounting principles and other government accounting standards in order to discharge its fiduciary responsibilities as delegated by the board of directors.

PROCEDURES:

Administrative Assistant:

- Picks up mails from the bills mailbox and distribute to various departments where necessary for check requests and approval of the bill.
- Checks the utilities and other general office bills for any error before giving to the Director of Operations for check request approval.
- Double check requests and bills to make sure that all the information and documentations are correct. This information and documentation includes payee, account numbers, original invoice (payments cannot be made with a copy of the invoice or statement of account), relevant purchase order and receiving reports, amounts and appropriate approvals. If any information or documentation is inaccurate or incomplete, the check request must be returned to the responsible party so it can be corrected immediately, for timely processing of the check request. Check requests must not be left with anyone for an unreasonably long period of time as to incur the school, credit problems.
- The check requests are sent to Executive Consultant for input into the computer system for payment. All the check numbers must be serially numbered, taking time to make sure the first check of each batch or day follows the last number as specified in the check register. A serial number log must be kept to ensure the numbering system is being adhered to. Each time a number is used it is crossed out to prevent the reuse of the number a second time.
- Pick up the mail from Bali Business Management the following day and verify that all the checks were generated and everything related to the check is correct. Then attach a copy of the check to the check request, staple them together and complete the payment information on the check request. Stamp the documentation as paid and file the whole package in the paid bills folder, after the checks are approved by the check signer.
- Put the checks in an envelope for mailing. If someone has to pick up a check in the office they must sign a log, and if it is an unknown person picture identification or drivers license should be reviewed to make sure that it is the right person.

The Administrative Assistant:

- Make sure that the bill being approved is a bill the school incurred and that those who incurred them are authorized to incur the bill, and that sufficient amounts are available in the budget to pay for the bill.
- Must be sure that services or goods were actually delivered as ordered and the amounts billed are agreed to and the bill was not previously paid and the invoice is not a duplicate or copy.
- Must be sure that the invoice is being charged to the right budget line item (account number and object code). This information must be provided by completing a check request form, and attaching the invoice, copy of the purchase order and a receiving advice or report noted on the purchase order. Any discrepancy between the invoice and the purchase order must be noted on the bill and reported to the Financial Consultant or Director of Operations.
- The check request must be made in a timely manner for payment to prevent incurring collection and other credit problems.

Director of Operations:

- Make sure that there is enough cash flow to pay the checks being requested before approving the bills. This can be accomplished by reviewing the cash balance on the report provided by Financial Consultant.
- Check to see that the checks were written to the same payee as stated on the check request and bill.
- Keep the budget managers or persons who incur expenditures informed about cash flow in case they have to defer incurring certain expenditures, pending improvement in cash flow.

Revised. 07262012
Approved. 01312013

- Before signing any check, make sure the documentation is attached and that the check request information is completely filled out with prior approvals attached.
- Checks in excess of \$10,000 of non recurring item require two signatures.

POLICY NUMBER SIX: REIMBURSEMENTS

All employee reimbursement check requests must be accompanied by filling out a reimbursement form with attached documentation including receipts and invoices of the reimbursements. Mileage reimbursement check requests must be accompanied by a form detailing the mileage description with a starting point and ending point. The description will also include the date of the travel and the number of miles travelled for each entry or date. Mileage will be reimbursed at the IRS rate that is applicable at that particular time.

POLICY NUMBER SEVEN: USE OF CORPORATE CREDIT CARDS AND PROCEDURES

Credit cards secured for the school through our bankers will allow us the convenience of charging purchases on the account, therefore saving staff the trouble of using their funds to purchase needed materials. Furthermore, it will save the school from cutting many checks for reimbursements. Instead one check will be cut to our bankers.

- The cash advance feature CANNOT be activated or used for any reason.
- The card can be used only for business purchases. NO PERSONAL USE.
- The duplicate receipt must always be turned in to Administrative Assistant, after purchase is made to allow for easy processing of the bills. The account number to be charged must be stated on the receipt.
- Before charging anything to the card, the purchaser must determine what budget line items should be charged for this expenditure and whether the budget item has enough funds in the account to accommodate the charges, considering all other charges previously made to this account. If in doubt about the availability of the funds, please consult the responsible budget manager.
- Any missing or lost credit card must be immediately reported to the Financial Consultant and the Bank, so that security measures regarding cancellation and reissue can be accomplished in time to prevent illegal charges to the account.
- The card can be used to charge things for other staff as long as verification is made as to the availability of funds for the purchase. The card can be used for small purchases that normally require payment before order, it should not be used for items that can be put on purchase orders and billed to us in the normal way. Do not use the credit card in such a way as to circumvent our normal purchase order or billing system. Examples of things that can be charged include airline tickets for training and seminars, books and instructional supplies.
- The Financial Consultant and the Executive Director are responsible for ensuring that the credit card holders follow these procedures. Any abuse of the credit card policies should be reported to the Financial Consultant or the Executive Director. The school reserves the right to terminate any credit card due to abuses including lack of following credit card policies and procedures.
- The Executive Director must approve any expenditure related to any direct benefit of the credit card user. No one can approve an expenditure that is for his or her own benefit.
- The Administrative Assistant must turn in all credit card statements to the Financial Consultant. The Administrative Assistant will give each credit card holder his or her statements.
- Credit card holders will prepare a check request for each credit card statement with all attached documentation, including receipts and account numbers. This will ensure orderly and efficient processing of the bills to avoid the charging of interest.

POLICY NUMBER EIGHT: PETTY CASH POLICIES AND PROCEDURES

Revised. 07262012
Approved. 01312013

The school will maintain a petty cash fund to make it expedient to disburse small purchases that are needed to operate the school business. The items to be disbursed out of these funds are limited to small items of \$25 or less.

PROCEDURES:

Administrative Assistant:

- The Administrative Assistant has oversight over the implementation of the petty cash policies and procedures.
- Processes requests for issuance of petty cash after being approved by the School Director.
- Processes replenishment of petty cash on a regular basis.
- Ensures that the replenishment expenditures are supported by authentic purchase receipts approved by the School Director.
- Monitors all the petty cash given to holders to make sure they are replenishing them on a regular basis and remind the holders of the need to replenish the fund so that expenditures can be recorded. If the holder does not have expenditures for several months, this may indicate that the petty cash might not be necessary.
- When a petty cash is originally issued to a holder, it must be logged in a petty cash log; any increases to the petty cash amount must be recorded in the log.
- Petty cash is reimbursed in the same manner as any other reimbursement or bill. In urgent situations, reimbursements can be done from the revolving cash fund.

Petty Cash Holders

- Request for issuance of petty cash from the Executive Director based on a compelling need supported by convincing reasons.
- Makes sure that the petty cash fund in their possession is securely locked in a cabinet at all times, making sure that nobody else has access to the fund.
- The petty cash holder has a personal responsibility for the funds in their possession.
- Issuance of funds to staff who need them must be evidenced by a receipt signed by staff and petty cash issuer.
- Before issuing the funds to the staff the holder must ascertain that the staff is going to spend the money on a budgeted expenditure approved by the School Director.
- Must ensure those given petty cash bring back an authentic receipt approved by the Administrative Assistant with the appropriate account number where the expenditure will be charged.
- The Executive Director's signature on the purchase receipt is evidence that the expenditure is approved by the Executive Director and it is for an expenditure that has been budgeted by the school for this purpose and the goods or services is to be used for a specific school business purpose. The signature also means that there is available balance in the line item to accommodate the expenditure.
- When the staff gives the petty cash holder an authentic purchase receipts approved by the Executive Director, the issuance receipt should be endorsed by the holder as paid and copy of the paid issuance receipt given to the Administrative Assistant. If there is a cash balance returned by the staff it should be reflected on the issuance receipt. The paid issuance receipt should be attached to the purchase receipt.
- When the petty cash is low the holder should fill out the petty cash replenishment form and request for replenishment of the petty cash fund equal to the amount of the purchase receipts in their possession. The total amount of the replenishment and the petty cash on hand should always be equal to the amount originally issued to the holder.

Staff Requesting the Use of Petty Cash:

- Before requesting for petty cash fund staff must make sure that the expenditure is approved by the Executive Director and there is available funds for that expenditure.
- Make sure that a purchase receipt is obtained for the goods or services purchased and the receipt is approved by the Executive Director with the appropriate account number written on the receipt before giving it to the petty cash holder.

Revised, 07262012
Approved, 01312013

- Return any excess cash to the petty cash holder together with the receipt to relieve the staff of the responsibility of the cash originally received.
- Once a staff receives funds from the petty cash holder, the staff is personally responsible for the funds, until they bring back an approved receipt with account numbers plus any left over cash in exchange for a release of liability. This is evidenced by a copy of a paid issuance receipt by the holder of the petty cash.

POLICY NUMBER NINE: FINANCIAL REPORTING REVIEW POLICIES AND PROCEDURES

As part of our internal control procedures, the school will reconcile and review the result of operations to make sure the transactions are charged to the appropriate accounts and that the operations are being executed as planned.

Financial Operations Review-Procedures:

- About the first week of the month through the second week of the month following the end of each month the back office company will reconcile all accounts of the school. In order to do that all deposit and other non disbursement information has to be provide to the company prior to the end of the previous month.
- After reconciling all the accounts include bank reconciliation the Consultant Accountant will prepare all financial reports (Statement of Financial Position or Balance Sheet, Budget report or budget variance report, Statement of Activities and Cash flow actual and projections) for review by the Executive Consultant. After reviewing the report it will be sent to the School for review and transmission to LACOE in time to meet their 15th of the month dateline.
- On the third week following the end of the month the School Management will meet with the Financial Consultant to review the Financial reports including any narrative and analysis reports and recommendations.
- On the day of the board meeting the Finance Committee will meet to review the financial performance of the school and make recommendation to the board for their adoption or approval.
- It is recommended that the school maintain a reserve equal to at least 10% of its previous years expenditures.

POLICY NUMBER TEN: PROGRAM CASH RECEIPTS AND DEPOSIT POLICIES AND PROCEDURES

PROGRAM CASH RECEIPTS:

All programs and other pass through payments will be paid to the office and given to the Administrative Assistant periodically for deposit to the bank.

BACKGROUND:

The school will run various programs including meals, after school programs and pass through programs. Checks and cash are usually received at the reception desk for registration for these events.

PROCEDURES:

Responsibilities of the Office:

- Each parent is issued a receipt (original) when payment is made for any of these programs. Parents who have a history of insufficient funds checks (as provided by Financial Consultant) will be required to pay cash.
- Satellite site receipts will be brought to the main office on a daily basis for safekeeping. The Administrative Assistant will include the amounts received from the satellite site (if any) in their balancing of the total receipts for the school.

- Checks and cash are kept in a secured cabinet locked in a box until deposit is made to the bank.
- The checks must be stamped "for deposit only", using the appropriate stamp for the program bank account, to reduce any risk of loss.
- Three staff persons have access to the key so they can retrieve funds for deposit or store funds collected from parents (under no circumstances should this amount be used for any reason except as approved by the Finance Consultant) This amount is not petty cash and therefore should not be used for that purpose. Please use petty cash fund to pay for small emergency items.
- The office prepares deposit tickets on Tuesdays and Fridays, making sure the total amounts on the deposit tickets agree with the total receipts attached (duplicate) and receipts log book. \$100 from petty cash fund will be left in the cash box for the purpose of making change when payments are received from parents.
- Any discrepancy between the deposit tickets and the attached receipts should be noted and reported to the Financial Consultant and the Executive Director so that further investigation can be conducted to resolve the problem.
- The income log must be compared with the incoming attendance and participation log from the program department, to make sure they agree and explain any discrepancies between them.
- The program to be credited with these funds should be noted on the deposit ticket or receipt.
- The receipts and deposit tickets will be given to the Administrative Assistant by 12 noon for deposit to the bank. A copy of the deposit ticket should be made and kept with the office, showing the signature of the Administrative Assistant as evidence that they have received the amounts listed on the ticket.

Responsibilities of the Administrative Assistant:

- The Administrative Assistant will review the whole packet to make sure that everything is completed accurately.
- A copy of the deposit ticket and duplicate receipts are filed in the program deposits file and the original deposit ticket and the funds are deposited at the bank.
- The deposit receipt from the bank must be attached to the duplicate deposit ticket in the program account file.
- Attendance log or report is compared with duplicate receipts for the respective programs to make sure everything agrees, any discrepancy must be investigated and when necessary reported to Financial Consultant or Executive Director.
- By the middle of the month following the end of a month, bank reconciliation is prepared and any "non sufficient funds" checks identified in a separate report. Letters will be written to the issuers of the checks so they can pay the amounts, plus service charge of \$15 per bounced check.
- Each month after the bank reconciliation or when the program is complete, depending on the program, a check will be generated from the program account to our county account or outside vendor depending on the program requirements.
- Adjusting journal entries will be made to reverse the revenue account, replacing it with fees receivable account pending the time the amount is collected from the issuer of the bounced check.
- Prepare a list of insufficient funds check and provide the office and program staff with copies.

Responsibilities of the Program Staff and Office:

- To make sure that all participants of the program have paid their fees.
- Make sure that a report of attendance or participation log is prepared and a copy given to the Office daily, additionally monthly reports should be prepared and a copy given to the Administrative Assistant (all reports and cash counting will be done by two people).
- Any parent who has insufficient funds for more than twice or does not pay previous insufficient funds check will be required to pay cash in subsequent events or programs.

Revised. 07262012
Approved. 01312013

POLICY NUMBER 11. REVOLVING CASH FUND POLICY AND PROCEDURES

The School will maintain a Revolving Cash Fund to accommodate immediate cash needs that will normally not be met by the commercial warrant system. The school will make all efforts to make all payments through the commercial warrants system. Only check requests that are needed immediately due to circumstances beyond our control will be disbursed through this system.

PROCEDURES:

- All requests must be made by a check request, with all the supporting documents for the approval of the School Director.
- The request will follow the normal procedures for commercial warrant check requests.
- Poor planning will not qualify as a reason for approving this request.
- Receipts are required immediately after an event for requests of advance deposits.

Executive Director:

- Approval will be made based on the documentation provided and the compelling reasons why the request must be approved.
- No requests should be approved for convenience as these requests create additional burden and work for the school and circumvents the accounting process and may understate our expenditures.
- No approvals should be made without the request coming from budget manager, who checks the budget availability and the urgency for this request.
- The approved request will be given to the Administrative Assistant for processing.

Financial Consultant:

- All approved requests must be disbursed from the Revolving Cash Fund bank account the same day.
- Any request for an RCF check must be directed to the Executive Director.
- Requests should only be entertained from the Executive Director.
- All requests must be checked to make sure all required information is complete before issuing the check. The Executive Director should be alerted if all the necessary information is not complete.
- Make sure there is available balance in the RCF account before issuing any check. This will be accomplished by keeping a running balance after issue of checks and deposit of check to the RCF account.
- Reimburse the RCF no later than the 25th of every month to make certain that the expenditures are recorded in the correct month to void understanding our financial statements.
- Reimbursement of RCF including petty cash must be made to the Executive Director and charged to the respective account numbers already provided before the RCF checks were generated.
- Do not reimburse any RCF check or petty cash without the required receipts, account number and other required documentation.
- At any given time the bank balance, plus un-reimbursed expenditures, plus petty cash given out must be equal to the RCF amount.

NOBLE MEN

Respectful, Responsible & Righteous Gentlemen

Our brotherhood branch, Noble Men (boys ages 5 - 18), is a cross between fraternity and boys scouts in which young males undergo mentoring and educational workshops to become respectful, responsible and righteous gentlemen. Moreover, the programs boost the children's self-esteem and ambition of youth to become leaders of their respective communities. The program coordinators and mentors will serve as facilitators in empowering young males to become role models for their community and future leaders of society.

Subject: WAYS Scheduling

Dear Ed,

Thank you so much for speaking with me today, I'm grateful we could connect over the phone. I enjoyed our conversation and am looking forward to meeting you. As we discussed, we will begin our field work by meeting you in your office at 706 E Manchester Ave Los Angeles, CA 90002 starting Wednesday, November 13th and we will keep open as additional field work days at WAYS for Thursday, November 14th and Friday, November 15th.

The amount of field work days that we may need is dependent on what information we are able confirm during our meeting with your audit firm on Tuesday, November 12th and the condition and locations of WAYS business records while we are on site at WAYS. We will do our best to complete our field work during the three days discussed above and will let you know if we believe additional time is necessary.

If you have any questions, please feel free to call me directly on my cell phone at (949) 887-2283.

Thank you again.

Best Regards,

Mike

3. Security Deposit. Tenant shall further pay to Landlord, prior to any use or occupancy of the Leasehold Premises, a security deposit in the sum of Thirteen Thousand Fifty (\$13,505.75), to be held as security for any damages to the Leasehold Premises, or as payment, in whole or part, for any costs or expenses incurred by the Landlord resulting from the failure of Tenant to surrender the premises in the condition described in Paragraph 6 herein. Unless withheld by the Landlord, in whole or in part, by reason of any damage to the Leasehold Premises, the security deposit shall be returned to the Tenant within thirty (30) days after the termination of this Lease.

4. Utilities. During the term of this Lease, the Tenant shall be solely responsible for the payment of any and all utilities of the Leasehold Premises, including, but not limited to, gas, electric, telephone, cable and any service fees required for the installation of these utilities. The Tenant shall also be solely responsible for the payment of any and all water bills, sewer bills and garbage collection costs concerning the Leasehold Premises.

5. Clean and Sanitary Condition. During the term of the Lease, the Tenant shall keep and maintain the Leasehold Premises and the surrounding area in a clean and sanitary condition at all times, free of all garbage and debris. All garbage and similar debris shall be deposited by the Tenant in facilities specifically for garbage collection. Tenant shall be responsible for placing the garbage bins and/or containers and recycling container(s) at the curb for pick-up and to return the containers to their appropriate place. Tenants shall further comply with all local ordinances and regulations imposed by the City of Los Angeles relating to maintaining the Leasehold Premises in a clean and sanitary condition and relating to the collection of garbage and similar debris. Tenant shall be solely liable for any action and/or fines that may be brought by the City of Los Angeles, or any other enforcement agency, as a result of the Leasehold Premises not being kept in a clean and sanitary condition.

6. Maintenance. It shall be the Tenant's sole responsibility to keep and maintain the entire Leasehold Premises, and every part thereof, in good condition and repair at all times during the term of the Lease. Tenant shall keep and maintain the Leasehold Premises in a clean, sanitary and safe condition, at all times during the term of the Lease, in accordance with the laws of the State of California and in accordance with all directions, rules and regulations of the health officer, fire marshal, building inspector, or other proper officials of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant, and Tenant shall comply with all requirements of law, ordinance and otherwise, affecting the use of said premises. If Tenant refuses or neglects to maintain, commence and to complete repairs on the Leasehold Premises promptly and adequately, Landlord may, but shall not be required to do so, provide necessary maintenance and repairs, and Tenant shall pay the cost thereof to Landlord upon demand. At the time of the expiration of the tenancy herein, Tenant shall surrender the Premises in good condition, reasonable wear and tear excepted.

7. **Liability Insurance.** Tenant shall, during the entire term of this Lease, keep in full force and effect a policy of public liability and property damage insurance with respect to the Leasehold Premises, in which the limits of public liability shall not be less than Five-Hundred Thousand Dollars (\$500,000.00) for injury or death to one person in one accident, One Million Dollars (\$1,000,000.00) for injury or death per occurrence and Five Hundred Thousand Dollars (\$500,000.00) for property damage per occurrence. The policy shall name Landlord, any other parties in interest designated by Landlord, and Tenant as insured, and shall contain a clause that the insurer will not cancel or change the insurance without first giving Landlord thirty (30) days prior written notice. Tenant shall provide Landlord with a certificate evidencing insurance at the commencement of occupancy and upon request. The insurance shall be with an insurance company approved by Landlord, and a copy of the paid-up policy evidencing such insurance or a certificate of the insurer certifying the insurance of such policy shall be delivered to Landlord prior to commencement of Tenant's Work and upon renewals not less than thirty (30) days prior to the expiration of such coverage.

8. **Personal Property Insurance.** Tenant agrees to carry, at its sole expense, insurance against all risks of physical loss, insuring Tenant's fixtures, furnishings, equipment and all other items of personal property of Tenant located on or within the Leasehold Premises, in an amount equal to not less than one hundred percent (100%) of the actual replacement cost thereof and to furnish Landlord with a certificate evidencing such coverage.

9. **Property Insurance.** Tenant agrees to pay property insurance on the Leasehold Premises.

10. **Subordination.** Tenant agrees that this Lease shall, at the request of the Landlord, be subordinate to any mortgage or deeds of trust that may hereafter be placed upon said premises and to any and all advances to be made thereunder, and to the interest thereon, and all renewals, replacements and extensions thereof, provided the mortgage or trustee named in said mortgages or trust deeds shall agree to recognize the Lease of Tenant in the event of foreclosure if Tenant is not in default. Tenant also agrees that any mortgage or trustee may elect to have this Lease a prior lien to its mortgage or deed of trust, and in the event of such election, and upon notification by such mortgage or trustee to Tenant to that effect, this Lease shall be deemed prior in lien to the said mortgage or deed of trust, whether this Lease is dated prior to or subsequent to the date of said mortgage or deed of trust. Tenant agrees that upon the request of Landlord, any mortgage or any trustee, it shall execute whatever instruments may be required to carry out the intent of this Section.

11. **Assignment and Subletting.** Tenant agrees not to assign or in any manner transfer this Lease or any estate or interest therein by operation of law or otherwise without prior written consent of Landlord, and not to sublet the leased premises or any part(s) thereof or allow anyone to come in with, through or under

it without like consent. Consent by Landlord to one or more assignments of this Lease or to one or more sublettings of the leased premises or the collection of rent by Landlord from any assignee or sub-lessee shall not operate to exhaust Landlord's rights under this Article. In the event that Tenant, with or without the previous consent of Landlord, does assign or in any manner transfer this Lease or any estate or interest therein, Tenant shall in no way be released from any of its obligations under this Lease.

12. Waste or Nuisance. Tenant shall not commit or suffer to be committed any waste upon the Leasehold Premises, and Tenant shall not place a load upon any floor of the Leasehold premises that exceeds the floor load per square foot area which such floor is designed to carry, if Landlord provides design or architectural information describing maximum load limitations. Tenant shall not use or permit the use of any medium that might constitute a nuisance.

13. Reconstruction of Damaged Premises. In the event the Leasehold Premises shall be partially or totally destroyed by fire or other casualty as to become partially or totally untenable, then the damage to the Leasehold Premises shall be promptly repaired, unless Landlord shall elect not to rebuild as hereinafter provided, and the fixed minimum rental and other charges shall be abated in proportion to the amount of the Leasehold Premises rendered untenable. In no event shall Landlord be required to repair or replace Tenant's trade fixtures, furnishings or personal property. If more than Twenty-five percent (25%) of the leased premises or of floor area of the building in which the leased premises are located shall be damaged or destroyed by fire or other casualty, then Landlord may either elect that the Leasehold Premises be repaired or rebuilt or, at its sole option, terminate this Lease by giving written notice to Tenant of its election to so terminate, such notice to be given within ninety (90) days after the occurrence of such damage or destruction.

14. Total Condemnation of Leased Premises. If the whole of the Leasehold Premises shall be taken by any public authority under the power of eminent domain, then the term of this Lease shall cease as of the day possession shall be taken by such public authority and the rent shall be paid up to that day with a proportionate refund by Landlord of such rent as may have been paid in advance for a period subsequent to the day of the taking.

15. Partial Condemnation. If less than the whole but more than Twenty-five percent (25%) of the Leasehold Premises shall be taken under eminent domain, Landlord shall have the right either to terminate this Lease and declare the same null and void, or to restore the remaining portion of the leased premises or the building to a complete architectural unit. In the event Landlord elects to restore, all of the terms herein provided shall continue in effect, except the fixed annual rental shall be reduced in proportion to the amount of the leased premises taken.

If Twenty-five percent (25%) or less of the Leasehold Premises shall be so taken, the lease term shall cease only as to the part so taken a of the day possession shall be taken by such public authority, and Tenant shall pay rent up to that date, with appropriate refund by Landlord of such rent as may have been paid in advance for a period subsequent to the date of the taking, and thereafter the fixed minimum annual rental shall be reduced in proportion to the amount of the leased premises taken. In such event, or in the event that Twenty-five percent (25%) or less of the Leasehold Premises shall be taken, Landlord shall, at its expense, make all necessary repairs or alterations to the basic building, originally installed by Landlord, so as to constitute the remaining leased premises a complete architectural unit.

18. Landlord's and Tenant's Damages. All damages awarded for such taking under the power of eminent domain, whether for the whole or a part of the leased premises, shall belong to and be the property of Landlord whether such damages shall be awarded as compensation for diminution in value to the leasehold or the fee of the premises, and Tenant shall have no claim against either Landlord or the condemning authority with respect thereto; provided, however, that Landlord shall not be entitled to the ward made for depreciation to, and cost of removal of Tenant's stock and fixtures.

17. Default. All rights and remedies of landlord herein enumerated shall be cumulative and none shall exclude any other rights or remedies allowed by law. Tenant the parties covenants and agrees that if a default occurs when:

- a) Tenant shall fail, neglect or refuse to pay any installment of all rent at the time and in the amount as herein provided, or to pay any other monies agreed by it to be paid promptly when and as the same shall become due and payable under the terms hereof, and if any such default should continue for a period of more than ten (10) days;
- b) Tenant shall abandon or vacate the leasehold premises or fail to keep the leased premises continuously and uninterrupted open for business each business day or shall fail, neglect or refuse to keep and perform any of the other material covenants, conditions, stipulations or agreements herein contained and covenanted and agreed to be kept and performed by it, and in the event any such default shall continue for a period of more than ten (10) days after notice thereof given in writing to tenant by landlord provided however that if the cause for giving such notice involves the making of repairs or other matters reasonable requiring a longer period of time that the period of such notice. Tenant shall be deemed to have complied with such notice so long as it has commenced to comply with said notice within the period set forth in the notice and is diligently prosecuting compliance of said notice or has taken proper steps or proceeding under the circumstances to prevent the seizure, destruction, alteration or other interference with said leased premises by reason on non-compliance with the requirements of any law or ordinance or with the rules, regulations, or

directions of any governmental authority as the case may be; then the tenant does hereby authorize and fully empower said landlord or landlord's agent to terminate this lease at once and to re-enter and take possession of said premises immediately on the day following the final day of the tenant's school year, and by force if necessary, without any previous notice of intention to re-enter and remove all persons and their property, and to use such force and assets in effecting and perfecting such removal of said tenant as may be necessary and advisable to recover at once first and exclusive possession of all said leased premises whether in possession of said tenant or of third persons or otherwise, without being deemed guilty of any manner of trespass and without prejudice to any remedies with might otherwise be used by landlord, in which event this lease shall terminate and tenant shall indemnify the landlord against all unavoidable loss of rent which landlord may incur by reason of such termination during the residue of the term herein specified.

- c) The landlord may, however, at its option, at any time after such default or violation of condition or covenant, re-enter and take possession of said premises without such re-entry working a forfeiture of the rents to be paid and the covenants, agreements and conditions to be kept and performed by tenant for the full term of this lease. In such event landlord shall have the right, but not the obligation, to divide or subdivide the leasehold premises in any manner landlord may determine and to lease or let the same or portions hereof for such period of time and at such rentals and for such use and upon such covenants and conditions as landlord may elect, applying the net rentals from such letting first to the payment of landlord's expenses incurred in dispossessing tenant and the cost and expense of making such improvements in the leasehold premises as may be necessary in order to enable landlord to re-let the same, and to the payment of brokerage commissions or other necessary expenses of landlord in connection with such re-letting. The balance, if any, shall be applied by landlord from time to time on account of the payments due or payable by tenant hereunder, with the right reserved to landlord to bring such action or proceedings for the recovery of any deficits remaining unpaid as landlord may deem favorable from time to time, without being obligated to await the end of the term hereof for the final determination of tenant's account. Any balance remaining however, after full payment and liquidation of landlord's account as aforesaid shall be paid to tenant with the right reserved to landlord at any time to give notice in writing to tenant of landlord's election to cancel and terminate this lease and upon giving of such notice and the simultaneous payments by landlord to tenant of any credit balance in tenant's favor that may at the time be owing to tenant shall constitute a final and effective cancellation and termination of this lease and the obligations hereunder on the part of either party to the other.
- d) Landlord may, at its option, while such default or violation of covenant or condition continues, and after ten (10) days notice of its intention so to do,

declare all the rent reserved for the full term of this lease remaining unpaid due and payable at once; and tenant does hereby empower any attorney of any court of record in the state of California or elsewhere to appear for it and waive the issuance and service of process and confess judgment against it for the whole or any part of said rent and thereafter to release all errors and warrant all rights of appeal and stay of execution. The initial exercise or use of this warrant of attorney shall not exhaust the same, but the same may be used and exercised without limitation as often as necessary for the use of the same arise. The exercise or use of this warrant of attorney shall not prevent landlord from subsequently terminating this lease, by giving notice to tenant of its election so to do and upon its tender to tenant of a sum equal to the amount, if any, paid by the tenant for rents accruing after the date of such termination.

e) In addition to the other rights granted to the landlord hereunder, landlord may, at its option, while such default or violations of covenants or condition continue(s), and after ten (10) days' notice of its intentions to do so, confess judgment for possession of the leased premises and tenant does hereby empower any attorney of any court to record in the commonwealth of California or elsewhere to appear for it and waive the issuance and service of process and confess a judgment in ejectment.

f) Also in addition to the other rights granted to landlord under this lease, tenant agrees that in the event that the amounts due landlord under this lease are collected and disputed by law or through an attorney at law through judicial action, the prevailing party is entitled to recovery of reasonable attorneys fees and costs. And judgment is entered in favor of landlord against tenant, whether by confession or otherwise, then tenant agrees to pay all costs of collection, including attorney's fees in the amount of ten percent (10%) of the judgment or five hundred dollars (\$500.00), whichever is greater.

18. Right of Entry. Landlord or Landlord's agent shall have the right to enter the Leasehold Premises at all reasonable times to examine the same, and to make such repairs, alterations, improvements or additions as Landlord may deem necessary or desirable, and Landlord shall be allowed to take all material into and upon said premises that may be required therefore without the same constituting an eviction of Tenant in whole or in part, and the rent reserved shall in now wise abate while said repairs, alterations, improvements or additions are being made, by reason of loss or interruption of business of Tenant, or otherwise.

19. Loss and Damage to Tenant's Property. The Landlord shall not be responsible or liable to the Tenant for any loss or damage that may be occasioned by or through the acts or omissions of persons occupying adjoining premises or any part of the premises adjacent to the Leasehold Premises or any part, or for any loss or damages resulting to the Tenant or its property from bursting, stoppage or leaking of water, gas, sewer or steam pipes or for any

damage or loss of property within the Leasehold Premises from any cause whatsoever.

20. **Notice by Tenant.** Tenant shall give immediate notice to Landlord in case of fire or accidents in the leased premises or in the building of which the premises are a part or of defects therein or in any fixtures or equipment.

21. **Holding Over.** Any holding over after the expiration of the term hereof with the consent of the Landlord, shall be construed to be a tenancy from month to month (at twice the monthly minimum rental herein specified).

22. **Successors.** All rights and liabilities herein given to, or imposed upon, the respective parties hereto shall extend to and bind the several respective heirs, executors, administrators, successors, and assigns of the said parties; and if there shall be more than one Tenant, they shall be bound jointly and severally by the terms, covenants and agreements herein. No rights, however, shall inure to the benefit of any assignee of Tenant unless the assignment to such assignee has been approved by Landlord in writing as provided in Paragraph 11 herein.

23. **Landlord's Covenant.** Upon payment by the Tenant of the rents herein provided, and upon the observance and performance of all the covenants, terms and conditions on Tenant's part to be observed and performed, Tenant shall peacefully and quietly hold and enjoy the Leasehold Premises for the term hereby demised without hindrance or interruption by Landlord or any other person or persons lawfully or equitably claiming by, through or under the Landlord, subject nevertheless to the terms and conditions of this Lease, and any mortgages to which this Lease is subordinate.

24. **Waiver.** One or more waivers of any covenant or condition by Landlord shall not be construed as a waiver of a subsequent breach of the same covenant or condition, and the consent or approval by Landlord to or of any act by Tenant requiring Landlord's consent or approval shall not be deemed to render unnecessary Landlord's consent or approval to or of any subsequent similar act by Tenant. No breach of a covenant or condition of this Lease shall be deemed to have been waived by Landlord, unless such waiver is in writing and signed by Landlord.

25. **Notices.** Any notice, demand, request or other instrument which may be or is required to be given under this Lease shall be sent by United States certified mail, return receipt requested, postage prepaid and shall be addressed (a) if to Landlord, at the address first above stated, or at such other address as Landlord shall designate by written notice, (b) if to Tenant, to the leased premises or at such other address as Tenant shall designate by written notice, and shall be effective upon two business days from deposit with the U.S. Postal Service.

THIS LEASE FOR THE PURPOSES OF RECONSTRUCTION, SHALL REMAIN IN FULL FORCE AND EFFECT UNTIL THE TERM OF THIS LEASE SHALL EXPIRE. THE LESSOR AND LESSEE, THE LESSOR AND LESSEE, THE TERM OF THIS LEASE, AND SPECIAL PROVISIONS, AND SHALL INCORPORATE THIS LEASE BY REFERENCE.

28. Transfer of Landlord's Interest. In the event of any transfer or transfers of Landlord's interest in the Leasehold Premises, the transferor shall be automatically relieved of any and all obligations on the part of Landlord accruing from and after the date of such transfer, including, but not limited to, any obligation to Tenant with respect to the security deposit referred to in Paragraph 3 of this Lease upon assignment of the same to the transferee, provided that the interest of the transferee, as Landlord, in any funds then in the hands of Landlord in which Tenant has an interest shall be turned over, subject to such interest, to the transferee. No holder of a mortgage to which this Lease is or may be subordinate shall be responsible in connection with the security deposited hereunder, unless such mortgage or hold of such deed of trust shall have actually received the security deposited hereunder.

29. Accord and Satisfaction. No payment by Tenant or receipt by Landlord of a lesser amount than the monthly rent herein stipulated shall be deemed to be other than an account of the arrear stipulated rent, nor shall any endorsement or statement of any check or any letter accompanying any check or any payment as rent be deemed an accord and satisfaction, and Landlord shall accept such check or payment without prejudice to Landlord's right to cover the balance of such rent or pursue any other remedy in this Lease provided.

30. This Lease shall be governed by and construed in accordance with the laws of California. If any provision of this Lease or the application thereof to any person or circumstances shall, in any event, be invalid or unenforceable, the remainder of this Lease shall not be affected thereby and each provision of the Lease shall be valid and enforceable to the fullest extent permitted by law.

31. Entire Agreement. This Lease and the exhibits, if any, attached hereto and forming a part thereof, set forth all the covenants, promises, agreements, conditions and understandings between Landlord and Tenant concerning the leased premises and there are no covenants, promises, agreements, conditions or understandings, either oral or written, between them other than herein set forth. No alterations, amendments, changes or addition to this Lease shall be binding upon Landlord or Tenant unless reduced to writing and signed by each party.

32. **Property Tax.** Tenant is exempt for property tax assessment pursuant to Revenue and Taxation Code section 202(a)(3). Tenant and Landlord agree to cooperate in order to obtain exemption determination from County Tax Assessor. Should any governmental taxing authority acting under any present or future law, ordinance or regulation, levy, assess or impose a tax, excise, assessment and/or any business and/or occupation taxes (other than income or franchise tax) upon or against the rentals payable by Tenant to Landlord, either by way of substitution or in addition to any existing tax on land and buildings or otherwise, Tenant shall be responsible for and shall pay such tax, excise, assessment, and any business and occupation taxes levied directly against the Tenant, or shall reimburse Landlord for the amount thereof, as the case may be, as additional rent, on or before the date that any fine, penalty or interest would be added thereto for non-payment. Tenant shall also pay its pro-rata share of any tax or charge levied in lieu of Real Estate taxes.

33. **Indemnification.** Tenant agrees to defend, indemnify and save harmless Landlord against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Tenant's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Tenant in or about the Premises, and will further defend, indemnify and save the Landlord harmless against and from any and all claims arising from any breach or default on Tenant's part in the performance of any covenant or agreement on Tenant's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Tenant, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Landlord by reason of any such claim, Tenant upon notice from the Landlord covenants to resist or defend at Tenant's expense such action or proceeding by counsel reasonably satisfactory to Landlord.

Landlord agrees to defend, indemnify and save harmless Tenant against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Landlord's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Landlord in or about the Premises, and will further defend, indemnify and save the Tenant harmless against and from any and all claims arising from any breach or default on Landlord's part in the performance of any covenant or agreement on Landlord's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Landlord, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Tenant by reason of any such claim, Landlord upon notice from the Tenant covenants to resist or defend at Landlord's expense such action or proceeding by counsel reasonably satisfactory to Tenant.

34. **Heirs and Successors.** This agreement shall be binding on and shall inure to the benefit of the parties hereto, their respective heirs, successors, personal representatives and assigns.

OCI DEVELOPMENT CORPORATION

WISDOM ACADEMY FOR YOUNG SCIENTISTS

"LANDLORD"

"TENANT"

This Lease Agreement ("Agreement") is entered into this 1st day of July 2013, by and between OCI Development Corporation, hereinafter referred to as the "Landlord, Wisdom Academy For Young Scientists, hereinafter referred to as the "Tenant".

WHEREAS, the Landlord is the owner of certain premises situated at 8778 South Central Avenue, Los Angeles, California 90002, in the County of Angeles and state of California hereinafter referred to as the "Leasehold Premises."

WHEREAS, the Tenant desires to rent and lease the Leasehold Premises from the Landlord, and the Landlord has agreed to lease the same to the Tenant upon the following terms and conditions.

NOW, THEREFORE, the parties hereto, intending to be legally bound hereby, and in consideration of the rents and covenants of the Tenant to be paid and kept as herein contained, the Landlord has agreed to lease unto the Tenant, and by this Agreement does hereby lease the Leasehold Premises unto the Tenant, and the Tenant hereby leases the Leasehold Premises from the Landlord, and the parties do covenant and agree as follows:

1. Term. This Lease shall be for a term of 1 year, between the hours 7:00 am to 7:00 pm, Monday - Friday, commencing on the 1st day of July 2013, and ending on the 30th day of June 2014.

2. Rent. Tenant shall pay to Landlord, without demand or deduction, at its offices or such other places as Landlord may from time to time direct in writing, the monthly lease amount as follows:

Tenant shall pay monthly rent of Four Thousand Six Hundred Seventy Eight Dollars (4,678.03) on the 1st day of July, 2013 and a like sum on the first day of each and every calendar month during the term hereof, and pro rata for the fractional portion of any month, except that of the first day of the calendar month immediately following the commencement date, the Tenant shall also pay the Landlord rent at the said rate for any portion of the preceding calendar month included in the term of this lease.

*****212U123816A3

000514

3. **Security Deposit.** Tenant shall further pay to Landlord, prior to any use or occupancy of the Leasehold Premises, a security deposit in the sum of Thirteen Thousand Fifty (\$13,500.75), to be held as security for any damages to the Leasehold Premises, or as payment, in whole or part, for any costs or expenses incurred by the Landlord resulting from the failure of Tenant to surrender the premises in the condition described in Paragraph 6 herein. Unless withheld by the Landlord, in whole or in part, by reason of any damage to the Leasehold Premises, the security deposit shall be returned to the Tenant within thirty (30) days after the termination of this Lease.

4. **Utilities.** During the term of this Lease, the Tenant shall be solely responsible for the payment of any and all utilities of the Leasehold Premises, including, but not limited to, gas, electric, telephons, cable and any service fees required for the installation of these utilities. The Tenant shall also be solely responsible for the payment of any and all water bills, sewer bills and garbage collection costs concerning the Leasehold Premises.

5. **Clean and Sanitary Condition.** During the term of the Lease, the Tenant shall keep and maintain the Leasehold Premises and the surrounding area in a clean and sanitary condition at all times, free of all garbage and debris. All garbage and similar debris shall be deposited by the Tenant in facilities specifically for garbage collection. Tenant shall be responsible for placing the garbage bins and/or containers and recycling container(s) at the curb for pick-up and to return the containers to their appropriate place. Tenants shall further comply with all local ordinances and regulations imposed by the City of Los Angeles relating to maintaining the Leasehold Premises in a clean and sanitary condition and relating to the collection of garbage and similar debris. Tenant shall be solely liable for any action and/or fines that may be brought by the City of Los Angeles, or any other enforcement agency, as a result of the Leasehold Premises not being kept in a clean and sanitary condition.

6. **Maintenance.** It shall be the Tenant's sole responsibility to keep and maintain the entire Leasehold Premises, and every part thereof, in good condition and repair at all times during the term of the Lease. Tenant shall keep and maintain the Leasehold Premises in a clean, sanitary and safe condition, at all times during the term of the Lease, in accordance with the laws of the State of California and in accordance with all directions, rules and regulations of the health officer, fire marshal, building inspector, or other proper officials of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant, and Tenant shall comply with all requirements of law, ordinance and otherwise, affecting the use of said premises. If Tenant refuses or neglects to maintain, commence and to complete repairs on the Leasehold Premises promptly and adequately, Landlord may, but shall not be required to do so, provide necessary maintenance and repairs, and Tenant shall pay the cost thereof to Landlord upon demand. At the time of the expiration of the tenancy herein, Tenant shall surrender the Premises in good condition, reasonable wear and tear excepted.

7. **Liability Insurance.** Tenant shall, during the entire term of this Lease, keep in full force and effect a policy of public liability and property damage insurance with respect to the Leasehold Premises, in which the limits of public liability shall not be less than Five Hundred Thousand Dollars (\$500,000.00) for injury or death to one person in one accident, One Million Dollars (\$1,000,000.00) for injury or death per occurrence and Five Hundred Thousand Dollars (\$500,000.00) for property damage per occurrence. The policy shall name Landlord, any other parties in interest designated by Landlord, and Tenant as insured, and shall contain a clause that the insurer will not cancel or change the insurance without first giving Landlord thirty (30) days prior written notice. Tenant shall provide Landlord with a certificate evidencing insurance at the commencement of occupancy and upon request. The insurance shall be with an insurance company approved by Landlord, and a copy of the paid-up policy evidencing such insurance or a certificate of the insurer certifying the insurance of such policy shall be delivered to Landlord prior to commencement of Tenant's Work and upon renewals not less than thirty (30) days prior to the expiration of such coverage.

8. **Personal Property Insurance.** Tenant agrees to carry, at its sole expense, insurance against all risks of physical loss, insuring Tenant's fixtures, furnishings, equipment and all other items of personal property of Tenant located on or within the Leasehold Premises, in an amount equal to not less than one hundred percent (100%) of the actual replacement cost thereof and to furnish Landlord with a certificate evidencing such coverage.

9. **Property Insurance.** Tenant agrees to pay property insurance on the Leasehold Premises.

10. **Subordination.** Tenant agrees that this Lease shall, at the request of the Landlord, be subordinate to any mortgages or deeds of trust that may hereafter be placed upon said premises and to any and all advances to be made thereunder, and to the interest thereon, and all renewals, replacements and extensions thereof, provided the mortgages or trustee named in said mortgages or trust deeds shall agree to recognize the Lease of Tenant in the event of foreclosure if Tenant is not in default. Tenant also agrees that any mortgagee or trustee may elect to have this Lease a prior lien to its mortgage or deed of trust, and in the event of such election, and upon notification by such mortgagee or trustee to Tenant to that effect, this Lease shall be deemed prior in lien to the said mortgage or deed of trust, whether this Lease is dated prior to or subsequent to the date of said mortgage or deed of trust. Tenant agrees that upon the request of Landlord, any mortgagee or any trustee, it shall execute whatever instruments may be required to carry out the intent of this Section.

11. **Assignment and Subletting.** Tenant agrees not to assign or in any manner transfer this Lease or any estate or interest therein by operation of law or otherwise without prior written consent of Landlord, and not to sublet the leased premises or any part(s) thereof or allow anyone to come in with, through or under

it without like consent. Consent by Landlord to one or more assignments of this Lease or to one or more sublettings of the leased premises or the collection of rent by Landlord from any assignee or sub-lessee shall not operate to exhaust Landlord's rights under this Article. In the event that Tenant, with or without the previous consent of Landlord, does assign or in any manner transfer this Lease or any estate or interest therein, Tenant shall in no way be released from any of its obligations under this Lease.

12. Waste or Nuisance. Tenant shall not commit or suffer to be committed any waste upon the Leasehold Premises, and Tenant shall not place a load upon any floor of the Leasehold premises that exceeds the floor load per square foot area which such floor is designed to carry, if Landlord provides design or architectural information describing maximum load limitations. Tenant shall not use or permit the use of any medium that might constitute a nuisance.

13. Reconstruction of Damaged Premises. In the event the Leasehold Premises shall be partially or totally destroyed by fire or other casualty as to become partially or totally untenable, then the damage to the Leasehold Premises shall be promptly repaired, unless Landlord shall elect not to rebuild as hereinafter provided, and the fixed minimum rent and other charges shall be abated in proportion to the amount of the Leasehold Premises rendered untenable. In no event shall Landlord be required to repair or replace Tenant's trade fixtures, furnishings or personal property. If more than Twenty-five percent (25%) of the leased premises or of floor area of the building in which the leased premises are located shall be damaged or destroyed by fire or other casualty, then Landlord may either elect that the Leasehold Premises be repaired or rebuilt or, at its sole option, terminate this Lease by giving written notice to Tenant of its election to so terminate, such notice to be given within ninety (90) days after the occurrence of such damage or destruction.

14. Total Condemnation of Leased Premises. If the whole of the Leasehold Premises shall be taken by any public authority under the power of eminent domain, then the term of this Lease shall cease as of the day possession shall be taken by such public authority and the rent shall be paid up to that day with a proportionate refund by Landlord of such rent as may have been paid in advance for a period subsequent to the day of the taking.

15. Partial Condemnation. If less than the whole but more than Twenty-five percent (25%) of the Leasehold Premises shall be taken under eminent domain, Landlord shall have the right either to terminate this Lease and declare the same null and void, or to restore the remaining portion of the leased premises or the building to a complete architectural unit. In the event Landlord elects to restore, all of the terms herein provided shall continue in effect, except the fixed annual rental shall be reduced in proportion to the amount of the leased premises taken.

If Twenty-five percent (25%) or less of the Leasehold Premises shall be so taken, the lease term shall cease only as to the part so taken & of the day possession shall be taken by such public authority, and Tenant shall pay rent up to that date, with appropriate refund by Landlord of such rent as may have been paid in advance for a period subsequent to the date of the taking, and thereafter the fixed minimum annual rental shall be reduced in proportion to the amount of the leased premises taken. In such event, or in the event that Twenty-five percent (25%) or less of the Leasehold Premises shall be taken, Landlord shall, at its expense, make all necessary repairs or alterations to the basic building, originally installed by Landlord, so as to constitute the remaining leased premises a complete architectural unit.

16. Landlord's and Tenant's Damages. All damages awarded for such taking under the power of eminent domain, whether for the whole or a part of the leased premises, shall belong to and be the property of Landlord whether such damages shall be awarded as compensation for destruction in value to the leasehold or the fee of the premises, and Tenant shall have no claim against either Landlord or the condemning authority with respect thereto; provided, however, that Landlord shall not be entitled to the ward made for depreciation to, and cost of removal of Tenant's stock and fixtures.

17. Default. All rights and remedies of landlord herein enumerated shall be cumulative and none shall exclude any other rights or remedies allowed by law. Tenant the parties covenants and agrees that if a default occurs when:

- a) Tenant shall fail, neglect or refuse to pay any installment of all rent at the time and in the amount as herein provided, or to pay any other monies agreed by it to be paid promptly when and as the same shall become due and payable under the terms hereof, and if any such default should continue for a period of more than ten (10) days;
- b) Tenant shall abandon or vacate the leasehold premises or fail to keep the leased premises continuously and uninterruptedly open for business each business day or shall fail, neglect or refuse to keep and perform any of the other material covenants, conditions, stipulations or agreements herein contained and agreed to be kept and performed by it, and in the event any such default shall continue for a period of more than ten (10) days after notice thereof given in writing to tenant by Landlord provided however that if the cause for giving such notice involves the making of repairs or other matters reasonable requiring a longer period of time that the period of such notice. Tenant shall be deemed to have complied with such notice so long as it has commenced to comply with said notice within the period set forth in the notice and is diligently prosecuting compliance of said notice or has taken proper steps or proceeding under the circumstances to prevent the seizure, destruction, alteration or other interference with said leased premises by reason of non-compliance with the requirements of any law or ordinance or with the rules, regulations, or

directions of any governmental authority as the case may be; then the tenant does hereby authorize and fully empower said landlord or landlord's agent to terminate this lease at once and to re-enter and take possession of said premises immediately on the day following the final day of the tenant's school year, and by force if necessary, without any previous notice of intention to re-enter and remove all persons and their property, and to use such force and assist in effecting and perfecting such removal of said tenant as may be necessary and advisable to recover at once first and exclusive possession of all said leased premises whether in possession of said tenant or of third persons or otherwise, without being deemed guilty of any manner of trespass and without prejudice to any remedies with might otherwise be used by landlord, in which event this lease shall terminate and tenant shall indemnify the landlord against all unavoidable loss of rent which landlord may incur by reason of such termination during the residue of the term herein specified.

- c) The landlord may, however, at its option, at any time after such default or violation of condition or covenant, re-enter and take possession of said premises without such re-entry working a forfeiture of the rents to be paid and the covenants, agreements and conditions to be kept and performed by tenant for the full term of this lease. In such event landlord shall have the right, but not the obligation, to divide or subdivide the leasehold premises in any manner landlord may determine and to lease or let the same or portions hereof for such period of time and at such rentals and for such use and upon such covenants and conditions as landlord may elect, applying the net rentals from such letting first to the payment of landlord's expenses incurred in dispossessing tenant and the cost and expense of making such improvements in the leasehold premises as may be necessary in order to enable landlord to re-let the same, and to the payment of brokerage commissions or other necessary expenses of landlord in connection with such re-letting. The balance, if any, shall be applied by landlord from time to time on account of the payments due or payable by tenant hereunder, with the right reserved to landlord to bring such action or proceedings for the recovery of any deficits remaining unpaid as landlord may deem favorable from time to time, without being obligated to await the end of the term hereof for the final determination of tenant's account. Any balance remaining however, after full payment and liquidation of landlord's account as aforesaid shall be paid to tenant with the right reserved to landlord at any time to give notice in writing to tenant of landlord's election to cancel and terminate this lease and upon giving of such notice and the simultaneous payments by landlord to tenant of any credit balance in tenant's favor that may at the time be owing to tenant shall constitute a final and effective cancellation and termination of this lease and the obligations hereunder on the part of either party to the other.
- d) Landlord may, at its option, while such default or violation of covenant or condition continues, and after ten (10) days notice of its intention so to do,

declare all the rent reserved for the full term of this lease remaining unpaid due and payable at once; and tenant does hereby empower any attorney of any court of record in the state of California or elsewhere to appear for it and waive the issuance and service of process and confess judgment against it for the whole or any part of said rent and thereafter to release all errors and warrant all rights of appeal and stay of execution. The initial exercise or use of this warrant of attorney shall not exhaust the same, but the same may be used and exercised without limitation as often as necessary for the use of the same arise. The exercise or use of this warrant of attorney shall not prevent landlord from subsequently terminating this lease, by giving notice to tenant of its election so to do and upon its tender to tenant of a sum equal to the amount, if any, paid by the tenant for rents accruing after the date of such termination.

e) In addition to the other rights granted to the landlord hereunder, landlord may, at its option, while such default or violations of covenants or condition continue(s), and after ten (10) days' notice of its intention to do so, confess judgment for possession of the leased premises and tenant does hereby empower any attorney of any court to record in the commonwealth of California or elsewhere to appear for it and waive the issuance and service of process and confess a judgment in ejectment.

f) Also in addition to the other rights granted to landlord under this lease, tenant agrees that in the event that the amounts due landlord under this lease are collected are disputed by law or through an attorney at law through judicial action, the prevailing party is entitled to recovery of reasonable attorneys fees and costs. And judgment is entered in favor of landlord against tenant, whether by confession or otherwise, then tenant agrees to pay all costs of collection, including attorney's fees in the amount of ten percent (10%) of the judgment or five hundred dollars (\$500.00), whichever is greater.

18. Right of Entry. Landlord or Landlord's agent shall have the right to enter the Leasehold Premises at all reasonable times to examine the same, and to make such repairs, alterations, improvements or additions as Landlord may deem necessary or desirable, and Landlord shall be allowed to take all material into and upon said premises that may be required therefore without the same constituting an eviction of Tenant in whole or in part, and the rent reserved shall in now wise abate while said repairs, alterations, improvements or additions are being made, by reason of loss or interruption of business of Tenant, or otherwise.

19. Loss and Damage to Tenant's Property. The Landlord shall not be responsible or liable to the Tenant for any loss or damage that may be occasioned by or through the acts or omissions of persons occupying adjoining premises or any part of the premises adjacent to the Leasehold Premises or any part, or for any loss or damages resulting to the Tenant or its property from bursting, stoppage or leaking of water, gas, sewer or steam pipes or for any

damage or loss of property within the Leasehold Premises from any cause whatsoever.

20. **Notice by Tenant.** Tenant shall give immediate notice to Landlord in case of fire or accidents in the leased premises or in the building of which the premises are a part or of defects therein or in any fixtures or equipment.

21. **Holding Over.** Any holding over after the expiration of the term hereof with the consent of the Landlord, shall be construed to be a tenancy from month to month (at twice the monthly minimum rental herein specified).

22. **Successors.** All rights and liabilities herein given to, or imposed upon, the respective parties hereto shall extend to and bind the several respective heirs, executors, administrators, successors, and assigns of the said parties; and if there shall be more than one Tenant, they shall be bound jointly and severally by the terms, covenants and agreements herein. No rights, however, shall inure to the benefit of any assignee of Tenant unless the assignment to such assignee has been approved by Landlord in writing as provided in Paragraph 11 herein.

23. **Landlord's Covenant.** Upon payment by the Tenant of the rents herein provided, and upon the observance and performance of all the covenants, terms and conditions on Tenant's part to be observed and performed, Tenant shall peacefully and quietly hold and enjoy the Leasehold Premises for the term hereby demised without hindrance or interruption by Landlord or any other person or persons lawfully or equitably claiming by, through or under the Landlord, subject nevertheless to the terms and conditions of this Lease, and any mortgages to which this Lease is subordinate.

24. **Waiver.** One or more waivers of any covenant or condition by Landlord shall not be construed as a waiver of a subsequent breach of the same covenant or condition, and the consent or approval by Landlord to or of any act by Tenant requiring Landlord's consent or approval shall not be deemed to render unnecessary Landlord's consent or approval to or of any subsequent similar act by Tenant. No breach of a covenant or condition of this Lease shall be deemed to have been waived by Landlord, unless such waiver is in writing and signed by Landlord.

25. **Notices.** Any notice, demand, request or other instrument which may be or is required to be given under this Lease shall be sent by United States certified mail, return receipt requested, postage prepaid and shall be addressed (a) if to Landlord, at the address first above stated, or at such other address as Landlord shall designate by written notice, (b) if to Tenant, to the leased premises or at such other address as Tenant shall designate by written notice, and shall be effective upon two business days from deposit with the U.S. Postal Service.

26. **Captions and Section Numbers.** The captions, section numbers, and article numbers, appearing in this Agreement are inserted only as a matter of convenience and in no way define, limit, construe or describe the scope or intent of such sections of this Agreement nor in any way affect this Agreement Lease.

27. **Recording.** Tenant shall not record this Lease without the written consent of Landlord; however, upon the request of either party hereto, the other party shall join in the execution of a memorandum or so-called "short form" of this Lease for the purpose of recordation. Said memorandum or short form of this Lease shall describe the parties, the Leasehold Premises, the term of this Lease, and special provisions, and shall incorporate this Lease by reference.

28. **Transfer of Landlord's Interest.** In the event of any transfer or transfers of Landlord's interest in the Leasehold Premises, the transferor shall be automatically relieved of any and all obligations on the part of Landlord accruing from and after the date of such transfer, including, but not limited to, any obligation to Tenant with respect to the security deposit referred to in Paragraph 3 of this Lease upon assignment of the same to the transferee, provided that the interest of the transferor, as Landlord, in any funds then in the hands of Landlord in which Tenant has an interest shall be turned over, subject to such interest, to the ten transferee. No holder of a mortgage to which this Lease is or may be subordinate shall be responsible in connection with the security deposited hereunder, unless such mortgagee or hold of such deed of trust shall have actually received the security deposited hereunder.

29. **Accord and Satisfaction.** No payment by Tenant or receipt by Landlord of a lesser amount than the monthly rent herein stipulated shall be deemed to be other than on account of the earliest stipulated rent, nor shall any endorsement or statement of any check or any letter accompanying any check or any payment as rent be deemed an accord and satisfaction, and Landlord shall accept such check or payment without prejudice to Landlord's right to cover the balance of such rent or pursue any other remedy in this Lease provided.

30. This Lease shall be governed by and construed in accordance with the laws of California. If any provision of this Lease or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Lease shall not be affected thereby and each provision of the Lease shall be valid and enforceable to the fullest extent permitted by law.

31. **Entire Agreement.** This Lease and the exhibits, if any, attached hereto and forming a part thereof, set forth all the covenants, promises, agreements, conditions and understandings between Landlord and Tenant concerning the leased premises and there are no covenants, promises, agreements, conditions or understandings, either oral or written, between them other than herein set forth. No alterations, amendment, change or addition to this Lease shall be binding upon Landlord or Tenant unless reduced to writing and signed by each party.

32. **Property Tax.** Tenant is exempt for property tax assessment pursuant to Revenue and Taxation Code section 202(a)(3). Tenant and Landlord agree to cooperate in order to obtain exemption determination from County Tax Assessor. Should any governmental taxing authority acting under any present or future law, ordinance or regulation, levy, assess or impose a tax, excise, assessment and/or any business and/or occupation taxes (other than income or franchise tax) upon or against the rentals payable by Tenant to Landlord, either by way of substitution or in addition to any existing tax on land and buildings or otherwise, Tenant shall be responsible for and shall pay such tax, excise, assessment, and any business and occupation taxes levied directly against the Tenant, or shall reimburse Landlord for the amount thereof, as the case may be, as additional rent, on or before the date that any fine, penalty or interest would be added thereto for non-payment. Tenant shall also pay its pro-rata share of any tax or charge levied in lieu of Real Estate taxes.

33. **Indemnification.** Tenant agrees to defend, indemnify and save harmless Landlord against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Tenant's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Tenant in or about the Premises, and will further defend, indemnify and save the Landlord harmless against and from any and all claims arising from any breach or default on Tenant's part in the performance of any covenant or agreement on Tenant's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Tenant, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Landlord by reason of any such claim, Tenant upon notice from the Landlord covenants to resist or defend at Tenant's expense such action or proceeding by counsel reasonably satisfactory to Landlord.

Landlord agrees to defend, indemnify and save harmless Tenant against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Landlord's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Landlord in or about the Premises, and will further defend, indemnify and save the Tenant harmless against and from any and all claims arising from any breach or default on Landlord's part in the performance of any covenant or agreement on Landlord's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Landlord, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Tenant by reason of any such claim, Landlord upon notice from the Tenant covenants to resist or defend at Landlord's expense such action or proceeding by counsel reasonably satisfactory to Tenant.

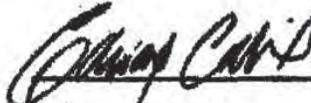

34. **Heirs and Successors.** This agreement shall be binding on and shall inure to the benefit of the parties hereto, their respective heirs, successors, personal representatives and assigns.

3. Security Deposit. Tenant shall further pay to Landlord, prior to any use or occupancy of the Leasehold Premises, a security deposit in the sum of **Thirteen Thousand Fifty (\$13,505.75)**, to be held as security for any damages to the Leasehold Premises, or as payment, in whole or part, for any costs or expenses incurred by the Landlord resulting from the failure of Tenant to surrender the premises in the condition described in Paragraph 6 herein. Unless withheld by the Landlord, in whole or in part, by reason of any damage to the Leasehold Premises, the security deposit shall be returned to the Tenant within **thirty (30) days** after the termination of this Lease.

4. Utilities. During the term of this Lease, the Tenant shall be solely responsible for the payment of any and all utilities of the Leasehold Premises, including, but not limited to, gas, electric, telephone, cable and any service fees required for the installation of these utilities. The Tenant shall also be solely responsible for the payment of any and all water bills, sewer bills and garbage collection costs concerning the Leasehold Premises.

5. Clean and Sanitary Condition. During the term of the Lease, the Tenant shall keep and maintain the Leasehold Premises and the surrounding area in a clean and sanitary condition at all times, free of all garbage and debris. All garbage and similar debris shall be deposited by the Tenant in facilities specifically for garbage collection. Tenant shall be responsible for placing the garbage bins and/or containers and recycling container(s) at the curb for pick-up and to return the containers to their appropriate place. Tenants shall further comply with all local ordinances and regulations imposed by the City of Los Angeles relating to maintaining the Leasehold Premises in a clean and sanitary condition and relating to the collection of garbage and similar debris. Tenant shall be solely liable for any action and/or fines that may be brought by the City of Los Angeles, or any other enforcement agency, as a result of the Leasehold Premises not being kept in a clean and sanitary condition.

6. Maintenance. It shall be the Tenant's sole responsibility to keep and maintain the entire Leasehold Premises, and every part thereof, in good condition and repair at all times during the term of the Lease. Tenant shall keep and maintain the Leasehold Premises in a clean, sanitary and safe condition, at all times during the term of the Lease, in accordance with the laws of the State of California and in accordance with all directions, rules and regulations of the health officer, fire marshal, building inspector, or other proper officials of the governmental agencies having jurisdiction, at the sole cost and expense of Tenant, and Tenant shall comply with all requirements of law, ordinance and otherwise, affecting the use of said premises. If Tenant refuses or neglects to maintain, commence and to complete repairs on the Leasehold Premises promptly and adequately, Landlord may, but shall not be required to do so, provide necessary maintenance and repairs, and Tenant shall pay the cost thereof to Landlord upon demand. At the time of the expiration of the tenancy herein, Tenant shall surrender the Premises in good condition, reasonable wear and tear excepted.

7. **Liability Insurance.** Tenant shall, during the entire term of this Lease, keep in full force and effect a policy of public liability and property damage insurance with respect to the Leasehold Premises, in which the limits of public liability shall not be less than Five-Hundred Thousand Dollars (\$500,000.00) for injury or death to one person in one accident, One Million Dollars (\$1,000,000.00) for injury or death per occurrence and Five Hundred Thousand Dollars (\$500,000.00) for property damage per occurrence. The policy shall name Landlord, any other parties in interest designated by Landlord, and Tenant as insured, and shall contain a clause that the insurer will not cancel or change the insurance without first giving Landlord thirty (30) days prior written notice. Tenant shall provide Landlord with a certificate evidencing insurance at the commencement of occupancy and upon request. The insurance shall be with an insurance company approved by Landlord, and a copy of the paid-up policy evidencing such insurance or a certificate of the insurer certifying the insurance of such policy shall be delivered to Landlord prior to commencement of Tenant's Work and upon renewals not less than thirty (30) days prior to the expiration of such coverage.

8. **Personal Property Insurance.** Tenant agrees to carry, at its sole expense, insurance against all risks of physical loss, insuring Tenant's fixtures, furnishings, equipment and all other items of personal property of Tenant located on or within the Leasehold Premises, in an amount equal to not less than one hundred percent (100%) of the actual replacement cost thereof and to furnish Landlord with a certificate evidencing such coverage.

9. **Property Insurance.** Tenant agrees to pay property insurance on the Leasehold Premises.

10. **Subordination.** Tenant agrees that this Lease shall, at the request of the Landlord, be subordinate to any mortgages or deeds of trust that may hereafter be placed upon said premises and to any and all advances to be made thereunder, and to the interest thereon, and all renewals, replacements and extensions thereof, provided the mortgagee or trustee named in said mortgages or trust deeds shall agree to recognize the Lease of Tenant in the event of foreclosure if Tenant is not in default. Tenant also agrees that any mortgagee or trustee may elect to have this Lease a prior lien to its mortgage or deed of trust, and in the event of such election, and upon notification by such mortgagee or trustee to Tenant to that effect, this Lease shall be deemed prior in lien to the said mortgage or deed of trust, whether this Lease is dated prior to or subsequent to the date of said mortgage or deed of trust. Tenant agrees that upon the request of Landlord, any mortgagee or any trustee, it shall execute whatever instruments may be required to carry out the intent of this Section.

11. **Assignment and Subletting.** Tenant agrees not to assign or in any manner transfer this Lease or any estate or interest therein by operation of law or otherwise without prior written consent of Landlord, and not to sublet the leased premises or any part(s) thereof or allow anyone to come in with, through or under

it without like consent. Consent by Landlord to one or more assignments of this Lease or to one or more sublettings of the leased premises or the collection of rent by Landlord from any assignee or sub-lessee shall not operate to exhaust Landlord's rights under this Article. In the event that Tenant, with or without the previous consent of Landlord, does assign or in any manner transfer this Lease or any estate or interest therein, Tenant shall in no way be released from any of its obligations under this Lease.

12. Waste or Nuisance. Tenant shall not commit or suffer to be committed any waste upon the Leasehold Premises, and Tenant shall not place a load upon any floor of the Leasehold Premises that exceeds the floor load per square foot area which such floor is designed to carry. If Landlord provides design or architectural information describing maximum load limitations, Tenant shall not use or permit the use of any medium that might constitute a nuisance.

13. Reconstruction of Damaged Premises. In the event the Leasehold Premises shall be partially or totally destroyed by fire or other casualty as to become partially or totally untenable, then the damage to the Leasehold Premises shall be promptly repaired, unless Landlord shall elect not to rebuild as hereinafter provided, and the fixed minimum rental and other charges shall be abated in proportion to the amount of the Leasehold Premises rendered untenable. In no event shall Landlord be required to repair or replace Tenant's trade fixtures, furnishings or personal property. If more than Twenty-five percent (25%) of the leased premises or of floor area of the building in which the leased premises are located shall be damaged or destroyed by fire or other casualty, then Landlord may either elect that the Leasehold Premises be repaired or rebuilt or, at its sole option, terminate this Lease by giving written notice to Tenant of its election to so terminate, such notice to be given within ninety (90) days after the occurrence of such damage or destruction.

14. Total Condemnation of Leased Premises. If the whole of the Leasehold Premises shall be taken by any public authority under the power of eminent domain, then the term of this Lease shall cease as of the day possession shall be taken by such public authority and the rent shall be paid up to that day with a proportionate refund by Landlord of such rent as may have been paid in advance for a period subsequent to the day of the taking.

15. Partial Condemnation. If less than the whole but more than Twenty-five percent (25%) of the Leasehold Premises shall be taken under eminent domain, Landlord shall have the right either to terminate this Lease and declare the same null and void, or to restore the remaining portion of the leased premises or the building to a complete architectural unit. In the event Landlord elects to restore, all of the terms herein provided shall continue in effect, except the fixed annual rental shall be reduced in proportion to the amount of the leased premises taken.

If Twenty-five percent (25%) or less of the Leasehold Premises shall be so taken, the lease term shall cease only as to the part so taken and the day possession shall be taken by such public authority, and Tenant shall pay rent up to that date, with appropriate refund by Landlord of such rent as may have been paid in advance for a period subsequent to the date of the taking, and thereafter the fixed minimum annual rental shall be reduced in proportion to the amount of the leased premises taken. In such event, or in the event that Twenty-five percent (25%) or less of the Leasehold Premises shall be taken, Landlord shall, at its expense, make all necessary repairs or alterations to the basic building, originally installed by Landlord, so as to constitute the remaining leased premises a complete architectural unit.

16. **Landlord's and Tenant's Damages.** All damages awarded for such taking under the power of eminent domain, whether for the whole or a part of the leased premises, shall belong to and be the property of Landlord whether such damages shall be awarded as compensation for diminution in value to the leasehold or the fee of the premises, and Tenant shall have no claim against either Landlord or the condemning authority with respect thereto; provided, however, that Landlord shall not be entitled to the ward made for depreciation to, and cost of removal of Tenant's stock and fixtures.

17. **Default.** All rights and remedies of landlord herein enumerated shall be cumulative and none shall exclude any other rights or remedies allowed by law. Tenant the parties covenants and agrees that if a default occurs when:

- a) Tenant shall fail, neglect or refuse to pay any installment of all rent at the time and in the amount as herein provided, or to pay any other monies agreed by it to be paid promptly when and as the same shall become due and payable under the terms hereof, and if any such default should continue for a period of more than ten (10) days;
- b) Tenant shall abandon or vacate the leasehold premises or fail to keep the leased premises continuously and uninterruptedly open for business each business day or shall fail, neglect or refuse to keep and perform any of the other material covenants, conditions, stipulations or agreements herein contained and covenanted and agreed to be kept and performed by it, and in the event any such default shall continue for a period of more than ten (10) days after notice thereof given in writing to tenant by landlord provided however that if the cause for giving such notice involves the making of repairs or other matters reasonable requiring a longer period of time that the period of such notice. Tenant shall be deemed to have complied with such notice so long as it has commenced to comply with said notice within the period set forth in the notice and is diligently prosecuting compliance of said notice or has taken proper steps or proceeding under the circumstances to prevent the seizure, destruction, alteration or other interference with said leased premises by reason on non-compliance with the requirements of any law or ordinance or with the rules, regulations, or

directions of any governmental authority as the case may be; then the tenant does hereby authorize and fully empower said landlord or landlord's agent to terminate this lease at once and to re-enter and take possession of said premises immediately on the day following the final day of the tenant's school year, and by force if necessary, without any previous notice of intention to re-enter and remove all persons and their property, and to use such force and assists in effecting and perfecting such removal of said tenant as may be necessary and advisable to recover at once first and exclusive possession of all said leased premises whether in possession of said tenant or of third persons or otherwise, without being deemed guilty of any manner of trespass and without prejudice to any remedies with might otherwise be used by landlord, in which event this lease shall terminate and tenant shall indemnify the landlord against all unavoidable loss of rent which landlord may incur by reason of such termination during the residue of the term herein specified.

- c) The landlord may, however, at its option, at any time after such default or violation of condition or covenant, re-enter and take possession of said premises without such re-entry working a forfeiture of the rents to be paid and the covenants, agreements and conditions to be kept and performed by tenant for the full term of this lease. In such event landlord shall have the right, but not the obligation, to divide or subdivide the leasehold premises in any manner landlord may determine and to lease or let the same or portions hereof for such period of time and at such rentals and for such use and upon such covenants and conditions as landlord may elect, applying the net rentals from such letting first to the payment of landlord's expenses incurred in dispossessing tenant and the cost and expense of making such improvements in the leasehold premises as may be necessary in order to enable landlord to re-let the same, and to the payment of brokerage commissions or other necessary expenses of landlord in connection with such re-letting. The balance, if any, shall be applied by landlord from time to time on account of the payments due or payable by tenant hereunder, with the right reserved to landlord to bring such action or proceedings for the recovery of any deficits remaining unpaid as landlord may deem favorable from time to time, without being obligated to await the end of the term hereof for the final determination of tenant's account. Any balance remaining however, after full payment and liquidation of landlord's account as aforesaid shall be paid to tenant with the right reserved to landlord at any time to give notice in writing to tenant of landlord's election to cancel and terminate this lease and upon giving of such notice and the simultaneous payments by landlord to tenant of any credit balance in tenant's favor that may at the time be owing to tenant shall constitute a final and effective cancellation and termination of this lease and the obligations hereunder on the part of either party to the other.
- d) Landlord may, at its option, while such default or violation of covenant or condition continues, and after ten (10) days notice of its intention so to do,

8

damage or loss of property within the Leasehold Premises from any cause whatsoever.

20. Notice by Tenant. Tenant shall give immediate notice to Landlord in case of fire or accidents in the leased premises or in the building of which the premises are a part or of defects therein or in any fixtures or equipment.

21. Holding Over. Any holding over after the expiration of the term hereof with the consent of the Landlord, shall be construed to be a tenancy from month to month (at twice the monthly minimum rental herein specified).

22. Successors. All rights and liabilities herein given to, or imposed upon, the respective parties hereto shall extend to and bind the several respective heirs, executors, administrators, successors, and assigns of the said parties; and if there shall be more than one Tenant, they shall be bound jointly and severally by the terms, covenants and agreements herein. No rights, however, shall inure to the benefit of any assignee of Tenant unless the assignment to such assignee has been approved by Landlord in writing as provided in Paragraph 11 herein.

23. Landlord's Covenant. Upon payment by the Tenant of the rents herein provided, and upon the observance and performance of all the covenants, terms and conditions on Tenant's part to be observed and performed, Tenant shall peacefully and quietly hold and enjoy the Leasehold Premises for the term hereby demised without hindrance or interruption by Landlord or any other person or persons lawfully or equitably claiming by, through or under the Landlord, subject nevertheless to the terms and conditions of this Lease, and any mortgages to which this Lease is subordinate.

24. Waiver. One or more waivers of any covenant or condition by Landlord shall not be construed as a waiver of a subsequent breach of the same covenant or condition, and the consent or approval by Landlord to or of any act by Tenant requiring Landlord's consent or approval shall not be deemed to render unnecessary Landlord's consent or approval to or of any subsequent similar act by Tenant. No breach of a covenant or condition of this Lease shall be deemed to have been waived by Landlord, unless such waiver is in writing and signed by Landlord.

25. Notices. Any notice, demand, request or other instrument which may be or is required to be given under this Lease shall be sent by United States certified mail, return receipt requested, postage prepaid and shall be addressed (a) if to Landlord, at the address first above stated, or at such other address as Landlord shall designate by written notice, (b) if to Tenant, to the leased premises or at such other address as Tenant shall designate by written notice, and shall be effective upon two business days from deposit with the U.S. Postal Service.

26. Captions and Section Numbers. The captions, section numbers, and article numbers, appearing in this Agreement are inserted only as a matter of convenience and in no way define, limit, construe or describe the scope or intent of such sections of this Agreement nor in any way affect this Agreement Lease.

27. Recording. Tenant shall not record this Lease without the written consent of Landlord; however, upon the request of either party hereto, the other party shall join in the execution of a memorandum or so-called "short form" of this Lease for the purpose of recording. Said memorandum or short form of this Lease shall describe the parties, the Leasehold Premises, the term of this Lease, and special provisions, and shall incorporate this Lease by reference.

28. Transfer of Landlord's Interest. In the event of any transfer or transfers of Landlord's interest in the Leasehold Premises, the transferor shall be automatically relieved of any and all obligations on the part of Landlord accruing from and after the date of such transfer, including, but not limited to, any obligation to Tenant with respect to the security deposit referred to in Paragraph 3 of this Lease upon assignment of the same to the transferee, provided that the interest of the transferor, as Landlord, in any funds then in the hands of Landlord in which Tenant has an interest shall be turned over, subject to such interest, to the ten transferee. No holder of a mortgage to which this Lease is or may be subordinate shall be responsible in connection with the security deposited hereunder, unless such mortgage or hold of such deed of trust shall have actually received the security deposited hereunder.

29. Accord and Satisfaction. No payment by Tenant or receipt by Landlord of a lesser amount than the monthly rent herein stipulated shall be deemed to be other than an account of the earliest stipulated rent, nor shall any endorsement or statement of any check or any letter accompanying any check or any payment so rent be deemed an accord and satisfaction, and Landlord shall accept such check or payment without prejudice to Landlord's right to cover the balance of such rent or pursue any other remedy in this Lease provided.

30. This Lease shall be governed by and construed in accordance with the laws of California. If any provision of this Lease or the application thereof to any person or circumstances shall, to any extent, be invalid or unenforceable, the remainder of this Lease shall not be affected thereby and each provision of the Lease shall be valid and enforceable to the fullest extent permitted by law.

31. Entire Agreement. This Lease and the exhibits, if any, attached hereto and forming a part thereof, set forth all the covenants, promises, agreements, conditions and understandings between Landlord and Tenant concerning the leased premises and there are not covenants, promises, agreements, conditions or understandings, either oral or written, between them other than herein set forth. No alterations, amendment, change or addition to this Lease shall be binding upon Landlord or Tenant unless reduced to writing and signed by each party.

32. **Property Tax.** Tenant is exempt for property tax assessment pursuant to Revenue and Taxation Code section 202(a)(3). Tenant and Landlord agree to cooperate in order to obtain exemption determination from County Tax Assessor. Should any governmental taxing authority acting under any present or future law, ordinance or regulation, levy, assess or impose a tax, excise, assessment and/or any business and/or occupation taxes (other than income or franchise tax) upon or against the rentals payable by Tenant to Landlord, either by way of substitution or in addition to any existing tax on land and buildings or otherwise, Tenant shall be responsible for and shall pay such tax, excise, assessment, and any business and occupation taxes levied directly against the Tenant, or shall reimburse Landlord for the amount thereof, as the case may be, as additional rent, on or before the date that any fine, penalty or interest would be added thereto for non-payment. Tenant shall also pay its pro-rata share of any tax or charge levied in lieu of Real Estate taxes.

33. **Indemnification.** Tenant agrees to defend, indemnify and save harmless Landlord against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Tenant's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Tenant in or about the Premises, and will further defend, indemnify and save the Landlord harmless against and from any and all claims arising from any breach or default on Tenant's part in the performance of any covenant or agreement on Tenant's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Tenant, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Landlord by reason of any such claim, Tenant upon notice from the Landlord covenants to resist or defend at Tenant's expense such action or proceeding by counsel reasonably satisfactory to Landlord.

Landlord agrees to defend, indemnify and save harmless Tenant against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Landlord's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Landlord in or about the Premises, and will further defend, indemnify and save the Tenant harmless against and from any and all claims arising from any breach or default on Landlord's part in the performance of any covenant or agreement on Landlord's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Landlord, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Tenant by reason of any such claim, Landlord upon notice from the Tenant covenants to resist or defend at Landlord's expense such action or proceeding by counsel reasonably satisfactory to Tenant.

34. **Heirs and Successors.** This agreement shall be binding on and shall inure to the benefit of the parties hereto, their respective heirs, successors, personal representatives and assigns.

INDEPENDENT AUDITOR'S REPORT

I have audited the accompanying statement of financial position of Wisdom Academy for Young Scientists (WAYS) (a California not-for-profit organization), as of June 30, 2012, and the related statements of activities and changes in net assets, and cash flows for the twelve months period then ended. These financial statements are the responsibility of Wisdom Academy for Young Scientists' management. My responsibility is to express an opinion on these financial statements based on my audit. The prior year summarized comparative information has been derived from the organization's 2011 financial statements and, in my report dated December 14, 2011, I expressed an unqualified opinion on those financial statements.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the Education Audit Appeals Panel's Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that our audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wisdom Academy for Young Scientists as of June 30, 2012, and the changes in its net assets and cash flows for the twelve months period then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated December 31, 2012 on my consideration of **Wisdom Academy for Young Scientists'** internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

My audit was conducted for the purpose of forming an opinion on the financial statements of **Wisdom Academy for Young Scientists**. The accompanying schedule of federal awards required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations and the additional supplementary information section is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2012

NOTE 1 - ORGANIZATION

NATURE OF BUSINESS

Merle Williamson Foundation doing business as Wisdom Academy for Young Scientists (WAYS) is a public charter school of approximately 520 students located in South Los Angeles, serving kindergarten through fifth grade education. Opened in 2006, WAYS serve a population of students traditionally labeled as underperforming or high-risk students. As a charter school, WAYS was created under the approval of the Los Angeles Unified School District and the California State Board of Education, and receives public per-pupil funding to help support its operations. On June 30, 2011, Wisdom Academy for Young Scientists' charter expired and was not renewed with the Los Angeles Unified School District.

Effective July 1, 2011, Wisdom Academy for Young Scientists was chartered under the authority of the Los Angeles County Board of Education (LACOE).

WAYS was granted the Accreditation of Commission for Schools of the Western Association of Schools and Colleges. The term of the accreditation will run through June 30, 2013. WAYS is economically dependent on federal and state funding provided through the Los Angeles County Board of Education.

In 2011-2012, WAYS scored 716 on the Academic Performance Index (API).

Twelve Months Period ended June 30, 2012

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - continued

The summary of Significant Accounting Policies of WAYS is presented to assist in understanding the organization's financial statements. The financial statements and notes are representations of WAYS' management, who are responsible for their integrity and objectivity.

WAYS accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual". WAYS conforms to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Financial Statements Presentation

The accompanying financial statements have been prepared in conformity with the disclosure and display requirements of FASB ASC 958-205, (prior authoritative literature: SFAS No. 117, *Financial Statements of Not-for-Profit Organizations*). Accordingly, WAYS' financial statements are present on the following three classes of net assets: (a) unrestricted net assets, (b) temporarily restricted net assets, and (c) permanently restricted net assets.

Temporarily restricted and permanently restricted net assets are created only by donor-imposed restrictions on their use. All other net assets, including board-designated or appropriated amounts, are legally unrestricted and are reported as part of the unrestricted class.

Revenue Recognition

Amounts received from the California Department of Education are recognized as revenue by WAYS based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in unrestricted net assets, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in temporarily restricted net assets.

Cash and Cash Equivalents

For purposes of the statement of cash flow, WAYS considered all liquid investments with a maturity three months or less to be cash equivalents.

The notes are an integral part of the preceding financial statements.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2012

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Basis of Accounting

The financial statements of WAYS have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounts Receivable

WAYS accounts receivable consists of amounts due from government sources only. No allowance for doubtful accounts has been established as WAYS deems all amounts to be fully collectible.

Contributions and Contributed Services

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor as required by SFAS No. 116, "Accounting for Contributions Received and Contributions Made." Amounts received that are designated for specific use in future periods are reported as temporarily restricted. When the restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets for expenditure.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of financial statements and the reported revenues and expenses during the year. Accordingly, actual results could differ from those estimates.

The notes are an integral part of the preceding financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Equipment and Improvements

Equipment and improvements are recorded at cost. All property, equipment and improvements with a value of \$1,000 or greater and a useful life of 1 year or more are capitalized. Improvements are depreciated under a straight-line method over their estimated useful lives of 20 years. Equipment is depreciated under straight-line method over the estimated useful life of five to seven years. The depreciation expense for the year ended June 30, 2012 is \$31,402.

Income Taxes

WAYS is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code, and exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. Accordingly, no provision has been made for income taxes.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Twelve Months Period ended June 30, 2012

NOTE 8 - EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS). WAYS is not eligible to participate in Public Employees' Retirement System (PERS).

State Teachers' Retirement System (STRS)

Plan Description

WAYS contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 8.0% of their salary and WAYS is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2011-12 is 8.25% of annual payroll. The contribution requirements of the plan members are established and may be amended by State statute.

Contributions to STRS

WAYS' contributions to STRS and PERS for this fiscal year are as follows:

<u>Year Ended</u> <u>June 30</u>	<u>STRS</u> <u>Required</u> <u>Contribution</u>	<u>STRS</u> <u>Percent</u> <u>Contributed</u>
2012	\$96,379	100%

NOTES TO FINANCIAL STATEMENTS

NOTE 9 – LINE OF CREDIT – WELLS FARGO

WAYS obtained a revolving line of credit with Wells Fargo Bank that allows WAYS to borrow up to a maximum of \$250,000. As of June 30, 2012, WAYS had \$250,000 outstanding on the line of credit. The line of credit matures on February 15, 2013. The interest rate on the line of credit is 5%.

Total interest charge to expense for the year ended June 30, 2012 was \$1,319.

As December 31, 2012, WAYS outstanding line of credit balance was paid in full.

NOTE 10 - RELATED PARTIES TRANSACTIONS

A related party is one which controls, exercises significant influences over, or is significantly influenced by a group or member in making financial, and operating decisions, along with any group member, is subject to common control or significant influence.

DeDe Dance Studio, a non-profit organization, provided after school program service to WAYS. WAYS' assistant principal is the executive director of the DeDe Dance Studio and is related to the WAYS' Director of Operations. During the year ended June 30, 2012, DeDe Dance Studio received payments of \$36,000 from WAYS.

As of December 31, 2012, DeDe Dance Studio corporate status is suspended with the California Secretary of State.

NOTE 11 – SETTLEMENT WITH FORMER EXECUTIVE DIRECTOR

On October 26, 2012, WAYS and the former executive director entered into a settlement agreement and mutual release of claims. WAYS paid the former executive director a sum of \$228,665.38 to settle all claims arising or any way relating to the dispute. In consideration, the former executive director release and discharge WAYS from all cause of action relating to the dispute.

Because the proposed settlement was initiated by letters dated January and May 2012 and as such was related to the June 30, 2012 year end. The amount of \$228,665.38 is recognized on the June 30, 2012 statement of financial position as a liability and the statement of activities as a payroll related transaction.

The notes are an integral part of the preceding financial statements.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

NOTE 12 - PENDING CLAIMS AND LITIGATION

On April 12, 2011, WAYS has been named in a wrongful employment termination by Plaintiff, who was a former teacher at WAYS. The stated cause of action for wrongful termination is violation of the Labor Code section 1102.5.

A trial was recently held and on December 4, 2012, the jury found in favor of the Plaintiff. A judgment was entered in the amount of \$566,803 against the school.

December 31, 2012, management has brought post-trial motion and is contesting the verdict on the grounds that the Plaintiff did not present sufficient evidence to overcome the substantial evidence establishing she was terminated for legitimate, non-retaliatory reasons. The motion is scheduled to be heard in Los Angeles County Superior Court on January 17, 2013. Pending the hearing on this motion, the process to satisfy the existing monetary judgment has not been initiated.

NOTE 13 - DUE FROM FORMER EXECUTIVE DIRECTOR

Prepaid rent in the amount of \$10,120 was paid in the fiscal year 2009-10 to the former executive director. The executive director was also the organization landlord. The prepaid amount was not subsequently earned through the period ending of 6/30/12 and therefore due back to WAYS.

NOTE 14 - SUBSEQUENT EVENTS

WAYS has evaluated subsequent events through December 31, 2012, the date which the financial statements were available to be issued.

WAYS entered into two one-year lease agreements for educational facility located on 706 East Manchester Avenue and 8778 Central Avenue. The lease will commence on July 2012, and ending on the 30th day of June 2013. Monthly lease payments for each property are \$13,559 and \$4,467.

In addition, WAYS entered into a one-year lease with the Salvation Army on 7651 Central Avenue. The monthly lease payments are \$12,548. The lease will commence on August 2012, and ending on July 2013.

NOTE 15 - Prior Period Adjustments

Miscellaneous adjustments to the prior period resulted primarily from correction to petty cash, payable and prepaid expenses.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

Board of Directors
Merle Williamson Foundation, dba.
Wisdom Academy for Young Scientists (WAYS)
Los Angeles, California

I have audited the financial statements of Wisdom Academy for Young Scientists (WAYS) as of and for the year ended June 30, 2012, and have issued our report thereon dated December 31, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of Wisdom Academy for Young Scientists (WAYS) is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing my audit, I considered Wisdom Academy for Young Scientists' internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wisdom Academy for Young Scientists' internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Wisdom Academy for Young Scientists' internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards* - continued**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether **Wisdom Academy for Young Scientists'** financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Directors, management, the Los Angeles County of Education, the California Department of Education, the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

 Wisdom Academy for Young Scientists

I have audited the financial statements of the Wisdom Academy for Young Scientists (WAYS) as of and for the year ended June 30, 2012 and have issued my report thereon dated December 31, 2012. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. I have also audited the WAYS' compliance with the requirements specified in the State's audit guide, Standards and Procedures for Audits of California K-12 Local Education Agencies 2011-12, published by the Education Audit Appeals Panel, applicable to the WAYS' statutory requirements identified below for the year ended June 30, 2012. Compliance with the requirements referred to above is the responsibility of the WAYS' management. My responsibility is to express an opinion on the WAYS' compliance based on our audit.

The auditing standards referred to above require that I plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a material effect on the state laws and regulations applicable to the items in the schedule below occurred. An audit includes examining, on a test basis, evidence about the WAYS' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. I believe that my audit provides a reasonable basis for our opinion. My audit does not provide a legal determination of the WAYS' compliance with those requirements.

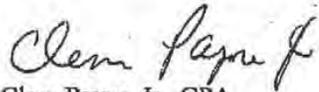

In connection with the audit referred to above, I selected and tested transactions and records to determine the WAYS' compliance with the state laws and regulations applicable to the following items:

<u>State Compliance Procedures for Charter Schools:</u>	<u>Procedures In Audit Guide</u>	<u>Procedures Performed</u>
Class Size Reduction Program		
General Requirements	7	Not Applicable
Option One Classes	3	Not Applicable
Option Two Classes	4	Not Applicable
Only One School Serving Grades L-3		
After School Education and Safety Program:		
General Requirements	4	Yes
After School	4	Yes
Before School	5	Not Applicable
Contemporaneous Records of Attendance	1	Yes
Mode of Instruction	1	Yes
Non-classroom – Based Instructions/ Independent Study	15	Not Applicable
Determination of Funding for Non-class Based Instructions	3	Not Applicable
Annual Instructional Minutes – Classroom Based	3	Yes

The term "Not Applicable" is used above to mean either that WAYS did not offer the program during the current fiscal year or that the program applies only to a different type of local education agency.

In my opinion, Wisdom Academy for Young Scientists complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its state programs for the fiscal year ended June 30, 2012.

This report is intended solely for the information and use of the Wisdom Academy for Young Scientists' Board of Directors, management, the Los Angeles County Office of Education, the California Department of Education, and the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

June 30, 2012

Significant Deficiencies

Finding 11-01/30000

Deficiency in Internal Control Condition – Bank Reconciliation Over Site

Criteria

Proper internal controls dictate that a supervisor or officer of the organization should review bank reconciliation to ensure that reconciliation is performed in a timely manner and any necessary adjustment is properly authorized.

Condition

Bank reconciliations were not properly reviewed resulting in inconsistent bank to book balances and lack of over site over the bank reconciliation process.

Questioned Costs

None

Context

All material cash transactions were properly reconciled and recorded in the general ledger.

Effect

If the cash reconciliation process does not ensure that all reconciling items are properly identified and recorded, a transaction material to the cash account might not be recorded properly, resulting in a material misstated financial statements.

Cause

The Organization has not established adequate procedures to ensure that bank reconciliations were reviewed monthly by a supervisor who should compare the reconciled cash balance to the general ledger cash account balance, review and research all reconciling items and authorize any correcting entries needed.

Recommendation

The Organization should establish procedures to ensure that an officer or a supervisor reviews the monthly bank reconciliation and authorize any correcting entries as applicable.

Organization's Response

Wisdom for Young Scientists will continue the audit recommendation. WAYS will implement policies and procedures that will require an explanation for any difference between the reconciled cash balance and the related general account balance. An employee or officer who does not have custody or access to cash and who does not record cash related transaction will review monthly bank reconciliation and authorize any correcting entries as applicable.

Significant Deficiencies:

Finding 11-02 /30000

Deficiency in Internal Control Condition – Payroll Expense Reconciliation

Criteria

A good internal control system uses reconciliation for significant general ledger accounts as a mechanism to verify accuracy, determine validity of purpose and allowableness of recorded transactions.

Condition

Payroll expenses were not consistently reconciled to the general ledger.

Questioned Costs

None

Context

The payroll expense reconciling items were not material for the current year financial statements.

Effect

If payroll expenses are not properly reconciled and adjusted in a timely manner, unresolved discrepancies could result in materially misstated financial statements.

Cause

The Organization has not adequately established written policies and procedures to ensure the timely reconciliation of payroll expenses.

Recommendation

The Organization should establish clear policies and procedures to reconcile payroll expenses monthly and an independent person should perform the reconciliation. The reconciliation should be in writing and approved by management.

Organization's Response

Wisdom Academy For Young Scientists will develop policies and procedures to reconcile payroll expenses on a regular basis. Management will review and monitor the payroll expense reconciliation.

Combined Significant Deficiencies that Resulted in a Material Weakness

Finding 11-01/30000

Deficiency in Internal Control Condition – Untimely Deposit of Cash Receipts

Criteria

Effective Internal control over cash receipts ensures that all funds are timely deposited in the bank and are properly recorded in the appropriate general account.

Condition

An examination of cash receipts disclosed an incident where a check received was not deposited or recorded timely.

Questioned Costs

None

Context

There were no effect on the current financial statement because the funds were deposited in the proper period.

Effect

Untimely deposit of cash receipts risk the mismanagement of funds (either fraud or loss), misstatement of revenue, receivable or cash, and possible noncompliance with contracts, or laws & regulations.

Cause

A customer's check that was placed in a desk draw was inadvertently over looked and not deposited timely.

Recommendation

The Organization should ensure that all funds are deposited timely. Mail should be open by an employee that restrict endorses all checks, prepares deposited slip and forward a copy of deposit slips and check received to accounting for recording. Monthly bank reconciliation should always compare deposit reported per bank to recorded deposit.

Organization's Response

Wisdom Academy For Young Scientists will establish procedures and over site that will ensure that all cash receipts are deposited and recorded timely.

Cause

The Organization has not adequately established written policies and procedures to ensure the timely reconciliation of payroll expenses.

Recommendation

The Organization should establish clear policies and procedures to reconcile payroll expenses monthly and an independent person should perform the reconciliation. The reconciliation should be in writing and approved by management.

Organization's Response

Wisdom Academy For Young Scientists will develop policies and procedures to reconcile payroll expenses on a regular basis. Management will review and monitor the payroll expense reconciliation.

STATUS OF PRIOR YEAR FINDINGS AND QUESTIONED COSTS – Continued

Significant Deficiencies:

Finding 11-06 /30000:

Deficiency in Internal Control Condition – Written Asset Capitalization Policy

Criteria

Written capitalization policies and procedures for property and equipment are essential in order to systematically and accurately record, classify and document costs incurred from acquiring property, equipment and other long lived assets

Condition

The Organization has no written asset capitalization policies or procedures. As such, costs were expensed in the in the financial records that should have been capitalized and depreciated over lives in excess on one year.

Questioned Costs

None

Context

In reviewing cost related to leasehold improvement, it was determine that leasehold improvement expenditures were classified as repairs and maintenance expense. The examination indicated that the classification was incorrect because the improvement was deemed to be of benefit to the Organization for more than one year and the amount was sufficient enough to warrant capitalization. The amount was not considered material to the current financial statements.

Effect

Lack of written policies and procedures that consistently define and set asset capitalization threshold and valuation, systematically classify and accurately recorded asset acquisition could result in unreliable financial reporting and compliance with applicable laws and regulations.

Cause

The Organization has not adequately established policies and procedures to ensure that fixed assets are properly capitalized and classified in the financial records.

Recommendation

The Organization should establish policies and procedures that ensure that fixed assets are properly capitalized and classified in the financial records.

Organization's Response

Wisdom Academy For Young Scientists will implement policies and procedures to systematically and accurately record, classify and document costs incurred for property, equipment and other long lived assets

Independent Auditor's Report

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

Report on Financial Statements

We have audited the accompanying financial statements of Wisdom Academy for Young Scientists, which comprise the statement of financial position as of June 30, 2013, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

Wisdom Academy for Young Scientists did not maintain a detail of capital assets or depreciation. As a result we are unable to obtain sufficient appropriate audit evidence about the balances recorded in capital assets. Consequently, we were unable to determine whether any adjustments to these amounts were necessary.

Qualified Opinion

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of Wisdom Academy for Young Scientists as of June 30, 2013, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying Schedule of Expenditures of Federal Awards, as required by *Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations* is presented for purposes of additional analysis and is not a required part of the financial statements. The accompanying additional supplementary information, as required by the *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13*, published by the Education Audit Appeals Panel is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 15, 2014 on our consideration of Wisdom Academy for Young Scientists' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wisdom Academy for Young Scientists' internal control over financial reporting and compliance.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Notes to the Financial Statements

Year Ended June 30, 2013

A. Organization and Summary of Significant Accounting Policies

Organization

Merle Williamson Foundation doing business as Wisdom Academy for Young Scientists (the Academy) was organized on September 12, 2006 as a charter school pursuant to California Education Code §47600 under a charter agreement with Los Angeles Unified School District in July, 2006. Effective July 1, 2011, the Academy was chartered under the authority of the Los Angeles County Office of Education (LACOE). The Academy operates under a locally elected Board form of government and provides educational services to grades K-5 as mandated by the State and/or Federal agencies.

The Academy is a California public charter academy organized for the purpose of providing rigorous academic environment to a population of students traditionally labeled as underperforming or high-risk students. The Academy's vision is to create a transformational learning climate in which students become empowered to be leaders, self-responsible learners, agents of change, and true scientists.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification (ASC) No. 958, Financial Statements of Not-for-Profit Organizations. Under ASC No. 958, the Academy is required to report information regarding its financial position and activities according to three classes of net assets:

- Unrestricted net assets represent expendable funds available for operations, which are not otherwise limited by donor or grant restrictions.
- Temporarily restricted net assets consist of contributed funds or grants subject to donor or grant imposed restrictions contingent upon specific performance of a future event or a specific passage of time before the Academy may spend the funds.
- Permanently restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity usually for the purpose of generating investment income to fund current operations.

The Academy had no permanently restricted net assets during the year.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

For the purposes of the statement of cash flows, the Academy considers all highly liquid debt equity instruments purchased with an original maturity of three months or less to be cash equivalents.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Notes to the Financial Statements, Continued
Year Ended June 30, 2013

Investments

The Academy's method of accounting for investments, in accordance with generally accepted accounting principles, is the fair value method. Fair value is determined by published quotes. Changes in fair value of investments results in increases or decreases in unrealized fair values of equity investments. Adjustments to fair values are reflected as unrealized gain/loss on investments in the accompanying statement of activities.

Accounts Receivable

Accounts receivable arise in the normal course of operations. It is the policy of management to review the outstanding accounts receivable at year end, as well as bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts. No allowance was considered necessary as management believes that all amounts are collectible.

Capital Assets

Property and equipment are recorded at cost, or estimated fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets. The cost of assets sold or retired and related amounts of accumulated depreciation are eliminated from the accounts in the year of disposal, and any resulting gain or loss is included in the Academy's earnings. Management has elected to capitalize and depreciate all assets costing \$1,000 or greater and a useful life of 1 year or more. All other assets are charged to expense in the year incurred. The Academy's policy is to evaluate the remaining lives and recoverability in light of the current conditions. It is reasonably possible that the Academy's estimate to recover the carrying amount of the property and equipment will change. Estimated useful lives range from one to fifty years depending on the asset.

Unearned Revenue

Unearned revenue arises when potential revenue does not meet both the "measurable" and "available" criteria for recognition or when resources are received by the Academy prior to the Academy meeting the requirements for legal claim to the resources.

In subsequent periods, when both revenue recognition criteria are met or when the Academy has legal claim to the resources, the liability for unearned revenue is removed from the statement of financial position and revenue is recognized.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any restrictions.

All donor or grant restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Notes to the Financial Statements, Continued

Year Ended June 30, 2013

Contributed Materials and Services

Contributed materials are recorded at their fair market value where an objective basis is available to measure their value. Such items are capitalized or charged to operations as appropriate. The Academy receives services donated by volunteers in carrying out the Academy's operations. The services do not meet the criteria as contributions and are, therefore, not recognized in the financial statements.

Donated Property and Equipment

Donations of property and equipment are recorded as contributions at their estimated fair value at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contribution of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Academy reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Academy reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Block Grant Revenues and Payments in Lieu of Property Taxes

The Academy's primary funding source is a combination of local property taxes and state revenues. The California Department of Education computes two block grants based on statewide charter school rates multiplied by the Academy's average daily attendance (ADA) as reported at the Second Principal apportionment period (P2). The result is then reduced by property tax revenues transferred from the District to the Academy, which is funding in lieu of property taxes. The balance is paid from the state General Fund, in the form of the General Purpose Block Grant and the Categorical Block Grant.

Advertising

Advertising costs are expensed when incurred.

Income Taxes

The Academy is a 509(a)(1) publicly supported non-profit organization that is exempt from income taxes under Sections 501(a) and 501(c)(3) of the Internal Revenue Code. The Academy is also exempt from California franchise or income tax under Section 23701d of the California Revenue and Taxation Code. The Academy may be subject to tax on income which is not related to its exempt purpose. For the year ended June 30, 2013, no such unrelated business income was reported and, therefore, no provision for income taxes has been made.

The Academy follows provisions of uncertain tax positions as addressed in ASC 958. The Academy recognizes accrued interest and penalties associated with uncertain tax positions as part of the income tax provision, when applicable. There are no amounts accrued in the financial statements related to uncertain tax positions for the year ended June 30, 2013.

The Academy files informational and income tax returns in the United States and in the state of California. The federal income tax and informational returns are subject to examination by the Internal Revenue Service for three years after the returns are filed. State and local jurisdictions have statutes of limitation that generally range from three to five years.

Year Ended June 30, 2013

Subsequent Events

In preparing these financial statements, the Academy has evaluated events and transactions for potential recognition or disclosure through January 15, 2014, the date the financial statements were available to be issued.

B. Cash and Cash Equivalents

Cash in Bank

The Academy's cash (\$185,082 as of June 30, 2013) is held in financial institutions which are either insured by the Federal Deposit Insurance Corporation (FDIC) up to a limit of \$250,000 per depositor or certain non-interest bearing accounts that are fully insured by the FDIC. As of June 30, 2013, the Academy did not have any cash that was exposed to uninsured deposit risk.

J. Commitments and Contingencies

State and Federal Allowances, Awards, and Grants

The Academy has received federal and state funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement will not be material. As a result, no liability has been accrued.

Sick Leave

Sick leave is accumulated without limit for each employee at the rate of one day for each month worked. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulate sick leave. Employees, therefore, are never paid for any sick leave balance at termination of employment or any other time. Therefore, it is not appropriate to accrue the value of the accumulated sick leave.

K. Employee Retirement System

Qualified employees are covered under multiple-employer defined benefit pension plan by an agency of the State of California. Certificated employees are members of the State Teachers' Retirement System (CalSTRS). The risks of participating in this multi-employer plan are different from single-employer plan in the following aspects:

1. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of the other participating employers.
2. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
3. If the School chooses to stop participating in some of its multi-employer plans, the School may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The Academy's participation in this plan for the fiscal year ended June 30, 2013, is outlined in the table below. The "EIN/Pension Plan Number" column provides the Employee Identification Number (EIN) and the three-digit plan number, if applicable. Unless otherwise noted, the most recent Pension Protection Act (PPA) zone status available in 2013 and 2012 is for the plan's year-end at June 30, 2012 and June 30, 2011, respectively. The zone status is based on information that the School received from the plan and is certified by the plan's actuary. Among other factors, plans in the red zone are generally less than 65% funded, plans in the yellow zone are less than 80% funded, and plans in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates plans for which a financial improvement plan (FIP) or a rehabilitation plan (RP) is either pending or has been implemented.

Pension Fund	Plan Number	Year Ended June 30		Pending/Implemented	Year Ended June 30			Employees Participating	Surcharge Imposed
		2012	2011		2013	2012	2011		
CalSTRS	NPA	Yellow	Yellow	No	\$ 85,865	\$ 96,379	\$ 71,650	24	No

CalSTRS:

The Academy contributes to the State Teachers' Retirement System (CalSTRS), a cost-sharing multiple employer public employee retirement system defined benefit pension plan administered by CalSTRS. Required contribution rates are set by the California Legislature and detailed in Teachers' Retirement Law. Contribution rates are expressed as a level of percentage of payroll using the entry age normal actuarial cost method. CalSTRS also uses the level percentage of payroll method to calculate the amortization of any unfunded liability. Copies of the STRS annual report may be obtained from the STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

For the fiscal year ended June 30, 2013 active plan members were required to contribute 8% of their salary and the employer contribution rate was 8.25% of annual payroll. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. The Academy made contributions as noted above. For the year ended June 30, 2013 the State contributed \$55,094 on behalf of the Academy.

L. Adjustment to Beginning Net Assets

Deficit in beginning temporarily restricted net assets was the result of program expenditures in excess of restricted revenue sources. These expenditures were covered by unrestricted sources and as such the beginning balance is being adjusted to reflect those expenditures from unrestricted sources rather than temporarily restricted sources.

M. Subsequent Event

In July 2013 the Academy entered into operating lease agreements for facilities with OCI Development Corporation. The lease terms provide for use of three facilities for one year in exchange for rents of \$18,657 per month.

In August 2013 the Academy entered into an operating lease for facilities with Salvation Army. The lease terms provide for use of facilities for one year in exchange for rents of \$13,388 per month through May of 2014 with an increase in rent of \$1,513 for June and July 2014.

In December 2013 the Academy sold a vehicle for \$26,000.

**Independent Auditor's Report on Internal Control Over
Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Wisdom Academy for Young Scientists (a nonprofit organization), which comprise the statement of financial position as of June 30, 2013, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 15, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Wisdom Academy for Young Scientists' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wisdom Academy for Young Scientists' internal control. Accordingly, we do not express an opinion on the effectiveness of the Academy's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and/or significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2013-1, 2013-2, 2013-3, 2013-5, 2013-6 and 2013-9 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2013-4, 2013-7 and 2013-8 to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Wisdom Academy for Young Scientists' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which is described in the accompanying schedule of findings and questioned costs as items 2013-9, 2013-10 and 2013-11.

The Academy's Response to Findings

The Academy's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The School's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Academy's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Academy's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Independent Auditor's Report on Compliance for Each
Major Program and on Internal Control Over Compliance
Required by OMB Circular A-133**

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

Report on Compliance for Each Major Federal Program

We have audited Wisdom Academy for Young Scientists' compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Wisdom Academy for Young Scientists' major federal programs for the year ended June 30, 2013. Wisdom Academy for Young Scientists' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Wisdom Academy for Young Scientists' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and *OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about ABC Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Wisdom Academy for Young Scientists' compliance.

Opinion on Each Major Federal Program

In our opinion, Wisdom Academy for Young Scientists complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of Wisdom Academy for Young Scientists are responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Wisdom Academy for Young Scientists' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of ABC Academy's internal control over compliance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A *deficiency in internal control over compliance* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2013-9 to be material weaknesses.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We did not identify any deficiencies which we considered to be significant deficiencies in internal control over compliance.

The Academy's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The Academy's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on State Compliance

To the Board of Directors
Wisdom Academy for Young Scientists
Santa Ana, California

Report on State Compliance

We have audited the Academy's compliance with the types of compliance requirements described in the *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13*, published by the Education Audit Appeals Panel, that could have a direct and material effect on each of the Academy's state programs identified below for the fiscal year ended June 30, 2013.

Management's Responsibility for State Compliance

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each applicable program as identified in the State's audit Guide *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13* published by the Education Audit Appeals Panel. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the comptroller General of the United States; and the State's audit guide *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13* published by the Education Audit Appeals Panel. Those standards and audit guide require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about the Academy's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the district's compliance with those requirements.

In connection with the audit referred to above, we selected and tested transactions and records to determine the district's compliance with the state laws and regulations applicable to the following items:

The term N/A is used above to mean either the Academy did not offer the program during the current fiscal year or the program applies to a different type of local education agency.

Basis for Qualified Opinion on State Compliance

As described in items 2013-10 and 2013-11 in the accompanying schedule of findings and questioned costs, the Academy did not comply with some requirements associated with the class size reduction program and the after school education and safety program. Compliance with such requirements is necessary, in our opinion, for the Academy to comply with the requirements applicable to the programs.

Qualified Opinion on State Compliance

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, Wisdom Academy for Young Scientists complied, in all material respects, with the compliance requirements referred to above that are applicable to the statutory requirements listed in the schedule above for the year ended June 30, 2013.

The Academy's Response to Findings of State Compliance

The Academy's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. The Academy's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Standards and Procedures for Audits of California K-12 Local Education Agencies 2012-13*, published by the Education Audit Appeals Panel. Accordingly, this communication is not suitable for any other purpose.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

A. Financial Statement Findings

Finding 2013-1 (30000)
Bank Reconciliations

Criteria or Specific Requirement

Determine that the Academy has sufficient internal controls to ensure proper recording of transactions and safeguarding of assets.

Condition

Upon completion of bank reconciliations, each month an adjustment is made to the financial statements for any amounts that are unknown as to the nature of the transaction. These amounts are being posted into suspense accounts with the intent of subsequently posting a journal entry to record the transactions into the correct expenditure or revenue account. At year end these items were not reconciled and posted into the proper accounts. In addition, these items are not supported by any documentation that verifies the amounts are appropriate or approved.

Questioned Costs

\$13,735 recorded in suspense account

Context

Some items recorded in the bank reconciliations are not supported by invoices or approval documentation.

Effect

The Academy is at risk of recording errors and misappropriation of assets.

Cause

The Academy has not established adequate procedures to ensure that supporting documentation is provided for all transactions associated with the bank accounts. As a result, the individual charged with responsibility for reconciling bank accounts does not have sufficient information to adequately report information. Management officials from the school site are not providing information necessary to post correcting journal entries. In addition, these items are not being reviewed subsequent to completion of bank reconciliations.

Recommendation

Establish procedures to ensure supporting documentation is provided for all transactions. Ensure that the procedures include documentation of approval for expenditures and for subsequent review by management of the Academy.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure supporting documentation is maintained for all transactions.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Finding 2013-2 (30000)
Payroll Expense Reconciliations

Criteria or Specific Requirement

Determine that amounts for payroll are accurately reported and reconcile to supporting documentation.

Condition

Payroll expenses were not consistently reconciled to the general ledger.

Questioned Costs

None

Context

Adjusting journal entries were posted to the financial statements to correct the payroll liability and payroll expense.

Effect

The financial statements were misstated by a material amount.

Cause

The Academy has not adequately established written policies and procedures to ensure the timely reconciliation of payroll expenses and liabilities.

Recommendation

Establish clear policies and procedures to reconcile payroll liabilities and expense accounts monthly. The reconciliation should be reviewed and approved by management.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure appropriate controls over payroll reporting.

Finding 2013-3 (30000)
Year End Accruals and Closing Process

Criteria or Specific Requirement

Determine that the financial statements are accurately reported.

Condition

The Academy did not record closing transactions for accounts receivable, accounts payable, prepaid expenses, and capital assets. In addition, journal entries were posted to the financial statements resulting in recording differences between the trial balance provided for audit purposes and the amounts reported to the Los Angeles County Office of Education for inclusion in their unaudited actuals submitted to the California Department of Education.

Questioned Costs

None

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Context

Adjusting journal entries were posted to the financial statements to correct accounts receivable, accounts payable, prepaid expenses, and capital assets.

Effect

The financial statements were misstated by a material amount.

Cause

The Academy has not adequately established written policies and procedures for year-end closing and recording of accruals.

Recommendation

Establish clear written policies and procedures for year-end closing which includes reconciliation of revenue and expense items sufficient to record accruals for accounts receivable, accounts payable, prepaid expenses and capital assets. Review year-end financial statements to ensure accuracy of reporting. Establish a timeline for closing to ensure no changes are made after submission of financial statements to oversight agencies.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate reporting of financial statements.

Finding 2013-4 (30000)

Payroll Documentation

Criteria or Specific Requirement

Ensure that individuals charged to payroll are employees of the Academy and that there are adequate controls over payroll to safeguard the assets of the organization.

Condition

Personnel Action Forms which document employee's position and approved pay rates are not complete. In 100% of Personnel Action Forms reviewed there were missing approval signatures on the forms. In addition, in 9 out of 10 I-9's reviewed the forms are not being completed correctly. The I-9 forms were either missing the documentation of what items were reviewed to verify eligibility for employment, missing employer signature of verification, or both.

Questioned Costs

None

Effect

The Academy is exposed to risk of noncompliance with I-9 requirements. In addition, the Academy is exposed to risk of paying individuals who are not approved by management.

Cause

The Academy has not established adequate procedures which require hiring documentation be completed and reviewed prior to filing away in the employee file.

Recommendation

Establish policies and procedures to ensure that hiring documentation is being completed, including approval signatures, and reviewed by management.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Finding 2013-6 (30000)
Credit Card Supporting Documentation

Criteria or Specific Requirement

Ensure that the Academy has procedures in place to ensure allowable expenditures and safeguard assets.

Condition

The school is using credit cards to purchase some items and subsequently repaying the credit cards with a check. The credit card statements are being used as supporting documentation for the check written; however, the credit card statements do not include receipts for all expenditures for which they were used.

Questioned Costs

\$5,858 known credit card expenses from sample selected.

Context

Credit card statements are being used as the only supporting documentation for some expenditure items.

Effect

Expense items paid with credit cards are not adequately supported by itemized receipts and approval documentation. The Academy is exposed to risk of misappropriation of assets.

Cause

The Academy has not established adequate written procedures requiring attachment of supporting invoices or receipts for credit card transactions.

Recommendation

Establish written procedures requiring the attachment of supporting invoices or receipts for all credit card transactions.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure supporting documentation is maintained for all transactions inclusive of credit card transactions.

Finding 2013-7 (30000)
Beginning Net Assets

Criteria or Specific Requirement

Ensure that amounts reported in the financial statements are materially correct.

Condition

Beginning net assets were not in agreement with prior year audited ending net assets. The Academy was unable to provide reconciling items that supported adjustments to beginning net assets. We attempted to contact the previous auditor to obtain a reconciliation and prior year audit adjusting journal entries but received no response.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Questioned Costs

None

Context

Amounts reported by the Academy as beginning net assets varied from the prior year audit report by \$9,727. An adjustment was posted to bring the beginning balance in agreement with prior year audit report.

Effect

Beginning net assets were not in agreement with prior year audited ending net assets.

Cause

The Academy did not have procedures to reconcile beginning net assets with prior year audit report and did not have procedures in place to track prior year adjustments.

Recommendation

Establish written procedures to reconcile beginning net assets with audited ending net assets from the previous year.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure beginning net assets reconciles to audited ending net assets.

Finding 2013-8 (30000)
Inconsistent Reporting

Criteria or Specific Requirement

Verify that the Academy has reported accurate financial statements to oversight agencies.

Condition

The Academy is reporting to the Internal Revenue Service that they are operating on a calendar year but reporting to the Los Angeles County Office of Education and California Department of Education that they are operating on a fiscal year beginning July 1 and ending June 30. The financial reporting to the different oversight agencies is not consistent based upon different reporting of fiscal years.

Questioned Costs

None

Context

Established in California statute local education agencies report under a fiscal year beginning July 1 and ending on June 30. Internal Revenue Code requires that tax returns be prepared based upon the fiscal year of operation.

Effect

There is inconsistent reporting between the Academy and government agencies.

Cause

The Academy has not established a fiscal year with the Internal Revenue Service.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Schedule of Findings and Questioned Costs
Year Ended June 30, 2013

Recommendation

File necessary reports with the Internal Revenue Service to align tax reporting years with the Academy's fiscal year.

LEA's Response

The Academy will review this recommendation and subsequently take action to ensure consistent reporting between government agencies.

B. Federal Award Findings

Finding 2013-9 (50000)

Schedule of Expenditures of Federal Awards

Federal Major Program Identification

<u>Award Year</u>	<u>Program</u>	<u>CFDA #</u>	<u>Federal Grantor</u>	<u>Pass-Through Agency</u>
2012-13	National School Lunch Program	10.555	U.S. Department of Agriculture	California Department of Education
2012-13	Special Education Cluster	84.027	U.S. Department of Education	California Department of Education

Criteria or Specific Requirement

Determine that amounts reported in the Schedule of Expenditures of Federal Awards are accurately reported.

Condition

The Academy did not separately track expenditures for federal programs in their financial software.

Questioned Costs

Amounts expended under federal major programs audited were:

2012-13 National School Lunch Program (10.555) - \$212,061

2012-13 Special Education Cluster (84.027) - \$99,925

Context

OMB Circular A-133 requires the presentation of a schedule of expenditures of federal awards for any agency expending greater than \$500,000 of federal awards.

Effect

The Academy had to go through every expenditure item to identify which items were expended under federal awards. It took a significant amount of time to complete the schedule of expenditures of federal awards and delayed the timing of audit procedures associated with the Single Audit requirements under OMB Circular A-133. In addition, failure to track expenditures separately exposes the Academy to risk of understating federal expenditures or potentially using the funds in unallowable manners such as supplanting required services.

WISDOM ACADEMY FOR YOUNG SCIENTISTS

Schedule of Findings and Questioned Costs

Year Ended June 30, 2013

Cause

The Academy has not established policies and procedures requiring separate tracking of federal expenditures. There are not adequate internal controls in place to evaluate federal expenditures to ensure that they are accurately reported, meet program requirements, and are not used to supplant existing services.

Recommendation

Establish written policies and procedures requiring separate tracking of federal expenditures. Review expenditures to ensure they meet program requirements.

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate reporting of federal expenditures.

C. State Award Findings

Finding 2013-10 (40000)

Class Size Reduction Program

Criteria or Specific Requirement

Verify that amounts reported on the form J-7CSR were accurate and were based on average daily enrollment taken from the first day of school through April 15 of the school year being reviewed.

Condition

In our review of the form J-7CSR the data was prepared using average monthly enrollment based upon the last day of the school month rather than average daily enrollment from the first day of classes through April 15.

Questioned Costs

None, See recommendation below

Context

Education Code Section 52124.5 states that school districts and charter schools should compute the average daily enrollment for each class by adding the active enrollment for each class for each instructional day starting from the first day of school through April 15, and dividing that total by the count of instructional days.

Effect

The eligible students reported for grade 1 was understated by 1 student.

Recommendation

Establish procedures to accurately calculate average daily enrollment for classes included in the class size reduction program. Revise the form J-7CSR to accurately report eligible students for grade 1. Revisions should be as follows:

Grade	Class Size	Eligible Students Original	Eligible Students Revised	Change in Funding
1 st Grade	21.45 – 22.44	18	36	\$ 19,278
1 st Grade	22.45 – 22.94	17	0	\$(18,207)
Net Change in Funding				\$ 1,071

LEA's Response

The Academy will review this recommendation and subsequently establish necessary procedures to ensure accurate calculations for the form J-7CSR. The Academy will amend the form J-7CSR to accurately reflect class sizes for the 2012-13 fiscal year.

Finding 2013-11 (40000)
After School Education and Safety Program

Criteria or Specific Requirement

- A. Verify that elementary students being reported for attendance are participating in the full day of the program except as consistent with the LEA's established early release policy.
- B. Verify that Indirect Costs are not in excess of 5% or the LEA's established indirect cost rate, whichever is lower.

Condition

- A. Sign out sheets for the after school education and safety program did not include time student was released for 827 out of 896 days tested. It could not be determined if these students participated in the full day of the program or if they met early release policy of the LEA.
- B. The Academy used an indirect cost rate of 5.26% which exceeds the allowable 5% for the program.

Questioned Costs

Program revenues were \$112,500. Amounts in excess of allowable indirect costs were \$2,660.

Context

- A. Education Code 8483(a)(2) states that it is the intent of legislature that elementary school students attend the full day of the program every day in which students participate, except as consistent with the LEA's early release policy.
- B. Education Code 8483.9(a) limits indirect costs to the lesser of the LEA's approved indirect cost rate or 5%.

Effect

- A. It cannot be determined if the students participated for the entire day of the program.
- B. The Academy exceeded allowable indirect costs.

Cause

- A. The Academy has not established adequate policies and procedures to document time students were released from the program to ensure that only students who participated in the full day or met an early release exception based on the LEA's policies were counted towards attendance reported.
- B. The Academy has not established adequate policies and procedures to ensure that indirect costs are not charged at amounts greater than allowable amounts for the program.

Recommendation

Establish procedures to document time students are released from the program and ensure that they meet requirements of the program to be counted for attendance purposes. Establish procedures to ensure correct indirect cost rates are being utilized.

Labor Code Violation: V. \$566,808

For the plaintiff:
Jeffrey Lipow
Kevin M. Schute
For the defendant:
Christopher B. Cato
Jennifer Garner

L.A. Superior Court
Hon. Ralph W. Dax

RESULT DATE: Dec. 4, 2012

Shariene Willard v. Marie Williams Foundation, et al. (BC458435) 13-JV_676

FURTHER DESCRIPTION: Retaliation

VERDICT: \$566,808

ATTORNEY Plaintiff - Jeffrey Lipow, Kevin M. Schute Lipow & Harris, Emery.
Defendant - Christopher B. Cato, Jennifer Garner (Gordon & Rees, San Diego).

TECHNICAL Plaintiff - Kagan Lynn Smith, M.A., economist, San Marino.

FACTS: Plaintiff Shariene Willard was employed as a teacher at defendant's Los Angeles Unified School District charter school. The plaintiff contended that after about one year of employment, she was pressured by the defendant's executive director to travel to Nigeria to marry her sister's husband so he could immigrate to the United States. She asserted that the director financed the trip, and a ceremony in Nigeria took place. After returning the United States, over a period of months, the director pressured the plaintiff to file an immigration petition with U.S. Citizenship and Immigration Services. The plaintiff asserted she resisted, and ultimately, the director presented a completed petition for the plaintiff to sign and submit to the federal government. The plaintiff contended she resisted filing the petition because it was fraudulent, and after continued pressure from the director, she finally told her that she would not sign or file the petition.

The plaintiff alleged that a pattern of criticism of the plaintiff's work performance ensued, culminating in the director terminating her employment approximately five months after the plaintiff affirmatively told the director she would not do as requested regarding the immigration scheme.

CONTENTIONS: PLAINTIFF'S CONTENTIONS: The plaintiff proceeded to file on a sole cause of action for violation of Labor Code Section 1102.5(c), claiming that the plaintiff's termination was retaliation for her refusal to engage in illegal activity: signing and filing a petition for immigration containing material falsities.

DEFENDANT'S CONTENTIONS: The defendant claimed that the plaintiff had some good qualities as a teacher, but interacted poorly with students and their parents from her hiring through termination; that numerous students and parents complained about the plaintiff's behavior and that the plaintiff had been insubordinate, refusing express instructions to submit a class management plan. The defendant denied that the immigration scheme ever occurred. The defendant argued that the termination was a legitimate business decision. The defendant contended the plaintiff was ultimately let go because a parent complained that the plaintiff had told a student that the student would end up homeless; and in a meeting with the parent and student about the incident, the plaintiff was not apologetic and accused the student of being jealous of another student. The plaintiff was let go that day.

INJURIES: The plaintiff claimed emotional distress arising from her termination and financial distress of unemployment.

JURY TRIAL: Length, five days; PBJ, 11-1 (liability), 9-3 (damages); Deliberation, four hours

SETTLEMENT DISCUSSIONS: The plaintiff's last pre-trial offer was \$750,000. The defendant issued a COP 889 for \$40,000.

RESULT: Verdict for \$566,808.

OTHER INFORMATION: Motions for new trial and judgment notwithstanding the verdict were denied.

FISCAL POLICY

POLICY NUMBER ONE: BUDGET PREPARATION AND IMPLEMENTATION

ANNUAL BUDGET

The school shall annually adopt a budget as a planning tool to implement its strategic plan. The budget will be approved by the Board, and implemented by the management staff. The staff will also update the board on the status of the budget through the Finance Committee and make necessary adjustments as needed.

BACKGROUND:

In order to manage the resources of the school, a budget has to be prepared to reflect the priorities of the school, and also help achieve its goals and objectives.

PROCEDURES:

Executive Consultant:

- Informs the School Director of the guidelines and procedures for the year's budget process. Provide the management staff with the formats and timelines for preparing the school budget.
- Review the budget and check the calculations and the basis for the calculations.
- Make revenues estimates in coordination with the School Director, taking into consideration the state funding, fundraising, investment activities and other income sources.
- Prepare a draft budget based on the requests by the School Director taking into account other operating expenses of the school, and all other contractual obligations of the school. This budget will include both capital and operating budgets for the fiscal year.
- Meet with the School Director and review the budgets, their assumptions and computations related to both revenue projections and expenditure estimates. In reviewing the budgets for recommendation to the finance committee the priorities of the school, revenue availability and fiscal responsibility must be considered.
- Prepare the final recommended budget based on agreements reached from the meeting with the School Director for presentation to the Finance Committee and Board of for approval.

POLICY NUMBER TWO: TIME SHEET AND PAYROLL POLICIES AND PROCEDURES

PAYROLL

All employees on payroll must be hired by the School Director and must have worked for the hours being paid, those hours having been properly documented and approved by the School Director. The expense must be properly recorded in the accounting records to the correct account to facilitate availability of accurate and timely financial information for management's use in making decisions.

BACKGROUND:

The school hires employees to work on its operations, in order to achieve its objectives. The employees in turn get paid on a timely basis and the information on these costs is made available to school management for decision making.

PROCEDURES:

Responsibility of the employee:

- Punch in time card and fill in the time sheet on a daily basis when you come in for work, when you take lunch or any other absence, when you return back to on the same day and when you leave for the day. Any specific arrangements outside normal hours should be discussed and approved by the Principal prior to beginning of the assignment.
- No overtime can be worked before obtaining approval from the Principal.
- Salaried employees are required to sign a sign-in log on a daily basis.
- At the end of each pay period each hourly employee is required to finish completing their time sheet that was being completed on each working day and give them to the Administrative Assistant for approval. The employee should make sure they complete the total regular hours, overtime hours, vacation, sick, and other hours worked each day and for the pay period. If you work on more than one job on a regular basis you should complete a time sheet for each job. Just state what hours you worked for each job on the same time sheet if you work more than one job on an irregular basis.
- The properly completed and approved time sheet is put in the box of the Administrative Assistant no later than the date it is due for processing. Delay in submitting the time sheet can affect employee pay date.

- If you are a new employee, make sure that you complete a personnel information package, including a W-4 form that gives us information on your tax status. We cannot give you all the money due you without knowing your tax information. Any information related to direct deposit, tax sheltered annuity or any other voluntary deductions should be given to the Financial Consultant no later than the deadline given to you by the business office. If you are hired after the start of a pay period, you will not be paid until the pay period following the period you started working.

Responsibility of the Administrative Assistant:

- Provide all staff with time sheet, sign-in sheet, time card, due date for time sheet, due date for voluntary deductions set up, time clock and other employee package items necessary to accurately complete information for payroll and benefit accrual.
- Collect all the time sheets in your box and any others around the time clock area.
- Verify that the time recorded on the time sheet corresponds with the time clock records. Any unexplained discrepancies should be reported to the Principal for correction or explanation. Any incomplete or unapproved time sheet should be referred to the School Director for completion and approval immediately in time to promptly prepare payroll.
- Verify the time sheet to make sure the computations are accurate and that the information and approvals are made by the appropriate persons and write the account numbers where the salaries will be charged on the time sheets.
- After verifying that everything is correct and that you have every employee's time sheet, sort out using the previous period time report and input into the HRS (see HRS system procedures). Also process the E4 payroll for the pay period, ESA for the 25th and regular monthly payroll for the 10th.
- Print the input information for the School Director to approve for transmission.
- Input new hire and any other employee change information as you get the information from the employee.
- After the checks come back from BBM, verify all the checks to make sure that everything are correct and that the checks appear accurate. Additionally check the payroll reports sent to you to make sure everything balances both to the time reported and other relevant

deductions. If there is anything that appears unusual, inform the Financial Consultant or a School Director. Put the checks in envelopes ready to be distributed to employees and leave with the receptionist together with a sign-in list. Instruct the receptionist that nobody should pick-up another persons check without written authority to do so. Before the receptionist gives a check to an employee that employee must sign the list provided as evidence that they have received their check.

Responsibility of School Director:

- Make sure that the new employee package is completed and accurately filled out prior to starting work, especially the I-9, Immigration and Naturalization Form and W-4, Employee Tax Information. The employee should also be given a copy of the employee handbook so they can be aware of the school policies and procedures that affect them.
- Negotiations regarding pay and other benefits should take into consideration the budgetary constraints to make sure that we do not commit to what we cannot pay.
- A personnel action form (PAF) must be completed and given to the Financial Consultant stating how much the employee will be paid, what the effective date is, and what account will be charged for this expense. The PAF and the completed package must be given to the Financial Consultant so that payroll arrangements can be made and personnel file opened for the new employee.
- The School Director must make sure the employee follow the school policies and procedures that relate to them. Any infraction should be cured according to school policies and procedures related to employee discipline.
- Make sure that all employees complete a time sheet and give it to them for their approval on a timely basis.
- Ensure that the time sheet as completed by employees reflect their attendance, including breaks and lunch time, before approving the time sheet.
- Make sure that employees are allowed to take breaks in the mornings and in the afternoons and a lunch break for those who work full-time. Generally, rest periods (breaks) are taken every four hours of work and meal periods (lunch) when someone works six or more hours a day.

- **Ensure that overtime worked by the employee is approved in advance and that there is enough funding available to cover the overtime and other related costs.**

POLICY NUMBER THREE: PURCHASE AND OTHER PROCUREMENT POLICIES AND PROCEDURES

PURCHASES:

The school will purchase the materials needed to implement the plans and strategies set out by the board and the charter in order to achieve its objectives. In making these purchases the school must ensure that the materials being purchased are necessary for running the school. The school will also ensure that economy of resources is exercised in judging whether there is a need to purchase a certain item, as the school has limited resources for many competing priorities. The purchase must give the school the best deal (price, quality and other criteria considered), and also ensure that there are funds available to pay for the materials. All purchases must be approved by the School Director. The purchase must be documented and recorded in the accounting books.

PROCEDURES:

- All purchases must be initiated by completing a purchase order. Exceptions may be granted by the School Director or Executive Consultant for purchase of certain small items that are less than \$100 or in emergency situations.
- Before completing the purchase order the purchaser must assure that there are unencumbered funds budgeted for this purpose and the purchase is being charged to the correct budget category. If there is any question regarding the availability of funds, the Staff Consultant can be contacted for an answer.
- The purchaser must demonstrate, by providing copies of three bids or estimates that the vendor picked provides us with the best deal for the service or product being purchased. (The lowest price may not always be the best deal for the school.)
- For the purpose of getting bids, purchases of \$2,999 or less can be done by phone bids, purchases of between \$3,000 and \$9,999 can be done by written bids on vendor's letterhead. Purchases of \$10,000 or more need to be advertised in a more formal competitive bidding process.
- In cases where a particular vendor is known to give us the best deal, once a year research of prices and services is enough to satisfy this criterion.

In such a case copies of the result of the research should be kept on file to be referred to when needed.

- There may also be cases where a vendor is a sole source vendor, which means that the vendor is the only vendor that can supply this product or service. In such an instance it will be impossible to provide bids, but it must be demonstrated that the vendor is the sole source.
- Purchase orders will be issued by Administrative Assistant. The form must be originally filled out, including who to deliver the order to and the account number to which the expenditure is to be charged. The original is given to the Administrative Assistant to fax to the vendor with a return confirmation from the vendor after being approved by the Staff Consultant and the School Director, a copy for the School Director's file, Staff Consultant's file and a copy to the Administrative Assistant (receiving). All originals and copies of purchase orders must have the signatures of the Principal and Staff Consultant.
- All purchase orders must be approved by the Principal and Staff Consultant.
- When the purchaser gets the order they will keep the items in a safe place for use, after making sure that the order received agrees with the purchase order. In certain instances the order might be tracked as to who is using them, so we can allocate them to various programs.

Procedures for Receipt of Order (Administrative Assistant)

- When the order arrives the Administrative Assistant compares the quantity on the packing slip, the purchase order and the order received to make sure they agree. If they agree the packing slip will be initialed and sent to the Staff Consultant with a copy to the School Director.

Administrative Assistant:

- When the original purchase order is received from the Staff Consultant, it is immediately faxed to the vendor. This will be done after checking to make sure the order is charged to the correct account, and funds are available signified by the approval of the School Director and Staff Consultant, evidenced by the their signatures.
- A copy of the purchase order is kept in an open purchase order file pending the time the order is filled. It is discarded when the invoice for the purchase is processed. The purchase order is encumbered in the

Accounting system to set aside the funds so it will be available to pay for the bill. The purchase order is unencumbered when we pay the bill.

- The Administrative Assistant will check incoming orders to make sure they are consistent with the packing slip and the purchase order. The orders will then be stamped or tagged as property of the Wisdom Academy depending on what kind of item it is. Books will be stamped and equipment will be tagged, while supplies will be inventoried issued as necessary.
- The Administrative Assistant will check all the documentation and make sure they are complete, accurate, and consistent with one another. The Administrative Assistant will also make sure that the correct budget category is being charged and the amount of the bill is computed accurately.
- As part of checking the documentation, the Administrative Assistant will ensure that the invoice being paid is an original invoice, not a copy, and that we are not paying from a statement of account. Please refer to commercial warrant processing for more details on bills processing.

POLICY NUMBER FOUR: CONTRACTING POLICIES AND PROCEDURES

1. All contracts must be approved by the School Director and Staff Consultant. Contracts of up to \$2,999 require at least three phone bids, between \$3,000 and \$9,999 requires three written bids on contractor's letterhead. Contracts of \$10,000 and above require formal competitive bidding process. For more information, please see purchase procedures.
2. Before approving a contract, it must be determined that funds are available for this purpose and the payment terms clearly and satisfactorily stated in the contract, considering cash flow needs of the school.
3. In the case of a construction contract, the contractor must be licensed by the state board and have the financial capability to execute the contract, except in cases where an exception is allowed by a Principal.
4. The contractor must have workers compensation and other general liability insurance that will name the school as additionally insured, except in cases where the school agrees to cover the contractor as part of terms of the contract.
5. The contractor must submit a bill based on the original approved contract for the Principal to approve for payment. In the event of change orders, they must be pre-approved by a Principal or their designee and Staff Consultant.
6. The contractor must provide the school with a completed form W-9, taxpayer identification number, at the time of signing the contract.
7. Before the payment is made for construction contracts, the contractor must provide the school with a lien release as to labor and materials to exempt the school from any legal action including mechanics lien related to non payment of labor and material.
8. Before approving payment, the School Director will be certain that the construction was executed satisfactorily (in some cases an expert opinion might be sought to determine this).
9. It is customary to withhold 10% of the contract price until final determination is made on the successful completion of the contract. This will therefore be the practice of the school.
10. A copy of the contract should be filed in the business services office as soon as the contract is signed, to ensure that all documentation is complete and accurate.

11. All independent contractors must be persons that are in business for themselves, set their hours, and are responsible for results and not persons that are normally considered as employees. All other part-time or one-time persons employed by the school should be put on the payroll system, as they are actually employees and not independent contractors. All independent contractors must have a written contract following the procedures outlined above.

POLICY NUMBER FIVE: COMMERCIAL WARRANT POLICIES AND PROCEDURES

COMMERCIAL WARRANTS:

All disbursements, except for those made through the Revolving Cash Fund, Payroll System and Petty Cash, must be made through the Commercial Warrant.

BACKGROUND:

The school has a responsibility to process all payments in accordance with generally accepted accounting principles and other government accounting standards in order to discharge its fiduciary responsibilities as delegated by the board of directors.

PROCEDURES:

Administrative Assistant:

- Picks up mails from the bills mailbox and distribute to various departments where necessary for check requests and approval of the bill.
- Checks the utilities and other general office bills for any error before giving to the School Director for check request approval.
- Double check requests and bills to make sure that all the information and documentation is correct. This information and documentation includes payee, account numbers, original invoice (payments cannot be made with a copy of the invoice or statement of account), relevant purchase order and receiving reports, amounts and appropriate approvals. If any information or documentation is inaccurate or incomplete, the check request must be returned to the responsible party so it can be corrected immediately, for timely processing of the check request. Check requests must not be left with anyone for an unreasonably long period of time as to incur the school, credit problems.
- The check requests are filed in a folder until the scheduled day for input, when they are inputted into the computer system to generate warrants the following day. All the warrant document numbers must be serially numbered, taking time to make sure the first warrant of each batch or day follows the last number as specified in the commercial warrant register. A serial number log must be kept to ensure the numbering system is being adhered to. Each time a number is used it is crossed out to prevent the reuse of the number a second time.

- After inputting each warrant it must be printed and kept on file pending the time the check or warrant comes back from the county.
- After all the check requests are entered in the system a copy of the payments pending district approval report should be printed. This report together with all the check requests and a copy of the appropriation control report should be given to the School Director for approval. A copy of the approved payments should be put on file for future reference.
- Pick up the mail from Bali Business Management the following day and verify that all the warrants were generated and everything related to the warrant is correct. Then attach a copy of the warrant to the check request together with the warrant request earlier printed from the system, staple them together and complete the payment information on the check request. Stamp the documentation as paid and file the whole package in the paid bills folder, after the checks are approved by the check signer.
- Put the checks in an envelope for mailing. If someone has to pick up a check in the office they must sign a log, and if it is an unknown person picture-identification or drivers license should be reviewed to make sure that it is the right person.

The Administrative Assistant:

- Make sure that the bill being approved is a bill the school incurred and that those who incurred them are authorized to incur the bill, and that sufficient amounts are available in the budget to pay for the bill.
- Must be sure that services or goods were actually delivered as ordered and the amounts billed are agreed to and the bill was not previously paid and the invoice is not a duplicate or copy.
- Must be sure that the invoice is being charged to the right budget line item (account number and object code). This information must be provided by completing a check request form, and attaching the invoice, copy of the purchase order and a receiving advice or report noted on the purchase order. Any discrepancy between the invoice and the purchase order must be noted on the bill and reported to the Financial Consultant or School Director.
- The check request must be made in a timely manner for payment to prevent incurring collection and other credit problems.

School Director:

- **Make sure that there is enough cash flow to pay the warrants being requested before approving the bills. This can be accomplished by reviewing the cash balance on the report provided by Financial Consultant.**
- **Check to see that the checks were written to the same payee as stated on the check request and bill.**
- **Keep the budget managers or persons who incur expenditures informed about cash flow in case they have to defer incurring certain expenditures, pending improvement in cash flow.**
- **Before signing any check, make sure the documentation is attached and that the check request information is completely filled out with prior approvals attached.**
- **Checks in excess of \$2,500 require two signatures.**

POLICY NUMBER SIX: EMPLOYEE ADVANCE POLICIES AND PROCEDURES

EMPLOYEE ADVANCES:

All employee advances must be properly documented and recorded in the school accounting books for the correct amounts, to help facilitate prompt collection of the advance from the employee.

BACKGROUND:

From time to time the school may make advances to its employees for various reasons including payroll checks not received on time, vacation advance, emergency and other extenuating circumstances.

PROCEDURES:

Responsibility of requesting employee:

- Request in writing to be submitted to the School Director for approval.
- Make sure that the emergencies are limited to unusual health bills, death or serious illness in the staff member's immediate family requiring unusual financial outlay, or unusual automobile repairs.
- Substantiating documentation must be provided with the request.
- The amount being requested must not be more than one third of the employee regular or average paycheck for a pay period.
- Repayment must be made over a period not to exceed three months, through payroll deductions beginning with the pay period subsequent to the date of the advance.
- Authentication of the advance, by signing an agreement detailing the terms of the advance, to remain on file.
- Advance is immediately due and payable in full upon the separation or termination of employment.
- The employee must be a regular full time staff member who has served for at least six months.

Responsibility of the Administrative Assistant:

- To ensure that the employee is qualified for approval for the advance, appropriate required documentation is attached to the request and all other guidelines are followed.
- Determine if the circumstances surrounding the request are appropriate and recommend Principal's approval.

Responsibility of School Director:

- Determine if there is enough cash flow to accommodate this request considering all the other priorities of the school.
- Consider the circumstance and the history of this employee as it relates to requests for advance in deciding whether or not to approve the request.
- Approve or disapprove the request after considering the guidelines for approval of the request.
- Give a copy of the approval to the Financial Consultant for filing or processing and the School Director for communication to the employee.
- Give a copy of any termination or separation notice to the Financial Consultant to compute final check and complete the separation notice form.

Responsibility of the Administrative Assistant:

- Generate the check from the Revolving Cash Fund for the School Director to sign and charging the advance to an employee advance account.
- Complete an agreement between the school and the employee to be signed by the employee and the School Director.
- Set up payroll deduction for the advance, beginning the pay period following the date the check was given to the employee.
- File a copy of the check, approved request and agreement in the employee advance file, and employee personnel file.
- Reconcile the Employee Advance account, to make sure that the amount on the account reflects the agreement currently on file.
- Deduct any amount outstanding from the final check to the employee in case of separation or termination.

POLICY NUMBER SEVEN: USE OF CORPORATE CREDIT CARDS AND PROCEDURES

Credit cards secured for the school through our bankers will allow us the convenience of charging purchases on the account, therefore saving staff the trouble of using their funds to purchase needed materials.

Furthermore, it will save the school from cutting many checks for reimbursements. Instead one check will be cut to our bankers.

- The cash advance feature **CANNOT** be activated or used for any reason.
- The card can be used only for business purchases. **NO PERSONAL USE.**
- The duplicate receipt must always be turned in to Administrative Assistant, after purchase is made to allow for easy processing of the bills. The account number to be charged must be stated on the receipt.
- Before charging anything to the card, the purchaser must determine what budget line items should be charged for this expenditure and whether the budget item has enough funds in the account to accommodate the charges, considering all other charges previously made to this account. If in doubt about the availability of the funds, please consult the responsible budget manager.
- Any missing or lost credit card must be immediately reported to the Financial Consultant and the Bank, so that security measures regarding cancellation and reissue can be accomplished in time to prevent illegal charges to the account.
- The card can be used to charge things for other staff as long as verification is made as to the availability of funds for the purchase. The card can be used for small purchases that normally require payment before order, it should not be used for items that can be put on purchase orders and billed to us in the normal way. Do not use the credit card in such a way as to circumvent our normal purchase order or billing system. Examples of things that can be charged include airline tickets for training and seminars, books and instructional supplies.
- The Financial Consultant and the School Director are responsible for ensuring that the credit card holders follow these procedures. Any abuse of the credit card policies should be reported to the Financial Consultant or the School Director. The school reserves the right to

terminate any credit card due to abuses including lack of following credit card policies and procedures.

- The School Director must approve any expenditure related to any direct benefit of the credit card user. No one can approve an expenditure that is for his or her own benefit.
- The Administrative Assistant must turn in all credit card statements to the Financial Consultant. The Administrative Assistant will give each credit card holder his or her statements.
- Credit card holders will prepare a check request for each credit card statement with all attached documentation, including receipts and account numbers. This will ensure orderly and efficient processing of the bills to avoid the charging of interest.

POLICY NUMBER EIGHT: PETTY CASH POLICIES AND PROCEDURES

The school will maintain a petty cash fund to make it expedient to disburse small purchases that are needed to operate the school business. The items to be disbursed out of these funds are limited to small items of \$25 or less.

PROCEDURES:

Administrative Assistant:

- The Administrative Assistant has oversight over the implementation of the petty cash policies and procedures.
- Processes requests for issuance of petty cash after being approved by the School Director.
- Processes replenishment of petty cash on a regular basis.
- Ensures that the replenishment expenditures are supported by authentic purchase receipts approved by the School Director.
- Monitors all the petty cash given to holders to make sure they are replenishing them on a regular basis and remind the holders of the need to replenish the fund so that expenditures can be recorded. If the holder does not have expenditures for several months, this may indicate that the petty cash might not be necessary.
- When a petty cash is originally issued to a holder, it must be logged in a petty cash log; any increases to the petty cash amount must be recorded in the log.
- Petty cash is reimbursed in the same manner as any other reimbursement or bill. In urgent situations, reimbursements can be done from the revolving cash fund.

Petty Cash Holders

- Request for issuance of petty cash from the School Director based on a compelling need supported by convincing reasons.
- Makes sure that the petty cash fund in their possession is securely locked in a cabinet at all times, making sure that nobody else has access to the fund.
- The petty cash holder has a personal responsibility for the funds in their possession.
- Issuance of funds to staff who need them must be evidenced by a receipt signed by staff and petty cash issuer.

- Before issuing the funds to the staff the holder must ascertain that the staff is going to spend the money on a budgeted expenditure approved by the School Director.
- Must ensure those given petty cash bring back an authentic receipt approved by the Administrative Assistant with the appropriate account number where the expenditure will be charged.
- The School Director's signature on the purchase receipt is evidence that the expenditure is approved by the School Director and it is for an expenditure that has been budgeted by the school for this purpose and the goods or services is to be used for a specific school business purpose. The signature also means that there is available balance in the line item to accommodate the expenditure.
- When the staff gives the petty cash holder an authentic purchase receipts approved by the School Director, the issuance receipt should be endorsed by the holder as paid and copy of the paid issuance receipt given to the Administrative Assistant. If there is a cash balance returned by the staff it should be reflected on the issuance receipt. The paid issuance receipt should be attached to the purchase receipt.
- When the petty cash is low the holder should fill out the petty cash replenishment form and request for replenishment of the petty cash fund equal to the amount of the purchase receipts in their possession. The total amount of the replenishment and the petty cash on hand should always be equal to the amount originally issued to the holder.

Staff Requesting the Use of Petty Cash:

- Before requesting for petty cash fund staff must make sure that the expenditure is approved by the School Director and there is available funds for that expenditure.
- Make sure that a purchase receipt is obtained for the goods or services purchased and the receipt is approved by the School Director with the appropriate account number written on the receipt before giving it to the petty cash holder.
- Return any excess cash to the petty cash holder together with the receipt to relieve the staff of the responsibility of the cash originally received.
- Once a staff receives funds from the petty cash holder, the staff is personally responsible for the funds, until they bring back an approved receipt with account numbers plus any left over cash in exchange for a

release of liability. This is evidenced by a copy of a paid issuance receipt
by the holder of the petty cash.

POLICY NUMBER NINE: ACCOUNT RECONCILIATION POLICIES AND PROCEDURES

As part of our internal control procedures, the school will reconcile and review the result of operations to make sure the transactions are charged to the appropriate accounts and that the operations are being executed as planned.

Financial Operations Review-Procedures:

- At mid month and the final week before the close of a month the transactions posted to accounts will be reviewed to ensure that they are posted to the right accounts. Month end adjusting entries must be made at this time (final week) to make sure the financial statements reflect correctly the activities of the month. These reconciliations will be done by the Financial Consultant.
- On the 5th day following the end of the month, revenue and other balance sheet accounts will be reviewed and reconciled for the final time, by the Financial Consultant and appropriate adjustments made in the following month's financial report.
- The reports will be provided to the School Director for review and comments on the 7th day following the end of the month.
- On the 11th day following the end of the month, there will be a meeting between the School Director, and the Financial Consultant to review the budget reports for the previous month.
- On the 14th day following the end of the month complete financial reports will be given to the School Director for comments and mailing to Finance Committee to review before their meeting (if necessary). At this point any recommendations will be given by the Financial Consultant for the Principal and the Finance Committee to consider.

POLICY NUMBER TEN: PROGRAM CASH RECEIPTS AND DEPOSIT POLICIES AND PROCEDURES

PROGRAM CASH RECEIPTS:

All programs and other pass through payments will be paid to the office and given to the Administrative Assistant periodically for deposit to the bank.

BACKGROUND:

The school will run various programs including meals, after school programs and pass through programs. Checks and cash are usually received at the reception desk for registration for these events.

PROCEDURES:

Responsibilities of the Office:

- Each parent is issued a receipt (original) when payment is made for any of these programs. Parents who have a history of insufficient funds checks (as provided by Financial Consultant) will be required to pay cash.
- Satellite site receipts will be brought to the main office on a daily basis for safekeeping. The Administrative Assistant will include the amounts received from the satellite site (if any) in their balancing of the total receipts for the school.
- Checks and cash are kept in a secured cabinet locked in a box until deposit is made to the bank.
- The checks must be stamped "for deposit only", using the appropriate stamp for the program bank account, to reduce any risk of loss.
- Three staff persons have access to the key so they can retrieve funds for deposit or store funds collected from parents (under no circumstances should this amount be used for any reason except as approved by the Finance Consultant or School Director). This amount is not petty cash and therefore should not be used for that purpose. Please use petty cash fund to pay for small emergency items.
- The office prepares deposit tickets on Tuesdays and Fridays, making sure the total amounts on the deposit tickets agree with the total receipts attached (duplicate). \$100 from petty cash fund will be left in the cash box for the purpose of making change when payments are received from parents.

- Any discrepancy between the deposit tickets and the attached receipts should be noted and reported to the Financial Consultant and the School Director so that further investigation can be conducted to resolve the problem.
- The income log must be compared with the incoming attendance and participation log from the program department, to make sure they agree and explain any discrepancies between them.
- The program to be credited with these funds should be noted on the deposit ticket or receipt.
- The receipts and deposit tickets will be given to the Administrative Assistant by 12 noon for deposit to the bank. A copy of the deposit ticket should be made and kept with the office, showing the signature of the Administrative Assistant as evidence that they have received the amounts listed on the ticket.

Responsibilities of the Administrative Assistant:

- The Administrative Assistant will review the whole packet to make sure that everything is completed accurately.
- A copy of the deposit ticket and duplicate receipts are filed in the program deposits file and the original deposit ticket and the funds are deposited at the bank.
- The deposit receipt from the bank must be attached to the duplicate deposit ticket in the program account file.
- Attendance log or report is compared with duplicate receipts for the respective programs to make sure everything agrees, any discrepancy must be investigated and when necessary reported to Financial Consultant or School Director.
- By the middle of the month following the end of a month, bank reconciliation is prepared and any "non sufficient funds" checks identified in a separate report. Letters will be written to the issuers of the checks so they can pay the amounts, plus service charge of \$15 per bounced check.
- Each month after the bank reconciliation or when the program is complete, depending on the program, a check will be generated from the program account to our county account or outside vendor depending on the program requirements.

POLICY NUMBER ELEVEN: COUNTY DEPOSIT POLICIES AND PROCEDURES

LACOE Deposit Procedures

1. Review checks for deposit and appropriate deposit accounts.
2. Prepare deposit forms for approval, copy checks, copy deposit permit.
3. Endorse back of check by writing:

For Deposit Only

The New Design Charter School

4. Transmit PCODE 031, Print page.
5. File copied deposit permit, copied checks, printed PCODE031 transaction, in the Deposits file.
6. Prepare an envelope to send original deposit forms and checks to

**Moses Tanwanseng
School Financial services
LACOE**

ATTN: PCODE031

7. Place the envelope with the deposit into the green mail bag.
8. Verify approval of deposit on PBAS report.
9. File blue deposit slip when returned.
10. Notify Financial Consultant if the deposit was not registered on PBAS report within 2 business days of sending deposit.
11. Notify Financial Consultant if the blue deposit slip is not returned within 10 business days of sending deposit.

POLICY NUMBER 12. REVOLVING CASH FUND POLICY AND PROCEDURES

The School will maintain a Revolving Cash Fund to accommodate immediate cash needs that will normally not be met by the commercial warrant system. The school will make all efforts to make all payments through the commercial warrants system. Only check requests that are needed immediately due to circumstances beyond our control will be disbursed through this system.

PROCEDURES:

- All requests must be made by a check request, with all the supporting documents for the approval of the School Director.
- The request will follow the normal procedures for commercial warrant check requests.
- Poor planning will not qualify as a reason for approving this request.
- Receipts are required immediately after an event for requests of advance deposits.

School Director:

- Approval will be made based on the documentation provided and the compelling reasons why the request must be approved.
- No requests should be approved for convenience as these requests create additional burden and work for the school and circumvents the accounting process and may understate our expenditures.
- No approvals should be made without the request coming from budget manager, who checks the budget availability and the urgency for this request.
- The approved request will be given to the Administrative Assistant for processing.

Financial Consultant:

- All approved requests must be disbursed from the Revolving Cash Fund bank account the same day.
- Any request for an RCF check must be directed to the School Director.
- Requests should only be entertained from the School Director.

- All requests must be checked to make sure all required information is complete before issuing the check. The School Director should be alerted if all the necessary information is not complete.
- Make sure there is available balance in the RCF account before issuing any check. This will be accomplished by keeping a running balance after issue of checks and deposit of check to the RCF account.
- Reimburse the RCF no later than the 25th of every month to make certain that the expenditures are recorded in the correct month to void understanding our financial statements.
- Reimbursement of RCF including petty cash must be made to the School Director and charged to the respective account numbers already provided before the RCF checks were generated.
- Do not reimburse any RCF check or petty cash without the required receipts, account number and other required documentation.
- At any given time the bank balance, plus un-reimbursed expenditures, plus petty cash given out must be equal to the RCF amount.

Signed, this 18th November 2006.

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agenda'd and publicly noticed, the Board can respond, interact, and act upon the item.

Executive Director: LACOE approved Material Revision Request to expand to Salvation Army 2011-2012 school year. ED recommended approval of RPM Construction Management, Inc proposal made April 2011, at cost \$57,900. Building and Improvement funds available \$76,730. Additionally, recommended the board approve the final lease agreement with Salvation Army and consider approving the draft Property Lease Agreement for Manchester and Central Avenues with OCI. ED introduced top four Candidates for the Principal's position at the new site. A rating of the candidates was based on multi-screening criteria (written, oral performance, open-ended questioning, and interview).

Principal: Recruitment is top priority to achieve numbers at both sites. WAYS has an enrollment (based upon applications accepted) of 325 and at new site enrollment stands at 157. Currently seeking strong, credentialed teachers experienced working with children in an urban setting. Presently, offered two teachers positions for Kinder and expect to offer a third teacher position. Interview process will commence until all teachers are hired. Curriculum & Instruction materials—appointments made with two reps from textbook companies for review. The board was thanked for being willing to recommend new instructional materials for the school.

Director of Operations: Copy of the RPM construction Management Contract Proposal was submitted total cost \$53,100. Requesting the board make a decision to commence project (ADA Upgrades) to be completed prior to school opening. We must comply with the orders to provide adequate disabled persons access to the facility to remain ADA compliant. A written report was submitted and further information can be viewed upon request.

Business & Finance: Budget status report given by Bali Business Management. A pupil estimate for new or significantly expanding charters (PENSEC) for 2011-2012 fiscal year was submitted. A statement of financial position of WAYS was presented by Bali Business Management giving a total assets accounting of \$1,196,664. A statement of revenue and expenditures was submitted along with 2011-2012 budget. Applied for state facility grant to solve cash flow concerns. School can receive approx \$500,000 in Oct. A Cash Flow Forecast was submitted showing income for 2011-2012 at \$4,085,907. All written reports are available upon request.

Wow! With such a disappointment that our board members did not show up to meet the required quorum (after I personally called and email them days before) I completely forgot to send an email about the lack of quorum, notwithstanding the fact that two members of LACOE's staff were present.

Blessings,
Ed Cabil

Hi Neha,

Today we recieved the returned package containing the WAYS board meeting docs and audio for April 30, 2014. The package was originally mailed last week wednesday, but it was returned due to a lack of postage stamps. We remailed the package today. You should receive it by tomorrow. Kindly confirm receipt of the package tomorrow.

Sincerely,

Jason

**Notice of "Special Meeting" of
Board of Directors**
Thursday, September 22, 2011
6:00 PM

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendaized and publicly noticed, the Board can respond, interact, and act upon the item.

Hello All,

Unfortunately, I will not be able to attend the board meeting this evening. On Thursdays I pick up my children from school.

Also, my email was not included when the notice was sent out. My email address is lw\nderii@gmail.com. Kindly add me to your contact lists so I am aware of any future special meetings. Thanks and I look forward to seeing you all at the next board meeting.

Take care,

Subject: Re: - CANCELLATION OF October 5, 2011 "Special" Board Meeting

Mr. Cabil,

The weather had nothing to do with the cancellation of the meeting.

The reason the meeting was canceled was because of the inappropriate items placed on the agenda. The items that are deemed inappropriate are because of the following reasons:

1. The full board does not have advance nor adequate knowledge of the items.
2. The language is incorrect and not complete.
3. The items listed for closed session do not belong in closed session
4. The items listed as concerns have not followed the appropriate chain of command, which mean the Principals have not been made aware of the problem or allowed an opportunity to address the concerns.

These are just a few of the concerns that I, as Vice President of Wisdom Academy have. As such, I must safeguard the school and the board from further potentially larger problems or litigation.

As Vice President, I serve as the primary person responsible for this board, since we do not have a current President. I am not acting as a sole board but in the best interest of the board and school. This meeting was not a legitimate sanctioned meeting, as most of the issues on the agenda did not come from me, you, other board members or the Principals of WAYS.

Please be advised LACOE, nor any employee or representative from LACOE, **did not have any consideration, input, approval or play any part in the cancellation of this meeting** and they were informed and advised of the cancellation at the same time everyone else was.

It is not my intention to upset, infuriate or anger anyone, especially our valued and appreciated parents. If you recall, I was the only voice of reason in the "town hall" meeting which was held on September 16th. I was the only member of the board that stood up to the other board members and said on more than one occasion that we would have and hold that meeting, which we did. Not you, nor any other board member made any effort to make sure the meeting was held. I conducted the meeting, allowed each parent and community member to have their say, for as long as they wished. I believe you also complemented me on the meeting, along with other parents. I am disappointed that you would try to say that MY actions were anything other than collaborative, and working to appease and satisfy the students, parents, teachers, community members and guest who were in attendance, in an effort for full disclosure and working to ensure the best for WAYS, the children and community of WAYS.

Lastly, you are absolutely correct. I am a new board member, but I have VAST experience in board management and development. I am not acting on the words of anyone, nor gossip, innuendo, he said, she said. I always act based on facts! The facts in this case are serious and extreme. I am acting to safeguard the school.

I want to have a meeting as much if not more than anyone else. That is why I (not anyone else) have been trying to schedule a meeting, and asked for the board and the schools input to make sure we act accordingly, professionally and in a manner that is legitimate and sanctioned and would pass The Brown Act and that would NOT leave us open to lawsuits or additional litigation. I should be able to submit a new meeting date and revised, corrected agenda by Friday, October 7, 2011, if not sooner. I am sure it would not be problem for you, as a board member to contact our legal counsel.

10/10/2011

000701

Please note, my intention to always act in an ethical, moral manner, with the highest and best integrity and interest of Wisdom Academy. I am not a party to any actions otherwise.

Sincerely and Respectfully,

Kandee Lewis
Vice President, WAYS

Hi,

First, I want to know why it is necessary that the meeting must be canceled? Is it because of the weather? Except for what you claim as advice from the school's legal counsel, you failed to mention a reason for the cancellation of the meeting. ! I would like to know why was it necessary for you to contact legal counsel for advice relating to a legitimate sanctioned scheduled board meeting?

Second, what right do you have as a single board member to cancel a meeting? If you remember correctly, this is exactly what happened at our last full meeting, whereas, the chair stated that she was canceling the meeting, and by saying so, drew sharp criticism from parents who came for answers relating to the problems that they personally observed at the school! Also, you have not forgotten that when the parents pressed for an answer who instructed the chair to canceled the meeting, that the answer came back, "LACOE!" And when the parents said that LACOE was an organization, therefore, that the chair had to talk to a person at LACOE, and who was that person? The answer came back Jan Isenberg! Again, this is the same situation, and undoubtedly, this act will further infuriate the parents!

Third, the school is facing some serious administrative and other internal problems, mostly created from a group identified as WAYS' Executive Board, who as reported by a few, has engaged in micro-managing the school! In one of your recent emails, you stated that you were the only member of the Executive Board left! This Executive Board mentality is causing havoc on the school, as a group of individuals have met and planned school operations without full knowledge of the entire board membership! There were NO announced meeting, not agenda items that empowered this small group of individuals to act as they have done! I hear that there is sufficient evidence for calling a meeting to investigate the acts of this group! Is this the real reason why the meeting is being canceled, or is there another legitimate reason for doing so?

Lastly, you are practically a new member of the board; consequently, much of the knowledge surrounding WAYS is undoubtedly coming from others! Please be advised that we as members of the board have a right to know what valid reason you have for attempting to cancel tonight's meeting! Perhaps, the remaining board members need advice from counsel as to how do we get a meeting called

10/10/2011

to answer the concerns of parents, staff, and community members relating to the education of the children!

Blessings,
Ed Cabil

Please be advised I am cancelling this board meeting effective immediately. Please post on our website and EVERYWHERE this agenda has been posted of the cancellation.

I have been advised by our legal counsel that it would be in the best interest of the school to cancel the meeting at this time. I will call another meeting to correctly address items that are important and relevant to the school. Thank you very much for your continued support and consideration.

Subject: September 22, 2011 "Special" Board Meeting

Greetings to all,

I just want to express my sentiments in regards to what my eyes and ears witness this past Friday on September 16, 2011. The critical issues that were raised, allegations against board members, the horrible hostile way things were conducted at the turn of events, demands to call a special meeting to address these issues that were raised. There is no such thing whereby any "entity" can silence "We the people", therefore the parents have a right to speak on issues and actions taken that concern and effect their children's education. We can call what happened many things according to our opinions and concerns of others. What I saw was a movement striking out at what has always been the ruin of our people. It reminded me of a scene in the book "Animal Farm". There is no one on earth

above the law of God, science, or physics. Disobedience of laws leads disconnection, confusion and chaos. The laws were made to discourage lawlessness and give order into society so that people have an orderly way to resolve problems. When these channels of resolutions are blocked and corrupted, problems will arise. The problems presented Friday at the meeting cannot be ignored and more important as events unfolded other pertinent issues were presented and must be addressed. Therefore, I am calling a special meeting for Thursday, September 22, 2011 to address those issues. Please find the agenda attached.

Summoning all administrators to the board.

This is one way communication. Please do not reply.

One love,

Dr. Valenti

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and ADA compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendized and publicly noticed, the Board can respond, interact, and act upon the item.

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and ADA compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendaized and publicly noticed, the Board can respond, interact, and act upon the item.

Apparently, you took the schedule from our site some time ago, for the board meeting schedule was taken down until we could finalize a common date for our new board members. If you visit our site, you will see that the board schedule was taken down a long time ago.

We now have to determine our monthly board meeting according to the availability of our new board members, for this diverse group of board members is comprised of an actor, who can't say what date he is available weeks in advance, private business owners, and those in school whose class schedules changes from quarter to quarter.

Until further notice, we will set our board meetings according to the announced monthly available days common for all of our members.

Blessings,
Ed Cabil

Notice of Special Board of Directors Meeting
Tuesday, July 31, 2012
4:00 PM

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and American Disabilities Act compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set-aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendized and publicly noticed, the Board can respond, interact, and act upon the item.
6. Requests for disability-related modification of accommodation may be made by a person with a disability to the Executive Director by notifying the main office by 12pm of the day school is in operation prior to the date and time of the Board Meeting.

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and American Disabilities Act compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set-aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendized and publicly noticed, the Board can respond, interact, and act upon the item.
6. Requests for disability-related modification of accommodation may be made by a person with a disability to the Executive Director by notifying the main office by 12pm of the day school is in operation prior to the date and time of the Board Meeting.

Vice-Principals Report

1. **Highlights - Events that occurred over the last month of school!**
 - Kindergarten and 5th Grade Graduations were a blast!
 - Congratulations to our teachers of the Year, Ms. Bahena (1st grade) & Mrs. Croddy (5th grade)
 - WAYS celebrated parent volunteers with a special luncheon at both campuses.
 - The book fair was up at both sites and several books were purchased by parents.
 - Students enjoyed Teacher Mix Up at Teacher mix-up-day. Some students even got personal letters letting them know what was in store for them in the next grade.
 - Our School Site Council met and agreed on the budget for our science curriculum for next year.
 - Archer school for girls high school in Brentwood spent an afternoon with our after school program at Manchester. The girls brought with them over 1,000 books as a result of their community service project. They stayed to read and eat pizza with WAYS students. Teachers and students were able to take books home for summer reading.
 - WAYS students saw the fabulous musical Edutainer Part 2.
 - Our true scientists showed us how much they have learned this year in the final science fair.
 - Our campuses welcomed guests to talk to students about their careers. Students saw military personnel, journalists, a lawyer, a policeman, a filmmaker and an entrepreneur. Students asked great questions and got a chance to think about what they might be able to do in the future.
 - The fifth graders went to their formal ball at the Scientology Center. It was fantastic to see what beautiful princesses and noble men we have seen blossom at our school.
 - Ms. Gomez's third grade class had their book publishing party. It was a lot of fun and parents joined in to celebrate. The children sang and a few students gave a speech about fulfilling their dreams of becoming authors.
 - The LA Times visited WAYS Manchester campus on the last day of school
 - Ms. Gomez's third grade class received a letter from the First Lady of the United States, congratulating them on their efforts in publishing a book!
 - Teachers were given one on one time for a personal evaluation and overview of the year
 - The teachers celebrated the end of the year with a nice taco dinner.
 - Teachers spent time carefully organizing the classes for next year for balance and effective learning
 - Deara and Mrs Horowitz attended a two day conference on English Learners and the Common Core

Wisdom Academy for Young Scientists

Notice of Board of Directors Meeting (Revised)

Friday, July 26, 2013

4:30 PM - 5:30 PM

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and American Disabilities Act compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set-aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendaized and publicly noticed, the Board can respond, interact, and act upon the item.

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and American Disabilities Act compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set-aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendized and publicly noticed, the Board can respond, interact, and act upon the item.
6. Requests for disability-related modification of accommodation may be made by a person with a disability to the Executive Director by notifying the main office by 12pm of the day school is in operation prior to the date and time of the Board Meeting.

REPORTS OR COMMENTS FROM THE BOARD PRIOR TO THE CLOSED SESSION

First Annual Board Reception - Board members Jones, Golden, Tolbert and Daniels gave **positive** reviews about the Reception. President Tolbert distributed index cards to parents and staff **for** comments. Comments will be shared with staff.

AUDIENCE INVITATION TO ADDRESS THE BOARD PRIOR TO CLOSE SESSION

There were no comments from the audience.

Meeting Convened To Closed Session at: 6:03PM

CLOSED SESSION

A Conflict of Interest/Code of Conduct should be considered that will better safeguard the staff and board unnecessary exposure or risk.

13092601: Lease Agreement with the Salvation Army - Espinoza recommended we entertain the idea of seeking out a location to purchase (this may be addressed by the development committee per Tolbert)

- Recommendation by Tolbert that Board Member Espinoza be on this exploratory committee.

Item 13092602: 2013-14 Lease Agreement for the school site located at 706 East Manchester Avenue, Los Angeles, CA - Lease Agreement will be tabled to November. Lease Agreement unavailable for review.

13092601: Approval of Salvation Army Lease

- a. (Reviewed for late board members) Reporting that we approved the lease agreement for the Salvation Army
- b. (Reviewed for late board members) Finance and Budget Committee - advised late arrivals that this passed
- c. (Reviewed for late board members) Teaching committee - advise late arrivals that this was approved

13092621: Board Member Recommendations for Future Agenda Items -

1. Per Jones - Parents concern with air conditioning and indoor location for children on cold mornings - there is nothing that can be done about this at this time per Jason Okonkwo. Board will find an amicable way to address this issue with concerned parents
2. Board meetings at different locations requested by a parent; roving meetings may be something we should consider going forward.
3. Board meeting minutes requiring signature per Jason Okonkwo. Tolbert and Valenti will address signing issues
4. Recommendation by Tolbert to provide certificates for teachers as well as other ways to incorporate teacher recognition
5. Recommendation by Tolbert to make sure the parents know when the board meetings are. The goal is to be more available to parents
6. One board member slot is available for one parent - parents have been notified to submit applications if interested per Jones
7. Parent involvement - parent involvement plan
8. Principal reports and Vice Principal reports
9. The Single Plan for Student Achievement should be presented to the Board
10. Board members are requesting more trainings for itself, staff and parents
11. The illumination for conducting Special meeting per section 3d above. What are the criteria?
12. Board members are interested in varying positions and roles within the board such as that of Recorder

MEETING ADJOURNED at 6:40PM. Moved by: Board Member Davis. Seconded by: Board Member Daniels.

Future item - Mrs. Jones has submitted her resignation (letter) to Mrs. Tolbert and we will address the resignation at the next meeting. This item was not recorded as it was raised after the meeting was adjourned.

Our email capacity is not intended for large audio files; it would be helpful if you could save them to a secure website and give us access to retrieve from there. Please work with Neha on this, too. I believe you can use the LACOE secure website for this, but again, check with Neha to make that determination.

Thank you,

Unfortunately, the audio recordings of the last last board meeting were returned by Yahoo mail with failure notices. Mr. Jason will record the files on a CD and mail it out today.

The files were sent to us by email; however, they just could not be forwarded.

III. NEW BUSINESS

A. **Item 13092615(A):** Errors and Omissions Insurance Policy - The Governing
Board received the school's insurance policy coverage. The policy is set to expire
on November 1. The Board will consider the renewal of policy w/current carrier
to prevent any lapse in coverage. (Action/Discussion) - *Dufour Insurance
Services, LLC*

i. Ms. Dufour's presentation

1. Notes:

- a. November 1st is the renewal deadline
- b. Current liability policy is with Scottsdale
- c. Incident in 2011 create issue with obtaining different and
more reasonably priced coverage
- d. See DUFOR Summary of Proposed Insurance
- e. Crime coverage was not on policy last year but has been
added this policy term
- f. Need an updated number of teachers for this academic
year
- g. \$5 million is standard for a charter school of this size -
WAYS insurance has been updated accordingly - (new
policy costs the school an addition \$4,000) - Broker has
guaranteed full coverage
- h. Workers Comp renews in February 2014 (rating of
current policy holder may go down to a B+ so if so she
plans to move the policy)

i.

2. Board Comments:

- a. Davis - is this the insurance for the charter and the
board? The general liability policy covers the school and

board from bodily injury. The Directors and Officers liability policy covers management decisions and governance. The E&O coverage is a part of the Directors and Officers liability insurance

- b. Espinoza - Why did the insurance not cover the 2011 settlement? To be addressed in closed session
- c. Daniels - Break down of coverage/policy limits per claim
- d. Johnson - Do we need to compare other insurers? See materials

Action required (Yes/No): Yes
Motion by: Davis moved to accept coverage
Second by: Daniels
Number of votes in favor: 7
Number of votes opposed: 0
Motion adopted (Yes/No): Yes
Follow up required (Yes/No): No
Comments: None

*Meeting Convened To Closed Session At: 6:30PM
Motion to go into closed session by Davis*

CLOSED SESSION

A. Insurance Policy Payout Claim

B. The following closed session items are from a special board meeting agenda prepared by/called by board member Armando Espinoza on Tuesday, October 8, 2013 at 6:30 pm for Wednesday, October 9, 2013 at 6:30PM. The meeting was cancelled due to a lack of a quorum.

- a. **1310205:** The anticipated litigation is regarding verbal claims made by the school staff and contractor that a Board Member is making unilateral decisions, without input from a majority of the Board, which risks the potential for legal claims.
- b. **1310206:** As of Friday, October 4, 2013, two employment contracts were terminated prematurely by school staff and require immediate Board action. *(The Board heard the parties involved, but was not able to formally conclude the matter.)*

***A DISRUPTION OCCURRED AT THE END CLOSED SESSION BY AN ADMINISTRATIVE EMPLOYEE. NO OTHER BOARD BUSINESS WAS ABLE TO BE CONDUCTED.**

- c. **13102067:** The employment contract for the ED is normally decided before July 1, 2013, yet is has been postponed repeatedly.

Dear Mr. Cabil,

I am concerned about you postponing today's Board Meeting. Although I had concerns even before now because of the fact that we were Literally verbally threatened, told to leave and not to come back, lights turned off and then thrown out of the October 24th board meeting by Jason Okonkwo. On one hand I appreciate your intervention to ensure our safety and not allow him to attack us again. I want to thank you for stepping up to the plate to intervene on our behalf. On the other hand, I'm wondering if I missed the Board vote or authorization to postpone the board mtg. Is this in your scope of authority without Board Approval and/or authority? In our efforts to get this school and administration on the right track, we must take protocol and authority into consideration. Please apprise me of how this decision was made because even though our safety was and is a concern, we must approach every situation within the scope of position, following all policies, procedures, rules and regulations and remembering, "It's All About The Kids"

Wisdom Academy for Young Scientists

Notice of Board of Directors Special Board Meeting

Monday, January 27, 2014

5:30 P.M.– 7:00 P.M.

706 East Manchester Avenue – L.A. CA 90001

I. Instructions for Presentations to the Board by Members of the Community

Wisdom Academy for Young Scientists ("Charter School") welcomes your participation at the school's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the school in public. We are pleased you are in attendance and hope you will visit these meetings often. Your participation assures us of continuing community interest in our school. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

1. Agendas are available to all community members, and are posted in accordance with the Ralph M. Brown Act and American Disabilities Act compliance.
2. "Request to Speak" forms are available to all audience members who wish to speak on any agenda items or under the general category of "Oral Communication."
3. "Oral Communication" is set-aside for members of the community to raise issues that are not specifically on the agenda; however, due to public meeting laws (Brown Act), the Board can only listen to your issue, not respond or take action. These presentations are limited to three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen requested agenda item.
4. With regard to items that are on the agenda, you may specify that agenda item on your request form and you will be given an opportunity to speak up to (3) minutes when the Board discusses that item.
5. Community members may request ("Community Member Agenda Request Form") that a topic related to school business be placed on a future agenda. Once such an item is properly agendized and publicly noticed, the Board can respond, interact, and act upon the item.
6. Requests for disability-related modification of accommodation may be made by a person with a disability to the Executive Director by notifying the main office by 12pm of the day school is in operation prior to the date and time of the Board Meeting.

Dear Neha,

Thank you for your inquiry.

On January 27, 2014, the Board was one member shy of a quorum, therefore no Board Meeting was held.

The documents and audio for the January 30, 2014 meeting were mailed to you on 2/4/14 via USPS Priority Mail tracking number 911490118986152619191

Please confirm receipt of the package.

The documents and audio for the February 3, 2014 meeting were mailed to you on 2/7/14 via USPS Priority Mail tracking number 9114901159815848112682

As you are aware, WAYS has experienced a significant and highly disruptive issue with a now former board member, Mrs. Carol Tolbert, who improperly attempted to unilaterally "notice" her own "meetings". As explained in our recent letter to Dr. Delgado, the WAYS Board promptly remedied that situation by removing Mrs. Tolbert from the board. In any event, the WAYS bylaws require all board meetings to be held at the school site, unless the board votes to move the meeting somewhere else. That did not happen. Regrettably, the gatherings that apparently occurred on January 6, 2014, and January 29, 2014, were off site, and were not official "meetings" of the Board. We don't know whether a quorum was present at those gatherings. If the former board chair Mrs. Tolbert made an audio recording or distributed documents at those gatherings, she did not provide them to WAYS. We are aware of the Brown Act implications of Mrs. Tolbert's actions, and are of course highly concerned. Rest assured that WAYS has taken steps to ensure that this does not happen again.

Sincerely,

Jason Okonkwo

Clem Payne, Jr.
CERTIFIED PUBLIC ACCOUNTANT

Board of Directors of
Wisdom Academy for Young Scientists
Los Angeles, California

INDEPENDENT AUDITOR'S REPORT

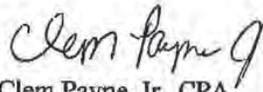

I have audited the accompanying statement of financial position of **Wisdom Academy for Young Scientists (WAYS)** (a California not-for-profit organization), as of June 30, 2011, and the related statements of activities and changes in net assets, and cash flows for the twelve months period then ended. These financial statements are the responsibility of **Wisdom Academy for Young Scientists'** management. My responsibility is to express an opinion on these financial statements based on my audit. The prior year summarized comparative information has been derived from the organization's 2010 financial statements and, in my report dated November 9, 2010, I expressed an unqualified opinion on those financial statements.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the Education Audit Appeals Panel's Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that our audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Wisdom Academy for Young Scientists** as of June 30, 2011, and the changes in its net assets and cash flows for the twelve months period then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued a report dated December 14, 2011 on my consideration of **Wisdom Academy for Young Scientists'** internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

My audit was conducted for the purpose of forming an opinion on the financial statements of **Wisdom Academy for Young Scientists**. The accompanying schedule of federal awards required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations and the additional supplementary information section is presented for the purpose of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and, in my opinion is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2011

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - continued

The summary of Significant Accounting Policies of WAYS is presented to assist in understanding the organization's financial statements. The financial statements and notes are representations of WAYS' management, who are responsible for their integrity and objectivity.

WAYS accounts for its financial transactions in accordance with the policies and procedures of the Department of Education's "California School Accounting Manual". WAYS conforms to accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

Financial Statements Presentation

The accompanying financial statements have been prepared in conformity with the disclosure and display requirements of FASB ASC 958-205, (prior authoritative literature: SFAS No. 117, *Financial Statements of Not-for-Profit Organizations*). Accordingly, WAYS' financial statements are present on the following three classes of net assets: (a) unrestricted net assets, (b) temporarily restricted net assets, and (c) permanently restricted net assets.

Temporarily restricted and permanently restricted net assets are created only by donor-imposed restrictions on their use. All other net assets, including board-designated or appropriated amounts, are legally unrestricted and are reported as part of the unrestricted class.

Revenue Recognition

Amounts received from the California Department of Education are recognized as revenue by WAYS based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in unrestricted net assets, if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in temporarily restricted net assets.

Cash and Cash Equivalents

For purposes of the statement of cash flow, WAYS considered all liquid investments with a maturity three months or less to be cash equivalents.

The notes are an integral part of the preceding financial statements.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2011

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Basis of Accounting

The financial statements of WAYS have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Accounts Receivable

WAYS accounts receivable consists of amounts due from government sources only. No allowance for doubtful accounts has been established as WAYS deems all amounts to be fully collectible.

Contributions and Contributed Services

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor as required by SFAS No. 116, "Accounting for Contributions Received and Contributions Made." Amounts received that are designated for specific use in future periods are reported as temporarily restricted. When the restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets for expenditure.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of financial statements and the reported revenues and expenses during the year. Accordingly, actual results could differ from those estimates.

The notes are an integral part of the preceding financial statements.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - (continued)

Equipment and Improvements

Equipment and improvements are recorded at cost. All property, equipment and improvements with a value of \$1,000 or greater and a useful life of 1 year or more are capitalized. Improvements are depreciated under a straight-line method over their estimated useful lives of 20 years. Equipment is depreciated under straight-line method over the estimated useful life of five to seven years. The depreciation expense for the year ended June 30, 2011 is \$19,081.

Income Taxes

WAYS is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code, and exempt from state franchise or income tax under Section 23701(d) of the California Revenue and Taxation Code. Accordingly, no provision has been made for income taxes.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Comparative Financial Information

The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with WAYS' financial statements for the twelve months period ended June 30, 2010, from which summarized information was derived.

NOTES TO FINANCIAL STATEMENTS
Twelve Months Period ended June 30, 2011

NOTE 7 - COMMITMENTS

WAYS entered into a four-year lease agreement for its main facility with Kendra Okonkwo, Executive Director that commenced in July 2006. Monthly lease payments began at \$10,120. The agreement requires annual rent rate to increase approximately 3.0% each year. The lease was terminated in January 31, 2011, due to LAUSD concerns regarding a conflict of interest. Payments made on this facility lease totaled \$72,652 for the seven months period ended January 31, 2011. (Refer to Note 9 – Related Parties Transactions)

In addition, WAYS entered into a one-year lease on 8778 Central Avenue. The monthly lease payments are \$4,000. The agreement requires annual rent rate to increase approximately 3.0% each year. The lease was terminated in January 31, 2011. Payments made on this facility lease totaled \$28,720 for the five months period ended January 31, 2011. (Refer to Note 9 – Related Parties Transactions)

The owner of the real property changed in February 2011.

As such, WAYS entered into a five-month agreement for its main facility located on 706 East Manchester Avenue, L.A., CA with OCI Development Corporation. Monthly lease payments began at \$10,728. The agreement requires annual rent rate to increase by 3.0% each year. The lease will expire in June 2011. Payments made on this facility lease totaled \$53,640 for the seven months period ended June 30, 2011.

At the same time, WAYS entered into a five-month agreement with OCI Development Corporation for the property located at 8778 Central Avenue, L.A., CA. Monthly lease payments began at \$4,240. The agreement requires annual rent rate to increase by 3.0% each year. The lease will expire in June 2011. Payments made on this facility lease totaled \$21,200 for the seven months period ended June 30, 2011.

WAYS entered into a five-year lease agreement for a facility for additional occupancy and parking near its main facility. The lease commenced in December 2007. Monthly lease payments are \$1,450 for the duration of the lease. The lease will expire in December 2012. Payments made on the facility lease totaled \$17,400 for the twelve months ended June 30, 2011.

The future minimum lease payments due for the next 2 years are as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2012	\$ 197,016
2013	202,926

NOTE 8 - EMPLOYEE RETIREMENT PLANS

Qualified employees are covered under multiple-employer defined benefit pension plans maintained by agencies of the State of California. Certificated employees are members of the State Teachers' Retirement System (STRS). WAYS is not eligible to participate in Public Employees' Retirement System (PERS).

State Teachers' Retirement System (STRS)

Plan Description

WAYS contributes to the State Teachers' Retirement System (STRS), a cost-sharing multiple-employer public employee retirement system defined benefit pension plan administered by STRS. The plan provides retirement, disability and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers' Retirement Law. STRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the STRS annual financial report may be obtained from STRS, 7667 Folsom Boulevard, Sacramento, California 95826.

Funding Policy

Active plan members are required to contribute 8.0% of their salary and WAYS is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the STRS Teachers' Retirement Board. The required employer contribution rate for fiscal year 2009-10 is 8.25% of annual payroll. The contribution requirements of the plan members are established and may be amended by State statute.

Contributions to STRS

WAYS' contributions to STRS and PERS for this fiscal year are as follows:

<u>Year Ended</u> <u>June 30</u>	<u>STRS</u> <u>Required</u> <u>Contribution</u>	<u>STRS</u> <u>Percent</u> <u>Contributed</u>
2011	\$71,650	100%

NOTE 9 - RELATED PARTIES TRANSACTIONS

A related party is one which controls, exercises significant influences over, or is significantly influenced by a group or member in making financial, and operating decisions, along with any group member, is subject to common control or significant influence.

In 2006 WAYS entered into a rental services agreement with its executive director **Kendra Okonkwo**, a related party, to pay monthly rental installments for the locations of 702-706 East Manchester Street, Los Angeles, California and 8778 S. Central Avenue, Los Angeles, California. It appears that the executive director held title to those real properties until February 3, 2011. At which time the rental arrangement was terminated. During the fiscal year, WAYS made approximately \$108,212 in rental payments to this vendor. (Refer to Note 7 - Commitments).

NOTE 10 - SUBSEQUENT EVENTS

WAYS has evaluated subsequent events through December 14, 2011, the date which the financial statements were available to be issued.

WAYS entered into several one-year lease agreements for educational facility located on 706 East Manchester Avenue and 8778 Central Avenue. The lease will commence on July 2011, and ending on the 30th day of June 2012. Monthly lease payments for each property are \$10,738 and \$4,367.

In addition, WAYS entered into a one-year lease with the Salvation Army on 7651 Central Avenue. The monthly lease payments are \$13,492. The lease will commence on August 2011, and ending on July 2012.

On June 30, 2011, Wisdom Academy for Young Scientists' charter expired and was not renewed with the Los Angeles Unified School District. Effective July 1, 2011, Wisdom Academy for Young Scientists was chartered under the authority of the Los Angeles County Board of Education (LACOE).

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

Board of Directors
Wisdom Academy for Young Scientists
Los Angeles, California

I have audited the financial statements of **Wisdom Academy for Young Scientists (WAYS)** as of and for the twelve months period ended June 30, 2011, and have issued my report thereon dated December 14, 2011. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered WAYS' internal control over financial reporting as basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of WAYS' internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of WAYS' internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control over financial reporting that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

**Independent Auditor's Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial
Statements Performed in Accordance With *Government Auditing Standards***

(Continued)

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompany schedule of findings and questioned costs to be significant deficiencies. List of findings, please refer to schedule of findings and questions costs.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether WAYS' financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of WAYS in a separate letter dated December 14, 2011.

WAYS' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit WAYS' response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Board of Directors, management, the Los Angeles Unified School District, the California Department of Education, the State Controller's Office and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON STATE COMPLIANCE

Board of Directors
Wisdom Academy for Young Scientists
 Los Angeles, California

I audited the financial statements of **Wisdom Academy for Young Scientists (WAYS)**, a California non-profit corporation, as of and for the twelve months period June 30, 2011, and have issued our report thereon dated December 14, 2011, which was unqualified. My audit was made in accordance with auditing standards generally accepted in the United States of America, the standards for financial and compliance audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the Education Audit Appeals Panels Standards and Procedures for Audits of California K-12 Local Educational Agencies. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for our opinion.

WAYS' management is responsible for the Academy's compliance with laws and regulations. In connection with the audit referred to above, I selected and tested transactions and records to determine **WAYS'** compliance with the laws and regulations applicable to the following items:

<u>State Compliance Procedures for Charter Schools:</u>	<u>Procedures In Audit Guide</u>	<u>Procedures Performed</u>
Class Size Reduction Program		
General Requirements	7	Not Applicable
Option One Classes	3	Not Applicable
Option Two Classes	4	Not Applicable
Only One School Serving Grades L-3

Jan,

As I shared with you and Judy earlier, I visited WAYS yesterday and met with Ed Cabil and Jason Okonkwo. I shared with them that the purpose of my visit was not to investigate any complaints as they had suggested in their prior e-mail communications but to follow-up on concerns that I have identified-specifically as it relates to credit cards.

Both Ed and Jason stated that they may deem any actions taken by me to be of an investigative nature and they also stated they need to be notified of any investigation and provided documentation. They also stated that any findings be communicated to them along with recommendations for corrective actions and they will work with LACOE to resolve em.

Ed stated that LACOE had issued a notice of violation that cited "complaints" made against WAYS and he has requested from LACOE the supporting document regarding complaints but has not received the documentation.

Back to the purpose of my visit, I'll try to keep it short.

We discussed our concerns over WAYS credit card usage and oversight. The ED acknowledged weaknesses in internal controls and stated he is committed and is working on putting in place policies and procedures to strengthen internal controls but that he has been distracted with numerous issues with LACOE and incurring legal costs. He said he has only been in the position for two months and asked for time to work through the issues. Some of the actions he stated WAYS has taken while not yet formalized in policies and procedures include: (1) stop using the credit card under the name of its former executive director; (2) WAYS has applied and received new credit card under its own name (Ed and Jason are authorized users); (3) minimize credit card usage; utilize purchase orders instead; (4) plan to stop the practice of charging for fuel; to implement mileage reimbursement.

They were cooperative for the most part except certain questions I posed they perceived them to be of an investigative nature and would either not respond or would not elaborate. For example, I asked why the former executive director made charges after she had been terminated (they clarified that she was "released"), they would only said that the account was open by her for the benefits of WAYS. I asked how those charges benefit the school but did not receive a response. The ED repeatedly shared that WAYS perceived LACOE to be working to close the school and he will do whatever it takes to keep it open.

DO maintain all charges made by him are for valid business purposes. The ED stated he verbally approves the credit charges made by the DO and that he trusts him.

I shared with them that until policies and procedures are put in place, these concerns remain unresolved. My plan is to work with them and validate that they have implemented what they said they have/will do. I would need to visit their back-office provider in the future to review documents. They stated the official financial records are maintained with the back-office provider.

Given their perceived relationship with LACOE, I am in need of guidance as to how to move forward. Actions taken may be misinterpreted as an "investigation".

I am available to meet to further discuss.

Mr. Cabil:

I have concerns with your internal controls identified through the normal course of performing my oversight responsibilities. Since my concerns are preliminary pending further discussion and review, I prefer to meet **and discuss** them first with you. Perhaps, my concerns are not valid but without having an opportunity to discuss and **review** documents with you and your staff, it would be difficult to move forward or provide any meaningful **feedbacks** to you.

I am sure as the executive director of WAYS, you would be interested in hearing my concerns and would **want to make** any necessary corrective actions. While it would be helpful to be able also speak with you staff to gain a **better** understanding of your operations and internal controls, I will leave that discretion up to you.

Would you have one hour available to meet with me next week? I appreciate your comment about getting **"any problem** fixed for the benefits of the children" and I share the same.

As far as the communication between you and our superintendent, I am not part of that process so I cannot **really** comment. I follow protocols and that does not typically involve having direct communication with our **superintendent**.

Mr. Chan,

WAYS is happy to promptly respond to all reasonable requests from LACOE. That having been said, your request is a bit suspicious in light of Superintendent Delgado's November 17, 2011 "Notice of Investigation" and my November 28, 2011 response letter, copies of which are attached. Perhaps you are unaware of the correspondence with Dr. Delgado. We have not yet received any response from Dr. Delgado, nor have we received copies from LACOE nor any response whatsoever concerning the records we requested. LACOE's statutory response deadline per the Government Code was yesterday.

I suggest that you confer with Dr. Delgado and please confirm that there is no "complaint" as suggested in LACOE's November 17, 2011 letter. If there is any such "complaint", please provide a copy immediately so that we may have an opportunity to address any problem at our school, if there is any such problem. At this point, we have no reason to believe there is any problem at all. LACOE did not respond or provide copies of anything by December 1 as we requested, and failed to meet its December 8 statutory deadline.

Your broad request to meet with "staff" for an unstated period of time, for unstated reasons is not reasonable, especially under these circumstances. LACOE's Government Code violation in that regard is especially troubling. Please specify the purpose of your request and specify what information you would like us to provide, and the estimated time duration of your meeting. Our staff is fully occupied educating children. Any meeting must be scheduled at a time and in a manner that accommodates our educational program. By you providing the requested information, I can ensure that the appropriate staff are present to address the subject of your inquiry, whatever that might be. As I stated to Dr. Delgado, if you have any specific concern with the implementation of any provision of the charter, please let us know so that we can engage in meaningful dialogue and get any real problem fixed for the benefits of the children.

Thank you Vo. I look forward to you providing the requested information and a meaningful meeting.

Sincerely,

Ed Cabil

Mr. Cabil:

This is to request to schedule a visit to WAYS' office to meet with you and your staff to discuss your fiscal operation and internal controls. Please let me know which day(s) next week (except for Tuesday, December 13) would work for you.

In your reference, I am including a couple items below taken from the *Monitoring and Oversight Memorandum of Understanding (MOU)*.

- *Internal Fiscal Controls*: The Charter School shall develop and maintain internal fiscal control policies governing all financial activities. Such policies and procedures are subject to review during site visits to see that they are being implemented.

- LACOE reserves the right to make unannounced visits to the Charter School. EC § 47604.32(b) requires LACOE to conduct a site visit annually. The purpose of the visits shall be to monitor the instructional program and operations in accordance with County Board of Education Policy 6650.

Also, EC § 47604.3 states a "A charter shall promptly respond to all reasonable inquiries, including but not limited to, inquiries regarding its financial records, from its chartering authority, the county office of education that has jurisdiction over the school's chartering authority, or from the Superintendent of Public Instruction and shall consult with the chartering authority, the county office of education, or the Superintendent of Public Instruction regarding any inquiries."

Thank you in advance for your cooperation.

Wisdom Academy for Young Scientists

November 28, 2011

Arturo Delgado, Ed.D.
Superintendent
Los Angeles County Office of Education
9300 Imperial Highway
Downey, CA 90242-2890

Re: Wisdom Academy for Young Scientists Charter School

Dear Superintendent Delgado:

As the Executive Director of the Wisdom Academy for Young Scientists Charter School ("WAYS"), I am responding to your letter dated November 17, 2011 concerning what you have called a "Notice of Investigation".

First and foremost, you incorrectly cite Education Code section 47604.4 as authority to "investigate" whether WAYS "has the capacity to govern the school and implement the charter." The Education Code provides no such authority. In fact, the Education Code specifically provides the authority to make determinations about the likely success of charter implementation to the LACOE Board as part of the charter approval or denial procedure. Please see Education Code section 47605(b)(2). By granting the charter on June 7, 2011, the LACOE Board implicitly determined that the school is likely "to successfully implement the program set forth in the petition". You have cited no facts or even allegations to the contrary.

You have misinterpreted section 47604.4. That section provides that the County Superintendent may monitor and conduct an investigation into the operations of a charter school. Of course, you must have a reasonable, articulated basis for doing so. And because LACOE is the school's authorizer, your oversight is further affected by the charter itself. Your letter vaguely states that you have "received complaints regarding the operation of the school." However, the supporting documentation you attached to your letter demonstrates nothing of the sort. Rather, it is a series of emails from your staff attempting to schedule what its calls a "Capacity Interview". There is no mention whatsoever of any "complaint". And there is no such process as a "capacity interview" authorized by the Education Code or the charter.

Please immediately provide copies of any and all "complaints" referred to in your November 17, 2011 letter. If there is in fact a complaint, WAYS will respond. To the extent a LACOE investigation is reasonable and appropriate, we will of course fully and immediately cooperate to the extent necessary.

If you do not provide copies of the "complaints" by December 1, 2011, we will presume that no such complaint exists. If there is a problem at the school, we wish to resolve it immediately for the benefit of our students.

WAYS does not concede that you have authority to conduct what appears to be a fishing expedition / witch hunt under authority of the Education Code. If you believe you have a reasonable basis to conduct an investigation about anything whatsoever concerning WAYS, please immediately inform us of that basis and your supporting facts.

We do not wish to engage in prolonged disputes with you concerning charter oversight. If you truly have a specific concern with the implementation of any provision of our charter, please let us know so that we can engage in meaningful dialogue and get any real problem fixed for the benefit of the children. Your vague, unsupported allegations and incorrect read of the Education Code are not helpful.

Dear Mr. Cabil and Members of the Wisdom Academy for Young Scientists Board of Directors:

Notice of Investigation Pursuant to Education Code Section 47604.4

Pursuant to *Education Code* section 47604.4, "a county superintendent of schools may, based upon written complaints by parents or other information that justifies the investigation, monitor the operations of a charter school located within that county and conduct an investigation into the operations of that charter school."

This *Notice of Investigation (Notice)* informs Wisdom Academy for Young Scientists (WAYS) that the Los Angeles County Superintendent of Schools has received complaints regarding the operation of the school. The nature of the complaints is that the school has not complied with the terms of the charter and lacks the capacity to govern the school and implement the charter. The Los Angeles County Office of Education (LACOE), under my direction, has begun to investigate these allegations.

On October 19, 2011, LACOE requested a meeting with current members of WAYS governing board and its executive director to determine whether the school has complied with the terms of the charter and has the capacity to govern the school and implement the charter.

On October 26, 2011, the current WAYS board president informed LACOE by email, "I cannot make a sole decision regarding this matter. I will inform the board of your request in the next board meeting...." (Attachment 1)

Agendas for the October 29, 2011 and November 3, 2011 board meetings did not include this item. (Attachments 2 - 3)

This *Notice* provides WAYS with a final opportunity to meet with LACOE prior to the conclusion of the investigation.

The meeting is scheduled for December 9, 2011 at 1:00 p.m. at 12830 Columbia Way, Downey, CA 90242.

Please contact Ms. Jan Isenberg in the Charter School Office at (562) 922-8806 to confirm this meeting no later than December 1, 2011, and if you have any other questions.

Hi Dorothy:

000846

This is a follow-up to our conversation on October 19, 2011. Due to the resignations of
WAYS Board members and the Executive Director, we are requesting that the Board and the
acting Executive Director meet with the Charter School Office for a Capacity Interview.
The interview will be conducted in two phases:

- The first phase will assist us in determining whether the governing board
understands its role and responsibilities, and has the capacity to govern the school. Only
voting members of the board participate in this phase.
- The second phase will assist us in determining whether the board and the leadership
team have the capacity to implement the charter. Toward that end, questions will focus
on petition, the educational program, outcomes, and other elements, the financial plan,
and the governance and management structure. The entire leadership team participates
in this phase.

Tentative dates:

Friday, October 21, 2011- 10:00 am or 1:00pm; Thursday October 27, 2011 10:00 or 1:00pm.
Once the date is confirmed please email us with names of the Board members that will be
attending. Thank you for your assistance.

Concerns Regarding WAYS Credit Card Usage and Oversight Pending Further Review

- Credit cards statements are being mailed to the attention of WAYS former executive director (ED) at a residential address
- There are charges made (\$2,155.01) under the name of the former ED after she had been terminated (subsequent to LACOE Board approval on June 7, 2011); charges include travel to Atlanta believed to be for a conference; charges covers period 6/13/11 to 6/30/11
- The director of operations (son of former ED) makes significant credit card charges (over \$23,000 during August 2011)
- Charges made by the director of operations (son of former ED) that appears to be excessive or questionable; legitimate business purpose (i.e. frequent charges made for gas with some on the same date)
- Lack of segregation of duties (authorization, review, approval, etc.); e.g. the director of operation approves check requests for credit card payment -essentially approving charges initiated by him
- Some credit card charges appears not adhere to its fiscal policies (i.e. not obtain prior approval, bypassing the normal procurement process, paying statement prior to reviewing receipts, and timely recording of transactions)

Recommendations for Inclusion in Fiscal Policy

After reviewing the fiscal policy for WAYS, we recommend the addition and revision of the following procedures:

1. **Policy Number One: Budget Preparation and Implementation Policy**-Ensure the budget is in compliance with Generally Accepted Accounting Principles (GAAP), board policy, and finance-related legal requirements. All expenditures will match budget expectations. Revenue from any Federal or State sources will be committed in accordance with all specific federal/state laws or requirements applicable.
2. **Policy Number Two: Time Sheet and Payroll Procedures**-Designate an employee to maintain personnel files.
 - Each personnel file should contain the following information, at minimum:
 - Employment application or resume
 - A record of background investigation results
 - Date of employment
 - Employment agreement
 - Position, pay rates, and changes therein
 - Authorization of payroll deductions
 - Earning records for non-active employees
 - W-4 Form
 - I-9 Form
 - Termination data, when applicable
 - All personnel files are to be kept locked in a locking file cabinet in the business office.
 - Payroll deductions are to be recorded properly and paid to the appropriate third parties on a timely basis. Also, all payroll reports to third parties shall be submitted on a timely basis.
3. **Policy Number Three: Purchase and Other Procurement Procedures**-Formal bidding procedures will be used for service and other contracts anticipated to cost more than \$10,000 (ten thousand dollars). Specification and bidding requirements should include:
 - Specifications to be prepared by the administration
 - Specifications to be approved by the Board
 - Specifications to be mailed to any identified potential bidders
 - All bids to be submitted in sealed envelopes and plainly marked as indicated in the bid specifications
 - Bids to be publicly opened at an announced time, and on a specific date
 - The bidder to whom the award is made to be required to enter into written contract and purchase order.

4. Policy Number Four: Contracting Policies and Procedures

- The contractor must provide the school with a completed form DE542, Employment Development Department Report of Independent Contractor, at the time of signing the contract
- All contracts that exceed \$25,000 should be signed and approved by the Board
- Line Item no.3-Delete: "except in cases where an exception is allowed by a Principal"
- Line Item no. 4-Delete: "except in cases where the school agrees to cover the contractor as part of terms of the contract"
- The school will evaluate criteria established by the IRS when assigning independent contractor status and issue IRS Form 1099 to independent contractors if compensation is \$600 or more. The consultant contract will include description of services, deliverables, pay rate, timeframe, and timeline of payments and reimbursements.

5. Policy Number Five: Check Requests Procedures

- Duties of check requester and approver should be segregated.
- P. 7 Bullet no. 2 - "Check in excess of \$10,000 of non recurring item require two signatures" - Signatories should be identified.
- Incoming invoices will be logged in by the Administrative Assistant before distributing for approval. Once monthly, the Director of Operations should check the invoice log to determine if there are any outstanding invoices which have not yet been paid. If so, then reasons for the nonpayment of these invoices should be discussed with the responsible staff member.

6. Policy Number Six: Reimbursements

- Reimbursement forms must be approved by the Executive Director, the supervisor, and signed by the recipient.

7. Policy Number Seven: Use of Corporate Credit Cards and Procedures

- The purpose of issuing a corporate credit card is to increase flexibility for key staff members, and not for the "convenience" as stated in the fiscal policy page 7. The school will use the standard procurement procedures whenever possible.
- The Board will authorize the credit card uses as follows:
 - Travel related expenses
 - Meeting/conference expenses
 - Online purchases where purchase orders are not accepted
 - Emergency spending
 - Pre authorized expenditures
- The credit card holders will be responsible for documenting and justifying all expenditures (school-related purpose) and held personally liable if the credit card charge is deemed personal or unauthorized.
- Each credit card transaction must be supported by an actual receipt containing detail of the item(s) purchased.

8. Policy Number Eight: Petty Cash Policies and Procedures

- Petty Cash Holders – Position needs to be identified.
- The recipient of the petty cash funds must sign the petty cash disbursements log to indicate the receipt of the funds. The paid receipt should be attached to the log. Petty cash box should be locked and secured safely until it is time to replenish the fund. The Petty Cash Fund reconciliation and associated receipts should be attached to the check request for replenishment.
- The petty cash account should be reconciled monthly. When the petty cash account is reconciled, the appropriate expense account should be charged in the school's general ledger. Once reconciled, request for replenishment can be processed.
- The Director of Operations should review petty cash transactions and make periodic counts of petty cash fund
- The petty cash account may not be used to cash payroll checks or other personal checks.

9. Policy Number Nine: Financial Reporting Review Procedures – The school's accounting system will be in conformity with the California School Accounting Manual. Accounting method will follow Generally Accepted Accounting Principles (GAAP) guidelines for nonprofit reporting. All budgets and financial reports will be presented using full accrual accounting in alignment with annual audited financial statements. The school will follow the financial reporting guidelines required by Education Code section 47604.33, 47605(m) and 47604(3).

- P.9 Bullet no. 2 – Executive "Consultant" – should be Executive "Director"
- The school will submit the following financial reports to LACOE per Education Code Section 47604.33 and 47604(3):
 - On or before June 15, submit a preliminary budget
 - On or before December 1, submit the first interim financial report
 - On or before March 1, submit the second interim financial report
 - On or before August 15, submit a final unaudited report for the full prior year
 - Respond to all reasonable inquiries, including, but not limited to, inquiries regarding its financial records.
- The school will transmit a copy of its annual independent financial audit report for the preceding fiscal year to LACOE, the State Controller's Office, and the California Department of Education by December 15 of each year per Education Code Section 47605(m).

10. Policy Number Ten: Program Cash Receipts and Deposit Procedures

- P.10 Bullet no. 3 Three staff persons – Positions need to be identified.
- The reception desk for each school site should record the cash and checks received on a cash/check receipts log which should include the date of check/cash was received, name of the payer, amount, check number and program/department
- Make two copies of the checks with one copy to be filed in the program deposits file and another copy in the deposited checks/cash folder

- In addition to the program deposits file, set up a separate "deposited checks/cash" folder and place all copies of deposit documents in the file
- A copy of cash/check receipts log should be given to the Executive Director on a **weekly** basis

11. Policy Number Eleven: Revolving Cash Procedures

- The bank statements for the revolving cash funds will be reconciled on a **monthly** basis by the Back Office services provider.

12. Recommended New Policy: Policy Number Twelve: Fixed Asset Procedures – The purpose of this policy is to establish standard procedures for capitalizing fixed assets to facilitate the identification, reporting, and safeguarding the school's assets in compliance with **generally** accepted accounting principles, and financial reporting requirements.

- The management must maintain a permanent property log and depreciation **schedule** for all fixed assets purchased by the school
- The property log will contain the following information:
 - Date of purchase
 - Description of item purchased
 - Received by donation or purchased
 - Cost or fair market value on the date of receipt
 - Donor or funding source
 - Funding source restrictions on use or disposition
 - Identification/serial number
 - Depreciation Method
 - Vendor name and address
 - Warranty period
 - Inventory tag number
 - Number of check used to pay for the equipment
- At least annually, a physical inspection and inventory should be taken of all **fixed assets** and reconciled to the general ledger balance. Adjustments for dispositions will be **made** annually.
- Fixed assets purchased with federal funds should be disposed of according to **federal** guidelines.
- Material changes in the status of property and equipment such as changes in **location**, sale of items, and any purchase or sale of the real estate should be recorded **for** management information.

13. Recommended New Policy: Policy Number Thirteen: Risk Management - The school should maintain an insurance program to protect the school against any losses that may occur **due to** the many normal and unusual hazards.

- Insurance policy and coverage should be approved by the Board of Directors, **and** comply with LACOE's MOU requirements

- Insurance certificates should be kept on file in the school's administrative office at all times and available for inspection.

14. Recommended New Policy: Policy Number Fourteen: Debt Management Policy – The purpose of this policy is to enhance the school's ability to manage its debt in a fiscally conservative and prudent manner. The effects of decisions regarding types of borrowing, covenants and terms, interest rates, and payment structure directly impact the school's ability to continue operation.

- The Executive Director is responsible for administering and maintaining the school's current obligations under direction of the Board. The finance committee should meet with the Executive Director and Board regarding the status of the school's existing debt and to make specific recommendations.
- No new debt should be incurred without approval of the Board.
- Advance written notification of all borrowings should be provided to LACOE as per the current MOU requirements.
- All approved annual budgets should include timely repayment of all outstanding debt, or include a reasonable repayment plan for such debt if timely repayment is not possible.
- Prior to incurring any new borrowing, the Executive Director should prepare a financial analysis showing the effect of the borrowing on current and future operations for the Board to make an informed decision.
- The school should take all practical precautions and proactive measures to avoid borrowing decisions that can negatively impact current or future operations.

15. Recommended New Policy: Policy Number Fifteen: Conflict of Interest Policy – Any Board member with a financial interest in a matter presented to the Board shall fully disclose such interest prior to Board discussion on the issue and shall excuse him /her from the discussion and voting on the matter. The Board shall develop a more comprehensive policy on conflict of interest to be complied with Government Code 1090 *et seq.* and the Political Reform Act of 1974.

EXHIBIT 17

**BYLAWS
OF
MERLE WILLIAMSON FOUNDATION
(A California Nonprofit Public Benefit Corporation)**

**Doing Business As
WISDOM ACADEMY FOR YOUNG SCIENTISTS (WAYS)**

**ARTICLE I
NAME**

Section 1. **NAME.** The name of this corporation is Merle Williamson Foundation, doing business as Wisdom Academy for Young Scientists ("WAYS" or "Charter School").

**ARTICLE II
PRINCIPAL OFFICE OF THE CORPORATION**

Section 1. **PRINCIPAL OFFICE OF THE CORPORATION.** The principal office for the transaction of the activities and affairs of this corporation is 760 E. Manchester Avenue, Los Angeles, State of California. The Board of Directors may change the location of the principal office. Any such change of location must be noted by the Secretary on these bylaws opposite this Section; alternatively, this Section may be amended to state the new location.

Section 2. **OTHER OFFICES OF THE CORPORATION.** The Board of Directors may at any time establish branch or subordinate offices at any place or places where this corporation is qualified to conduct its activities.

**ARTICLE III
GENERAL AND SPECIFIC PURPOSES; LIMITATIONS**

Section 1. **GENERAL AND SPECIFIC PURPOSES.** The purpose of this corporation is to improve the social and economic status of the South Central Los Angeles community by creating and operating a pre-school, a school devoted to the education of boys and girls, and an organization which promotes the cultural diversity of the South Central Los Angeles community, all of the foregoing to enable young people of the South Central Los Angeles community to become successful and useful citizens and the providing of support and resources toward the accomplishments of the foregoing purposes, and to engage in any other lawful activities permitted under the California Nonprofit Public Benefit Corporation Law. The recital of these purposes as contained in this Article is intended to be exclusive of any and all other purposes, this corporation being formed for such public and charitable purposes only.

Also in the context of these purposes, the Corporation shall not, except to an insubstantial degree, engage in any other activities or exercise of power that do not further the purposes of the Corporation.

The Corporation shall not carry on any other activities not permitted to be carried on by: (a) a corporation exempt from federal income tax under section 501(c)(3) of the Internal Revenue

Code, or the corresponding section of any future federal tax code; or (b) a corporation, contributions to which are deductible under section 170(c)(2) of the Internal Revenue Code, or the corresponding section of any future federal tax code. No substantial part of the activities of the Corporation shall consist of the carrying on of propaganda, or otherwise attempting to influence legislation, and the Corporation shall not participate in, or intervene in (including the publishing or distributing of statements) any political campaign on behalf of or in opposition to any candidate for public office.

ARTICLE IV CONSTRUCTION AND DEFINITIONS

Section 1. CONSTRUCTION AND DEFINITIONS. Unless the context indicates otherwise, the general provisions, rules of construction, and definitions in the California Nonprofit Corporation Law shall govern the construction of these bylaws. Without limiting the generality of the preceding sentence, the masculine gender includes the feminine and neuter, the singular includes the plural, and the plural includes the singular, and the term "person" includes both a legal entity and a natural person.

ARTICLE V DEDICATION OF ASSETS

Section 1. DEDICATION OF ASSETS. This corporation's assets are irrevocably dedicated to public benefit purposes as set forth in the Charter School's Charter. No part of the net earnings, properties, or assets of the corporation, on dissolution or otherwise, shall inure to the benefit of any private person or individual, or to any director or officer of the corporation. On liquidation or dissolution, all properties and assets remaining after payment, or provision for payment, of all debts and liabilities of the corporation shall be distributed to a nonprofit fund, foundation, or corporation that is organized and operated exclusively for charitable purposes and that has established its exempt status under Internal Revenue Code section 501(c)(3).

ARTICLE VI CORPORATIONS WITHOUT MEMBERS

Section 1. CORPORATIONS WITHOUT MEMBERS. This corporation shall have no voting members within the meaning of the Nonprofit Corporation Law. The corporation's Board of Directors may, in its discretion, admit individuals to one or more classes of nonvoting members; the class or classes shall have such rights and obligations as the Board of Directors finds appropriate.

ARTICLE VII BOARD OF DIRECTORS

Section 1. GENERAL POWERS. Subject to the provisions and limitations of the California Nonprofit Public Benefit Corporation Law and any other applicable laws, and subject to any limitations of the articles of incorporation or bylaws, the corporation's activities and affairs shall be managed, and all corporate powers shall be exercised, by or under the direction of the Board of Directors ("Board"). The Board may delegate the management of the corporation's activities to any person(s), management company or committees, however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the Board.

Section 2. **SPECIFIC POWERS.** Without prejudice to the general powers set forth in Section 1 of these bylaws, but subject to the same limitations, the Board of Directors shall have the power to:

- a. Appoint and remove, at the pleasure of the Board of Directors, all corporate officers, agents, and employees; prescribe powers and duties for them as are consistent with the law, the articles of incorporation, and these bylaws; fix their compensation; and require from them security for faithful service.
- b. Change the principal office or the principal business office in California from one location to another; cause the corporation to be qualified to conduct its activities in any other state, territory, dependency, or country; conduct its activities in or outside California; and designate a place in California for holding any meeting of members.
- c. Borrow money and incur indebtedness on the corporation's behalf and cause to be executed and delivered for the corporation's purposes, in the corporate name, promissory notes, bonds, debentures, deeds of trust, mortgages, pledges, hypothecations, and other evidences of debt and securities.
- d. Adopt and use a corporate seal; prescribe the forms of membership certificates; and alter the forms of the seal and certificates.

Section 3. **DESIGNATED DIRECTORS AND TERMS.** As outlined in the WAYS charter, the number of directors shall be no less than five (5) and no more than fifteen (15), unless changed by amendments to these bylaws and to the WAYS charter. All directors shall be designated by the existing Board of Directors. All directors are to be designated at the corporation's annual meeting of the Board of Directors or, if the directors are not elected at such meeting, at any special meeting of the Board held for that purpose.

The Board of Directors is composed of parents and/or community members. Members will be nominated from the community based on their expertise and desire to promote a quality educational program. These individuals may have backgrounds in areas such as business, law, fundraising, community outreach, finance, mental health, etc., along with their willingness to serve a needed role on the WAYS Board. Paid employees of WAYS will not sit on the Governing Board of WAYS. Additionally, in accordance with Education Code section 47604 (b), the charter authorizer reserves the right to appoint a single representative to serve on the Board.

Section 4. **DIRECTORS' TERM.** As of the 2011 annual meeting, or any special meeting held in 2011 for the purpose of appointing directors, terms of service shall be as follows: (1) All newly appointed (i.e. new to the Board) directors shall be appointed for a three (3) year term of service; (2) All returning/reappointed directors shall be appointed for a single two (2) year term of service. This shall be done in an effort to stagger Board terms of service.

For all subsequent appointments and reappointments of directors thereafter, each director shall hold office for three (3) years and until a successor director has been designated and qualified. Directors may serve multiple terms of service.

Section 5. **NOMINATIONS BY COMMITTEE.** The Chairman of the Board of Directors or, if none, the President will appoint a committee to designate qualified candidates for election to the Board of Directors at least thirty (30) days before the date of any election of directors. The nominating committee shall make its report at least seven (7) days before the date of the election or at such other time as the Board of Directors may set and the Secretary shall forward to each Board member, with the notice of meeting required by these bylaws, a list of all candidates nominated by committee.

Section 6. **USE OF CORPORATE FUNDS TO SUPPORT NOMINEE.** If more people have been nominated for director than can be elected, no corporation funds may be expended to support a nominee without the Board's authorization.

Section 7. **EVENTS CAUSING VACANCIES ON BOARD.** A vacancy or vacancies on the Board of Directors shall occur in the event of (a) the death, resignation, or removal of any director; (b) the declaration by resolution of the Board of Directors of a vacancy in the office of a director who has been convicted of a felony, declared of unsound mind by a court order, or found by final order or judgment of any court to have breached a duty under California Nonprofit Public Benefit Corporation Law, Chapter 2, Article 3; (c) the increase of the authorized number of directors; or (d) the failure of the members, at any meeting of members at which any director or directors are to be elected, to elect the number of directors required to be elected at such meeting.

Section 8. **RESIGNATION OF DIRECTORS.** Except as provided below, any director may resign by giving written notice to the Chairman of the Board, if any, or to the President, or the Secretary, or to the Board. The resignation shall be effective when the notice is given unless the notice specifies a later time for the resignation to become effective. If a director's resignation is effective at a later time, the Board of Directors may elect a successor to take office as of the date when the resignation becomes effective.

Section 9. **DIRECTOR MAY NOT RESIGN IF NO DIRECTOR REMAINS.** Except on notice to the California Attorney General, no director may resign if the corporation would be left without a duly elected director or directors.

Section 10. **REMOVAL OF DIRECTORS.** Any director may be removed, with or without cause, by the vote of the majority of the members of the entire Board of Directors at a special meeting called for that purpose, or at a regular meeting, provided that notice of that meeting and of the removal questions are given in compliance with the provisions of the Ralph M. Brown Act. (Chapter 9 (commencing with Section 54950) of Division 2 of Title 5 of the Government Code). Any vacancy caused by the removal of a director shall be filled as provided in Section 12.

Section 11. **VACANCIES FILLED BY BOARD.** Vacancies on the Board of Directors may be filled by approval of the Board of Directors or, if the number of directors then in office is less than a quorum, by (a) the affirmative vote of a majority of the directors then in office at a meeting held according to the Brown Act, or (b) a sole remaining director.

Section 12. **NO VACANCY ON REDUCTION OF NUMBER OF DIRECTORS.** Any reduction of the authorized number of directors shall not result in any directors being removed before his or her term of office expires.

Section 13. PLACE OF BOARD OF DIRECTORS MEETINGS. Meetings shall be held at the principal office of the Corporation. The Board of Directors may designate that a meeting be held at any place within the jurisdiction of the WAYS charter authorizer. All meetings of the Board of Directors shall be noticed, called, held and conducted in accordance with the terms and provisions of the Ralph M. Brown Act ("Brown Act"), California Government Code Sections 54950, et seq., as said chapter may be modified by subsequent legislation.

Section 14. MEETINGS; ANNUAL MEETINGS. All meetings of the Board of Directors and its committees shall be held in compliance with the Brown Act.

Section 15. REGULAR MEETINGS. Regular meetings of the Board of Directors, including annual meetings, shall be held monthly at such times and places as noticed by the Board of Directors in accordance with the Brown Act. At least 72 hours before a regular meeting, the Board of Directors, or its designee shall post an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting.

Section 16. SPECIAL MEETINGS. Special meetings of the Board of Directors for any purpose may be called at any time by the Chairman of the Board of Directors, if there is such an officer, or a majority of the Board of Directors. If a Chairman of the Board has not been elected then the President is authorized to call a special meeting in place of the Chairman of the Board. The party calling a special meeting shall determine the place, date, and time thereof.

Section 17. NOTICE OF SPECIAL MEETINGS. In accordance with the Brown Act, special meetings of the Board of Directors may be held only after twenty-four (24) hours notice is provided to the public in accordance with the Brown Act.

Additionally, members of the Board of Directors shall be provided with notice of special meetings at least twenty-four (24) hours in advance of the meeting as follows:

- a. Any such notice shall be addressed or delivered to each director at the director's address as it is shown on the records of the Corporation, or as may have been given to the Corporation by the director for purposes of notice, or, if an address is not shown on the Corporation's records or is not readily ascertainable, at the place at which the meetings of the Board of Directors are regularly held.
- b. Notice by mail shall be deemed received at the time a properly addressed written notice is deposited in the United States mail, postage prepaid. Any other written notice shall be deemed received at the time it is personally delivered to the recipient or is delivered to a common carrier for transmission, or is actually transmitted by the person giving the notice by electronic means to the recipient. Oral notice shall be deemed received at the time it is communicated, in person or by telephone or wireless, to the recipient or to a person at the office of the recipient whom the person giving the notice has reason to believe will promptly communicate it to the receiver.
- c. The notice of special meeting shall state the time of the meeting, and the place if the place is other than the principal office of the Corporation, and the general nature of the business proposed to be transacted at the meeting. No business, other than the business the general nature of which was set forth in the notice of the meeting, may be transacted at a special meeting.

Section 18. QUORUM. A majority of the directors then in office shall constitute a quorum. All acts or decisions of the Board of Directors will be by majority vote based upon the presence of a quorum. Should there be less than a majority of the directors present at any meeting, the meeting shall be adjourned. Directors may not vote by proxy.

Section 19. TELECONFERENCE MEETINGS. Members of the Board of Directors may participate in teleconference meetings so long as all of the following requirements in the Brown Act are complied with:

- a. At a minimum, a quorum of the members of the Board of Directors shall participate in the teleconference meeting from locations within the boundaries of the school district in which the Charter School operates;
- b. All votes taken during a teleconference meeting shall be by roll call;
- c. If the Board of Directors elects to use teleconferencing, it shall post agendas at all teleconference locations with each teleconference location being identified in the notice and agenda of the meeting;
- d. All locations where a member of the Board of Directors participates in a meeting via teleconference must be fully accessible to members of the public and shall be listed on the agenda;¹
- e. Members of the public must be able to hear what is said during the meeting and shall be provided with an opportunity to address the Board of Directors directly at each teleconference location; and
- f. The agenda shall indicate that members of the public attending a meeting conducted via teleconference need not give their name when entering the conference call.²

Section 20. ADJOURNMENT. A majority of the directors present, whether or not a quorum is present, may adjourn any Board of Directors meeting to another time or place. If a meeting is adjourned, notice of such adjournment to another time or place shall be given, prior to the time scheduled for the continuation of the meeting, to the directors who were not present at the time of the adjournment, and to the public in the manner prescribed by any applicable public open meeting law.

Section 21. COMPENSATION AND REIMBURSEMENT. Directors may not receive compensation for their services as directors or officers, only such reimbursement of expenses as the Board of Directors may establish by resolution to be just and reasonable as to the corporation at the time that the resolution is adopted.

Section 22. CREATION AND POWERS OF COMMITTEES. The Board, by resolution

¹ This means that members of the Board of Directors who choose to utilize their homes or offices as teleconference locations must open these locations to the public and accommodate any members of the public who wish to attend the meeting at that location.

² The Brown Act prohibits requiring members of the public to provide their names as a condition of attendance at the meeting.

adopted by a majority of the directors then in office, may create one or more committees, each consisting of two or more directors and no one who is not a director, (known as a "Committee of the Board") to serve at the pleasure of the Board. Appointments to a Committee of the Board shall be by majority vote of the authorized number of directors. The Board of Directors may appoint one or more directors as alternate members of any such Committee of the Board, who may replace any absent member at any meeting. Any such Committee of the Board shall have all the authority of the Board, to the extent provided in the Board of Directors' resolution, except that no committee may:

- a. Take any final action on any matter that, under the California Nonprofit Public Benefit Corporation Law, also requires approval of the members or approval of a majority of all members;
- b. Fill vacancies on the Board of Directors or any committee of the Board;
- c. Fix compensation of the directors for serving on the Board of Directors or on any committee;
- d. Amend or repeal bylaws or adopt new bylaws;
- e. Amend or repeal any resolution of the Board of Directors that by its express terms is not so amendable or subject to repeal;
- f. Create any other committees of the Board of Directors or appoint the members of committees of the Board;
- g. Expend corporate funds to support a nominee for director if more people have been nominated for director than can be elected; or
- h. Approve any contract or transaction to which the corporation is a party and in which one or more of its directors has a material financial interest.

The Board may also create advisory committees composed of directors and non-directors, to serve in an advisory capacity to the Board of Directors.

Section 23. MEETINGS AND ACTION OF COMMITTEES. Meetings and actions of committees shall be governed by, held, and taken under the provisions of these bylaws concerning meetings, other Board of Directors' actions, and the Brown Act, if applicable, except that the time for general meetings of such committees and the calling of special meetings of such committees may be set either by Board of Directors' resolution or, if none, by resolution of the committee. Minutes of each meeting shall be kept and shall be filed with the corporate records. The Board of Directors may adopt rules for the governance of any committee as long as the rules are consistent with these bylaws. If the Board of Directors has not adopted rules, the committee may do so.

Section 24. NON-LIABILITY OF DIRECTORS. No director shall be personally liable for the debts, liabilities, or other obligations of this corporation.

Section 25. COMPLIANCE WITH LAWS GOVERNING STUDENT RECORDS. The Charter School and the Board of Directors shall comply with all applicable provisions of the

Family Education Rights Privacy Act ("FERPA") as set forth in Title 20 of the United States Code Section 1232g and attendant regulations as they may be amended from time to time.

ARTICLE VIII OFFICERS OF THE CORPORATION

Section 1. OFFICES HELD. The officers of this corporation shall be a **President**, a Secretary, and a Treasurer. The corporation, at the Board's direction, may also have a **Chairman** of the Board and a Vice-Chair. The officers shall carry out the corporate duties set forth in **this Article VIII** and may designate the relevant administrative duties associated with their **officership** to the appropriate WAYS staff members.

Section 2. DUPLICATION OF OFFICE HOLDERS. Any number of offices **may** be held by the same person, except that neither the Secretary nor the Treasurer may serve **concurrently** as either the President or the Chairman of the Board.

Section 3. ELECTION OF OFFICERS. The officers of this corporation **shall** be chosen annually by the Board of Directors and shall serve at the pleasure of the Board.

Section 4. REMOVAL OF OFFICERS. The Board of Directors may **remove** any officer with or without cause.

Section 5. RESIGNATION OF OFFICERS. Any officer may resign at any **time** by giving written notice to the Board. The resignation shall take effect on the date the **notice** is received or at any later time specified in the notice. Unless otherwise specified in the **notice**, the resignation need not be accepted to be effective. Any resignation shall be without **prejudice** to any rights of the corporation under any contract to which the officer is a party.

Section 6. VACANCIES IN OFFICE. A vacancy in any office because of **death**, resignation, removal, disqualification, or any other cause shall be filled by majority vote **of** the Board.

Section 7. CHAIRMAN OF THE BOARD. If a Chairman of the Board of Directors is elected, he or she shall preside at the Board of Directors' meetings and shall exercise and **perform** such other powers and duties as the Board of Directors may assign from time to time. If there is no President, the Chairman of the Board of Directors shall also have the powers and duties **of** the President of the corporation set forth in these bylaws. If a Chairman of the Board of Directors is elected, there shall also be a Vice-Chairman of the Board of Directors. In the absence **of** the Chairman, the Vice-Chairman shall preside at Board of Directors meetings and shall exercise and perform such other powers and duties as the Board of Directors may assign from time to time.

Section 8. VICE-CHAIRMAN OF THE BOARD. The Vice-Chairman shall **preside** at Board of Directors meetings in the absence of the Chairman of the Board and shall exercise and perform such other powers and duties as the Board of Directors may assign from time to time.

Section 9. **PRESIDENT.** Subject to such supervisory powers as the Board of **Directors** may give to the Chairman of the Board (if there is a Chair), the President shall **supervise** the corporation's activities. The President shall have such other powers and duties as the **Board of Directors** or the bylaws may require.

Section 10. **VICE-PRESIDENTS.** If the President is absent or disabled, the **Vice-Presidents**, if any, in order of their rank as fixed by the Board, or, if not ranked, a **Vice-President** designated by the Board, shall perform all duties of the President. When so acting, a **Vice-President** shall have all powers of and be subject to all restrictions on the President. The **Vice-Presidents** shall have such other powers and perform such other duties as the Board of Directors or the **bylaws** may require.

Section 11. **SECRETARY.** The Secretary shall keep or cause to be kept, at the corporation's principal office or such other place as the Board of Directors may direct, a **book of minutes** of all meetings, proceedings, and actions of the Board and of committees of the **Board**. The minutes of meetings shall include the time and place that the meeting was held; **whether** the meeting was annual, regular, special, or emergency and, if special or emergency, how **authorized**; the notice given; and the names of the directors present at Board of Directors and **committee meetings**.

The Secretary shall keep or cause to be kept, at the principal California office, a copy of the articles of incorporation and bylaws, as amended to date.

The Secretary shall give, or cause to be given, notice of all meetings of the Board and of committees of the Board of Directors that these bylaws require to be given. The Secretary shall keep the corporate seal, if any, in safe custody and shall have such other powers and perform such other duties as the Board of Directors or the bylaws may require.

Section 12. **TREASURER.** The Treasurer shall keep and maintain, or cause to be kept and maintained, adequate and correct books and accounts of the corporation's properties and transactions. The Treasurer shall send or cause to be given to directors such financial statements and reports as are required to be given by law, by these bylaws, or by the Board. The **books of account** shall be open to inspection by any director at all reasonable times.

The Treasurer shall (a) deposit, or cause to be deposited, all money and other **valuables** in the name and to the credit of the corporation with such depositories as the Board of Directors may designate; (b) disburse the corporation's funds as the Board of Directors may order; (c) render to the President, Chairman of the Board, if any, and the Board, when requested, an account of all transactions as Treasurer and of the financial condition of the corporation; and (d) have such other powers and perform such other duties as the Board, contract, job specification, or the bylaws may require.

ARTICLE IX CONTRACTS WITH DIRECTORS AND NON-DIRECTOR DESIGNATED EMPLOYEES

Section 1. **CONTRACTS WITH DIRECTORS AND NON-DIRECTOR DESIGNATED EMPLOYEES.** The Corporation shall not enter into a contract or transaction in

which a director or non-director designated employee directly or indirectly has a personal, material financial interest (nor any other corporation, firm, association, or other entity in which one or more of this Corporation's directors are directors have a material financial interest), unless the interest is deemed to be a remote or non-interest under Government Code Section 1090 et seq.

ARTICLE X LOANS TO DIRECTORS AND OFFICERS

Section 1. **LOANS TO DIRECTORS AND OFFICERS.** This corporation shall not lend any money or property to or guarantee the obligation of any director or officer without the approval of the California Attorney General; provided, however, that the corporation may advance money to a director or officer of the corporation for expenses reasonably anticipated to be incurred in the performance of his or her duties if that director or officer would be entitled to reimbursement for such expenses of the corporation.

ARTICLE XI INDEMNIFICATION

Section 1. **INDEMNIFICATION.** To the fullest extent permitted by law, this corporation shall indemnify its directors, officers, employees, and other persons described in Corporations Code Section 5238(a), including persons formerly occupying any such positions, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any "proceeding," as that term is used in that section, and including an action by or in the right of the corporation by reason of the fact that the person is or was a person described in that section. "Expenses," as used in this bylaw, shall have the same meaning as in that section of the Corporations Code.

On written request to the Board of Directors by any person seeking indemnification under Corporations Code Section 5238 (b) or Section 5238 (c) the Board of Directors shall promptly decide under Corporations Code Section 5238 (e) whether the applicable standard of conduct set forth in Corporations Code Section 5238 (b) or Section 5238 (c) has been met and, if so, the Board of Directors shall authorize indemnification.

ARTICLE XII INSURANCE

Section 1. **INSURANCE.** This corporation shall have the right to purchase and maintain insurance to the full extent permitted by law on behalf of its directors, officers, employees, and other agents, to cover any liability asserted against or incurred by any director, officer, employee, or agent in such capacity or arising from the director's, officer's, employee's, or agent's status as such.

ARTICLE XIII MAINTENANCE OF CORPORATE RECORDS

Section 1. **MAINTENANCE OF CORPORATE RECORDS.** This corporation shall

keep:

- a. Adequate and correct books and records of account;
- b. Written minutes of the proceedings of the Board and committees of the Board; and
- c. Such reports and records as required by law.

ARTICLE XIV INSPECTION RIGHTS

Section 1. **DIRECTORS' RIGHT TO INSPECT.** Every director shall have the right at any reasonable time to inspect the corporation's books, records, documents of every kind, physical properties, and the records of each subsidiary as permitted by California and federal law. The inspection may be made in person or by the director's agent or attorney. The right of inspection includes the right to copy and make extracts of documents as permitted by California and federal law. This right to inspect may be circumscribed in instances where the right to inspect conflicts with California or federal law (e.g., restrictions on the release of educational records under FERPA) pertaining to access to books, records, and documents.

Section 2. **ACCOUNTING RECORDS AND MINUTES.** On written demand on the corporation, any director may inspect, copy, and make extracts of the accounting books and records and the minutes of the proceedings of the Board of Directors and committees of the Board of Directors at any reasonable time for a purpose reasonably related to the director's interest as a director. Any such inspection and copying may be made in person or by the director's agent or attorney. This right of inspection extends to the records of any subsidiary of the corporation.

Section 3. **MAINTENANCE AND INSPECTION OF ARTICLES AND BYLAWS.** This corporation shall keep at its principal California office the original or a copy of the articles of incorporation and bylaws, as amended to the current date, which shall be open to inspection by the directors at all reasonable times during office hours.

ARTICLE XV REQUIRED REPORTS

Section 1. **ANNUAL REPORTS.** The Board of Directors shall cause an annual report to be sent to itself (the members of the Board of Directors) within 120 days after the end of the corporation's fiscal year. That report shall contain the following information, in appropriate detail:

- a. The assets and liabilities, including the trust funds, or the corporation as of the end of the fiscal year;
- b. The principal changes in assets and liabilities, including trust funds;
- c. The corporation's revenue or receipts, both unrestricted and restricted to particular purposes;
- d. The corporation's expenses or disbursement for both general and restricted purposes;

- e. Any information required under these bylaws; and
- f. An independent accountant's report or, if none, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the corporation's books and records.

Section 2. ANNUAL STATEMENT OF CERTAIN TRANSACTIONS AND INDEMNIFICATIONS. As part of the annual report to all directors, or as a separate document if no annual report is issued, the corporation shall, within 120 days after the end of the corporation's fiscal year, annually prepare and mail or deliver to each director and furnish to each director a statement of any transaction or indemnification of the following kind:

- a. Any transaction (i) in which the corporation, or its parent or subsidiary, was a party, (ii) in which an "interested person" had a direct or indirect material financial interest, and (iii) which involved more than \$50,000 or was one of several transactions with the same interested person involving, in the aggregate, more than \$50,000. For this purpose, an "interested person" is either:
 - (1) Any director or officer of the corporation, its parent, or subsidiary (but mere common directorship shall not be considered such an interest); or
 - (2) Any holder of more than 10 percent of the voting power of the corporation, its parent, or its subsidiary. The statement shall include a brief description of the transaction, the names of interested persons involved, their relationship to the corporation, the nature of their interest, provided that if the transaction was with a partnership in which the interested person is a partner, only the interest of the partnership need be stated.

ARTICLE XVI BYLAW AMENDMENTS

Section 1. BYLAW AMENDMENTS. The Board of Directors may adopt, amend or repeal any of these Bylaws by a majority of the directors present at a meeting duly held at which a quorum is present, except that no amendment shall change any provisions of the Charter that created the Wisdom Academy for Young Scientists Charter School or make any provisions of these Bylaws inconsistent with that Charter, the corporation's Articles of Incorporation, or any laws.

ARTICLE XVII FISCAL YEAR

Section 1. FISCAL YEAR OF THE CORPORATION. The fiscal year of the Corporation shall begin on July 1st and end on June 30th of each year.

CERTIFICATE OF SECRETARY

I certify that I am the duly elected and acting Secretary of the Merle Williamson Foundation, a California nonprofit public benefit corporation; that these bylaws, consisting of 13 pages, are the revised bylaws of this corporation as adopted by the Board of Directors on March 16, 2011; and that these bylaws have not been amended or modified since that date.

Executed on March 16, 2011 at Los Angeles, California.

Adell Walker, Secretary

EXHIBIT 18

BYLAWS
OF
MERLE WILLIAMSON FOUNDATION
A California Nonprofit Public Benefit Corporation

ARTICLE 1.
LOCATION OF OFFICES

The name of this corporation is Merle Williamson Foundation. It is a California nonprofit public benefit corporation with principal offices in Los Angeles, California.

ARTICLE 2.
PURPOSE.

This corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. It is organized under the California Nonprofit Public Benefit Corporation Law for public and charitable purposes. The specific purpose of this corporation is to improve the social and economic status of the South Central Los Angeles community by creating and operating a pre-school, a school devoted to the education of boys and girls and an organization which promotes appreciation of the cultural diversity of the South Central Los Angeles community, all of the foregoing to enable young people of the South Central Los Angeles community to become successful and useful citizens and the providing of support and resources toward the accomplishment of the foregoing purposes, and to engage in any other lawful activities permitted under the California Nonprofit Public Benefit Corporation Law. The recital of these purposes as contained in this Article is intended to be exclusive of any and all other purposes, this corporation being formed for such public and charitable purposes only.

ARTICLE 3.
MEMBERSHIP

The corporation shall have no members.

ARTICLE 4.

DIRECTORS

Section 4.1. Powers.

Subject to limitations of the Articles and these Bylaws and of pertinent restrictions of the Corporations Code of the State of California, all the activities and affairs of the corporation shall be exercised by or under the direction of the Board of Directors. Without prejudice to such general powers, but subject to the same limitations, it is hereby expressly declared that the Board shall have the following powers in addition to the other powers enumerated in these Bylaws:

- a. To select and remove all the officers, agents and employees of the corporation, prescribe such duties for them as may not be inconsistent with law, with the Articles of Incorporation, or with these Bylaws, fix the terms of their offices and their compensation and in their discretion require from them security for faithful service.
- b. To make disbursements from the funds and properties of the corporation as are required to fulfill the purposes of this corporation as are more fully set out in the Articles of Incorporation, and generally to conduct, manage and control the activities and affairs of the corporation and to make rules and regulations not inconsistent with law, with the Articles of Incorporation or with these Bylaws, as they may deem best.
- c. To adopt, make and use a corporate seal and to alter the form of such seal from time to time as they may deem best.
- d. To borrow money and incur indebtedness for the purposes of the corporation and to cause to be executed and delivered therefor, in the corporate name, promissory notes, bonds, debentures, deeds of trust, mortgages, pledges, hypothecations, or other evidences of debt and securities therefor.
- e. To the extent permitted by the exempt status of the organization, to carry on a business at a profit and apply any such profit that results from the business activity to any activity in which it may legally engage.

Section 4.2. Number of Directors.

~~The authorized number of Directors of the corporation shall be between one (1) and five (5), with the exact number of directors to be fixed, within the limits heretofore specified, by the Board of Directors from time to time.~~

Section 4.3. Selection and Tenure of Office.

Directors shall be elected at each annual meeting of the Directors. Each Director shall serve until the next annual meeting and until a successor has been elected and qualified. If an annual meeting is not held, or the Directors are not elected at such meeting, the Directors may be elected at any special meeting of Directors held for that purpose.

000875

Section 4.4. Vacancies.

Any Director may resign effective upon giving written notice to the Chair of the Board, the President, or the Secretary of the Board, unless the notice specifies a later time for the effectiveness of the resignation.

If the resignation is to take effect at some future time, a successor may be selected before such time, to take office when the resignation becomes effective.

Vacancies in the Board shall be filled in the same manner as the Director(s) whose office is vacant was selected, provided that vacancies to be filled by election by Directors may be filed by a majority of the remaining Directors, although less than a quorum, or by a sole remaining Director. Each Director so elected shall hold office until the expiration of the term of the replaced Director and until a successor has been named and qualified.

A vacancy or vacancies in the Board shall be deemed to exist in case of the death, resignation or removal of any Director, or if the authorized number of Directors is increased.

The Board may declare vacant the office of a Director who has been declared of unsound mind by a final order of court, or convicted of a felony, or has been found by a final order or judgment of any court to have breached any duty arising under the California Nonprofit Public Benefit Corporation Law.

No reduction of the authorized number of Directors shall have the effect of removing any Director prior to the expiration of the Director's term of office.

Section 4.5. Removal of Directors.

A Director may be removed from office if any of the following has been found to have occurred:

a. The Director is found to have engaged in activities that are directly contrary to the interests of the corporation.

b. The Director is found to be engaged in the misrepresentation of the corporation and its policies to outside third parties, either willfully, or on a repeated basis.

Before any such removal occurs, the Director will be advised of the allegation and the basis for the same, and will be given an opportunity to present any contrary evidence, or explanation he or she may have to the Board. Removal must be by a majority vote of all the Directors.

Section 4.6. Place of Meetings.

Notwithstanding anything to the contrary provided in these Bylaws, any meeting (whether regular, special or adjourned) of the Board of Directors of the Corporation may be held at any place within or without California that has been previously designated for that purpose by resolution of the Board of Directors or by the written consent of all the members of the Board.

300
Section 4.7. Regular Meetings.

Regular meetings of the Board shall be held without call or notice on the last Friday in June of each year, at 3:00 p.m. local time at the offices of the corporation, unless otherwise modified by the Board; provided, however, should said day fall on a holiday observed by the corporation, then the meeting shall be held at the same time or the next day thereafter ensuing that is a full business day.

Section 4.8. Special Meetings.

Special meetings of the Board of Directors may be called at any time by order of the President, of any Vice President, of the Secretary, or of two or more of the Directors.

Section 4.9. Notice of Special Meetings.

00
Special meetings of the Board shall be held upon four days notice by first class mail or a forty-eight hour notice given personally or by telephone, including a voice messaging system or other system or technology designed to record and communicate messages, telegraph, facsimile, electronic mail, or other electronic means. The notice shall be addressed or delivered to each Director or at the Director's address as it is shown upon the records of the corporation or as may have been given to the corporation by the Director for purposes of notice or, if such address is not shown on such records or is not readily ascertainable, at the place at which the meetings of the Directors are regularly held.

Section 4.10. Quorum.

Except as otherwise provided herein, a majority of the authorized number of Directors shall constitute a quorum except when a vacancy or vacancies prevents such majority, whereupon a majority of the Directors in office shall constitute a quorum, provided such majority shall constitute either one third of the authorized number of Directors or at least two Directors, whichever is larger, or unless the authorized number of Directors is only one. A majority of the Directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. Except as the Articles of Incorporation, these Bylaws and the California Nonprofit Public Benefit Corporation Law may provide, the act or decision done or made by a majority of the Directors present at a meeting duly held at which a quorum is present shall be the act of the Board of Directors.

Section 4.11. Participation in Meetings by Conference Telephone.

Directors may participate in a meeting through use of conference telephone, electronic video screen communications, or other communications equipment, so long as all Directors participating in such meeting can communicate with all of the other Directors concurrently, each Director is provided the means of participating in all matters before the board, including the capacity to propose, or to interpose an objection, to a specific action to be taken, and the corporation adopts and implements some means of verifying that the person communicating by telephone, electronic video screen, or other communications equipment is a Director entitled to

participate in the board meeting, and that all statements, questions, actions, or votes were made by that Director and not by another person not permitted to participate as a Director.

Section 4.12. Waiver of Notice.

Notice of a meeting need not be given to any Director who signs a waiver of notice or a written consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior to the meeting or at its commencement, the lack of notice to such Director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meetings.

Section 4.13. Adjournment.

A majority of the Directors present, whether or not a quorum is present may adjourn any Directors' meeting to another time and place. Notice of the time and place of holding an adjourned meeting need not be given to absent Directors if the time and place is fixed at the meeting adjourned, except as provided in the next sentence. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the Directors who were not present at the time of the adjournment.

Section 4.14. Action Without Meeting.

Any action required or permitted to be taken by the Board may be taken without a meeting if all Directors individually or collectively consent in writing to such action. Such consent or consents shall have the same effect as a unanimous vote of the Board and shall be filed with the minutes of proceedings of the Board.

Section 4.15. Rights of Inspection.

Every Director shall have the absolute right at any reasonable time to inspect and copy all books, records and documents of every kind and to inspect the physical properties of the corporation of which such person is a Director, for a purpose reasonably related to that person's interest as a Director.

Section 4.16. Official Board Committees.

Committees of the Board may be appointed by resolution passed by a majority of the whole Board. Committees shall be composed of two or more members of the Board, and shall have such powers of the Board as may be expressly delegated to it by resolution of the Board of Directors, except with respect to:

- a. The approval of any action for which the California Nonprofit Public Benefit Corporation Law also requires members' approval (must be approved by the Board as a whole);
- b. The filling of vacancies on the Board or on any committee

000878

- c. The fixing of compensation of the Directors for serving on the Board or on any committee;
- d. The amendment or repeal of Bylaws or the adoption of new Bylaws;
- e. The amendment or repeal of any resolution of the Board which by its express terms is not so amendable or repealable;
- f. The appointment of other committees of the Board or the members thereof;
- g. The expenditure of corporate funds to support a nominee for Director after there are more people nominated for Director than can be elected; or
- h. The approval of any self-dealing transaction, as such transactions are defined in Section 5233 (a) of the California Nonprofit Public Benefit Corporation Law.

Any committee may be designated an Executive Committee or by such other name as the Board shall specify. The Board shall have the power to prescribe the manner in which proceedings of any committee shall be conducted. In the absence of any such prescription, the committee shall have the power to prescribe the manner in which its proceedings shall be conducted. Unless the Board or the committee shall otherwise provide, the regular and special meetings and other actions of the committee shall be governed by the provision of this Article applicable to meetings and actions of the Board. Minutes shall be kept of each meeting of each committee.

Section 4.17. Fees and Compensation.

Directors (as such) shall not receive compensation for their services as Directors. Directors may receive a reasonable allowance for personal services actually rendered pursuant to resolution passed by a majority vote at a regular or special meeting of the Board; reimbursement for expenses as may be fixed or determined by the Board.

Not more than 49% of the Directors may serve the organization in some other capacity for which compensation is paid.

ARTICLE 5.

OFFICERS

Section 5.1. Officers.

The officers of the corporation shall be a Chair of the Board or a President or both, a Secretary and a Chief Financial Officer. The corporation may also have, at the discretion of the Board of Directors, one or more Vice Presidents, one or more Assistant Secretaries and such other officers as may be appointed in accordance with the provisions of Section 3 of this Article. One person may hold two or more offices, except that neither the Secretary nor the Chief Financial Officer may serve concurrently as the President or the Chair of the Board.

000879

Section 5.2. Election.

The officers of the corporation, except such officers as may be appointed in accordance with the provisions of Section 3 or Section 5 of this Article, shall be chosen annually by, and shall serve at the pleasure of, the Board of Directors, subject to the rights, if any, of an officer under any contract of employment. Each officer shall hold his office until he or she resigns, is removed, or becomes otherwise disqualified to serve, or until his or her successor is elected and qualified.

Section 5.3. Subordinate Officers.

~~The Board of Directors may appoint, and may empower the President to appoint, other officers as the business of the corporation may require, each of whom shall hold office for such period, have such authority, and perform such duties as are provided in the Bylaws or as the Board of Directors may from time to time determine.~~

Section 5.4. Removal and Resignation.

Any officer may be removed, either with or without cause, by a majority of the Directors at the time in office, at any regular or special meeting of the Board, or except in case of an officer chosen by the Board of Directors, by any officer upon whom such power of removal may be conferred by the Board of Directors.

Any officer may resign at any time, without prejudice to the rights, if any, of the corporation under any contract to which the officer is a party, by giving written notice to the Board of Directors, or to the President, or to the Secretary of the corporation. The resignation shall take effect at the date of the receipt of such notice or at any later time specified therein; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 5.5. Vacancies.

A vacancy in any office because of death, resignation, removal, disqualification, or any other cause shall be filled in the manner prescribed in the Bylaws for regular election or appointment to such office, provided that such vacancies shall be filled as they occur and not on an annual basis.

Section 5.6. Inability to Act.

In the case of absence or inability to act of any officer of the corporation and of any person herein authorized to act in his or her place, the Board of Directors may from time to time delegate the powers or duties of such officer to any other officer, or any director or other person whom the Board may select.

Section 5.7. Chair of the Board.

X The Chair of the Board, if there shall be such an Officer, shall, if present, preside at all meetings of the Board of Directors, and exercise and perform other powers and duties as may

be from time to time assigned to him or her by the Board of Directors or prescribed by the Bylaws. If the Corporation does not have a President, then the Chair shall also have the powers otherwise given to the President.

Section 5.8. President.

Subject to such supervisory powers, if any, as may be given by the Board of Directors to the Chair of the Board, if there be such an Officer, the President shall be the Chief Executive Officer of the corporation and shall, subject to the control of the Board of Directors, have general supervision, direction and control of the activities and Officers of the corporation. In the absence of the Chair of the Board, or if there is none, the President shall preside at all meetings of the Board of Directors. The President shall be ex-officio a member of all the standing committees, including the Executive Committee, if any, and shall have the general powers and duties of management usually vested in the office of a President of a corporation, and shall have such other powers and duties as may be prescribed by the Board of Directors or the Bylaws.

Section 5.9. Vice President.

In absence or disability of the President, the Vice Presidents, in order of their rank as fixed by the Board of Directors, or if not ranked, the Vice President designated by the Board of Directors, shall perform all the duties of the President, and when so acting shall have all the powers of, and be subject to all the restrictions upon the President. The Vice Presidents shall have such other powers and perform such other duties as from time to time may be prescribed for them respectively by the Board of Directors or the Bylaws.

Section 5.10. Secretary.

The Secretary shall keep, or cause to be kept, a book of minutes at the principal office or such other place as the Board of Directors may order, of all meetings of the Board and its committees, with the time and place of holding, whether regular or special, and if special, how authorized, the notice thereof given, the names of those present at the Board and committees' meetings, and the proceedings thereof. The Secretary shall keep, or cause to be kept, at the principal office in the State of California and the original and a copy of the corporation's Articles and Bylaws, as amended to date.

The Secretary shall give, or cause to be given, notice of all meetings of the Board and any committees thereof required by these Bylaws or by law to be given, shall keep the seal of the corporation in safe custody, and shall have such other powers and perform such other duties as prescribed by the Board.

Section 5.11. Treasurer and Chief Financial Officer.

The Treasurer shall be the Chief Financial Officer of the corporation and shall keep and maintain, or cause to be kept and maintained, adequate and correct accounts of the properties and business transactions of the corporation. The books of account shall at all reasonable times be open to inspection by any Director.

The Treasurer shall deposit all moneys and other valuables in the name and to the credit of the corporation with depositories designated by the Board of Directors. The Treasurer shall disburse the funds of the corporation as may be ordered by the Board of Directors, shall render to the President and the Directors, whenever they request it, an account of all of his or her transactions and of the financial condition of the corporation, and shall have such other powers and perform such other duties as may be prescribed by the Board of Directors.

Section 5.12. Assistant Treasurer.

At the request of the Treasurer, or in his or her absence or disability, the Assistant Treasurer shall perform all the duties of the Treasurer, and when so acting, shall have all the powers of, and be subject to all the restrictions upon, the Treasurer.

Section 5.13. Salaries.

The salaries of the Officers shall be fixed from time to time by the Board of Directors and no Officer shall be prevented from receiving such salary by reason of the fact that such Officer is also a Director of the corporation.

ARTICLE 6.

OTHER PROVISIONS

Section 6.1. Endorsement of Documents; Contracts.

Subject to the provisions of applicable law, any note, mortgage, evidence of indebtedness, contract, conveyance, or other instrument in writing and any assignment or endorsement thereof executed or entered into between this corporation and any other person, when signed by any one of the Chair of the Board, the President or any Vice President, and any one of the Secretary, any Assistant Secretary, the Treasurer or any Assistant Treasurer of this corporation shall be valid and binding on this corporation in the absence of actual knowledge on the part of the other person that the signing Officers had no authority to execute the same.

The Board of Directors, except as otherwise provided in the Bylaws, may authorize any officer or officers, agent or agents, to enter into any contract or execute any instrument in the name of and on behalf of the corporation. This authority may be general or confined to specific instances. Unless so authorized by the Board of Directors, and except as provided in this Section, no officer, agent or employee shall have any power or authority to bind the corporation by any contract or agreement, or to pledge its credit, or to render it liable for any purpose or to any amount.

Section 6.2. Representation of Shares of Other Corporations.

The President or any other officer or officers authorized by the Board or the President are each authorized to vote, represent and exercise on behalf of the corporation all rights incident

000882

to any and all shares of any other corporation or corporations standing in the name of the corporation. The authority herein granted may be exercised either by any officer in person or by any other person authorized to do so in proxy or power of attorney duly executed by the officer.

Section 6.3. Construction and Definitions.

Unless the context otherwise requires, the general provisions, rules of construction and definitions contained in the General Provisions of the California Nonprofit Corporation Law and in the California Nonprofit Public Benefit Corporation Law shall govern the construction of these Bylaws.

Section 6.4. Amendments.

These Bylaws may be amended or repealed in whole or in part, and new Bylaws adopted by the Board of Directors.

Section 6.5. Record of Amendments.

Whenever an amendment or new Bylaw is adopted, it shall be copied in the Book of Minutes with the original Bylaws, in the appropriate place. If any Bylaw is repealed, the fact of repeal with the date of the meeting at which the repeal was enacted or written assent was filed shall be stated in the Book.

ARTICLE 7.

INDEMNIFICATION OF AGENTS OF THE CORPORATION

Section 7.1. Definitions.

For purposes of this section, "agent" means any person who is or was a Director, Officer, employee or other agent of this corporation, or is or was serving at the request of this corporation as a Director, officer, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, or was a Director, Officer, employee or agent of a foreign or domestic corporation which was a predecessor corporation; "proceeding" means any threatened, pending, or completed action or proceeding, whether civil, criminal, administrative or investigative; and "expenses" includes, without limitation, attorneys' fees and any expenses of establishing a right to indemnification under Section 4 or 5(c) of this Article.

Section 7.2. Indemnification in Actions by Third Parties.

This corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party to any proceeding (other than an action by or in the right of this corporation to procure judgment in its favor, an action brought under Section 5233 of the

California Nonprofit Public Benefit Corporation Law, or an action brought by the Attorney General or a person granted relator status by the Attorney General for any breach of duty relating to assets held in charitable trust) by reason of the fact that such person is or was an agent of this corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of this corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

Section 7.3. Indemnification in Actions by or in the Right of the Corporation.

This corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action by or in the right of this corporation or brought under Section 5233 of the California Nonprofit Public Benefit Corporation Law, or an action brought by the Attorney General or a person granted relator status by the Attorney General for breach of duty relating to assets held in charitable trust, to procure a judgment in its favor by reason of the fact that such person is or was an agent of this corporation, against expenses actually and reasonably incurred by such person in connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of this corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this Section 3:

(a) In respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to this corporation in the performance of such person's duty to this corporation, unless and only to the extent that the court in which such proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine;

(b) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(c) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval, unless it is settled with the approval of the Attorney General.

Section 7.4. Indemnification Against Expenses.

To the extent that an agent of this corporation has been successful on the merits in defense of any proceeding referred to in Section 2 or 3 of this Article in defense of any claim, issue or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith.

California Nonprofit Public Benefit Corporation Law, or an action brought by the Attorney General or a person granted relator status by the Attorney General for any breach of duty relating to assets held in charitable trust) by reason of the fact that such person is or was an agent of this corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of this corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

Section 7.3. Indemnification in Actions by or in the Right of the Corporation.

This corporation shall have the power to indemnify any person who was or is a party, or is threatened to be made a party, to any threatened, pending or completed action by or in the right of this corporation or brought under Section 5233 of the California Nonprofit Public Benefit Corporation Law, or an action brought by the Attorney General or a person granted relator status by the Attorney General for breach of duty relating to assets held in charitable trust, to procure a judgment in its favor by reason of the fact that such person is or was an agent of this corporation, against expenses actually and reasonably incurred by such person in connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of this corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this Section 3:

(a) In respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to this corporation in the performance of such person's duty to this corporation, unless and only to the extent that the court in which such proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine;

(b) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(c) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval, unless it is settled with the approval of the Attorney General.

Section 7.4. Indemnification Against Expenses.

To the extent that an agent of this corporation has been successful on the merits in defense of any proceeding referred to in Section 2 or 3 of this Article in defense of any claim, issue or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith.

000885

Section 7.5. Required Indemnification.

Except as provided in Section 4 of this Article, indemnification under this Article shall be made by this corporation only if authorized in the specific case, upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in Section 2 or 3, by:

(a) A majority vote of a quorum consisting of Directors who are not parties to such proceeding; or

(b) The court in which such proceeding is or was pending, upon application made by this corporation or the agent, attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney or other person is opposed by this corporation.

Section 7.6. Advance of Expenses.

Expenses incurred in defending any proceeding may be advanced by this corporation prior to the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the agent to repay such amount unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this Article.

Section 7.7. Other Indemnification.

No provision made by the corporation to indemnify its or its subsidiary's Directors or Officers for the defense of any proceeding, whether contained in the Articles, Bylaws, a resolution of Directors, an agreement or otherwise, shall be valid unless consistent with this Article. Nothing contained in this Article shall affect any right to indemnification to which persons other than such Directors and Officers may be entitled by contract or otherwise.

Section 7.8. Forms of Indemnification Not Permitted.

No indemnification or advance shall be made under this Article, except as provided in Sections 4 or 5(b) in any circumstances where it appears:

(a) That it would be inconsistent with a provision of the Articles of Incorporation, these Bylaws or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(b) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

000886

Section 7.9. Insurance.

The corporation shall have the power to purchase and maintain insurance on behalf of any agent of the corporation against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such whether or not the corporation would have the power to indemnify the agent against such liability under the provisions of this Article; provided, however, that this corporation shall have no power to purchase and maintain such insurance to indemnify any agent of the corporation for a violation of Section 5233 of the California Nonprofit Public Benefit Corporation Law.

Section 7.10. Nonapplicability to Fiduciaries of Employee Benefit Plans.

This Article does not apply to any proceeding against any trustee, investment manager or other fiduciary of an employee benefit plan in such person's capacity as such, even though such person may also be an agent of the corporation as defined in Section 1 of this Article. The corporation shall have power to indemnify such trustee, investment manager or other fiduciary to the extent permitted by subdivision (f) of Section 207 of the California General Corporation Law.

ARTICLE 8.

RECEIPT, INVESTMENT AND DISBURSEMENT OF FUNDS

Section 8.1. The corporation shall receive all monies and/or other properties transferred to it for the purposes for which the corporation was formed (as shown by the Articles of Incorporation). However, nothing contained herein shall require the Board of Directors to accept or receive any money or property of any kind if it shall determine in its discretion that receipt of such money or property is contrary to the expressed purposes of the corporation as shown by said Articles.

Section 8.2. The corporation shall hold, manage and disburse any funds or properties received by it from any source in a manner that is consistent with the expressed purposes of this corporation.

Section 8.3. No disbursement of corporation money or property shall be made until it is first approved by the President of the corporation or by the Treasurer or by the Directors. However, the Directors shall have the authority to appropriate specific sums to fulfill the objects and purposes for which the corporation was formed and to direct the officers of the corporation from time to time to make disbursements to implement said appropriations.

Section 8.4. Instruments in Writing.

All checks, drafts, demands for money and notes of the corporation, and all written contracts of the corporation shall be signed by such officer or officers, agent or agents, as the Board of Directors may from time to time by resolution designate.

000887

ARTICLE 9.

CORPORATE RECORDS AND REPORTS

Section 9.1. Records.

The Corporation shall maintain adequate and correct accounts, books and records of its business and properties. All such books, records and accounts shall be kept at its principal place of business in the State of California, as fixed by the Board of Directors from time to time.

Section 9.2. Inspection of Books and Records.

Every Director shall have the absolute right at any reasonable time to inspect all books, records, documents of every kind, and the physical properties of the Corporation, and also of its subsidiary organizations, if any.

Section 9.3. Certification and Inspection of Bylaws.

The original or a copy of these Bylaws, as amended or otherwise altered to date, certified by the Secretary, shall be open to inspection by the members and Directors of the Corporation at all reasonable times during office hours.

Section 9.4. Annual Report.

An annual report shall be sent to the directors no later than 120 days after the close of the corporation's fiscal year, containing the following:

(a) Financial statements of the corporation for the fiscal year, containing the following detail:

(i) The assets and liabilities, including the trust funds, of the corporation as of the end of the fiscal year,

(ii) The principal changes in assets and liabilities, including trust funds,

(iii) The revenue or receipts of the corporation, both unrestricted and restricted to particular purposes,

(iv) The expenses or disbursements of the corporation, for both general and restricted purposes,

accompanied by a report from the independent accountants, or if none, a certificate of officer that the statements were prepared without audit.

(b) A statement of any transaction in which an interested person had a material financial interest that individually or cumulatively involved more than \$50,000. This

Item VII. Reports / Study Topics

Report on the *Wisdom Academy for Young Scientists, Grades K-5*
Appeal of a non-renewed Petition by Los Angeles Unified School
District Board of Education

The Wisdom Academy for Young Scientists Charter School renewal
petition is presented to the Los Angeles County Board of Education
(County Board) pursuant to *Education Code* section 47605. Upon
denial by Los Angeles Unified School District Board of Education, the
petitioner exercised the statutory right of appeal to the County Board.

Charter renewal is governed by *EC* sections 47607 and 47605:

Section 47607(a)(2) states: Renewals... of charters are governed by
the standards and criteria in § 47605, and shall include, but not be
limited to, a reasonably comprehensive description of any new
requirement of charter schools enacted into law after the charter was
originally granted or last renewed.

Section 47605(b) limits the reasons for denying a renewal petition to
the following:

- (1) The charter school presents an unsound educational
program
- (2) The petitioners are demonstrably unlikely to successfully
implement the program
- (3) The petition does not contain an affirmation of specified
assurances
- (4) The petition does not contain reasonably comprehensive
descriptions of 16 required elements of a charter

The County Board shall evaluate the petition according to the criteria
and procedures established in law and may only deny the petition if it
provides written findings addressing the reasons for the denial.

Section 47607(b) states: Commencing on January 1, 2005, or after a
charter school has been in operation for four years, whichever date
occurs later, a charter school shall meet at least one of [5 academic
performances] ... criteria prior to receiving a charter renewal....

000898

Board Meeting – May 10, 2011
Report on the Wisdom Academy for Young Scientists Charter
- 2 -

Section 47605(b) states: A school district governing board shall grant a charter for the operation of a school under this part if it is satisfied that granting the charter is consistent with sound educational practice.

The County Board shall evaluate the petition according to the criteria and procedures established in law and may only deny the petition if it provides written findings addressing the reasons for the denial.

Summary of Key Findings:

Finding 1: **WAYS met the academic performance criteria** for renewal under EC § 47607(b)(1) and (2).

Finding 3: **The petitioner is unlikely to successfully implement the program.** The governing board has demonstrated a lack of capacity to oversee the operation of the school by allowing self-dealing transactions and other Conflicts of Interest. In addition, members of the governing board have personal and business ties to the school and/or Executive Director. The board was ineffective in responding to the Conflict of Interest concerns identified in the Notice to Cure; this ultimately led to non-renewal of the charter. Deficiencies in the renewal petition and responses by the board during the Capacity Interview indicate a continued lack of understanding and familiarity with the content of the petition and requirements of law necessary to successfully implement the charter.

Finding 5: **The petition lacks a reasonably comprehensive description of eleven (11) of the 16 required elements.**

- Proposed **educational program** lacks an adequate description of the school's target populations, overestimates the number of students to be served in the first year of the renewal charter, and provides no build-out plan to support this level of enrollment. The petition fails to indicate how the school will identify and respond to the needs of pupils who are not achieving at or above expected levels, students with disabilities, and English learners. The **Measurable Outcomes and Means for Measuring Pupil Progress** do not address the needs of all student subgroups the school proposes to serve.
- The proposed **Governance Structure** fails to provide evidence of an organizational and technical design that reflect a seriousness of purpose necessary to ensure that the school will become and remain a viable enterprise. The governance structure fails to provide adequate oversight of the school's operation and fiscal management. The governing board's lack of effective oversight has jeopardized the school's charter status and there is no

- 3 -

evidence that the board can implement the proposed educational program stated in the petition. The Organization Chart conflicts with information provided elsewhere in the petition regarding key management positions. The petition does not commit to complying with the Political Reform Act, which is required of all charter schools, and fails to include a Conflict of Interest policy. Certain provisions of the bylaws appear to be in direct conflict with the Brown Act.

- The following Required Elements are not reasonably comprehensive: Employee Qualifications, Means to Achieve a Racial and Ethnic Balance, Admission Requirements, Submission of Annual Independent Audit, Suspension and Expulsion Procedures, and Public School Attendance Alternatives, and Dispute Resolution Procedures.

The full Report on the Findings of Fact for the Wisdom Academy for Young Scientists Charter School is attached.

LACOE staff will present the report to the County Board.

Report on the *Wisdom Academy for Young Scientists Charter Petition, Grades K-5*
 Appeal of a Petition for Charter Renewal Denied by Los Angeles Unified School District
 Board of Education

Background Information

The *Wisdom Academy for Young Scientists Charter School* (WAYS) petition seeks an application for renewal of their K-5 charter school in accordance with *Education Code* Section 47607.5. The school's current enrollment is approximately 250 students. The school proposes to grow enrollment to 500 students over the next five (5) years by expanding operations from its two (2) current sites (706 East Manchester 90001 and 8878 South Central Avenue 90002) to a larger facility. WAYS also applied to LAUSD for a Prop 39 site; sites were awarded on April 1, 2011.

The petition states the charter school's mission "is to create a transformational learning climate in which students become 'Empowered to be Leaders Change Agents and True Scientists.'"

The school's vision is "to create an educational program that educates the whole child." Nine (9) goals are stated under the vision.

WAYS first year of operation was 2006-07. Its Academic Performance Index (API) history (calculated as a small school with less than 100 students in Growth API) and enrollment figures are presented below.

Growth API			Enrollment Figures			
Year	Growth API	Number of Valid Scores*	Enrollment on First Day of Testing Grades 2-5	Total Enrollment Grades 2-5	Total Enrollment Grades K-1	Total Enrollment Grades K-5
2009-10	879	90	127	129	108	237
2008-09	843	95	98	97**	76	173**

*Number of students included in Growth API. Students must be continuously enrolled since Census day (CBEDS) Source: CDE DataQuest			**4 additional students are included as enrolled in grade 6 although school is authorized for grades K-5 Source: CDE DataQuest			

The CDE states "APIs based on small numbers of students are less reliable and therefore should be carefully interpreted." Schools with less than 100 Valid Scores on the California Standards Test (CST) do not receive Similar School Rankings or comparison schools; therefore, it cannot be determined how WAYS' API compares to schools with similar demographics.

The chart compares the demographics of WAYS and the two (2) closest public non-charter schools.

Report on the Wisdom Academy for Young Scientists Charter

Racial and ethnic demographic data shows WAYS does not reflect diversity of the community (LAUSD Local District 7) in which it is located or the two (2) closest LAUSD non-charter elementary schools. WAYS also enrolls fewer students with disabilities and English learners than near-by public non-charter schools. Conversely, its parents have a higher education level, which positively correlates with higher levels of student academic achievement.

Reason for Denial by the Local District

The Los Angeles Unified School District (LAUSD) Board of Education denied the petition based on written Findings of Fact that comply with requirements for denial under the following sections of the Charter School Act:

EC § 47605(b)(2) The petitioners are demonstrably unlikely to successfully implement the program:

Conflict of interest concerns exist pertaining to members of the WAYS Board of Directors and the WAYS Executive Director and Principal. Specifically, the WAYS founder and Executive Director receives both a salary for her position and lease payments for two properties which she owns that are occupied by the school. She negotiated the leases to WAYS charter school. The WAYS governing board was asked to independently address and resolve the conflicts by the mutually agreed upon date of October 15, 2010; the WAYS Board of Directors' response failed to resolve the issues by that deadline. The WAYS governing board was minimally responsive to staff communications; the Executive Director was the primary respondent to address the Conflict of Interest issues. LAUSD considered the governing board's lack of independent and effective response to the Notice of Concern to be inconsistent with its fiduciary responsibility considering that the Executive Director was the subject of the self-dealing Conflict of Interest concerns which called into question the Board's capacity to govern the Charter School and successfully implement the program set forth in the petition. The WAYS Board failed to resolve the Conflict of Interest issues and only minimally attempted to do so in January 27, 2011.

The WAYS governing board is unfamiliar with the content of the petition and/or requirements of law. Cited examples included inconsistencies between the charter petition and the WAYS' corporate bylaws regarding compliance with the Brown Act which called into question whether the Board is familiar with and complies with the requirements of the Brown Act. Additionally, the Board allowed self-dealing transactions to transpire, even though the Board in the charter agreed to comply with LAUSD's charter school policies and regulations regarding Conflict of Interest.

EC § 47605(b)(5) The petition fails to provide a reasonably comprehensive description of 12 of the 16 required elements: The Educational Program, Method for Measuring Pupil Progress, Governance Structure, Health and Safety Procedures, Means for Achieving a Racial and Ethnic Balance, Admission Requirements, Submission of Independent Audit, Suspension and Expulsion Procedures, Identification of Retirement Systems, Public School Alternatives, Dispute Resolution, Closure Procedures.

Any of the above findings alone may be cause for the denial of a charter under *EC § 47605(b)*.

The Findings of Fact state the academic performance criteria for renewal under *EC § 47607(b)* were met.

Response from the Petitioner

The petitioner provided a written response to the findings of the local board and submitted it as part of the petition package. The response was considered during the review process.

Appeal to the Los Angeles County Board of Education

The Los Angeles County Board of Education (County Board) held a Public Hearing to determine support for the petition on April 19, 2011.

Report on the Wisdom Academy for Young Scientists Charter

LACOE Review Process

The LACOE Charter School Review Team (Review Team) considered the petition according to the requirements of law, *California Administrative Code of Regulations*, County Board Policy and Regulations, and LACOE review procedures.

The Review Team included staff from the Controller's Office, Business Operations and Services, Risk Management, Divisions for School Improvement, Curriculum and Instruction, Special Education, Student Support Services, Human Resource Services, Office of General Counsel, and the Charter School Office.

Findings are based on a review of the same petition submitted to the local district and supporting documents submitted by the petitioner, and information provided through the Capacity Interview and other communications with the petitioner and other representatives of the school. The petitioner also submitted proposed changes (technical adjustments) to the petition necessary to reflect the County Board as the potential authorizer. These changes should reflect the statutory, policy, and structural differences between a county office of education and a local district. These differences include, but are not limited to, the statutory authority of the County Superintendent of Schools to investigate complaints as well as structural differences in the responsibilities with regard to special education services. Proposed changes provided by the petitioner were considered by the Review Team.

Findings also take into account the petition was initially submitted to a local district and contains specific references to that district. The Charter School Office confirmed that LAUSD requires the petitioner to include specific language or content in a petition. This requirement was considered by the Review Team.

Findings of Fact

Finding 1: WAYS met the academic performance criteria for renewal under *EC* § 47607(b)(1) and (2).

WAYS attained its *Academic Performance Index (API) growth target in the prior year, in two of the last three years, and in the aggregate for the prior three years.*

Academic Performance Criteria: Met Assigned Growth Targets				
Year	API Base	Growth Target	API Growth	Actual Growth
2007-08	782*	5	774	-8
2008-09	775*	5	843	68
2009-10	843*	A**	879	36
Aggregate Growth		10		96

*API is calculated for a small school (between 11 and 99 valid scores) which makes it less reliable and should be carefully interpreted. ** No growth target for schools where API is 800 or above.

WAYS ranked in deciles 4 to 10, inclusive, on the API in the prior year and in two of the last three years.

Academic Performance: Decile Ranks*		
Year	Statewide Rank	Similar Schools Rank
2007-08	6	N/A*
2008-09	5	N/A*
2009-10	8	N/A*

* Not calculated for small schools

While WAYS met the academic criteria necessary to be considered for renewal, there are concerns that the school has not increased or sustained its percentage of "Valid" CST scores indicating an unstable student enrollment base. Valid scores are based on the number of students tested who were continuously

Report on the Wisdom Academy for Young Scientists Charter

enrolled from norm day (CBEDS) in October through the first day of testing. For 2009-10, only 71% of tested students were continuously enrolled. At South Park Elementary School, 88% of tested students were continuously enrolled. On average, 26% of students who enroll at WAYS withdraw prior to standardized testing based the "Elementary Principal's Statistical Report" for 2007-08 through 2010-11.

Finding 2: The petition provides an unsound educational program for students to be enrolled in the school. [EC § 47605(b)(1)]

The program is determined to be unsound for specific subgroups of students as described under Finding 5: Elements 1 – 3.

Additionally, based on enrollment data for Hispanic/Latino students, English learners, students with disabilities, and data showing the number of students who leave during the year, the school is not providing a *program of educational benefit* for all students the petition states the school intends to serve.

Finding 3: The petitioners are demonstrably unlikely to successfully implement the program. [EC § 47605(b)(2)]

Based on review of the petition, supporting documents provided by the petitioner, documents provided by LAUSD, and the Capacity Interview with the school's leadership team, the petition does not meet the criteria established in *CCR, Title 5, § 11967.5.1(c)*.

- i. Review of the renewal petition submitted on behalf of the WAYS board indicates the WAYS governing board lacked the capacity to govern the school.
 - A. The governing board was *unfamiliar with the content of the petition and requirements of law* with respect to Conflict of Interest. The submitted charter states the school will comply with *Government Code 1090*; however, some members of the board had prior relationships with the school and/or the Executive Director and members of her family.
 - i. The board president, a business management consultant, lists Wisdom Academy as a client on her resume, which contradicts her statement on the *Prospective Charter School Board Member Questionnaire* that consulting services were not provided.
 - ii. One board member stated on the *Prospective Charter School Board Member Questionnaire* that she is the Board President for DeDe Dance Studio, owned by the Executive Director's daughter, and is currently used by the charter school; this indicates a Conflict of Interest.
 - B. The governing board failed to comply with the terms of the charter by allowing the school to enter into a self-dealing transaction with its Executive Director regarding the school's facilities. There is no evidence that the governing board considered other sites or conducted an independent assessment of lease rates prior to entering into the agreement with the Executive Director.
 - C. The governing board allowed other conflicts of interest to exist through the hiring of members of the Executive Director's family and by permitting the Executive Director to supervise these family members while the Principal supervised other similarly employed personnel. The Executive Director's son, originally hired to oversee custodial and gardening services was promoted to Director of Operations, which involves financial responsibilities according to the Executive Director. The Executive Director's daughter, who is employed as a teacher and dance instructor, owns the dance studio used by the school.
 - D. The governing board demonstrated its inability to effectively govern the school by its failure to respond fully and in a timely fashion to the September 29, 2010 Notice to Cure regarding Conflicts of Interest issued by LAUSD. The LACOE Review Team reviewed documents received

Report on the Wisdom Academy for Young Scientists Charter

from both the district and the charter school. The documents indicate WAYS failed to provide a sufficient cure. WAYS governing board had eight (8) months (September 2010 to April 2011) to remedy the concerns in the Notice to Cure, and failed to do so.

2. The WAYS governing board continues to be *unfamiliar with the content of the petition and requirements of law that would apply to the proposed charter school* and lacks the *necessary background* to effectively govern the school.
 - A. In its response to the Findings of Fact upon which the LAUSD Board of Education denied charter renewal, WAYS submitted documents pertaining to the governance structure of the school in an effort to demonstrate that the school had taken steps to address Conflict of Interest concerns. Although these documents may not have been considered by the LAUSD Board of Education because they were submitted after the deadline to provide evidence, the LACOE Review Team considered the documents to determine whether they would substantially resolve the conflicts. The Review Team determined the documents were inadequate to resolve the Conflict of Interest concerns based on the facts presented below:
 - i. The action taken by the Executive Director, and supported by the WAYS governing board, failed to resolve the conflict regarding her ownership of the property. Documents submitted by WAYS indicate the properties were placed into a revocable trust. WAYS' attorney concurred that this action failed to resolve the conflict in that "the transfer to a holding company through a revocable trust, [was] not transferring the property ownership under California law." (page 3 of the March 25, 2011 Response to LAUSD Findings of Fact) WAYS' governing board allowed the conflict to continue by executing a lease agreement with the holding company rather than requiring the Executive Director to take action that would definitively end the conflict.
 - ii. The governing board failed to disclose that the school had been offered Prop 39 facilities, a viable option to resolving the issue. At the April 19, 2011 Capacity Interview, the Review Team inquired about the school's statement that it had requested a Prop 39 site. Neither the Executive Director nor WAYS board members disclosed that LAUSD had offered the school facilities on April 1, 2011. LAUSD received a letter of acceptance signed by the Executive Director on May 2, 2011. LACOE has yet to hear from WAYS regarding their decision.
 - iii. Changes to the governance structure proposed after the petition was submitted to LAUSD continue to be inadequate. The Organizational Chart indicates three (3) positions report directly to the board due to the Conflict of Interest posed by the familial relationships: the Executive Director, Principal, and Director of Operations. This structure places an undue burden on the board to manage the day-to-day operations of the school. There is no evidence the current board has the capacity to govern effectively under this structure.
 - iv. The governing board failed to demonstrate the ability to avoid future Conflict of Interest situations. When asked at the Capacity Interview about potential conflicts arising from the employment of multiple family members, the chain of command, and continued use of the facilities owned by the Executive Director, the board members did not explain how they would ensure that no future Conflicts of Interest would develop or how they would handle such conflicts if they did occur. The board stated that additional changes to the governance structure are being considered; these options are outside of the scope of this review as they were not available to be considered by the LAUSD Board of Education.
 - v. The renewal petition submitted by WAYS fails to comply with *EC § 47607(a)(2)* which requires that *Renewals...of charters are governed by the standards and criteria in 47605, and shall include...a reasonably comprehensive description of any new requirement of charter*

Report on the Wisdom Academy for Young Scientists Charter

schools enacted into law after the charter was originally granted or last renewed.. The petition contains references to outdated laws, policies, and practices, contains significant contradictions and omissions regarding key positions of employment, and provides elements that are no reasonably comprehensive. These deficiencies, reported under Finding 5, indicate the governing board lacks the knowledge of the laws under which the charter would operate.

3. *The petitioner has a history of involvement in education agencies (public or private) considered as unsuccessful.*
 - A. The Executive Director is listed as the petitioner. Properties she owns and leased to WAYS were previously used to house her private school. CDE records compiled from data supplied by the private school operator indicate that enrollment declined from 60 to 20 students in the three years prior to the school closing.
 - B. The WAYS Executive Director closed her private school with the intent to use the facilities she owned to house a charter school. The chronology of public records and statements made by the Executive Director during the Capacity Interview indicate she closed the private school due to insufficient enrollment. The petitioner stated she inquired about the process of becoming a charter school and was informed that the private school would need to be closed for one year prior to becoming a charter. The petitioner purposely closed the charter school as required and applied for a charter after the one year required waiting period.

The status of the Conflict of Interest issues is unclear. With the acceptance of the Prop 39 sites, the conflict regarding facilities may be resolved only if the school stops leasing its current facilities. The conflicts concerning personnel could only be resolved through a material revision to the governance structure of the charter including, but not limited to, the Executive Director's resignation or release from her current position and with the provision that she hold no future positions funded by the school. Regardless of the potential resolution to the certain Conflict of Interest issues, the Review Team considers the governing board to be ineffective in governing the school and demonstrably unlikely to successfully implement the proposed charter.

Finding 4: *The petition contains an affirmation of all specified assurances. [EC § 47605(b)(4); EC § 47605(d)]*

Finding 5: *The petition does not contain a reasonably comprehensive description of all required elements. [EC § 47605(b)(5)(A)-(P)]*

Based on criteria provided by the *California Code of Regulations, Title 5, (5 CCR) eleven (11) of the 16 elements are not reasonably comprehensive.*

Element 1: Description of the Educational Program. *Not reasonably comprehensive*

The 5 CCR § 11967.5.1(f)(1) requires the petition to address eight (8) requirements. The petition fails to meet each of the established criteria rendering aspects of the educational program deficient for specific populations the school proposes to serve: English Learners, low-achieving students, high-achieving students, and students with disabilities. The deficiencies are as follows:

1. *Failure to indicate the proposed charter school's target student population, including, at a minimum, grade levels, approximate numbers of pupils, and specific educational interests, backgrounds, or challenges.*
 - A. The petition overestimates the number of students to be served in the first year of the renewal charter and provides no build-out plan to support this assumption.

Report on the Wisdom Academy for Young Scientists Charter

- ii. Provide the manner in intervention will be given to students who struggle to acquire English language skills outside of the "45 minutes during the school day for focused English language development. This instruction will emphasize vocabulary development, phonemic awareness, and oral and writing English." (page 48)
 - iii. Describe how the Individualized Education Program (IEP) Team determines placement of English learners in need of special education services, state that non-biased assessments used to determine placement must be conducted in the student's primary language under Federal law, and that the IEP must be linguistically appropriate.
 - iv. Demonstrate understanding of the difference between meeting the needs of English learners and meeting the needs of students with disabilities. The petition (page 22) indicates that to ensure the success of English learners, the school will use a collaborative approach that fosters communication between its Resource Specialist and Speech Therapist. These specialists only provide direct services to students identified as having disabilities.
- B. The element is deficient with regard to students with disabilities because it fails to *specify the charter school's special education plan, including the process to be used to identify students who qualify for special education programs and services, how the school will provide or access special education programs and services, the school's understanding of its responsibilities under law for special education pupils, and how the school intends to meet those responsibilities.*
- i. It does not describe accommodations and/or modifications that may be used during standardized assessments or how WAYS is responsible for students with disabilities when the IEP Team exempts them from standardized testing.
 - ii. There is no mention of how parents of students with disabilities are informed about the school's educational program.
 - iii. There are deficiencies with regard to English learners and special education services as stated in "A," above.

Element 2: Measurable Pupil Outcomes. *Not reasonably comprehensive*

The petition fails to meet the requirements of *CCR, Title 5, § 11967.5.1(f)(2)* as follows:

- I. It fails to *specify skills, knowledge, and attitudes that reflect the school's educational objectives and can be assessed by objective means that are frequent and sufficiently detailed enough to determine whether pupils are making satisfactory progress.*
 - A. There are no identified measurable outcomes for students in Kindergarten and first grade who do not participate in Standardized Testing and Reporting (STAR).
 - B. There is no ongoing means for measuring English learners' acquisition of English or academic growth in content areas. The petition states the (California English Language Development Test (CELDT) will be administered "periodically" to monitor student progress of English language acquisition; however, it can only be administered annually which is insufficient to *evaluate the effectiveness of and to modify instruction.* The petition indicates Open Court Reading assessments will be used as formative assessments for English learners; however, they are not designed to measure progress towards English language proficiency but rather language arts skills and concepts. It fails to provide assessments to determine academic growth in other content areas.

Report on the Wisdom Academy for Young Scientists Charter

- C. Goals cannot be measured as stated. The petition states the percentage of students achieving proficient and advanced in History/Social Science will increase on the CST by 5% each year; there is no History/Social Science CST for grades K-5.
- D. It lacks information on how students with disabilities will be assessed on making progress toward meeting their goals and benchmarks.

Element 3: Method for Measuring Pupil Progress. *Not reasonably comprehensive*

The petition fails to meet the requirements of *CCR, Title 5, § 11967.5.1(f)(3)* as follows:

- 1. It does not *utilize a variety of assessment tools that are appropriate to the skills, knowledge, or attitudes being assessed, including, at minimum, tools that employ objective means of assessment consistent with the measurable pupil outcomes.*
 - A. Information is limited on how stated internal assessments (text based, benchmark performance, unit level, etc.) are used *as objective means* to assess student progress *consistent with measurable outcomes* (page 98). Language is vague and fails to indicate how assessments are used in English-Language Arts, math, science, social studies, and English Language Development.
 - B. There is no information regarding assessment of K-1 students who do not participate in STAR. This is of particular concern since about half the school's enrollment is in grades K-1.
 - C. Out of date assessments are proposed in violation of *EC § 47606(a)(2)*. The petition states the school will administer the CAT 6, which is obsolete, and proposes performance objectives based on data from this assessment.
- 2. It does not *outline a plan for collecting, analyzing, and reporting data on achievement of English learners to school staff and to pupils' parents and guardians, and for utilizing the data continuously to monitor and improve the charter school's educational program.* There is no mention of English learner's testing performance or academic monitoring of English language levels beyond use of the CELDT. Nor is there mention of providing accommodations and/or modifications for standardized tests for students with disabilities; tests used to determine eligibility for special education programs and services; the manner and type of data maintained for students with disabilities; or how information will be disseminated to parents of students with disabilities.

Element 4: Governance Structure. *Not reasonably comprehensive*

The petition fails to meet the requirements of *CCR, Title 5, § 11967.5.1(f)(4)* as follows:

- 1. There is lack of *evidence of the charter school's incorporation as a non-profit public benefit corporation* for the purpose of running a charter school. While the articles of incorporation and bylaws provide evidence of the charter school's non-profit public benefit corporation status, governing a charter school is not listed as the specific purpose of this corporation. The petitioners have failed to amend these documents to reflect the running of a public charter school. As stated above in Finding 3, 3.B, the WAYS Executive Director purposely closed her private school with the intent to use the facilities she owned to house a charter school.
- 2. There is a lack of *evidence that the organizational and technical designs of the governance structure reflect a seriousness of purpose necessary to ensure that:*
 - A. *The charter school will become and remain a viable enterprise.* The governance structure fails to provide adequate oversight of the school's operation and fiscal management. Failure of the articles of incorporation and bylaws to state the purpose of the corporation is to provide for the

Report on the Wisdom Academy for Young Scientists Charter

operation of a publicly funded charter school is further evidence that the structure lacks a *seriousness of purpose*. The bylaws states the board has only one regularly scheduled meeting, which is insufficient to provide for effective governing of a public charter school. The governing board's lack of effective oversight has jeopardized the school's charter status and there is no evidence that the board can implement the proposed educational program stated in the petition.

- B. The petition does not provide a clear description of the governance and management structure. It is difficult to know the duties and responsibilities of management. The Organization Chart (Appendix B) conflicts with information provided elsewhere in the petition.
- C. The petition makes no commitment to complying with the Political Reform Act (PRA), which is required of all charter schools. The petition fails to include a Conflict of Interest policy which is required under the PRA.
- D. The body of the petition states that meetings will comply with the Brown Act (page 109). However, certain provisions of the bylaws appear to be in direct conflict with the Brown Act.
 - i. Section 4.6, Place of Meetings allows for meetings outside California. The Brown Act requires that the Board's meetings be held within the boundaries of the territory within which it has jurisdiction.
 - ii. Section 4.7, Regular Meetings authorizes meetings "without call or notice" in violation of the Brown Act. The Brown Act requires that at least 72 hours before a regular meeting an agenda containing a brief general description of each item of business to be transacted or discussed at the meeting shall be posted.
 - iii. Section 4.11, Telephone Meetings, authorizes teleconferencing and video teleconferencing to constitute presence but fails to state the necessary safeguards that would render it compliant with the Brown Act such as posting agendas at the teleconferencing location and ensuring those locations are fully accessible to members of the public.
 - iv. Section 4.14, Action without Meeting, permits the Board to take an action without a meeting if all the members of the Board consent in writing to such action. This violates the Brown Act requirement that the board not take action on any item of business outside a meeting.
 - v. Section 4.7, the Board of the Merle Williamson Foundation is required to meet only once per year, on the last Friday in June; the Brown Act requires regularly scheduled meetings.
 - vi. The Agenda for the Special Board Meeting held Saturday, April 30, 2011, documents specific violations of the Brown Act with respect to items discussed in Closed Session.

Element 5: Employee Qualifications. *Not reasonably comprehensive*

The petition fails to meet the requirements of *CCR, Title 5, § 11967.5.1(f)(5)* as follows:

1. There is insufficient information on *the general qualifications for the various categories of employees (e.g., administrative, instructional, instructional support, non-instructional support)* and whether the *qualifications are sufficient to ensure the health, and safety of the school's faculty, staff, and pupils.*
2. It fails to *identify those positions that the charter school regards as key in each category and specify the additional qualifications expected of individuals assigned to those positions.*

Report on the Wisdom Academy for Young Scientists Charter

- A. The petition fails to provide job descriptions and/or minimum qualifications for the following positions listed in the petition: Special Education Program Coordinator (page 96), Academic Co-Principals (page 112), Coordinator of Operations (page 128), and Academic Consultants and Director of Operations (Appendix B). Qualifications for Executive Director are absent.
 - B. The Organization Chart (Appendix B) is deficient. It fails to include an Executive Director, although there is a job description (page 120) outlining critical duties such as “oversee the school-operating budget...instructional program...classroom management...supervise staff...be an active member of the school board.” Based on the job description, it is unclear if the Executive Director is a member of the board. Appendix B lists board members by name; the Executive Director’s name is absent. The Organizational Chart includes a “Director of Operations,” with no job description or qualifications provided for that position. It is unclear if it is the same as “Coordinator of Operations.” The Organizational Chart identifies “Auxiliary Staff,” but lacks specific corresponding positions.
3. *Specify that all requirements for employment set forth in applicable provisions of law will be met, including, but not limited to credentials as necessary.* Teacher qualifications (page 122) state the CA SB 2042 teaching credential is required; this will exclude teachers who hold Ryan multiple subject credentials and life elementary credentials with added English language certification.

Element 6: Health and Safety Procedures. *Reasonably comprehensive*

Element 7: Means to Achieve a Reflective Racial and Ethnic Balance. *Not reasonably comprehensive*

The petition fails to meet the requirements of CCR, Title 5, § 11967.5.1(f)(7) based on evidence that:

1. During the term of its first charter, WAYS failed to *achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the school district in which it is located* as indicated on in the chart on page two (2) of this report. Enrollment of Hispanic/Latino students is not comparable to the two (2) closest LAUSD non-charter elementary schools.
2. The description of the student population (required under Element 1) and the proposed recruitment plan show no indication WAYS is aware that it failed to achieve the required ethnic balance and provides no corrective action in its plan. The recruitment plan is vague and lacks benchmarks that could guide the school toward correcting the deficiency.

Element 8: Admission Requirements. *Not reasonably comprehensive*

The petition fails to meet the requirements of CCR, Title 5, § 11967.5.1(f)(8) as follows:

1. It does not comply with *the requirements of EC § 47605(d)* which, by reference, includes EC § 220 and CA Penal Code § 422.55 as the *other applicable provision[s] of law* in its statement of non-discrimination of protected classes. The petition additionally violates EC § 47607(a)(2) because the deficiency is the result of failing to update the renewal petition. This failure could result in the school engaging in discriminatory practices in its admissions procedures and policies.
2. *The process for conducting the lottery* is absent from the petition.
3. The preference given to siblings is *likely to negatively impact* the school from attaining its stated *racial and ethnic goal*.

Element 9: Annual Independent Financial Audits. *Not reasonably comprehensive*

Report on the Wisdom Academy for Young Scientists Charter

1. Provides an unacceptable description of *how the costs of the dispute resolution process would be funded*. LACOE cannot agree to the provision, "Any party who fails or refuses to submit to arbitration shall bear all costs and expenses incurred by such other party in compelling arbitration of any controversy, claim or dispute."
2. It fails to *recognize that if the substance of a dispute is a matter that could result in the taking of appropriate action, including, but not limited to, revocation of the charter in accordance with EC § 47607, the matter will be addressed at the County Board's discretion in accordance with that provision of law and any regulations pertaining thereto.*
 - A. While the petition states that "any controversy or claim... except [one] that is in any way related to revocation of this Charter must be put in writing," the language does not unequivocally exempt any issue related to revocation from first having to go through Element 14 (Dispute Resolution).
 - B. The Dispute Resolution element provides for unreasonable timelines. For instance, mediation must occur within 120 days to four (4) months after the Issues Conference and there is no timeline within which arbitration, the final step, must occur.

Element 15: Exclusive Public Employer. *Reasonably comprehensive*

Element 16: Closure Procedures. *Reasonably comprehensive with specific deficiencies*

The petition fails to meet the requirements as defined by *CCR, Title 5, § 11962* as follows:

1. It does not comply with the requirement for *transfer and maintenance of personnel records in accordance with applicable law or state how the school will return any donated materials and property if closed.*
2. Closure procedures reflect the LAUSD Board of Education as the authorizer; the petitioner did not submit necessary changes to reflect the County Board as the potential authorizer. This is of particular importance with regard to special education as WAYS currently operates as a school of the district for special education services and would be a Local Education Agency (LEA) if authorized by the County Board.

Finding 6: The petition does not satisfy all of the Required Assurances of Education Code section 47605(c), (e) through (j), (l), and (m) as follows:

Standards, Assessments and Parent Consultation. *Does not meet the condition*

The petition does not provide evidence required by *EC § 47605(c)* that charter schools:

1. *Meet all statewide standards and conduct the pupil assessments required pursuant to EC § 60605 and 60851 and any other statewide standards authorized in statute or pupil assessments applicable to pupils in non-charter public schools.* It fails to meet this condition due to its stated use of outdated tests and failure to specify correct procedures for students with special needs.
2. *The school shall, on a regular basis, consult with their parents and teachers regarding the school's educational programs.* It fails to meet the condition as there is no indication that WAYS provides a method for parents of English learners to provide input on programs specific to English learners and there is no mention of how parents of students with disabilities will be informed about the school's educational program.

Effect on the Authorizer and Financial Projections. *Does not provide the necessary evidence*

Report on the Wisdom Academy for Young Scientists Charter

EC § 47605(g) requires the petition to provide information regarding the proposed operation and potential effects of the school on the authorizer. Requirements regarding the budget and facilities currently under lease were met. Concerns are as follows:

1. The petition does not provide evidence that there are no potential civil liability effects. Due to the Conflict of Interest issues raised by LAUSD and WAYS' failure to resolve those conflicts, there are concerns with the potential liability effects that authorizing the charter may bring to the County Board if the charter is authorized and the conflicts continue or recur.
2. While the current budget and projections for the next two years seem reasonable, the cost of facilities is unknown as the current lease expires in June 2011. The budget reflects an increase to lease expenses for expansion, based on current expenditures; however, if the school were to remain at the current site, it is unknown whether the holding company might raise the rate for the current sites, which would impact the out-year budgets.

Teacher Credentialing Requirement. *Does not meet the condition*

EC § 47605(l) requires that *teachers in charter schools shall be required to hold a CCTC certificate, permit, or other document equivalent to that which a teacher in other public schools would be required to hold...It is the intent of the Legislature that charter schools be given flexibility with regard to noncore, non-college preparatory courses.* The petition fails to meet the condition because there is no mention of the type of credential a teacher would need to teach students with disabilities and teacher qualifications limited to SB 2042 credentials as reported under Element 5.

EXHIBIT 20

**RESOLUTION OF BOARD OF DIRECTORS
OF WISDOM ACADEMY FOR YOUNG SCIENTISTS**

At a meeting of the Board of Directors of WISDOM ACADEMY for YOUNG
SCIENTISTS

706 EAST MANCHESTER AVE
LOS ANGELES, CALIFORNIA 90001

Duly called and held on the 3 day of February, 2014, the following resolution was offered,
seconded, and adopted:

“Be it Resolved, that the Board of Directors of this corporation be and is hereby authorized, empowered, and directed to enter a Commercial Property Lease 2013-14 Fiscal Year – 7651 South Central Ave Los Angeles, Ca on behalf of said corporation.

Furthermore, all actions taken regarding this matter are in accordance with applicable provisions of laws of the State of California.”

I hereby certify that the foregoing is a true and correct copy of a resolution passed by a majority of the Board of Directors of this corporation on the date specified.

(Signature of Board Secretary)

000915

Lease Agreement

This Lease is made as of August 1, 2013, between The Salvation Army, a California corporation, whose address is 180 East Ocean Boulevard, Long Beach, CA 90802 ("Landlord") and Wisdom Academy for Young Scientists, a California nonprofit public benefit corporation, whose address is 706 E. Manchester Avenue, Los Angeles, CA 90001 ("Tenant").

1. DEFINITIONS. The following terms used in this Lease shall have the meanings set forth below.

- 1.1. Base Rent: \$13,387.54 per month (August 2013 – May 2014); \$1,512.75 (June 2014 – July 2014).
- 1.2. Intentionally Omitted.
- 1.3. Commencement Date: August 1, 2013.
- 1.4. Expiration Date: July 31, 2014.
- 1.5. Parking. School may only use assigned parking stalls. Unauthorized use of parking stalls will incur a \$15 per day charge.
- 1.6. Intentionally Omitted.
- 1.7. Premises: Slemmon Family Youth & Community Center, 7651 South Central Avenue, Los Angeles, CA 90001, as specified on Exhibit A.
- 1.8. Security Deposit: \$13,492.00
- 1.9. Intentionally Omitted.
- 1.10. Use: Elementary School, Grades K-5
- 1.11. Intentionally Omitted

2. EXHIBITS. The following exhibits are attached to and made a part of this Lease: Schedule of shared space including square footage, supported by Exhibit A layout of the building.

3. LEASE. Landlord leases to Tenant the Premises, and Tenant leases the Premises from Landlord, subject to the terms and conditions of this Lease. Tenant accepts the Premises in "as is" condition and acknowledges that Landlord makes no representation or warranty, express or implied in fact or by law, as to the condition of the Premises. The Lease term ("Term") shall begin on the Commencement Date and end on the Expiration Date unless sooner terminated pursuant to the provisions of this Lease. Landlord shall have the right, at any time upon entering into a contract for the sale of the premises, to cancel this lease, and the term hereby granted, upon giving to the Tenant 30 days' notice of intention to do so, and upon the expiration of said 30 days, the Tenant agrees to vacate the premises and to surrender this lease and the term hereby granted at the end of the then current school year. The term of this lease may be extended for one (1) additional year by Tenant, which option shall not be exercised except but by written notification to Landlord of its election at least sixty (60) days prior to the Expiration Date. Such extension shall be subject to all other terms of this Lease except that the rent will reflect a 3.5% increase.

In addition, this Lease may be terminated by either party in the event that the Tenant's charter school contract with LACOE is, for any reason, revoked or not renewed.

4. USE. Tenant shall use the Premises, at all times during the Term, for the Use and for no other use or purpose. Tenant shall, at its cost, fully comply with all laws, statutes, codes, rules, regulations, ordinances, order, judgments, decrees, writs, permits, certificates, licenses, or other authorizations, directions, or requirements. Tenant shall not do or permit any act to be done or to exist upon the Premises, which may (a) be dangerous, unless safeguarded as provided for by Legal Requirements; (b) constitute a public or private nuisance; (c) interfere with landlord's own operations in the building, including loitering or trespassing by its invitees; or (d) make any insurance void or voidable or cause any increase in insurance premiums. Tenant shall neither cause nor permit the Premises to be used to generate, manufacture, refine, transport, treat, store, handle, dispose, transfer, produce, or process Hazardous Materials; neither cause nor permit a release or threatened release of Hazardous Materials onto the Premises or any other property as a result of any intentional or unintentional act or omission on the part of Tenant; comply with all applicable Legal Requirements related to Hazardous Materials; and cooperate with Landlord in compliance with Legal Requirements in regard to the Building (including but not limited to any upgrading of life safety systems or removal of asbestos, it being acknowledged that the Building may not have all systems and improvements which would be required if the Building were newly constructed as of the date of this Lease. Tenant shall faithfully observe and comply with rules and regulations as promulgated by Building Management from time to time. Landlord shall not be responsible for the nonperformance by others of any of such rules and regulations. "Hazardous Materials" are defined as any flammable explosives, radioactive materials, oil or petroleum products and their by-products, asbestos, polychlorobiphenyls, hazardous materials, hazardous wastes, hazardous or toxic substances, or related materials as defined under or regulated by any Legal Requirements, including, without limitation, the following statutes and the regulations promulgated under their authority: (a) the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. §§ 9601 et seq.); (b) the Hazardous Materials Transportation Act, as amended (49 U.S.C. §§ 1801 et seq.); and (c) the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. §§ 6901 et seq.).

Landlord shall provide Tenant with a copy of the most current Certificate of Occupancy and Fire Inspection Report for the property. Landlord shall notify Tenant immediately in the event of any change in status.

4.1 Tenant Representations and Warranties.

4.1.1. Tenant has conducted its own investigation into the uses permitted by zoning, land use regulations, or other governmental restrictions and regulations, and Tenant is satisfied that it can use the Premises for the Use permitted under the Lease.

4.1.2. Landlord has made no representation to Tenant regarding its intended use or uses permitted for the Premises, and Tenant is relying solely upon its own investigation in determining the suitability of the premises for Tenant's intended use.

4.1.3. Tenant understands that its obligation to pay rent is independent of any restrictions or limitations on its intended uses, such that any restrictions, limitations, or prohibitions of its intended use by any government authority shall not relieve Tenant of its obligation to pay rent.

5. RENT. Tenant shall pay Base Rent and all sums due under this Lease (together, "Rent") when due, without notice or demand. Base Rent is payable monthly in advance on or before the first of each calendar month during the Term (prorated for partial months, if any). Other sums shall be paid upon notification by Landlord. If payment is not received when due, an administrative fee and late charge of 5% of base rent shall be immediately due and payable without notice or demand. This provision is not a grace period; it is not a penalty, but liquidated damages to defray administrative and related expenses. An additional administrative fee and late charge shall become immediately due and payable on the first of each month for which any portion of a payment (or administrative fee and late charge) remains unpaid, and for processing of any check returned unpaid. Tenant acknowledges that Rent payments shall be made by Tenant to Landlord without any claim on the part of Tenant for diminution, setoff, or abatement. Nothing shall suspend, abate, or reduce any Rent.

5.1. Additional Rent. All taxes, insurance costs, utilities, and maintenance costs which Tenant is required to pay by this Lease, and any other sum which Tenant is required to pay to Landlord or third parties shall be additional rent.

6. SECURITY DEPOSIT. Upon the execution of this Lease, Tenant shall deposit with Landlord a Security Deposit in the amount set forth in Section 1.8 above. No interest shall be paid on the Security Deposit. Landlord shall not be required to keep the Security Deposit separate from its other accounts and no trust relationship is created with respect to the Security Deposit.

7. SERVICES. No electric current shall be used except as provided by Landlord; no electric cable or wire shall be brought into the Premises except with Landlord's prior written consent. Tenant shall not use machines that use more than standard current or which shall overload the Building's circuits. Any consumption of electricity in excess of that which is customary for all tenants, or requiring special circuits or equipment, shall require Landlord's prior approval and the cost thereof shall be paid to Landlord. Landlord is not providing security services. Parking shall be provided as described in 1.5.

7.1. Utilities and Other Services. The following utilities are included in the monthly rent: electricity, heat, cooling, and janitorial. The Landlord shall provide janitorial services to clean the Premises, common areas, and restroom facilities in compliance with all applicable laws.

8. REPAIRS AND MAINTENANCE.

8.1. Landlord's Obligations. The following shall be the responsibility of the Landlord:

8.1.1. Repairs and maintenance of the roofs and gutters, exterior walls (including painting), bearing walls, structural members, and foundations.

8.1.2. Repair of sidewalks, driveways, curbs, parking areas, and areas used in common by Tenant and Landlord or tenants of other portions of the Building.

8.1.3. Repair and maintenance of exterior water, sewage, gas, and electrical services up to the point of entry to the Leased Premises.

8.1.4. Repair and maintenance of the heating and air conditioning system.

8.1.5. Repair of interior walls, ceilings, doors, and windows and related hardware, light fixtures, switches, wiring, and plumbing from the point of entry to the Premises.

8.2. Tenant's Obligations. The following shall be the responsibility of Tenant, with respect to the office space it exclusively occupies:

8.2.1. Repair of interior walls, ceilings, doors, windows, and related hardware, light fixtures, switches, and wiring and plumbing from the point of entry to the Premises.

8.2.2. Any repairs necessitated by the negligence of Tenant, its agents, employees, and invitees.

8.3. Landlord's Interference with Tenant. Any repairs, replacements, alterations or other work performed on or around the Premises by Landlord shall be done in such a way as to interfere as little as reasonably possible with use of the Premises by Tenant. Tenant shall have no right to an abatement of rent nor any claim against Landlord for any inconvenience or disturbance resulting from Landlord's activities performed in conformance with the requirement of this provision.

8.4. Reimbursement for Repairs Assumed. If either party fails or refuses to make repairs which are required by this Section 4, the other party may make the repairs and charge the actual costs of repairs to the first party. Such expenditures by Landlord shall be reimbursed by Tenant on demand together with interest at the rate of nine percent per annum from the date of expenditure by Landlord. Such expenditures by Tenant may be deducted from rent and other payments subsequently becoming due or, at Tenant's election, collected directly from Landlord. Except in an emergency creating an immediate risk of personal injury or property damage, neither party may perform repairs which are the obligation of the other party and charge the other party for the resulting expense unless at least 30 days before work is commenced the defaulting party is given notice in writing outlining with reasonable particularity the repairs required, and such party fails within that time to initiate such repairs in good faith.

8.5. Inspection of Premises. Landlord shall have the right to inspect the Premises at any reasonable time or times to determine the necessity of repair. Whether or not such inspection is made, the duty of Landlord to make repairs shall not mature until a reasonable time after Landlord has received from Tenant notice in writing of the repairs that are required.

9. CONDITION OF PREMISES. Tenant shall not make or suffer to be made any alterations, additions, improvements, or utility installations (collectively, "Alterations") to the Premises, including painting, or any part thereof without the prior consent of Landlord. Tenant shall not, without Landlord's prior consent that may be granted or withheld in Landlord's sole discretion, paint, install window treatment, hang shelves or paintings or otherwise alter the Premises. Tenant may not install signs within or without the Premises that can be seen from any other part of the Building, or from outside the Building, without Landlord's prior written consent. Landlord and Landlord's employees and other agents shall have the right, but not the

obligation, upon reasonable notice to Tenant, and at reasonable times, to enter upon and pass through the Premises from time to time in order to (a) make an examination of the Premises, and (b) show the Premises to prospective purchasers, mortgagees, prospective mortgagees, and others. In the event of an emergency, Landlord and Landlord's agents shall have the right, but not the obligation, without any notice to Tenant, to take such actions, whether on or off the Premises, as Landlord shall deem appropriate to respond to the emergency. Tenant shall accept the Premises in its "as-is" condition.

10. INSURANCE AND TAXES.

10.1. Liability Insurance. Tenant shall, at its own cost and expense, maintain commercial general liability insurance protecting against loss of life, bodily injury and property damage, any and all liability occasioned by negligence, occurrence, accident, or disaster with respect to the Premises and Tenant's operations thereon, with such insurable limits as Landlord may from time to time require, but in no event less than Two Million and No/100 Dollars (\$2,000,000.00) combined single limit bodily injury and property damage liability on an occurrence basis with a Two Million and No/100 Dollars (\$2,000,000.00) aggregate. Such insurance shall name Landlord as additional insured, and Tenant shall provide Landlord with an additional insured endorsement, and such insurance shall be primary and not excess to Landlord's insurance. Tenant's insurance shall be with an insurer acceptable to Landlord. Tenant shall provide a copy of the policy, or a binding certificate, to Landlord upon execution of this Lease.

10.2 Property Insurance. Landlord shall keep the Premises insured at Landlord's expense against fire and other risks covered by a standard fire insurance policy with an endorsement for extended coverage. Tenant shall bear the expense of any insurance insuring the Tenant's property on the premises against such risks.

10.3. Waiver of Subrogation. Neither party shall be liable to the other (or to the other's successors or assigns) for any loss or damage caused by fire or any of the risks enumerated in a standard fire insurance policy with an extended coverage endorsement, and in the event of insured loss neither party's insurance company shall have a subrogated claim against the other.

10.4. Taxes. Tenant is exempt for property tax assessment pursuant to Revenue and Taxation Code section 202(a)(3). Tenant and Landlord agree to reasonably cooperate in order to obtain exemption determination from County Tax Assessor. In the event that clearance is not obtained or lost, Tenant shall pay all real property taxes and assessments on the Premises (for Tenant's portion of Premises) when due.

11. INDEMNIFICATION. Tenant agrees to defend, indemnify and save harmless Landlord against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Tenant's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Tenant in or about the Premises, and will further defend, indemnify and save the Landlord harmless against and from any and all claims arising from any breach or default on Tenant's part in the performance of any

covenant or agreement on Tenant's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Tenant, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Landlord by reason of any such claim, Tenant upon notice from the Landlord covenants to resist or defend at Tenant's expense such action or proceeding by counsel reasonably satisfactory to Landlord. Tenant as a material part of the consideration to Landlord hereby assumes all risk of damaged to property in, upon, or about the part of the Premises which Tenant exclusively occupies from any source to whomever belonging, and Tenant hereby waives all claims in respect thereof against Landlord and agrees to defend and save Landlord harmless from any action, dispute, complaint or otherwise relation to any violation of the Americans with Disabilities Act of 1990 and all regulations issued thereunder that are within Tenant's responsibility.

Landlord agrees to defend, indemnify and save harmless Tenant against and from any and all claims by or on behalf of any person or persons, firm or firms, corporation or corporations, arising from Landlord's use of the Premises or the conduct of its business or from any activity, work or thing done, omitted, permitted or suffered by Landlord in or about the Premises, except to the extent of Tenant's negligence or willful misconduct, and will further defend, indemnify and save the Tenant harmless against and from any and all claims arising from any breach or default on Landlord's part in the performance of any covenant or agreement on Landlord's part to be performed, pursuant to the terms of this Lease, or arising from any act or negligence of Landlord, and from and against all costs, counsel fees, experts fees, expenses and liabilities incurred in or about any such claim or action or proceeding brought thereon; and in case any action or proceeding to be brought against Tenant by reason of any such claim, Landlord upon notice from the Tenant covenants to resist or defend at Landlord's expense such action or proceeding by counsel reasonably satisfactory to Tenant.

12. CONSTRUCTION LIENS. Except with respect to activities for which Landlord is responsible, Tenant shall pay as due all claims for work done on and for services rendered or material furnished to the Premises and shall keep the Premises free from any liens. If Tenant fails to pay any such claims or to discharge any lien, Landlord may do so and collect the cost as additional rent. Any amount so added shall bear interest at the rate of nine percent per annum from the date expended by Landlord and shall be payable on demand. Such action by Landlord shall not constitute a waiver of any right or remedy which Landlord may have on account of Tenant's default.

13. DAMAGE AND DESTRUCTION.

13.1. Partial Damage. If the Premises are partly damaged and paragraph 13.2 below does not apply, the property shall be repaired by Landlord at Landlord's expense. Repairs shall be accomplished with all reasonable dispatch subject to interruptions and delays from labor disputes and matters beyond the control of Landlord and shall be performed in accordance with the provisions of paragraph 4.3 above.

13.2. Destruction. If the leased Premises are destroyed or damaged such that the cost of repair exceeds 40 percent of the value of the structure before the damage, either party may elect to terminate the lease as of the date of the damage or destruction by notice given to the other in writing not more than 45 days following the date of damage. In such event, all rights and obligations of the parties shall cease as of the date of termination, and Tenant shall be entitled to the reimbursement of any prepaid amounts paid by Tenant and attributable to the anticipated term. If neither party elects to terminate, Landlord shall proceed to restore the leased Premises to substantially the same form as prior to the damage or destruction. Work shall be commenced as soon as reasonably possible and thereafter shall proceed without interruption except for work stoppages on account of labor disputes and matters not under control of Landlord.

13.3. Rent Abatement. Rent shall be abated during the repair of any damage to the extent the Premises are untenantable, except that there shall be no rent abatement where the damage occurred as the result of the fault of Tenant.

14. EMINENT DOMAIN.

14.1. Partial Taking. If a portion of the Premises is condemned and paragraph 9.2 does not apply, the lease shall continue on the following terms:

(a) Landlord shall be entitled to all of the proceeds of condemnation, and Tenant shall have no claim against Landlord as a result of the condemnation.

(b) Landlord shall proceed as soon as reasonably possible to make such repairs and alterations to the Premises as are necessary to restore the remaining Premises to a condition as comparable as reasonably practicable to that existing at the time of the condemnation.

(c) After the date on which title vests in the condemning authority or an earlier date on which alterations or repairs are commenced by Landlord to restore the balance of the property in anticipation of taking, the rent shall be reduced in proportion to the reduction in value of the leased Premises as an economic unit on account of the partial taking. If the parties are unable to agree upon the amount of the reduction of rent, the amount shall be determined by arbitration in the manner as is provided in Section 17.

(d) If a portion of Landlord's property not included in the leased Premises is taken and severance damages are awarded on account of the leased Premises, or an award is made for detriment to the leased Premises as a result of activity by a public body not involving a physical taking of any portion of the leased Premises, this shall be regarded as a partial condemnation to which subparagraphs 9.1(a) and (c) apply, and the rent shall be reduced to the extent of reduction in rental value of the Premises as though a portion had been physically taken.

14.2. Total Taking. If a condemning authority takes all of the leased Premises or a portion sufficient to render the remaining Premises reasonably unsuitable for the use which Tenant was then making of the Premises, the lease shall terminate as of the date the title vests

In the condemning authorities. Such termination shall have the same effect as a termination under paragraph 9.1(a) above. Landlord shall be entitled to all of the proceeds of condemnation, and Tenant shall have no claim against Landlord as a result of the condemnation.

14.3. Sale in Lieu of Condemnation. Sale of all or part of the leased Premises to a purchaser with the power of eminent domain in the face of a threat or probability of the exercise of the power shall be treated for the purposes of this Section 9 as a taking by condemnation.

15. ASSIGNMENT; SUBLETTING. Tenant shall not in any manner make or allow any assignment, subletting, or occupancy arrangement or any encumbrance of the Premises or this Lease. Any attempt to do any of the foregoing without Landlord's prior written consent shall be void. A change in ownership of Tenant shall be deemed an assignment.

16. DEFAULT; REMEDIES.

16.1. An Event of Default shall occur if any payment to be made under this Lease is not made when due; if any obligation of Tenant is not timely performed or Tenant shall otherwise be in default of a provision of this Lease; or if Tenant shall be brought within the purview of a Bankruptcy Court, whether adjudicated a bankrupt or not.

16.2. If there is an Event of Default by Tenant, Landlord, at Landlord's option, may elect to do one or more of the following: (a) accelerate all of the remaining Rent for the Term, in which event all Rent shall become immediately due and payable; (b) terminate this Lease and re-enter the Premises and remove all persons and property from the Premises, by summary proceedings or by any other suitable action or proceeding at law, or otherwise; or, (c) without terminating this Lease, re-enter the Premises and remove all persons and property from the Premises, by summary proceedings or otherwise, and relet the Premises. If Landlord elects to terminate this Lease, Tenant shall quit and peacefully surrender the Premises to Landlord, without any payment by Landlord for doing so, on or before the effective date of termination, and all Rent shall be paid up to the effective date of termination, together with such expenses, including attorneys' fees, as Landlord shall incur in connection with such termination. No receipt of money by Landlord from Tenant after termination of this Lease shall reinstate, or extend the Term, affect any notice previously given by Landlord to Tenant, or operate as a waiver of the right of Landlord to enforce the payment of Rent. If Landlord shall terminate this Lease, Landlord shall be entitled to retain, free of trust, all sums then held by Landlord pursuant to any of the provisions of this Lease. In the event of any re-entry and/or dispossession by summary proceedings or otherwise without termination of this Lease, all Rent shall become due and shall be paid up to the time of such re-entry and/or dispossession, together with such expenses, including attorneys' fees, as Landlord shall incur in connection with such re-entry and/or dispossession by summary proceedings or otherwise; all Rent for the remainder of the Term may be accelerated and due in full; and Landlord may relet all or any part of the Premises, either in the name of Landlord or otherwise, for a term which may, at Landlord's option, be

equal to, less than, or greater than the period which would otherwise have constituted the balance of the Term. Tenant shall pay, as additional Rent, to Landlord, as they are incurred by Landlord, such reasonable expenses as Landlord may incur in connection with reletting including, without limitation, attorneys' fees, brokerage commissions, and expenses incurred in altering, repairing, and putting the Premises in good order and condition and in preparing the Premises for reletting. If Tenant shall not have paid accelerated Rent, Tenant shall pay in monthly installments on the due dates for Rent payments for each month of the balance of the Term, the amount by which any Rent payment exceeds the net amount, if any, of the rents for such period collected on account of the reletting of the Premises; any suit brought to collect such amount for any months shall not prejudice in any way the rights of Landlord to collect the deficiency for any subsequent months by a similar action or proceeding. Landlord shall have as Landlord's absolute property, any sums collected by Landlord upon reletting the Premises after Landlord shall resume possession of the Premises including, without limitation, any amounts by which the sums so collected shall exceed the continuing liability of Tenant under this Lease. If Landlord shall have accelerated and collected Rent payments and subsequently shall have relet the Premises, then Landlord, after deducting all costs related to reletting shall pay to Tenant the amount remaining which is collected as Rent for each month, to the extent Landlord shall have previously received the Rent for such month from Tenant.

17. RELOCATION. Landlord may relocate Tenant to another location in the Building, without releasing Tenant of any obligation under this Lease for the full Term. If Landlord remodels a substantial portion of the Building and deems the Premises to be needed for other purposes than this Lease, Landlord may relocate Tenant in the Building or terminate this Lease.

18. MISCELLANEOUS.

18.1. Neither Landlord nor any disclosed or undisclosed principal of Landlord (or officer, director, stockholder, partner or agent of Landlord or of any such principal), nor any successor of any of them, shall have any personal liability for any such failure under this Lease or otherwise. The provisions of this Section shall apply only to Landlord and the parties above-described. They shall not be for the benefit of any insurance company or other third party. Except as specifically set forth in this Lease, Tenant hereby expressly waives its rights under any and all laws, to terminate this Lease (whether prior to or after the commencement of the Term) or to withhold any payment owed by Tenant under this Lease, on account of any damage, condemnation, destruction, or state of disrepair of the Premises, or any part thereof, it being the parties' intent that the provisions of this Lease shall govern the parties' rights and obligations with respect to such matters. Any holder(s) of any fee mortgage shall have no obligations whatsoever under this Lease. This Lease shall at all times be subordinate to any fee mortgage encumbering the Property. If the holder of any fee mortgage shall succeed to Landlord's interest in this Lease, Tenant shall, upon request, attend to such holder in writing. In the event of any transfer of Landlord's interests, Landlord shall be released and relieved from all liability and responsibility thereafter accruing to Tenant and Landlord's successor shall be liable and responsible to Tenant with respect to all obligations of Landlord under this Lease accruing from and after the date of such transfer.

18.2. Tenant shall, on the last day of the Term or upon any termination of this Lease, surrender and deliver up the Premises to Landlord "broom clean" and in good condition and repair, subject to ordinary wear and tear, with all equipment and tenant improvements removed if Landlord so requests. All personal property and other belongings that are left upon the Premises at the time of such surrender shall be deemed to have been abandoned. The cost to Landlord of removal, sale and/or storage of such property shall be paid to Landlord by Tenant.

If Tenant does not immediately surrender the Premises to Landlord at the end of the Term, then Tenant shall pay to Landlord double the amount of the Rent payable by Tenant for the last month of the Term for each month or portion thereof that Tenant holds over, plus all damages that Landlord may suffer on account of Tenant's failure to surrender possession to Landlord, and shall indemnify and save Landlord harmless from and against all claims made by any succeeding tenant of the Premises or broker procuring such tenant, related to delay in delivering possession to such succeeding tenant, so far as such delay is occasioned by failure of Tenant so to surrender the Premises. No receipt of money by Landlord from Tenant after termination of this Lease or the service of notice of suit or judgment for possession shall reinstate or extend the Term or affect any such notice, demand, suit or judgment. No act or thing done by Landlord or its agents, including acceptance of keys to the Premises, during the Term shall be deemed an acceptance of a surrender of the Premises, and no agreement to accept a surrender of the Premises shall be valid unless it be made in writing and subscribed by a duly authorized officer or agent of Landlord.

18.3. At any time and from time to time during the Term, within ten (10) days after request by Landlord, Tenant will execute, acknowledge, and deliver to Landlord and its designees, a certificate which states (a) that this Lease is unmodified and in full force and effect, or if there have been modifications, that this Lease is in full force and effect as modified, and identifying the modification agreements; (b) the date to which the Rent has been paid; (c) the nature and extent of any existing default by either party as to which a notice has been given to the other party; (d) whether or not there are any setoffs, defenses, or counterclaims against enforcement of the obligations to be performed under this Lease existing in favor of Tenant; and (e) other matters which Landlord may reasonably request.

18.4. If a claim for brokerage or similar fees in connection with this transaction is made by any other broker, agent, salesman, or finder other than Brokers claiming to have dealt through or on behalf of one of the parties to this Lease, then such party shall indemnify, defend, and hold harmless the other party from all liabilities, damages, claims, costs, fees, and expenses (including reasonable attorneys' fees) with respect to such claim for brokerage. The provisions of this Section shall survive the expiration or termination of this Lease.

18.5. Each Notice shall be deemed to have been given (a) when in writing; (b) when sent by personal delivery, facsimile, Federal Express or other widely recognized overnight delivery service, or registered or certified mail; (c) upon receipt or refusal of receipt by the person to

whom it is addressed; and (d) when addressed to each applicable person at the applicable addresses set forth on the first page of this Lease, or to such other person or address as a party shall in the future designate by giving notice to the other.

18.6. Each party represents to the other that it has full legal right, power, and authority to enter into, execute, and perform this Lease. All the rights and remedies of Landlord under this Lease or pursuant to present or future law shall be deemed to be separate, distinct, and cumulative. No one or more of them, whether exercised or not, nor any mention of or reference to any one or more of them in this Lease, shall be deemed to be in exclusion of, or a waiver of, any of the others, or of any of the rights or remedies which Landlord may have under this Lease, at law, and/or in equity. Landlord shall have, to the fullest extent permitted by law, the right to enforce any rights or remedies separately and to pursue any lawful action or proceedings to exercise or enforce any right or remedy without thereby waiving or being barred or estopped from exercising and enforcing any other rights and remedies by appropriate action or proceedings. No waiver by Landlord of any breach by Tenant of any term or condition of this Lease, and no failure by Landlord to exercise any right or remedy in respect of any such breach, shall constitute a waiver or relinquishment for the future, or bar any right or remedy of Landlord in respect of, any other breach of such term or condition or any breach of any other term or condition of this Lease. No payment by Tenant or receipt of payment by Landlord of an amount less than the full amount then due Landlord under this Lease shall be construed as anything other than a partial payment of such sum then due and owing. No endorsement or statement on any check or letter or any form of payment or accompanying document shall be deemed to be an accord and satisfaction or other form of settlement; Landlord may accept any such payment without prejudice to its rights to recover the balance of sums due and owing under this Lease or to pursue any other remedy permitted under this Lease.

18.7. Whenever under this lease Landlord's consent or approval is expressly or impliedly required, it may be arbitrarily withheld. If Tenant requests Landlord's consent or approval, and if in connection with such request Landlord seeks the advice of its attorneys, architect and/or other adviser or expert, then Tenant shall pay such persons' costs and fees related to such request and the preparation of related documents, which costs and fees shall be limited to \$750 per request for matters in the normal course of Tenant's business. Such limitation shall not apply for extraordinary matters such as improvements or remodeling, or any work of any nature that might affect the Building's structural integrity or building systems.

18.8. All obligations of Tenant that are or may be intended by their nature to be performed and/or complied with after the expiration or earlier termination of this Lease shall survive such expiration or termination. Express provisions in this Lease that require or permit survival in specific instances, or as to specific obligations, shall not be deemed a limitation upon the generality of this survival clause. Every provision of this Lease shall be valid and be enforced to the fullest extent permitted by law. If any provision of this Lease, or the application of such provision to any person or circumstance, shall be determined by appropriate judicial authority to be illegal, invalid, or unenforceable to any extent, such provision shall, only to such extent, be deemed stricken from this Lease as if never included. The remainder of this Lease,

and the application of such provision to persons or circumstances other than those as to which such provision is held illegal, invalid, or unenforceable, shall not be affected. In this Lease, "attorneys' fees means without limitation, accountants' and attorneys' fees, including fees for the services of paralegals and similar persons, consultant fees, investigation and laboratory fees, court costs, and litigation expenses at the trial and all appellate levels, and through collection.

18.9. The captions and headings contained in this Lease are for convenience and reference only, shall not be deemed to be a part of this Lease or construed as limiting, amplifying, or modifying in any manner the provisions of this Lease, and shall not otherwise affect the interpretation of this Lease. All references to Exhibits or Sections are to Exhibits or Sections of this Lease. Whenever the context of any provision of this Lease so requires, pronouns of any gender shall include the other genders, words in the singular shall include the plural, and words in the plural shall include the singular. This Lease may be executed and delivered in two or more counterparts, each of which shall be deemed to be an original and all of which, taken together, shall be deemed to be one instrument. The parties shall take all such actions and execute all such documents as may be necessary to carry out the purposes of this Lease, whether or not specifically provided for in this Lease. Time is of the essence as to all material terms of this Lease. This Lease shall be construed and governed in accordance with the laws of the State of California without application of conflict of law principles. All of the parties to this Lease have participated fully in its negotiation and preparation. Accordingly, this Lease shall not be more strictly construed against any one of the parties. Landlord shall not be deemed, in any way or for any purpose, to have become, by the execution of this Lease or any of the provisions of this Lease, or any action taken under this Lease, a partner of Tenant, in Tenant's business or otherwise, or a member of any joint enterprise or venture with Tenant.

18.10. This Lease contains the sole and entire agreement, and supersedes all other prior written or oral agreements, between the parties with respect to the subject matter of this Lease. This Lease may be changed, amended, or modified only by an agreement in writing signed by the party against whom such change, amendment, or modification is sought to be enforced. The terms and conditions of this Lease shall bind the parties and their respective successors and assigns, and shall inure to the benefit of the parties and their respective permitted successors and assigns. Any waiver of rights by either party shall be deemed not only to be a waiver of such rights by such party but also a waiver of such rights for and on behalf of such party's successors and assigns.

18.11. Claims, disputes, or other matters in controversy arising out of or related to the lease shall be subject to mediation as a condition precedent to binding dispute resolution.

18.12. The parties shall endeavor to resolve their disputes and claims ("Claims") by mediation, which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its applicable procedures in effect on the date of the Agreement. A request for mediation shall be made in writing, delivered to the other party to the Lease, and filed with the person or entity administering the mediation. The request

may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of 60 days from the date of filing, unless stayed for a longer period by agreement of the parties or court order. If arbitration is stayed pursuant to this Section 18.13, the parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

18.13. The parties shall share the mediator's fee and any filing fees equally. Agreements reached in mediation shall be enforceable as settlement agreements in any court having jurisdiction thereof.

18.14. Any Claim subject to, but not resolved by, mediation shall be subject to arbitration which, unless the parties mutually agree otherwise, shall be administered by the American Arbitration Association in accordance with its applicable rules in effect on the date of the Agreement. A demand for arbitration shall be made in writing, delivered to the other party to the Lease, and filed with the person or entity administering the arbitration. The party filing a notice of demand for arbitration must assert in the demand all Claims then known to that party on which arbitration is permitted to be demanded.

18.15. A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations. For statute of limitations purposes, receipt of a written demand for arbitration by the person or entity administering the arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

18.16. The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. The party determined to be the prevailing party in the arbitration shall be entitled to an award of its reasonable costs and fees, including attorneys' fees and expert's fees, incurred therein.

18.17. The foregoing agreement to arbitrate shall be specifically enforceable under applicable law in any court having jurisdiction thereof.

18.18. In case suit shall be rightfully brought for possession of the Premises, the prevailing party shall recover reasonable attorney's fees from the other in each such suit. It is further mutually agreed by and between Landlord and Tenant, that the respective parties hereto shall and they hereby do waive trial by jury in any action, proceeding or counterclaim brought by either of the parties hereto against the other on any matters whatsoever arising out of or in any way connected with this Lease, the relationship of Landlord and Tenant, Tenant's use or occupancy of the Leased Premises, and/or any claim of injury or damage, and any emergency statutory or any other statutory remedy. Should Landlord seek recourse to enforce any of its rights under this Lease, Tenant agrees to waive any defense which it might otherwise

have that Landlord has any adequate remedy at law. Tenant further agrees that it shall not interpose any counterclaim or set off in a summary proceeding or in any action based in whole or in part on nonpayment of rent.

18.19. IT IS MUTUALLY AGREED BY AND BETWEEN LANDLORD AND TENANT THAT THEY SHALL AND THEY HEREBY DO WAIVE TRIAL BY JURY IN ANY ACTION, PROCEEDING, OR COUNTERCLAIM BROUGHT BY EITHER LANDLORD OR TENANT AGAINST THE OTHER ON ANY MATTERS ARISING OUT OF OR IN ANY WAY CONNECTED WITH THIS LEASE, THE RELATIONSHIP OF LANDLORD AND TENANT, AND/OR TENANT'S USE OF OR OCCUPANCY OF THE PREMISES. TENANT FURTHER AGREES THAT IT SHALL NOT INTERPOSE ANY COUNTERCLAIM OR COUNTERCLAIMS (EXCEPT COMPULSORY COUNTERCLAIMS) IN ANY SUMMARY PROCEEDING OR IN ANY ACTION BASED UPON NONPAYMENT OF RENT OR ANY OTHER PAYMENT REQUIRED BY TENANT UNDER THIS LEASE.

18.20. The parties have executed this Lease on the date set forth in the first paragraph.

18.21. Tenant agrees to train all school staff in Landlord's Protecting The Mission policies and procedures.

18.22. Shared Rooms. Tenant agrees that all teachers and school staff must vacate all shared rooms by 3:20 p.m. In addition, Tenant may only use walls in shared rooms which are specifically assigned to them by Landlord.

18.23. Windows and doors must not be covered or blocked, except in cases of emergency.

18.24. Landlord's furniture and equipment must not be moved from their assigned rooms without prior written permission of Landlord.

Capital Expense Analysis

Purchase

Item: SUV or Sedan (Vehicle)

Use: Executive Business Transportation

Reason: Merle Williamson Foundation (MWF) may provide the Administrative Personnel an automobile vehicle and operating expenses for the use of conducting MWF business and reasonable personal use. Provided that MWF Administrative Personnel chose to utilize the Executive Business Transportation, this will reduce the automobile use reimbursement costs and wear and tear for individual Personnel property.

Impact: +/- 10,000 annual Personnel transportation expenses

Date: July 2012

Sale

Item: SUV or Sedan (Vehicle)

Use: Executive Business Transportation

Reason: In best interest of the stakeholders of the Merle Williamson Foundation (MWF), selling the Executive Business automobile vehicle should provide the funds to better serve the school. In which those funds may be used to purchase a vehicle for pupil transportation.

Impact: \$26,000 - \$32,000 one-time payment; +/- \$10,000 annual Personnel transportation reimbursements.

Date: August 2013

Purchase

Item: School Bus/Van (Vehicle)

Use: Pupil Transportation, Utility Vehicle

Reason: Subsidize expenses for rentals and chartered school buses for short-distance fieldtrips and destinations. Provide a van for Pupil transportation and select utility use.

Impact: +/- 10,000 annual Pupil transportation expenses

October 22, 2013

To the Governing Board and Management of
Wisdom Academy for Young Scientists
706 E Manchester Ave.
Los Angeles, California 90002

We are pleased to confirm our understanding of the services we are to provide for Wisdom Academy for Young Scientists for the year ended June 30, 2013.

We will audit the financial statements of Wisdom Academy for Young Scientists, which comprise the statement(s) of financial position as of June 30, 2013, the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements. Also, the following supplementary information accompanying the financial statements will be subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, in accordance with auditing standards generally accepted in the United States of America, and our auditor's report will provide an opinion on it in relation to the financial statements as a whole:

- 1) Schedule of expenditures of federal awards.
- 2) Supplementary information identified in the State Audit Guide

We will also prepare the organization's federal and state information returns for the year ended June 30, 2013.

Audit Objectives

The objective of our audit is the expression of an opinion about whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. The objective also includes reporting on:

- Internal control related to the financial statements and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control related to major programs and an opinion (or disclaimer of opinion) on compliance with laws, regulations, and the provisions of contracts or grant agreements that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*.
- An opinion on state compliance as identified in *Standards and Procedures Audits of California K-12 Local Education Agencies 2012-13* published by the Education Audit Appeals Panel.

The reports on internal control and compliance will each include a paragraph that states that the purpose of the report is solely to describe (1) the scope of testing of internal control over financial reporting and compliance and the result of that testing and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance, (2) the scope of testing internal control over compliance for major programs and major program compliance and the result of that testing and to provide an opinion on compliance but not to provide an opinion on the effectiveness of internal control over compliance, and (3) that the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering internal control over financial reporting and compliance and with OMB Circular A-133 in considering internal control over compliance and major program compliance. The paragraph will also state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of OMB Circular A-133, and will include tests of accounting records, a determination of major program(s) in accordance

with OMB Circular A-133, and other procedures we consider necessary to enable us to express such an opinion and to render the required reports. We cannot provide assurance that an unmodified opinion will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or add an emphasis-of-matter or other-matter paragraph. If our opinion on the financial statements or the Single Audit compliance opinion is other than unmodified, we will discuss the reasons with management in advance. If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or to issue a report as a result of this engagement.

Management Responsibilities

Management is responsible for the basic financial statements, schedule of expenditures of federal awards, and all accompanying information as well as all representations contained therein. Management is also responsible for identifying government award programs and understanding and complying with the compliance requirements, and for preparation of the schedule of expenditures of federal awards in accordance with the requirements of OMB Circular A-133. As part of the audit, we will assist with preparation of your financial statements, schedule of expenditures of federal awards, and related notes. You will be required to acknowledge in the representation letter our assistance with preparation of the financial statements and schedule of expenditures of federal awards and that you have reviewed and approved the financial statements and related notes prior to their issuance and have accepted responsibility for them. Further, you agree to assume all management responsibilities for the tax services and any other nonattest services we provide; oversee the service by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including internal controls over compliance, and for evaluating and monitoring ongoing activities; to help ensure that appropriate goals and objectives are met and that there is reasonable assurance that government programs are administered in compliance with compliance requirements. You are also responsible for the selection and application of accounting principles; and for the preparation and fair presentation of the financial statements in conformity with U.S. generally accepted accounting principles; and for compliance with applicable laws and regulations and the provisions of contracts and grant agreements.

Management is also responsible for making all financial records and related information available to us, and for ensuring that management is reliable and financial information is reliable and properly recorded. You are also responsible for providing us with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that we may request for the purpose of the audit, and (3) unrestricted access to persons within the organization from whom we determine it necessary to obtain audit evidence.

Your responsibilities also include identifying any significant vendor relationships in which the vendor has responsibility for program compliance and for the accuracy and completeness of that information. Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to us in the representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the Organization involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud could have a material effect on the financial statements. Your responsibilities include informing us of your knowledge of any allegations of fraud or suspected fraud affecting the Organization received in communications from employees, former employees, grantors, regulators, or others. In addition, you are responsible for identifying and ensuring that the Organization complies with applicable laws, regulations, contracts, agreements, and grants. Additionally, as required by OMB Circular A-133, it is management's responsibility to follow up and take corrective action on reported audit findings and to prepare a summary schedule of prior audit findings and a corrective action plan. The summary schedule of prior audit findings should be available for our review on November 18, 2013.

You are responsible for preparation of the schedule of expenditures of federal awards in conformity with OMB Circular A-133. You agree to include our report on the schedule of expenditures of federal awards in any document that contains and indicates that we reported on the schedule of expenditures of federal awards. You also agree to make the audited financial statements readily available to intended users of the schedule of expenditures of federal awards no later than the date the schedule of expenditures of federal awards is issued with our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you

000940

are responsible for presentation of the schedule of expenditures of federal awards in accordance with OMB Circular A-133; (2) that you believe the schedule of expenditures of federal awards, including its form and content, is fairly presented in accordance with OMB Circular A-133; (3) that the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the schedule of expenditures of federal awards.

You are also responsible for the preparation of the other supplementary information, which we have been engaged to report on, in conformity with U.S. generally accepted accounting principles. You agree to include our report on the supplementary information in any document that contains, and indicates that we have reported on, the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes our report thereon. Your responsibilities include acknowledging to us in the representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) that you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) that the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to us any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Management is responsible for establishing and maintaining a process for tracking the status of audit findings and recommendations. Management is also responsible for identifying for us, previous financial audits attestation engagements, performance audits, or other studies related to the objectives discussed in the Audit Objectives section of this letter. This responsibility includes relaying to us corrective actions taken to address significant findings and recommendations resulting from those audits, attestation engagements, performance audits, or studies. You are also responsible for providing management's views on our current findings, conclusions, and recommendations, as well as your planned corrective actions for the report, and for the timing and format for providing that information.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the Organization or to acts by management or employees acting on behalf of the Organization. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or on major programs. However, we will inform the appropriate level of management of any material errors, any fraudulent financial reporting, or misappropriation of assets that come to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a Single Audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, tests of the physical existence of inventories, and direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will also request written representations from the Organization's attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of our audit, we will require certain written representations from you about the financial statements and related matters.

000941

Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by OMB Circular A-133, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to OMB Circular A-133.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to you and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and OMB Circular A-133.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of Wisdom Academy for Young Scientists' compliance with provisions of applicable laws, regulations, contracts, and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance, and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

OMB Circular A-133 requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with applicable laws and regulations and the provisions of contracts and grant agreements applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the "OMB Circular A-133 Compliance Supplement" for the types of compliance requirements that could have a direct and material effect on each of the Organization's major programs. The purpose of these procedures will be to express an opinion on Wisdom Academy for Young Scientists' compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to OMB Circular A-133.

Engagement Administration, Fees, and Other

We may from time to time, and depending on the circumstances, use third-party service providers in serving your account. We may share confidential information about you with these service providers, but remain committed to maintaining the confidentiality and security of your information. Accordingly, we maintain internal policies, procedures, and safeguards to protect the confidentiality of your personal information. In addition, we will secure confidentiality agreements with all service providers to maintain the confidentiality of your information and we will take reasonable precautions to determine that they have appropriate procedures in place to prevent the unauthorized release of your confidential information to others. In the event that we are unable to secure an appropriate confidentiality agreement, you will be asked to provide your consent prior to the sharing of your confidential information with the third-party service provider. Furthermore, we will remain responsible for the work provided by any such third-party service providers.

We understand that your employees will prepare all cash, accounts receivable, and other confirmations we request and will locate any documents selected by us for testing.

At the conclusion of the engagement, we will complete the appropriate sections of the Data Collection Form that summarizes our audit findings. It is management's responsibility to submit the reporting package (including financial statements, schedule of expenditures of federal awards, summary schedule of prior audit findings, auditor's reports, and corrective action plan) along with the Data Collection Form to the federal audit clearinghouse. We will coordinate with you the electronic submission and certification. If applicable, we will provide copies of our report for you to include with the reporting package you will submit to pass-through entities. The Data Collection Form and the reporting package must be submitted within the earlier of 30 days after receipt of the auditor's reports or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audit.

000942

The audit documentation for this engagement is the property of Wilkinson Hadley King & Co LLP and constitutes confidential information. However, pursuant to authority given by law or regulation, we may be requested to make certain audit documentation available to the California Department of Education or its designee, the California State Controllers Office, a federal agency providing direct or indirect funding, or the U.S. Government Accountability Office for purposes of a quality review of the audit, to resolve audit findings, or to carry out oversight responsibilities. We will notify you of any such request. If requested, access to such audit documentation will be provided under the supervision of Wilkinson Hadley King & Co LLP personnel. Furthermore, upon request, we may provide copies of selected audit documentation to the aforementioned parties. These parties may intend, or decide, to distribute the copies or information contained therein to others, including other governmental agencies.

The audit documentation for this engagement will be retained for a minimum of five years after the report release date or for any additional period requested by the California Department of Education or California State Controllers Office. If we are aware that a federal awarding agency, pass-through entity, or auditee is contesting an audit finding, we will contact the party(ies) contesting the audit finding for guidance prior to destroying the audit documentation.

Aubrey King is the engagement partner and is responsible for supervising the engagement and signing the reports or authorizing another individual to sign them. We expect to begin our audit on approximately November 18, 2013 and to issue our reports no later than December 15, 2013, unless extended to another date. We plan on completing your tax returns by the extended due date.

We estimate that our fees for these services will range be \$9,500 for the audit and ~~\$950 for the information returns~~. The fee estimate is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, we will discuss it with you and arrive at a new fee estimate before we incur the additional costs. Our invoices for these fees will be rendered each month as work progresses and are payable on presentation.

We appreciate the opportunity to be of service to you and believe this letter accurately summarizes the significant terms of our engagement. If you have any questions, please let us know. If you agree with the terms of our engagement as described in this letter, please sign the enclosed copy and return it to us.

Very truly yours,

Subject: Hon. Carol Lee Tolbert, President /RE: Board Meeting Postponed
Date: Wednesday, November 20, 2013 11:54:31 PM

Good Evening Mr. Cabil,

On yesterday evening, I read your email unilaterally postponing the Board of Directors' meeting; even though I emailed a draft agenda to you at 4:40PM - in time for you to post it by 5:00PM to meet the 72-hour deadline required by the Brown Act. However, you did find time to send out a scurrilous email requesting that the 'new' board members step down; and identifying me specifically. (I will be responding to your recent emails under separate cover.)

- a. Your administrative responsibilities do not give you the prerogative to postpone Board meetings. Case in point, board members do not have the prerogative to cancel staff meetings. Moreover, you were keenly aware of the time-sensitive documents being requested by LACOE. We were to submit these documents below not later than November 22, 2013. I will list them for you:
1. Board Policy on Admissions/Enrollment/Lottery
 2. Board Policy on Student Fees
 3. Board Policy on Suspension & Expulsion
 4. Board Meeting Minutes for September 26, 2013
 5. Board Meeting Minutes for October 24, 2013
- b. Interestingly enough, LACOE sent an email earlier today indicating staff had emailed these unapproved Board Policies. I requested you to place the above policies on the November 21, 2013 Board agenda for review/modification/approval for the 2013-14 School Year in order to meet the requested deadline. These policies must still be approved by the Board of Directors; similar to Board minutes.

Additionally, other matters that needed to be considered by to the Board at its November 21, 2013 meeting included:

000945

- c. The Single Plan for Student Achievement along w/ the draft Student Achievement Plan outlining the strategies to be implemented that would ensure African-American and Special Education students; who did not meet their 2012-13 AYP growth targets, would meet their 2013-14 AYP growth targets. The final Student Achievement Plan is due to LACOE on December 2, 2013. I am sure Board members would like to have this information presented in a timely manner.
- d. The Title One Budget due to LACOE by November 15, 2013 that was not submitted, and has yet to be reviewed and approved by the Board. This budget identifies the funds to be used to support both the 2013-14 Single Plan for Student Achievement as well as the Student Achievement Plan.
- e. An overdue monthly budget presentation from Bali Business Management explaining to the Board a line item budget increase of \$118,000 from the previous school year in supplies. As you may recall, in August the Board 'conditionally' approved this year's budget in order that some funds could be used to open the school-year, although LACOE would receive a 'conditionally approved' 2013-14 budget. Since August, the Board has not had an opportunity to review the school's budget. In September, the contractor was called and instructed not to come. In October, when the contractor did come, the Board meeting was disrupted and the contractor was unable to present the budget, nor was the Board able to continue with the meeting as we were told to "get out". In fact, was directly yelled at and threatened by the employee to, "Get out and don't come back!" among his other verbal and physically menacing gestures.
- f. Scheduling of Board Retreat that every board member agreed was needed for several reasons. (See Agenda)
- g. Hearing critical Closed Session items
- h. The review/approval of a contract for the Executive Director; if one had been provided. In fact, no contracts for this school year have been presented to the Board for review, approval or denial. Were the teachers' contracts approved prior to the end of school? I know this current Board did approve their Salary Schedule.

Since there is no scheduled Board Meeting in December, I am recommending that the Board schedule a December meeting, due to

000946

'postponement' of its November meeting.
For further illumination, please see the attached agenda.

Needless to say, this and other recent events are disheartening. Board members are **NOT** the problem. Board members govern, approve expenditures and direct administration. Administration implements the policies of the Board, and manages the daily operations of the organization. There is no getting around this fact. No matter who the governing board members are; in public entities, this is known as the system of 'checks and balances'.

Respectfully,
Hon. Carol Lee Tolbert, President

Dear Ms. Patel,

I am writing regarding Wisdom's October 24, 2013, Board Meeting audio recording.

The Wisdom's October 24, 2013, Board Meeting was ended abruptly at 8:40pm at the conclusion of the closed session due to an unanticipated interruption.

The audio enclosed is the only audio there is for the October 24, 2013, Board Meeting.

Founder & Executive Director

Deara Okonkwo is an extraordinary 21-year-old woman whose gifts and talents illuminate in the children of her classroom and dance studio. Ms. Okonkwo is a doctoral candidate at the University of Southern California, holding a Master's Degree in Education, Clear Teaching Credential and Bachelor's all obtained from the prestigious University. She is renowned for her outstanding academic accomplishments: at the prime age of fourteen, she graduated from high school with an Associate of Arts Degree; at seventeen, she received her Bachelor's in English with a minor in Psychology and at eighteen she obtained her Master's Degree in Education along with her teaching credential. Deara is the Founder and CEO of DeDe Dance Studio, a 501(c)(3) non-profit that works to empower youth through multicultural performing arts, brotherhood and sisterhood clubs and educational enrichment. Most recently, she established Innovative Ways Academy, a uniquely designed Middle School that provides children with a world-class and elite educational experience. Furthermore, her Academy offers rigorous academic coaching for educators and provides practical modeling in the classrooms to increase student achievement. Her motto is to recycle the knowledge that she obtained and she has sought to achieve these as an urban educator. Her passion lies in her professions, educating children in the classrooms and empowering youth through the performing arts. With only twenty-one years, she demonstrated profound leadership skills through her humanitarian efforts. Deara is a true change agent and leader for the youth that she serves.

Deara | Drive All Night

<http://driveallnight.org/2013/06/30/dear>

Deara

In today's hypercompetitive job market, there are few things more desirable than a sterling education. Yet the American educational model is in trouble: public schools are woefully underfunded, graduation rates are falling, and nobody seems willing to agree on a solution. That might change when **Deara** joins the conversation in Washington one day. The 22 year-old South Los Angeles native has specialized in bringing enlivening learning opportunities to her community ever since starting her own nonprofit dance studio at age sixteen. Since then, Deara – who holds masters degree in Education from USC – has changed young lives at two South LA schools. She serves as the vice principal at Wisdom Academy for Young Scientists, and is the founder of Innovative Ways Academy, a private school for middle school-aged students.

Me: I want to start by talking about your dance studio, since it touches on this generation's interest in entre-

preneurial spirit. You got in touch with yours at an earlier age than most Millennials. Tell me the story.

Deara: Well, I've been dancing for most of my life. As a kid, it began with creative movements, and then as I got older, I started doing ballet and tap dance at the Kittsville Youth Foundation; this academy founded by Eartha Kitt, right here in South LA. The director of the program took notice and one day, she suggested to my mother that I audition for Debbie Allen Dance Academy. I tried out and was accepted with a scholarship. And through this whole process, my parents promised that one day they'd help me start a dance studio. The idea was I could use the studio as a way to give back.

So teaching dance had been a dream of yours for some time?

It was already happening. When I was at Debbie Allen, I started giving lessons in our backyard. I had a signup sheet on the front door of my house and we'd rotate between styles: Flamenco this day, Capoeira the next, and so. And I did all that because my friends and neighbors who were interested in dancing weren't going to Debbie Allen with me, but they were interested in enhancing their techniques.

When and how did your parents acquire the space that would become DeDe Dance Studio?

It was mainly through my mother. She's retired now, but at the time, she was the Executive Director at Wisdom Academy for Young Scientists. There was a building there, used mostly for storage, which my mother and my aunt Dolores helped to convert into a studio space. The part that I had a stake in was the wall-to-wall mirrors and ballet bars, which were paid for by fundraising events like dance performances that my team and I would perform.

Is it safe to say this early experience set you on a path towards education as a profession?

My interest was present from the beginning, but one event that transformed my idea of starting and running a school into a reality happened during the first year of my doctoral program at USC. I was enrolled in a leadership course with Dr. Rudy Castruita, and we had to design an outlook plan in which we hypothesized our own leadership evolving over ten years. And I remember noting that by Year Eight, I wanted to found a school. But it actually began happening much sooner than that.

When, exactly? What were the circumstances?

Shortly after finishing the leadership course, the executive director at Wisdom Academy introduced me to an individual from the Church of Scientology named Isaac Asberry. I wound up meeting him right in South LA, at this big, beautiful building that I soon learned was the church's own community center. Only, it was abandoned. And I remember seeing it and thinking, "This is it. This is going to be the school."

Follow

000967

And when you say "the school", you mean Innovative Ways Academy. What were the next steps? How does one pilot a new school?

First, you have to project the idea of the school to the surrounding community. I had a vision of this world-class, elite, college-oriented institution for students right here in South Central LA, in a building that was already steeped with history. And it was always intended to be a middle school, because that's the age range when a lot of kids tend to drop out of school. I wanted to start a program that would engage students to a level where they'd manage to hang on through the toughest times.

So you have the dream, out in the open. What comes next?

Next, you need a budget, and that's where my mother's brains come in. I'm very fortunate to have a mother who supports everything I do, and she also happens to be a sound businesswoman. The two of us sat down and began by outlining all the necessary supplies we'd need to get the school up and running. Then we tackled operations and hiring faculty. Salaries are easily the biggest financial consideration behind getting a school up and running. My mother financed these setup costs, but we also conducted a lot of neighborhood fundraising to pay for things like student meals and field trips for the first year.

How many students were enrolled at Innovative Ways Academy during the first school year?

Only 13. I wanted to make sure that the curriculum worked before applying it to a larger group of students. But it did, and now that it's been a success, I've been looking at trying to apply our learning model to a bigger public school environment. And right now, we've actually got one middle school nearby that's interested in giving it a test run for the 2013-2014 school year. A lot of my recent time has been spent facilitating that.

Hearing about all of this, it's easy to overlook the fact that you're also working as the vice principal at Wisdom Academy for Young Scientists! What does a day in the life of a VP look like?

The whole day begins at 7 AM. The students have some time to eat breakfast as our staff and teachers roll in. Then at 7:50, we have a student-led assembly. And that really speaks to the type of leadership communication we employ at Wisdom.

A more communal approach?

Right. I like to avoid top-down school management where the principals just give commands. It's better to communicate your expectations in a way that can be echoed by students and teachers. People buy that. It's like...if I'm Marc Jacobs, and I have Beyonce model my clothes, they're much more likely to sell than if Marc Jacobs simply appears on TV and urges everyone to try out his latest designs! ing a humble leader because it gives the students more room to shine.

As the vice principal, do you also instruct students in the classroom?

Oh, definitely. At 8 AM on any given day, you might see me teaching a language arts class. And I'll usually put a spin on the lesson by working dance into the presentation. For instance, I'll use a pirouette to convey synonyms, and a jete for antonyms. It gets the kids excited about what they're learning.

Is this outside-the-box instruction approach applied in most classes at Wisdom?

We use it in almost all classroom situations. One approach that's been really popular is incorporating rap into math lessons. The students get to hear their favorite songs from their favorite rap artists, but the lyrics are reworked to teach concepts like multiplication. And it's a lot of fun for them. They look forward to the next lesson, they get involved.

And it's probably a more compelling incentive to ace their homework assignments than a standard review session the next morning.

Exactly. Not only that, but when our teachers eventually hold assessment tests to see how the students are retaining all this new information, we see very positive results. And that's extremely important when you think about the standardized testing that these students are going to negotiate; testing that will affect their academic future.

What about the students whose career expectations aren't reached by a four-year college education?

I think it's really important to have a dual emphasis on college and career when you're working with young students. Because, like you said, not every career is reached through college. Let's say you want to be a policeman or a pilot. You'll need advanced studies, but not the same as the majority of your classmates. I mean, not everyone can become the president of the United States! If a student says they like to help people, we'll sit down with them and make a list of all the professions they could pursue that would allow them to help people. And from there, we help each student work towards a higher education that applies to their career interests.

Speaking of the future, where do you see yourself five to ten years down the road from right now?

Right now, I'm at a point where I've begun to think about starting a family and the joys that come with it. So that will definitely be a priority. Career-wise, I see myself working in politics or international education.

Define "politics".

Dear | Drive All Night

<http://driveallnight.org/2013/06/30/dea>

My ideal career goal – for a long time coming – has been to become the US Secretary of Education. And of course, there are many roads to that point. I could work in Sacramento for the state's standardized testing program, or serve as a superintendent. But ultimately, there are some new ideas and policies I'd like incorporate into the American public education system.

Let's hear some.

Foreign language. I'd like to see it become a mandatory subject in primary education curriculums. Another one, more of a fantasy, ~~would be an extended school day.~~ And when most people hear this, they go, "Ahh! No way!" But here's the twist: you'd extend the school day, and then cut out Friday. That way, students could use that free day to participate in internships, community service, sports...you name it.

That would certainly give students an early leg up in today's job market!

It would! You could almost look at Friday as an "application day." Monday and Thursday can remain devoted to theory, but Friday would allow some real world practicum. Because otherwise, you're likely to still have lots of students getting frustrated with school and dropping out early to go find a job somewhere.

In case any members of President Obama's education department are reading this, are there any other ideas you'd like to throw out there?

Sure – I'd like to see our country increase the value and esteem of the teaching profession. If we impose qualification requirements for educators – and offer them much better salaries than we do right now, we're likely to see a competitive pool of teaching applicants, who will in turn be better teachers for our students. Most of us want the best doctors presiding over us, or the best engineers designing our cities. Why shouldn't we expect the same standard when it comes to the professionals educating our children?

What challenges do you see yourself facing as you move towards your professional goals?

I think relocating will be hard for me. My neighborhood, USC, and my family are very important to me, and while I know that eventually I'll have to move... hopefully to Washington DC one day... it's tough for me to just leave, start a new clique somewhere else, and adapt to an entirely new environment.

Blowing that question open, what challenges do you think Millennials are likely to face as they enter their 30s and 40s?

Of course, employment and healthcare will probably be two of the biggest challenges for most

Follow

Dear | Drive All Night

<http://driveallnight.org/2013/06/30/dea>

But there's always a way to solve challenges, and that's what I think we need to channel our energy into. If you can't find a job that allows you to do something you enjoy and do well, maybe it's time to start thinking about how you could create that job. If I didn't have either of the opportunities I do have for teaching, I'd find like-minded individuals and create a charter school. Or a tutoring program. It's possible to create an outlet for your skills: but it requires a lot of hustling, living within your means, and being very specific about your goals. Write them down or put them in a flow chart if you have to!

I'm especially curious to hear your take on this one: I've asked everyone involved with this project how they identify with the term Millennial and its mainstream connotations. (The entitled, lazy young adult.) What does the term mean to you?

Based on my experience and those of my colleagues...I think "Millennial" means a 21st century individual who's very adaptable and open to new ideas and demands of the times we're living in. It's a very positive word to me. I think the popular, more unflattering definition comes from people our age being studied alongside the next generation of young adults, the ones who are in high school now. Because I've worked with a lot of these students, and some of them do tend to embody the negative Millennial stereotype: you know, sending unpolished resumes via their iPhones and expecting an interview.

Interesting. And troubling too. Why do you reckon that is?

Technology, maybe? Most Millennials didn't have Facebook, Twitter, or smartphones until high school at the *earliest*. I sometimes wonder if all these devices are handicapping the next generation; weakening their initiative. And that's part of my job as an educator - showing high school juniors how to finesse a cover letter with a nice, professional signature, or brainstorming ways that a student could hedge their bets on landing a job they want by networking with the company they want to join, or even doing some volunteer work there *before* applying.

**RESOLUTION OF SCHOOL SITE COUNCIL
OF WISDOM ACADEMY FOR YOUNG SCIENTISTS**

At a meeting of the School Site Council of

WISDOM ACADEMY FOR YOUNG SCIENTISTS
706 EAST MANCHESTER AVE
LOS ANGELES, CALIFORNIA 90001

Duly called and held on the 23rd day of January, 2014, the following resolution was offered, seconded, and adopted.

Summary: The School Site Council of Wisdom Academy for Young Scientists considered the Board of Directors membership of Board Members Carol Lee Tolbert and Sandra Davis. The said board members were elected to serve on the Board of Wisdom Academy on July 26, 2013. The said board members took an oath to consistently strive to promote the best interests of the school as a whole and follow ethical standards. However, since that time, their actions have proven to serve their own interests only and not the interests of the students or the school. The said board members have made gross violations of the Brown Act and their fiduciary responsibility to the organization and children, which has only been a distraction from growth of the school and the enhancement of the educational program to which they originally took an oath to uphold. After thorough consideration the SSC Members resolved that the aforementioned board members actions are not in the best interest of the said organization.

"Be it resolved that the School Site Council of Wisdom Academy for Young Scientists be and is hereby authorized, empowered, and directed to recommend the removal of Board Member and President Carol Lee Tolbert and Board Member Sandra Davis from the Wisdom Academy for Young Scientists Board of Directors on behalf of the parents, students, staff, and friends of the said organization.

Furthermore, all actions taken regarding this matter are in accordance with applicable provisions of laws of the State of California."

hereby certify that the foregoing is a true and correct copy of a resolution passed by a majority of School Site Council Members of this organization on the date specified.

Dear Mr. Cabil and Members of the Wisdom Academy for Young Scientists Board:

Notice of Concern Regarding Student Achievement

The California Department of Education (CDE) released the Annual Performance Index (API) and Adequate Yearly Progress (AYP) Reports for 2012-13 through the Accountability Progress Reporting (APR) website of DataQuest (<http://dq.cde.ca.gov/dataquest/>).

The reports indicate that Wisdom Academy for Young Scientists (WAYS) attained a 2013 Growth API of 768 schoolwide, an increase of 53 points from its 2012 Base. The school also met its growth targets for two (2) of its two (2) numerically significant student groups: Hispanic or Latino (+71) and Socioeconomically Disadvantaged (+53).

WAYS did not make AYP under the No Child Left Behind (NCLB) Act. For 2013, the school did not meet proficiency rate criteria for English-Language Arts and Mathematics school-wide and for one (1) student group in English-Language Arts and two (2) student groups in Mathematics.

The LACOE Monitoring and Oversight Memorandum of Understanding (MOU) states in part:

2.2 Student Achievement Plan

If the Charter School fails to meet API and/or AYP targets school-wide or by numerically significant subgroups, it shall be required to submit a Student Achievement Plan to LACOE according to the following dates:

October 1¹ - Draft Student Achievement Plan

December 1 - Final Student Achievement Plan

The Charter School shall implement its final Student Achievement Plan that sets forth school

¹ For the 2013-14 school year, this due date has been extended to October 25, 2013.

Mr. Edward Cabil, Executive Director
Wisdom Academy for Young Scientists Board

specific goals, how progress towards and achievement of each goal shall be measured, and plans for addressing areas identified as needing improvement. The Student Achievement Plan shall build upon the assessment measures, educational goals, and student outcomes described in the charter petition, and shall provide for more stringent assessment measures, educational goals, and student outcomes than those described in the charter petition. If the final Student Achievement Plan is less stringent than the charter, this shall be considered a material revision to the charter and shall be subject to County Board of Education review and approval. The specific requirements of the Student Achievement Plan are described in Attachment A, Student Achievement Plan Guidelines.

To comply with the MOU, WAYS shall submit a draft of the Student Achievement Plan by **October 25, 2013**.

The May 31, 2005, *Impact of Title I Requirements, under the No Child Left Behind (NCLB) Act of 2001, on Charter Schools* and the subsequent January 11, 2006, clarification letter requires a charter school authorizer to "...work with the charter school to ensure that it has taken the appropriate steps in compliance with NCLB...".

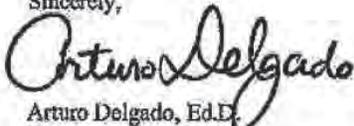

In order to fulfill the authorizer's responsibilities and provide support as needed, please submit a copy of the school's *Single Plan for Student Achievement (SPSA)* or *Single School District Plan (SSDP)*.

In addition, submit a copy of the school's Title I budget to the Charter School Office (CSO) by **November 15, 2013**. LACOE will review the budget to ensure funds are correctly allocated and monitor expenditures to ensure they are aligned with the SPSA/SSDP.

The final Student Achievement Plan and SPSA/SSDP will be submitted to LACOE as components of the Annual Report to the County Board/School Accountability Report Card due to the CSO on **December 2, 2013**.

If WAYS would like technical assistance to complete the Student Achievement Plan or Title I requirements, please do not hesitate to contact the CSO at (562) 922-8806.

Sincerely,

Arturo Delgado, Ed.D.

REPORT TO THE BOARD OF DIRECTORS

Meeting Date:
February 27, 2013

Board Meeting Agenda Item Description:
b. Performance Based 2013-14 School Year Stipends First Half of Year

Recommendation:
Approve the Performance Based 2013-14 School Year Stipends Round One

Background:
Per the Board approved Salary Table for 2013-14 School Year, discretionary performance based stipends are awarded to select employees of Wisdom Academy upon recommendation from the Executive Director.

Implication:
Select Wisdom Academy employees are awarded stipends by performing extra curricular tasks, taking on leadership roles, and good attendance habits. Recognizing these select staff will give them an intrinsic and monetary reward; and furthermore encourage staff to go beyond their call to duty to make a positive contribution to the WAYS community, in efforts to further enrich the lives of the children we serve.

Fiscal Impact:
\$14,600 Expense in Employee Bonuses

WISDOM ACADEMY FOR YOUNG SCIENTISTS
SNAP SHOT SUMMARY OF FINANCIAL CONDITION OF
THE SCHOOL AS OF DECEMBER 31, 2012

- ◆ We received in excess of \$1,000,000 from various State and Federal Agencies that deferred our revenue for 2011-2012 fiscal year. These funds were used to meet the cash flow needs of the school in view of the deferrals of revenue in the current fiscal year 2012-2013. Additionally we used some of the money to pay for former employee settlement of over \$200,000. At the end of December we had cash of \$182,383 and accounts receivable of \$255,458. Our financial statement ratios still show our current ratio (our ability to pay our bills) at seven to one compared with industry average of two to one. The ratio is very good compared to industry average. Our financial health measured by the relationship between our assets and our liabilities is 14 to one, which is way above industry average. This means for every \$1 of liability there are \$14 of assets to cover the liability.
- ◆ For this fiscal year the July payment has been deferred to September and January so there was no payment for the month of July. 60% of August money has been deferred to January so we only received 40% of August money in September. 45% of October apportionment was deferred to January 2013. This means that about \$128,108 is being deferred to January.
- ◆ We had major expenditures in capital outlay specifically the air conditioning.
- ◆ Salaries and benefits is expected to be over budget by about \$30,000 based on the level of spending to date. Books and supplies is over budget by \$38,000 and is expected to be over budget at the end of the year by about \$70,000. Most of the over expenditures are in other supplies, instructional supplies and non capitalized equipment. Management need to review

these line items and revise the budget or cut back in these areas. Our cash flow projection shows that we will be ok given the large receivables received after the end of the year and our line of credit which we are asking the bank to increase to \$750,000 from the current \$250,000.

- ◆ It is however advised to proceed with caution as the state budget picture is still very fluid and may change any time.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
FINANCIAL STATEMENT NARRATIVES
December 31, 2012
(FISCAL YEAR TO DATE)

BALANCE SHEET:

Wisdom Academy for Young Scientists continues to show strong financial position and performance in line with historical records of the school over the past six years. This is an indication that the school is one of the best fiscally managed schools. Some of the ratios indicating strong financial position include current ratio, (the ability to pay current liabilities when due) of 6 to 1 compared with accepted industry average of 2 to 1. Other ratios include coverage ratio of total debt to total assets of 8%, meaning the school can withstand losses in the future without worrying about paying its bills. Finally the financial health ratio, which is the relationship between the school's assets and liabilities, is 13 to 1. The industry average is one or higher.

The accounts receivable balance is \$255,458 which comprises deferred payments related to apportionment and other revenue.

Other Assets represents prepayments of rent, insurance and other expenses.

The book value of the fixed assets is \$463,822.

Accounts Payable and Accrued expenses: This reflect accrued expenses at end of the period.

INCOME STATEMENT:

For the period ending December 31, 2012, Net Income (loss) is (\$559,715) versus budgeted net loss of (\$824,237). The difference is as a result of state deferral of revenues.

REVENUE:

For the period ending December 31, 2012 total revenue is \$1,253,824 this is \$436,336 over budgeted revenue for the period.

EXPENDITURES:

- For the period ending December 31, 2012, total expenses are \$1,813,539. This is \$171k over budget. This is due to timing of expenditures.
- Salaries and Benefits: The School expended \$210k over budget in salaries and benefits. This is due to early start of the school year than expected spending and timing of expenditures.
- Books and Supplies are \$38k over budget for the period. This is because of timing of expenditures. Services and Other Operating Expenses are under budget by \$25k due to timing of expenditures.

WISDOM ACADEMY FOR YOUNG SCIENTISTS
Snap Shot Summary of Financial Condition of the School
As of April 30, 2013

- ◆ The school received (2011-2012) deferred revenue in excess of \$1,200,000 from various State and Federal Agencies. These funds were used to meet the cash flow needs of the school in view of the revenue deferrals in the current fiscal year 2012-2013. Additionally, we used some of the money to pay for former employee settlement of over \$200,000.
- ◆ At the end of April, the school had cash of \$212,131 and accounts receivable of \$432,232. The school's financial statement ratios still show a *current ratio* (our ability to pay our bills) of *3 to one* compared with the industry average of *two to one*. This ratio is very good when compared to industry average. The *financial health ratio* of the school measured by the relationship between assets and liabilities is *10 to one*, which is way above industry average. This means for every \$1 of liability there is \$10 of assets to cover the liability.
- ◆ For this fiscal year the July payment has been deferred to September and January so there was no payment for the month of July. 60% of August money has been deferred to January so we only received 40% of August money in September. 45% of October apportionment was deferred to January 2013. This means that about \$128,108 is being deferred to January. Additionally 31% of February payment which is \$52,100 is being deferred to July, 60% of March (\$100,873) is being deferred to August. 35% of April (58,275) is being deferred to July and 45% of April (74,839) is being deferred to August, 100% of May (\$166,885) is being deferred to July. We will receive only \$214,568 between February and June, while, about \$600,000 of general

apportionment will be deferred to July and August. We also are expecting that the credential issue of one of our former staff person may reduce the amount of our ADA and therefore affecting our funding for this fiscal year.

- ◆ We had major expenditures in capital outlay specifically the air conditioning.
- ◆ Salaries and Benefits are expected to be over budget by about \$30,000 based on the level of spending to date. Books and supplies are already over budget by \$50,000 and are expected to be over budget at the end of the year by about \$70,000.
- ◆ Most of the expenditures are in other supplies, instructional supplies and non capitalized equipment. Management need to review these line items and revise the budget or cut back in these areas.
- ◆ Our cash flow projection shows that the school will be okay given the large receivables received after the end of the year. The school is also currently working with the bank to increase its line of credit from \$250,000 to \$750,000.
- ◆ Management is advised to proceed with caution as the state budget picture is still very fluid and may change at any time.

**WISDOM ACADEMY FOR YOUNG SCIENTISTS
FINANCIAL STATEMENT NARRATIVES
April 30, 2013
(FISCAL YEAR TO DATE)**

BALANCE SHEET:

Wisdom Academy for Young Scientists continues to show strong financial position and performance in line with historical records of the school over the past six years. This is an indication that the school is one of the best fiscally managed schools. Some of the ratios indicating strong financial position include current ratio, (the ability to pay current liabilities when due) of 3 to 1 which is the accepted industry average of 2 to 1. Other ratios include coverage ratio of total debt to total assets of 2%, meaning the school can withstand losses in the future without worrying about paying its bills. Finally the financial health ratio, which is the relationship between the school's assets and liabilities, is 4 to 1. The industry average is one or higher.

The accounts receivable balance is \$432,232 which comprises deferred payments related to apportionment and other revenue.

Other Assets represents prepayments of rent, insurance and other expenses.

The book value of the fixed assets is \$471,677.

Accounts Payable and Accrued expenses: This reflect accrued expenses at end of the period.

INCOME STATEMENT:

For the period ending April 30, 2013, Net Income (loss) is (\$258,742) versus budgeted net loss of (\$961,014). The difference is as a result of state deferral of revenues.

REVENUE:

For the period ending April 30, 2013 total revenue is \$2,796,395 this is \$819,789 over budgeted revenue for the period.

EXPENDITURES:

- For the period ending April 30, 2013, total expenses are \$3,055,136. This is \$117k under budget. This is due to timing of expenditures.
- Salaries and Benefits: The School expended \$22k over budget in salaries and benefits. This is due to the timing of expenditures.
- Books and Supplies are \$57k over budget for the period. Services and Other Operating Expenses are over-budget by \$176k.

Re: Board Resignation.

Dear Jan Isenberg:

In light of recent occurrences, I regretfully submit my resignation from the Governing Board of Wisdom Academy for Young Scientists as of September 30, 2011. I am fully committed to the education of our children, however after the September 16, 2011 meeting I am discouraged by the many attempts from misguided disgruntled parties to dissuade the educational process.

On June 30, 2011, I was asked by the Board President, Board Secretary and the new Executive Director to give the Board ninety days before rendering my decision to resign from the Board. However, at this time I do not see any positive movement in correcting past issues.

The September 16, 2011 meeting was an abusive assault on the Board President. I was so disgusted of by the negative atmosphere I walked out of the meeting with the audience yelling at me from the top of there lungs. When I walked out of the meeting I saw faces of anger and militant behavior by these disgruntled parties. A professional business meeting should not be driven down to this level of misbehaving. The misguided and disgruntled parties involved in this gang warfare are unable to see the big picture of educating our children, what they see is an agenda guided by personal issues.

I wish the school luck.

Sincerely,

Loretta McDonald

Please see my letter of resignation attached.

I am appalled by the behavior and tactics of the former executive director, her family, those members of the board who support this nonsense, and the people who have attended our meetings under the disguise of "concerned parents and friends" who are now forcing a hostile take-over of the Wisdom Academy for Young Scientists. Driven by false promises and misinformation, they do not appear to have the best interests of the students in mind.

Conflict of interest, nepotism, chaos, intimidation, verbal abuse, dictatorship, uncooperative, uncommunicative, misleading, withholding information – these are just a few of the reprehensible strategies that have held the Governing Board of WAYS hostage and prevented an orderly transition for Administrators and students to embrace a new school year.

I wish the best for Principal Alake Watson and Principle Lawrence Wynder, and the Faculty of WAYS. I hope that under these circumstances they will be able to impart a sense of peace and fairness in the impressionable young minds of their students.

RE: LETTER OF RESIGNATION

Dear Jan Isenberg,

I am deeply troubled by the conflict and chaos displayed by the founder and former executive director of Wisdom Academy for Young Scientists who continues to be a disruptive force against the Executive Director's, Administrators' and Governing Board's every attempt to move forward for the betterment of the students, faculty and administrators we are charged to support.

The founder prefers to meddle and manipulate rather than comply with the decrees of the authorizing agency, while quoting the Brown Act to us as if she believed in its principles.

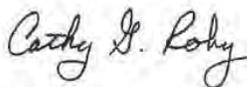

Instead of coming forward in a community spirit for the good of the students, Okonkwo and her supporters prefer to steamroll over established Charter Rules with in-your-face verbal abuse.

The entire situation is appalling.

There can be no orderly transition in this climate of discord. As a volunteer who has already invested excessive time, energy and personal resources to fight this unending battle - to the extent that I jeopardize my own livelihood and now fear for my own personal safety as well as that of parents with young students at meetings-turned-violent - I see that to continue in this vein is an exercise in futility.

As the Board elected Treasurer, I refuse to lend my name to this madness and misconduct. Therefore, I hereby submit my resignation effective immediately.

Yours truly,

Cathy G. Roby
WAYS Board Treasurer

Hello all,

Please see attachment.

At this juncture I must submit my letter of resignation effective immediately from the Wisdom Academy for Young Scientists Governing Board. In light of the present situation of gang-like attack on board members, outbursts of disruptive behavior, just plain lack of civility, respect, and responsibility brings me to this conclusion.

I wish WAYS all the best in their endeavor to empower good, responsible, educated leaders of this global world and growth for a brighter future for our youth, our legacy.

To: Jan Isenberg, WAYS' Administration and WAYS' Board of Directors

The role of an educational board member is such a serious undertaking and requires commitment and dedication to the system of making sure our children's learning is always at the forefront. The future of the school (WAYS) is at stake and the board is the essential element in assuring the mission of the school is carried out. A board needs information to perform effectively and committees need forming to operate efficiently. The ability of a charter school to carry out its mission and vision depend on the strength of its organizational foundation. A critical element of this foundation is the charter school board itself—it is important to the health of the charter school and its financial base is primary.

When I joined the WAYS' board I witnessed no written description of board roles and responsibilities (there were two members who performed many functions and wore many hats)—no R&Rs in place at the time; there was no Board Development Committee supported by the full board of directors (there were only two functioning members); no recruitment priorities based on analysis of current board and future skills and knowledge assessed; no formal orientation training sessions offered; no written board manual in place; no annual board self-evaluation process in place (was not sure of the process by which the annual review of administrators performance were assessed); well written charter school bylaws and other governance documents; commitment to and active role in strategic planning, and more could be named.

There's no getting around it—it takes time to build an effective charter school board; and, the investment of time and energy creates a board that becomes a self-renewing resource that adds value to the charter school—these are my beliefs as a qualified member and this is what I envision coming on as a WAYS Board member. Learning to govern well requires effort and dedication and is a matter of consistency and discipline.

One of the roles of the board is to ensure a safe and appropriate educational environment is provided to all students and another major role is to set policies and procedures and follow-through. These tasks require a cohesive and strong board with emphasis on supporting the school and its mission to empower students to be all that they can be for successful citizens in a global world.

At this juncture, I can no longer give of my time (As a volunteer board member I have not missed a board meeting since inception), expertise, knowledge, and energy to meetings that are disruptive, chaotic and forced fed with manipulation, hate, and bitterness. Manipulations are not a good practice and I will not be manipulated. The meetings are now appalling and stressful—they are abusive assaults on board members—I am beginning to fear for safety—meetings are not in a spirit that is "forward moving" for the good of the students, families, and community. Our efforts should be about supporting the school and its mission to empower children to become leaders. In light of the present situation at WAYS (gang warfare- like meetings, misguided, disgruntled parties, and personal issues even though they are not on the agenda)-and due to the nature of the many conflicts still in existence, I regretfully resign my position on the WAYS board effective immediately.

Best regards,

Adell Walker

To Whom It May Concern,

Please accept my immediate resignation from the Board of Directors for Wisdom Academy of Young Scientist, as Vice President of the Board. It is with great sadness that I must tender this letter.

I wish the best for Principal Alake Watson and Principle Lawrence Wynder, as well as the children, parents, faculty and staff of WAYS. I hope the school and the board members are able execute a professional, positive, nurturing and encouraging environment in which everyone involved learns, grows and develops into positive, enlightened community leaders.

My best wishes to you, Mr. Cabil. As Executive Director, you have taken on a serious responsibility. I know you are well qualified for the job. I pray that you continue to act with the same integrity, resilience and consideration, I briefly witnessed during my short tenure.

To the Board, I wish you the best as well. Please don't just sit in your chairs and attend a meeting once a month. Go to the school; engage the students, parents and staff. Watch, listen and learn.

To the students. Take every opportunity afforded to you. Never let anyone or anything stop you from achieving your dreams! You are a blessing and a miracle! You are worthy and you have the world at your fingertips! Reach for the stars and you just may grab hold of the universe! It's your choice, win it all or lose everything for fear of taking a chance on yourself! Be a Winner!

Due to the extreme disfunction created by non participating or some participating board members who serve only to stir up chaos and dissention, the ignorant and judgmental thought processes of a large sum of misguided parents, and a the flat out lack of support which created an environment so negative that in one day this school lost two board members and the current Executive Director (Michael Cureton). Prior to that WAYS had already been red flagged for a conflict of interest that should have been obvious to any person who bother to read the elements in the definition of Conflict of Interest.

I maybe could have handle some of those things, and still been able to function. However, the combination of all of these things with the understanding that this experience is the same ,day in...and day out, which makes any type of positive steps forward not possible.

It is with this knowledge that I realize what I came on board to accomplish here, can not be done here, and WAYS will remain in disarray no matter how much time passes because they only want to enforce what they want but WAYS is not sensible enough to realize that is not what they actually need (There is an obvious difference between the two).

Effective immediately I am resigning from my position on this board (Wisdom Academy of Young Scientist). I am not the first person to resign and it is my belief that I will not be, the last.

Good-bye and Good-luck,

Alexandria Love"

Ms. Brady,

I'm responding to your email below and your follow up letter of yesterday's date, which you sent directly to Ed Cabil at WAYS. As you know, this office represents WAYS. Thank you for notifying WAYS that the records requested from LACOE on April 13 will be available June 23 (per your letter yesterday).

WAYS' April 13 letter requested inspection of documents, but also copies of all electronic records in native format. As you know, there is no duplication cost associated with electronic records in native format (because by definition they are not printed), so we ask that you transmit all such records electronically to us, or make available for electronic file transfer. We would like to review those electronic records in advance of reviewing records that are not contained in electronic format (hand written notes, etc.)

Because you have stated that all records will be available June 23, we understand that to be your confirmation that LACOE will transmit all electronic records on that date. If a file transfer is necessary for the native format records (email, .pst files, etc.), please let me know how you would prefer that to occur. Worst case, we can provide a flash drive for you to upload the records.

For the video records we requested, please let us know what format they are contained in. We can either copy to DVD, CD or other media depending on the format. At your convenience, we can have a service copy the video files and other native format materials from a drive at LACOE on June 23.

Thank you, and I look forward to hearing from you soon.

Re: Wisdom Academy for Young Scientists ("WAYS")

Dear Members of the Board of Education:

LACOE staff's failure to provide us evidence supporting their allegations against WAYS is obstructing our ability to provide the response the Board has requested to the recent Notice of Violation. We are concerned that staff's obstruction is intentional. We urge you to look into this matter, and direct staff to immediately provide us with the as-yet-undisclosed evidence they state "documents" any alleged violation of law or the charter.

Several months ago, LACOE Charter School Office staff sent us a report prepared by the Fiscal Crisis and Management Assistance Team ("FCMAT"). **More than two months ago**, on April 11, 2014, we submitted a Public Records Act request to LACOE in order to review and better understand what evidence FCMAT and/ or LACOE was referring to concerning any allegation of fiscal mismanagement at the school. LACOE staff received our letter April 13, 2014, and replied that the documents requested would not be available for review **until June 16, 2014**. Staff did not explain the reason for the two-month delay. Meanwhile, on May 30, 2014, LACOE staff posted a 32-page staff report (with over a thousand pages of exhibits) that recommended revocation of our charter based on the evidence relied upon by FCMAT in its report, which can only mean that LACOE staff actually has that evidence readily available. On June 16th, we did not receive any of the promised documents. Instead, after you the Board approved a Notice of Violation, we received a letter from LACOE staff unilaterally extending the records production date to **June 23, 2014**. We responded last week to confirm what documents would actually be available, and have not received a reply from LACOE staff.

You, the Board, have asked us for a comprehensive response to the Notice of Violation that addresses all of the issues raised in the staff report by the end of July, and we are working to complete this response and respond to each and every point in the staff report and FCMAT audit. However, we cannot do that when LACOE staff continues to withhold their purported "evidence" from us. For example, the staff report on the NOV states things like, "Based on the evidence presented to FCMAT, there is sufficient documentation to demonstrate that fraud, mismanagement and misappropriation of the charter school funds and assets may have occurred." What "evidence" provides that "documentation?" How is it "sufficient?" Without even seeing the evidence and documentation, it is difficult for us to provide the Board with a response to this statement.

even seeing the evidence and documentation, it is difficult for us to provide the Board with a response to this statement.

Again, LACOE staff's failure to provide us with the documents we have requested is obstructing our ability to provide the response the Board has requested, and we are concerned that the obstruction is intentional. This is especially concerning in light of the Superintendent's recent statement to the press that the FCMAT Report's allegations are "factual". If staff can prepare a 32-page report and the Superintendent can attest to the press that LACOE has documentary "factual" evidence, why is it that LACOE still has not provided WAYS with access to that documentation more than two months after it was requested? We will address that question in our substantive response to the Notice of Violation. Meanwhile, please direct staff to immediately provide the records we requested.

Sincerely Yours,

Re: Public Records Act Request and Demand for Preservation of Evidence

Wisdom Academy of Young Scientists

Dear Mr. Kwan:

Pursuant to the Public Records Act, Government Code section 6250 *et seq.*, this letter constitutes a request for inspection and copying of Los Angeles County Office of Education ("LACOE") public records related to the Wisdom Academy of Young Scientists ("WAYS").

On March 19, 2014, the CSIS Fiscal Crisis & Management Assistance Team ("FCMAT") released a final report on an Assembly Bill 139 extraordinary audit of WAYS performed by FCMAT at the direction of LACOE. That final report is referred to throughout this Public Records Act request as the "Audit," and a copy of the Audit is attached for reference.

We note that for purposes of the Public Records Act, the "records" requested in this letter include both paper documents as well as documents stored electronically, such as electronic correspondence (email), and calendar and contact records. (Gov. Code, § 6252.) "Records" also include any data generated by, transmitted to, controlled by and/or stored on Judy Higelin's or any other LACOE staff member's computers and storage media, such as email, voice mail, text messages, flash drives and video surveillance records. (Gov. Code, § 6252.) We request that you produce electronically stored records in native format.

We request inspection and copies of the following public records pursuant to Government Code section 6253(b):

Dear Mr. Cabil:

Katie Braude

Your public records request received in the Communications Department on or about April 11, 2014 has been forwarded to my office for a response. Your request seeks public records related to Wisdom Academy for Young Scientists from the Los Angeles County Office of Education ("LACOE").

Gabriella Holl

Maria Reza

Thomas A. Saenz

Your request is extensive and requests records related to the audit conduct by the Fiscal Crisis and Management Team ("FCMAT") across thirty-eight categories. Our office is currently researching the relevant documents that fall under the purview of the Public Records Act and that are in the possession, custody, and control of LACOE. All pertinent records will be available for your review by June 16, 2014, in the Downey office of LACOE's Charter Schools Office located at 12830 Clark Avenue. To arrange a time to review the records on or after June 16, 2014, please contact my office at (562) 922-6123.

Rebecca J. Turrentine

If you need photocopies of these documents, please flag the specific documents and arrangements will be made to have them copied. Our cost recovery rate is 15 cents per side for an 8.5 x 11 or 8.5 x 14 page. An 11 x 17 copy is 30 cents per side per page. Checks are preferred and should be made payable to Los Angeles County Office of Education. If there are an extensive number of documents, or our Reprographics Department is unable to complete the copies while you are here, we will forward the materials upon completion of the copying.

Please feel free to contact the undersigned if you have any questions.

Sincerely,

Ms. Brady,

I'm responding to your email below and your follow up letter of yesterday's date, which you sent directly to Ed Cabil at WAYS. As you know, this office represents WAYS. Thank you for notifying WAYS that the records requested from LACOE on April 13 will be available June 23 (per your letter yesterday).

WAYS' April 13 letter requested inspection of documents, but also copies of all electronic records in native format. As you know, there is no duplication cost associated with electronic records in native format (because by definition they are not printed), so we ask that you transmit all such records electronically to us, or make available for electronic file transfer. We would like to review those electronic records in advance of reviewing records that are not contained in electronic format (hand written notes, etc.)

Because you have stated that all records will be available June 23, we understand that to be your confirmation that LACOE will transmit all electronic records on that date. If a file transfer is necessary for the native format records (email, .pst files, etc.), please let me know how you would prefer that to occur. Worst case, we can provide a flash drive for you to upload the records.

For the video records we requested, please let us know what format they are contained in. We can either copy to DVD, CD or other media depending on the format. At your convenience, we can have a service copy the video files and other native format materials from a drive at LACOE on June 23.

Thank you, and I look forward to hearing from you soon.

L.A. County education official responds to series of columns

Posted: Thursday, June 12, 2014 11:33 am

Dear Editor:

While I understand that columnists write opinion, I found Betty Pleasant's remarks inaccurate, disparaging and unsubstantiated.

Her opinions of the Los Angeles County Office of Education's (LACOE) actions regarding the Wisdom Academy for Young Scientists (WAYS) consisted of many personal attacks on our employees who were fulfilling their responsibilities as mandated by law.

One example of inaccurate remarks was her claim that WAYS has an API statewide rank of 10, placing the school at the top 10 percent of all schools in the state. In reality, WAYS had an API statewide rank of three in 2012-13, meaning that compared to other schools around the state, it placed at the bottom 30 percent, according to the California Department of Education's School Accountability Report.

WAYS was granted a conditional charter by the Los Angeles County Board of Education in 2011. There is an expectation by the state that chartering agencies and the schools work in close cooperation. This has not been the case with WAYS, where it has been consistently uncooperative in ensuring conditions that produce the best possible educational experience for students.

Although WAYS has been aware of administrative and financial irregularities over the last three years, the Los Angeles County Board of Education voted unanimously to give additional time — until the end of July — to WAYS to provide a well thought-out, comprehensive response addressing these problems.

Although Ms. Pleasant levels charges of racism at LACOE in regards to WAYS, the central issues are those of occupational fraud and fiscal mismanagement, as noted in a 67-page report prepared by Fiscal Crisis and Management Assistance Team, an independent auditing agency. These findings are factual, not a matter of opinion. This report is available to anyone.

I want to take this opportunity to also address Ms. Pleasant's opinions on Kedren Community Mental Health Centers' decision to relinquish its Head Start contract with LACOE by accepting its separation letter. Issues with Kedren have been significant over the last two years, including suspected fraud and child safety issues.

L.A. County education official responds to series of columns - Los Angeles Wave: Opinion Page 2 of 2

There have been requests for an investigation into LACOE's actions regarding Kedren, and we have always offered our full cooperation. Recently, the Office of Head Start conducted an investigation at the request of Rep. Maxine Waters and found no substance to accusations made against LACOE.

In a letter to Waters the U.S. Department of Health and Human Services noted: "In summary, we are aware of no evidence that LACOE coerced or otherwise acted improperly in terminating its Head Start delegate agreements with federation and LAUL, or with respect to the voluntary relinquishments of agreements by Delta and Kedren."

LACOE worked very hard to help Kedren correct problem areas that were identified as early as 2009, providing \$500,000 in extra funds and more than 18 months of support and expert assistance. Unfortunately, these additional resources did not correct ongoing problems. According to Head Start regulations, LACOE needed to address these issues or risk losing funding for more than 13,000 children we serve in Los Angeles County due to lack of compliance.

The same letter to Rep. Waters also noted: "While we respect your concerns, we are confident that rather than resulting in the loss of student slots, Head Start jobs, and the reduction of access to high-quality early education, the transition to new delegate agencies will improve and expand Head Start services and opportunities in the South Los Angeles community."

We are confident we have followed all necessary steps to protect the quality and integrity of the Head Start program we oversee in the interests of the children and families who depend on these services.

I hope that in publishing this letter the record can be corrected.

MINUTES
LOS ANGELES COUNTY BOARD OF EDUCATION
12830 Columbia Way
Downey, California 90242-2890
Tuesday, June 17, 2014

A Board meeting of the Los Angeles County Board of Education was held on Tuesday, June 17, 2014, in the Los Angeles County Office of Education, LACOE Conference Center, (ECW 606), 12830 Columbia Way, Downey, CA 90242-2890.

PRESENT: Mr. Douglas Boyd, Dr. Reisler, Ms. Katie Braude, Dr. Calderon, Mrs. Rudell S. Freer, and Dr. Rebecca Turrentine

UNCOMPENSATED: Mr. Thomas A. Saenz

OTHERS PRESENT: Superintendent Dr. Arturo Delgado; Administrative staff; Ms. Beatrice Robles, Senior Executive Assistant

PRELIMINARY ACTIVITIES

CALL TO ORDER

Dr. Turrentine called the meeting to order at 3:19 p.m.

PLEDGE OF ALLEGIANCE

Ms. Braude led the Pledge of Allegiance to the Flag.

ORDERING OF THE AGENDA

Dr. Delgado indicated that the changes to the Board agenda included, interdistrict appeals Nos. 5 and 9 had been withdrawn.

It was **MOVED** by Mrs. Freer, **SECONDED** by Ms. Braude, and **CARRIED** to approve the agenda with the changes. There were 6 ayes.

Dr. Reisler asked where a Board member could ask questions regarding the Weekly Board Memo.

Dr. Delgado indicated that any questions regarding the Weekly Board Memo could be asked during the Board Communication portion of the Board meeting. Dr. Delgado indicated that he would take the questions and place on the Board Follow Up document so that these could be captured and responded to.

Dr. Reisler indicated that he would like to have a discussion on some of the items in the Weekly Board Memo.

Dr. Turrentine indicated that it would be appropriate for staff to listen to the question and respond without a lengthy discussion on the item. If at that time the County Board would

Los Angeles County Board of Education
Minutes of June 17, 2014

-2-

like to have a lengthier discussion on an item, the Board could then agendaize the item for a future Board meeting.

APPROVAL OF MINUTES

- May 20, 2014 – Mrs. Freer asked the County Board to consider compensating Dr. Turrentine for her absence from the Board meeting of May 20, 2014.
- Dr. Turrentine asked that the minutes reflect that she did not adjourn the Board meeting on May 20, 2014, and instead, the minutes should reflect that Ms. Braude adjourned the meeting.

It was **MOVED** by Mrs. Freer, **SECONDED** by Mr. Boyd, to approve the minutes with the change. A roll-call vote was taken. Voting yes were Mr. Boyd, Dr. Reisler, Ms. Braude and Mrs. Freer. Dr. Turrentine abstained from the vote. There were 4 ayes. The motion passed.

COMMUNICATIONS: BOARD / SUPERINTENDENT

Mrs. Freer

- Mrs. Freer announced that Mr. Kevin DeLeon (former student of Dr. Jose Z. Calderon), was elected as President Pro Tem for the California Senate.

Dr. Calderon

- Dr. Calderon said that he was really upset by the June 10, 2014, Vergara v. State of California lawsuit decision, where a judge struck down tenure and other protections for teachers, and said it is unconstitutional.
- Dr. Calderon said that this will be his 22nd year taking a group of students to live with farmworkers. In the early years, he took his students to Agbayani Village. He told the history about Agbayani Village and about anti-miscegenation laws that would not allow marriage for Black and Filipino races. The Agbayani Village housed 67 Filipino farmworkers, who have all passed away and the village has been transformed into a National monument. The Village was built by students and Dr. Calderon said that Judy Chu, who is now a Congresswoman, helped to lay down bricks for the village. He invited the County Board and public to the 40th Anniversary of Agbayani Village on Saturday, June 21, 2014, at 11 a.m. in Delano, CA. He said it will be a great celebration of Filipinos and their contribution to the farmworkers.

Dr. Reisler

- Dr. Reisler mentioned that there is a Road to Success Academy Celebration of Learning on Friday, June 20, 2014 at the California Institute of the Arts – Wild Beast Theater. Dr. Reisler shared pictures of the facility, which he was instrumental in funding while he served as the Director of the Mark Taper Foundation.
- Dr. Reisler mentioned the Head Start Annual Student Achievement Findings Results and Outcomes Report information that was provided to the County Board on the Weekly Board Memo on Friday, June 13. He asked how low is low and how that compares to last year's data.

Los Angeles County Board of Education
Minutes of June 17, 2014

-3-

Ms. Benitez and Ms. Woods indicated that LACOE compares the data nation-wide annually. She said that the verbalization to families is less and that this is something that LACOE has been working on with parents to try and get them to use this language in different contexts and in different situations. Ms. Woods said that there is a challenge because you have different students coming in and they are at different levels. In addition, there were different curricula being used with each of the delegate agencies. Ms. Woods said that one of the things they are doing now is standardizing the curriculum and assessment tools used throughout the delegate agencies, which they hope will give them more reliable data. In addition, another area they are working on is strengthening teacher support.

Dr. Reisler asked about the newly released API data and how that is going to affect the appraisal of charter schools.

Ms. Benitez indicated that this is a pilot year for LACOE and that next year, schools will have to provide different assessments that LACOE will accept and that will show student achievement. Ms. Benitez said that for the 2014-15 fiscal year, there will not be any API data from the State. Starting in 2015-16, the State of California will have the Smarter Balanced, which is a state-led consortium working collaboratively to develop next-generation assessments aligned to the Common Core State Standards that accurately measure student progress toward college and career readiness. Ms. Benitez indicated that this will commence in September 2014.

Mrs. Freer

- Mrs. Freer encouraged the County Board to attend Operation Graduation next week, Thursday, June 26, 2014.

Mr. Boyd

- Mr. Boyd indicated that the Operation Graduation event is a great celebration, honoring the educational success of students who are incarcerated and in another type of setting. He said it is a real rewarding experience.
- Mr. Boyd wished everyone a Happy Father's Day and said he had a great Father's Day and hosted a BBQ at his home. He also shared with the County Board a gift tie he received from his family.

Dr. Turrentine

- Dr. Turrentine indicated that on Monday, June 16, she along with Mr. Boyd attended the I-POLY graduation ceremony. She said it was an uplifting experience and really enjoyed the event and the outdoor setting.

Dr. Delgado (nothing to report)

COMMUNICATIONS: PUBLIC

Dr. Stephen Fischer, LACOE Teacher, addressed the County Board on Freedom Schools, RIF, Communications and the "Rubber Room."

Los Angeles County Board of Education
Minutes of June 17, 2014

-4-

Mr. Jason Okonkwo, Director of Finance and Operations for Wisdom Academy for Young Scientists (WAYS), addressed the County Board on requested documents from LACOE. Mr. Jason shared a letter dated June 17, 2014, with the County Board.

REPORTS / STUDY TOPICS

LEGISLATIVE REPORT TO THE COUNTY BOARD

Ms. Pamela Gibbs, Director of the Governmental Relations Office, provided a legislative report to the County Board, including an update on the Superintendent's positions on 2014 legislation.

A discussion by the County Board followed.

Mr. Boyd requested former Superintendent's process on position on legislative bills and how often it was brought to the County Board.

The County Board requested more frequent Position Recommendation reports.

Re: WAYS Public Records Act Request

Dear Ms. Brady:

This letter follows up on your telephone call and our conversation yesterday, as well as your email today.

You stated in our call that LACOE staff provided FCMAT with several large batches of .pdf documents about WAYS. You mentioned some were privileged, but when I asked how they were privileged, you said you had not actually reviewed them to determine which privileges and/or Public Records Act exemptions apply. This is surprising given WAYS' Public Records Act request was made over two months ago, and LACOE staff prepared a 32-page report that recommends closure of the school based on these documents. This is also the first time LACOE has mentioned withholding any records, and that more time may be needed to assemble documents. Again, this is surprising since LACOE has already issued a NOV on these issues. Please provide us with those documents, in their native .pdf format.

You also stated that LACOE would provide WAYS copies of the 32-page staff report on the Notice of Violation, the FCMAT audit report, and the remainder of the 1000+ pages of documents that were attached to the staff report. As you know, we already have these documents, and we do not need LACOE to reproduce them (obviously).

You also mentioned that responsive emails have been deleted, which concerns us since there is pending litigation between LACOE and WAYS. LACOE was aware the FCMAT report would lead to litigation in that LACOE recommended closure of our school based on the report, and in addition, WAYS sent a litigation hold request as part of its Public Records Act request as soon as it reviewed the report. You mentioned deleted emails can be retrieved and turned into .pdf documents. Please do so and produce these emails to us.

As clarification, responsive emails to your request may have been deleted from the user's inbox but have been preserved in other formats. I merely mentioned this because such emails will not be available in their original format but are being produced in the format in which they were stored. Please be advised that no emails and/or other responsive documents have been deleted or destroyed.

Also as clarification, the Los Angeles County Office of Education ("LACOE") does not have the requested video surveillance records in its possession, custody, or control. These records were not produced by LACOE to FCMAT. A written report regarding the video surveillance was provided by LACOE to FCMAT and that report will be produced to WAYS.

As you requested, the records will be produced as available. Flash drives with a portion of the requested documents will be sent via FedEx to your office. Please feel free to contact me with any questions or concerns.

Sincerely,

Re: WAYS Public Records Act ("PRA") Request

Dear Ms. Brady:

Yesterday, we received two flash drives you claimed contained documents responsive to WAYS' April 11, 2014 PRA request. This production was grossly inadequate. One of the flash drives (#2) was corrupt and none of the files could be opened. Moreover, the "folders" on that flash drive were empty. The documents we were able to open on flash drive #1 were *WAYS' own board resolutions, agendas and documents*, and emails from LACOE to *WAYS itself*; documents we clearly already have. When you and I spoke on Tuesday, you asked about emails and I specifically confirmed that WAYS is seeking, in particular, email communications between LACOE staff and FCMAT staff about WAYS, and internal LACOE email communications about WAYS. Where are those documents?

It has been over two months since WAYS' PRA request, which sought 38 categories of documents, and we have a grand total of 23 records from LACOE, *all of which are our own documents*. Half the documents LACOE has produced thus far cannot be opened, and the other half are WAYS' own records, which you must know we already have. This is unacceptable, and is even more surprising given LACOE staff is moving full speed ahead on a revocation of the school's charter based on the issues that are the subject of our 38-category PRA request. In fact, at the LACOE Board meeting where the NOV was issued, LACOE staff pushed the LACOE Board of Directors to *shorten* the timeframe proposed by Board member for WAYS' response to the NOV. Now, it is midway through our time to provide a response and we still have absolutely no substantive documents. This is unacceptable and we believe it may be intentional.

I was also very surprised to read your letter dated June 18, 2014 in which you stated that LACOE does not have the video surveillance records we requested in its possession, custody or control. When you and I spoke on the telephone June 17, 2014, we discussed these video surveillance records at length. You specifically stated that LACOE has the video surveillance records on DVD. In fact, you and I went back and forth about whether the records could be

produced on CD or DVD, and whether you would provide a copy or whether we should be prepared to duplicate LACOE's own DVD. How did LACOE lose "possession, custody or control" of the DVD since we talked? If LACOE does not in fact have its own DVD surveillance records, who does have "possession, custody or control" of them? If they were destroyed, such act would clearly violate the litigation hold request WAYS sent as part of its April PRA request.

At this point, I believe it may help to lay out (again) the records WAYS is seeking and has not yet received. Below is a list of the records sought in our April PRA request, which we have *not yet received*. Most of these records are explicitly referenced by LACOE staff itself, and some we have actually observed in staff's possession (such as binders). We believe they are immediately available to you. For example, in our telephone call June 17, 2014, you told me that LACOE provided FCMAT with several large batches of documents, documents you said were too lengthy to email. We received a grand total of 23 of our own records on the flash drives you produced, which clearly do not comprise "several large batches of documents too lengthy to email." WAYS has only a few weeks left to respond to the allegations made to the LACOE Board by staff, and it is egregious for that same staff to withhold records directly relating to those allegations. Please produce these documents immediately so that we may avoid judicial intervention.

1. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 1 of the Audit that LACOE "received allegations of multiple fiscal irregularities . . . at WAYS charter school."
2. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 1 of the Audit that LACOE "received allegations of . . . questionable expenditures . . . at WAYS charter school."
3. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 1 of the Audit that LACOE "received allegations of . . . inappropriate related-party transactions at WAYS charter school."
4. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 3 of the Audit that "county staff cite . . . [that WAYS] management is unresponsive to reasonable requests for timely financial information for supporting documentation regarding implementation of the WAYS policy and procedure regarding internal control over credit card usage."
5. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 3 of the Audit that "county staff cite . . . WISDOM ACADEMY FOR YOUNG SCIENTISTS

Re: Wisdom Academy for Young Scientists' Response to Notice of Violation

Dear Members of the Board of Education:

At the June 3, 2014 Los Angeles County Board of Education ("County Board") meeting, you asked the Wisdom Academy for Young Scientists ("WAYS") to provide a detailed, comprehensive response and backup materials for each and every issue raised in the Notice of Violation ("NOV") drafted by LACOE staff. This letter and the enclosed three binders of extensive documentation provide you with that response.

We have reviewed each and every page of evidence identified by and attached as an exhibit to the NOV,¹ as well as all the "backup" documents we received from FCMAT and LACOE staff in response to our Public Records Act requests. LACOE staff have *not* provided substantial evidence of any current, uncured, material violation of law or charter at WAYS that could support revocation of the charter. For each and every "violation," LACOE failed to produce evidence that either: (1) a "violation" actually occurred; or, (2) the violation has not been cured. The burden to produce substantial evidence demonstrating actual violations of law or the charter is placed solely upon LACOE—there is no evidentiary burden for WAYS to *disprove* LACOE's allegations. In any event, WAYS has gone above and beyond what is required, and provides to you ample evidence demonstrating the inaccuracy of LACOE's allegations. The bottom line is that there is no "violation", and WAYS asks that you acknowledge that this matter is closed pursuant to Code of Regulations section 11968.5.2(d)(2).

You provided us additional time for this response beyond LACOE staff's recommendation, and we want the County Board to know we have used that time to not only prepare this comprehensive response, but to take additional steps to bolster our school's leadership and operations, which include:

¹ Upon inspection, the 1,000+ pages of "evidence" LACOE staff attached as exhibits to the NOV are primarily: WAYS' Board meeting minutes (which LACOE has received on a regular basis for the past three years) and materials; and printouts of LACOE staff's Google searches, such as an obituary announcement for a person who apparently was a distant relative of former Director of Operations Jason Okonkwo, and screenshots of Vice Principal Deara Okonkwo and the Innovative Ways Academy website. The poor copy quality is a result of LACOE staff's poor photocopying.

- The addition of two new, experienced board members to the WAYS board of directors (added on July 23, 2014) (Exhibit 1);
- The recruitment of a new Executive Director, holding board interviews on July 23 and 30, 2014. The Board expects to select a final candidate in August, subject to completion of background check and finalizing contract terms;
- The proposal of an updated Executive Director evaluation policy and procedures (draft enclosed as Exhibit 2); to be adopted by WAYS board of directors upon review by LACOE);
- The consideration of a contract with Celerity, an experienced and highly-regarded charter school operator and consultant, for school educational support services such as WAYS board meeting and Brown Act compliance support, assistance in vendor selection and management, guidance and oversight on relations with LACOE staff, and technical assistance to WAYS for its instructional school leadership, management and operations (Celerity also provides these services to the successful, LACOE-authorized Celerity Sirius charter school and others) (draft enclosed as Exhibit 3 & Exhibit 30.)
- The decision on July 30, 2014 to hire Charter School Management Services to serve as the school's back office services provider. CSMC is one of the largest providers of such services to charter school;
- The recruitment of candidates to fill Jason Okonkwo's former position was successful and WAYS has hired a new Director of Operations. WAYS is exploring the possibility of hiring a Co-Director of Operations whose primary responsibility will be to oversee compliance with the school's financial policies and procedures to ensure proper implementation and effective internal control;
- The purchase of the school's 706 E. Manchester site, to alleviate LACOE staff's perceived albeit unfounded concern about the school's lease of the property from its owner, former WAYS employee Kendra Okonkwo (currently in escrow);
- The organization of a full-day WAYS Board training to train board members on governance issues (such as Brown Act, conflicts of interest, charter school best practices), and discuss the school's strategic plan and direction (scheduled for August 2014); and
- The preliminary resolution of the arbitration proceeding pending between LACOE and WAYS, which resolves what LACOE staff believed were inconsistencies between the charter, the MOU, and WAYS' operations. (Exhibit 66.)

These steps are in addition to the additional actions WAYS took *prior to* June 3, which were inexplicably *not* reflected in the LACOE staff report for the NOV, such as the WAYS Board of Directors' adoption of financial policies and procedures that LACOE's Controller Zak Memon

(on behalf of Superintendent Delgado) stated would cure any lack of internal financial controls at WAYS.

The steps WAYS has taken, coupled with the responses in this letter and the evidence in the enclosed three volumes of documentation, fully and completely respond to the NOV. The evidence demonstrates that there are no current, uncured conflicts of interest or violations of law or the charter.

As we have shared with the Board in part, for years now WAYS has been subjected to unfair treatment and retaliation from the LACOE Charter School Office staff, which we believe is because a few LACOE staff members dislike and hold contempt for the school's founder Kendra Okonkwo, her family, the thickness of her accent, and the color of our leaders' skin. These few LACOE staff members have *dramatically* departed from the normal procedures and business practices LACOE uses for its other twelve charter schools, and we believe it is important for the County Board to be aware of this. The discriminatory treatment by LACOE staff has detrimentally impacted WAYS students, parents, staff, former and current board members and our entire community in South Los Angeles. We want to work with LACOE staff to move forward under our charter, and we believe we can do so. In the past weeks in particular, we have worked with LACOE staff members Judy Higelin and Courtney Brady to resolve the arbitration between WAYS and LACOE, and to keep LACOE staff informed and on board with the changes at WAYS outlined above. However, we also want the members of the Board of Education to understand the hostile climate LACOE staff has created for WAYS in the past years since approval of our charter:

- *Each and every time* LACOE Charter Schools Office staff members have arrived at and entered our school during regular school hours over the past three years, they are accompanied by armed bodyguards, presumably to protect them from our K-5 elementary students. We have learned LACOE does not bring firearms when they visit other schools. LACOE's message to our children and community is that they are perceived as dangerous criminals. Our students, teachers, staff, parents, attorneys, consultants, community members and board members, WASC accreditation staff, LAUSD Employees, Assistant Senior Deputy for Education and Public Safety to Los Angeles County Supervisor Mark Ridley-Thomas—all attend or visit our school *without* armed bodyguards. We have *never* experienced an incident of violence at WAYS, and even LACOE staff's own notes reflect that our school is a safe environment with a "secure front entry" where "visitors must ring a doorbell and be buzzed into the main office" and there is "a security guard that is on duty at the location." (Exhibit 4, WAYS000026.)² LACOE staff's use of public funds to hire armed bodyguards for WAYS visits—and *only* WAYS visits—is unlawful, discriminatory and offensive. It has become intolerable. Worse, LACOE staff Judy Higelin actually *delights* in her offensive treatment of our African American and Latino youth. She bragged to staff at the Alameda County Office of Education that "We get to go with an armed guard," and the recipient responded "Pretty scary stuff." (Exhibit 5, WAYS000029.)

² We have periodically provided bates numbers to specific exhibit pages for your convenience.

h

- On May 15, 2013, Judy Higelin met with WAYS' Executive Director Ed Cabil and stated that LACOE staff believes WAYS should hire a Latino administrator because "Latino parents want to see the face of the community!"—implying that the school's administration should be Latino/a and not African American. (Exhibit 6, WAYS000032.) We note we are the *only* remaining African American operated public elementary school in South Los Angeles.
- The LACOE Charter Schools Office paid a private eye to follow and videotape a WAYS staff member (Vice Principal Dr. Deara Okonkwo) on at least 16 occasions without her knowledge and without County Board approval—a tactic we do not believe LACOE employs with its other charter schools. (See Exhibit 16, WAYS000144.) We requested the video surveillance records by a Public Records Act request on April 11, 2014. (Exhibit 7.) After over two months of delay, our attorney Greta Proctor spoke with LACOE attorney Courtney Brady on the telephone June 17, 2014, and discussed these video surveillance records. (Exhibit 8.) Courtney Brady specifically stated that LACOE did in fact possess the video surveillance records "on DVD", and in fact specified the records could be produced on DVD versus CD, and that LACOE would provide a copy rather than requiring WAYS to duplicate LACOE's own DVD. Then, on June 18, 2014, Ms. Brady recanted and cryptically stated that LACOE did *not* have "possession, custody or control" of the video surveillance records. (Exhibit 9, WAYS00045.) LACOE staff could not have lost "possession, custody or control" of the DVD—LACOE is explicitly relying upon it as evidence in the NOV (and FCMAT report). If LACOE cannot produce this "evidence" for review, please remove all reference to it from the NOV.
- The LACOE Charter Schools Office spent \$18,000 in scarce public dollars for a witch hunt directed at the WAYS founder's family by the Fiscal Crisis and Management Assistance Team ("FCMAT"). The FCMAT audit intake form, which LACOE filled out when it hired FCMAT, reveals that the audit was *not* initiated to correct financial mismanagement *at all*. Rather, LACOE explicitly stated its purpose to target and persecute the school's founder Kendra Okonkwo and her family, and to manufacture the appearance of grounds for revocation. (Exhibit 13.) On the intake form, LACOE staff recklessly reported to FCMAT that there was "evidence of" breach of fiduciary duty and conflict of interest, and "possible" evidence of ludicrous crimes such as "extortion", "mail and/or wire fraud", and "conspiracy". LACOE staff listed the "Okonkwo Family" as "co-conspirators" and "suspects." (Exhibit 13, WAYS00063.) (Most of the family members have never even been involved with this or any charter school, but were "investigated" anyway.) FCMAT informed WAYS that it performed private background checks on *six* members of the "Okonkwo family" whom LACOE specifically accused of "fraud". Only Deara, Jason and Kendra Okonkwo have *ever even* worked at the school. It concerns us that three additional "Okonkwos" were accused by LACOE staff and investigated by FCMAT. ***The audit did not find evidence that any fiscal mismanagement occurred at all, or is occurring at WAYS, by any member of the Okonkwo family or anyone else, much less any crimes such as extortion, fraud or conspiracy.*** The NOV claims both Deara Okonkwo and Jason Okonkwo have "conflicts of interest," related to the school, even though both have been *specifically cleared of any such conflicts*. (See,

h

e.g., Exhibit 10, WAYS000054 [letter from FPPC to Jason Okonkwo dated July 18, 2014 stating FPPC has “closed its file” on any potential conflicts of interest].)

- After the FCMAT audit, WAYS had to *specifically request* that LACOE comply with Education Code section 1241.5(c), which *requires* the LACOE Superintendent to present recommendations to the WAYS board of how to respond to the audit. Our request apparently stumped LACOE staff. In an email dated March 25, 2014, Judy Higelin asked for advice from a friend at the Alameda County Office of Education: “Staff is being tasked with preparing the report to the WAYS Board on the FCMAT Audit. We cannot find any sample.... Do you have anything we could use as guidance?” “Do you by chance have a copy of the [] report that was delivered for us to model after?”³ (Exhibit 5, 000029.) Clearly, LACOE staff ordered the FCMAT audit to amass “evidence” against WAYS for revocation; it had not even *considered* that the FCMAT report should be used to *improve* the school as provided by the FCMAT statutes.
- LACOE staff refuses to acknowledge that the WAYS charter document itself was approved by the County Board. After the County Board approved WAYS’ petition on June 7, 2011, LACOE staff asked WAYS to revise the charter petition in several areas as a “condition” of approval. WAYS attempted to do so in good faith and on numerous occasions, but each time WAYS submitted a redlined draft to LACOE staff, the draft was rejected without any insight or direction as to what LACOE believed was amiss. This has made it impossible for WAYS to comply with LACOE staff’s demands—it is reminiscent of the old voter literacy tests in the Jim Crow era. WAYS complies with the charter *as it was approved by the LACOE Board of Education*, yet LACOE staff expects compliance with conditions not yet memorialized in any final charter document. Ms. Okonkwo requested a copy of WAYS charter from LACOE staff, and LACOE staff responded that “There is not a public document that responds to your request.” (Exhibit 11, WAYS000056.) Noticeably, LACOE did *not* include copy of the school’s charter as an exhibit to the NOV. We believe this issue has recently been resolved, or soon will be as part of an arbitration proceeding initiated by LACOE. But for purposes of this NOV response, LACOE’s actions pose a technical problem for itself in that the parties must refer to compliance with a charter document *that LACOE staff states does not exist*.
- LACOE staff has had preconceived but incorrect notions that “illegal” activities were taking place at WAYS before our charter was even approved by the County Board. That is why LACOE staff recommended denial back in 2011. FCMAT recently provided us evidence that *before* LACOE became WAYS’ charter authorizer, a LACOE staff member contacted the Los Angeles District Attorney’s Office accusing Kendra Okonkwo of an alleged conflict of interest and demanding an investigation—*the very same* LACOE staff member who urged the County Board to deny the charter. (Exhibit 12, WAYS 000059.) The DA’s response was only that the matter was

³ That “model” was for revocation of an Oakland area charter school called “AIMS” for fiscal mismanagement. Earlier this month, a Superior Court judge overturned that “model” and restored the AIMS charter school.

h

“currently open” at that time. But the issue was never pursued by the DA. Rather than accept the DA’s conclusion that there was no illegal activity occurring at WAYS, LACOE staff has continued to press for more inquiry, more investigation, and contrary to all evidence, has refused to let go of the idea that “something illegal” must have happened at WAYS. In one instance reported by a former WAYS board member, the former Charter School Office Coordinator, Janis Isenberg, expressed her suspicion about how Mrs. Okonkwo accumulated real estate and ran a successful charter school “if she could not even speak English correctly.”

In short, these abusive conditions and the constant game of “hide the ball” by LACOE staff has made it difficult for us to work with them. We believe the County Board has only heard one side of the story about WAYS from LACOE staff. We hope this letter provides the other side, and provides the careful response necessary for the Board to see that WAYS continues to successfully serve our community, continues to improve, and should remain open to ensure that the interests of WAYS students prevail. We look forward to working with both LACOE staff *and* the Board of Education in the future in that regard.

I. LACOE FAILED TO FOLLOW THE CORRECT STANDARD IN ISSUANCE OF THE NOV

LACOE staff cites violations of Education Code sections 47607(c)(1)(A)⁴ and 47607(c)(1)(C)⁵ as the basis for the NOV to revoke the WAYS charter.

Before revocation, Sections 47607(d) and (e) require LACOE to provide the school with a written notice of “*facts in support of revocation*” and “*a reasonable opportunity to remedy the violation.*” LACOE has not complied with these procedures. The “facts” cited by LACOE in the NOV do not support revocation of the WAYS charter because they are (1) false and unfounded, as demonstrated by LACOE’s own evidence, and WAYS’ enclosed evidence, or (2) to the extent they are true, they have already been fully cured, most many years ago, *or were never a violation of law or the charter in the first place.* Importantly, the NOV fails to identify what WAYS could do to “remedy” the violation to LACOE’s satisfaction. Unless there is a meaningful opportunity for WAYS to remedy the violations to LACOE staff’s satisfaction, then the NOV is a sham and violates the revocation procedures in the Education Code.

Section 47607(c)(1) requires that in order to revoke a charter, the charter authorizer must find that “*substantial evidence*” supports a determination that the school violated the law or charter. “Substantial evidence” means evidence “of ponderable legal significance” that is at least “reasonable, credible, and of solid value.” (*JKH Enterprises, Inc v. Dep’t of Industrial Relations* (2006) 142 Cal. App. 4th 1046, 1057; *Beck Development Co. v. Southern Pacific Transportation Co.*, (1996) 44 Cal. App. 4th 1160, 1204.) The phrase “substantial evidence” “cannot be deemed synonymous with ‘any’ evidence.” (*Id.*) It must actually be *substantial* proof of the essential

⁴ All references to statutes in this letter are to the Education Code unless otherwise specifically noted.

⁵ LACOE staff actually cited 47607(c)(3) and 47607(c)(1), yet 47607(c)(3) does not exist. For the purposes of this letter, WAYS assumes the proper sections are 47607(c)(1)(A) and 47607(c)(1)(C).

elements which the law requires to be proven in a particular case—here, that there exists a current, uncured, material violation of law or charter at WAYS.

The NOV, issued by the County Board, must convey and provide the “substantial evidence” that LACOE has relied upon so WAYS has a reasonable opportunity to remedy the alleged violations. We have reviewed several thousand documents in our compilation of this response: the entire record of exhibits to the NOV, documents produced by LACOE staff, documents produced to us directly from FCMAT, and our own files. We invite the County Board to review the same record. There exists *no* “substantial evidence” in the record to support a revocation of the WAYS charter. Many of the “facts” in the NOV are actually conclusory statements from the FCMAT report, which turn out to be regurgitated conclusions of the LACOE staff itself presented to FCMAT when it asked for the audit. For example, LACOE expressed their concerns about WAYS to FCMAT on the intake document, which mentions “payment to founder (250k) w/out proof of payment being owed” and “Daughter working for another company while employed (also conspiracy).” (Exhibit 13, WAYS000062.) These circular conclusions are not “substantial evidence.” Several of the exhibits attached to the NOV are incomprehensible printouts of webpages taken from a Google search with no apparent relevance, such as 21 pages of screenshots from the “Innovative Ways Academy” website, which LACOE staff appears to assert is the evidence that the vice-principal of WAYS was not fulfilling her regular contracted hours of work. (See Exhibit 14.) For each and every “violation,” LACOE failed to produce evidence that (1) the violation actually occurred, or (2) the violation has not been remedied. Again, the burden to produce all such evidence is on LACOE; the burden is *not* on WAYS to *disprove* the claims made by LACOE.

We remind the County Board that “[t]he chartering authority *shall not* revoke a charter, unless it makes written factual findings *supported by substantial evidence*, specific to the charter school, that support its findings.” (Ed. Code § 47607(e).) We believe the item-by-item responses in Section III of this letter (which tracks the format of the NOV), as well as the attached documentary evidence, demonstrate that LACOE cannot meet the evidentiary burden required to revoke a charter.

II. BACKGROUND INFORMATION AND TIMELINE OF EVENTS LEADING TO THE NOV

The NOV contains numerous inaccuracies and omissions in the “evidence” cited in support of the NOV and ostensibly revocation.

The NOV discusses a Notice of Concern issued to WAYS by LACOE’s Superintendent on December 20, 2013. The NOV claims that WAYS failed to timely respond to the Notice of Concern, and notes that LACOE received separate responses from (1) a single WAYS board member, and (2) the WAYS Executive Director and the rest of the WAYS board. However, the NOV fails to note that LACOE staff sent the Notice of Concern to *a single* WAYS Board member (Carol Tolbert) *at her personal residence in Oakland, CA and her personal email address* only—not to the school’s address of record. The MOU imposed by LACOE specifies how notice is to be provided—and LACOE *failed to follow that process*. At the time the Notice of Concern was issued, WAYS’ Executive Director and board members had informed LACOE staff that Board member Tolbert had been performing poorly and not acting in the best interest of

the school. The Executive Director further informed LACOE staff that Ms. Tolbert might be removed by the other board members in accordance with the bylaws. Despite this information, LACOE staff failed to provide the Notice of Concern to the school's address as required under the MOU between LACOE and WAYS, so WAYS did not receive the transmission until three weeks later on January 14, 2014. Instead, LACOE staff actually sent the notice *only* to the "rogue" member herself—who was later removed after demand from the community.⁶

The Notice of Concern stated it was based on "complaints" LACOE received about WAYS, and the NOV similarly refers to those "complaints", but provides no specifics. We have reviewed *all* the evidence provided by LACOE and it turns out that those "complaints" are constituted solely by one single email from Ms. Tolbert addressed to Mr. Cabil—nothing else. (Exhibit 15.) In the email, Ms. Tolbert stated her grievances with Mr. Cabil. The letter was not addressed to LACOE, nor was it sent to LACOE as a "complaint" intended for LACOE's consideration.

As to the timeliness of WAYS' response to the Notice of Concern, the Notice demanded that WAYS submit a plan of action to LACOE by January 20, 2014—an arbitrary deadline *which ironically happened to be Martin Luther King, Jr. Day*, a national holiday on which even LACOE offices were closed. WAYS submitted its response and plan of action the day after the national holiday, on January 21, 2014. Any reasonable 21st century American should find it absolutely outrageous that LACOE staff would cite this one-day-delay as a reason to revoke the charter of the only African American operated public elementary school in South LA, especially when the Notice was never actually transmitted to the school in the first place.

III. WAYS' ITEM-BY-ITEM RESPONSE TO GROUNDS AND EVIDENCE CITED IN NOV

a. RESPONSE TO ALLEGATION OF FAILURE TO MEET GENERALLY ACCEPTED ACCOUNTING PRINCIPLES OR ENGAGEMENT IN FISCAL MISMANAGEMENT (ED. CODE § 47607(C)(1)(C).)

This section of the NOV relies on the FCMAT audit report to substantiate claims that WAYS either failed to meet generally accepted accounting principles, or engaged in fiscal mismanagement. The entire basis for this portion of the NOV is the statement made in the FMCAT report that:

"There is sufficient documentation to demonstrate that fraud, mismanagement, and misappropriation of the charter schools funds and assets ***may*** have occurred."

(Exhibit 16, WAYS000151 (emphasis added).) WAYS has been trying for several months to discover what LACOE's general allegations of "fraud, mismanagement and misappropriation" specifically refers to. LACOE staff have been vague and/or non-responsive to our requests. ***There has never been any fraud, misappropriation, theft or any misuse of public monies at WAYS.*** We have asked both LACOE staff and FCMAT for *evidence* of any misuse of the

⁶ LACOE's Notice of Concern was based upon an email communication between Ms. Tolbert and Executive Director Ed Cabil. It was not a complaint or even a communication addressed to LACOE.

charter school's assets, and have not received any such evidence. FCMAT did *not* actually make *any* factual finding of any wrongdoing by WAYS in its report. The conclusion that fraud "may" have occurred is unhelpful, and could be said about any school, agency or business. Without *any* evidence, much less "substantial evidence," this conclusion is certainly insufficient to support a revocation.

i. WAYS Has Implemented New Policies And Procedures And Is Recruiting New Management Personnel To Strengthen Its Internal Controls

The FCMAT audit report recommended that WAYS improve its fiscal policies and internal controls, and WAYS has already done so (weeks before the NOV was issued) at the direction and with the approval of LACOE's Controller. Yet the NOV alleges that WAYS lacks effective internal controls. The NOV and the FCMAT report fail to identify how WAYS could further "cure" its internal controls beyond the new, enhanced fiscal policies and procedures it has already adopted.

On April 25, 2014, LACOE Controller Zak Memon presented *the official* Superintendent's report and recommendation to the WAYS Board arising from the FCMAT report, as is required by Education Code §1241.5(c) ("the county superintendent shall report the findings and recommendations to the governing board of the charter school at a regularly scheduled meeting.") The Superintendent's recommendations are as follows in their entirety, verbatim from Mr. Memon's report (emphasis added):

"As we all know that LACOE Superintendent had sent a letter to FCMAT to conduct the audit of the school and the audit was conducted and a report was presented to us, which we are here today to the present to the board here. The report, if I look at it, several pages has so many transactional findings that they report, but I think that you have taken an excellent step today, by what the bottom line of the report is, and that is the fiscal policies. Because all it **boils down to is the fiscal policies** [inaudible word], and this is an excellent step that, is a very good first step in the right direction that this is what it's all about. **Because this report primarily talks about two things: one was the fiscal policies and procedures** [inaudible word], **and the other was the internal controls.** So obviously, once we have the fiscal policies approved and implemented, then fiscal controls will come in. As I was looking at this report, that was to be the bottom line. I'm a CPA, I was an auditor before, and the reason I believe what they have done in this report, that they went through several transactions, is to substantiate and say that **we need to strengthen the internal controls, and we need to revisit the fiscal policies, which Halilu has done today, and of course you [WAYS Board Members] have suggested some improvement, which is very good, to that policy on page number five. I believe that once you go through this policy and approve them, please send it to LACOE and that will solve a lot of problems, moving forward.**

h

This was my conclusion, it really talks about that the bottom line is the internal controls and fiscal policies. Moving forward, that is the improvement directed in the recommendations.”

Mr. Memon recommended that the WAYS Board adopt revised fiscal policies and procedures drafted by its back-office services provider, Bali Business Management, which Mr. Memon reviewed. Mr. Memon stated: “If we can go over [the revised fiscal policies and procedures], if you can approve it, and send to us the approved policies, our Charter Schools Office will present it to the [LACOE] board as this is what the school has done, and that will help.” WAYS did just that. At its April 30, 2014 meeting, the WAYS board adopted a revised Fiscal Policies and Procedures Handbook. (Exhibit 17.) LACOE staff participated in revising the handbook, and made numerous suggestions that were ultimately included in several of the policies and procedures. (Exhibit 18.) The handbook is comprehensive, covering budget development and implementation, payroll, purchases, contracting, check requests, and many other topics that were areas of concern for LACOE staff. This handbook will be a guide for WAYS. The school has already effectively cured any alleged failure to adopt and implement adequate financial policies *two months before the NOV was issued*. The NOV failed to address the Superintendent’s own *official* recommendation required by the Ed. Code, and utterly fails to consider WAYS’ response to that recommendation.

The NOV also quotes the FCMAT report’s conclusion that the WAYS executive management team failed to obtain proper signatures and Board approval prior to entering into contracts. As a preliminary note, nothing in the law, charter, corporate bylaws, or in the previous or updated fiscal policies require the WAYS board to approve every contract the school enters into. Such practice would divert the board’s time from more important tasks and unnecessarily entangle the board’s duties with those of the administration. The day-to-day operations of the school are the purview of the Executive Director, who has authority to enter into most contracts and approve most purchases without prior Board approval.

Under the previous WAYS Fiscal Policies and Procedures Handbook, the Executive Director was expressly tasked with overseeing purchases and contracts. (Exhibit 19.) For example, Policy Number Four titled “Contracting Policies and Procedures” reads, “All contracts must be approved by the School Director and [Director of Operations].” (Exhibit 19, WAYS000214). The same language is mirrored in the “Contracting” policy under the revised 2013 policies and the newly adopted 2014 Financial Policies and Procedures Handbook. (Exhibit 20, WAYS000238; Exhibit 17.) *Neither policy requires Board approval for all contracts.*

In any event, the WAYS board did (and continues to) exercise its approval powers when it comes to major contracts. Examples include:

- Contract with Royal Dining Catering for school breakfast and/or lunch services approved by the board on July 31, 2012 (Exhibit 21);
- Contract with Medina’s for central air and heat system installation approved by the board on July 31, 2012 (Exhibit 22);

h

- Contract with Total Education Solutions for the provision of education and consulting services approved by the board March 22, 2013 (Exhibit 23);
- Contract payment to McGraw-Hill for new textbooks approved by the board on February 27, 2014 (Exhibit 24);
- Contract with Hill, Morgan, and Associations LLP to conduct the 2014 fiscal year independent audit approved by the board on April 25, 2014 (Exhibit 25);

Contrary to the claims in the NOV, the board also provided regular oversight of the school's financial position and activities. (See Exhibit 26 [the WAYS board recently approved a comprehensive three-year Local Control and Accountability Plan].) Bali Business Management ("Bali"), the school's back-office services provider, has presented a summary financial report at almost every meeting of the board of directors. (Exhibit 27 [attached are WAYS Board of Directors meeting agendas and minutes from the past three years].) An example these regular reports is enclosed. (Exhibit 28 [attached is the June 2014 Financial Report, which is one example of the regular reports provided to the WAYS Board since 2011. Copies of the other reports are available upon request].) At each meeting, a representative from Bali summarized the current financial state of the school, the budget, and typically provided handouts to board members with detailed financial information. The board has consistently monitored the school's financial affairs since its inception, which is one of the reasons the school has been so financially stable over the years. Wisdom Academy for Young Scientists continues to show strong financial position and performance in line with historical records of the school over the past seven years. This is an indication that the school is one of the best fiscally-managed schools in the region. One of the ratios indicating strong financial position includes current ratio (the ability to pay current liabilities when due) of 12:1, which is better than accepted industry average of 2:1. Other ratios include coverage ratio of total debt to total assets of 9%, meaning the school can withstand losses in the future without worrying about inability to pay its bills. (See Exhibit 28.)

Part of the NOV's concern with internal financial controls at WAYS centers around the school's employment of two of WAYS founder Kendra Okonkwo's adult children: Jason Okonkwo (Director of Operations) and Dr. Deara Okonkwo (Vice Principal). Neither Jason nor Deara Okonkwo are dependents of Kendra Okonkwo, and neither has any *actual* conflict of interest in any of the school's transactions. For example, although the school is currently in escrow to purchase the 706 E. Manchester site, WAYS has historically leased the site from a company owned by Kendra Okonkwo, and paid rent to her. Kendra Okonkwo is not on the WAYS board and has not worked at the school since April 30, 2011—prior to LACOE's authorization of the charter. Neither Jason Okonkwo nor Deara Okonkwo had any "personal financial interest" or other impermissible conflict of interest in the lease under the Political Reform Act, Government Code section 1090 or the Corporations Code—and LACOE provided *no evidence whatsoever* to the contrary.

In fact, LACOE staff complained to the FPPC about Mr. Jason Okonkwo's alleged "conflicts" sometime in 2011 and 2012. The FPPC is "the" state agency that enforces the Political Reform Act, and investigates such conflicts. The FPPC's Senior Enforcement Counsel officially determined a few weeks ago that "after a full investigation", that there was insufficient evidence of any such conflict. (Exhibit 10, WAYS000054.) The FPPC referred to LACOE

staff's disproved allegations as "rumors". The FPPC states that it has "closed the investigation". That is the end of it. LACOE cannot seriously contend that revocation is appropriate in light of that FPPC determination.

Nevertheless, at the request of LACOE staff to avoid any *appearance* of a conflict of interest, Jason Okonkwo's contract has not been renewed to serve as Director of Operations for WAYS for the 2014-15 school year. This decision was mutual by the WAYS board and Jason Okonkwo, and he is currently retained on a temporary independent contractor basis while the school searches for his replacement. (Exhibit 29.) Further, in the interest of recruiting "new faces" (LACOE's staff's terminology) at WAYS at the request of LACOE staff, the WAYS board and Mr. Cabil have chosen not to renew his contract as WAYS' Executive Director. Mr. Cabil will remain in his position while the school searches for a replacement with similar experience and passion. Candidates for the Executive Director position were interviewed by the WAYS board on July 23 and 30, 2014, and the Board expects to select a final candidate subject to negotiation of contract terms and background check clearance.

To further solidify the new internal controls and management at WAYS, the school's board has considered two contracts with established charter school support organizations. On July 23, 2014, the WAYS board of directors considered a contract with Celerity Global Development, a California nonprofit public benefit corporation, for school educational support services such as WAYS board meeting and Brown Act compliance support, assistance in vendor selection and management, guidance and oversight on relations with LACOE staff, and technical assistance to WAYS for its instructional school leadership, management and operations. Celerity also provides these services to the successful, LACOE-authorized Celerity Sirius charter school, and other charters. (Exhibit 30 & Exhibit 3.) On July 30, 2014, the WAYS board of directors approved a contract with Charter School Management Company ("CSMC") to serve as the School's new back-office services provider. The WAYS board intends to retain CSMC either by separate contract or as part of the Celerity contract. These partnerships will ensure that WAYS implements and maintains the new, rigorous internal controls recommended by LACOE staff and adopted by the WAYS board of directors on April 30, 2014.

ii. LACOE Staff And The FCMAT Report Both Misrepresent The Auditor's Findings in the WAYS' Annual Audits

The FCMAT report and the NOV both inaccurately claim that the annual WAYS Independent Audit Reports from fiscal years 2012 and 2013 contain repeat findings which WAYS has failed to cure from year to year. The NOV contends WAYS' repeated failure to cure constitutes further proof of the lack of effective internal controls at WAYS.

It appears that neither LACOE staff nor FCMAT's auditors have carefully reviewed the WAYS Independent Audit Reports, because the 2012 and 2013 findings in the Audit Reports are *not* repeated or the same. For example, both reports contain "bank reconciliation" findings, but cite different causes for the deficiency. (Exhibit 31, WAYS000594 [deficiency based on need to ensure proper school official reviews reconciliations monthly]; Exhibit 32, WAYS000640 [deficiency based on need for support documentation for each transaction].) WAYS *addressed each finding* thoroughly and immediately upon receipt of the Reports.

h

Most importantly, the recommendations from both Independent Audit Reports were for the school to improve policies and procedures to help avoid issues in the future. WAYS has done so. As previously discussed, WAYS has also implemented a LACOE-approved comprehensive Financial Policies and Procedures Handbook on April 30, 2014 that applies to every specific recommendation in the independent audit reports. LACOE has not identified any other steps or actions WAYS could possibly take to further “cure” the points raised by the WAYS auditors.

iii. There Are No Conflict Of Interest Violations At WAYS

The NOV generally and incorrectly claims there are “conflicts of interest” at WAYS. A “conflict of interest” is not subjective. It is defined by law (such as the Political Reform Act, Government Code section 1090, and the Corporations Code). The only transactions and evidence cited in the NOV as “conflicts of interest” all occurred *years ago*. If there was ever any conflict of interest at WAYS, it was likewise cured *years ago*.

In this section of the NOV, LACOE staff also cites the FCMAT report’s loose conclusion that the atmosphere at WAYS “allowed and continues to allow access, opportunity, and motivation for ... fraud.” But FCMAT did *not* conclude that any such “fraud” actually occurred—because it did *not*. Not only is WAYS fiscally sound, it is operating at as great or a greater surplus than any other charter school of its size in the entire Los Angeles region.

We take even suggestion of fraud very seriously. Statements like this one in the NOV falsely and recklessly imply to the County Board and to the public—our parents, teachers and students—that financial crimes may have occurred at WAYS, which they have not. ***To be clear for the record, there is not, and has never been, any incident of fraud at WAYS.*** Neither the NOV nor the FCMAT report present *any* factual evidence of fraud. In response to FCMAT’s concern about weaknesses in the WAYS “atmosphere,” we have strengthened our fiscal procedures, restructured some of our key administrative personnel and service providers, and implemented new LACOE-approved internal “checks and balances.” (See Exhibit 17; Exhibit 29; Exhibit 3 [2014 Financial Policies and Procedures Handbook; Independent Contractor Agreement with Jason Okonkwo; Draft Management Contract with Celerity].)

1. The former executive director Kendra Okonkwo has not been employed at the school since April 30, 2011, and therefore cannot have a “conflict of interest” in WAYS transactions

All of the alleged “conflicts” cited in the NOV are related to Kendra Okonkwo and her relatives. The relentless witch hunt of the Okonkwos by LACOE staff is unprecedented, unprofessional and illegal. As noted above, FCMAT informed WAYS that LACOE accused *six* members of the Okonkwo family of fraud and conflicts. (Exhibit 33 WAYS000652.) At the direction of LACOE staff, FCMAT investigated all six individuals even though only three members of the Okonkwo family have ever worked at WAYS. LACOE staff also ordered a private investigator to follow and videotape Vice Principal Dearra Okonkwo’s private life on at least *sixteen occasions* outside of school. (See Exhibit 16, WAYS000144; Exhibit 9, WAYS00045 [LACOE “lost custody” of the videotapes before we could review them, and has refused to provide information about who currently has possession of the recordings of Dearra,

yet continues to rely on the unreviewable tapes as evidence].) Neither FCMAT nor LACOE have produced any of the surveillance or background-check records on the Okonkwos to WAYS, so there are some “conflicts” alleged in the NOV that are not supported by any LACOE evidence whatsoever.

LACOE staff’s allegations of Okonkwo family member “conflicts” distract from a simple fact that renders the allegations meaningless: Kendra Okonkwo has not been employed by the school (and does not serve on its board of directors) since 2011—before LACOE even authorized the charter. In the next several paragraphs we respond to the supposed “conflicts” raised by the NOV, but any discussion of Kendra Okonkwo is years-old and irrelevant to the current, proposed revocation of the WAYS charter.

The NOV claims WAYS entered into a self-dealing transaction with Kendra Okonkwo when she leased her property located at 706 E. Manchester Ave. to the school in 2010-2011. WAYS cured any potential conflict as to this transaction when the WAYS board of directors passed a resolution on April 30, 2011 terminating Ms. Okonkwo as Executive Director. (Exhibit 34.) Kendra Okonkwo has not been employed by the school (nor served on its board) ever since. LACOE cannot revoke the WAYS charter for a conflict of interest from 2011. There is no *current* conflict of interest related to Kendra Okonkwo, and LACOE has not suggested otherwise.

Even though there is no *actual* conflict, to cure the *appearance* of a current conflict of interest related to the lease from Kendra Okonkwo, the WAYS board decided to pursue purchase the school site owned by Kendra Okonkwo, thereby removing her from any transactions. Upon advice of counsel, WAYS formed an LLC to purchase the school site at 706 E. Manchester Ave. (Exhibit 35.) This purchase is currently in escrow. In an abundance of caution to prevent any appearance of impropriety, WAYS has used its broker at Cushman Wakefield to negotiate with Kendra Okonkwo (the property owner) on behalf of the School. Cushman Wakefield has provided the WAYS board of directors regular updates at WAYS board meetings. The property was appraised both by the lender and also by an independent appraiser hired by the WAYS Board. The purchase will, we hope, fully and finally resolve any questions about the lease and Kendra Okonkwo.

The NOV also cites an undefined “conflict of interest” related to WAYS’ settlement with Kendra Okonkwo upon her termination. LACOE staff has not explained why they think the settlement could be a “conflict,” since neither Kendra Okonkwo nor any member of her family played any role in WAYS’ decision to settle and the amount of the settlement. We requested evidence from LACOE to substantiate the accusation that there was a “conflict” or the settlement was somehow unfair. (Exhibit 7.) The *only* document LACOE produced was a copy of Kendra Okonkwo’s settlement agreement that *did not even include the material terms*. (Exhibit 36, WAYS000673.) Either LACOE staff is not actually aware of the terms of the settlement agreement, or LACOE staff violated the Public Records Act by its failure to produce the requested documents. Either way, LACOE has not presented “substantial evidence” required for revocation under Section 47607(c)(1) (or *any* evidence) to support its accusation that the settlement amount was improper.

h

Although WAYS is not required to offer any further explanation of this personnel matter, we would like to so that the County Board fully understands the circumstances. WAYS entered into the settlement agreement on advice of counsel. As background, we remind the Board of Education that WAYS terminated Kendra Okonkwo *at the direction of LACOE staff as a condition of renewal of the charter*. After WAYS did so, the school received a demand letter from Kendra Okonkwo that asserted a claim of \$480,000 in unpaid salary, unused vacation and sick leave, reimbursement for business-related expenses, and repayment of personal money used in the start-up of the school, as well as other damages for breach of her employment contract. (Exhibit 37.) The school's Executive Director Ed Cabil forwarded Kendra Okonkwo's demand letter to its insurer, Freedom Specialty Insurance Company, and legal counsel for guidance on settlement and coverage. (Exhibit 38.) Upon advice from its insurer and legal counsel for the school, WAYS settled with Kendra Okonkwo for \$228,665.38 (less than half the amount of her claim). (Exhibit 39.) WAYS told LACOE that we were considering the settlement before it was final, and LACOE provided no comment or concern. Yet now, the NOV states that WAYS does not have "proper documentation" to support the settlement. We are unclear what documentation LACOE staff expects to see to second-guess our insurer, insurer's counsel, and WAYS' counsel. As in any settlement, of course, the parties' confidential negotiations that may reveal *how* they arrived at a dollar amount are protected by the attorney-client privilege. The NOV and its exhibits do not contain *any evidence* that the settlement was somehow unsupported or excessive.

2. The contract with OSE Business Services was never a conflict of interest under any California law and was consistent with WAYS' fiscal policies

The NOV mentions that one of WAYS' former service providers—OSE Business Services ("OSE")—is a company owned by a distant cousin of Jason Okonkwo. The NOV claims this relationship created a "conflict" in WAYS' contract with OSE, even though: 1) a distant cousin is specifically *not* the type of familial relationship that creates a conflict under California law; 2) Jason Okonkwo was not even aware of his potential (unverified) relation to the owner of OSE Business Services until he was informed by LACOE staff; and 3) the FPPC has provided Jason Okonkwo a letter dated July 18, 2014 that specifically states there are no conflicts of interest related to Jason Okonkwo.

The NOV, mostly quoting the FCMAT report, states:

"OSE is owned by Obiese Enwezor, who is related to other WAYS vendors: Godfrey Okonkwo, Emeka Enwezor, and DeDe Dance Studio and bears the same last name as the founder/former executive director's brother-in-law, Joseph Njor Enwezor...A document LACOE received after the FCMAT Audit was published provides further evidence that the owner of OSE is the cousin of the Director of Operations/On-Site Financial Manager for WAYS."

The "document" LACOE staff refers to is an obituary announcement for a member of Mr. Enwezor's family. (Exhibit 40, WAYS000693.)

We find it outrageous and disrespectful to the deceased's family that LACOE staff included an *obituary* as "evidence" against WAYS. Moreover, the County Board should be

embarrassed that LACOE staff believes a copy of an obituary of a distant cousin of a school employee constitutes valid, substantial evidence upon which to revoke a charter.

As this Board is no doubt aware, a conflict of interest under the Political Reform Act (“PRA”) exists when a public official makes, participates in, or influences a governmental decision in which he has a personal financial interest. (Gov. Code, § 87100.) Under Government Code section 1090, public officials are prohibited from being financially interested in any contract made by them in their official capacity. (Gov. Code, § 1090.) Here, Jason Okonkwo was not a “public official” for purposes of the decision to purchase from OSE, as that decision was made by the Executive Director Ed Cabil. More importantly, a “financial interest” only exists under the PRA based on a familial relationship if the decision has a material financial effect on a member of the public official’s *immediate family*. (Gov. Code, § 87103.) The possibility that the owner of OSE is a *distant cousin* of WAYS’ now former Director of Operations Jason Okonkwo cannot have ever been a conflict of interest under the PRA. Likewise, under Government Code section 1090, there is no way Jason Okonkwo could have had any “hope of personal financial gain,” or “monetary or pecuniary” interest, in a service contract of a distant cousin. (See *People v. Honig* 48 Cal. App. 4th 289, 325.) The FPPC affirmed this conclusion in a recent letter to Jason Okonkwo dated July 18, 2014, where it stated it had “closed its file” on any investigation (initiated by LACOE) into a conflict of interest. (Exhibit 10, WAYS000054.)

In short, the NOV’s contention that the OSE contract was somehow a “conflict” due to an obituary LACOE staff found is another desperate attempt to fabricate a claim against the Okonkwo family and a colossal waste of the County Board’s time. It also reveals LACOE staff’s lack of understanding of California’s conflict of interest laws.

Contrary to the assertions in the NOV, the OSE contract also did *not* violate the school’s adopted fiscal policies in place at the time. (Exhibit 19.) Under those policies, a competitive bidding process was only required for purchases in excess of \$10,000. (Exhibit 19, WAYS000211.) The services and supplies provided by OSE were approximately \$7,000 to \$8,000, so even under the letter of the competitive bidding requirement, a bidding process was not required. (Exhibit 41.) The NOV also confusingly states that WAYS violated its policies when it “bounced a check” to OSE, but then states that “A review of WAYS 2011, 2012, and 2013 Wells Fargo bank statements do not indicate any insufficient funds or returned checks.” These statements in the NOV are contradictory. LACOE staff asserts a conclusion (that WAYS violated its policy when it bounced a check) and then concedes that they have no evidence to support it (the record shows no bounced checks). Last, the NOV takes issue with WAYS’ failure to use a purchase order for every OSE order. WAYS’ 2006 adopted fiscal policies (in place at the time) state that “All purchases must be initiated by completing a purchase order. Exceptions may be granted by the School Director or [Director of Operations]...in emergency situations.” (Exhibit 19, WAYS000211.) WAYS’ student enrollment almost doubled from the 2010-2011 to the 2011-2012 school year. (Exhibit 42.) WAYS took over another school at the Salvation Army location just weeks before school started, which forced management to scramble for supplies to equip the new location. To meet this need, WAYS ordered from OSE almost daily for a period of time to stock the new school site. It was precisely the type of emergency situation contemplated by the policy that would enable the Executive Director or Director of Operations to initiate isolated purchases without a purchase order.

h

We also note the NOV claims OSE may not be a “legitimate” business. This claim is ridiculous. OSE provided actual supplies and services at market rates to the school for several years. In many instances, OSE helped WAYS avoid disaster by supplying services and supplies in times of crisis that the school would not have been able to acquire otherwise on such late notice. WAYS understands that OSE failed to comply with FCMAT’s investigation of OSE’s “legitimacy,” which is unfortunate. In fact, when the WAYS board learned that OSE had refused to cooperate, it terminated the school’s contract with OSE and WAYS has not worked with OSE since then. (Exhibit 43.) However, WAYS cannot be held accountable for a private business’ unwillingness to cooperate with a school audit.

3. DeDe Dance Studio is a nonprofit corporation that has zero paid employees and utilizes volunteers to provide dance classes for WAYS students; by definition, this is not a conflict of interest

Dede Dance Studio (“DDS”) is a California nonprofit public benefit corporation that was founded by WAYS’ Vice Principal Deara Okonkwo. *Deara Okonkwo has never been paid by DDS.* All of DDS’ revenue is used to cover costs of the program including the annual ball for youth, annual retreat/weekend excursion, dance recitals, fieldtrips, and other special events. DDS has no paid employees and uses volunteers to provide its dance classes. DDS was founded by Deara Okonkwo when she was *14 years old* to provide *not-for-profit* dance classes to an underserved community; we are disappointed that LACOE staff could somehow turn this into a reason to revoke the charter.

The NOV states that when WAYS contracted with DDS for after-school dance classes, there was a conflict of interest. There are no facts or evidence of any such conflict. The NOV recites the following facts: 1) Deara is the sibling of the former Director of Operations, Jason Okonkwo; 2) WAYS entered into a contract with DDS to provide an after-school program for WAYS students, which was paid for with After School Education and Safety (“ASES”) Program grant funds; 3) the address for DDS is 706 E. Manchester Ave.—the same building as the school’s address. (The school and DDS each use separate space at the site.)

These facts are unrevealing. WAYS is a *community* school. This alone does not create a conflict. Deara, the founder of DDS, *has never been paid by DDS.* This fact alone invalidates any claim of a conflict under California law. The address of DDS is at the school site because DDS provides after-school program services for the students at the school.

The way in which the school selected DDS was also proper, contrary to the NOV. DDS was paid roughly \$4,000 per month, which is below the \$10,000 threshold for a competitive bidding process. The school’s Executive Director Ed Cabil chose DDS to perform the services, which was within his purview as the Executive Director. All of these procedures were in accordance with the school’s fiscal policies in place at the time.

It is interesting that the FCMAT audit report questions the validity of the business relationship between WAYS and DDS in part because “the [FCMAT] team did not observe students present in the facility during the fieldwork days.” (Exhibit 16, WAYS000144.) This is because, during FCMAT’s visit, all dance classes had to be cancelled to accommodate FCMAT

staff in the school's largest room! Ironically, students could not take their regular dance classes because FCMAT was occupying the entire building making findings about students not taking their regular dance classes.

In 2010, LAUSD specifically investigated whether the DDS contract created a conflict of interest for Deara Okonkwo or the school, *and concluded it did not*. In a "thank you" letter to WAYS, LAUSD expressed that "[their] entire team was inspired by the dance activities that [they] observed...Please give a special thank you to Ms. Deara Okonkwo for the outstanding presentation she provided." (Exhibit 44, WAYS000702.)

4. WAYS acquired the van referred to in the NOV by *donation* and did not pay anything in exchange; by definition, this is not a conflict of interest.

The NOV claims there was an alleged conflict of interest when WAYS "paid \$4,800" to Jason Okonkwo's distant cousin Emeka Enwezor for a van that had previously been leased to the school. The truth is, WAYS paid absolutely *nothing* for the van—it was a donation. The NOV also claims WAYS failed to obtain a signed contract and board authorization for the lease of the van. First, as discussed above, the distant familial relationship between Mr. Enwezor and the WAYS former Director of Operations is by definition *not* a conflict of interest under California law. More importantly, the NOV and FCMAT audit report are simply wrong about the amount WAYS spent to purchase the van. Mr. Enwezor graciously *donated* the van, at a *value of \$4,800*, to WAYS on December 31, 2012. WAYS provided no consideration for the transfer. (Exhibit 45.)

The claim that WAYS failed to obtain a signed contract for the van's earlier lease is false. (Exhibit 46.) Also, the fact that the WAYS board did not give prior approval of the van lease is irrelevant because board approval is not required for *all* contracts, especially a contract of such a small value as the van lease of \$400 per month. As previously discussed, the Executive Director and Director of Operations both had authority to enter into certain vendor and other small contracts on behalf of WAYS under the fiscal policies in place at the time. This is the same at all charter schools we know of. WAYS board approval was not required. It is preposterous that a free, donated school van, which only ever cost WAYS \$400/month pursuant to a contract approved by the school's Executive Director, could form the basis for a NOV, let alone a charter revocation.

iv. WAYS Did Not Violate The Law In The Submission Of Its 2012 and 2013 Independent Audit Reports And Has Cured The Immaterial Issues Identified by the WAYS Auditor In Its Attendance Tracking For The ASES Program

LACOE inaccurately claims WAYS violated section 47605(m) because the School turned in its 2012 and 2013 independent audit reports beyond the annual December 15 statutory deadline. WAYS was not late. This claim reflects the lack of communication at LACOE. As evidenced by documents *produced by LACOE itself*, LACOE approved an extension on the deadline to submit the school's 2013 audit report to January 15, 2014. (Exhibit 47, WAYS000710.) WAYS timely submitted its 2013 audit report on the date of the deadline,

January 15, 2014. (Exhibit 32, WAYS000608). One year earlier, LACOE approved an extension for submission of WAYS' 2012 audit report. (Exhibit 72, WAYS001008.) WAYS timely submitted its 2012 report on December 31, 2012. (Exhibit 31, WAYS000568).

The NOV also cites a portion of WAYS' 2013 independent audit report that claims WAYS failed to comply with the attendance tracking requirements of the ASES program. Specifically, WAYS' sign-out sheets for the program did not include the time students were released from the program and WAYS attempted to claim an indirect cost rate of 5.26% in excess of the 5% allowed under the program. These minor issues were remedied by WAYS as soon as the Auditor notified us, and WAYS is now in compliance with all of the ASES requirements.

We want to point out that this entire section of the NOV—which discusses all of the school's alleged violations of law—is noticeably slim. There are inflammatory words throughout the NOV of “conflicts of interest,” “fraud,” and “misuse and misappropriation of assets,” yet the NOV does not list these as violations of law. This is because *there is no evidence these violations of law occurred*. In fact, the evidence supports *the contrary*. The best “evidence” LACOE has presented is FCMAT's conclusion that “illegal activities may have occurred.”

b. RESPONSE TO ALLEGATION OF MATERIAL VIOLATION OF CHARTER (ED. CODE 47607(C)(1)(A).)

i. The Ways Board Provided Effective Governance Of The School In Compliance With WAYS' Authorized Charter

As mentioned above, it should be noted that WAYS and LACOE staff have not been able to agree on which charter document governs the school: WAYS abides by the document that was approved by the County Board, while LACOE staff believes WAYS is required to comply with additional, unfinalized provisions contained in several different “redlined” versions of the charter. Noticeably, a copy of the school's charter is not included as an exhibit to the NOV. As a result, any revocation of the charter for violation of WAYS charter would raise questions about exactly *which* document was violated.

In terms of general effectiveness of governance at WAYS, we acknowledge there has been some turnover on the WAYS board of directors in the past. We understand board governance at WAYS is a concern for the County Board, and this is a key reason the school's board is considering a contract with Celerity that specifically includes board support and services. The WAYS board has also implemented practices to improve the board's effectiveness: the Executive Director, the Director of Operations, and a representative from the school's back-office services provider all give extensive status reports at every board meeting (Exhibit 27.); even when reports are given orally, hard copies of long reports or reports on important or complex topics, and other supplementary materials, are given to board members (Exhibit 48 [examples are provided but copies of additional reports are available upon request].); at the request of the board or the Executive Director, the Principal and/or Vice Principal attend meetings and provide status reports about the school, students, or other specific topics (Exhibit 49 [examples are provided but copies of additional reports are available upon request].) We have

carefully and thoroughly addressed LACOE staff's concerns about the WAYS board's role and supervision of the school, and the record demonstrates this issue has been resolved.

Most importantly, one thing the WAYS board of directors has consistently done well is to achieve its key goal: to create an academically successful, financially stable charter school. Due to the board's leadership, WAYS undeniably has financial stability, increased student enrollment, and objective student success.

1. The School's charter does *not* require the formation of a finance committee

The NOV claims as a basis for revocation that WAYS has not established a board finance committee as required under "Element 4: Governance" in its charter. There is no such requirement in the charter or by law. The charter references the existence of a finance committee in Elements 5 and 9, and WAYS has this committee in place. The finance committee is not a board committee or comprised only of board members as the NOV incorrectly assumes. There is no requirement that it be comprised in such way. Rather, the finance committee at WAYS is a working group of the Executive Director, Director of Operations, and back office services provider. They meet regularly to provide guidance and recommendations to the WAYS board in the development and implementation of fiscal strategy and the budget. Among other tasks, the group reviews the monthly financial reports presented to the board from the back-office services provider, and works on development of the annual budget. (See, Exhibit 74.) The WAYS board realizes that the development and implementation of the budget is *critical* to the effectiveness of the school, and the board with the help of the finance group, has consistently maintained financial stability at WAYS over the years. (Exhibit 50.)

2. The Board has adopted a comprehensive Financial Policies and Procedures Handbook and has plans to contract with outside service providers to help with the handbook's implementation

The NOV claims WAYS was uncooperative with LACOE in the revision of its fiscal policies. This is untrue. WAYS has revised its fiscal policies several times with LACOE's own revisions, and has always submitted the final, adopted policies to LACOE staff.

The NOV claims LACOE staff asked WAYS administrators for revised fiscal policies on numerous occasions beginning in November 2011 and never received the requested documents. When we looked closely at the evidence LACOE attached to the NOV in support of this claim, *there are no records to support this claim*. The exhibit attached to the NOV is actually a chain of emails and letters between WAYS and LACOE staff about a notice of investigation related to former board members—not related to revised fiscal policies. (Exhibit 51, WAYS000796.) Recall that the evidentiary burden here is on LACOE, not on WAYS to disprove.

To clarify the chain of events in the adoption and transmission of revised fiscal policies at WAYS, WAYS first adopted and submitted revised fiscal policies to LACOE staff as required under the MOU on January 31, 2013. LACOE responded almost three months later on April 18, 2013 that the policies had been received, reviewed and that staff had some additional recommendations. (Exhibit 18.) The long list of recommendations was included as an

attachment to the letter, which concluded “If you have any questions, please contact the Controller’s Officer...” Now, over a year later, the NOV takes issue with the fact that WAYS did not respond to this letter. LACOE—and the letter itself—did *not* request a response. WAYS properly considered LACOE’s list of “recommendations” and many are included in the school’s policies and procedures.

As previously discussed, the WAYS board on April 30, 2014 adopted a comprehensive Financial Policies and Procedures Handbook provided by its back officer services provider, Bali Business Management. LACOE staff made direct edits to these new policies, which were adopted by the WAYS board of directors. The handbook’s policies include payroll, purchases, contracts, and budget formation—all issues raised by LACOE staff. To help WAYS consistently and effectively implement these fiscal policies, the school has plans to contract with Celerity. We have discussed with LACOE that both LACOE and WAYS believe this new business relationship can increase the school’s stability.

3. The Board has maintained effective oversight of the financial affairs and ultimate direction of the School

WAYS is operated by the Merle Williamson Foundation, (the “Foundation”), a California nonprofit public benefit corporation. The NOV claims the Foundation should not have amended its 2002 bylaws without LACOE staff’s express approval. However, subject to any prohibition in the school’s charter or the bylaws themselves, the Foundation may, by law, amend its bylaws at the discretion of the Foundation’s board of directors to better facilitate the purposes of the corporation. Further, in the NOV, LACOE staff quotes *its own staff report* from May 10, 2011 that *recommends* amendment of the 2002 bylaws. The staff report criticizes the Foundation’s 2002 bylaws for not allowing effective governance of a public charter school. In fact, by the time of that staff report, the Foundation had *already amended and cured its bylaws* effective March 16, 2011.

Now, the NOV takes issue with the Foundation’s new bylaws, specifically that they have somehow limited the WAYS board’s authority to approve contracts. The Foundation’s current bylaws explicitly state that “the corporation’s activities and affairs shall be managed, and all corporate powers shall be exercised, *by or under the direction of the Board of Directors.*” (Exhibit 52, WAYS000804.) These powers of the board are not narrowly limited, and are consistent with other charter schools’ bylaws authorized by LACOE. There is nothing in the California nonprofit corporation laws, the school’s charter or its fiscal policies that would require the bylaws to state that WAYS board approval is needed for *all* contracts, as suggested in the NOV. Such a requirement is unheard of. It is our understanding that no other charter school authorized by the County Board has such a requirement. In fact, “Oversee the school-operating budget, *authorize spontaneous and ongoing daily expenses as necessary* and maintain robust fiscal vitality” is specifically included in the School’s charter under the job description for the Executive Director.

The WAYS board exercises its oversight powers and has in fact been active in reviewing and approving the school’s major contracts. For instance, contrary to the assertions in the NOV, the WAYS board did grant prior approval for the installation of the central air and heat system. (Exhibit 22.) The Director of Operations’ statements to the Board at the July 31, 2012 meeting

are misquoted by LACOE staff in the NOV. WAYS Executive Director Ed Cabil signed and dated the proposal from the contractor on August 3, 2012, which is 3 days *after* the Board approved the contract at a special meeting. (Exhibit 22.)

Regarding the board's approval of the Salvation Army facility lease, the original lease between WAYS and the Salvation Army was approved by the Board on August 10, 2011 and signed on August 25, 2011. (Exhibit 53.) The terms of the lease have remained substantially unchanged over the years, except for a small rent increase. Each year, renewal of the contract has come before the WAYS board for information. As Executive Director, Ed Cabil had the authority to execute the lease agreement renewals on substantially the same terms as the board-approved document. On February 3, 2014—at the request of LACOE staff that the WAYS board begin approving the Salvation Army lease renewal *before* execution by the Executive Director—the WAYS board ratified the school's present lease of the facility. (Exhibit 54.) The WAYS board will approve the next renewal of the Salvation Army lease prior to execution.

The NOV mischaracterizes the purchase and sale of a school vehicle. In a report to the WAYS board at a meeting on July 31, 2012, Executive Director Ed Cabil recommended that WAYS lease or purchase a vehicle for use in the operations of the school. The board of directors unanimously approved a *written resolution* that authorized “the Executive Director or his designee to enter into a lease or purchase agreement for a vehicle for school use...” (Exhibit 55.) LACOE staff claims they listened to the audio recording and concluded that the board's language did not authorize an *actual purchase*, but only to “look into” the purchase. LACOE staff cannot claim that an audio recording trumps official corporate records. The written, executed board resolution (attached) is evidence of the board's action, and the board authorized the purchase of a vehicle.

More than a year after the vehicle was purchased and used, the Executive Director determined the school no longer needed the vehicle for daily operations and should sell it. Executive Director Ed Cabil instructed the Director of Operations to research vehicles of the same year, make, and model and with similar mileage to estimate a fair sale price, and the Director of Operations did so. The school sold the vehicle for a fair price based on the research, and the WAYS board of directors ratified the sale at its February 2014 meeting. (Exhibit 56.) The NOV quotes a portion of the FCMAT report that claims the sale of the vehicle “resulted in a loss” to the school. We have *explicitly* asked for, but have not been provided any information or evidence about *how* FCMAT or LACOE could have possibly accurately calculated this “loss”. How did FCMAT or LACOE determine the depreciation for the vehicle? Did FCMAT or LACOE consider the vehicle's condition, mileage, location, or market? WAYS did not violate any law or the charter in its reasonable, researched sale of the vehicle. And importantly in this context, LACOE has not provided any evidence to support revocation.

The NOV also claims school's Executive Director improperly hired Wilkinson, Hadley, King & Company, LLP as WAYS' 2013 independent auditor before approval by the WAYS board. The NOV implies that the WAYS board did not even have *knowledge* of the auditor's selection prior to the Executive Director's execution of the auditor's contract, which is not true. The Executive Director informed the entire WAYS board on October 23, 2013 that the school's former auditor had raised its prices to a number that unaffordable for the school. (Exhibit 57.) In order to save the school nearly \$6,000, the Executive Director accepted a proposal from the

new auditors' firm and informed the board of his decision. While we understand the WAYS board could have preapproved the auditors' contract, and will do so in the future, we note the board did ratify the Executive Director's decision by resolution on February 3, 2014. (Exhibit 58.)

The NOV also states there is "no evidence" that the WAYS board approved the employment contract for the Executive Director, Director of Operations, Principal, Vice-Principal, and all other WAYS staff. We note that California law does not require a charter school's board to approve all employment contracts; and in fact, employment attorneys regularly advise that boards should *not* do so. The WAYS board approves the contract for the Executive Director. (Exhibit 59.) See, attached, the renewal of the Executive Director's current employment agreement. It is the Executive Director's responsibility to supervise and evaluate the teachers and classified staff—not the board's responsibility. (Exhibit 60, WAYS000886.) The Executive Director properly kept the WAYS board informed about staff employment contracts by including an update on their development in his regular report to the board of directors. (Exhibit 61.)

4. The Board oversees the development of the annual budget and provides timely approval

The NOV incorrectly claims the WAYS board failed to approve the 2013-2014 final budget before it was submitted to LACOE. The budget that WAYS submitted to LACOE on July 3, 2013 was the school's *preliminary budget*, not the final budget for the upcoming school year. Board approval of the *preliminary budget* is not required before submission to LACOE. In fact, WAYS' policy about budget preparation and implementation directed the Executive Director to review the preliminary budget with the Director of Operations, to ensure the priorities of the school are accurately reflected before approval by the board. (Exhibit 19.) The *preliminary budget* is the responsibility of the Executive Director and the finance working group (committee). Only the final budget requires WAYS board of directors' approval. That is a rather common business practice state wide.

The budget was presented to the WAYS board of directors and approved on August 29, 2013. (Exhibit 62.) During the meeting, there was a question from a WAYS board member about a specific line item that had changed from the previous year. The NOV contends this question should have been answered before the budget was approved, but whether or not to approve the budget is not LACOE staff's decision. The school's back office services consultant was unprepared to answer the question on the spot, so the WAYS board, exercising its oversight in development of the budget, directed the line item to be restored to its previous number and approved. The change in the line item is reflected in the minutes of that meeting, which were unanimously approved at the subsequent WAYS board meeting on October 24, 2013. (Exhibit 63.)

5. The Board did not authorize any improper expenditure of School funds

The NOV alleges that the performance-based stipends paid to WAYS teachers and staff were not supported by proper "criteria or documentation". It is unclear what type of "criteria or

documentation” LACOE believes is necessary, and the NOV does not specify. In fact, the modest stipends (most around \$500) were approved by the WAYS board on February 27, 2014 after a report from the Executive Director. (Exhibit 64.) As outlined in the report, these stipends were for performing extracurricular tasks, taking on leadership roles, and maintaining good attendance habits that are above and beyond what is required. The Board was fully informed about the criteria and evidence the Executive Director used to make the recommendation. In fact, the audio recording from the meeting shows that when Board member Espinoza questioned the criteria used for the stipends, Mr. Cabil gave a specific example of the unpaid time and effort the teachers have expended, stating “We need to have book fairs, for example. Teachers who come forward and volunteer their time, it’s not a paid position, they spend a lot of time.” The stipends were a proper expenditure of public school funds as a form of compensation. LACOE staff also draws an incorrect conclusion that the WAYS board’s approval of the stipends was a Brown Act violation, yet does not provide any explanation.

If any party here has misused public funds, it is the LACOE staff. LACOE paid a private investigator \$18,000 to secretly trail the school’s Vice Principal Dearra Okonkwo for a period of *several months*. The investigator took video footage of Dearra, which is a violation of her constitutional right to privacy and her federal civil rights, and LACOE staff has now apparently “lost custody” of this video footage. We believe there is currently a pending claim against LACOE for that misconduct. We see no “public purpose” for LACOE to spend school money to violate an individual’s privacy and civil rights. We also note the months-long private investigation did not uncover a single violation of law. We believe LACOE staff also misuses public money when it hires armed bodyguards every time a LACOE staff member visits our elementary-aged children at the School. (Exhibit 65, WAYS00913.) WAYS is a safe, secure environment for children and the expenditure of public funds to hire gun-wielding bodyguards for LACOE staff is improper, unlawful, and disrespectful to WAYS board, staff, parents, students, and entire South Los Angeles community.

6. The Board has approved a comprehensive set of school policies

The NOV claims that WAYS has not approved and implemented school policies. LACOE’s statement is utterly incorrect and totally unsupported by the evidence. The only “evidence” of this in the NOV is a reference to an email from a former WAYS board member (who LACOE is aware was removed from the WAYS board) stating her concern that the school had not adopted specific policies. That former board member was wrong. To the contrary, the WAYS Board has adopted policies as necessary for the effective operations of the School. (Exhibit 73 [attached is a full set of WAYS policies currently in place, besides the aforementioned Financial Policies and Procedures Handbook which can be found at Exhibit 17].) As required under the MOU, WAYS submits all of its approved policies to LACOE staff. As always, the school’s full set of board-approved policies is available for review, which we believe are sitting on a shelf in LACOE staff’s offices right now.

7. The Board has held meetings almost every month since LACOE became the charter authorizer

Over the past 3 years, the WAYS board has in fact held meetings at least once each month as required under its bylaws for nearly every month. There were a few months when the

board did not meet, but there were many other months where the board met multiple times. (Exhibit 27.) The NOV blames the Executive Director for not ensuring that the Board meets regularly to fulfill its fiduciary obligations to the school, but they fail to mention that the Board *did in fact meet almost every month*. The NOV also states that the school has not published a schedule of regular meetings. Every year since LACOE's authorization of WAYS, the Board has published a schedule of regular meetings, including most recently at the meeting on July 9, 2014 when the WAYS board approved the next year's schedule of regular meetings. (Exhibit 67.) This new schedule is, of course, available to the public and will be provided to parents, teachers and staff. It is also provided to LACOE staff.

ii. The Board Provided Adequate Oversight Of The School Management Personnel

The NOV makes broad claims that WAYS violated the Employee Qualifications element of its charter. This revolves around the duties of the Executive Director and the Director of Operations. As previously mentioned, former Director of Operations Jason Okonkwo is no longer an employee of WAYS, and the search to fill the Director of Operations position is underway. Additionally, Executive Director Ed Cabil will soon be replaced. The WAYS board of directors has already interviewed the top candidates, one of whom we expect will fill this role. To be clear, neither the Executive Director nor the Director of Operations violated the law or their employment at the school. In both cases, the decision to leave WAYS was mutual by the WAYS board and the employees.

1. The current WAYS Executive Director has increased financial stability, enrollment and parent involvement at WAYS

The NOV claims that the Executive Director violated his duties as specified in the charter. First, we note that the exact description of these duties in the charter has been one of the issues in the arbitration to determine what charter document governs WAYS. Second, any contention in the NOV that the Executive Director has been ineffective is countered by other portions of the NOV that chronicle his consistent and effective involvement with school operations. The Executive Director has overseen the school's business practices, instructional program, and classroom management—as described in his job description. He has given an oral report at every meeting of the WAYS board, consistently informing the board of his operational supervision of the school. (Exhibit 48.)

The NOV discusses the relationship between Mr. Cabil and the former WAYS board president Ms. Carol Tolbert as if it is somehow a violation of law or the school's charter sufficient for charter revocation. Executive Director Ed Cabil had significant concerns with Ms. Tolbert as did many other members of WAYS staff, parents, and the WAYS board itself. Contrary to the statements in the NOV, the Executive Director did not “remove” Ms. Tolbert from the board—the WAYS board of directors did so. The School Site Council (which is the school's parent association) recommended to the WAYS board that Ms. Tolbert be removed as a board member. The Council is organized and directed by the school principal, made up of WAYS parents and staff, and is generally tasked with assistance in the development of the educational program at WAYS. As parents and staff of the school, members of the Council were well within their rights to make a recommendation to the board. The Council did not make the

“decision” to remove Ms. Colbert, the WAYS Board did so. (Exhibit 68, WAYS000925.) The NOV cites the Council’s recommendation as if it shows ineffective governance at WAYS. In fact, the involvement of the School Site Council shows that the school *effectively* engages parents, who are actively involved and heard in school governance. The Charter School Act itself *requires* such involvement. (Ed. Code 47605(b)(5)(D).) The recommendation, made by the Council and communicated to the board by the Executive Director, was proper and cannot serve as grounds for a charter revocation.

2. The former Director of Operations provided strong leadership and balance to the School with his knowledge and passion for education

In this section of the NOV, LACOE staff again discusses the purchase and sale of the school vehicle in 2012 and 2013. The NOV also again notes the relationship between WAYS and OSE. LACOE staff also misquotes a report made to the Board regarding the performance-based stipends. Executive Director Ed Cabil presented that report—not the former Director of Operations.

Confusingly, the NOV also cites the approval of the 2013-2014 budget as if the Director of Operations did something unlawful. The Director of Operations transmitted the school’s preliminary budget to LACOE on July 3, 2013 as required under the MOU, the school’s charter, and California law. The budget was then approved by the board on August 29, 2013 as evidenced by the board’s minutes, including the revision made to the questioned line item (discussed above). The minutes from the August 29, 2013 meeting were approved at the next board meeting on October 24, 2013. This is the standard timeline and procedure for getting the annual budget approved, and the Director of Operations properly implemented this timeline.

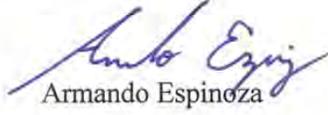

c. CONCERN REGARDING THE GENERAL CAPACITY TO OPERATE A CHARTER SCHOOL

With respect to general capacity, we note the WAYS board of directors is comprised of respected community members with decades of experience in education and business. Our current Board is very strong and we are recently expanded our board to acquire new talent, ideas, and experience from members in the community. Each board member takes the Oath of Office upon membership, which requires the member to commit to enhancing their own individual education for the overall benefit of the school. (Exhibit 69.) Board members attend retreats together where they bond as a cohesive unit, discuss strategies for future school success, and ensure that WAYS is adhering to its mission and goals. (Exhibit 70.) The WAYS board also receives comprehensive trainings from legal counsel on specific issues like Brown Act compliance, conflicts of interest, and best practices for charter school management. (Exhibit 71.) WAYS board members understand their rights and responsibilities as fiduciaries of the school, and each one takes that responsibility to heart. The WAYS Board has consistently provided

necessary oversight and guidance that has allowed the school to prosper, and with support from Celerity, we believe this will continue to improve.

We look forward to discussion of any of these issues with the County Board, as well as LACOE staff and Superintendent Delgado.

Sincerely,

Armando Espinoza

**WISDOM ACADEMY FOR YOUNG SCIENTISTS
PROSPECTIVE CHARTER SCHOOL BOARD MEMBER QUESTIONNAIRE**

As you are already aware, serving on a public charter school board is a position of great trust and responsibility. As a board member of a public school, you are not only ultimately responsible for the education of all students enrolled in the school but also entrusted with the obligation to see that the public monies which are given to the charter school are legally and wisely spent.

In providing the information requested, prospective board members will assist the Charter Schools Division in determining if the application demonstrates that the school will be run in a financially, organizationally and educationally sound manner.

Yes and No answers will be acceptable however N/A is not on the following questionnaire.

Background

1. Please provide your educational and employment history. Please attach your resume.
2. Please indicate whether you will be at least eighteen years old by January 1 of the year in which the proposed charter school would open.

Yes

3. Please indicate how you became aware of the proposed charter school and the opportunity to serve as a member of its board if it is chartered, including who invited you, to sit on the board.

As a former WAYS staff (Special Education Paraeducator), I attended a board meeting and became interested being part of the board. Armando Espinoza informed me that a seat was available.

4. Please explain why you wish to serve on the board.

As a future school psychologist and an advocate for education, I believe that being part of the board will give me the opportunity to advocate for quality education and allow me to impose my ideas for effective program development.

5. Please indicate if you have previously served on a board of a school district or a not-for-profit corporation (including the board of a non-public school) and describe any relevant experience.

I have not served on any previous board before.

6. Please describe your understanding of the appropriate role of a public charter school board member.

To oversee WAYS public funds, as well as to make sure the school is being run accordingly.

7. Please indicate specifically the knowledge and experience that you would bring to the board.

I have a psychology and sociology background where I have developed skills that allow me to interact with diverse individuals. I have extensive work and volunteer experience in schools where I have served as an student aide, academic tutor, and mentor. I am currently in the school psychology

program at Loyola Marymount University where I am exposed to different school sites and required to apply different skills such as, assessment delivery, data collection, collaboration, counseling, goal setting and program evaluation. I feel that I can use these skills to supervise the school budget and give input to implement innovative programs.

8. Please provide a forecast of where you see the school in one year and then again in five years.

In the first year, I see WAYS implementing a comprehensive program that focuses on academics, extracurricular activities, and parental workshops/involvement. In five years, I see WAYS increasing student attendance and test scores.

9. How would you handle a situation in which you believe one or more members of the school's board are involved in self-dealing (working for their own benefit, or the benefit of their friends and family)?

The best way to deal with this situation would be to meet with all of the board for discussion. If more than half are involved higher authority would be contacted.

Conflict of Interest

10. If you, your spouse or other immediate family members knew any of the other prospective board members prior to being invited to sit on the board, please so indicate and describe the relationship with each such other prospective board member.

No

11. If you, your spouse or other immediate family members know any people already known to be prospective school employees, please so indicate and describe the relationship.

No

12. If you, your spouse or other immediate family members know anyone that plans to do business with the school, please so indicate and describe the relationship and the nature of the potential business.

No

13. If the school proposes to partner with an educational service provider (a management company), please indicate if you, your spouse or other immediate family members know any employees, owners, or agents of that provider. If your answer is yes, please indicate the individuals you know and the nature of the relationship.

No

14. If the school proposes to enter into a contract with an educational service provider, please indicate whether you, your spouse or other immediate family member have a direct or indirect ownership, employment, contractual or management interest in the educational service provider.

No

15. Please indicate if you, your spouse or other relative (by marriage or blood) anticipate conducting any business with the educational service provider, the school, or both. If so, please describe the potential relationship.

No

16. Please indicate if you foresee any potential ethical or legal conflicts of interests should you serve on the school's board. If so, describe such potential conflicts.

No

Educational Philosophy

17. Please describe your understanding of the school's mission and/or philosophy.

The mission of WAYS is to create a transformational learning climate in which students become "Empowered to be Leaders Change Agents and True Scientists".

18. Please indicate your level of familiarity with the educational program that the school proposes to utilize.

The educational program of WAYS aims to provide students with a variety of means, such as technology, science, and cultural performing arts to reach their academic goals and become successful individuals.

19. Please describe what you believe to be the key characteristics of a successful school. What specific steps do you think the board of the school will need to take to ensure that this school is successful?

As a board member one is entrusted with the success of the school. This means selecting individuals who believe in the mission of the school and will take responsibility in overseeing the daily activities of the school. For success, the school needs to provide quality grade level instruction along with extracurricular activities to keep students engaged, thus leading them to success.

EXECUTIVE DIRECTOR EVALUATION**

BACKGROUND:

The Board of Directors reviewed the evaluation process used last year and have decided to simply update the evaluation tool which is attached.

PROCESS:

The WAYS Executive Director evaluation is a multi-part process designed to elicit constructive feedback from key WAYS staff and stakeholders and employees to provide a 360 degree evaluation of the ED's ability to and success in leading the organization.

The Process Includes:

- A comprehensive performance evaluation and the open-ended questions' form to be completed by each member of the WAYS Board of Directors
- A comprehensive self-evaluation including review of goals by the ED
- An open-ended questions' form evaluation to be completed by several WAYS staff
- Compilation of all evaluation materials by the WAYS Board President in collaboration with the ED Evaluation Committee
- A discussion of the evaluation and recommendations for changes in compensation for the WAYS ED by the WAYS Board of Directors
- Delivery / discussion of the WAYS board's evaluation to the ED by the WAYS Board of Directors' President

Time Frame:

April 21	All final forms distributed to identified individuals
May 21	Evaluations due to the WAYS President of the BOD (including self evaluation)
June 10	Compilation and reviewed by ED Evaluation Committee
June 25	Discussion of Results by the WAYS Board of Directors
June 30	Evaluation given to ED by WAYS BOD President

WAYS EXECUTIVE DIRECTOR EVALUATION BOARD OF DIRECTORS ASSESSMENT FORM

Introduction / Instructions:

Evaluation of the Executive Director is one of three major junctions of the Board of Directors, (Vision / Strategy {ensuing Quality Management, Financial Leadership, Governance}). The evaluation form should take 30-60 minutes to complete. All responses should be directed to President _____, who will remove any identifying data prior to compiling a summary which will be reviewed by the Evaluation Committee before it is shared with the Executive Director.

Each section deals with an important area of responsibility. If you need explanation of description contact President _____. If you are working with an electronic version, eliminate the numbers except your response. Answer NA or NS to questions unable to answer.

At the end of the assessment please take the time to fill out the comment section. Your response will be especially helpful when the Board look for ways to strengthen the Executive Director's performance and that of the organization as a whole. These comments will be shared with the Executive Director.

All responses will be kept confidential and will be compiled in a summary for review by the Board and used in the evaluation interview with the ED. Before June 1, 2011, send completed forms to the WAYS President.

Attach additional pages if needed or desired. Timeliness is essential to ensure the prompt completion of the process.

AGREEMENT FOR PROVISION OF SERVICES
BETWEEN
CELERITY GLOBAL DEVELOPMENT
AND WISDOM ACADEMY OF YOUNG SCIENTISTS

This School Educational Support Services Agreement (“Agreement”) is entered into and executed as of _____, by and between Celerity Global Development, a California nonprofit public benefit corporation (“CGD”), and the Merle Williamson Foundation, a California non-profit public benefit corporation (“MWF”) doing business as Wisdom Academy of Young Scientists (“WAYS”), with respect to the following facts:

A. CGD is a California nonprofit public benefit corporation organized under California law for public and charitable purposes, which include the promotion, expansion, and replication of Celerity Educational Group charter schools and other schools, and to educate and serve at-risk children, youth, and their families; CGD is organized to support charter schools, educational program and activities, and provides educational and management services and products, human resources administration, including school personnel and business management, curricula, programs, contract administration and technology to charter schools. The products and services of CGD are designed to serve the needs of the schools it supports.

B. MWF is a California nonprofit corporation that operates WAYS charter school and is in need of the services of qualified personnel who are experienced in the provision of certain educational and consultant services.

C. CGD offers a comprehensive package of services and employs individuals (“Employees”) who are experienced, competent and specially trained to provide the services involved in WAYS operations.

D. CGD and WAYS desire to enter into this Agreement for CGD to provide certain services to WAYS.

NOW, THEREFORE, the parties agree as follows:

1. SERVICES.

1.1. Listed Services. CGD shall perform such operational, back office, human resources and other professional services for WAYS as specifically described in Exhibit A, attached hereto and incorporated herein by reference (“Listed Services”).

1.2. Additional Services. CGD may also provide certain additional or other related services not described in Exhibit A as WAYS may from time to time request and that are

mutually agreed upon by CGD and WAYS in writing (“Additional Services”). For example, such Additional Services may include, but are not limited to:

- 1.2.1. Marketing Collateral Design,
- 1.2.2. Marketing Collateral Printing,
- 1.2.3. Media Creation,
- 1.2.4. Business Cards and Letterhead,
- 1.2.5. Website and Graphic Design,
- 1.2.6. Print Design and Process,
- 1.2.7. Student Media Support,
- 1.2.8. Reprographics,
- 1.2.9. NSLP Data,
- 1.2.10. NSLP Reporting,
- 1.2.11. NSLP Fiscal Compliance,
- 1.2.12. Facilities Repair,
- 1.2.13. Facilities Maintenance,
- 1.2.14. IT Support,
- 1.2.15. IT Helpdesk, and
- 1.2.16. IT Asset Management.

1.3 Evaluation. CGD and WAYS will develop a comprehensive evaluation for internal use to compare WAYS’ current educational support services needs to the Listed Services, and to evaluate the provision of such services by CGD. Twice annually CGD and WAYS will evaluate the status of the Listed Services within the organization to determine the effectiveness of CGD’s guidance, support, and technical assistance, and WAYS and CGD may mutually agree to revise the Listed Services, if necessary.

2. COMPENSATION.

2.1. Listed Services. As compensation for CGD’s provision of Listed Services, WAYS agrees to pay CGD _____ (\$_____) per month. The foregoing

- 2 -

DOCS 118603-000001/2006382.1

compensation does not include compensation for any Additional Services. CGD will provide a monthly invoice detailing the services provided, and WAYS's payment shall be due within thirty (30) calendar days of the invoice date.

2.2. Additional Services. As compensation for CGD's provision of Additional Services, WAYS agrees to pay CGD the cost of each specific service provided. CGD and WAYS shall mutually agree upon the cost of each additional or other related service in writing before the provision of such services. If such additional or other related services are provided, CGD will provide a monthly invoice detailing the services provided, and WAYS's payment shall be due within third (30) calendar days of the invoice date.

3. EMPLOYMENT RELATIONSHIP.

3.1. Employees performing services pursuant this Agreement are, and shall remain, the employees of CGD, and shall be subject to the ultimate direction and control of CGD and its directors, officers, and other representatives.

3.2. CGD shall have full and sole legal control over and responsibility for payment of all compensation and benefits to the Employees, as well as the full and sole responsibility for ensuring compliance with any and all applicable state and federal income tax withholding, state and federal unemployment and disability insurance withholding and contributions, and social security tax withholding and contributions.

4. TERMINATION AND MODIFICATION.

4.1. This Agreement shall continue in effect for a term of twelve (12) months, beginning on _____, and ending twelve months thereafter. This Agreement shall automatically renew at the end of the term, and for consecutive successive twelve month terms, on the same terms and conditions herein, unless terminated by either party in accordance with section 4.2 below.

4.2. This Agreement may be terminated by either CGD or WAYS upon ninety (90) days prior written notice to the other party, with or without cause.

4.3. This Agreement may be amended by mutual consent but only if in writing and signed by both parties.

5. NOTICE.

5.1. All notices, requests, offers or demands or other communications (collectively "Notice") given to or by the parties under this Agreement shall be in writing and shall be deemed to have been duly given on the date of service if personally served on the party to whom Notice is to be given, or seventy-two (72) hours after mailing by United States mail first class, registered or certified mail, postage prepaid, addressed to the party to whom Notice is to be given, at such

party's address set forth on the signature page of this Agreement or such other address provided by the receiving party.

6. CONFIDENTIAL AND PROPRIETARY INFORMATION.

6.1. For the purposes of this Section, the term "Confidential Information" means all confidential or proprietary information or materials including, without limitation, any documentation, processes, specifications, instructions, know-how, reports, data packages, inventions, ideas and business information, privileged communications and reports, whether or not such information would be enforceable as a trade secret or copyright or the copying of which would be enjoined by a court as constituting unfair competition, which is disclosed by either party to the other party.

6.2. Each party to this Agreement acknowledges and agrees that the other party is entitled to protect and prevent the disclosure or misuse of its Confidential Information, and hereby agrees, at all times after the date hereof, not to disclose, or permit any third party to disclose or use (a) Confidential Information at any time prior to or after the date hereof, or (b) information derived by one party from the other party's Confidential Information which information could not have developed independently, and (c) shall continue to treat the Confidential Information as confidential and nondisclosable, except in each case for and to the extent to which:

6.2.1. Such information is or becomes part of the public domain through no fault of the party;

6.2.2. Such information is disclosed (without obligation of confidentiality) with the prior written approval of the other party;

6.2.3. Such information was, as demonstrated by written records, in the party's possession before the disclosure; or

6.2.4. Such information becomes known to the party from a source other than the other party, provided that such other source has the right to disclose such information without restriction.

6.2.5. Such information is required to be disclosed by law, subject to Section 6.3, below.

6.3. In the event that either party is requested or required by statute, regulation, order of any court or by rule or order of any governmental agency to disclose any Confidential Information, the disclosure of which would otherwise be prohibited by this Agreement, that party shall supply the other party with prompt notice of such request(s) so that party may seek an appropriate protective order.

6.4. To the extent that is necessary and permissible to disclose any education records to employees of CGD in order for CGD to perform the services provided under this Agreement, WAYS designates those employees of CGD performing such services as agents of the school having a legitimate education interest solely for the purpose of entitling such persons to access education records under the Family Educational Rights and Privacy Act (20 U.S.C. section 1232g and implementing regulations; "FERPA"). The parties agree to comply with applicable laws related to student education records including FERPA.

6.5. To the extent that materials, documents or ideas were, or are, owned, designed, developed, formulated, written by or created by CGD or persons employed by CGD, WAYS agrees that CGD shall own all copyright, trademark, licensure, royalty or other proprietary rights to all instructional materials, training materials, curriculum and lesson plans, and any other materials provided by CDG, its employees, members, Board of Directors, officers or subcontractors. WAYS shall have the right to use such materials at the discretion of CGD during the term of this Agreement.

7. INDEMNIFICATION

7.1 CGD shall defend, indemnify and hold WAYS, its directors, officers, employees and agents harmless against and from all claims, actions, costs, expenses, damages, injury or loss (including reasonable attorneys' fees) to which WAYS, its directors, officers, employees and agents may be subject by reason of any wrongdoing, misconduct, negligence or default by CGD, its directors, officers, agents or employees in the execution or performance of this Agreement.

7.2 Likewise, WAYS shall defend, indemnify and hold CGD, its directors, officers, employees and agents harmless against and from all claims, actions, costs, expenses, damages, injury or loss (including reasonable attorneys' fees) to which CGD, its directors, officers, employees and agents may be subject by reason of any wrongdoing, misconduct, negligence or default by WAYS, its directors, officers, agents or employees in the execution or performance of this Agreement.

8. MISCELLANEOUS.

8.1. Headings. The descriptive headings of the Sections and paragraphs of this Agreement are inserted for convenience only, are not part of this Agreement, and do not in any way limit or amplify the terms or provisions of this Agreement.

8.2. Assignment. No party shall assign this Agreement, any interest in this Agreement or its rights or obligations under this Agreement without the express prior written consent of the other party hereto. This Agreement shall be binding on, and shall inure to the benefit of, the parties and their respective permitted successors and assigns.

8.3. Force Majeure. If any circumstance should occur that is not anticipated or is beyond the control of a party or that delays or renders impossible or impracticable a party's

performance under this Agreement, the party's obligation to perform such services shall be postponed for a period equal to the time during which such circumstances shall end, or, if such performance has been rendered impossible by such circumstance, shall be cancelled.

8.4. No Third-Party Rights. This Agreement is made for the sole benefit of the parties. Except as otherwise expressly provided, nothing in this Agreement shall create or be deemed to create a relationship among the parties or any of them, and any third-party, including a relationship in the nature of a third-party beneficiary or fiduciary.

8.5. Professional Fees and Expenses. Each party shall bear its own expenses for legal, accounting, and other fees or expenses in connection with the negotiation of this Agreement.

8.6. Compliance with All Laws, Policies, Procedures and Rules. In performing this Agreement, each party will comply with all applicable federal and state laws, local regulations and school policies including requirements of any applicable charter.

8.7. Survival. The obligations, rights and responsibilities of Sections 2 (to the extent such obligations were incurred prior to termination or expiration), 6 and 7 shall survive the termination or expiration of this Agreement.

8.8. Entire Agreement. This Agreement, including all exhibits hereto, constitutes the entire agreement between the parties with respect to the subject matter contained herein and supersedes all agreements, representations and understandings of the parties with respect to such subject matter made or entered into prior to the date of this Agreement.

8.9. Amendment. No supplement, modification or amendment of this Agreement shall be binding unless executed in writing by the parties. No waiver of any provision of this Agreement shall constitute, or be deemed to constitute, a waiver of any other provision, nor shall any waiver constitute a continuing waiver. No waiver shall be binding unless executed in writing by the party making the waiver.

8.10. Governing Law. This Agreement and all questions related to its validity, interpretation, performance, and enforcement (including, without limitation, provisions concerning limitations of actions), shall be governed by and construed in accordance with the laws of the State of California, notwithstanding any conflict-of-laws doctrines of such state or other jurisdiction to the contrary and without the aid of any canon, custom, or rule of law requiring construction against the draftsman.

8.11. Jurisdiction, Forum or Venue. The proper jurisdiction, forum and venue for any arbitration, claims, causes of action or other proceedings concerning this Agreement shall be located in the State of California, County of Los Angeles. The parties agree not to bring any arbitration, action or other proceeding arising out of or relating to this Agreement in any other jurisdiction, forum or venue. The parties hereby submit to personal jurisdiction in the State of California for any arbitration, action or other proceeding arising out of or relating to this

Agreement, including but not limited to enforcement of this Agreement, and hereby waive any and all personal rights under the law of any state or other jurisdiction to object to jurisdiction within the State of California for the purposes of any such arbitration, legal action or proceeding, whether on the grounds of inconvenient forum or otherwise.

8.12. Attorney's Fees. In the event any action at law or in equity, arbitration or other proceeding is brought to interpret or enforce this Agreement, or in connection with any provision of this Agreement, the prevailing party shall be entitled to its reasonable attorneys' fees and other costs reasonably incurred in such action or proceeding.

8.13. Arbitration. Any controversy or claim arising out of this Agreement, or the breach thereof, shall be settled by arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator(s) may be entered in any court having jurisdiction.

8.14. Severability. If any provision of this Agreement is invalid or contravenes California law, such provision shall be deemed not to be a part of this Agreement and shall not affect the validity or enforceability of its remaining provisions, unless such invalidity or unenforceability would defeat an essential business purpose of this Agreement.

8.15. Counterparts. This Agreement may be signed in counterparts, which shall together constitute the signed original Agreement.

8.16. Electronic Signatures. This Agreement, and any amendment or modification to this Agreement, may be accepted in electronic form (e.g., by scanned copy of the signed document, an electronic or digital signature or other means of demonstrating assent) and each party's acceptance will be deemed binding on that party. Each party acknowledges and agrees it will not contest the validity or enforceability of this Agreement, and any amendment or modification to this Agreement, including under applicable statute of frauds, because they were accepted or signed in electronic form. Each party further acknowledges and agrees that it will not contest the validity or enforceability of a signed facsimile copy of this Agreement, and any amendment or modification to this Agreement, on the basis that it lacks an original handwritten signature. Facsimile signatures shall be considered valid signatures for purposes of this Agreement and any amendment or modification to this Agreement. Computer maintained records of this Agreement and any amendment or modification to the Agreement when produced in hard copy form shall constitute business records and shall have the same validity as any other generally recognized business records.

8.17. Legal Authority. Each party represents and warrants that the individual executing this Agreement on their behalf is a person duly authorized and empowered to execute this Agreement for such party.

[SIGNATURES FOLLOW]

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first set forth above.

Hello Judy,

I hope this message finds you well.

At the request of Mary Jo Ginty, I planned an unannounced observation and visit to Wisdom Academy of Young Scientists (<http://www.cde.ca.gov/re/sd/details.asp?cde=19101990112730&Public=Y>).

On December 17, 2013, I arrived at Wisdom Academy of Young Scientists located at 706 East Manchester Avenue, Los Angeles, CA 90001 to observe what is taking place from an external view and then internal unannounced visit. I arrived at 2:20pm and departed at 4:30pm. The external observation occurred from 2:20pm – 3:20pm. The internal unannounced after school program visit occurred from 3:20pm – 4:30pm. I left the vicinity at 4:35pm.

- As the instructional day ends at 2:50pm, I wanted to be sure I could observe well before and after the final bell. I arrived at the address at 2:20pm – parked my vehicle on the street (Manchester Avenue) directly in front of the school in order to watch the coming and going of people and vehicles from both the main office and parking gate.
- The main office is located in the center building and can be entered through a secure front entry. Visitors must ring a doorbell and be buzzed into the main office.
- There is a security guard that is on duty at the location, the building and premises are secure and the perimeter is enclosed. There is a main gate entrance for vehicles in which the security guard carries the gate opener on his person. Between 2:20pm and 3:20pm one car entered the gate. Two individuals (females) occupied the vehicle. All parking spaces were full at this point. The parking area is very small. (No other vehicles entered the facility up and through 4:35pm as best I could observe as the same vehicles were present upon my departure.)
- As I watched from the street: parents/guardians/adults began to arrive and wait patiently for the instructional day to end so they could pick up their respective children. They came on foot and by personal vehicle. Between 2:50pm and 3:15pm nearly 70 children left the school grounds with an adult guardian.
- During this time, as I watched from the street – no vehicles or persons arrived with children, or groups of children, to drop them off (or leave them) at the site. (I was on site up and through 4:30pm – no additional children arrived to the school or after school program through this period of time.)
- At 3:20pm I entered the facility. I asked to meet with either Jason Okonkwo or Deara Okonkwo. As I was waiting in the lobby, I picked up one marketing item from a shelf in the open area. The item is a 3x5 color postcard labeled “DeDe Dance Studio” the address for the business is the same address as the school – 706 East Manchester Avenue, Los Angeles, CA 90001. (ATTACHED)
- At 3:25pm I introduced myself to Deara Okonkwo. I explained that I worked for LACOE in the After School Technical Assistance Unit and that I was in the area dropping in to learn more about their program.

Hi Debbie,
Staff is being tasked with preparing the report to the WAYS Board on the FCMAT Audit. We cannot find any sample of what any of the FCMAT Team may use to deliver the report to a board. Do you have anything we could use as guidance? We have to complete this project by noon on Thursday, March 27.
Thanks for any assistance you can provide.

Yeah – I have a vague memory of seeing a FCMAT presentation (or maybe it was just questions from our board), but I don't have any docs – I'd have to look at OUSD board meeting video. I worked with Debi Deal at FCMAT- she was great.

They are refusing to deliver the one they just completed for us. Said their attorneys told them not to due to safety issues.

Do you by chance have a copy of the FCMAT report that was delivered for us to model after? We get to go with an armed guard.

Interesting question... FCMAT presented it to the charter directly as it was there report w/findings. We did however use it as the premise for our revocation. -Teresa

No – when we did American Indian at Oakland Unified, we presented the Notice of Violation based on the FCMAT report, but we didn't present the report itself (they had received it from FCMAT directly). Teresa may have done this with FAME, so I'm cc'ing her.

Hi Judy and Olivia,

I want to thank you both for what I perceived as a cooperative informational sharing meeting pertaining to finalizing Wisdom Academy For Young Scientists' charter petition.

In regards to one key point of conversation regarding **enrollment demographics that match those of the district in which Wisdom Academy For Young Scientists operates**, I wish to summarize the statements made by Olivia Fuentes on this issue:

1. Olivia used her cell phone to determine the ethnic enrollment of the nearest matching K-5 elementary school to Wisdom Academy. That school was Manchester Avenue; Olivia read the ethnic ratio as 80/20 Latino students to Black students.
2. After a few exchanges on the enrollment plan, I mentioned that there was a reason why Black parents took their children out of the Los Angeles Unified School District and placed them in charter schools operated by Black leaders, and that the parents' action was due to a recent Office of Civil Rights suit against LAUSD for not teaching academic English to Black students, thus that's why there are only 4% of Black students in our California colleges. I then said that the requirement of forcing an 80/20 Latino ratio was unfair. To that statement, Olivia replied, "That's the law!"
3. I asked the question, "What was the purpose of this law? I did not get a clear answer, but a discussion ensued about school segregation. I then said that there were many Latino schools that had 98-100% Latino students enrollment, so why are there no attempts made to desegregate those schools to reflect LAUSD's ethnic ratio?"
4. Mr. Jason mentioned that WAYS' recruitment plan was going quite well due to the fact that a concerted effort is in effect by WAYS to recruit Latino pre-school grads for our kindergarten class by using our Latino staff members as the key contact persons who present at 100% Latino enrolled pre-schools. To this Olivia stated, "Latino parents want to see the face of the community!" Olivia explained her statement to mean that Latino parents want to see the administrative leadership of the school! To this, I mentioned that you mean that we must hire a Latino administrator, who would be the lead person in recruiting Latino students, and

Olivia nodded yes!

5. Olivia said to me, "Mr. Cabil, you retired once, are you retiring again after this year? I did not give a yes or no answer to this question because I felt that that question was related to filling my Executive Director's position with a Latino.

6. Following all of the final exchanges between both sides, I mentioned that this whole issue of forcing an 80/20 Latino ratio in a school that followed all of the enrollment and recruitment rules will have to be settled in court!

Agan, I want to thank you both for an informative meeting!

Blessings,
Ed Cabil

Re: Public Records Act Request and Demand for Preservation of Evidence
Wisdom Academy of Young Scientists

Dear Mr. Kwan:

Pursuant to the Public Records Act, Government Code section 6250 *et seq.*, this letter constitutes a request for inspection and copying of Los Angeles County Office of Education ("LACOE") public records related to the Wisdom Academy of Young Scientists ("WAYS").

On March 19, 2014, the CSIS Fiscal Crisis & Management Assistance Team ("FCMAT") released a final report on an Assembly Bill 139 extraordinary audit of WAYS performed by FCMAT at the direction of LACOE. That final report is referred to throughout this Public Records Act request as the "Audit," and a copy of the Audit is attached for reference.

We note that for purposes of the Public Records Act, the "records" requested in this letter include both paper documents as well as documents stored electronically, such as electronic correspondence (email), and calendar and contact records. (Gov. Code, § 6252.) "Records" also include any data generated by, transmitted to, controlled by and/or stored on Judy Higelin's or any other LACOE staff member's computers and storage media, such as email, voice mail, text messages, flash drives and video surveillance records. (Gov. Code, § 6252.) We request that you produce electronically stored records in native format.

We request inspection and copies of the following public records pursuant to Government Code section 6253(b):

Re: WAYS Public Records Act Request

Dear Ms. Brady:

This letter follows up on your telephone call and our conversation yesterday, as well as your email today.

You stated in our call that LACOE staff provided FCMAT with several large batches of .pdf documents about WAYS. You mentioned some were privileged, but when I asked how they were privileged, you said you had not actually reviewed them to determine which privileges and/or Public Records Act exemptions apply. This is surprising given WAYS' Public Records Act request was made over two months ago, and LACOE staff prepared a 32-page report that recommends closure of the school based on these documents. This is also the first time LACOE has mentioned withholding any records, and that more time may be needed to assemble documents. Again, this is surprising since LACOE has already issued a NOV on these issues. Please provide us with those documents, in their native .pdf format.

You also stated that LACOE would provide WAYS copies of the 32-page staff report on the Notice of Violation, the FCMAT audit report, and the remainder of the 1000+ pages of documents that were attached to the staff report. As you know, we already have these documents, and we do not need LACOE to reproduce them (obviously).

You also mentioned that responsive emails have been deleted, which concerns us since there is pending litigation between LACOE and WAYS. LACOE was aware the FCMAT report would lead to litigation in that LACOE recommended closure of our school based on the report, and in addition, WAYS sent a litigation hold request as part of its Public Records Act request as soon as it reviewed the report. You mentioned deleted emails can be retrieved and turned into .pdf documents. Please do so and produce these emails to us.

As clarification, responsive emails to your request may have been deleted from the user's inbox but have been preserved in other formats. I merely mentioned this because such emails will not be available in their original format but are being produced in the format in which they were stored. Please be advised that no emails and/or other responsive documents have been deleted or destroyed.

Also as clarification, the Los Angeles County Office of Education ("LACOE") does not have the requested video surveillance records in its possession, custody, or control. These records were not produced by LACOE to FCMAT. A written report regarding the video surveillance was provided by LACOE to FCMAT and that report will be produced to WAYS.

As you requested, the records will be produced as available. Flash drives with a portion of the requested documents will be sent via FedEx to your office. Please feel free to contact me with any questions or concerns.

Sincerely,

Re: WAYS Public Records Act ("PRA") Request

Dear Ms. Brady:

Yesterday, we received two flash drives you claimed contained documents responsive to WAYS' April 11, 2014 PRA request. This production was grossly inadequate. One of the flash drives (#2) was corrupt and none of the files could be opened. Moreover, the "folders" on that flash drive were empty. The documents we were able to open on flash drive #1 were *WAYS' own board resolutions, agendas and documents*, and emails from LACOE to *WAYS itself*; documents we clearly already have. When you and I spoke on Tuesday, you asked about emails and I specifically confirmed that WAYS is seeking, in particular, email communications between LACOE staff and FCMAT staff about WAYS, and internal LACOE email communications about WAYS. Where are those documents?

It has been over two months since WAYS' PRA request, which sought 38 categories of documents, and we have a grand total of 23 records from LACOE, *all of which are our own documents*. Half the documents LACOE has produced thus far cannot be opened, and the other half are WAYS' own records, which you must know we already have. This is unacceptable, and is even more surprising given LACOE staff is moving full speed ahead on a revocation of the school's charter based on the issues that are the subject of our 38-category PRA request. In fact, at the LACOE Board meeting where the NOV was issued, LACOE staff pushed the LACOE Board of Directors to *shorten* the timeframe proposed by Board member for WAYS' response to the NOV. Now, it is midway through our time to provide a response and we still have absolutely no substantive documents. This is unacceptable and we believe it may be intentional.

I was also very surprised to read your letter dated June 18, 2014 in which you stated that LACOE does not have the video surveillance records we requested in its possession, custody or control. When you and I spoke on the telephone June 17, 2014, we discussed these video surveillance records at length. You specifically stated that LACOE has the video surveillance records on DVD. In fact, you and I went back and forth about whether the records could be

produced on CD or DVD, and whether you would provide a copy or whether we should be prepared to duplicate LACOE's own DVD. How did LACOE lose "possession, custody or control" of the DVD since we talked? If LACOE does not in fact have its own DVD surveillance records, who does have "possession, custody or control" of them? If they were destroyed, such act would clearly violate the litigation hold request WAYS sent as part of its April PRA request.

At this point, I believe it may help to lay out (again) the records WAYS is seeking and has not yet received. Below is a list of the records sought in our April PRA request, which we have *not yet received*. Most of these records are explicitly referenced by LACOE staff itself, and some we have actually observed in staff's possession (such as binders). We believe they are immediately available to you. For example, in our telephone call June 17, 2014, you told me that LACOE provided FCMAT with several large batches of documents, documents you said were too lengthy to email. We received a grand total of 23 of our own records on the flash drives you produced, which clearly do not comprise "several large batches of documents too lengthy to email." WAYS has only a few weeks left to respond to the allegations made to the LACOE Board by staff, and it is egregious for that same staff to withhold records directly relating to those allegations. Please produce these documents immediately so that we may avoid judicial intervention.

1. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 1 of the Audit that LACOE "received allegations of multiple fiscal irregularities . . . at WAYS charter school."
2. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 1 of the Audit that LACOE "received allegations of . . . questionable expenditures . . . at WAYS charter school."
3. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 1 of the Audit that LACOE "received allegations of . . . inappropriate related-party transactions at WAYS charter school."
4. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 3 of the Audit that "county staff cite . . . [that WAYS] management is unresponsive to reasonable requests for timely financial information for supporting documentation regarding implementation of the WAYS policy and procedure regarding internal control over credit card usage."
5. Any and all records that show, substantiate, provide backup explanation, or are in any way related to the statement on page 3 of the Audit that "county staff cite . . . [that WAYS] management is unresponsive to reasonable requests for timely financial information for supporting documentation regarding implementation of the WAYS policy and procedure regarding . . . attendance reports."

Re: Closure Letter
FPPC No. 12/333: Jason Okonkwo

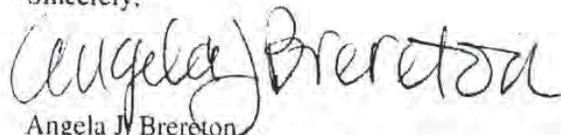

Dear Mr. Okonkwo:

The Fair Political Practices Commission (the "Commission") enforces the provisions of the Political Reform Act (the "Act").¹ As you are aware, the Commission received a complaint against you concerning the conflicts of interests provisions of the Act. Specifically, the complaint alleged that, as Director of Operations of Wisdom Academy of Young Scientists (WAYS), a public charter elementary school located in Los Angeles, CA, you violated the conflict of interest prohibitions by your involvement in facility improvements to real property leased by your mother, Kendra Okonkwo, to WAYS. Additionally, the complaint alleged that you resided with your mother, Kendra Okonkwo, and it was rumored that the properties leased to WAYS by Kendra Okonkwo were actually held in a trust in which you had a beneficial interest.

After a full investigation, the Enforcement Division has found insufficient evidence to establish that you had an economic interest in either Kendra Okonkwo, or in the real property Kendra Okonkwo leased to WAYS. Therefore, we have closed our investigation against you in this matter.

If you have any questions regarding this matter, please feel free to contact me at 916-322-5660.

Sincerely,

Angela J. Brereton
Senior Commission Counsel
Enforcement Division

The regulations of the Fair Political Practices Commission are contained in Sections 18110 through 18997 of Title 2 of the California Code of Regulations. Dear Ms. Okonkwo:

Response to October 6, 2011 California Public Records Act Request

The Charter School Office (CSO) received your California Public Records Act (CPRA) (Government Code § 6250 et seq.) request dated October 6, 2011, "to review any public records related to Wisdom Academy for Young Scientists." I am assuming that you are asking for documents maintained by the CSO, rather than throughout LACOE. If I am mistaken, please let me know and I will notify the other departments.

Please contact CSO at (562) 922-8806 to schedule "an appointment time to review any public document related to WAYS to select the copies that I would like." If you are requesting email correspondence, please let me know as the process for producing those can be protracted.

I want to respond to some of the comments you made in your email correspondence. You state that it has been three months since your initial request for the completed charter. As we told you, there is no final completed charter. I never asked you why you needed the documents and would never have done so. Moreover it has not been three (3) months since your initial request. We discussed with you whether you wanted the WAYS charter as received by the LACOE Board or the finalized charter reflecting the county as the authorizer and you told us that you would wait until the charter was finalized to reflect the LACOE Board as the authorizer.

We discussed with you the cost of producing the documents as we are required to do under state law.

As of the date of this letter, the petition has not been fully revised to reflect the LACOE Board as the authorizer; therefore, there is currently no public document on WAYS available as you were advised in the letter from our office dated October 4, 2011.

Sincerely,

A handwritten signature in black ink, appearing to read "Janis Isenberg".

Dear Ms. Isenberg:

In response to your inquiry, the Public Integrity Division received a complaint on April 22, 2011, alleging that Kendra Okonkwo, Executive Director of the Wisdom Academy for Young Scientists, had a conflict of interest as a result of entering into a lease between the school and herself. The matter is currently open.

Extraordinary Audit AB139

Intake Document

Los Angeles County Office of Education – WAYS Charter School

Pursuant to Education Code Section 1241.5 (b), if the Superintendent of the County Office of Education has reason to believe that fraud, misappropriation of funds or other illegal practices may have occurred can request that the FCMAT team conduct an extraordinary audit.

In an effort to assist the county office in this effort, FCMAT has developed a short checklist to determine what elements indicate potential fraud or misappropriation that warrants an extraordinary audit under the education code guidelines.

Fraud can benefit either an individual or an organization. All of the following elements must be present to be considered fraud:

1. *Knowing* making a false claim, or *untrue representation*, of a *material fact*;
2. The act is *intentional*, intent to deceive (*concealment*);
3. The victim *relies* on the untrue information (*reliance*);
4. *Damages*, or suffered *loss*, of money or property.

The following lists the major types of fraud. The COE will be asked to identify the category or categories.

Major types of fraud:

1. Embezzlement *unknown*
2. Breach of fiduciary duty ✓ *evidence of*
3. Conflict of interest ✓ *evidence of*
4. Bribery, or commercial bribery *unknown*
5. Illegal gratuity *unknown*
6. False statements or claims *unclear - possible*
7. Extortion *unclear - possible*
8. Mail and/or wire fraud *unknown - possible*
9. Conspiracy *unclear - possible w/ regard to items 2+3*

Sharon's Willard v. Maria Williams Foundation, et al. (RCS15435) 13-JV-578

PLUTNER DESCRIPTION: Ratselohm

VERDICT: \$589,803

ATTORNEY PLAINTIFF - Jeffrey Lipow, Kevin M. Salvia (Lipow & Hank, Esqns),
Defendant - Christopher B. Cato, Jennifer Garner (Gordon & Paves, San Diego)

TECHNICAL PLAINTIFF - Kevin Lynn Smith, M.A., economist, San Marino.

FACTS: Plaintiff Sharon Willard was employed as a teacher at defendant's Los Angeles Unified School District charter school. The plaintiff contended that after about one year of employment, she was pressured by the defendant's executive director to travel to Nigeria to marry her sister's husband so she could immigrate to the United States. She asserted that the director allowed the trip, and a ceremony in Nigeria took place. After returning the United States, over a period of months, the director pressured the plaintiff to file an immigration petition with U.S. Citizenship and Immigration Services. The plaintiff asserted she refused, and ultimately, she director pressured she resigned during the petition because it was fraudulent, and other continued pressure from the director, she finally told her that she would not sign or file the petition.

The plaintiff alleged that a pattern of criticism of the plaintiff's work performance ensued, culminating in the director terminating her employment approximately five months after the plaintiff affirmatively told the director she would not do as requested regarding the immigration scheme.

CONVENTIONS: PLAINTIFFS CONTENTIONS: The plaintiff proffered to trial on a sole cause of action for violation of Labor Code Section 1102.1(a), claiming that the plaintiff's termination was retaliation for her refusal to engage in illegal activity, alleging and filing a petition for immigration containing misused materials.

DEFENDANT'S CONTENTIONS: The defendant claimed that the plaintiff had some good qualities as a teacher, but fraternized poorly with students and their parents from her biting through harassment, that numerous students and parents complained about the plaintiff's behavior and that the plaintiff had been disrespectful, refusing express invitations to submit a class management plan. The defendant denied that the immigration scheme ever occurred. The defendant argued that the termination was a legitimate business decision. The defendant contended the plaintiff was ultimately let go because a parent complained that the plaintiff had told a student that the student would end up homeless, and in a meeting with the parent and student about the incident, the plaintiff was not apologetic and accused the student of being jealous of another student. The plaintiff was let go that day.

JURY: The plaintiff claimed emotional distress arising from her termination and financial distress of unemployment.

JURY TRIAL: Length, five days; Post, 11-1 (liability), 9-3 (damages); Challenge, four hours

SETTLEMENT DISCUSSIONS: The plaintiff's last pre-trial offer was \$769,000. The defendant favored a CCP offer for \$40,000.

RESULT: Verdict for \$589,803.

OTHER INFORMATION: Motions for new trial and judgment notwithstanding the verdict were denied.

Founder & Executive Director

Deara Okonkwo is an extraordinary 21-year-old woman whose gifts and talents illuminate in the children of her classroom and dance studio. Ms. Okonkwo is a doctoral candidate at the University of Southern California, holding a Master's Degree in Education, Clear Teaching Credential and Bachelor's all obtained from the prestigious University. She is renowned for her outstanding academic accomplishments: at the prime age of fourteen, she graduated from high school with an Associate of Arts Degree; at seventeen, she received her Bachelor's in English with a minor in Psychology and at eighteen she obtained her Master's Degree in Education along with her teaching credential. Deara is the Founder and CEO of DeDe Dance Studio, a 501(c)(3) non-profit that works to empower youth through multicultural performing arts, brotherhood and sisterhood clubs and educational enrichment. Most recently, she established Innovative Ways Academy, a uniquely designed Middle School that provides children with a world-class and elite educational experience. Furthermore, her Academy offers rigorous academic coaching for educators and provides practical modeling in the classrooms to increase student achievement. Her motto is to recycle the knowledge that she obtained and she has sought to achieve these as an urban educator. Her passion lies in her professions, educating children in the classrooms and empowering youth through the performing arts. With only twenty-one years, she demonstrated profound leadership skills through her humanitarian efforts. Deara is a true change agent and leader for the youth that she serves.

Deara

In today's hypercompetitive job market, there are few things more desirable than a sterling education. Yet the American educational model is in trouble: public schools are woefully underfunded, graduation rates are falling, and nobody seems willing to agree on a solution. That might change when **Deara** joins the conversation in Washington one day. The 22 year-old South Los Angeles native has specialized in bringing enlivening learning opportunities to her community ever since starting her own nonprofit dance studio at age sixteen. Since then, Deara - who holds masters degree in Education from USC - has changed young lives at two South LA schools. She serves as the vice principal at Wisdom Academy for Young Scientists, and is the founder of Innovative Ways Academy, a private school for middle school-aged students.

Me: I want to start by talking about your dance studio, since it touches on this generation's interest in entre-

preneurial spirit. You got in touch with yours at an earlier age than most Millennials. Tell me the story.

Deara: Well, I've been dancing for most of my life. As a kid, it began with creative movements, and then as I got older, I started doing ballet and tap dance at the Kittsville Youth Foundation; this academy founded by Eartha Kitt, right here in South LA. The director of the program took notice and one day, she suggested to my mother that I audition for Debbie Allen Dance Academy. I tried out and was accepted with a scholarship. And through this whole process, my parents promised that one day they'd help me start a dance studio. The idea was I could use the studio as a way to give back.

So teaching dance had been a dream of yours for some time?

It was already happening. When I was at Debbie Allen, I started giving lessons in our backyard. I had a sign-up sheet on the front door of my house and we'd rotate between styles: Flamenco this day, Capoeira the next, and so. And I did all that because my friends and neighbors who were interested in dancing weren't going to Debbie Allen with me, but they were interested in enhancing their techniques.

When and how did your parents acquire the space that would become DeDe Dance Studio?

It was mainly through my mother. She's retired now, but at the time, she was the Executive Director at Wisdom Academy for Young Scientists. There was a building there, used mostly for storage, which my mother and my aunt Dolores helped to convert into a studio space. The part that I had a stake in was the wall-to-wall mirrors and ballet bars, which were paid for by fundraising events like dance performances that my team and I would perform.

Is it safe to say this early experience set you on a path towards education as a profession?

My interest was present from the beginning, but one event that transformed my idea of starting and running a school into a reality happened during the first year of my doctoral program at USC. I was enrolled in a leadership course with Dr. Rudy Castruita, and we had to design an outlook plan in which we hypothesized our own leadership evolving over ten years. And I remember noting that by Year Eight, I wanted to found a school. But it actually began happening much sooner than that.

When, exactly? What were the circumstances?

Shortly after finishing the leadership course, the executive director at Wisdom Academy introduced me to an individual from the Church of Scientology named Isaac Asberry. I wound up meeting him right in South LA, at this big, beautiful building that I soon learned was the church's own community center. Only, it was abandoned. And I remember seeing it and thinking, "This is it. This is going to be the school."

Dear | Drive All Night

<http://driveallnight.org/2013/06/30/dea>

And when you say "the school", you mean Innovative Ways Academy. What were the next steps? How does one pilot a new school?

First, you have to project the idea of the school to the surrounding community. I had a vision of this world-class, elite, college-oriented institution for students right here in South Central LA, in a building that was already steeped with history. And it was always intended to be a middle school, because that's the age range when a lot of kids tend to drop out of school. I wanted to start a program that would engage students to a level where they'd manage to hang on through the toughest times.

So you have the dream, out in the open. What comes next?

Next, you need a budget, and that's where my mother's brains come in. I'm very fortunate to have a mother who supports everything I do, and she also happens to be a sound businesswoman. The two of us sat down and began by outlining all the necessary supplies we'd need to get the school up and running. Then we tackled operations and hiring faculty. Salaries are easily the biggest financial consideration behind getting a school up and running. My mother financed these setup costs, but we also conducted a lot of neighborhood fundraising to pay for things like student meals and field trips for the first year.

How many students were enrolled at Innovative Ways Academy during the first school year?

Only 13. I wanted to make sure that the curriculum worked before applying it to a larger group of students. But it did, and now that it's been a success, I've been looking at trying to apply our learning model to a bigger public school environment. And right now, we've actually got one middle school nearby that's interested in giving it a test run for the 2013-2014 school year. A lot of my recent time has been spent facilitating that.

Hearing about all of this, it's easy to overlook the fact that you're also working as the vice principal at Wisdom Academy for Young Scientists! What does a day in the life of a VP look like?

The whole day begins at 7 AM. The students have some time to eat breakfast as our staff and teachers roll in. Then at 7:50, we have a student-led assembly. And that really speaks to the type of leadership communication we employ at Wisdom.

A more communal approach?

Right. I like to avoid top-down school management where the principals just give commands. It's better to communicate your expectations in a way that can be echoed by students and teachers. People buy that. It's like...if I'm Marc Jacobs, and I have Beyonce model my clothes, they're much more likely to sell than if Marc Jacobs simply appears on TV and urges everyone to try out his latest designs! I prefer to **Follow**

Dear | Drive All Night

ing a humble leader because it gives the students more room to shine.

As the vice principal, do you also instruct students in the classroom?

Oh, definitely. At 8 AM on any given day, you might see me teaching a language arts class. And I'll usually put a spin on the lesson by working dance into the presentation. For instance, I'll use a pirouette to convey synonyms, and a jete for antonyms. It gets the kids excited about what they're learning.

Is this outside-the-box instruction approach applied in most classes at Wisdom?

We use it in almost all classroom situations. One approach that's been really popular is incorporating rap into math lessons. The students get to hear their favorite songs from their favorite rap artists, but the lyrics are reworked to teach concepts like multiplication. And it's a lot of fun for them. They look forward to the next lesson, they get involved.

And it's probably a more compelling incentive to ace their homework assignments than a standard review session the next morning.

Exactly. Not only that, but when our teachers eventually hold assessment tests to see how the students are retaining all this new information, we see very positive results. And that's extremely important when you think about the standardized testing that these students are going to negotiate; testing that will affect their academic future.

What about the students whose career expectations aren't reached by a four-year college education?

I think it's really important to have a dual emphasis on college and career when you're working with young students. Because, like you said, not every career is reached through college. Let's say you want to be a policeman or a pilot. You'll need advanced studies, but not the same as the majority of your classmates. I mean, not everyone can become the president of the United States! If a student says they like to help people, we'll sit down with them and make a list of all the professions they could pursue that would allow them to help people. And from there, we help each student work towards a higher education that applies to their career interests.

Speaking of the future, where do you see yourself five to ten years down the road from right now?

Right now, I'm at a point where I've begun to think about starting a family and the joys that come with it. So that will definitely be a priority. Career-wise, I see myself working in politics or international education.

Define "politics".

My ideal career goal – for a long time coming – has been to become the US Secretary of Education. And of course, there are many roads to that point. I could work in Sacramento for the state's standardized testing program, or serve as a superintendent. But ultimately, there are some new ideas and policies I'd like incorporate into the American public education system.

Let's hear some.

Foreign language. I'd like to see it become a mandatory subject in primary education curriculums. Another one, more of a fantasy, ~~would be an extended school day.~~ And when most people hear this, they go, "Ahhh! No way!" But here's the twist: you'd extend the school day, and then cut out Friday. That way, students could use that free day to participate in internships, community service, sports...you name it.

That would certainly give students an early leg up in today's job market!

It would! You could almost look at Friday as an "application day." Monday and Thursday can remain devoted to theory, but Friday would allow some real world practicum. Because otherwise, you're likely to still have lots of students getting frustrated with school and dropping out early to go find a job somewhere.

In case any members of President Obama's education department are reading this, are there any other ideas you'd like to throw out there?

Sure – I'd like to see our country increase the value and esteem of the teaching profession. If we impose qualification requirements for educators – and offer them much better salaries than we do right now, we're likely to see a competitive pool of teaching applicants, who will in turn be better teachers for our students. Most of us want the best doctors presiding over us, or the best engineers designing our cities. Why shouldn't we expect the same standard when it comes to the professionals educating our children?

What challenges do you see yourself facing as you move towards your professional goals?

I think relocating will be hard for me. My neighborhood, USC, and my family are very important to me, and while I know that eventually I'll have to move... hopefully to Washington DC one day... it's tough for me to just leave, start a new clique somewhere else, and adapt to an entirely new environment.

Blowing that question open, what challenges do you think Millennials are likely to face as they enter their 30s and 40s?

Of course, employment and healthcare will probably be two of the biggest challenges for most. Follow

Dear | Drive All Night

<http://driveallnight.org/2013/06/30/dea>

But there's always a way to solve challenges, and that's what I think we need to channel our energy into. If you can't find a job that allows you to do something you enjoy and do well, maybe it's time to start thinking about how you could create that job. If I didn't have either of the opportunities I do have for teaching, I'd find like-minded individuals and create a charter school. Or a tutoring program. It's possible to create an outlet for your skills; but it requires a lot of hustling, living within your means, and being very specific about your goals. Write them down or put them in a flow chart if you have to!

I'm especially curious to hear your take on this one: I've asked everyone involved with this project how they identify with the term Millennial and its mainstream connotations. (The entitled, lazy young adult.) What does the term mean to you?

Based on my experience and those of my colleagues...I think "Millennial" means a 21st century individual who's very adaptable and open to new ideas and demands of the times we're living in. It's a very positive word to me. I think the popular, more unflattering definition comes from people our age being studied alongside the next generation of young adults, the ones who are in high school now. Because I've worked with a lot of these students, and some of them do tend to embody the negative Millennial stereotype: you know, sending unpolished resumes via their iPhones and expecting an interview.

Interesting. And troubling too. Why do you reckon that is?

Technology, maybe? Most Millennials didn't have Facebook, Twitter, or smartphones until high school at the *earliest*. I sometimes wonder if all these devices are handicapping the next generation; weakening their initiative. And that's part of my job as an educator - showing high school juniors how to finesse a cover letter with a nice, professional signature, or brainstorming ways that a student could hedge their bets on landing a job they want by networking with the company they want to join, or even doing some volunteer work there *before* applying.

Good Evening Mr. Cabil,

On yesterday evening, I read your email unilaterally postponing the Board of Directors' meeting; even though I emailed a draft agenda to you at 4:40PM - in time for you to post it by 5:00PM to meet the 72-hour deadline required by the Brown Act. However, you did find time to send out a scurrilous email requesting that the 'new' board members step down; and identifying me specifically. (I will be responding to your recent emails under separate cover.)

a. Your administrative responsibilities do not give you the prerogative to postpone Board meetings. Case in point, board members do not have the prerogative to cancel staff meetings. Moreover, you were keenly aware of the time-sensitive documents being requested by LACOE. We were to submit these documents below not later than November 22, 2013. I will list them for you:

1. Board Policy on Admissions/Enrollment/Lottery
2. Board Policy on Student Fees
3. Board Policy on Suspension & Expulsion
4. Board Meeting Minutes for September 26, 2013
5. Board Meeting Minutes for October 24, 2013

b. Interestingly enough, LACOE sent an email earlier today indicating staff had emailed these unapproved Board Policies. I requested you to place the above policies on the November 21, 2013 Board agenda for review/modification/approval for the 2013-14 School Year in order to meet the requested deadline. These policies must still be approved by the Board of Directors; similar to Board minutes.

Additionally, other matters that needed to be considered by to the

Board at its November 21, 2013 meeting included:

c. The Single Plan for Student Achievement along w/ the draft Student Achievement Plan outlining the strategies to be implemented that would ensure African-American and Special Education students; who did not meet their 2012-13 AYP growth targets, would meet their 2013-14 AYP growth targets. The final Student Achievement Plan is due to LACOE on December 2, 2013. I am sure Board members would like to have this information presented in a timely manner.

d. The Title One Budget due to LACOE by November 15, 2013 that was not submitted, and has yet to be reviewed and approved by the Board. This budget identifies the funds to be used to support both the 2013-14 Single Plan for Student Achievement as well as the Student Achievement Plan.

e. An overdue monthly budget presentation from Bali Business Management explaining to the Board a line item budget increase of \$118,000 from the previous school year in supplies. As you may recall, in August the Board 'conditionally' approved this year's budget in order that

some funds could be used to open the school-year, although LACOE would receive a 'conditionally approved' 2013-14 budget. Since August, the Board has not had an opportunity to review the school's budget. In September, the contractor was called and instructed not to come. In October, when the contractor did come, the Board meeting was disrupted and the contractor was unable to present the budget, nor was the Board able to continue with the meeting as we were told to "get out". In fact, was directly yelled at and threatened by the employee to, "Get out and don't come back!" among his other verbal and physically menacing gestures.

f. Scheduling of Board Retreat that every board member agreed was needed for several reasons. (See Agenda)

g. Hearing critical Closed Session items

h. The review/approval of a contract for the Executive Director; if one had been provided. In fact, no contracts for this school year have been presented to the Board for review, approval or denial. Were the teachers' contracts approved prior to the end of school? I know this current Board did approve their Salary Schedule.

Since there is no scheduled Board Meeting in December, I am recommending that the Board schedule a December meeting, due to 'postponement' of its November meeting.

For further illumination, please see the attached agenda.

Needless to say, this and other recent events are disheartening. Board members are **NOT** the problem. Board members govern, approve expenditures and direct administration. Administration implements the policies of the Board, and manages the daily operations of the organization. There is no getting around this

fact. No matter who the governing board members are; in public entities, this is known as the system of 'checks and balances'

Respectfully,

Hon. Carol Lee Tolbert, President

Dear Superintendent Delgado:

The contract between the Fiscal Crisis and Management Assistance Team (FCMAT) and the Los Angeles County Office of Education to provide an Assembly Bill 139 extraordinary audit of the Wisdom Academy of Young Scientists (WAYS) was signed in May 2013 and returned to FCMAT in June 2013. Specifically, the agreement stated that FCMAT would perform the following:

Scope and Objectives of the Study

1. Evaluate the charter school's internal control structure, policies and procedures to test transactions and reporting processes to determine if adequate procedures are in place to safeguard assets, including physical objects, charter school data, and intellectual property.

Evaluation of policies and procedures will include the following:

- i. Review compliance with policies and procedures including, but not limited to, those related to human resources, finance, purchasing, granting agencies, and state and federal government programs and funding.
 - ii. Review document and records retention procedures to determine whether the charter school provides reasonable assurance that asset records are safeguarded and transactions are correctly recorded.
2. Evaluate the reliability and integrity of information used for internal management decisions and external agency reports.
 3. Determine if authorization procedures are appropriate and consistently followed. Review administrator and manager approvals and whether signature authority is delegated only to authorized employees.

- [REDACTED]
4. Determine whether proper segregation of duties exists. The team will evaluate personnel, payroll, accounts payable and cash transactions, and will do the following:
 - i. Review the authorization process for cash receipts
 - ii. Determine if protective measures are in place for safeguarding assets, processes and data.
 - iii. Determine whether safe combinations are changed periodically and anytime a staff member who knows the combination terminates employment.
 5. Evaluate reporting processes. The team will do the following:
 - i. Evaluate monitoring and verify that controls are operating properly.
 - ii. Evaluate controls that prevent management from overriding internal controls and thus prevent the potential misappropriation of funds.
 - iii. Evaluate whether clearly established lines of authority and responsibility exist within and between departments for proper review and reporting purposes, and if these are shown on organizational charts.

This final report contains the study team's findings and recommendations in the above areas of review. FCMAT appreciates the opportunity to serve the Los Angeles County Office of Education, and extends thanks to all the staff for their assistance during fieldwork.

Sincerely,

Joel D. Montero
Chief Executive Officer

About FCMAT

FCMAT's primary mission is to assist California's local K-14 educational agencies to identify, prevent, and resolve financial and data management challenges. FCMAT provides fiscal and data management assistance, professional development training, product development and other related school business and data services. FCMAT's fiscal and management assistance services are used not just to help avert fiscal crisis, but to promote sound financial practices and efficient operations. FCMAT's data management services are used to help local educational agencies (LEAs) meet state reporting responsibilities, improve data quality, and share information.

FCMAT may be requested to provide fiscal crisis or management assistance by a school district, charter school, community college, county office of education, the state Superintendent of Public Instruction, or the Legislature.

When a request or assignment is received, FCMAT assembles a study team that works closely with the local education agency to define the scope of work, conduct on-site fieldwork and provide a written report with findings and recommendations to help resolve issues, overcome challenges and plan for the future.

Studies by Fiscal Year

FCMAT also develops and provides numerous publications, software tools, workshops and professional development opportunities to help local educational agencies operate more effectively and fulfill their fiscal oversight and data management responsibilities. The California School Information Services (CSIS) arm of FCMAT assists the California Department of Education with the implementation of the California Longitudinal Pupil Achievement Data System (CALPADS) and also maintains DataGate, the FCMAT/CSIS software LEAs use for CSIS services. FCMAT was created by Assembly Bill 1200 in 1992 to assist LEAs to meet and sustain their financial obligations. Assembly Bill 107 in 1997 charged FCMAT with responsibility for CSIS and its statewide data management work. Assembly Bill 1115 in 1999 codified CSIS' mission.

AB 1200 is also a statewide plan for county offices of education and school districts to work together locally to improve fiscal procedures and accountability standards. Assembly Bill 2756 (2004) provides specific responsibilities to FCMAT with regard to districts that have received emergency state loans.

iv

ABOUT FCMAT

In January 2006, SB 430 (charter schools) and AB 1366 (community colleges) became law and expanded FCMAT's services to those types of LEAs.

Since 1992, FCMAT has been engaged to perform nearly 850 reviews for LEAs, including school districts, county offices of education, charter schools and community colleges. The Kern County Superintendent of Schools is the administrative agent for FCMAT. The team is led by Joel D. Montero, Chief Executive Officer, with funding derived through appropriations in the state budget and a modest fee schedule for charges to requesting agencies.

Introduction

In May 2013, the Fiscal Crisis and Management Assistance Team (FCMAT) received a request from the Los Angeles County Office of Education for an Assembly Bill (AB) 139 extraordinary audit of the Wisdom Academy for Young Scientists charter schools. The county office had received allegations of multiple fiscal irregularities, questionable expenditures and inappropriate related-party transactions at WAYS charter school. Concerned that these allegations may have violated various government and education codes related to fraud and/or misappropriation of assets, the county superintendent initiated an investigation to determine whether sufficient evidence of fraud, misappropriation of funds or other illegal activities may have occurred to report the matter to the local district attorney's office for further investigation. Under the provisions of Education Code Section 1241, FCMAT entered into a contract with the Los Angeles County Office of Education to conduct an AB 139 extraordinary audit.

FCMAT interviewed employees and reviewed documents to determine if instances of fraud, misappropriation of funds or other illegal practices occurred that would warrant further investigation by the local district attorney's office.

Study Guidelines

FCMAT provides a variety of services to school districts and county offices of education upon request. Education Code Section 1241.5(b)(c) permits a county superintendent of schools to review or audit the expenditures and internal controls of any school district in that county if he or she has reason to believe that fraud, misappropriation of funds, or other illegal fiscal practices have occurred that merit examination. According to the Education Code, the review or audit conducted by the county superintendent will focus on the alleged fraud, misappropriation of funds, or other illegal fiscal practices and is to be conducted in a timely and efficient manner. This is in accordance with Education Code Section 42638(b), which states as follows:

If the county superintendent determines that there is evidence that fraud or misappropriation of funds has occurred, the county superintendent shall notify the governing board of the school district, the State Controller, the Superintendent of Public Instruction, and the local district attorney.

Therefore, FCMAT focused on the allegations of misappropriation of assets, misuse of grant funds and conflict of interest to determine whether Wisdom Academy for Young Scientists Charter School and/or its personnel were involved in or committed fraudulent activities.

Audit Fieldwork

Investigating allegations of fraud requires a number of steps that include interviewing potential witnesses and assembling evidence from internal and external sources. The FCMAT study team conducted initial county office interviews in June 2013 during the schools' summer vacation and then visited the three charter school campuses in November 2013 to conduct interviews, collect data and review documents. Based on new information, additional interviews and fieldwork were scheduled in December 2013 through February 2014. Specifically, FCMAT reviewed, analyzed and tested records that included audited financial statements, financial records, grant documents, board minutes, the charter petitions and other documentation from independent third party

2

INTRODUCTION

sources. The review also included interviews with a board member, management personnel, business service provider, and former charter school employees to evaluate information concerning any alleged mismanagement, fraud, or abuse.

The fieldwork focused on determining whether there is sufficient information to ascertain fraud, misappropriation of funds, conflict of interest particularly with related-party transactions, self-dealing through privately owned company transactions of management and key employees and the former executive director of the charter school, and breach of fiduciary duty.

Although there are many different types of fraud, a conflict of interest and breach of fiduciary duty exists when officers or employees of the organization have a personal financial interest in a contract or transaction and is considered to be a form of misappropriation of assets.

All fraud has common elements including the following:

Knowingly making an untrue representation or a false claim of a material fact;

- Intent to deceive, or concealment of the act;
- Reliance on untrue information; and
- Damages or a loss of money or property.

This report is the result of that investigation and is divided into the following sections:

FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM

Background

Wisdom Academy for Young Scientists (WAYS) operates under the Merle Williamson Foundation, a non-profit 501(c)(3). WAYS charter school was authorized as a charter school by the California Department of Education (CDE) in September 2006. The first-year enrollment of 141 grew to 267 pupils by June 30, 2012.

Originally approved by Los Angeles Unified School District Board of Education, the charter school was denied renewal of the petition effective July 1, 2011. The district cited several instances of Education Code violations that included:

1. Conflict of interest concerns between related parties, the executive director, the principal and members of the Board of Directors including self-dealing;
2. Violations of the Brown Act;
3. An ineffective governance structure; and
4. Failure to provide a reasonably comprehensive description in the petition for 12 of 16 required elements pursuant to EC 47605(b)(5).

The WAYS governing board is responsible for fiscal accountability and proper governance over all financial transactions but has limited involvement in the schools' financial affairs. The inability for the governing board to exercise due diligence and implement internal controls has effectively allowed the former executive director, current executive director and related parties unrestricted access to the assets of the organization and implied authority to enter into a variety of business arrangements for personal gain without board authorization and/or approval.

The involvement of the former executive director, related parties, business associates, former board members and numerous businesses owned by the former executive director and her husband has raised questions regarding potential conflict of interest, significant influence over financial transactions, self-dealing, control over fiscal management and related party transactions in violation of government and education codes.

On June 7, 2011, the Los Angeles County Board of Education (LACBOE) granted conditional approval for the WAYS charter school. Since that time, the management of the charter school has repeatedly resisted implementation of the conditions for approval by ignoring requests by the county office staff for information to support that the conditions have been met. On several occasions, verification that the conditions have been met including required reports such as financial information, interim budget reports, audited financial statements and monthly reports have been submitted after repeated requests by Los Angeles County Office of Education (LACOE) staff or have not been submitted at all.

County office staff cite several instances within the first year of operations where WAYS failed to comply with the conditions set forth in the original conditional approval. Some examples include: Management is unresponsive to reasonable requests for timely financial information for supporting documentation regarding implementation of the WAYS policy and procedure regarding internal control over credit card usage, attendance reports, contact information, student information, board minutes, board agendas, board meeting dates, failure to abide by

4

BACKGROUND

conflict of interest laws, and interference in operations from the founder/former executive director, in addition to written and verbal complaints by board members, parents and staff.

Following the conditional approval by LACBOE, the county office staff received written and verbal complaints alleging WAYS engaged in fiscal mismanagement, interference with the board in its fulfillment of fiduciary duties by the founder/former executive director, disbanding of board meetings caused by unruly behavior preventing unfavorable actions of the board, resignation of five of the nine board members in one month citing concerns over conflict of interest, ongoing board member resignations, dissention, verbal abuse of board members by the founder/former executive director and, most recently, her son, the director of operations. In January 2014, three of five board members resigned, citing similar complaints that are verified in the minutes and audio recordings of board meetings.

LACOE staff note several irregularities and possible misappropriation of funds within the WAYS charter school organization that oversees three charter school sites. These allegations of fraud involve ongoing conflicts of interest and the mismanagement of charter school funds related to facility leases, related-party transactions between the former executive director who owns two of the properties leased by the school and is related to owners of private businesses that conduct business with the charter school, execution of a vehicle lease without board approval, and a substantial separation of service payment to the former executive director without sufficient supporting documentation.

Governance issues include an ineffective governance structure caused by continued interference by the former executive director through her son and daughter that hold key positions of authority and decision making in the organization, effectively eliminating the governing board's ability to exercise its fiduciary responsibilities and duty of care. Evidence of board meeting cancellations and disruption by the current executive director and the founder's son (director of operations) are corroborated through emails, board minutes and audio recording of board meetings. Prior to the board president's resignation in January 2014, threatening outbursts by the founder's son at a specially scheduled board meeting ended the meeting, after which she obtained a restraining order for her personal protection.

Based on these allegations, the Los Angeles County Office of Education, Charter Schools Division conducted a preliminary investigation, and based on the results of their initial findings, requested assistance from FCMAT pursuant to Education Code Sections 47604.4 and 1241.5(c).

The county office requested FCMAT to provide for the assignment of professionals to study specific aspects of alleged fraud, misappropriation of funds or other illegal fiscal practices that may have occurred in the Wisdom Academy for Young Scientists organization that merit examination.

EC Section 42638(b) requires action by the county superintendent to include the following:

If the county superintendent determines that there is evidence that fraud or misappropriation of funds has occurred, the county superintendent shall notify the governing board of the charter school, the State Controller, the Superintendent of Public Instruction and the local district attorney.

Sufficient evidence exists to demonstrate that WAYS' management and governing board has failed to cooperate with its oversight agency; is engaged with fiscal mismanagement; violates California conflict of interest laws by engaging in related party transactions and self-dealing; and has breached its fiduciary responsibility and duty of care.

Scope and Procedures

The fraud investigation consisted of gathering adequate information regarding specific allegations, establishing an audit plan, and performing various audit test procedures to determine whether fraud occurred, and if so, evaluate the loss, determine who was involved, and determine how it occurred. During the interviews, FCMAT study team members asked questions pertaining to levels of authority to enter into contracts, governing board oversight, financial management policies and procedures, job duties and responsibilities, and questions related specifically to the founder/former executive director's settlement agreement, facility leases, automobile lease, excess fuel purchases and various purchases by selected vendors including the dance studio owned by the founder's daughter.

The primary focus of this review is to provide the Los Angeles County Office of Education with reasonable assurances based on the testing performed that adequate management controls are in place regarding the charter schools' reporting and monitoring of financial transactions and that fraud, misappropriation of funds or other illegal activities have not occurred. Management controls include the processes for planning, organizing, directing, and controlling program operations, including systems for measuring, reporting, and monitoring performance.

FCMAT utilized fraud risk assessment tools to conduct sample tests of financial transactions, other data and contracts to determine if fraud, misappropriation of funds or other illegal activities have occurred. Testing associated with this review is based upon sample selection and does not include the testing of the complete list of all transactions and records for this period. Sample testing and review results are intended to provide reasonable but not absolute assurance as to the accuracy of the district's transactions and financial activity.

Transaction Sampling Analysis

To accomplish the objectives of this audit, a number of audit test procedures were developed to provide an in-depth analysis and understanding of the allegations and potential outcomes. The team had access to the general ledger records from July 1, 2008 through June 30, 2013. Specifically, FCMAT performed audit tests related to general ledger transactions, bank statements, check disbursements, and rent, facility and automobile lease agreements, including the following:

- Review of the charter schools' detailed QuickBooks general ledger records for the most recent five-year period from July 1, 2008 through December 31, 2013.
- Review of bank statements covering the audit period.
- Review of proper authorization and available supporting documentation.
- Review of credit card transactions and payments.
- Analysis of supporting documentation for credit card transactions.
- Review of federal forms W-9, 990 and 1099 over the audit period.
- Review of the charter schools' fiscal policies and procedures handbook.
- Review of the charter schools' petition documents and bylaws.
- Review of the governing board minutes and agendas.
- Analysis of purchases for school materials and supplies.

SCOPE AND PROCEDURES

- Analysis of the charter schools' compliance with laws and regulations relating to conflict of interest and the Political Reform Act and review of Forms 700.
- Review of the charter schools' internal control process and procedures to determine possible weaknesses in prevention and detection of fraud, misappropriation and/or criminal activity.

Transaction sampling was the method used to evaluate the vendor payments issued by WAYS. To evaluate WAYS' management of expenditure decisions, FCMAT obtained a full copy of the WAYS accounting software, QuickBooks. Using QuickBooks, the team reviewed the WAYS general ledger and vendors over the last five years.

The WAYS chart of accounts general ledger is comprised of 196 accounts. Vendor transactions are accounted for using the charter of accounts recorded in the general ledger to account for transactions in various like-kind groups such as office supplies, books, rent, loans, capital improvement, etc. For example, a typical purchase from Staples would be recorded as supplies and subsequently paid through accounts payable, eventually decreasing the cash account.

The team reviewed all 42 customers and 667 WAYS vendors and scanned each transaction in the QuickBooks software to identify potential individual transactions to be examined further.

An audit risk assessment involves sampling of both customer and vendor transactions. Customer transactions were consistent with audit risk parameters; therefore, no additional transactions were reviewed. However, the team identified 20 of the 667 vendors for an in-depth audit that included 137 individual transactions as demonstrated in the following table below.

WAYS Transaction Sampling	Customers	Vendors	Total
Total Number	42	667	709
FCMAT Team Reviewed	42	667	709
Percent Reviewed	100%	100%	100%
Selected For Detailed Review	-	20	20
Percent Reviewed of Total Number	0%	3%	3%
Detailed Documentation Examined	n/a	137	137

Selected vendor transactions were audited for supporting documentation for paid invoices based on specific criteria and depending on the type of purchase:

- An invoice's appearance, calculations of extended prices and quantities, description of invoice line items, and sales tax calculations
- Invoice payments
- Shipping documents
- Bills of lading and/or packing slips
- Receipt documentation such as notes, description of the business purpose
- Proper authorization including governing board approval, management approval, and conformance to internal accounting policies and procedures

SCOPE AND PROCEDURES

7

- Proper coding of the transaction into the chart of accounts general ledger
- Vendor names and check payee names that are supported by valid business license, sales tax licenses and federal Form W-9
- Vendor invoices that present valid business addresses
- Vendors that were issued a federal Form 1099
- Contracts that are valid for the appropriate time period and contain authorized signatures
- Other proper documentation depending on the type of purchase or contract

After reviewing 137 detailed transactions of the 20 vendors selected for detailed review, the following six vendors fit the profile of related parties and/or were business entities that received payments from WAYS business accounts for goods or services:

1. OSE Business Services
2. American Express credit card
3. Godfrey Okonkwo
4. Emeka Enwezor
5. Avatar Technology
6. Toyota Motor Corporation - Lexus purchase and sale

The following findings and recommendations are the result of the audit procedures and analysis performed.

Findings and Recommendations

Occupational Fraud

The owners, executives, directors, managers and/or employees of an organization may commit occupational fraud, which has three primary classifications: schemes related to asset misappropriation, corruption, and financial statements. Occupational fraud is the most common type of fraud that occurs in school settings.

Asset misappropriation frauds include cash skimming, purchasing fraud, falsifying expense reports and/or forging company checks. Corruption schemes involve an employee(s) using his or her influence in business transactions to obtain a personal benefit that violates that employee's duty to the employer or the organization; conflicts of interest fall into this category. Financial statement fraud includes the intentional misstatement or omission of material information in the financial reports.

Occupational fraud is one of the most difficult types of fraud and abuse to detect; however, the most common method of detection is receiving tips from current and/or former employees, which occurs three times more frequently than any other fraud prevention method for this type of scheme, and accounts for 43.6% of detections overall. According to the 2012 Report to the Nations on Occupational Fraud and Abuse conducted by the Association of Certified Fraud Examiners (ACFE), corruption schemes accounted for approximately one-third of all occupational fraud cases reported, with a median loss of \$250,000.

Based on this study, there is a direct correlation between the perpetrator's position and authority in the organization and the losses incurred. Approximately 43% of fraudsters were employees; 34.3% were managers; 4.2% were "others," and 18.5% were owner/executives. Although the second lowest percentage is from owner/executives, this group generated the largest median loss of \$373,000 out of the 753 cases reported in the United States.

WAYS is a tightly held small public charter school operation founded and primarily operated by one family and close associates. The founder/former executive director selected the board members, which gave her and other family members significant influence over financial decisions that benefited them financially. Even after the founder was removed from her executive director position as a condition of the newly executed charter petition by the county office of education, the founder/former executive director positioned her son, daughter and previous board president to hold key positions in the organization and run the day-to-day operations, and by this action still maintained effective control over the financial affairs of the organization.

This report will demonstrate that there is an integral relationship between appointed board members and related family members and business associates – particularly between the former executive director, her son, daughter, former board president and their associated private businesses and lease agreements – that created an environment that allowed and continues to allow access, opportunity and motivation for occupational fraud to occur.

Internal Control Elements

Internal controls are the principal mechanism for preventing and/or deterring fraud or illegal acts. Illegal acts, misappropriation of assets or other fraudulent activities can include an array of irregularities characterized by intentional deception and misrepresentation of material facts.

OCCUPATIONAL FRAUD

Effective internal control processes provide reasonable assurance that a charter school's operations are effective and efficient, that the financial information produced is reliable, and that the organization operates in compliance with all applicable laws and regulations.

Internal control elements provide the framework for an effective fraud prevention program. An effective internal control structure includes the policies and procedures used by staff, adequate accounting and information systems, the work environment and the professionalism of employees. An effective internal control structure includes the five interrelated components of the control environment: fraud risk assessment, control activities, information and communication, and monitoring.

Internal Control Element	Description
Control Environment	Commonly referred to as "the moral tone of the organization," the control environment includes a code of ethical conduct; policies for ethics, hiring and promotion guidelines; proper assignment of authority and responsibility; oversight by management, the board or an audit committee; investigation of reported concerns; and effective disciplinary action for violations.
Fraud Risk Assessment	Identification and assessment of organization's objectives to establish and develop a strategy to react timely.
Control Activities	The development of policies and procedures to enforce the governing board's directives. These include the actions by management to prevent and identify misuse of the district's assets, including the prevention of override of controls in the system by any employee.
Information and Communication	The establishment of effective fraud communication. This includes ensuring that employees receive information regarding policies and opportunities to discuss ethical dilemmas. Establishing clear lines of communication in an organization to report suspected violations.
Monitoring	Ongoing monitoring that includes periodic performance assessments for fraud deterrence by managers and employees.

Examples of improper internal controls include, but are not limited to, the following:

- Failure to adequately segregate the duties and responsibilities of authorization.
- Failure to limit access to assets or sensitive data.
- Not recording transactions, resulting in lack of accountability and the possibility of theft.
- Unauthorized transactions, resulting in skimming, embezzlement or larceny.
- Lack of monitoring or implementing internal controls by the governing board and management.
- Collusion among employees where little or no supervision exists.

A system of internal controls consists of policies and procedures designed to provide the governing board and management with reasonable assurance that the organization achieves its objectives and goals. Traditionally referred to as *hard* controls, these include segregation of duties, limiting access to cash, management review and approval, and reconciliations. Other types of internal controls include *soft* controls such as management tone, performance evaluations, training programs, and maintaining established policies, procedures and standards of conduct. Controls that have been established must also be implemented and monitored to ensure their effectiveness.

Although WAYS had a fiscal policies and procedures handbook, the organization failed to implement or monitor several of the adopted policies and procedures. Recent board minutes document

OCCUPATIONAL FRAUD

that when board members expressed the need to review and approve certain financial transactions or asked for the back office provider to present the financial statements during open board meetings, management repeatedly ignored these requests. In some cases, management canceled board meetings and caused major disruptions that ended board meetings prematurely.

The internal control environment is a critical component because it establishes the organization's moral tone, commonly referred to as "the tone at the top." The tone at the top is an intangible internal control element that consists of the perception of an organization's employees regarding the ethical conduct displayed by the governing board and executive management.

A strong system of internal controls that consists of all five elements can provide reasonable but not absolute assurance that the organization will succeed in achieving its goals and objectives. The failure to establish adequate internal controls limiting the ability of the founder, family members and other related parties to access assets coupled with a lack of accountability to the governing board created an environment for fraud and misappropriation to occur.

To further demonstrate the lack of effective internal controls, independent audit reports for the last three fiscal years report 15 instances of significant and/or combined internal control conditions. Several of these findings have not been addressed by management and the governing board; therefore, these findings are repeated each year. The following table illustrates a complete list of audit findings from 2010-11 through 2012-13 prepared by annual independent auditors.

Audited Financial Statements Schedule of Findings and Questioned Costs for Audit Years 2011, 2012 and 2013

Finding	Description	2011
11-01/3000 - Combined Significant Deficiency Internal control condition	Untimely deposit of cash receipts	Untimely deposit of cash receipts risk the mismanagement of funds (either fraud or loss), misstatement of revenue, receivable or cash, and possible noncompliance with contracts, or laws and regulations.
11-02/3000 - Combined Significant Deficiency Internal control condition	Bank Reconciliation Over Site	Bank reconciliation was not properly reviewed resulting in inconsistent bank to book balances. Could result in a material misstatement of the financial statements. Organization lacks adequate procedures to ensure that bank reconciliations are reviewed monthly by a supervisor.
11-03/3000 - Combined Significant Deficiency Internal control condition	Accounts Receivable Reconciliation	The accounts receivable general ledger balance was not reconciled to the accounts receivable subsidiary ledger balances. Organization has not adequately established written policies and procedures to ensure accounts receivable balance is properly reconciled to subsidiary ledger balances and that differences are investigated and cleared in a timely manner. Could result in material errors or possible fraudulent activities going undetected resulting in materially misstated financial statements.

Conflict of Interest

A conflict of interest exists when an individual has a private financial interest in the outcome of a contract or a public decision and does either of the following:

1. Participates in the decision-making process
2. Influences, or attempts to influence, others making a contract or decision

Statutes that govern conflicts of interest include the Political Reform Act, Government Code 1090, Government Code 87100, and Corporations Code Section 5233 for nonprofit organizations. Governing board members and administrators should abstain from all discussions, negotiations and votes that are related to a contract in which they have a personal financial interest by removing themselves from the meeting and ensuring that abstention and departure are recorded in the board minutes. A conflict of interest can still exist with subsequent action on the contract, such as authorizing payment under a contract, negotiating disputes or contract terms; therefore, the governing board member or administrator should abstain from all discussions, negotiations and/or votes related to the contract in which he or she has a personal interest.

The report will demonstrate that conflict of interest exists that allowed the founder/former executive director, family members, and close associates interacting as "vendors" to gain financially.

Political Reform Act – Disclosure, Conflicts of Interest and Enforcement

The Political Reform Act (PRA), Government Code Sections 81000 - 91015, was enacted by Proposition 9 in June 1974. The stated intent of the act was to establish a process for most state and local officials as well as certain designated employees to publicly disclose their personal income and assets as follows:

[a]ssets and income of public officials which may be materially affected by their official actions... [are] disclosed and in appropriate circumstances the officials... [are] disqualified from acting in order that conflicts of interest may be avoided.

The PRA provisions are enforced by the Fair Political Practices Commission (FPPC) and require every state and local governmental agency to adopt a conflict-of-interest code. The commission is the state agency responsible for interpreting the provisions of the law and issuing California Form 700 – Statement of Economic Interests. Because charter school governing board members are considered "public officials" and governing boards are considered "legislative bodies," board members and certain designated individuals must file Form 700 annually, or upon taking office/position. Additionally, a consultant to the organization "who makes, participates in making, or acts in a staff capacity for making governmental decisions" may be required to complete Form 700.

PRA provides an eight-step process to determine whether a conflict of interest exists as follows:

1. Is the individual a public official?
2. Is the public official making, participating in making, or influencing a governmental decision?
3. Does the public official have one of the six qualifying types of economic interests? (An economic interest will be discussed more fully in the next section of this report.)

16

OCCUPATIONAL FRAUD

4. Is the economic interest directly or indirectly involved in the governmental decision?
5. Will the governmental decision have a material financial effect on the public official's economic interests?
6. Is it reasonably foreseeable that the economic interest will be materially affected?
7. Is the potential effect of the governmental decision on the public official's economic interests distinguishable from its effect on the general public?
8. Despite a disqualifying conflict of interest, is the public official's participation legally required?

The WAYS governing board members, charter school officials and designated employees have filed Form 700. Only one Form 700, by a former board member, declared any financial interest. All the other forms examined showed that these individuals did not declare any financial interest in the schools' affairs or disclosed any conflict of interest that would result in personal financial gain. Consultants that meet the conditions previously identified have not filed Form 700 to date.

The charter petition for WAYS contains a conflict of interest policy that has been approved by the county board of education as a condition of WAYS' petition approval. Board minutes and audio recordings, verbal and written complaints by former board members and direct observations by LACOE staff reveal instances where the founder/former executive director continued to be present and seated at the board table during discussions regarding facility leasehold agreements for her personal properties. Evidence in the board minutes indicate that at least two occurrences transpired when she was no longer employed by WAYS. The termination of her employment was a condition of the petition approved by LACOE.

On September 16, 2011, subsequent to her departure from WAYS, the founder/former executive director was present at the board meeting. She refused to be unseated from the board table during discussions concerning the relocation of WAYS to a property not owned by the founder/former executive director. Individuals at this meeting who supported continued use of her facilities by WAYS schools caused such a disruption that the board meeting was disbanded.

During the September 22, 2011 board meeting one week later, the founder/former executive director was observed by LACOE staff seated at the board table having private conversations with one board member.

The most recent independent audit report noted that facility leasehold agreements for 2013-14 were not approved by the governing board seven months into the new fiscal year, and that the sale of a school vehicle used by the director of operations was not approved by the governing board. Instead, the vehicle, a Lexus, was sold by the founder/former executive director's son in December 2013 without board approval. Shortly after the independent auditors' report, the governing board approved the facility leasehold agreements for 2013-14 and the sale of the director of operations' Lexus.

This report will demonstrate that facility leasehold agreements, leasehold facility improvement, payments made to the private dance studio owned by the founder/former executive director's daughter and vice principal, as well as substantial purchases from a related vendor were not disclosed in accordance with laws and regulations set forth by the FPPC.

The founder/former executive director and other family members were present and exercised significant influence during board meetings that provided a direct personal financial benefit.

Government Code 1090 – Financial Interest of Public Officials, Officers and Employees

Simply stated, the intent of Government Code 1090 is to prohibit a public official, officer or employee from engaging in a contract in which he or she has a financial interest in both a governmental and personal capacity.

Section 1090 has broad implications, applies to school districts and can also apply to charter schools if included in the charter petition or the memorandum of understanding. Section 1090 provides as follows:

Members of the Legislature, state, county, district, judicial district, and city officers or employees shall not be financially interested in any contract made by them in their official capacity, or by any body or board of which they are members. Nor shall state, county, district, judicial district, and city officers or employees be purchasers at any sale or vendors at any purchase made by them in their official capacity.

As used in this article, "district" means any agency of the state formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.

The WAYS charter petition states the governing board has adopted its own conflict of interest policy and will abide by the conflict of interest Government Code 1090.

This report will establish that a business relationship exists between the founder/former executive director and the WAYS schools as evidenced by contracts, lease agreements and other related business as vendors. There is conclusive documentation to support that the founder/former executive director and her family members as well as close business associates have significant personal involvement and financial interest, violating the conflict of interest statutes.

Related-Party Transactions and Significant Influence

OCI Development Corporation – Building Leasehold Agreements

The current WAYS petition is subject to specific conditions including adherence with conflict of interest laws and regulations. WAYS charter school appealed to LACBOE in the spring of 2011 following a denial by LAUSD Board of Education to renew its petition after five years of operation.

The denial by LAUSD included concerns that WAYS failed to comply with the terms of the charter by allowing the charter school to enter “into a self-dealing transaction” with the founder/former executive director and her privately owned facilities that were leased to two of the three schools. Specifically, WAYS could not provide “evidence that the governing board considered other sites or conducted an independent assessment of lease rates prior to entering into the agreement with the Executive Director.”

In an attempt to address the conflict of interest with the facility lease agreements for the properties occupied by the schools, the founder/former executive director placed the properties in a revocable trust named OCI Development Corporation in 2010-11. It was subsequently determined and concurred by the WAYS legal counsel that transferring the property to a holding company through a revocable trust did not ultimately transfer property ownership under California law and therefore did not resolve the conflict of interest concern.

The WAYS governing board approved the 2012-13 facility leasehold agreements August 3, 2012. These agreements were signed by the former governing board president and current executive director as the “tenant,” and by Dora Obieniu, CEO for OCI Development Corporation.

According to a report on the WAYS charter petition and appeal to LACBOE dated May 10, 2011 by the LACOE Charter School Review Team, it was revealed that WAYS’ governing board failed to disclose that LAUSD had awarded facilities under a Proposition 39 request for facilities on April 1, 2011. Subsequent to the approval for facilities by LAUSD that could have alleviated conflict of interest concerns, WAYS did not respond to LAUSD to indicate acceptance of the offer.

As previously stated in this report, board meetings surrounding the relocation were met with strong opposition by the founder/former executive director and others during open board meetings ultimately exercising significant influence over the decision not to accept the LAUSD offer. WAYS continues to lease the facilities owned by the founder/former executive director through OCI Development Corporation.

WAYS paid \$1,070,921 to the founder/former executive director and her holding company, OCI Development Corporation, for leasehold agreements located at 706 E. Manchester Avenue, Los Angeles, CA and 8778 S. Central Avenue, Los Angeles, CA from the 2007-08 through 2012-13 fiscal years as shown in the following table.

The facility leasehold agreement for 2013-14 was approved by the governing board in January 2014. Lease payments are estimated to be \$223,878 for the current fiscal year and are not included in the table above.

Other general ledger entries from the WAYS financial records show additional rent payments that are listed in the general ledger with no supporting documentation totaling \$115,550:

Lorraine Turner	2007-08 - 2012-13	\$89,350
Wisdom Pre-School	2007-08	2,900
Founder: Recruiting Students	2007-08	2,000

There are three school sites under the WAYS name located in Los Angeles on Manchester Ave, S. Central and Central. Two are owned by the founder/former executive director and one leased with the Salvation Army. In addition, the school on Manchester Avenue pays \$2,400 per year for additional parking spaces. No contracts or lease agreements exist for Lorraine Turner, Wisdom Pre-School or Pre-School Rent. The payment of \$10,000 made to the founder/former executive director for "Good Faith Offer" is unsubstantiated. Other payments for recruiting students and E-Rate consultancy fees paid to the founder/former executive director are questionable.

WAYS' balance sheet dated June 30, 2013 shows leasehold improvements totaling \$341,710 plus \$35,483 in federal E-Rate funding for leasehold improvements to the properties owned by the founder/former executive director.

FOUNDATIONS AND SIGNIFICANT INFLUENCE

Founder/Former Executive Director – Settlement Agreement

As a condition of approval for WAYS' charter school petition to LACOE in June 2011, the founder/former executive director was to terminate her employment with WAYS and be removed from any association with the school.

Approximately seven months later in a letter dated January 20, 2012, the founder/former executive director asserted claims totaling \$700,000 for money owed including interest accrued and damages but said she would be "content with a settlement of \$350,000 that will help me in the new project (Middle School) that I am currently working to establish."

In a separate letter dated May 21, 2012 three months later, the founder/former executive director revised her claim for \$480,312.90 for unused vacation, sick and personal necessity leave for the entire time of her employment with WAYS commencing July 1, 2008 through June 30, 2011, claiming she took "zero" days off work during this period of time. The accompanying schedule of liabilities showed a calculation that included 150 days of vacation plus 50 days of "accrued time off due for five years" totaling \$97,391.30. No time records or other documentation were supplied to substantiate this claim other than a single typed page identified as Attachment E by the founder/former executive director.

The founder/former executive director claims that she loaned the charter school money from personal savings, mortgaged her personal residence and loaned funds from her private preschool, Wisdom Pre-School.

A review of the QuickBooks records and audited financial statements show a short-term loan on December 18, 2007 from Los Angeles Unified School District and a line of credit from Wells Fargo Bank, both of which were fully repaid, but no mention of any other loans.

On October 26, 2012, the Merle Williamson Foundation, doing business as Wisdom Academy of Young Scientists, entered into a settlement agreement with the founder/former executive director. This agreement was signed by the current executive director and former board president in the amount of \$228,665.38. The breakdown of the final payment is as follows:

Severance pay – one year.	\$112,960.60
Contractual leave and vacation days accrued at the time of separation. Last three years.	\$58,434.78
Lease of a 2004 Toyota Land Cruiser.	57,940.00
Total	\$228,665.38

The employment contract for July 1, 2008 through June 30, 2011 states that the founder/former executive director shall be permitted to be paid upon termination. However, the contract provides that "written documentation of the Executive Director's earned and accrued vacation days" shall be maintained through a third-party vendor providing business services to the schools. According to the business services provider, no vacation or time records were ever provided to its office to support the founder/former executive director's claim for accrued vacation and other leave categories. The settlement agreement does not provide any documentation to support this claim; therefore, FCMAT cannot substantiate that the \$58,434.78 paid for 90 days of vacation leave and 30 days of unused time off was substantiated with independent records by the business services provider in accordance with the employment contract.

RELATED-PARTY TRANSACTIONS

The contract from July 1, 2005 through June 30, 2008 as well as the most current contract states that the executive director shall be provided an automobile vehicle and operating expenses for her use in conducting official business and reasonable personal use during the period of the contract. Attached to the settlement agreement is a closed end motor vehicle 60-month lease agreement identifying the founder/former executive director as the lessee for a new 2004 Toyota Land Cruiser dated December 20, 2004. The gross capitalized cost on the lease agreement is \$57,940, which included extra add-ons:

- Maintenance agreement for \$1,800
- Credit life insurance premium for \$995

The employment contract states that a vehicle shall be provided to her, not that she could enter into a vehicle lease for a luxury vehicle paid by the school and be reimbursed for the lease and extra items prior to her contract. It is unclear if the school had available and/or provided a different vehicle during the contract period.

Professional Liability for Founder/Former Executive Director

Documents from a lawsuit settled against the Merle Williamson Foundation (MWF) for wrongful termination of a former teacher at WAYS against the school show that the founder/former executive director traveled to Omtsha, Nigeria and directed one of the school's teachers to go with her to marry her sister's husband (brother-in-law) for purposes of making the brother-in-law a United States citizen. Although the teacher married the brother-in-law, she ultimately refused to complete the Department of Homeland Security form I-130, Petition for Alien Relative, and brought suit against MWF. On December 4, 2012, a jury found in favor of the teacher plaintiff and subsequent judgment was awarded of \$566,803.

The contract dated July 1, 2008 through June 30, 2011 clearly states that the executive director shall be held harmless and be indemnified "from any and all demands, claims, suits, and legal proceedings brought against the Executive Director in her official capacity as agent and employee of the MWF, provided the incident arose while the Executive Director was acting within the scope of employment." (emphasis added) Clearly this action by the "Executive Director" was not within the scope of employment, was conducted during winter break in Nigeria, and yet the settlement was paid by WAYS charter school.

The Certificate of Marriage document from Federal Republic of Nigeria shows the founder/former executive director's signature as witness to the marriage between the teacher and Joseph Njor Enwezor (the founder/former executive director's brother-in-law) on January 4, 2010. According to staff at LACOE who conducted interviews, these interviews with former teachers and board members indicate many trips to Nigeria to visit a personal residence in that country by the founder/former executive director, yet she asserts that she took "zero" days off during the last five years.

OSE Business Services – Owner, Obiesie Enwezor

The analysis of large increases in purchases of books and supplies during the 2011-12 and 2012-13 fiscal years was attributed to one vendor, OSE Business Services (OSE). OSE is owned by Obiesie Enwezor, who is related to other WAYS vendors: Godfrey Okonkwo, Emeka Enwezor, and DeDe Dance Studio and bears the same last name as the founder/former executive director's brother-in-law, Joseph Njor Enwezor.

CONFLICTS OF INTEREST AND SIGNIFICANT INFLUENCE

23

Godfrey Okonkwo is the husband of the founder/former executive director of WAYS and father of the owner of DeDe Dance Studio and vice principal of WAYS and director of operations. (These WAYS relationships are further described in detail later in this report.)

FCMAT compiled all OSE vendor invoices to review and analyze expenditure transactions and spending patterns. Purchases totaling \$158,871 for 20 invoices lacked any supporting documentation for the receipt of materials, supplies and snack food items.

WAYS Back Office Service Provider Warned of Books and Supplies Expenditures Exceeding Budget

During FCMAT's interview of the WAYS back office business services provider on Monday, November 25, 2013, the back office provider stated to the team that the WAYS governing board and management had been advised during a board presentation and in the budget narratives that the books and supplies expenditures "... are expected to be over budget at the end of the year by about \$70,000."

The back office provider presented for the team two samples of WAYS board and management reports for the periods ended January 31, 2013 and again on June 30, 2013 titled "Snap Shot Summary of Financial Condition of the School." These reports showed that the actual expenditures for books and supplies exceeded current budgeted amounts. Even though the WAYS back office provider warned of excessive expenditures, the management of WAYS continued to purchase from OSE.

WAYS Paid \$158,871 to OSE Business Services Over Two Years

The books and supplies category consists of textbooks, books other than textbooks, instructional materials, custodial supplies, automobile expenses, fuel, office supplies, other supplies, classroom furniture and equipment, computers, and other non-capitalized equipment.

During the fiscal years 2011-12 and 2012-13, WAYS paid \$57,533 and \$101,338 respectively to OSE, totaling \$158,871 for the two-year period. Of the combined 2011-2012 and 2012-13 payments to OSE, 98% was accounted for in WAYS' books and supplies expenditures category.

A total of 20 invoices were issued by OSE and paid by WAYS. All invoices were approved by the director of operations - the founder/former executive director's son, along with the current executive director/former board president. Ten of the payments to OSE were issued by cashier's checks and nine of the payments by check. During the interview conducted with both the executive director and director of operations, the director of operations stated that cashier's checks were used because WAYS "... bounced a check and OSE only wanted to be paid by cashier's check."

FCMAT requested copies of the OSE cashier's checks and regular checks, both front and back, from the director of operations and copied the executive director in an email dated Friday, December 13, 2013. One month later, on January 13, 2014, the team received nine of the 10 requested cashier's checks. The missing cashier's check was received on January 21, 2014. Repeated requests to management for the regular check copies were never received and no explanation was provided.

Of the nine copies of the cashier's checks provided to the team, it is not entirely clear that the copies came directly from the bank. The endorsement for OSE Business Services on the reverse side of the cashier's checks is by signature. No account number or other identifying information is provided on the back of these cashier's checks. The OSE cashier's check that was provided on

RELATED-PARTY TRANSACTIONS AND PAYMENTS

January 21, 2014 showed that the check was printed through an online account at <https://oibservices.wellsfargo.com/OIB/PrintImage.jsp>.

Because WAYS executive management failed to provide OSE's regular checks front and back copies as requested by the team, and because OSE cashier's checks did not contain account information identifying the account where funds were deposited, the team is unable to authenticate the OSE payments.

OSE Business Services Irregular Invoices

During the 2011-12 and 2012-13 fiscal years, WAYS received from OSE 20 invoices that were authorized for payment by both the director of operations and executive director and present the following irregularities:

1. Invoices fail to provide a contact phone number.
2. Invoices lack proper authorization to purchase and/or accept OSE merchandise that would authenticate the supplies shipped by OSE to WAYS.
3. Invoices are not accompanied by packing slips identifying the shipping contents and quantities.
4. Invoices fail to identify any "ship to" or delivery address.
5. Invoices fail to present a shipping cost line item, or indicate if there was a charge for shipping.
6. Invoices do not appear professional and consistent and appear to be produced on a spreadsheet.
7. Invoices fail to present consistent per-unit pricing calculating quantities of items purchased and extending the quantity multiplied by the per-unit pricing to the total amount for each inventory line item purchased.
8. Management could not provide an OSE product catalogue for review.
9. The OSE invoices fail to present consistent and clear descriptions of the supplies identified.
10. The OSE address of 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045 is a postal service location and is not a warehouse or physical storefront.
11. The address is identical to that of Innovative WAYS Academy, which is owned and operated by the WAYS vice principal, the founder/former executive director's daughter.

The team interviewed the WAYS back office provider on Monday November 25, 2013. During the interview, the back office provider claimed there were repeated requests to WAYS management to provide OSE's approved purchase orders and packing slips in accordance with the back office provider's procedures manual. WAYS management failed to comply with these requests to follow procedures, and failed to provide the requested documentation.

OSE Business Services Address at 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045 – Related Parties

The audit fieldwork visit on November 13-15, 2013 revealed large quantities of supplies purchased from OSE. During the team's joint interview with the executive director and director of operations, the team was told that none of the WAYS vendors were related. The team made further inquiries regarding any relationship between WAYS management team or family members and OSE. The director of operations said that OSE Business Services was a legitimate business with many customers and that no relationship existed between these two entities.

During the fieldwork, the team visited the OSE address printed on their invoices at 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045. This same address is identified as the mailing address of Innovative WAYS Academy.

The CEO of Innovative WAYS Academy is:

- The founder of DeDe Dance Studio and vice principal of WAYS,
- The daughter of the founder/former executive director of WAYS,
- The sister of WAYS' director of operations, and
- The CEO of DeDe Dance Studio that operates business at the WAYS school site.

The team interviewed the WAYS vice principal, Innovative WAYS Academy founder and CEO, and owner of DeDe Dance Studio on Friday, November 15, 2013 and discussed the 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045 address. In her statement to the team, she provided the following information for business operations associated with that address:

1. The 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045 address was the address used for Innovative WAYS Academy.
2. Stated that she "does not know much about the business side of Innovative WAYS" and said that her mother (founder of WAYS) operated Innovative WAYS Academy and is the most knowledge about its business operations.
3. She does not check the mail at the 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045 address. Instead, her mother, the founder/former executive director, is the only person who checks the mail and has the only key to the mailbox at that location.

On December 11, 2013, FCMAT made an inquiry to the director of operations and copied the executive director to verify that 6709 La Tijera Blvd., Suite 274, Los Angeles, CA 90045 is the same address as Innovative WAYS Academy and OSE Business Services, and that the founder/former executive director is the only person that checks the mail and has a key. WAYS management did not provide requested supporting documentation other than to provide invoices from OSE. In an attempt to corroborate the \$158,871 in materials and supplies purchased from OSE and concerns that OSE represented an undisclosed related-party, the team requested the following information to verify a legitimate business address and a warehouse facility with the ability to service numerous customers based on the statement from the director of operations:

- OSE business information documents IRS W9,
- IRS Form 1099 issued by WAYS to OSE,

RELATED-PARTY TRANSACTIONS AND INFORMATION

- OSE's actual physical address and business phone number, and
- Notified the OSE business owner, Obiesie Enwezor, that FCMAT would like to review his supplier purchases to support the products OSE sold to WAYS.

On January 10, 2014, one month after the FCMAT's request for information, the director of operations provided the phone number and email address for OSE but failed to provide the actual physical address. The director of operations could not verify the WAYS vice principal's statements regarding access to the 6709 La Tijera Blvd., Suite 274, Los Angeles, CA 90045 address, and suggested that the team speak with the founder/former executive director regarding the relationship between OSE and WAYS. He stated during the interview, "I am not aware of any related party business relationships ... I have no expectations for the framework of OSE Business Services and infrastructure."

FCMAT attempted to contact the owner of OSE, Obiesie Enwezor, through a certified return receipt letter dated December 23, 2013 at the address on the invoices (6709 La Tijera Blvd., Suite 274, Los Angeles, CA 90045). This letter was returned on January 24, 2014, marked by the US Postal Service as Return to Sender, Unclaimed, and Unable to Forward.

WAYS Failed to Issue an IRS Form 1099 to OSE

FCMAT visited the back office provider to review records and conduct interviews. The team reviewed the IRS Federal Forms 1099 and W-9 files and was unable to locate either form in the back office provider files. Form 1099 is required for unincorporated vendors for payments in excess of \$600 in a calendar year to report miscellaneous income to IRS.

IRS Form W-9 is used to certify that payments made to vendors meet the IRS guidelines. These guidelines are intended to ensure that the taxpayer identification number to report Form 1099 is correct and that the vendor is not subject to backup withholding. Once complete, the W-9 form is signed by the owner or designated person. According to the back office provider, several requests made by staff to WAYS management for OSE's W-9 were unsuccessful.

Subsequent to FCMAT's request on November 29, 2013 for a W-9 from OSE, the director of operations sent a copy of a W-9 prepared by OSE on December 9, 2013 to the back office provider, which was forwarded to the team. The document was dated November 11, 2011.

On December 11, 2013, FCMAT requested the director of operations to provide a copy of Form 1099 issued to OSE but did not receive a response. There is no evidence that Form 1099 was sent either to the OSE or to the IRS. Shortly after FCMAT's request on December 11, 2013 for these documents, the director of operations provided a email from OSE dated December 16, 2013, which stated, "I still have not received a 1099 from you." The team was not provided prior requests or concerns by OSE before December 16, 2013 regarding the issuance of a Form 1099 from the prior two calendar years.

Obiesie Enwezor, owner of OSE, refused to meet with FCMAT; therefore, the team cannot confirm that OSE is a legitimate business that properly reported income and sales taxes totaling \$158,871 from WAYS to the taxing authorities, or that merchandise was actually delivered by OSE and received by WAYS.

OSE Business Services is Not a Resale Company or Store According to OSE

On January 10, 2014, the director of operations sent FCMAT the OSE Fictitious Business Name Statement dated November 2011 and OSE's W-9, Request for Taxpayer Identification Number and Certification, dated November 11, 2011. The OSE business address identified on both forms is 6709 La Tijera Blvd., Suite 274, Los Angeles, CA 90045, the same post office box service center address where the founder/former executive director has possession of the only key.

The first OSE transaction entered into QuickBooks is dated August 17, 2011 as OSE Invoice Number One; however, the team was provided a copy of Invoice Number One that is dated December 5, 2011, approximately four months later.

The 20 OSE invoices for the 2011-12 and 2012-13 fiscal years have 289 inventory items ranging from paper and office supply products to food items, stamps, and small equipment. A summary of the OSE invoice items and price per item calculated by the team is presented in Appendix A. WAYS management was unable to provide any supporting documentation that would attest to the authenticity of the OSE purchases approved by the director of operations and the current executive director.

Each invoice that OSE issued to WAYS includes a total charge at the bottom of each invoice for sales tax on the inventory items purchased, providing evidence that WAYS is purchasing directly from OSE. According to OSE's email dated December 16, 2013, the owner states that OSE does not buy or resell as follows:

"Also, bear in mind that OSE Business Services is not a resale company or store, OSE is a service provider. We do not buy or resale. We provide and coordinate purchasing and delivery services to various agencies."

The owner's statement that OSE is a service provider and is "not in the resale business" is not supported by the presentation of the paid invoices to his company. First, the invoices include charges for California sales taxes. This would only occur if the business was reselling products. Second, none of the invoices state that the amount due is for consulting, service or coordination fees as described in the owner's statement to FCMAT.

FCMAT sent three emails and four voicemails during January 10-13, 2014 in an attempt to meet and clarify the OSE owner's assertion that the business was not a resale business, review records related to invoices sent to WAYS and ask general questions regarding suppliers that were utilized to provide merchandise.

Mr. Enwezor initially responded by saying, "I recognize the situation that you are facing, and I will do everything I can to help." However, on January 13, 2014, Mr. Enwezor sent the following statement declining to meet with the team:

"I understand that you are auditing the school but are you attempting to audit my business also? Under what authorization? For what reason. I am unable to meet with you. Send me your questions and I will respond in the best interest of my company."

Because Mr. Enwezor rescinded his decision to cooperate with the audit and allow inspection of OSE's sales and customer support documents, the following information cannot be confirmed:

- Whether WAYS is OSE's only customer,
- Where OSE obtained the merchandise allegedly sold to WAYS,

RELATED-PARTY TRANSACTIONS

- California State Board of Equalization report of sales tax payments that would assist in confirming the purchase and sale of merchandise,
- Quarterly sales tax reports,
- Documentation supporting OSE's supplier relationships from which OSE provided supplies to WAYS.

In addition, the team cannot audit and/or confirm if any of the alleged 288 OSE inventory items sold to WAYS representing payments of \$158,871 are for actual books and supplies received by the school.

OSE Business Services Product Inventory Sales to WAYS

FCMAT prepared an analysis of the 20 OSE invoices representing 288 inventory items, focused on items that exhibited high volume, and compared those items with other charter schools located in the metropolitan area of Los Angeles of similar size. Pricing was compared to vendors that specialize in office and cleaning supplies as well as snack foods WAYS offered in the after school program.

There are 6,696 per-unit inventory items on the OSE invoices that include cases of copier paper, numerous miscellaneous office supplies, various cleaning supplies and snack foods. In total there are 288 uniquely defined inventory products.

One example of the volume of supplies WAYS purchased from OSE during the 2011-12 and 2012-13 fiscal years is 971 boxes of paper totaling \$41,408.24 and representing 26.1% of the total purchases. Each box of paper contains 10 reams of paper, and each ream of paper contains 500 sheets representing a total of 4,855,000 sheets of paper. Based on the size of WAYS' schools and compared with other charter schools in the Los Angeles area, this is an excessive amount of paper purchased from one vendor over a two-year period of time.

Because this appeared excessive based on the average enrollment of 505 students over a two-year period from 2011-12 through 2012-13, the team compared copier paper purchases with a sample group of elementary charter schools.

The team received information from the seven comparable elementary charter schools listed in the table below. This analysis compares purchases of copier paper from all vendors in the selection group with the WAYS purchases from OSE (even though paper was also purchased from other vendors described later in this report) and based on student enrollment for 2011-12 through 2012-13.

Cases of Copier Paper Purchased per Student, 2011-12 through 2012-13

School	Average Enrollment	No. of Cases Purchased	Cases of Copier Paper per Student
Charter School #1	227	151	0.67
Charter School #2	304	186	0.61
Charter School #3	387	332	0.86
Charter School #4	416	332	0.80
Charter School #5	476	369	0.78
Charter School #6	601	551	0.92
Charter School #7	648	588	0.91
Averaged Totals - All Sample Schools	382	314	0.82
WAYS	505	971	1.92

PERFORMANCE AND SIGNIFICANT INFLUENCE

29

On a per student enrollment basis, WAYS averaged 1.92 cases of copier paper purchased per student over the two-year period, which is 2.34 times greater than the .82 average of all seven similar elementary charter schools combined.

The quantity of 971 cases of copier paper allegedly sold to WAYS by OSE is even more significant considering that during FCMAT's fieldwork visit on November 15, 2013, the team attempted to use the WAYS copy machine, which did not contain any copy paper. When the team asked the director of operations' permission to use the copy machine, the director stated, "They use very little paper and it is tightly controlled." He returned with a ream of copy paper that was locked in his office.

The volume of paper purchased and the director of operations' statement that the school uses very little paper do not reconcile. FCMAT anticipated that since WAYS' use of copier paper was tightly controlled, the amount purchased would be significantly lower than that of the seven comparative elementary charter schools sampled, but found the opposite.

OSE Sales Tax Calculations

The OSE invoices each include a line item for sales tax. OSE invoice number three, dated February 25, 2012 in the amount of \$6,172.39, is comprised of OSE inventory sales totaling \$5,625.76 and sales tax stated of \$546.63. The OSE invoice states that the sales tax rate is 8.75%; however, 8.75% of \$5,625.76 is \$492.25 rather than \$546.63, which is a difference of an additional \$54.38 that WAYS paid to OSE for sales tax.

FCMAT reverse calculated what percentage the \$546.63 in sales tax is compared to the total supplies WAYS purchased from OSE and arrived at a rate of 9.72%. In February 2012, the city of Los Angeles sales tax rate was 8.75%, not 9.72%.

Because the OSE invoices present numerous irregularities including the extension of per unit pricing to total charges and the incorrect calculation of sales tax noted above, OSE does not present itself as a legitimate business.

WAYS Purchases Office Supplies from Other Vendors in Addition to OSE, and OSE Inventory Pricing is Higher than Other Compared Vendors

During FCMAT's review of sampled WAYS American Express credit card statements, it was found that several statements were missing vendor receipts and other supporting documentation to support the purchases charged to that account. Without proper receipts, the team was unable to verify individual vendor purchases on the credit card statements.

The sampling showed several purchases for office supplies and other similar products from Staples, Office Max, and Smart & Final including copier paper, three-ring binders, and food snacks. It is apparent from these purchases that OSE was not the exclusive provider of office supplies to WAYS.

The following represent examples of purchases from other vendors with similar OSE merchandise discovered by FCMAT during the in-depth review of WAYS American Express credit card statement receipts compared with OSE's pricing:

RELATED-PARTY TRANSACTIONS

Office Depot - Receipt dated April 30, 2013	Item 675041 - Paper, Copy, AST	\$12.49
Office Depot - Receipt dated April 30, 2013	Item 348037 - Paper, Copy DD	\$41.99
OSE	Case of Paper 8 X 11.5	Ranging from \$35.00 - \$48.99
OSE	Off COPY-20# 8.5 C/6-9	Ranging from \$39.99 - \$48.99
Office Depot - online	Store brand 8.5 X 11, 20#/500 sheets, case of 10 reams	\$43.99
OSE	Office Impressions 92 Bright 20# 8.5 X 11 CASE	\$45.00
Staples - online	Various 8.5 X 11 cases of paper, 92 Bright, 20#	\$26.99 - \$43.99

The OSE invoice items are vague in description; therefore, an absolute comparison of products purchased is impossible. Without clarification from either OSE or WAYS management, FCMAT is unable to determine a reasonable explanation for the large variance in pricing based on OSE's invoices and like kind vendors.

FCMAT identified several OSE invoices with similar inventory items to those of other vendors, such as the Smart & Final receipt dated 04/10/13, inventory description, "Austin Cracker Vrt" at \$8.39, and "Rice Krisp Orig" at \$8.99. When FCMAT calculated the price per unit of the OSE inventory items, the amounts that OSE charged WAYS were varied and much higher. In some cases, OSE charged WAYS more than double the price for the same inventory items that WAYS also purchased from other vendors. Examples include:

1. OSE invoices list "Austin Variety 45 ct," with pricing calculated by FCMAT from \$7 per unit to \$19.99 per unit depending on the month of purchase.
2. OSE invoices list "Rice Crispy," with pricing calculated by FCMAT from \$11.99 to \$19.99 per unit, depending on the month of purchase.
3. Staples store location at 3701 W. Santa Rosalia Dr., Los Angeles, California, dated 06/15/12, inventory description "1.5 In Better Binde" at \$9.49 per unit. WAYS purchased four units of binders. The OSE invoices vaguely described binders that FCMAT calculated the per unit pricing for as follows: 3" binders at \$30 per unit, 3.5" binders at \$24 per unit, 5" binders at \$24 per unit, Premium View Binders at \$29.99 per unit, and Premium Binder at \$46.00 per unit.

FCMAT searched prices at Staples online at www.staples.com and found 3" Avery Heavy-Duty View Binders with One Touch EZD Rings, item number 318402, Model 79-793 priced at \$9.99 per unit. Because OSE invoice inventory descriptions are not specific and are not identified with an item number, FCMAT cannot determine how these same items are sold by OSE for three times the cost of other vendors.

FCMAT also examined the WAYS vice principal reimbursements, which included receipts from the Staples store location at 3701 W. Santa Rosalia Dr., Los Angeles, California. One Staples receipt dated 11/27/12 contained the inventory description "PENTEL LEAD REFIL" at \$2.79 per unit, and the reimbursement identified a quantity of three. OSE invoices have an inventory item called "Pencil" listed as \$12 per pencil.

OSE business sales documentation for products allegedly sold to WAYS cannot be confirmed because the documentation is limited to a one-sheet invoice from OSE similar to a spreadsheet, with no additional documentation to support the delivery of materials and supplies to WAYS. In addition, OSE has declined requests to meet and provide proof of its sales of merchandise to

CONCLUSIONS AND SIGNIFICANT INFLUENCE

WAYS. The irregularities described in this report attributable to alleged supplies purchased from OSE raise serious concerns about the OSE and WAYS business relationship and whether OSE actually sold any supplies to WAYS.

The following summarizes the inconsistencies regarding WAYS purchases from OSE identified in this report:

- WAYS purchased 2.34 times more cases of copier paper per student from OSE than the seven comparable elementary schools sampled. Additional purchases of copier paper from other vendors further increases the average of 2.34.
- OSE invoices and other authorization to purchase and accept OSE merchandise that should be used to authenticate the supplies shipped by OSE to WAYS are missing packing slips that identify the shipping contents.
- OSE invoices fail to identify any ship to address or contact phone number.
- OSE invoices fail to present a shipping cost line item or indicate that shipping is waived and not charged.
- OSE invoices do not present a professional and consistent look.
- OSE invoices fail to present any per unit pricing calculating quantities of items purchased and extending the quantity multiplied by the per unit pricing to the total amount for each inventory line item purchased.
- OSE product catalogue was not available for review.
- OSE invoices appear to have been prepared from a spreadsheet program.
- OSE invoices fail to present consistent and clear descriptions of the supplies identified in the invoices.
- OSE address of 6709 La Tijera Blvd., Suite 274, Los Angeles, California 90045 is not a warehouse or store location. This same address is used for other WAYS vendors, including the private middle school previously operated by the vice principal of WAYS. This is the same address where the only key belongs to the founder and former executive director.
- OSE will not allow inspection of its sales and customer documents that would verify if WAYS is the only customer and the location of the warehouse or suppliers.

FCMAT was unable to confirm that OSE has paid \$12,926.35 in sales taxes collected from WAYS to the California State Board of Equalization, or that OSE has a valid California sales tax identification number, because the sales tax number is not printed on OSE's invoices or located on check requests that authorize payment to OSE by the director of operations. FCMAT is unable to audit and confirm that WAYS issued a IRS Form 1099 totaling \$158,871 over the audit time period.

WAYS Audited Financial Statement Reports and Qualified June 30, 2013 Audit Report

FCMAT's findings are consistent with the independent auditor's reports for WAYS for the fiscal years ending June 30, 2012 and June 30, 2013. Both FCMAT and independent auditors find that WAYS has significant internal control conditions and has failed to ensure that adequate internal controls are in place.

RELATED-PARTY TRANSACTIONS AND

The WAYS June 30, 2013 independent auditors report at Finding 2013-6, "Credit Card Supporting Documentation" states:

"The school is using credit cards to purchase some items and subsequently repaying the credit cards with a check. The credit card statements are being used as supporting documentation for the check written; however, the credit card statements do not include receipts for all expenditures for which they are used."

"Expense items paid with credit cards are not adequately supported by itemized receipts and approval documentation. The Academy is exposed to risk of misappropriation of assets."

FCMAT has documented in this report that the necessary supporting documentation authenticating OSE Business Services payments was not available for the FCMAT audit. The team is unable to audit and confirm if any of the alleged inventory supplies purchased from OSE totaling \$158,871 actually received, because WAYS and OSE have failed to present the necessary supporting documentation.

The WAYS independent auditor issued its report dated January 15, 2014 on the WAYS financial statements for the year ended June 20, 2013. An integral component of the audit is a report titled Independent Auditor's Report on Internal Controls Over Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards.

This report describes various categories of deficiencies in internal controls that may exist. As reported by the independent auditors, a deficiency in internal control exists when a particular control does not allow management or employees in the normal course of business the ability to prevent, detect or correct misstatements in a timely manner. A material weakness presents a deficiency, or a combination of deficiencies, indicating a reasonable possibility that a material misstatement of the financial statements exists that cannot be detected, corrected or prevented in a timely manner. The auditors identified six findings and questioned costs to be classified as material weaknesses. A significant deficiency is a deficiency that is less severe yet represents enough merit to bring to the attention of those charged with governance. The auditors identified three findings that met this particular classification.

Depending on the number and severity of the audit findings, independent audit reports are either unqualified or qualified in accordance with auditing standards contained in the Government Auditing Standards issued by the Comptroller of the United States. These standards require that auditors obtain reasonable assurance about whether the financial statements are free from material misstatement.

When the independent auditors express an opinion regarding the reasonableness of the financial statements, the report is issued as either an unqualified or a qualified audit. A qualified audit report is issued when the auditors believe that the overall presentation of the financial statements does not represent a fair presentation that significant accounting estimates made by management and the overall presentation of the financial statements meet the auditing standards.

The independent auditor's report was qualified because the "audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion." Auditors cited the following in the June 30, 2013 annual audit report:

DEFICIENCIES AND SIGNIFICANT INFLUENCE

33

1. The WAYS Independent Auditor's Report was Qualified because WAYS failed to maintain a detail of capital assets or depreciation.
2. The WAYS Independent Auditor's Report on State Compliance was Qualified because WAYS failed to comply with requirements of the class size reduction program and after school education and safety program.
3. WAYS did not meet the state requirement for audits to be completed and sent to the State Controller's Office, California Department of Education, and Los Angeles County Office of Education by the deadline date of December 15, 2013.
4. The WAYS operating facilities lease with OCI Development Corporation (OCI Development Corporation is the holder of the WAYS facilities property on behalf of the founder of WAYS) was entered into in July 2013; however, as of January 15, 2014, the date of the audit report, the lease agreement has not been approved by the WAYS governing board.
5. The WAYS operating facilities lease with the Salvation Army was entered into in August 2013; however, as of January 15, 2014, the date of the audit report, the lease agreement has not been approved by the WAYS governing board.
6. In December 2013, WAYS sold a vehicle (Lexus RX350) for \$26,000; however, as of January 15, 2014, the date of the audit report, the payoff of the vehicle and sale of the vehicle has not been approved by the WAYS governing board.
7. The auditors had to amend their audit report because the management of WAYS provided the auditor with incorrect board member names as of June 30, 2013, including the chairperson of the board.
8. The Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards cited six WAYS deficiencies in internal controls and three significant deficiencies in internal controls. The report also identified three instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.
9. The Independent Auditor's Report on Compliance for Each Major Program and on Internal Control Over Compliance Required by OMB Circular A-133 cited one deficiency in internal control over compliance to be a material weakness in internal control.

WAYS Irregular Van Lease – Vendors Godfrey Okonkwo & Emeka Enwezor

During FCMAT's review of the WAYS disbursement payments to various WAYS vendors, two vendors were identified as each receiving \$4,800 for leasing a van to the charter school. The two

34

RELATED-PARTY TRANSACTIONS

individuals are the husband of the founder of WAYS, Godfrey Okonkwo, and a vendor identified in the books and accounting records of WAYS as Emeka Enwezor.

Godfrey Okonkwo was paid \$2,400 with WAYS check number 8339, dated January 7, 2011 and \$2,400 with check number 8950, dated June 27, 2011, totaling \$4,800 during the WAYS 2010-11 fiscal year.

Emeka Enwezor was paid \$2,400 with WAYS check number 9513, dated December 9, 2011 and \$2,400 with check number 9625, dated December 9, 2011, also totaling \$4,800 during the WAYS 2011-12 fiscal year.

The WAYS leasing of a van totaling payments over two fiscal years of \$9,600 paid to Godfrey Okonkwo and Emeka Enwezor presents numerous irregularities.

First, during FCMAT's fieldwork at the WAYS back office business provider, the payment documentation for the van payments to Emeka Enwezor was reviewed. Documentation for the van lease payments authorized by the WAYS director of operations show that the van lease agreement and additional back-up documentation for lease was missing even though the back office provider had requested these documents on previous occasions. At the time of the FCMAT fieldwork in November 2013, the WAYS back office service provider still had not received from the WAYS any van lease supporting documentation dating back to the first payment from December 9, 2011 approximately two years later.

According to the WAYS director of operations, the owner of the lease is Emeka Enwezor. The team requested the director, in an email dated November 29, 2013, to supply information to support the van lease agreement and board approval. In an email dated January 10, 2014, the WAYS director of operations replied to FCMAT stating:

"I was able to locate the Van Lease Agreement from 2011-12. However I was unable to locate a signed copy of the agreement. During this year WAYS experienced significant turn-over in the Board of Directors and administration. Many official school documents were kept by those individuals who are no longer associated with WAYS, and have yet to be returned after several requests to do so. I suspect that the signed van lease and Board documentation, if any, may be within those lost documents."

The WAYS back office provider had been requesting van lease supporting documentation from various management personnel of WAYS since at least December 2011. Approximately two years later, the executive team of WAYS failed to provide signed copies of the van lease.

The fiduciary duty of the executive level management of WAYS, which includes the executive director and the director of operations is the safeguarding of assets and proper administration of the financial affairs of WAYS.

It is the fiduciary responsibility of the WAYS executive management team to ensure contracts receive proper authorization by the governing board prior to entering into agreements and to safeguard the school's assets. WAYS' executive management team failed in their fiduciary duty to obtain contracts, failed to have authorized signatures prior to entering into contracts, failed to obtain governing board approval for contracts, and failed to ensure that documents are safeguarded.

IRREGULARITIES AND SIGNIFICANT INFLUENCE

35

1. The van lease agreement provided by WAYS presents irregularities.
 - a. The van lease agreement is not signed or dated by either WAYS executive management or Emeka Enwezor,
 - b. The unsigned van lease agreement states, "Lessee may not sublease the vehicle under this contract without Emeka Enwezor prior consent." (sic)

Godfrey Okonkwo, father of the director of operations and husband of the founder/former executive director of WAYS, was paid \$4,800 for the use of Emeka Enwezor's van. This violated the sublease provision in the contract.
 - c. The unsigned van lease is undated; therefore, language does not present any date that the lease is entered into; therefore, the team cannot determine when the unsigned van lease was created.
2. The WAYS documentation of the payments for the unsigned van lease is irregular.
 - a. The Emeka Enwezor invoice approved by the director of operations failed to identify an address for the payee. The van invoice is titled "VAN LEASE/RENTAL" and states at the bottom of the invoice, "Make all checks payable to Emeka Enwezor."
 - b. The WAYS check request the team examined approving payment of the unsigned van lease omits the invoice number and address of the payee.

RELATED-PARTY TRANSACTIONS AND DISCLOSURE

- Other parties that can significantly influence the management or operating policies of the transacting parties or that have an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests. The FASB ASC glossary also defines the terms: affiliate, control, immediate family, management, and principal owners.

The executive management of nonprofit organizations such as WAYS have the responsibility to document in detail and fully disclose to the auditors, governing board, county oversight agencies, and the state for purposes of conflict of interest and full disclosure reporting requirements any and all potential related party transactions to comply with Generally Accepted Accounting Principles (GAAP). Failure to disclose related party transactions may be considered a departure from GAAP that could result in a qualified or adverse audit opinion and the potential for civil and criminal prosecution.

The facts below demonstrate that several related party transactions exist between the founder/former executive director, her family members, vendors and associates.

The team discussed the WAYS van lease payments with the WAYS director of operations while on site at the WAYS offices located at 706 East Manchester Avenue, Los Angeles, California on Thursday, November 14, 2013. The director of operations is the son of Godfrey Okonkwo, and Godfrey Okonkwo is the vendor that received \$4,800 representing van lease payments for a van owned by Emeka Enwezor, who also was paid \$4,800 for the lease of the van.

During the Thursday, November 14, 2013 discussion with the WAYS director of operations, he stated that Godfrey Okonkwo was paid for the van lease in the first year of the lease for the van from Emeka Enwezor, and the second year Emeka Enwezor was paid directly for the van lease. The team inquired whether Emeka Enwezor was related and was told that, "She is a friend of the family and we rent her van ... but she gave the van to the school this year."

The association of the van lease payments establishes that Godfrey Okonkwo, father of the director of operations and husband of the founder/former executive director of WAYS, received payments for the van owned by Emeka Enwezor. Emeka Enwezor, a related party, shares several similar characteristics with Obiesie Enwezor, owner of OSE Business Services, as follows:

1. Obiesie Enwezor and Emeka Enwezor share the same unusual last name of Enwezor.
2. A Social Security number is comprised of three segments: XXX-XX-XXXX. The first segment represents the first three digits known as the area number, the middle segment representing two digits is the group number and the last four digits is known as the serial number. Obiesie Enwezor and Emeka Enwezor share the same area numbers and group numbers. The serial numbers, which are 12 digits apart, indicates that the two Social Security numbers were issued at approximately the same time.
3. Obiesie Enwezor; Emeka Enwezor, the founder/former executive director; Godfrey Okonkwo, the director of operations and the vice principal, share common addresses located at: 4326 Enoro Dr., Los Angeles, CA and 117 W. 112th Street, Los Angeles, CA. Both properties are owned by Godfrey Okonkwo and the founder/former executive director.

AND SIGNIFICANT INFLUENCE

37

Based on the team's analysis of possible relatives, transactions authorized by the director of operations do not represent an arm's-length transaction. An arm's-length transaction would be evidenced by signed agreements, board approvals, complete and detailed transaction documentation, and comparative contracts.

1. The director of operations is the individual authorizing the check requests and financial transactions for WAYS and the son of the founder/former executive director and son of Godfrey Okonkwo, who was paid \$4,800 by WAYS for a van rented from Emeka Enwezor.
2. Emeka Enwezor is a friend of the Okonkwo family according to the director of operations. Based on the team's research, Emeka Enwezor is related to the Okonkwo family and Obiesie Enwezor, owner of OSE Business Services.
 - a. Emeka Enwezor was paid \$4,800 by WAYS for the van leased to WAYS. WAYS failed to obtain a signed contract and board authorization to lease the van.
 - b. Emeka Enwezor shares addresses owned by Godfrey Okonkwo and the founder of WAYS. This same address is linked to the WAYS director of operations and the WAYS vice principal (brother and sister.)
 - c. Emeka Enwezor also shares the same address as Obiesie Enwezor..
3. OSE Business Services owner Obiesie Enwezor received \$158,871 from WAYS.
 - a. Obiesie Enwezor shares two addresses owned by Godfrey Okonkwo and/or the founder/former executive director, who are related as family and/or address to Obiesie Enwezor, the founder/former executive director, Godfrey Okonkwo, the director of operations, and the WAYS vice principal.
 - b. Obiesie Enwezor has refused to meet with FCMAT to assist the team in substantiating the \$158,871 in alleged supplies sold to WAYS by OSE and the existence of OSE as a legitimate business with customers other than WAYS.
 - c. WAYS failed to issue 1099s to OSE and is missing significant corroborating financial information that FCMAT considers necessary to substantiate the office and food supply items approved by the director of operations for payment to OSE.
 - d. OSE Business Services owner Obiesie Enwezor shares the identical business address location at 6709 La Tijera Blvd, Suite 274, Los Angeles, California 90045 as the WAYS vice principal's own private middle school known as Innovative WAYS Academy.
 - e. According to the WAYS vice principal, the founder/former executive director and mother of both the director of operations and vice principal is the individual who checks the mail and has the key to the OSE and

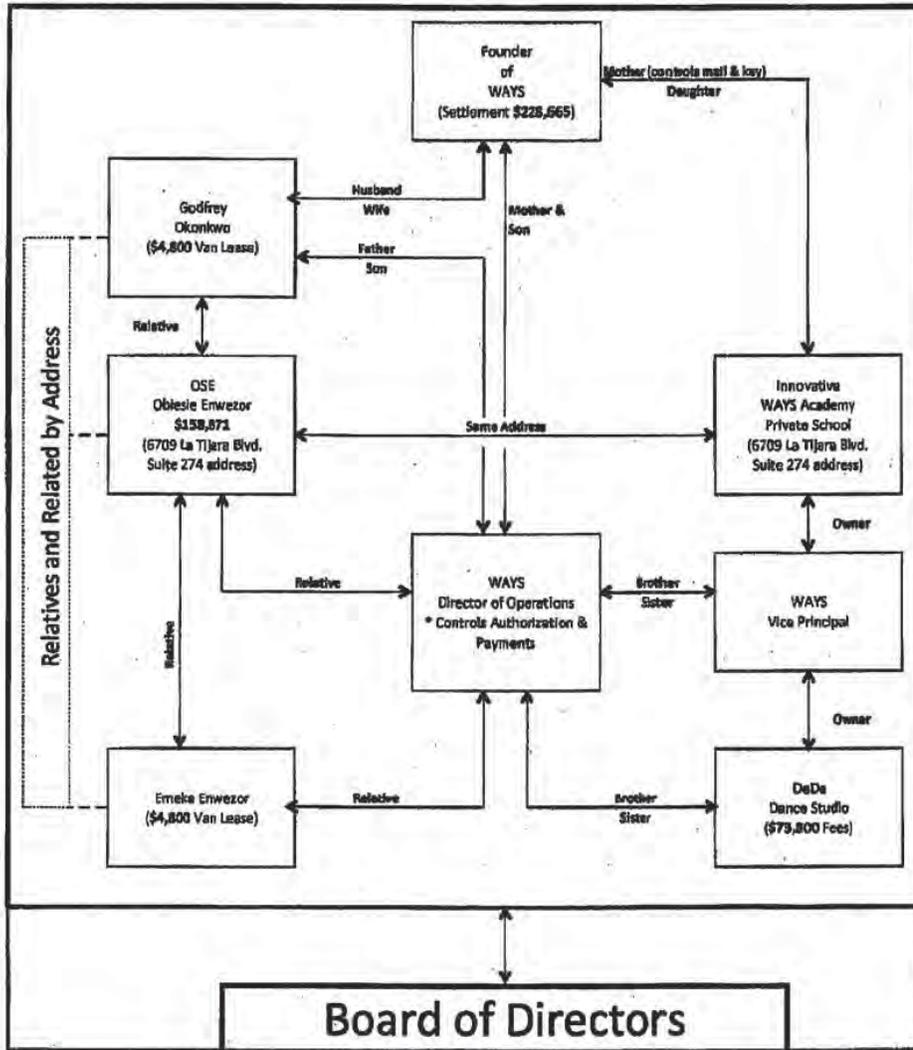

RELATED-PARTY TRANSACTIONS

Innovative WAYS Academy address at 6709 La Tijera Blvd, Suite 274,
Los Angeles, California 90045.

4. The director of operations and WAYS vice principal are brother and sister and are children of the founder/former executive director and Godfrey Okonkwo.
5. LACOE engaged the services of a private investigator following written and verbal complaints that the vice principal of WAYS was working at Innovative WAYS Academy, her private middle school of which she was the executive director. Direct surveillance and video on 16 separate occasions between March 5, 2013 and April 22, 2013 revealed that the WAYS vice principal spent 29.5 hours at her private middle school while employed full time at WAYS.
6. The WAYS vice principal is the owner of Innovative WAYS Academy private middle school, and a non-profit corporation known as DeDe Dance Studio.
 - a. DeDe Dance Studio was paid a total of \$73,800 by WAYS between April 2009 and April 2013.
 - b. The address of DeDe Dance Studio is reported in the DeDe Dance Studio 2010 and 2011 nonprofit tax returns as 706 East Manchester Avenue, Los Angeles, CA, which is the same address as the WAYS primary school site and administrative offices location.
 - c. The director of operations and brother of the WAYS vice principal and owner of DeDe Dance Studio authorized the checks from WAYS totaling \$73,800 that were paid to DeDe Dance Studio.
 - d. During the team interview of the WAYS vice principal on November 15, 2013, she stated that DeDe Dance Studio was paid from the ASES program funds for dance study during the after school program and that 10 volunteers are present for the dance activities. She further stated that there was also a manager present; however, the team did not observe students present in that facility during the fieldwork days. FCMAT also observed postings in the DeDe dance studio indicating that DeDe Dance studio has a check payment policy for payments and nonsufficient funds checks at the studio located at the WAYS property address.
 - e. DeDe Dance Studio is operated at and identifies the business location as the WAYS school site. The team was unable to determine that any offsetting rent for the facility was paid by DeDe Dance Studio to WAYS.
 - f. The DeDe Dance Studio nonprofit tax returns for 2010 and 2011 do not identify any rent paid expense activity, including rent for occupying the same facility as the WAYS school site or for facilities use as DeDe Dance Studio services where dance instruction allegedly occurred at the WAYS school site.

RELATIVES AND RELATED PARTIES AND SIGNIFICANT INFLUENCE

The relationships and related parties are presented in the following table:

WAYS Irregular Purchase and Sale of Lexus

During FCMAT's meetings and fieldwork in November 2013 at the WAYS back office provider, the team discussed WAYS Lexus payments of \$891.94 per month identified in the WAYS accounting records. The WAYS back office service provider stated they had been requesting backup documentation for the Lexus transaction from the director of operations but never have received any.

The back office provider was unable to determine if the Lexus payments were for a leased vehicle or purchase that should be capitalized and depreciated.

RELATED-PARTY TRANSACTIONS

In an email dated Friday, November 29, 2013, FCMAT requested information about the Lexus from the director of operations:

- The original board approval documentation and minutes authorizing the purchase of the Lexus,
- Original Lexus purchase/lease documents,
- The board approval documentation and minutes authorizing the sale of the Lexus,
- The analysis that would have provided the WAYS board establishing the financial profitability, viability, or reasoning for the purchase and subsequent sale of the Lexus,
- Copies of any Lexus payoff documentation,
- Copies of any Lexus proposed sale documentation.

The director of operations replied to the FCMAT November 29, 2013 request for Lexus information in an email dated Friday, January 10, 2014; however, the information provided was incomplete. Based on the information received from the director of operations, FCMAT has determined that the 2011 Lexus RX350 was purchased for \$41,163.45 on August 19, 2012, to be used by the director of operations. The payments of \$891.94 per month started October 3, 2012 for 47 months, at 1.90% annual percentage rate. The WAYS board approval for the purchase of the Lexus dated July 31, 2012 states, "Be it Resolved, that the Board of Directors of this corporation ... authorize the Executive Director or designee to enter into a lease or purchase agreement for a vehicle for school use behalf of said corporation." The current executive director of WAYS issued a letter dated August 6, 2012 authorizing the director of operations to "... lease or purchase a vehicle for school use ..."

The Lexus purchase analysis provided to the team by the director of operations is titled Capital Expense Analysis.

- The Capital Expense Analysis identifies two separate dates, July 2012 and August 2013, and is not attached to the WAYS board minutes or agenda as a document reviewed by the WAYS board.
- The Capital Expense Analysis fails to include any vehicle cost and/or terms of the Lexus and fails to identify that the vehicle is a Lexus only identifying the item as "SUV or Sedan (Vehicle)." Without any cost or terms of the Lexus purchase or specifically identifying the vehicle as a Lexus, the WAYS board may not have had sufficient information to make an informed decision regarding the purchase of the Lexus.
- The Capital Expense Analysis fails to identify if the vehicle will be capitalized as an asset or is a vehicle lease.
- The Capital Expense Analysis states, "Merle Williamson Foundation (MWF) may provide the Administrative Personnel an automobile vehicle and operating expenses for the use of conducting MWF business and reasonable personal use."
 - The WAYS July 31, 2012 minutes omit the authorization to use the Lexus for personal use and omit language in the minutes that MWF or WAYS has agreed to pay for the vehicle and operating expenses.

IRREGULARITIES AND SIGNIFICANT INFLUENCE

41

- Since the WAYS Board July 31, 2012 minutes and the Capital Expense Analysis wording differ, FCMAT cannot confirm that the Capital Expense Analysis was ever presented to the WAYS board.

The WAYS executive team failed to provide any information about the Lexus purchase to the WAYS back office provider so the back office service provider could properly account for the Lexus as a purchase, which would have resulted in capitalizing the Lexus in accordance with GAAP. The current executive director of WAYS and the director of operations failed to obtain WAYS governing board approval prior to selling the Lexus.

The sale of the Lexus as identified in the Capital Expense Analysis presents significant irregularities:

- a. The vehicle identity is not disclosed as a Lexus.
- b. Failure to disclose any Blue Book and/or fair market values of the Lexus.
- c. Failure to disclose the beginning and ending Lexus odometer reading.
- d. Failure to disclose if the Lexus had been in any accidents, if the maintenance was up to date, and what condition the Lexus was currently in such as excellent, good, fair, or poor condition, all of which are factors in avoiding any potential post sales liabilities.
 - i. Based on the documents provided by WAYS, the team determined that the WAYS management team failed to disclose the Lexus Blue Book values as potentially excellent, \$28,872; very good, \$28,072; good, \$27,172 and fair, \$24,872.
 - ii. The director of operations failed to provide any documentation explaining how the sales value of the Lexus was determined to be sold at \$26,000 rather than at values of good, very good, or excellent.
- e. Failure to disclose the estimated gains or loss on the sale of the Lexus.
- f. Failure to present an amortization schedule showing the principal payments and remaining payoff on the Lexus as of the estimated date of the sale.
- g. Failure to disclose if the sale of the Lexus would be confined to California or sold out of state.

Because the governing board was not provided any specific information as described above, FCMAT cannot determine how the governing board would be able to determine that the sale of the Lexus was a proper transaction for approval.

The WAYS board approval authorized the "vehicle for school use" but did not identify the type of vehicle or that the vehicle was for the explicit use of the director of operations. FCMAT had observed the director of operations using the Lexus as his own personal vehicle. The team's audit of WAYS' American Express credit card statements reveal that vehicle fuel receipts failed to list to which vehicle the fuel receipts were attributable; therefore, the team cannot determine if the fuel receipts were for WAYS vehicles or if WAYS was subsidizing personal fuel costs of WAYS employees and management.

42

RELATED-PARTY TRANSACTIONS

The team has determined that the sale of the Lexus resulted in a (\$4,187) loss to WAYS. The purchase price of the Lexus was \$41,163 on August 19, 2012 and the Bill of Sale dated December 17, 2013 states that the Lexus was sold for \$26,000 to an individual in Canada. The Lexus was owned by WAYS for approximately 16 months between August 19, 2012 and December 17, 2013. Depreciation of the vehicle is calculated over five years or 60 months at \$686 per month, and accumulated depreciation over 16 months is calculated as \$10,976.

The approximate net loss of \$4,187 on the sale of the Lexus is calculated as:

- Purchase Price \$41,163
- Less Accumulated Depreciation (\$10,976)
- Book Value \$30,187
- Less Selling Price of \$26,000
- Net Loss on Sale of Lexus (\$4,187)

The sale of the Lexus also resulted in a net loss of cash of \$4,345 because the amount of principal paid down as calculated by FCMAT based on an amortization of 16 months, interest rate of 1.9% is \$10,818. The original purchase price of the Lexus of \$41,163 less the principal paid on the Lexus loan of \$10,818 leaves an approximate payoff balance of \$30,345. The payoff to Toyota Motor Corporation of \$30,345 less the selling price of \$26,000 results in an estimated cash loss of \$4,345.

WAYS Failed to Obtain Governing Board Approved for Purchase of Computers and Issued an Irregular Payment

During FCMAT's meetings and fieldwork in November 2013 at the WAYS back office provider, the team discussed two payments to WAYS vendor Avatar Technology for a \$37,986.51 purchase of computers dated January 23, 2012 and a \$358.75 purchase dated February 10, 2012, totaling \$38,345.26. The back office provider stated that the Avatar invoices received from the director of operations did not include governing board approval documents for this transaction.

The team examined the WAYS check request authorized by the director of operations and the vendor invoice documentation for the \$37,986.51 paid to Avatar, and found several irregularities:

- The January 23, 2012 Avatar invoice stated that the purchase was for 85 "Legerro 13.3" items at \$410 per item, with a total invoice price including sales tax of \$37,540.63.
- The amount authorized by the director of operations to be paid to the computer vendor in the WAYS check request was \$37,986.51.
- The difference between the computer vendor invoice of \$37,540.63 and the amount WAYS paid to the computer vendor of \$37,986.51 is \$445.88.
- The check request authorized for payment by the director of operations identifies an additional amount of \$445.88, which the team believes to be one additional computer.

In an email dated Friday, November 29, 2013, the team requested documentation from the director of operations of the governing board authorization, board agenda identifying the item for action on the agenda or any other documentation to support the purchase of the computers. His reply on Friday, January 10, 2014 states that:

CONCLUSIONS AND SIGNIFICANT INFLUENCE

43

"I was unable to locate any Board documentation regarding the purchase of the Avatar Computers. However, I can attest that the Board was fully aware of the purchase before it was executed and after they were purchased. I've attached the newsletter showing our students using the computers."

Based on the information the team received from the director of operations, the team has determined that there are several irregularities concerning the purchase of computers authorized by the director of operations:

1. The WAYS board was not properly notified by the director of operations' decision to purchase computers totaling \$38,345.26.
2. There are no requests for quotes or for proposals.
3. There is no documentation of computers specifications.
4. The authorization for payment to Avatar by the director of operations in excess of the invoiced amount totaling \$445.88 cannot be located.
5. The transaction lacks governing board approval and lacks supporting documentation for payment.
6. The team cannot confirm if the computers presented by the director of operations in a newsletter are in fact the computers purchased from Avatar.

WAYS Automobile Fuel Purchase Irregularities

The team examined WAYS fuel purchases, which consist of receipts for fuel from Costco Gas, Chevron, Shell Oil, Union 76, Exxon Mobil, and Valero gas stations. Over a two-year period from July 1, 2011 through June 30, 2013, according to the WAYS accounting records, the total paid for fuel and mileage reimbursements was approximately \$18,261.

The team calculated that over the two-year period, the amount spent on mileage reimbursement and other non-fuel expenses was approximately \$2,305. Removing the mileage reimbursement and other non-fuel expenses of \$2,305 from the total fuel cost of \$18,261 left a remaining net fuel cost of \$15,956. The team calculated that \$15,956 in fuel purchases during WAYS fiscal years 2011-12 and 2012-13 at an estimated \$3.79 per gallon represents 3,989 gallons ($\$15,956 / \$3.79 \text{ per gallon} = 4,210 \text{ gallons}$) of fuel used or approximately 175 gallons of fuel per month ($4,210 \text{ gallons} / 24 \text{ months} = 175 \text{ gallons per month}$).

The \$3.79 per gallon price was calculated by the team based on fuel cost data from www.gasbuddy.com for the Los Angeles, California area. The price of fuel in Los Angeles at July 2011 was \$3.79/gallon, June 2012 at \$3.60/gallon, and June 2013 at \$3.97/gallon. The average price per gallon between July 2011 and June 2013 was \$3.79 per gallon ($(\$3.79 + \$3.60 + \$3.97) / 3 = \3.79 per gallon).

The non-board approved and unsigned Emeka Enwezor van lease identifies the van as a 1995 Ford model E-350 van. The team researched the fuel economy of a 1995 Ford model E-350 van at www.motortrend.com and found that the van's fuel economy is 13 miles per gallon in the city, and 16 miles per gallon on the highway. Using the fuel economy of the van of 13 miles per gallon and 175 gallons of fuel per month represents that the WAYS vehicles traveled 2,275 miles per month for school business purposes. Students attending WAYS' three charter school sites reside

RELATED-PARTY TRANSACTIONS

in the local neighborhoods and all three school sites are within a mile or two of each other. The mileage of 2,275 per month is excessive based on the location of the students and school sites.

The team was unable to determine if the fuel that WAYS management charged to the WAYS American Express credit cards was for official WAYS school business. Based on the examined fuel receipts, the team was unable to determine if any of the WAYS fuel purchases and fuel usage of an average 175 gallons per month were for personal vehicles or for personal trips because WAYS' accounting for fuel purchases fails to identify in the fuel receipts which vehicle and business purpose each receipt represents.

Failure by the management team of WAYS to document fuel purchases represents accounting irregularities, because the fuel purchases the team examined as reported by the executive management team and paid with the American Express credit card cannot be reconciled to any specific vehicle of WAYS.

WAYS Charter School Summary of Related and Irregular Transactions

The table below is a compilation of payments made through WAYS to the founder/former executive director, family members of the founder and close associates. Many of these payments were authorized by the director of operations and the current executive director (former board president.)

WAYS Charter School Summary of Related and Irregular Transactions	Time Period	Type	Accounting Records Amounts
Founder/Former Executive Director	2007-08 through 2012-13	Facility Leasehold Agreements	\$1,100,921
Founder/Former Executive Director, Loraine Turner, Wisdom Pre-School, Preschool Rent	2007-08 through 2012-13	Rent and Other Unsubstantial Charges	115,550
Founder/Former Executive Director	2007-08 through 2012-13	Leasehold Improvements	341,710
Founder/Former Executive Director	2007-08 through 2012-13	Leasehold Improvements - E-Rate	35,483
Founder/Former Executive Director	2004-05	Professional Liability Wrongful Termination Lawsuit	566,803
Founder/Former Executive Director	2012-13	Settlement-Employment Contract	228,665
Director of Operations	2012-13	Avatar-Excess Payment Authorized	446
OSE Business Services	12/21/2011 - 06/27/2013	Alleged Supplies	158,871
DeDe Dance Studio	4/23/2009 - 4/12/2013	Alleged After School Dance	73,800
Godfrey Okonkwo	1/7/2011 - 6/27/2011	Alleged Van Lease	4,800
Emeka Ervazor	12/9/2011	Alleged Van Lease	4,800
Sale of Lexus	12/17/2013	Sale of Lexus	26,000
Fuel Purchases	7/1/2011 - 6/30/2013	Fuel	15,956
Total			\$2,673,805

The above transactions represent significant influence that the WAYS founder/former executive director, family of the founder and close associates had over financial decisions that personally benefitted them. Several of these transactions were authorized for payment by the director of operations, who is the son of the founder/former executive director, and the current executive director (the former board president) and gave these individuals the ability to simultaneously control and benefit from these transactions. The lack of documentation to support transactions

through board approval and records creates the perception of fraud, misappropriation of assets and possible criminal activity.

There is little evidence of responsible governance by the board and clearly a lack of fiscal accountability by the administration. The governing board has failed and often been prevented from its ability to maintain and exercise its responsibilities, authority, and control.

Prevention and Detection

As previously mentioned, the internal control environment includes ethical values and integrity displayed by the governing board and management as well as the underlying tone set by the organization's site administrators. The tone of the organization set by management through its words and actions demonstrates to others that dishonest or unethical behavior will not be tolerated. An atmosphere in which employees feel safe to communicate concerns is a fundamental component of a strong and effective internal control environment.

The control environment is an essential element and provides the foundation for other internal controls to be effective in achieving the goals and objectives to prevent and/or deter fraud or illegal acts. Regular external audits are a strong deterrent to mismanagement and fraud, but they cannot serve as the only method of ensuring accountability. It is imperative for the county office and WAYS governing board to review the findings and recommendations of this audit to implement the appropriate internal controls and hold the responsible parties accountable for their actions.

Internal controls clearly are among the most important aspects of any fraud prevention program. Managers are in a position of authority and therefore have a higher standard of care to establish the ethical tone and serve as examples to other employees. Employees with administrative responsibility have a fiduciary duty to the organization in the course of their employment to ensure that those activities are conducted in compliance with all applicable board policies, laws, regulations, and standards of conduct. Management personnel are entrusted to safeguard the charter's assets and ensure that internal controls function as intended. Relatives of employees should not be employed on a permanent or part time basis by the charter where the relative reports directly to the employee or the employee exercises any direct influence with regard to the relative's hiring, salary placement, promotions, evaluations or pay increases.

While the governing board and all employees in the organization have some responsibility for internal controls, the founder/former executive director and family members and close associates holding key administrative positions had a fiduciary duty and responsibility to make certain that the assurances in the charter petition and the governing board fiscal policies and procedures were conducted responsibly and ethically.

Based on the evidence presented to FCMAT, there is sufficient documentation to demonstrate that fraud, mismanagement and misappropriation of the charter school funds and assets may have occurred. There exists a significant material weakness in the charter school's internal control environment, which increases the probability of fraud and/or abuse. These findings should be of great concern to the WAYS governing board and the LACOE governing board and require immediate intervention to limit the risk of fraud and/or misappropriation of assets in the future.

46

RELATED-PARTY TRANSACTIONS

In accordance with Education Code Section 42638(b), action by the county superintendent shall include the following:

If the county superintendent determines that there is evidence that fraud or misappropriation of funds has occurred, the county superintendent shall notify the governing board of the charter school, the State Controller, the Superintendent of Public Instruction and the local district attorney.

Recommendation

The county superintendent should:

1. Notify the governing board of WAYS charter school, LACOE's governing board, the State Controller, the Superintendent of Public Instruction, and the local district attorney that fraud, misappropriation of assets or other illegal activities may have occurred.

FISCAL CRISIS & MANAGEMENT ASSISTANCE TEAM AB139 STUDY AGREEMENT May 20, 2013

The Fiscal Crisis and Management Assistance Team (FCMAT), hereinafter referred to as the team, and the Los Angeles County Office of Education, hereinafter referred to as the COE, mutually agree as follows:

1. BASIS OF AGREEMENT

The team provides a variety of services to school districts and county offices of education upon request. Pursuant to the provisions of Education Code Section 1241.5 (b), a county superintendent of schools may review or audit the expenditures and internal controls of any school in his or her county if he or she has reason to believe that fraud, misappropriation of funds, or other illegal fiscal practices have occurred that merit examination. The extraordinary audits conducted by the county superintendent shall be focused on the alleged fraud, misappropriation of funds, or other illegal fiscal practices and shall be conducted in a timely and efficient manner.

All work shall be performed in accordance with the terms and conditions of this agreement.

2. SCOPE OF THE WORK

A. Scope and Objectives of the Study

The COE has requested that the team assign professionals to conduct an AB 139 extraordinary audit of the Wisdom Academy for Young Scientists. Per Education Code Section 1241.5 (b), (c), the superintendent has reason to believe that fraud, misappropriation of funds, or other illegal practices may have occurred.

The Wisdom Academy for Young Scientists Charter School conducts business as a California nonprofit organization. In addition to the authority granted under Education Code sections 1241.5 (c) and 47604.3, the county superintendent may conduct an investigation of the charter school based on written complaints by parents or other information that justifies the review.

The primary focus of this review will be to provide the county office with reasonable assurances, based on the testing performed, that adequate management and internal controls are in place for the reporting and monitoring of financial transactions, and that fraud, misappropriation of funds or other illegal activities have not occurred.

APPENDICES

Internal controls include the processes for planning, organizing, directing and controlling program operations, including systems for measuring, reporting and monitoring performance. The receipt of cash and/or cash transactions, payroll, purchasing, and accounts payable are high-risk areas in which potential fraud and issues such as nonexistent employees or vendors, or misappropriation of assets including cash, may be detected. This review's objectives will include evaluation of policies, procedures, internal controls and transactions performed by the charter school.

Testing for this review will be based on sample selections from the current and one prior fiscal year; it will not include all transactions and records for this period. Sample testing and review results are intended to provide reasonable but not absolute assurance regarding the accuracy of the charter school's financial transactions and activity to accomplish the following:

- Prevent internal controls from being overridden by management.
- Ensure ongoing state and federal compliance.
- Provide assurance to management that the internal control system is sound.
- Help identify and correct inefficient processes.
- Ensure that employees are aware of internal control expectations.

The team's review of the Wisdom Academy for Young Scientists will include, but not be limited to, the items below. The team will do the following:

1. Evaluate the charter school's internal control structure, policies and procedures to test transactions and reporting processes to determine if adequate procedures are in place to safeguard assets, including physical objects, charter school data, and intellectual property.

Evaluation of policies and procedures will include the following:

- i. Review compliance with policies and procedures including, but not limited to, those related to human resources, finance, purchasing, granting agencies, and state and federal government programs and funding.
 - ii. Review document and records retention procedures to determine whether the charter school provides reasonable assurance that asset records are safeguarded and transactions are correctly recorded.
2. Evaluate the reliability and integrity of information used for internal management decisions and external agency reports.
 3. Determine if authorization procedures are appropriate and consistently followed. Review administrator and manager approvals and whether signature authority is delegated only to authorized employees.

4. Determine whether proper segregation of duties exists. The team will evaluate personnel, payroll, accounts payable and cash transactions, and will do the following:
 - i. Review the authorization process for cash receipts
 - ii. Determine if protective measures are in place for safeguarding assets, processes and data.
 - iii. Determine whether safe combinations are changed periodically and anytime a staff member who knows the combination terminates employment.
 5. Evaluate reporting processes. The team will do the following:
 - i. Evaluate monitoring and verify that controls are operating properly.
 - ii. Evaluate controls that prevent management from overriding internal controls and thus prevent the potential misappropriation of funds.
 - iii. Evaluate whether clearly established lines of authority and responsibility exist within and between departments for proper review and reporting purposes, and if these are shown on organizational charts.
- B. Services and Products to be Provided**
1. **Orientation Meeting** - The team will conduct an orientation session at the charter to brief management and supervisory personnel on the team's procedures and the purpose and schedule of the study.
 2. **On-site Review** - The team will conduct an on-site review at the charter office and at school sites if necessary; and will continue to review pertinent documents off-site.
 3. **Progress Reports** - The team will inform the COE of material issues as the review is performed.
 4. **Draft Reports** - When appropriate, electronic copies of a preliminary draft report will be delivered to the COE's administration for review and comment on a schedule determined by the team.

58

APPENDICES

5. **Final Report - Electronic copies of the final report will be delivered to the COE and/or charter following completion of the review. Printed copies are available from FCMAT upon request.**
6. **Follow-Up Support - If requested, the team will meet with the COE and/or charter to discuss the findings and recommendations of the report.**

3. PROJECT PERSONNEL

The study team will be supervised by Anthony L. Bridges, CFE, Deputy Executive Officer, Fiscal Crisis and Management Assistance Team, Kern County Superintendent of Schools Office. The study team may also include:

- | | | |
|----|------------------------------|--------------------------------------|
| A. | Julie Auvil, CPA, CMGA | FCMAT Fiscal Intervention Specialist |
| B. | Debi Deal, CFE | FCMAT Fiscal Intervention Specialist |
| C. | Marisa Ploog, CPA, CFE, CGMA | FCMAT Fiscal Intervention Specialist |

Other equally qualified staff or consultants will be substituted in the event one of the above individuals is unable to participate in the study.

4. PROJECT COSTS

The cost for studies requested pursuant to E.C. 42127.8 (d) (1) shall be:

- A. \$800 per day for each FCMAT staff member while on site, conducting fieldwork at other locations, presenting reports, or participating in meetings. The cost of independent consultants will be billed at their actual daily rate.
- B. All out-of-pocket expenses, including travel, meals and lodging.

Based on the elements noted in Section 2A, the total estimated cost of the study will be \$18,000.

- C. Any change to the scope will affect the estimate of total cost.

Payments for FCMAT services may be reimbursed from funds pursuant to EC 1241.5 set aside for this purpose. Other payments, when deemed necessary, are payable to Kern County Superintendent of Schools - Administrative Agent.

5. RESPONSIBILITIES OF THE COE AND/OR DISTRICT

- A. The charter will provide office and conference room space during on-site reviews.
- B. The charter will provide the following if requested:
 - 1) A map of the local area
 - 2) Existing policies, regulations and prior reports addressing the study request

- 3) Current or proposed organizational charts
- 4) Current and two prior years' audit reports
- 5) Any documents requested on a supplemental list. Documents requested on the supplemental list should be provided to FCMAT only in electronic format; if only hard copies are available, they should be scanned by the charter and sent to FCMAT in an electronic format
- 6) Documents should be provided in advance of field work; any delay in the receipt of the requested documents may affect the start date of the project. Upon approval of the signed study agreement, access will be provided to FCMAT's online SharePoint document repository to which the charter shall upload all requested documents.

C. The COE and/or charter's administration will review a preliminary draft copy of the study. Any comments regarding the accuracy of the data presented in the report or the practicability of the recommendations will be reviewed with the team prior to completion of the final report.

Pursuant to EC 45125.1(c), representatives of FCMAT will have limited contact with pupils. The charter shall take appropriate steps to comply with EC 45125.1(c).

FINANCIAL POLICIES and
PROCEDURES HANDBOOK

REVISED: APRIL 30, 2014

FINANCIAL POLICIES AND PROCEDURES

POLICY NUMBER ONE: BUDGET PREPARATION AND IMPLEMENTATION

ANNUAL BUDGET

The school shall annually adopt a budget as a planning tool to implement its strategic plan. The budget will be approved by the Board, and implemented by the management staff. The staff will also update the board on the status of the budget through the Executive Director's Finance Committee and make necessary adjustments as needed. The Budget will be in compliance with Generally Accepted Accounting Principles (GAAP), board policy, and finance-related legal requirements. All expenditures will match budget expectations. Revenue from any Federal or State sources will be committed in accordance with all specific federal/state laws or requirements applicable.

BACKGROUND:

In order to manage the resources of the school, a budget has to be prepared to reflect the priorities of the school, and also be geared toward achieving the school goals and objectives.

PROCEDURES:

Financial Consultant:

1. Informs the school of the guidelines and procedures for the year's budget process. Provide the management staff with the formats and timelines for preparing the school budget.
2. Review the budget and check the calculations and the basis for the calculations.
3. Make revenue estimates in coordination with the Executive Director, taking into consideration the state funding, fundraising, investment activities and other income sources.
4. Prepare a draft budget based on the requests by the Executive Director taking into account other operating expenses of the school, and all other contractual obligations of the school. This budget will include both capital and operating budgets for the fiscal year.
5. Meet with the Executive Director and review the budgets, their assumptions and computations related to both revenue projections and expenditure estimates. In reviewing the budgets for recommendation to the Executive Director's Finance Committee the priorities of the school, revenue availability and fiscal responsibility must be considered.
6. Prepare the final recommended budget based on agreements reached from the meeting with the Executive Director for presentation to the Executive Director's Finance Committee and Board of Directors for approval.
7. Provide the approved budgets to the Principal and other Administrative Staff so they know the budgets they have to work with during the year.
8. Responsible for making sure the budgets are being implemented correctly. This includes working with the Staff to input the budgets into the accounting system to help monitor budgets to actual comparison. Also working with the Administrative

Assistant and Finance Committee Back-Office Provider to answer budget related questions and reporting any problems and proposed solutions to the Executive Director and Executive Director's Finance Committee.

9. Review budget to actual report prepared by Back-Office Provider and make necessary adjustments and narratives or comments before presenting to Executive Director, Executive Director's Finance Committee and Board.
10. Revise the budget for board consideration when there is a material change in the approved budget.

Executive Director:

1. Review the draft budget with the Financial Consultant, making sure that the priorities of the school are reflected in the final budget recommended to the Executive Director's Finance Committee and the Board.
2. Review the monthly budgets to actual comparisons prepared by the Financial Consultant and take any recommended actions as necessary.
3. Recommend any budget adjustments as necessary to the Executive Director's Finance Committee and the Board.
4. Help the Financial Consultant in preparing annual budgets.
5. Back-Office Provider Inform the Financial Consultant of any unbudgeted expenditures seen while reviewing purchase orders.
6. Input the approved budgets in the Accounting system so we can generate budget to actual reports.
7. Approve purchase orders before they are issued to vendors, after checking to make sure there are funds in the budget for cover the order.
8. Prepare monthly budget to actual report for Financial Consultant to review.

POLICY NUMBER TWO: TIME SHEET AND PAYROLL

PAYROLL

All employees on payroll must be hired by the Executive Director and must have worked for the hours being paid, those hours having been properly documented and approved by the Executive Director. The expense must be properly recorded in the accounting records to the correct account to facilitate availability of accurate and timely financial information for management's use in making decisions.

BACKGROUND:

The school hires employees to work on its operations, in order to achieve its objectives. The employees in turn get paid on a timely basis and the information on these costs is made available to school management for decision-making.

PROCEDURES:

Employee:

1. Punch in time card and fill in the time sheet on a daily basis when you come in for work, when you take lunch or any other absence, when you return back to on the same day and when you leave for the day. Any specific arrangements outside normal hours should be discussed and approved by the Executive Director prior to beginning of the assignment.
2. No overtime can be worked before obtaining approval from the Executive Director.
3. Salaried employees are required to sign a sign-in log on a daily basis.
4. At the end of each pay period each hourly employee is required to finish completing their time sheet that was being completed on each working day and give them to the Director of Operations for approval. The employee should make sure they complete the total regular hours, overtime hours, vacation, sick, and other hours worked each day and for the pay period. If you work on more than one job on a regular basis you should complete a time sheet for each job. Just state what hours you worked for each job on the same time sheet if you work more than one job on an irregular basis.
5. The properly completed and approved time sheet is put in the box of the Director of Operations no later than the date it is due for processing. Delay in submitting the time sheet can affect employee pay date.
6. If you are a new employee, make sure that you complete a personnel information package, including a W-4 form that gives us information on your tax status. We cannot give you all the money due you without knowing your tax information. Any information related to direct deposit, tax sheltered annuity or any other voluntary deductions should be given to the Financial Consultant no later than the deadline given to you by the business office. If you are hired after the start of a pay period, you will not be paid until the pay period following the period you started working.

Director of Operations:

1. Provide all staff with time sheet, sign-in sheet, time card, due date for time sheet, due date for voluntary deductions set up, time clock and other employee package items necessary to accurately complete information for payroll and benefit accrual.
2. Collect all the time sheets in your box and any others around the time clock area.
3. Verify that the time recorded on the time sheet corresponds with the time clock records. Any unexplained discrepancies should be reported to the Executive Director for correction or explanation. Any incomplete or unapproved time sheet should be referred to the Executive Director for completion and approval immediately in time to promptly prepare payroll.
4. Verify the time sheet to make sure the computations are accurate and that the information and approvals are made by the appropriate persons and write the account numbers where the salaries will be charged on the time sheets.
5. After verifying that everything is correct and that you have every employee's time sheet, prepare the payroll request for the Financial Consultant.
6. Print the request for the Executive Director to approve for transmission.
7. Forward to Financial Consultant new hire and any other employee change information as you get the information from the employee.
8. After the checks come back from Financial Consultant, verify all the checks to make sure that everything is correct and that the checks appear accurate. Additionally check the payroll reports sent to you to make sure everything balances both to the time reported and other relevant deductions. If there is anything that appears unusual, inform the Financial Consultant or the Executive Director. Put the checks in envelopes ready to be distributed to employees and leave with the receptionist together with a sign-in list. Instruct the receptionist that no one should pick-up another persons check without written authority to do so. Before the receptionist gives a check to an employee that employee must sign the list provided as evidence that they have received their check.
9. Maintain each Personnel file containing the following information at a minimum:
 - a) Employment application or resume
 - b) Credentials when applicable
 - c) Date of Employment
 - d) Employment Agreement
 - e) Position, pay rates, and changes therein
 - f) Authorization of payroll deductions
 - g) Earning record for non active employees
 - h) W-4 Form
 - i) I-9 Form
 - j) Termination data when applicable
10. All personnel records are to be kept locked in a locking file cabinet in the business office.
 - a) Payroll deductions are to be recorded properly and paid to the appropriate third parties on a timely basis. Also, all payroll reports to the parties shall be submitted on a timely basis.

Responsibility of Executive Director:

1. Make sure that the new employee package is completed and accurately filled out prior to starting work, especially the I-9, Immigration and Naturalization Form and W-4, Employee Tax Information. The employee should also be given a copy of the employee handbook so they can be aware of the school policies and procedures that affect them.
2. Negotiations regarding pay and other benefits should take into consideration the budgetary constraints to make sure that we do not commit to what we cannot pay.
3. A personnel action form (PAF) must be completed and given to the Financial Consultant stating how much the employee will be paid, what the effective date is, and what account will be charged for this expense. The PAF and the completed package must be given to the Financial Consultant so that payroll arrangements can be made and personnel file opened for the new employee.
4. The Executive Director must make sure the employee follow the school policies and procedures that relate to them. Any infraction should be cured according to school policies and procedures related to employee discipline.
5. Make sure that all employees complete a time sheet and give it to them for their approval on a timely basis.
6. Ensure that the time sheet as completed by employees reflect their attendance, including breaks and lunch time, before approving the time sheet.
7. Make sure that employees are allowed to take breaks in the mornings and in the afternoons and a lunch break for those who work full-time. Generally, rest periods (breaks) are taken every four hours of work and meal periods (lunch) when someone works six or more hours a day.
8. Ensure that overtime worked by the employee is approved in advance and that there is enough funding available to cover the overtime and other related costs.

POLICY NUMBER THREE: PURCHASE AND OTHER PROCUREMENT

PURCHASES:

The school will purchase the materials needed to implement the plans and strategies set out by the board and the charter in order to achieve its objectives. In making these purchases the school must ensure that the materials being purchased are necessary for running the school. The school will also ensure that economy of resources is exercised in judging whether there is a need to purchase a certain item, as the school has limited resources for many competing priorities. The purchase must give the school the best deal (price, quality and other criteria considered), and also ensure that there are funds available to pay for the materials. The Executive Director must approve all purchases. The purchase must be documented and recorded in the accounting books.

PROCEDURES:

1. All purchases must be initiated by completing a purchase order. The Executive Director or Financial Consultant may grant exceptions for purchase of certain small items that are less than \$1000 or in emergency situations.
2. Before completing the purchase order the purchaser must assure that there are unencumbered funds budgeted for this purpose and the purchase is being charged to the correct budget category. If there is any question regarding the availability of funds, the Back-Office Provider can be contacted for an answer.
3. The purchaser must demonstrate, by providing copies of three bids or estimates that the vendor picked provides us with the best deal for the service or product being purchased. (The lowest price may not always be the best deal for the school.)
4. For the purpose of getting bids, purchases of \$2,999 or less can be done by phone bids; purchases of between \$3,000 and \$9,999 can be done by written bids on vendor's letterhead. Purchases and services of \$10,000 or more need to be advertised in a more formal competitive bidding process. Specifications and bidding requirements should include:
 - a) Specifications to be prepared by the administration
 - b) Specifications to be approved by the board
 - c) Specifications to be mailed to any identified potential bidders
 - d) All bids to be submitted in sealed envelopes and plainly marked as indicated in the bid specifications
 - e) Bids to be publicly opened at an announced time, and on a specific date
 - f) The bidder to whom the award is made to be required to enter into a written contract and purchase order.
5. In cases where a particular vendor is known to give us the best deal, once a year research of prices and services is enough to satisfy this criterion. In such a case copies of the result of the research should be kept on file to be referred to when needed.
6. There may also be cases where a vendor is a sole source vendor, which means that the vendor is the only vendor that can supply this product or service. In such an instance it will be impossible to provide bids, but it must be demonstrated that the vendor is the sole source.

7. Director of Operations will issue purchase orders. The form must be originally filled out, including who to deliver the order to and the account number to which the expenditure is to be charged. The original is faxed to the Vendor with a return confirmation from the vendor after being approved by the Director of Operations, a copy for the Executive Director's file, copy to the Administrative Assistant (receiving). All originals and copies of purchase orders must have the signatures of the Executive Director and Director of Operations.
8. All purchase orders must be approved by the Executive Director and Director of Operations.
9. When the purchaser gets the order they will keep the items in a safe place for use, after making sure that the order received agrees with the purchase order. In certain instances the order may be tracked as to who is using them, so we can allocate them to various programs.

Procedures for Receipt of Order

When the order arrives the Administrative Assistant compares the quantity on the packing slip, the purchase order and the order received to make sure they agree. If they agree the packing slip will be initialed and sent to the Director of Operations with a copy to the Executive Director.

Administrative Assistant:

1. When the original purchase order is received from the Director of Operations, it is immediately faxed to the vendor. This will be done after checking to make sure the order is charged to the correct account, and funds are available signified by the approval of the Executive Director and Director of Operations, evidenced by their signatures.
2. A copy of the purchase order is kept in an open purchase order file pending the time the order is filled. It is discarded when the invoice for the purchase is processed.
3. The Administrative Assistant will check incoming orders to make sure they are consistent with the packing slip and the purchase order. The orders will then be stamped or tagged as property of the Wisdom Academy depending on what kind of item it is. Books will be stamped and equipment will be tagged, while supplies will be inventoried issued as necessary.
4. The Administrative Assistant will check all the documentation and make sure they are complete, accurate, and consistent with one another. The Administrative Assistant will also make sure that the correct budget category is being charged and the amount of the bill is computed accurately.
5. As part of checking the documentation, the Administrative Assistant will ensure that the invoice being paid is an original invoice, not a copy, and that we are not paying from a statement of account. Please refer to commercial warrant processing for more details on bills processing.

POLICY NUMBER FOUR: CONTRACTING

1. All contracts must be approved by the Executive Director and Director of Operations. Contracts of up to \$2,999 require at least three phone bids, between \$3,000 and \$9,999 requires three written bids on contractor's letterhead. Contracts of \$10,000 and above require formal competitive bidding process. For more information, please see purchase procedures. All Contracts exceeding \$25,000 should be signed and approved by the board.
2. Before approving a contract, it must be determined that funds are available for this purpose and the payment terms clearly and satisfactorily stated in the contract, considering cash flow needs of the school.
3. In the case of a construction contract, the contractor must be licensed by the state board and have the financial capability to execute the contract.
4. The contractor must have workers compensation and other general liability insurance that will name the school as additionally insured. The contractor must submit a bill based on the original approved contract. In the event of change orders, they must be pre-approved by the Executive Director.
5. The contractor must provide the school with a completed form W-9, taxpayer identification number, form DE542, Employment Development Department Report of Independent Contractor, at the time of signing the contract.
6. Before the payment is made for construction contracts, the contractor must provide the school with a lien release as to labor and materials to exempt the school from any legal action including mechanics lien related to non-payment of labor and material.
7. Before approving payment, the Executive Director will be certain that the construction was executed satisfactorily (in some cases an expert opinion might be sought to determine this).
8. It is customary to withhold 10% of the contract price until final determination is made on the successful completion of the contract. This will therefore be the practice of the school.
9. A copy of the contract should be filed in the business services office as soon as the contract is signed, to ensure that all documentation is complete and accurate.
10. All independent contractors must be persons that are in business for themselves, set their hours, and are responsible for results and not persons that are normally considered as employees. The school will evaluate criteria established by the IRS when assigning independent contractor status and issue IRS Form 1099 to independent contractors if compensation is \$600 or more. The consultant contract will include description of services, deliverables, pay rate, time frame, and timeline of payments and reimbursements. All other part-time or one-time persons employed by the school should be put on the payroll system, as they are actually employees and not independent contractors. All independent contractors must have a written contract following the procedures outlined above.

POLICY NUMBER FIVE: CHECK REQUESTS

CHECK REQUESTS:

All disbursements, except for those made through the Revolving Cash Fund, Payroll System and Petty Cash, must be made through the Check Request.

BACKGROUND:

The school has a responsibility to process all payments in accordance with generally accepted accounting principles and other government accounting standards in order to discharge its fiduciary responsibilities as delegated by the board of directors.

PROCEDURES:

Administrative Assistant:

1. Pick-up mails from the bills mailbox and distribute to various departments where necessary for Check Requests and approval of the bill.
2. Checks the utilities and other general office bills for any error before giving to the Director of Operations for Check Request approval.
3. Double Check Requests and bills to make sure that all the information and documentation is correct. This information and documentation includes payee, account numbers, original invoice (payments cannot be made with a copy of the invoice or statement of account), relevant purchase order and receiving reports, amounts and appropriate approvals. If any information or documentation is inaccurate or incomplete, the Check Request must be returned to the responsible party so it can be corrected immediately, for timely processing of the Check Request. Check Requests must not be left with anyone for an unreasonably long period of time as to incur the school, credit problems.
4. After completing the Check Requests, they must be kept on file pending the time the check or warrant comes back from the Financial Consultant.
5. After all the Check Requests are completed, they should be given to the Director of Operations or Executive Director for approval. A copy of the approved Check Requests should be filed for future reference.
6. Pick up the checks from the Financial Consultant and verify that all the checks were generated and everything related to the check is correct. Then attach a copy of the check to the Check Request, staple them together and complete the payment information on the Check Request. Stamp the documentation as paid and file the whole package in the paid bills folder, after the Executive Director approves the checks.
7. Put the checks in an envelope for mailing. If someone has to pick up a check in the office they must sign a log. If it is an unknown person picture identification or drivers license should be reviewed to make sure that it is the right person.

Director of Operations

1. Make sure that the bill being approved is a bill the school incurred and that those who incurred them are authorized to incur the bill, and that sufficient amounts are available in the budget to pay for the bill.

2. Must be sure that services or goods were actually delivered as ordered and the amounts billed are agreed to and the bill was not previously paid and the invoice is not a duplicate or copy.
3. Must be sure that the invoice is being charged to the right budget line item (account number and object code). This information must be provided by completing a Check Request form, attaching the invoice, and copy of the purchase order and a receiving advice or report noted on the purchase order, when applicable. Any discrepancy between the invoice and the purchase order must be noted on the bill and reported to the Administrative Assistant and Executive Director.
4. The Check Request must be processed in a timely manner for payment to prevent incurring collection and other credit problems.

Financial Consultant:

1. The Check Requests are filed in a folder until the scheduled day for input, when they are inputted into the computer system to generate warrants the following day. All the warrant document numbers must be serially numbered, taking time to make sure the first warrant of each batch or day follows the last number as specified in the commercial warrant register. A serial number log must be kept to ensure the numbering system is being adhered to. Each time a number is used it is crossed out to prevent the reuse of the number a second time.

Executive Director:

1. Make sure that there is enough cash flow to pay the check being requested before approving the bills. This can be accomplished by reviewing the cash balance on the report provided by Financial Consultant.
2. Check to see that the checks were written to the same payee as stated on the Check Request and bill.
3. Keep the budget managers or persons who incur expenditures informed about cash flow in case they have to defer incurring certain expenditures, pending improvement in cash flow.
4. Before signing any check, make sure the documentation is attached and that the Check Request information is completely filled out with prior approvals attached.
5. Checks in excess of \$10,000 of non-recurring items require two signatures, from authorized check signers.

POLICY NUMBER SIX: EMPLOYEE ADVANCE PAYMENTS

EMPLOYEE ADVANCES:

All employee advances must be properly documented and recorded in the school accounting books for the correct amounts, to help facilitate prompt collection of the advance from the employee.

BACKGROUND:

From time to time the school may make advances to its employees for various reasons including payroll checks not received on time, vacation advance, emergency and other extenuating circumstances.

PROCEDURES:

Employee:

- Request in writing to be submitted to the Executive Director for approval.
- Make sure that the emergencies are limited to unusual health bills, death or serious illness in the staff member's immediate family requiring unusual financial outlay, or unusual automobile repairs.
- Substantiating documentation must be provided with the request.
- The amount being requested must not be more than one third of the employee regular or average paycheck for a pay period.
- Repayment must be made over a period not to exceed three months, through payroll deductions beginning with the pay period subsequent to the date of the advance.
- Authentication of the advance, by signing an agreement detailing the terms of the advance, to remain on file.
- Advance is immediately due and payable in full upon the separation or termination of employment.
- The employee must be a regular full time staff member who has served for at least six months.

Executive Director:

1. Determine if there is enough cash flow to accommodate this request considering all the other priorities of the school.
2. Consider the circumstance and the history of this employee as it relates to requests for advance in deciding whether or not to approve the request.
3. Approve or disapprove the request after considering the guidelines for approval of the request.
4. Give a copy of the approval to the Financial Consultant for filing or processing and the Executive Director for communication to the employee.
5. Give a copy of any termination or separation notice to the Financial Consultant to compute final check and complete the separation notice form.
6. To ensure that the employee is qualified for approval for the advance, appropriate required documentation is attached to the request and all other guidelines are followed.
7. Determine if the circumstances surrounding the request are appropriate.
8. Recommend Principal's approval.

Financial Consultant:

- Generate the check from the Revolving Cash Fund for the Executive Director to sign and charging the advance to an employee advance account.
- Complete an agreement between the school and the employee to be signed by the employee and the Executive Director.
- Set up payroll deduction for the advance, beginning the pay period following the date the check was given to the employee.
- File a copy of the check, approved request and agreement in the employee advance file, and employee personnel file.
- Reconcile the Employee Advance account, to make sure that the amount on the account reflects the agreement currently on file.
- Deduct any amount outstanding from the final check to the employee in case of separation or termination.

POLICY NUMBER SEVEN: CORPORATE CREDIT CARDS

Credit Cards secured for the school through our bankers will allow key staff members the flexibility of charging purchases on the account, therefore saving staff the trouble of using their funds to purchase needed materials. Furthermore, it will save the school from cutting many checks for reimbursements. Instead one check will be cut to our bankers. The School will use standard procurement procedures whenever possible.

- 1) The Board will authorize Credit Card uses as follows:
 - a) Travel related expenses
 - b) Meeting/conference expenses
 - c) Online purchases where purchase orders are not accepted
 - d) Emergency spending
 - e) Pre authorized expenditures
- 2) The Credit Card holders will be responsible for documenting and justifying all expenditures (school related purpose) and held personally liable if the Credit Card charge is deemed personal or unauthorized.
- 3) Each Credit Card transaction must be supported by an actual receipt containing detail of the item(s) purchased.
9. The cash advance feature CANNOT be activated or used for any reason.
10. The card can be used only for business purchases. No personal use. Personal use includes paying for fuel for a non-company or personal vehicle.
11. The original receipt must always be turned in to Administrative Assistant, after purchase is made to allow for easy processing of the bills. The account number to be charged must be stated on the receipt.
12. Before charging anything to the card, the purchaser must determine what budget line items should be charged for this expenditure and whether the budget item has enough funds in the account to accommodate the charges, considering all other charges previously made to this account. If in doubt about the availability of the funds, please consult the responsible budget manager.
13. Any missing or lost Credit Card must be immediately reported to the Executive Director, and in some cases the bank so that security measures regarding cancellation and reissue can be accomplished in time to prevent illegal charges to the account.
14. In the unusual instance that a receipt is lost. The cardholder responsible for the lost receipt must complete a Lost Receipt Form, to be approved by the Executive Director.
15. The card can be used to charge things for other staff as long as verification is made as to the availability of funds for the purchase. The card can be used for small purchases that normally require payment before order, it should not be used for items that can be put on purchase orders and billed to us in the normal way. Do not use the Credit Card in such a way as to circumvent our normal purchase order or billing system. Examples of things that can be charged include airline tickets for training and seminars, books and instructional supplies.
16. The Financial Consultant and the Executive Director are responsible for ensuring that the Credit Card holders follow these procedures. Any abuse of the Credit Card policies should be reported to the Financial Consultant or the Executive Director.

The school reserves the right to terminate any Credit Card due to abuses including lack of following Credit Card policies and procedures.

17. The Executive Director must approve any expenditure related to any direct benefit of the Credit Card user. No one can approve an expenditure that is for his or her own benefit.
18. The Administrative Assistant must turn in all Credit Card statements to the Financial Consultant. The Administrative Assistant will give each Credit Card holder his or her statements.
19. Credit Card holders will prepare a Check Request for each Credit Card statement with all attached documentation, including original receipts and account numbers. This will ensure orderly and efficient processing of the bills to avoid the charging of interest.

Pre-authorized Credit Card Charges

The card holders may use the credit card for the following pre-authorized categorical expenses, but not limited to:

4200	Books Other Than Text Books	\$900
4300	Materials and Supplies	\$900
4700	Food Supplies	\$900
5600	Repairs	\$900
5900	Communication	\$900

POLICY NUMBER EIGHT: PETTY CASH

The school will maintain a petty cash fund to make it expedient to disburse small purchases that are needed to operate the school business. The items to be disbursed out of these funds are limited to small items of \$25 or less.

PROCEDURES:

Director of Operations:

1. The Executive Director has oversight over the implementation of the petty cash policies and procedures.
2. Processes requests for issuance of petty cash after being approved by the Executive Director.
3. Processes replenishment of petty cash on a regular basis.
4. Ensures that the replenishment expenditures are supported by authentic purchase receipts approved by the Executive Director.
5. Monitors all the petty cash given to holders to make sure they are replenishing them on a regular basis and remind the holders of the need to replenish the fund so that expenditures can be recorded. If the holder does not have expenditures for several months, this may indicate that the petty cash might not be necessary.
6. When a petty cash is originally issued to a holder, it must be logged in a petty cash log; any increases to the petty cash amount must be recorded in the log.
7. Petty cash is reimbursed in the same manner as any other reimbursement or bill. In urgent situations, reimbursements can be done from the revolving cash fund.

Petty Cash Holders (Director of Operations):

1. Request for issuance of petty cash from the Executive Director based on a compelling need supported by convincing reasons.
2. The recipient of the petty cash funds must sign the petty cash disbursements log to indicate the receipt of the funds. The paid receipt should be attached to the log. Petty cash box should be locked and secured safely until it is time to replenish the fund. The Petty Cash Fund reconciliation and associated receipts should be attached to the Check Request for replenishment.
3. The Petty Cash account should be reconciled monthly. When the petty cash account is reconciled, the appropriate expense account should be charged in the school's general ledger. Once reconciled, request for replenishment can be processed.
4. Director of Operations should review petty cash transactions and make periodic counts of petty cash fund.
5. The petty cash account may not be used to cash payroll checks or other personal checks.
6. Makes sure that the petty cash fund in their possession is securely locked in a cabinet at all times, making sure that nobody else has access to the fund.
7. The petty cash holder has a personal responsibility for the funds in their possession.
8. Issuance of funds to staff who need them must be evidenced by a receipt signed by staff and petty cash issuer.

9. Before issuing the funds to the staff the holder must ascertain that the staff is going to spend the money on a budgeted expenditure approved by the Executive Director.
10. Must ensure those given petty cash bring back an authentic receipt approved by the Administrative Assistant with the appropriate account number where the expenditure will be charged.
11. The Executive Director's signature on the purchase receipt is evidence that the expenditure is approved by the Executive Director and it is for an expenditure that has been budgeted by the school for this purpose and the goods or services is to be used for a specific school business purpose. The signature also means that there is available balance in the line item to accommodate the expenditure.
12. When the staff gives the petty cash holder an authentic purchase receipts approved by the Executive Director, the issuance receipt should be endorsed by the holder as paid and copy of the paid issuance receipt given to the Administrative Assistant. If there is a cash balance returned by the staff it should be reflected on the issuance receipt. The paid issuance receipt should be attached to the purchase receipt.
13. When the petty cash is low the holder should fill out the petty cash replenishment form and request for replenishment of the petty cash fund equal to the amount of the purchase receipts in their possession. The total amount of the replenishment and the petty cash on hand should always be equal to the amount originally issued to the holder.

Staff Requesting the Use of Petty Cash:

1. Before requesting for petty cash fund staff must make sure that the expenditure is approved by the Executive Director.
2. Make sure that a purchase receipt is obtained for the goods or services purchased and the receipt is approved by the Executive Director with the appropriate account number written on the receipt before giving it to the petty cash holder.
3. Return any excess cash to the petty cash holder together with the receipt to relieve the staff of the responsibility of the cash originally received.
4. Once a staff receives funds from the petty cash holder, the staff is personally responsible for the funds, until they bring back an approved receipt with account numbers plus any left over cash in exchange for a release of liability. This is evidenced by a copy of a paid issuance receipt by the holder of the petty cash.

POLICY NUMBER NINE: ACCOUNT RECONCILIATION

As part of our internal control procedures, the school will reconcile and review the result of operations to make sure the transactions are charged to the appropriate accounts and that the operations are being executed as planned. The School's accounting system will be in conformity with the California School Accounting Manual. Accounting methods will follow Generally Accepted Accounting Principles (GAAP) guidelines for nonprofit reporting. All budgets and financial reports will be presented using full accrual accounting in alignment with annual audited financial statements. The school will follow the financial reporting guidelines required by Education Code section 47604.33, 47605(m) and 47604(3).

The school shall make timely deposits of all cash and check receipts on a timely basis, and ensure that supporting documentation is provided for all transactions associated with the bank accounts.

The school will review on a monthly basis all documentation of approval for expenditures and deposits.

Financial Consultant:

1. At mid month and the final week before the close of a month the transactions posted to accounts will be reviewed to ensure that they are posted to the right accounts. Month end adjusting entries must be made at this time (final week) to make sure the financial statements reflect correctly the activities of the month. These reconciliations will be done by the Financial Consultant.
2. On the 5th day following the end of the month, revenue and other balance sheet accounts will be reviewed and reconciled for the final time, by the Executive Director and appropriate adjustments made in the following month's financial report.
3. The reports will be provided to the Executive Director for review and comments on the 7th day following the end of the month.
4. On the 11th day following the end of the month, there will be a meeting between the Executive Director, and the Financial Consultant to review the budget reports for the previous month.
5. On the 14th day following the end of the month complete financial reports will be given to the Executive Director for comments and mailing to Executive Director's Finance Committee to review before their meeting (if necessary). At this point any recommendations will be given by the Financial Consultant for the Principal and the Executive Director's Finance Committee to consider.
6. For year-end closing, which includes reconciliation of revenue and expense items sufficient to record accruals for accounts receivable, accounts payable, prepaid expenses and capital assets.
7. The school will review year-end financial statements to ensure accuracy of reporting. Establish a timeline for closing to ensure no changes are made after submission of financial statements to oversight agencies.

8. Record all adjusting audit entries to reflect audited ending net assets. Reconcile beginning net assets with audited ending net assets from the previous year.
9. After month-end or year-end close, record all adjusting entries in the following month or year.
10. The school will submit the following financial reports to LACOE per Education Code Section 47604.33 and 47604(3):
 - a) On or before June 15, submit a preliminary budget
 - b) On or before December 1, submit the first interim financial report
 - c) On or before March 1, submit the second interim financial report
 - d) On or before August 15, submit a financial unaudited report for the full prior year.
 - e) Respond to all reasonable inquiries, including, but not limited to, inquiries regarding its financial records.
11. The school will transmit a copy of its annual independent financial audit report for the preceding fiscal year to LACOE, the State Controller's Office, and the California Department of Education by December 15 of each year per Education Code Section 47605(m).

POLICY NUMBER TEN: PROGRAM CASH RECEIPTS AND DEPOSIT

PROGRAM CASH RECEIPTS:

All programs and other pass through payments will be paid to the Administrative Assistant and given to the Director of Operations periodically for deposit to the bank.

BACKGROUND:

The school will run various programs and fundraisers. Checks and cash are usually received at the reception desk for registration for these events.

PROCEDURES:

Administrative Assistant:

1. Each parent is issued a receipt (original) when payment is made for any of these programs. Parents who have a history of insufficient funds checks (as provided by Financial Consultant) will be required to pay cash.
2. Satellite site receipts will be brought to the main office on a daily basis for safekeeping. The Administrative Assistant will include the amounts received from the satellite site (if any) in their balancing of the total receipts for the school.
3. Checks and cash are kept in a secured cabinet locked in a box until deposit is made to the bank.
4. The checks must be stamped "for deposit only", using the appropriate stamp for the program bank account, to reduce any risk of loss.
5. The reception desk for each site should record the cash and checks received on a cash/check receipts log which should include the date of check/cash receipts log which should include the date of check/cash was received, name of the payer, amount, check number and program/department.
6. Make two copies of the checks with one copy to be filed in the program deposits file and another copy in the deposited checks/cash folder.
7. In addition to the program deposits file, set up a separate "deposited checks/cash folder and place all copies of the deposit documents in the file.
8. A copy of cash/check receipts log should be given to the Executive Director on a weekly basis.
9. Three staff persons (Administrative Assistant, Director of Operations, Executive Director) have access to the key so they can retrieve funds for deposit or store funds collected from parents (under no circumstances should this amount be used for any reason except as approved by the Director of Operations or Executive Director). This amount is not petty cash and therefore should not be used for that purpose. Please use petty cash fund to pay for small emergency items.
10. The office prepares deposit tickets on Tuesdays and Fridays, making sure the total amounts on the deposit tickets agree with the total receipts attached (duplicate). \$100 from petty cash fund will be left in the cash box for the purpose of making change when payments are received from parents.

11. Any discrepancy between the deposit tickets and the attached receipts should be noted and reported to the Director of Operations so that further investigation can be conducted to resolve the problem.
12. The income log must be compared with the incoming attendance and participation log from the program department, to make sure they agree and explain any discrepancies between them.
13. The program to be credited with these funds should be noted on the deposit ticket or receipt.
14. The receipts and deposit tickets will be given to the Director of Operations by 12 noon for deposit to the bank. A copy of the deposit ticket should be made and kept with the office, showing the signature of the Administrative Assistant as evidence that they have received the amounts listed on the ticket.

Director of Operations:

1. The Director of Operations will review the whole packet to make sure that everything is completed accurately.
2. A copy of the deposit ticket and duplicate receipts are filed in the program deposits file and the original deposit ticket and the funds are deposited at the bank.
3. The deposit receipt from the bank must be attached to the duplicate deposit ticket in the program account file.
4. Attendance log or report is compared with duplicate receipts for the respective programs to make sure everything agrees, any discrepancy must be investigated and when necessary reported to Financial Consultant or Executive Director.
5. By the middle of the month following the end of a month, bank reconciliation is prepared and any "non sufficient funds" checks identified in a separate report. Letters will be written to the issuers of the checks so they can pay the amounts, plus service charge of \$15 per bounced check.
6. Each month after the bank reconciliation or when the program is complete, depending on the program, a check will be generated from the program account to our county account or outside vendor depending on the program requirements.
7. Adjusting journal entries will be made to reverse the revenue account, replacing it with fees receivable account pending the time the amount is collected from the issuer of the bounced check.
8. Prepare a list of insufficient funds check and provide the office and program staff with copies.
9. Make timely deposits of all cash and check receipts on a timely basis, and ensure that supporting documentation is provided for all transactions associated with the bank accounts.
10. Review on a monthly basis all documentation of approval for expenditures and deposits.

POLICY NUMBER ELEVEN: REVOLVING CASH FUND

The School will maintain a Revolving Cash Fund to accommodate immediate cash needs that will normally not be met by the commercial warrant system. The school will make all efforts to make all payments through the commercial warrants system. Only Check Requests that are needed immediately due to circumstances beyond our control will be disbursed through this system. The bank statements for the revolving cash funds will be reconciled on a monthly basis by the Back Office service provider.

PROCEDURES:

All requests must be made by a Check Request, with all the supporting documents for the approval of the Executive Director. The request will follow the normal procedures for commercial warrant Check Requests. Poor planning will not qualify as a reason for approving this request. Receipts are required immediately after an event for requests of advance deposits.

Executive Director:

- Approval will be made based on the documentation provided and the compelling reasons why the request must be approved.
- No requests should be approved for convenience as these requests create additional burden and work for the school and circumvents the accounting process and may understate our expenditures.
- No approvals should be made without the request coming from Director of Operations, who checks the budget availability and the urgency for this request.
- The approved request will be given to the Administrative Assistant for processing.

Financial Consultant:

- All approved requests must be disbursed from the Revolving Cash Fund bank account the same day.
- Any request for an Revolving Cash Fund check must be directed to the Executive Director.
- Requests should only be entertained from the Executive Director.
- All requests must be checked to make sure all required information is complete before issuing the check. The Executive Director should be alerted if all the necessary information is not complete.
- Make sure there is available balance in the Revolving Cash Fund account before issuing any check. This will be accomplished by keeping a running balance after issue of checks and deposit of check to the Revolving Cash Fund account.
- Reimburse the Revolving Cash Fund no later than the 25th of every month to make certain that the expenditures are recorded in the correct month to void understanding our financial statements.

- Reimbursement of Revolving Cash Fund including petty cash must be made to the Executive Director and charged to the respective account numbers already provided before the Revolving Cash Fund checks were generated.
- Do not reimburse any Revolving Cash Fund check or petty cash without the required receipts, account number and other required documentation.
- At any given time the bank balance, plus un-reimbursed expenditures, plus petty cash given out must be equal to the Revolving Cash Fund amount.

POLICY NUMBER TWELVE: REIMBURSEMENTS

All employee reimbursements must be accompanied by filling out a reimbursement form with attached documentation including receipts and invoices of the reimbursements.

Mileage reimbursements must be accompanied by a form detailing the mileage description with a starting point and ending point. The description will also include the date of the travel and the miles travel for each entry or date. Mileage will be reimbursed at the IRS rate that is applicable at that particular time. **NO REIMBURSEMENTS FOR GAS PURCHASED FOR PERSONAL CAR.** All expenses made by personal payment methods must be pre-approved by the Executive Director of Director of Operations.

All reimbursement forms must be signed by the requester, Administrative Assistant, and approved by the Executive Director.

POLICY NUMBER THIRTEEN: FIXED ASSETS

The purpose of this policy is to establish standard procedures for capitalizing fixed assets to facilitate the identification, reporting, and safeguarding the school's assets in compliance with generally accepted accounting principles, and financial reporting requirements.

1. The current capitalization threshold is \$1000 or more.
2. The management must maintain a permanent property log and depreciation schedule for all fixed assets purchased by the school
 - a) The property log will contain the following information:
 - b) Date of purchase
 - c) Description of the item purchased
 - d) Received by donation or purchase
 - e) Cost or fair market value on the date of receipt
 - f) Donor or funding source
 - g) Funding source restrictions on use or disposition
 - h) Identification/serial number
 - i) Depreciation method
 - j) Vendor name and address
 - k) Warranty period
 - l) Inventory Tag number
 - m) Number of check used to pay for the equipment
3. At least annually, a physical inspection and inventory should be taken of all fixed assets and reconciled to the general ledger. Adjustments for dispositions will be made annually.
4. Fixed assets purchases with federal funds should be disposed of according to federal guidelines
